February 5, 2023

Voronezh, Russia - For World Interfaith Harmony Week, the local UPF chapter organized a visit to the synagogue in this southwestern Russian city.

Thirty-two members of a local group of active citizens called "Happy People" participated. A representative of the Jewish community welcomed the visitors and gave a talk about the synagogue's activities.

Such meetings provide an opportunity in an informal atmosphere for representatives of different religions to get to know each other better.
