July 27, 2017

On 27 July, 2017, Elisabetta Nistri WFWP Italy President, was invited together with Giuseppe Cali FFUWP Italian President, as speakers for a special event organized by Virginia Vandini, WFWP Ambassador of Peace, the “La Sapienza University” of Rome, under the patronage of: Senate of Republic, Chamber of Deputies, Lazio Region, Rome City Hall and WFWP, in the most prestigious conference hall of the Italian Parliament, a Hall named “Queen’s Hall”.

The Main topic proposed by Dr. Virginia Vandini, founder of the Association “Il Valore del Femminile” was “Uniqueness”, that means that we should build up a society in which all people can have the possibility to express talents and skills, to contribute to the wellbeing of the society.

As examples of this uniqueness, scientists, actors, singers, TV Channel directors, financial strategists were invited to testify about their own experience.

Elisabetta Nistri and Giuseppe Cali were invited as 'Uniqueness for Peace' as exemplary couple. Elisabetta Nistri, after explaining about WFWP purpose and activities in Italy, spoke about the Founders, the great vision and ideal for a word of peace of Rev.

Sun Myung Moon and that after his passing, Lady Doctor Moon is leading all the Federations for Peace with the same strength and courage, but as a woman, she is showing us the God's female aspect, as all of us should try to become, the embodiment as sons and daughters of the masculine and female part of God.

The WFWP President added that each one of us is unique, but to what extent have we realized our internal value and uniqueness? How can we be unique but at the same time live in unity with others, appreciating their uniqueness in turn, in the family, school, and society? She shared also some experiences of her family life, as a couple with very different characters but working and cooperating to realize a great vision, learning from each other's different viewpoints, and with children that have chosen to follow the same path.

The hall was full, more than 200 guests attended the conference at a time of year when most of people are away on holidays.

Virginia Vandini's closing remarks were that it was a big victory for the awakening of the conscience to talk about such deep topics inside the Italian Parliament.

As WFWP, we were very happy to work with her and are ready for more.
