May 15, 2019

"Youth and Students for Peace is a global family of young people building a culture of peace with true love. We believe young people are the future leaders. The life choices they make during their youthful years will influence them and society for generations; The most important of choices is the WAY WE CHOOSE TO LOVE."

This is a summer educational training programme for Youth and Students for Peace to raise Future True Global Leaders who can think and act globally to address communities' needs for sustainable development.

Youth and Students for Peace (YSP) leads education programmes throughout the world. These programmes, which are organised and implemented by YSP Regional Chapters, include education in the field of community development. One of the main goals of the program is to nurture a culture of Hyo Jeong in the communities and nations in which the programs are conducted.

Much of the education focus is on changing of attitude; the volunteers are directly involved in a project that usually involves the expansion and improvement of the needs of the populations in an impoverished rural community. However, there is also a daily educational component related to both personal and community development.

Application Form

YSP is looking for:

Five volunteers to help organise the service project and events over a two-month period from around 7th July to 10th September

Five volunteers to participate in the service project from 14th – 28th July

Objectives of the Summer Camps:

Create opportunities for young people to love and serve their communities, their nation and beyond

Bring young people together for unity and harmony, and contribute to the development of their country, addressing the United Nations Sustainable Development Goals (UN SDGs)

Train and educate young people's character and energy to become global leaders

Introduce National Youth Service in the nation's constitution as part of life curriculum of every young citizen of Sao Tome e Principe in the near future

Expand the Vision and Ideology of Founders in communities

Programs in Sao Tome e Principe

For volunteers staying for two months, it is good to know that there are two other projects taking place in Sao Tome around the same time: the Hyo Jeong Cultural Contest (from May to July) and the Youth Assembly (during the Family Festival and UPF Summit in September). The Summer Camps are related with these two events, so the volunteers will be partially involved in and cooperating with them. Volunteers are also welcomed to extend their stay in September to join the Youth Assembly.

In order to qualify to attend the program, applicants must fill the following online application link or application form.
