

YCLC NY Next Great Awakening - Young Christian Leadership Conference at Belvedere

Joshua Holmes
December 17, 2022

"When materialism is at its highest and religious fervor is at its lowest, a wave from arise to bring a new generation back to God"

More than a 100 people gathered to usher in a new wave of bringing this generation back to God. They featured speakers and performers from across NY and NJ honing specifically on the importance of vision,

how to respond to God's calling, and how we can actualize that vision in our lives. Pastor Justin Okamoto, at the helm of this event, led everyone in a vision crafting activity so everyone walked away with taking the first steps towards realizing God's vision.

YCLC believes that the Next Great Awakening can be ushered in through a generation responding to God's call on their life. Our mission as transformational leaders is to help those we lead be able to capture that calling and realize it in their life. This is just the beginning! 2023 is the year of Awakening!!!

A huge shoutout to Heavenly USA who put on the MOST spirit-filled and dynamic performances!
