“Return to the Home”

El Manantial, Spain, 13. - 14. May 2017

By Bruno Travi

On the weekend of Saturday 13th and Sunday 14th of May, in El Manantial, (our training center) we gathered 28 brothers with a family spirit in the reunion titled "Return to the Home".

It is revealing and encouraging discovering that in an atmosphere of love and trusting the talents and virtues of each person are manifested and how valuable they are when they offer themselves to others.

We had the lectures "Jesus of Nazareth, a man" and "God in history, waiting for the Messiah" by Daniel Aguirre, testimony of Luis Carvajal, the highest "Emotions and dynamics of laughter" led by Luisa Lozano and three conversations "Our past", "Our present" and "Our future" moderated by Bruno Travi.

In a family environment, we can explore and discover the greatest motivations and desires in life, share experiences that enrich everyone and understand how vital the Unification family has been known to renew our desire to be an active part of it.

"Two days in which we experience family unity sharing testimonies meals dances, games, sincerity, respect. Although we come from other countries with different customs, I did not feel someone different and I noticed that everyone wanted to reflect the love of God. Thanks to all "

Ruth Zelada

"Hello family! I am very grateful for the meeting, for the sincerity of all. Without judgments, we were able to liberate ourselves together, and to know ourselves more deeply. Many thanks and until the next "

Monika Meszarós

"A deep thanks to all. Personally, I have been deeply touched by the living experience of sharing with those of us the same vital perspective, a common core, a starting point for the world, as a great "secret" that unites us, among us, and with all the universe.

We advance in the way of being great friends, more than coreligionists of a creed. We walk towards full respect for our differences and particular riches, based on a feeling of love and unity.

It is worth it, because this anchor our spirits and hearts with the essential, and in that anchorage, we bind God also with us, even as if he did not want to, because the force that is generated can be gigantic.

Thanks to everyone and see you next time!! "
