The purpose of this seminar is to educate those young leaders who will be working with CARP as we are going to expand the program and educational activities in different places as well as inside the University. This is the very first time that we are going to expand the activities of CARP in different places of the nation. For that reason, we want these youth leaders who will be working with us receive the Divine Principle to make sure that we can establish a harmonious relationship with the same vision and goals by receiving the Principle.

We do believe that this Seminar will lead us to advance the providential works of CARP as we just entered the new era of Heavenly Latin America. We will do our best to really set a heavenly standard and stand as a model to all the Caribbean Countries by expanding and raising more young leaders in this nation to bring more victory to God and True Parents.
