Inform the FFWPU UK governing body National Council that 17-30 year olds show interest in Young Adults Ministry

Having reflected on the past few years, one can observe a decline in the number of blessed children aged 17-30 showing interest in the crucial areas of leadership, community and current FFWPU activities in general.

We have concluded that there is a huge gap for us (young adults) to contribute and place ourselves; an area that makes us feel comfortable and cared for, as well as an atmosphere that facilitates our growth and interest in developing our lives of faith. A good life of faith is essential before receiving the Blessing, having children, engaging in tribal messiahship and becoming professionals in our chosen areas of expertise.

Therefore, we propose one way to bridge this gap by reestablishing Young Adults Ministry (YAM), which would umbrella CARP UK and develop other vital areas of spiritual and social support for young adults in our British communities.

Some of you may not have had a lot of involvement with Young Adults Ministry while it was running, but we encourage you to answer the questions in the survey below, regardless. Your feedback will be much appreciated!

Based on the feedback you provide in this survey the National Council (department heads and selected pastors of 3 communities in the UK; the governing body of FFWPU UK) will consider reestablishing Young Adults Ministry. Therefore, this survey does not guarantee the reestablishing of Young Adults Ministry, and even if it did restart, it may not exist in the same form as previously. However, we hope there will be space for it to evolve naturally with everyone's input, in new and amazing ways!
