

Estonia, Finland Unite to Celebrate 'One Korea'

Olga Martinson and Hannu Hassinen - September 29, 2019

The Estonian chapters of UPF and FFWPU joined with brothers and sisters from Finland, altogether 50 people, to organize the third celebration of the "One Korea" project.

The event took place on September 29 in Tallinn's "Lyra" cultural center. Mrs. Arina Han, an Ambassador for Peace, organized Korean entertainment. Everybody sang Arirang, followed by a Korean lunch, as we celebrated the Korean autumn festival Chuseok.

Mr. Avo Martinson, the secretary general of UPF-Estonia, introduced the "One Korea" project. The national leader of FFWPU for Finland, Mr. Hannu Hassinen, talked about why it is important for North and South Korea to unite. Next, Mrs. Olga Martinson, the president of FFWPU-Estonia, read a chapter from True Father's autobiography. Then the time came for a toast with holy juice for the unification of North and South Korea.

As we marched to a nearby football stadium, everybody shouted, "One Korea!" Next, two teams were formed, with the names One Korea and One World. A group photo was taken, and, as we held hands, we sang Urie So Wonun Tongil.

The Second Generation played football together with their parents, using a specially designed "One Korea" ball. Afterward everybody signed the ball, which was sent to True Mother as a sign of support. After the final score of 3:3, the players gathered for prayer to offer all of their Hoyojeong devotion to Heavenly Parent and True Parents.

This project brought our Estonian and Finnish members closer, and it was our first time to organize an event with another organization. Everybody liked the educational and cultural parts of the program. The children especially enjoyed the football.

We offer all of this to Heavenly Parent and True Parents as our common support for the unification of North and South Korea! Eogmansei!!!
