I came to Portland two years ago to join [Steve Cox](#) in his street witnessing undertaking. [Steve Cox](#) introduced me to [Jon Brooker](#) and [Liz Brooker](#). Besides, going to the streets we had an opportunity to revisit home church area. At that time [Jon Brooker](#) was working on the company truck at Goodwill. Where he met [William Johnson](#). [William Johnson](#) immigrated to the United States together with all his family. His wife [Mona Johnson](#) gave birth to three pairs of twins and four more kids. She is really great woman.

We visited each other several times. [Jon Brooker](#) and [Liz Brooker](#) blessed [William Johnson's](#) family. In the traditional Christian churches they collect money and send clothes and money to countries that in need. I didn't like that idea from the very beginning. If you send resources to people who doesn't know how to earn money and manage it you are wasting your time.

I offered him to send young people to the United States and receive front line training. Then they can go back and restart WCARP AFRICA. Same as we did in 2015 in Costa Rica. Many new members went to ILTP then went back and became good support to [Manho Woo](#) He is leader of the WCARP COSTA RICA.

Brother in the red T-Shirt and sister in the green dress already attended one Divine Principle workshop and today they will attend another one. Later one we will invite them to ILTP. WCARP JAPAN on regular based send its members to be trained. IPLC graduates also come to US to get trained and prepare themselves to become leaders in their communities and families. We had members from the 134 different countries for the last 18 years.

P.S.

As True Mother mentioned yesterday during the speech that even 9 year old kid can witness. So, it's matter of making first step and go out to the street. Even if one member one day a month can go out it will make a difference. -- thinking about how blessed I am in [Monrovia, Liberia](#).
