

Côte d'Ivoire's 3-day Divine Principle workshop for second-generation children

Richard Beugre
April 17, 2017

We held a 3-day workshop from April 15 to 17 2017 During 03 days in preparation for the matching by their parent. We had 35 second generation children attending the workshop. During the three days we had Divine Principle lectures and lectures about purity and the preparation for the matching and blessing. At the end we had a video presentation about True Parents life and worldwide activities.

All the participants were very happy and inspired by the content of the workshop. Among the participants 16 of them, began the process for matching.
