

## The World Needs Prayer Like Never Before

For many years now, the voices that are the loudest in our present world and growing ever louder, are coming from men and women who have lost any kind of relationship with God. They have become blind to the presence of God within them and around them. And sadly, because of their selfish state of mind, they have lost the ability to care for, protect, or show any love for their fellow man.

What they do have is love of self, their inflated ego, and what THEY believe to be true. They then proceed to force their beliefs upon masses of people whether they believe them or even want them.

Individuals such as these men and women, along with the news media and the world of entertainment, have contributed and continue to contribute to the building of a destructive negative energy force that is affecting individuals, families

and the world community. This negative energy is a huge thought-form surrounding not only America, but our entire world. Consequently, mental illness, depression, addictions of every kind, suicides, as well as sex-trafficking, mob-violence, murders, rumors of war, etc., continue to rise. Thousands, perhaps millions of people around the globe are living in fear, driven by the pandemic. This darkness surrounding our planet attracts lower spirits to be drawn to the earth plane to like-minded humans, multiplying the negativity of their dark thoughts and actions, and creating ever increasing suffering and pain for humanity on a scale never experienced before in the history of mankind.

Dear brothers and sisters! God, Our Beloved Heavenly Father, needs the pure in heart to save the world. He needs those whose thoughts and actions are selfless. Those whose love is unconditional. Whose love is not just for their own country, but for the world. It is not for us to judge and criticize, or to condemn others we feel are in the wrong, for this, in turn, harms our own being. We do not know what experiences they may have had to harden their hearts and blind their eyes to God's Love and Light. Instead, it is God's desire that we pray for them. That we pray for their awakening. It is God's desire that we send love to them for their healing!

Prayer has the power to connect, drawing together like a magnet the thoughts of many into a powerful energy that can change the direction of negative forces and turn darkness into light. With this dawning, one begins to see the truth of God and feel the warmth of God's love. This is the awakening that is so greatly needed. Each prayer and deed done for God, lifts the vibration of our entire world. This is a Universal Law.

I ask, as I was inspired to do, that we pray, since The World Needs Prayer Like Never Before. Ask everyone you meet to pray whenever, wherever. So many people feel helpless at this time - not knowing what to do or how to help. In this effort, they can help not only those they pray for but themselves as well. Ask everyone that crosses your path to please pray for our world, however they choose to pray. If they don't know what to say, or how to pray, suggest they say "The Lord's Prayer" since in this prayer we ask that "Thy Kingdom Come, Thy Will Be Done". Or teach them your favorite prayer. Ask your neighbors, ask others to come to your home and pray with you. Ask to say a few words at your local church or community center about the need for prayer. And inspire them to ask others to pray as well. Spread the word however you can, wherever you can. Such a powerful effort can spread around the world, gaining spiritual strength as it travels. At present, there is more negative energy in the world than positive. Therefore, more hate than love. We can change this through the power of prayer. Heartfelt prayer can and will change the present decline we all are feeling and experiencing.

As we send forth prayer wrapped in love, this energy will one day save this precious world God placed in our care.

With respect and love for each one of you,
