FFWPU Nepal: A 2-day divine principle seminar took place in Kavre District, Nepal on May 21-22, 2016. And we had 40 college students participants. They are in fact the sons and daughters of those who attended the Heavenly Tribal Messiah Blessing on May 13, 2016.

During the graduation, we invited a legend singer of Nepal and he said “... as *s precious culture has been degradation, Father Moons principle of living for the sake of Others is very good way to our future and motivate the next generation for our Nation.*” One of the participants said in her reflection: “... *A hope began to sprout in her heart that she can do something greater and better for society, Nation and for the world.*”

Mr. Hari K.C, state leader of FFWPU Nepal, who just graduated from 21-Day Asian Top workshop in Korea, led this workshop. He also gave the main lectures on Divine Principle, to the previously married couple who attend the Heavenly Tribal Messiah Blessing and who undergo the 40 Day separation. As off now, out of 375 couple participants of that workshop 209 couples underwent 40-day separation period.
