

Las Vegas Japanese Missionaries witness and connect UNLV students to CARP

Tamami Nozoe
August 26, 2017

Every Tuesday and Wednesday this summer our Japanese CIG missionaries have spent the day witnessing on the UNLV campus. UNLV is a key location for their witnessing activities because educated young people in Las Vegas gather there and because CARP has been active there for several years.

The missionaries' goal is to meet promising university students and guide them to join CARP. When they meet such students, they bring them to the CARP center-- across the street from the Student Union-- and show them CARP's witnessing power point. They then read the "Introduction to the Divine Principle" and have a discussion together with the guests. Afterwards they invite their guests to continue to study the Divine Principle with them, one-on-one and to return for future activities at the CARP Center.

When the Fall semester begins, the missionaries will witness together with the returning CARP Las Vegas members. They look forward to that and are very hopeful that it will be a very successful semester. As one of the missionaries put it "Because we believe when such youth members unite and work together for True Parents, the amazing results will come."

Recently True Mother emphasized to young Unificationists that they should be united with her with absolute faith, absolute love and absolute obedience. And she directly suggested that the Japanese CIG missionaries and CARP Las Vegas members should work together in unity, centered on God's love. The missionaries feel that True Mother will be really interested in their efforts and their witnessing results as they go forward to 2020. So, in the upcoming semester, our CIG Japanese missionaries are determined to work with CARP Las Vegas members and together display youth power for witnessing!!
