

Seonghwa Ceremony for Matyas Meszaros

Dunaszentpál, Hungary, 2. December 2012

Matyas Meszaros our beautiful 2nd generation child (1998. 03.27-2012. 11.25.) suddenly without having real signs to be sick he passed to the Spiritual World 2012. 25th of November 4:50 AM. Matyas had a fever and did not feel well, so the Parents took him for check up but the doctor send him home because he did not really find anything. After few days staying at home he felt very bad and the Parents took him again to Hospital. He was in Hospital only one week from 18th till 25th of November. The doctors made many tests and they came to the conclusion that Matyas has a certain type of blood cancer (leukemia). They started the therapy for him, but his body did not respond to it at all and the organs stopped to work, especially the kidney and he had difficulty to breath. His body functions were supported by machines. In order to help his lungs the doctors put him into deep sleep. So we had a feeling that he passed to the Spiritual World similar way as our beloved True Father at CPL Hospital.

Four days before Matyas got sick he just finished his 40 day special full bow and DP reading condition. He was an excellent in his studies, playing piano, he was actively doing handball and kayak as well. He was the first born child of his parents, Peter and Brigitta. The parents are very active in the church since their joining 1995 and received the blessing as previously married couple. They were serving as City Leader in Győr for many years and in the last few years they took active role in the UPF. And some weeks ago they were appointed to be the new president for the UPF chapter in Hungary.

Matyas' Seonghwa Ceremony and the Weon Jeon Ceremony took place in his little hometown Dunaszentpál at 2012. 12.02 at 2 PM. His farewell was done according the unification tradition. During the preparation of Seonghwa ceremony the close relatives and the people in the village were very much concerned how and which way we are going to make the funeral.

For the Seonghwa ceremony despite of cold and wet weather many Unification Church members, Ambassador for Peace, relatives, friends, school mates, and local people ca. 350-400 people came finally. All with a dignity and respect followed the ceremony. After the ceremonies were done, many none church members expressed their deep gratitude and impression how deep, loving and uplifting the ceremony was and they never experienced such funeral.

In the name of Matyas' Parents and the Hungarian Family we also would like to express our deep gratitude for the support of Pres. and Mrs. Song and Mr. Rainer Fuchs as well. Pr. and Mrs. Song sent their comforting and loving message to Matyas which was read during the ceremony and flowers on behalf of them were also offered. Also we are very grateful to True Parents and their foundation because on the day of Seonghwa, the CPL training center informed that Dae Mo Nim had liberated Matyas and he could start the 100 day special WS already.

As Matyas (Matthias) was God's gift to Jesus and the other disciples 2000 years ago to reunite them, we also believe that the pure and holy offering of Matyas will help to reunite the foundation of True Parents in Hungary.

Message from European Unification Church President, Rev. Dr. Yong Cheon Song

Dear Mátyás, as the representatives of our True Parents here in Europe, my wife and I want to express our heart of concern and our desire to support you as you pass so suddenly and unexpectedly from this physical world. It is precious that you already know the meaning of life and the existence of life after physical death. We pray that this Seonghwa Ceremony and the great love of God and True Parents, your family, Mum and Dad and your younger siblings, grandparents and relatives, and the warm support of the community of Blessed Families in Hungary can assist you in making a smooth transition to your new life in the Spiritual World.

At such times we cannot help but remember our True Parents loss of three of their own sons, one still in his teens. They found a special heart to turn loss into a 'victory of love' by offering a pure and beautiful young life for the sake of God and Humanity and expressing their confidence that in God 'all will turn out to be love'.

Our hearts go out to your parents, Peter and Brigitta, and their young family. They have made great efforts to live for others and set an example in front of you, Mátyás. In your turn you responded to

their investment as a loving son, caring elder brother, diligent student and talented sportsman and musician.

Peter and Brigitta, no doubt you were full of hope that this young life would blossom into the fulfilment of spiritual and physical maturity that seemed so certain. As you face this present challenge we pray that you can find a special resonance with God and True Parent's heart and continue to embrace Mátyás in your love and protection as you surrender him to join True Father and the community of Blessed Families in the spirit world.

We have no doubt that there Mátyás will find a place to express his love for God and his fellow human beings in the tradition of True Parents. His purposefulness, deep faith, diligence, steadiness and good humour will allow him to continue to grow, supported by your prayers. At the same time, the memory of his young life will remain as an inspiration to his peers and juniors in our Hungarian community, who will be called to think of the value of each precious child of God and the need to fill every special day of our life with love and goodness.

We all feel so grateful that God has touched our lives so deeply and allowed us to find the depths of His love and longing in the revelation of Divine Principle. What a comfort to know life's purpose and the certainty of life beyond this physical dimension. What a joy to have been the recipients of God's true love, life and lineage and that Mátyás could be one of those precious fruits that herald the coming of God's Kingdom.

As our True Parents teach us: When we are bound together in true love, we can be together forever, continually rejoicing in each other's company.

Mátyás, you will continue to be connected deeply in heart with your beloved family and your nation of Hungary. Please be free to pass to your new stage of life and may the God of Night and Day speed you on your way to His Kingdom, Cheon Il Guk.

President and Mrs. Yong Cheon Song.
