## Heavenly Parent's Holy Community of Seattle, WA Family Federation for World Peace & Unification

Dear Blessed Families, Brothers and Sisters,

I hope you all had a wonderful Thanksgiving experiencing the love of our Heavenly Parent through the people you love. For my family, we spend our Thanksgiving together, from preparing the meal to consuming them to clean up. We did not have any guest. Sun Mi joined us by phone even before we started our dinner. It was an amazing day!

We celebrated keeping in mind the families of our Brothers - Brian Granstrom, Shigeru Araki and Michael Fisher who are still in the hospital. We keep praying for them and their families that in the midst of the difficulty they are going through, they can experience God, True Parents and Jesus' love and find a reason or two to be grateful.

We are soon to welcome the last month of this year 2021, yes December 2021 is next week. we have two major events happening in this month. On December 5 in Korea (December 4 here in America), True Mother is holding a Rally of Hope in Korea. A delegation of around 80 pastors and ministers from America will be joining the event. May they all be protected as they travel and that the whole event will be successful.

December 18, our True Mother will be coming to America. While she is here, we will be holding a Blessing Fest online. We are all encouraged to organize watch party and invite all that we can invite to join and introduce them to the Blessing. The link to register as watch party host is as follows.

[Blessing Fest Marriage for Peace Watch Party Host Form](#)

The form is simple and will allow HQ to estimate the reach and engagement, and connect directly with the Watch Party Hosts as needed.

To close this letter, I would like to share the following Bible verse:

"Trust in the LORD with all your heart and lean not on your own understanding; in all your ways submit to him, and he will make your paths straight."

May God's Blessing be upon you!

Sincerely with love,
