Blessed Families in Bulgaria had a workshop with Galina Chernomoretz, East European BFD representative on 1 June (Saturday) in Sofia, Bulgaria.

It was a very good opportunity for the whole Bulgarian community to meet and refresh our knowledge about the meaning and the value of the Blessing and get some very practical guidance about the ideal Blessed Family life. Almost all the families were represented and many Second Generation members participated as well.

On Sunday, Galina shared a lot of precious experiences during Sunday Service. There was some time for individual consultation and fun as well. Members expressed their gratitude and are looking forward to the next similar meeting.
