May 13, 2018

We organized an interfaith peace blessing in 3 villages, KOLOFUMA, NKAMA and BUENSE in central Congo. During these events 133 couples received blessing of marriage from True Parents.

Participants receive True Parents' teaching and blessing very positively. And they voluntarily agree to respect all the processes of blessing, namely: going through holy wine ceremony, receive holy water and True Parents' benediction and after the blessing, going through 40-day separation the separation of 40 days, the indemnity stick and the of 3-day ceremony.

During the event, participants receive lectures on the ideal of creation, human fall and the history of restoration.

Our work and mobilization of heavenly Tribal Messiahship in our country, will continue to bring greater results to heavenly Parent and True Parents.

Atelier le Palmier now has the 3rd Heavenly Tribal Messiah, KIBUNGI MANUNGA Jean Renaud family, who blessed 319 couples from Sunday, May 13, 2018.

Two of our heavenly tribal messiahs (LUKALI LUMBETE Paulin Family and IGILIMA ITULAMYA Jean Family) were in Korea during February and March to participate in the Heavenly Tribal Messiah Victorious seminaries. When they came back, they spoke of their experiences with a heart of deep gratitude to True Mother and Headquarters International for the special attention they paid to them during their stay in Korea.

We are grateful for all the great blessing we receive from Heavenly Parent and true Parents and we will do our best for the great success and victory of Vision 2020.
