

Children Summer Camp

Baltic Sea, Poland, Italy, 25. June – 2. July 2016

By Martha Kral

Forty-three participants spent their time together in our yearly Summer WS. This time we had 2 age groups, altogether 27 children. One group from 7 to 10 and from 11 to 14 years old. Our WS motto was “from a caterpillar to a butterfly”. Each day there were times for lectures about God who wants to live with his children, about important aspects in our development and growth

connected with role games, paintings and other interesting games. The afternoons we spent at the Baltic Sea. Even the sea had only between 12 and 15 degree everybody enjoyed it very much. There were lots of beach games and group works. Six elder BC took care very well of the younger ones and played an important model role for the youngsters who seemed to admire them a lot. All participants were happy and felt very satisfied about the WS and expressed that the 7 days were

much too short. Especially grateful we are to the kitchen staff. Three elder sisters who were like the Holy Spirit taking care of God’s beloved children. At the closing celebration all staff members were awarded and it was a great step forward regarding unity between 1st and 2nd Gen. The presence of God and our True Parents were experienced by everybody and this gives much hope for the development of a CiG Community in Poland.
