On March 5 and 12, 2017 we held two Heavenly Tribal Messiah events in San Jose, Costa Rica, Central America, as part of two projects being carried out here in our nation: “Heavenly Tribal Messiah Education” Aimed at blessed families and, “Developing a model of Heavenly Tribal Messiah ship.” The last one includes blessed families and their guests.

During both events, an environment of joy was created so that blessed families and guests experience the relationship of heart. The ambient counted with music, food, dancing, karaoke, family games and brief message about the role of the Family Federation has for World Peace, specifically on the importance of fidelity and lineage purification.

The purpose of both projects is to encourage blessed families to fulfill their mission as Heavenly Tribal Messiah and for this, FFWPU Costa Rica’s headquarters provides them with the necessary environment to facilitate contact with new guests.

On our even in March 12 we had 12 new invited couples, 2 couples who already know, they are members and are preparing to receive the blessing too, 13 blessed couples participating in both Heavenly Tribal Messiah projects and 8 singles people between members and guests. In total there were 60 participants.
