

My Testimony of Door To Door Witnessing in Las Vegas

Yasuko Oberg
February 1, 2018

Las Vegas Family Church has been blessed by receiving Japanese Missionaries from Japan every year. They stay one year in Las Vegas then they return to Japan, and a new group comes to Las Vegas. This has been continuing for several years. They have been witnessing on the UNLV campus through previous years, and continue to witness to gain new members for CARP. The missionaries also are witnessing door to door in Las Vegas at the direction of Rev. Doo. Some local members joined with missionaries, especially Mrs. Sangmoo Borneman, with her enthusiasm, who has accomplished the 430 holy wine Blessing.

LVFC does not yet have a church proper, so we have no address or phone number to give to new contacts. I was wondering how it will work going door to door. Recently Japanese missionaries went to Los Angeles CARP helping with their event, so we adopted their method. We visit houses to read a questionnaire with the homeowner and if they are interested to know more, we then read a two hour introduction Divine Principle with them. If they want know more, we make another appointment for the next visit. It is such an incredible experience, because homeowners give their phone number and want us to come back for more Divine Principle.

This is testimony that those missionaries carry the Holy Spirit of True Mother with them. Surprisingly people are so open to receive us.
