The Family Federation for World Peace and Unification Zimbabwe and International Association for Youths and Students for Peace Zimbabwe organized a 2-Day Divine Principle Workshop for the 2nd Generation and Jacob children.

With the ongoing 40 days of devotion and witnessing given to us by our True Parents, in preparation for the celebrations of True Father's 11th Anniversary of his Holy Ascension, we are guided by True Mother's word to raise future leaders. It is with a heart of gratitude that we organized this two-day workshop for our youth including the 2nd generation and Jacob children aged 12 to 21 years to guide them spiritually through Divine Principle. True Parents' teaching is always our spiritual food, and we hope by providing this for our children we can be able to help them to grow spiritually and always protected.

Leaders with a parental heart are representing True Parents who should give new life and protect and nurture it. With this in mind, we hope to bring the word of truth to everyone around us, especially to our children, whom God bestows us as heavenly gifts.

In this workshop, participants listened to a series of Divine Principle lectures, which helps them to remember who they are. Renewing their mind and heart through True Parents' word of life, they can realize once again what Heavenly Parents and True Parents' will is and what they should concentrate on in their daily life. As they are the true children of Heavenly Parent and True Parents, they come to realize that the work God and True Parents are dealing with is their own work. And so, they should think of how to take responsibility for the providence in the future, which has been God's work throughout human history. And step by step they should come to realize that their normal life is a life living for the sake of others.

This is our True Mother's expectation and desire. And we hope to respond to that by offering all we have and bringing great and greater victory in witnessing both our spiritual and physical children and raising them on the right path.
