We held two 7-day seminars on the Divine Principle from August 10 to 17, 2020 in two tribes of heavenly tribal messiah, the YAO ROGER couple and the BEUGRE RICHARD couple.

We had 12 couples for the first workshop and 25 couples for the second workshop. The lectures covered the principle of creation, the fall of man, blessing, internal guidance and the importance of having and preserving the True Parents lineage.

Reflection

The couples were very enthusiastic and promised to follow the guidance given by the tribal messiahs. And they decide to integrate the heavenly tradition into their daily life and to become active members of the Heavenly Parent's Holy Community. At the end, 7 couples among the participants registered for the 21-day seminar.
