Excerpts from True Mother's Speeches

How can we go back to the early Unification Church that was alive with spirit and truth? Can we become a church where the words of the Principle are taught without ceasing, a church crowded with young people wanting to hear God's word and receive the Blessing? President Eu Hyo Won taught the words of the Principle 16 hours a day. We have to return to that time, when he risked his life to convey God's word despite the difficulties arising from his physical disability.

I am not able to sleep, because I am trying to think how we can create a church increasing with new members, a church filled with vitality. The works that Father initiated are no vast, but my heart aches to think of how we were not able to preserve these in a way that is in keeping with his desire. (Mother sheds tears). I have struggled very much over how we are going to continue these.

I was going to wait longer before making this announcement, but we cannot waste even a day. The son whom I had sent to the United States has returned, so I will make the announcement without further delay. I can no longer suppress my desire to create a Unification Church similar to when President Eu Hyo Won lectured with passion, and so I must make this announcement. The image of President Eu lecturing, even when there wasn't enough food for him to eat, is stuck to my brain and I cannot sleep.

I want to recreate that era when worshiping on Sunday was not the end, where we conveyed God's word through our lives 24 hours a day. where the words of the Principle were taught without ceasing, where we brought people to the church because we were desperate to have as many people as possible hear the words of the Principle. Because I want to do this, I cannot sleep. I cannot eat, and when I try to sleep I cannot go to sleep.

But the terrible thing now is that there aren't enough people to do the work. There are no young people. Everyone is in their 60s and 70s. Where did all the young people go? What were you doing all this time? (Mother sheds tears again.) I will step down as Chairman of the Board of Sun Moon Education Foundation. I will devote my full time to the work of the church. Witnessing to new members is important, but it is heartbreaking that we have not been able to offer the second and third generations to Heaven. Twenty thousand second generation have all been washed away into the secular world. Only 100 second generation are available to work now. That's all the second generation who are in public positions now. This is something truly shameful.

So now the Unification Church will return to the pioneering spirit.

You will lecture the Divine Principle every day and have revival meetings. Lecture with the shimjeong of President Eu Hyo Won when he lectured at the risk of his life

Figure out how the church can become a place where the Principle is taught without ceasing. Go the churches in each region and listen to the situations in the field. You must make yourselves so busy your feet will catch fire.

What do you think I am going to say at this point? Do you think there is some kind of indemnity, some kind of judgment? If you cannot realize that, then you will have to pay greater indemnity. Do you know that? So what should you do? It's not a matter of just working hard. That's not good enough.

I really want to say something nice to you, but I cannot. Do you know why? We know the Divine Principle and we learned the meaning of indemnity. God prepared people for each age, and if they cannot fulfill their responsibility, then people will have to pay indemnity. Without paying indemnity, they cannot really make progress. You know that, right? You know that, right?

However, in front of God, in front of heaven, in front of humanity, you are very much indebted. In your lifetime, you cannot pay it back. Even if you pay through many generations in the future, still you may not be able to pay everything back. Do you know why? When God chose the Israelites, do you know how much suffering God went through? God finally sent Jesus, his begotten son. He was born, yet what did the people of Israel and Judaism do? They let Jesus die on the cross.

The history of Christianity is 2,000 years and what happened to the people of Israel? They could not avoid indemnity. You need to understand this. I already said, in God's providence, whether it is a people or individuals or a nation, if they fail to fulfill their responsibility, then they will have to pay indemnity. You need to understand that. If so, today what is the situation in America?

America as the Elder Son Nation

Ever since Father founded the Unification Church, he always worked for God. His life has always been public. Out of 60 years, Father spent 40 years here in America. I'm not exaggerating it at all. Our Fatherland is Korea. However, Father invested a longer time here in America. Why? Because Father loved all humanity and Father gave incredible blessing to America as the elder son nation. His responsibility is to bring all siblings to True Parents. You should think of it day and night. Have you ever thought about that?

At this time, True Parents, the Messiah, the Savior, came here to America. We have a small number of Blessed Family members. Why don't all people know about the Lord of the Second Coming? Whose responsibility is this?

Quicken your pace

We have set goals to achieve by 2020. Even if we attain these goals, we still will have a long way to go. Should religions that recklessly kill people because of the slight differences existing between them exist or disappear? Yet there are religions that still mistreat human beings.. The path we have to

follow is endlessly wide and has obstacles everywhere. What should be done?

This nation, True Parents' fatherland and God's homeland, is still divided in two. Is there a way to bring about the reunification of the two Koreas? A new era has opened centered on Foundation Day. There is only one method, one way. It is the True Parents. Do you understand?

I am saying that you should quickly fulfill your tribal messiah responsibilities. When one restores a person to God's side, that person will restore another healthy person like him or her to God's side too. This is witnessing. Through witnessing, we give hope to others, and those recruited will honor God's Will and think, "Ah! I should try living more for others!"

Why did you think witnessing to someone and sending that person out as an evangelist is difficult? They will find a way to make a living. Hence, they will be grateful to you and welcome you for it. If you gradually expand your environment in this manner, you can become leaders. This system of ours is a means of organization that young people should learn first in order to survive in their Effort to do God's will. We must revitalize CARP.

We are following the eternal path, while today's governments and all other organizations will disappear one day. As time passes, they will dissolve. We will not.

The reunification of the two Koreas must be realized by 2020. Korea is the center of the world. Hence, we cannot allow the center to suffer.

What is my purpose in saving this nation? It is to save the world.

We Must Be As One

From now on, doing one's best is not enough. We must risk our lives to defend God's homeland. Only by doing that, can we keep our honor as people who have lived in this age. We cannot do this by just living well. I am asking you to join hands and speak out in one voice.

Those in the spiritual world have high expectations of each one of us. We should change from now on. While doing Hoon Dok Hwe every day, we should be able to say, "I will spend my day in this way today. I will practice this at all costs."

In the evening, we should be able to say, "I did it." The next day, we should again be able to say, "I will do even greater today." We should be able to give reports reflecting development in this way. We should not have the same reports yesterday, today and tomorrow. Can we change? We must change. Only by changing, can survive. By doing this, we also can survive and our descendants can grow well with a heart of gratitude toward us.

At this providential time of harvest, our responsibility is to witness you should boldly let people know about True Parents. If you become one with True Parents, you can overcome and resolve all the world's problems. Should a person, who knows about this, just remain dormant? You should take the lead to witness and educate people! Do not fear the more established religious groups. Do you understand?

In December, I plan to go to Las Vegas to educate young people and nurture them to become leaders on the frontline through a 40-day witnessing program.—the leaders in many countries have not been able to raise successors. Time does not wait for us. It actually feels a bit late, but will that make you give up? We must make it possible! I hope that they become one with international headquarters and work together in a direction that brings about greater results. Since results are important, do not assert what is yours alone, but join hands and make greater results. The message I have given you this time is about this: Forgive, love and unite!

The work that we have to do is save people. What else is greater than this? You should be afraid of sleeping. Father tried not to sleep.

These days, I have been thinking a lot about indemnity. What can be done to pass down a world without indemnity to our descendants in the future? Just as I did, you should be able to say, "Follow in my footsteps!" Only by doing so, can the Cheon Il Guk era appear. However, this depends on how extensively you are able to build a good environment. Please have greater determination and bring about results through that!

Do You Have a Dream?

I have been looking for leaders that can ignite a new youth movement; sadly, I can't find anyone. As parents, you need to open the way for your children by emulating True Parents. This vision must not end with your generation; instead you need to strengthen the foundation and environment that will enable this dream to be continued, developed and realized. A person with a dream is young, even at the age of seventy.

Can I hold on to this dream of hope and have hope in you? develop dreams through which your courage saves the nation and the world. You received the Holy Marriage Blessing. In light of that, how will your future descendants—hundreds or thousands of years from now—assess you?

I am greatly interested in the CARP and the youth movements around the world.

"We are brothers and sisters who realize the dream" We need to be ahead when it comes to outreach methods, and you need to start in gratitude and joy. Isn't reaching out and bringing one life a joyful thing? Please pray that the revival group succeeds and that our young people awaken and the church revives. When this happens, the whole church will live. This is our joy.

October is a beautiful time of harvest. All the Unificationist families around the world, today, what have you harvested today? For 6000 years, the word blessing is the word that humanity has been waiting for and it is the word that Heavenly Parent's has been longing for. In this fallen world, before this word "blessing," could come about, there were great efforts invested by our Heavenly Parent and

much sacrifice on the part of our True Parents in indemnifying the 6000 years of providence. world, True Father's last words to us were to please fulfill our mission as new tribal messiahs.

And with how much seriousness have you been working towards fulfilling this goal?

In this world as it is today, The only thing that we can do for them is to let them know True Parents through us. This is how, through our families, tribes, societies and nations, they will unite with True Parents and ride this great wave and move through all the continents and the oceans. For that day to arrive, all the Unificationist families around the world should unite in one mind, one body and one idea and one harmony and they should follow True Parents with absolute love, obedience and faith.

To these people of the world who are suffering like orphans, we have to tell them that we are their brothers and sisters instead of just staying idle and doing nothing. Will you stand up? Today, this time, is the time when we have to become one., we have to tell them with pride that True parents have come and We have to tell them that without fear! Whatever you do In the name of True Parents the entire physical and spiritual realm will be with you so what are you afraid of?

Please proclaim with pride—let the world know that you are the proud sons and daughters of True Parents! That is the only path leading to the Heavenly Kingdom with that in your heart I pray that all of you can become good sons and daughters and loyal subjects. Thank you.

We will now make our Unification Church a living and breathing church, as it was in the early days. We will develop it into a spontaneous, creative and dynamic church, unrestricted by numbers or systems. We will make it into a church centered on the Principle and on love, which will be like a nest with the warmth of a mother's embrace that will make us wish to go there and always remain there. As in the beginning time, we will make it so that the sound of Divine Principle lectures is constantly heard in our churches.

Message from True Mother in Las Vegas

Date: 3.11 by the Heavenly calendar in the 1st year of Choen Il Guk (April 20. 2013), Hoondokhae

Venue: Choen Hwa Gung, Las Vegas

We must let the world know of True Parents' accomplishments throughout their lives after they came to earth to save humankind. None of these things come to pass just by talking. They are not fulfilled just proclaiming them. Rather, you must act, create motion, and harvest fruits. You must think about how to ignite church activities through (centered on) witnessing.

First of all, I think it is our pressing task to let all people in the world know, within the shortest time possible, that true Parents have come.

They were unaware that there was something known as indemnity. We should be grateful and express appreciation to True Parents. Through the word we, came to understand the principles of indemnity, and discovered that we could not move forward without passing through the principle of restoration through indemnity.

This not the time to remain a woman (person) buried within the family.

The reason Father had you do fund-raising during workshops was to forge mind-body unity.

I don't mean that you should just talk about standing in a position of loyalty, piety and fidelity. You must practice this through your actions. Those leadership positions should encourage others to do this.

April 2014

There is a saying that happiness increases if it is shared with others. This applies when you share the things that you know with others, inform the world's people and reveal the True Parents to them. To be able to show them, you cannot think lightly of your responsibilities, spending day after day in the same way; if you do you cannot be in the position of the first ancestor of a dignified family. Even though you may be the first to know now, those in the last position can take your position. However, this applies to the time when True Parents are still alive.

The fact that I am still alive is precious and important. If you do not take part in the providence I am conducting now, you will have nowhere to stand. You may say, "I will go the kingdom of Heaven since I have received the blessing." Yet, if you fail to make a good environment for yourself, you cannot become free. Now you can see me up close and you can talk to me; however, what do you think will happen if you die without fulfilling your responsibilities? You all know how your conscience works. You come to understand where you are by assessing yourselves. The longest we can live with our physical bodies is approximately one hundred years, but the place we must go to is eternal. If you are wise, what kind of decision will you make and how will you act? By showing how proud you are of being in a blessed family for twenty, thirty of forty years while True Parents are still alive. You must change.

Are you keeping the Family Pledge and practicing it in your lives every day? I have taught you everything as to how to live. Bearing fruit, however, is your responsibility. Only by fulfilling your responsibility can you enter the ranks of the children who took part in True Parents' realm. Just like this candlelight is brightly illuminating the front of the offering table, will all the churches in America blaze up in the flames of the Holy Spirit and the truth and restore the entire world? Please be sincere: Were you happy or unhappy to see me this morning? Do I give you hope? Are you grateful? I want to praise you in front of our Heavenly Parent.

If the people of the United States, of this huge country, all catch fire, can the world become one? Two thousand years ago, it was said that all roads led to Rome. Two thousand years later, wouldn't it be great if all roads led to America? True Parents are your backers, filling you with inspiration and truth to become successful. Please become proud Unification Church leaders of the United States that attend True Parents and practice the word

A Time to be United, Inside and Out

July 02 2014

On July 1, 2014 True Mother gave her bi-monthly Hoon Dok Hae to Unificationists at the Cheon Jeong Gung in Cheongpyeong, Korea. During this time, True Mother announced the appointment of Sun-jin Moon, her fifth daughter who is married to In-sup Alexander Park, as the director-general of the Family Federation for World Peace and Unification.

There is no distinction made between the children of the True Parents based on their sex. You can become a central figure depending on the extent of your unity with True Parents. God created the heavens and the earth, then Adam and Eve, and then said that it was good to behold. When True Father named our children, each name had a meaning. I gave my sons a period of three years to show their unity with True Parents.

I will talk about appointing my daughter, Sun-jin Moon as the director-general of the Family Federation for World Peace and Unification (FFWPU) International Headquarters. My daughter truly recognizes the devotion and hard work of the first generation among the blessed families (a family that received the True Parents' blessing in marriage at a Holy Marriage Blessing Ceremony is called a blessed family) in our Unification family. In all respects, there is still much to be fulfilled in their responsibilities to meet the extent desired by Heaven. Nevertheless, my daughter recognizes and appreciates the fact that they did the best they could, in their own way, in attending True Parents during those difficult times. My daughter is one who would say, "Are not the children of True Parents, the first-generation and second-generation Unificationists, all children in front of True Parents? First-generation Unificationists are also True Parents' children. As a direct child of True Parents, I am younger; first-generation Unificationists are older; therefore, I shall treat them with respect like an elder brother."

My daughter makes effort to live up to the principle of true love, of living for the sake of others, without being attached to her position. That is why I appointed her to the position of director-general to assist me during this period. Are there any objections?

God's only begotten daughter

There are now only forty-two days left until the second anniversary of True Father's Seonghwa, counting from today. What goes on in your mind while you prepare for the second anniversary? Do you know True Parents? If you wish to stand as a blessed family that meets the standard Heaven desires, you have a long way to go. This entails responsibility. Are you all making your utmost effort right now, regardless of whether you assume a public responsibility? Once again please bow your heads, your mind and body united, and repent before Heaven. Please purify your mind and body once again. I wish to forgive you once again as of today as we have not yet met Heaven's standard collectively. [Two years ago, I asked you to drop all the lawsuits? Yet, what did you do?] In my heart I am ashamed and sorry that we still have not met Heaven's standard and we are coming so close to the second anniversary of True Father's Seonghwa.

Do you know True Parents? In particular, do you know True Mother? After Adam and Eve fell,

Heaven could not just wait idly for Heavenly Parent's lost children. What I mean is that our Heavenly Parent went on a course to remove the conditions for Satan's accusations. How difficult and miserable was this course! What happened to Heaven's stature within this satanic world where Satan, the devil, ruled as king? Despite all this, God chose a race of good people and raised them up for four thousand years. Aren't we all well aware of this providential history through the Bible and the Divine Principle? Are you aware of the hardships Heaven had to go through for Jesus Christ, the only begotten son, to be born in a position free from the conditions of Satan's accusations? God's only begotten son was to create a nation. If the people of Israel at that time had united with him, they would have obtained a nation and could have advanced in the world beyond Rome. He should have become the True Parents. Yet, what happened to the people of Israel and those of the Jewish faith who failed their responsibility at that time?

God found and established the position of His only begotten son after four thousand years; this position remains intact. That is why Jesus said he would return. Then wouldn't there also have been the only begotten daughter of God? Did God create only Adam? He created Adam and Eve. If the only begotten son of God existed in the history of the providence of restoration, there also should be the only begotten daughter of God. Wouldn't there have been such a providential history? There was. We learned from the Divine Principle that when a central figure chosen by Heaven fails his responsibility, he is replaced. The only begotten daughter of God was not sent through Israel. The omniscient and omnipotent God cannot fail. He has been nurturing His only begotten daughter. Satan was the king of this world. Thus, God has been searching among the good royal families and royal realm within the satanic world. This is something you must understand.

I, the True Mother, sitting before you today, am the only begotten daughter of God born after six thousand years! (Aju.) This can be explained; I have all the proof here. When I was born, Satan tried to kill me. Through my birth Satan would die. So he was intent on killing me. This means that Heaven has been guiding providential history for six thousand years through the Han (Korean) race. Why does the word "han" appear in Daehanminguk (Korea)? In providential history, the Han dynasty is the owner of Asia. They are the race from the East, the Korean race. God chose this race and raised them.

He promised to send a son of Heaven through my family. I am sure you have heard this story about grandfather Han-jun Jo. Heaven ended up sending a daughter of Heaven instead of a son of Heaven because of three brass coins. Do you know that story? This is not a legend but is a fact. It is less than a hundred years since Christianity took root in Korea. After Korea's liberation, a spiritual revival movement arose centering on Pyongyang. Although Christians were waiting for the Messiah to come on the clouds, people like Sung-do Kim, Ho-bin Heo and the New Jesuit Order were waiting for the Messiah to come in the flesh. Moreover, they made preparations. One well-known pastor, Ho-bin Lee, was the officiator of my parents' wedding, which led to my birth. Until God sent his only begotten son among the people of Israel, the providential history had been one of selection.

The process of changing the lineage occurred while I was in my mother's womb. This is something you have to believe. That is why the three generations in my family centered on me believed that Pyongyang would become the palace of Eden. We believed this. That was when I was six years old. After Korea's liberation, the political situation of North Korea was becoming communized and a border was drawn at the thirty-eighth parallel. Our faith prevented us from leaving

Pyongyang, because we believed that the Lord would appear there. It was around this time that True Father went to North Korea after receiving a revelation. My maternal uncle was studying pharmacology at Waseda University [in Japan] at that time. He was supposed to return to his hometown, but we got information that he joined the army in South Korea. My grandmother, my mother Soon-ae Hong (“Dae-mo nim”) and I were three generations of only daughters. We were not fleeing; rather we were on our way to meet my uncle.

There is no denying that this was the providence. Ho-bin Heo was imprisoned at Daedong Prison together with True Father. When True Father found out that Ho-bin Heo had been incarcerated, he sent a note telling her to “deny everything and leave.” What did he say happened to him after that? Didn’t Father say that he was tortured because of this? Since her daughter was in prison, Ho-bin Heo’s mother was entrusted with all the spiritual works in that group. This elderly lady summoned me and gave me a benediction. Ho-bin Heo’s group was making actual preparations to receive the returning Lord, who they believed would come in the flesh. What do you think would have happened if True Father had gone to that group and met them earlier? That elderly woman blessed me.

After we had come south, a border was drawn at the thirty-eight parallel, preventing us from returning to the North. Two years later, the Korean War broke out. My life during those years was entirely under the protection of Heaven. There is no other explanation. Think about this. When Japan was preparing for the final battle, it expropriated all the iron goods in Korea, even utensils that were used in ancestral rites. Yet, why did all these iron goods end up in the yard of the house at which I was born? How can you explain this?

The same kind of events happened in True Father’s life. The moment when True Father succeeded Jesus’ mission, when Jesus appeared to him this qualified True Father as God’s only begotten son. Do you understand? This is something you have to know. The two-thousand-year history was one of searching for the only begotten daughter of God. Christians today call us heretics, but perhaps they are the heretics and cult. I am talking about Jesus himself.

I am unveiling these historical secrets. For six thousand arduous years, Heaven went through hardships while anxiously searching for Heaven’s only begotten daughter and the True Parents. That is why I am the one. You are all lucky to have met me.

On that day in 1960, heaven and earth rejoiced. It was the day when all creation was in joy. God had waited impatiently for that moment. Yet, what was the reality at that time? The prince and princess of Heaven fell to the lowest of all positions, rather than being elevated to the highest.

You have to be aware of the hardships I had to go through so that the holy day ‘God’s Day’ could emerge. It was a day that could be established by virtue of the victorious foundation of my two sons, Hyo-jin and Heung-jin. You have to love Heung-jin. Satan tried to kill him when he was born. The environment in which he grew up was not a completely good environment. It was the satanic world. Furthermore, True Father’s life was threatened by communism. Knowing this, my son was determined and ready to die instead of True Father. Without such children, providential history would not have continued to this day.

Although I was young at that time, it was still no easy feat to give birth to fourteen children in a

span of twenty years. It was not as if I was giving birth to children in a pleasant and quiet environment; I was going to the battleground and had four children through Caesarean section. Just this fact alone should be enough for you to respect True Mother.

I have brought everything to order. Now all that remains is your responsibility. That is not something I can do for you. You have to fulfill your responsibility as tribal messiahs. Should you be the only ones who live within True Parents' privileged realm? What about the other seven billion people of this world? Even if I am pained because of my children, I still must think about the seven billion people of this world because I am the True Parent. A person who respects me and views me favorably, even though he does not fully understand God's Will, conveyed a message that said, "True Mother, you seem to be having a hard time; I hope you can forget everything and find peace." You, the leaders in charge, do you know what it's like in my heart?

There is one more thing that you need to know. Do not speak poorly about the spiritual work at Cheongpyeong. This falls under Dae-mo nim's special authority. This is the family of the only begotten daughter of God, whom God raised after a long process of sanctification and selection. That is why other people cannot do what Dae-mo Nim does. Only Dae-mo nim can do it. Hence, do not speak poorly about Hoon-mo, as Dae-mo nim is working through Hoon-mo. You have nothing to worry about while I am alive. Do you understand?

Uplift the stature of the living Heavenly Parent and True Parents

This is a time when we must be united inside and out. You must make effort in the direction of bringing unity between the mind and body, within the family, church, tribe and nation. The church needs to make more effort to let people know of True Parents. We need to reach out and witness. The same goes for all the providential organizations. True Father said that there is no perfection in ignorance. You have to make effort so that people know. These people have to have a chance to do their responsibility. You have to enlighten them so that they can fulfill their responsibility. The course of all the problems that are occurring throughout the world can be changed once people come to know the True Parents.

A couple of days ago I went up the twelve peaks of the sacred mountains in the Alps. Do you know why? It was so that once again I could forgive and embrace you. True Father said that once we have a united world, we no longer will need judges and lawyers. We have to create that world. The secular laws cannot dictate what we can or cannot do. Now you have to know what the priorities are.

There is one more thing that I will announce. During the events for the third anniversary of True Father's Seonghwa next year, I will grant a Peace Prize. The Korean Headquarters staff should invest themselves completely to become an example to the world during the Foundation Day commemorative events. In all respects—in doubling membership or in its witnessing efforts—the Korean Headquarters staff should become one with the other providential organizations and invest themselves completely in restoring this nation and people. Do you understand? The third anniversary of True Father's Seonghwa shall be held next year under supervision of the World Mission Headquarters. It shall be elevated globally to a higher dimension through the regional presidents, special emissaries, the UPF (Universal Peace Federation) and all the providential organizations in the world. Please keep this in mind and make preparations.

All the national headquarters throughout the world should focus on building internal stability. You should not be saying that it isn't this or that. You have to make your identity clear. Do you understand? In this light, you should reflect on your inadequacies and repent during the next forty days. I do not know how many years remain in your life, but you should do your best to return glory to Heaven in response to Heaven's expectations. With this heart and body you should make sure not to give Satan an opportunity to infiltrate our church. We must become one. I am asking you not to be voicing things differently from Heaven's expectations. We need to be of one voice. Do you understand? (Yes.) If we can do that, then we can show our results to this nation and the world.

You have to uplift the stature of the living Heavenly Parent and True Parents. Isn't that what you should do? You should do it while I am here. Only then will you be unashamed before your future generations as a person and blessed family who lived in this age. Please have such hearts and bodies and offer prayer devotions for forty days as we welcome the second anniversary of True Father's Seonghwa and please make this promise to Heaven as we set off toward the third anniversary.

In this light, you should reflect on your inadequacies and repent during the next forty days.

Mother's Speech

True Father will come down to the physical world as the substantial being of the God of Night and shall preside over the providence in a state of oneness of heart, body, harmony and mind with True Mother.

I shall inherit True Father's victorious foundation and stand in the forefront to lead the providence on earth.

First

pass this down to our descendants the tradition established by True Parents,

The hoondokhae tradition of reading the Word To become the central practice in each family True Parents' tradition.

Complete unanimity that forms a unified body with the True Family centered on True Parents, and the Abel figure at the center.

Second

The blessed family the cradle of true love, true life and true lineage you should uphold the tradition of the Family Pledge, absolutely good lineage with absolute faith. Children should be raised and nurtured with love and through the Word through parents who attend Heaven through hoondokhae,

Third,

Cheon Il Guk becomes possible when tribal messiahs fulfill their mission passing on to each clan in the Word, participation in the Blessing Ceremony and a lifestyle of living for the sake of others.

Fourth,

All of us must have unity, with True Parents with the True Family at the center. You faced immeasurable persecution in order to follow True Parents. That makes us all a part of a single family and a community of heart. The Unification Family can become brothers and sisters who can march forward without pausing.

Beloved members,

The requests I have conveyed to you today are True Father's last words as he was departing for the spirit world.

Our first goal is to do our absolute best and fight at the risk of our lives to firmly establish Cheon Il Guk by Foundation Day. I hope you will not forget that the responsibility to bring this nation and all its citizens to receive the Blessing from True Parents lies with you. Only by working a hundred times

or a thousand times harder than before can you repay the love and grace you have received from True Father.

Dear members,

We will now make our Unification Church a living and breathing church, as it was in the early days. We will develop it into a spontaneous, creative and dynamic church, unrestricted by numbers or systems. We will make it into a church centered on the Principle and on love, which will be like a nest with the warmth of a mother's embrace that will make us wish to go there and always remain there. As in the beginning time, we will make it so that the sound of Divine Principle lectures is constantly heard in our churches.

I hope all of you will be grateful for the work you do day by day and that you will be blessed. Please achieve the best results of your life. Foundation Day is not far off now. Once again, I ask all of you to please become such people.

Distinguished guests from home and abroad, and blessed families around the world!

Today, we come to an exceedingly important turning point in God's governance of His providence. It is unprecedented, historic and revolutionary.

My husband, the Rev. Dr. Sun Myung Moon, the returning Lord, Messiah, Savior and True Parent who came as the root of the lineage of original goodness, has departed for the spirit world. Consequently, we now stand at a providential starting point from which we must inherit True Parents' realm of victory and build the ideal kingdom of peace, one family under God.

True Father's seonghwa brings me, after being together with him my whole life, unfathomable pain and sorrow. It is the same for all of you. Moreover, we cannot begin to fathom the sorrowful heart of God, who is the original substance of eternal love and the True Parent of humankind.

From another aspect, this is also a time of hope. True Father worked in accordance with the heavenly laws—which God established at the time of the creation of heaven and earth—to conclude, complete and perfect all the providential tasks on earth that no one in human history had been able to fulfill. He is now transitioning to the spirit world to exercise dominion over both the spiritual and physical worlds and initiate a new dimension of God's providence. No spoken or written language known to human beings can possibly express the flood of emotions we experience as we stand at this juncture in the providence.

The Advent of the True Parents

As you are well aware, I was led by Heaven to meet True Father in the pure and pristine years of my adolescence. By the providence Heaven had prepared, I received the grace of the True Parents'

Holy Wedding, which is of historic significance throughout heaven and earth, in the flower of my youth at the age of seventeen. I became True Father's companion on the providential path, attended him throughout my life, and worked with him as we walked the way of the providence, which is governed by heavenly law. Although I was young when I set out on this path of the providence, I invested my entire being in fulfilling two primary missions. The first was to bring an end, within my lifetime, to God's providence of restoration through indemnity, which was rife with bitter sorrow. The second was to complete the realization of the ideal world of God's will while attending Father during his lifetime.

God's providential history of salvation has been progressing continuously since the Fall of Adam and Eve, the first human ancestors. No one, however, could complete the providential course of restoration through indemnity, and we could only wait for the True Parents to come.

True Parents' course began under desperate circumstances in God's providence at a time when Satan exercised sovereignty over the spiritual and physical worlds and reigned with full authority. Satan, the progenitor of evil, who had maintained dominion for six-thousand years, feared more than anything else the emergence of the True Parent, who would become the progenitor of goodness. You can imagine how Satan would fiercely oppose this and frantically employ all manner of brutality in an effort to prevent it. True Father passed through a providential course of immeasurable indemnity prior to establishing his position as the True Parent through our Holy Wedding in 1960. Humankind can receive the True Parents only once. The True Parents that emerge are the True Parents for all eternity.

True Father began his providential public life course at the conclusion of the Second World War in 1945. Heaven had prepared Christianity, especially their Korean spiritualist movements, on a foundation of two-thousand years of conditions that Christians had established. It was to have fulfilled the mission of the providential bride by attending and upholding the returning Messiah, who was sent by Heaven so as to open the providence of attending the bride in substance. Christianity failed to complete this providential responsibility, however. As a result, Father lost the entire providential foundation—both the spiritual foundation, the two-thousand-year history of Christianity; and the substantial foundation, the victory of the Allied Nations in World War II. In these providential circumstances, fraught with immense difficulties and challenges, True Father had to act alone to once again carry out the providential course of restoration through indemnity starting from the bottom of hell in Hungnam Special Labor Camp. He endured and finally overcame Satan's vicious attacks, establishing a foundation of victory by having separated from Satan. On that basis, True Father established the Holy Spirit Association for the Unification of World Christianity as the providential bride, replacing Christianity, and on that foundation he received me as the substantial bride and held the historic Holy Wedding. As a result, in 1960, True Parents' course could finally commence.

True Parents' Providential Course

Distinguished guests, beloved blessed families,

How can we describe God, the Heavenly Father, as revealed by True Father? God is not the Creator sitting on His throne of glory and honor; rather He is a True Parent of true love and heart who has

traversed millions of miles in search of His children who have fallen into a state of death due to sin.

In his speech, “The Settlement of the True Parents of Heaven, Earth and Humankind and the Proclamation of the Word by God’s Substantial Self,” which he so treasured during his time on earth, True Father explained God’s existence as follows:

“Ladies and gentlemen, do you have any idea how much pain God suffered the moment our first ancestors, into whom God had invested His complete and unreserved devotion since time immemorial, fell and disappeared into darkness, becoming part of Satan’s lineage? Are you even remotely aware that our Heavenly Father—who endured tens of thousands of years of excruciating heartache so great that His bones shed tears and His flesh quivered—had to go through the long, dark tunnel of indemnifying the human Fall in order to save His lost children? How many of you have spent days and nights in tears, yearning to comfort our Father in Heaven?”

This is how God is. True Father became the very person who experienced God’s suffering with his entire being. With blood, sweat and tears, he triumphed in True Parents’ forty-year course, and finally in 2001 he offered to Heaven the Coronation for the Kingship of God.”

Distinguished guests from home and abroad,

True Parents’ forty-year providential course until the offering of the Coronation of God’s Kingship was a path crossing peaks of misery unimagined by anyone. In a continuous life-or-death struggle against the satanic forces of the evil sovereignty, we were knocked down again and again, but got up again each time to continue the struggle. It was a course requiring life-or-death resolve and the investment of our entire being. We could not let our guard down for a single moment. No words are adequate to describe how True Father voluntarily chose to go to the bottom of hell, suffer hardship in prison at Danbury, and follow a blood-ridden course of indemnity, in order to bring the wilderness era to a close, concluding the six-thousand-year history of the providence for the salvation of humankind.

Despite being the long-awaited Savior of humankind, he led a life of constant indemnity, suffering imprisonment under Japanese oppressive powers, North Korean communist authorities, and the South Korean Liberal Party administration. What he said to me as he headed for prison once more in the United States is still vivid in my memory. “Don’t worry,” he said, “a new world of hope will be waiting on the other side of prison!” As someone who directly witnessed True Father’s noble life up close and walked together with him, however, these incidents brought me overwhelming sorrow. My whole world seemed to collapse around me when I thought of True Father’s dire circumstances, imprisoned in Satan’s den, and having his life targeted by communists. I fervently beseeched Heaven to protect his safety and health. Only Heaven will remember these circumstances in the providence of restoration through indemnity.

The wilderness era finally ended in August 1985 on the foundation of victory established through the sacrifice of Heung-jin, our second son, representing the True Children, and through True Father’s suffering in Danbury prison. With the Day of Total Victory as a turning point, a new providence

began. True Father later met Mikhail Gorbachev and Kim Il Sung, communist leaders who were central figures in Satan's realm, and brought them to submission with Heaven's love. On that foundation, True Father established the Women's Federation for World Peace in the position of the providential bride and placed me in the position of the first and only substantial bride in human history to attend the returning Messiah. I began to proclaim to all of heaven and earth the second advent of the Lord, the Messiah, the Savior and the True Parents. On the basis of this, I undertook the providence of mother-son cooperation for seven years while attending True Father, the center of the providence, and offered that victory to Heaven. Thus the era of Cheon Il Guk, the nation of cosmic peace and unity, began.

On May 1, 1999, during the Day of All True Things, True Father bestowed a great blessing on me. As he presented me with an award to congratulate me for being victorious in the era of mother-son cooperation, which will never be repeated in history, he firmly embraced me and whispered in my ear, "Mother, thank you for your hard work. You have scaled the summit of a great providential mountain." At that moment, I was overwhelmed with emotion and began to weep. Memories of critical moments of having to embrace Cain and Abel while breaking through the opposition of leftist students on Korean university campuses, and of enduring all manner of dangers and concerns during hundreds of speaking engagements in 185 nations over seven years, flashed through my mind like a kaleidoscope as I received True Father's consolation and blessing.

Opening the Gates to the Cheon Il Guk Era

Respected peace-loving leaders and my proud family members,

Looking back, it has truly been an arduous course of restoration through indemnity. True Parents, however, brought a clean end to all of this. They have been victorious and have opened the gates to the era of Cheon Il Guk, in which the era of God's kingship, the era of God's direct dominion, takes root. True Parents upgraded "My Pledge" to the "Family Pledge," and brought us from the era of praying in True Parents' names to that of directly reporting to God in the name of our blessed central family. They opened the Cheon Il Guk era, a new era of the providence amid changes that previously could not have even been imagined.

With True Parents at its center, the system of the absolutely good sovereignty under God's kingship has been expanded vertically and horizontally with the substantiation of the culture of heart. Through the Holy Marriage Blessing Ceremony Opening the Gates of Cheon Il Guk and the Coronation of the King of the Blessed Families on the occasion of my sixtieth birthday (in 2003), the heavenly sovereignty put down vertical roots. It has since been firmly established throughout the world through the coronation of the king of peace for 120 clans and 120 nations. With the inauguration of the Abel UN through the Universal Peace Federation (UPF), the Entrance Ceremony of the Cheon Jeong Gung and the Coronation of the True Parents of Heaven, Earth and Humankind were offered to Heaven. For the first time, the foundation for the substantiation of the ideal envisaged at the time of the Creation was firmly established. With the victory of True Parents' fifty-year course, a providential jubilee year was ushered in, and we proclaimed the era of the heavenly calendar, marking 2010 as the first year of Cheon-gi.

True Parents' Realm of Victory

Over the past three years, True Father did not for a single moment let go of the script of his speech, “The Settlement of the True Parents of Heaven, Earth and Humankind and the Proclamation of the Word by God’s Substantial Self.” He treasured this text and would explain it during hoondokhae whenever the chance arose. The following is an excerpt found under the subheading “My final words for humankind”:

“These are textbooks you will have to read and study even after you go to the spirit world. They are not just teachings that come from the mind of one person; they are textbooks and teaching materials that teach the heavenly way that God has granted to His suffering children for their salvation.

Ladies and gentlemen, I have already mentioned that a life of vertical “noon-time” alignment casts no shadow. If we can all shine as we live such glowing lives, there will be no chance for the shadow of sin to be cast. Those who receive the light will be indebted to the light. I pray that we can now wipe away the tears of people in misery and poverty, and lead an illuminated life of eternal true love that dissipates all darkness.

The True Parents have achieved ultimate unity and offered and proclaimed the era of God’s full transcendence, full immanence, full authority and omnipotence upon the standard of conclusion, completion and perfection.”

Who is True Father?

Respected leaders of peace and beloved blessed families:

As a new providential turning point and new age dawns, my greatest hope is that True Father’s providential stature will solidify. Throughout his life, True Father held dear to each second and minute as he invested his entire being completely for the sake of God’s will. He relentlessly traveled to every part of the globe, and even to the spirit world. I hope the cosmic and providential achievements he accumulated in victories won with his own blood, sweat and tears can become an eternal standard and example for all humankind.

First, True Father is humankind’s ancestor of original goodness—the True Parent. Adam and Eve, the first ancestors of humankind, fell and became our evil ancestors. As Jesus testified, they are the false ancestors. With Adam and Eve’s Fall, God lost the originally created human beings. In other words, He lost His external form.

God carried out the providence of restoration and sent True Father as the final returning Messiah. Through exercising his own portion of responsibility, True Father elucidated the Word, which is the truth, and completed the providence of restoration through indemnity. Through the Blessing Ceremony and Seonghwa Ceremony, he opened a path of rebirth, resurrection and eternal life in the physical and spiritual worlds along which fallen humankind must walk. Consequently, the

original true love, true life and true lineage, as they were at the time of the Creation, can only be inherited from the True Parents, the ancestors of goodness; and the gateway for doing this is the blessed marriage.

Second, True Father is the owner of the eternal truth, in other words, the Word. God formed the whole of creation through the Word. The Word is the truth and the substance. God's love and heart are manifested in form through the Word. Adam and Eve, humankind's false ancestors, defied God's Word and committed the Fall. They were unable to substantiate the Word. Consequently, the Messiah had to search for the Word, the truth from Heaven, as part of his mission's providence for the start.

In response to such demands of the providence, True Father elucidated the Word through many kinds of conditions, victories in separating from Satan, and receiving God's confirmation. Throughout his life, True Father led and directed the providence with the Word. Through the Word, he suffused the world with vitality and life. He nurtured with love while completing the providence of re-creation. As a result, during the Jubilee years in True Parents' course, he completed the eight great textbooks and teaching materials and established the hoondokhae tradition. This, in turn, allowed the pathway to the firm establishment of Cheon Il Guk to open up through the Word and through love within our worldwide families.

The authority of the teachings contained in the eight great textbooks and teaching materials is solely True Parents' authority, and this must be preserved as the eternal tradition, without any change, for all future generations.

Third, True Father is the one who completed God's providence of salvation. As stated in Exposition of the Divine Principle, human history is the providence of salvation and also the providence of restoration. Due to the Fall of the first ancestors, Adam and Eve, a world emerged under an evil sovereignty with the false ancestors as the center. Humankind's misfortunes, anguish, sin and alienation, and war caused by all manners of conflict and hostility all arose from the Fall of those first ancestors. God began the dispensation to restore this world from one of sin and evil into the ideal world envisioned at the time of the Creation—in other words, a world of peace overflowing with happiness, self-sacrifice, service to others, and love. This dispensation has continued without ceasing even for a moment, throughout the course of history.

However, the providence of salvation that continued amid the recurring need for indemnity and restoration was prolonged repeatedly because of the failure of central figures and groups to complete their portions of responsibility. Two thousand years ago, God's only begotten son Jesus came as the Messiah. He was crucified and ascended because of the people's faithlessness. He subsequently promised to return.

Two thousand years later, as was intended and promised, True Father came as the returning Messiah, and achieved victory in the providential course, paying all historical indemnity during his lifetime. It is no exaggeration to summarize the course of True Parents' lives as that of being in a state of constant tension and suffering. It has been a battle through life-or-death confrontations with Satan in the providence of restoration through indemnity.

Thus, True Father concluded, completed and perfected the providence through a forty-year

course as the Messiah, a forty-year course as the True Parent, and a ten-year course as the Peace King, the King of Kings.

Fourth, True Father is the Peace King, the King of Kings. God's will is that a peaceful, ideal world—a world where all people live as one great family under God—be completed. This refers, on an individual level, to personal perfection through mind–body unity, and the perfection of the family through the oneness of husband and wife, parents, siblings, and children. Expanding this concept, we are meant to create a world overflowing with love and peace, where our societies, our nations and the world come together as one.

Since the Fall, conflict between good and evil has been unending, replicating itself from the level of the individual to the entirety of creation. In the end, the divisions between races, nations and religions have brought unfathomable suffering to humankind.

True Parents set as their lives' providential goals the liberation of God, the salvation of humankind and the realization of a peaceful, ideal world, and they have completely invested their lives for the sake of those achievements. With religious activities aimed centrally at a revival of spirituality, True Father initiated a peace movement for all humankind spanning the fields of politics, economics, society, culture, the arts, education, the media and sports. He indicated that a true family is the smallest unit of the kingdom of heaven, and he opened the gates to the true family blessing and blessed marriage between enemies. He made the ideal of one great human family a reality through the cross-cultural and international blessed marriages, which resolve all conflicts. As a result, a coronation ceremony was held in which 120 clans and 120 nations crowned True Father as the King of Peace, and the King of Kings. Humanity's dream is now becoming a reality.

Fifth, as the True Parents of Heaven, Earth and Humankind, True Parents perfected God's stature, and for the first time on earth achieved the perfection that was envisioned at the time of the Creation. True Father had begun the providence of restoration through indemnity from the position of a servant of servants. Following each victory, Satan's sovereignty was gradually eroded, while God's stature was increasingly elevated toward its level at the time of the Creation.

Two thousand years ago, Jesus revealed that God was our father. You are aware that because of this Jesus was accused of blaspheming God, and he suffered the ordeal of the cross. True Parents, however, substantially fulfilled restoration through indemnity on earth, and restored honor and glory to God as the original Creator—in other words, as the True Parent who governs heaven, earth and humankind.

In this way, True Parents' providential stature evolved according to the standard of the providence, and on that foundation God's liberation and complete freedom were achieved. From the Messiah and up through the levels of True Parents, the Parents of Heaven and Earth, the Parents of Heaven, Earth and Humankind, the King of the Blessed Families, the King of Peace, and the King of Kings, True Father proclaimed, in 2010, the settlement of the True Parents of Heaven, Earth and Humankind. That is, God is “the incorporeal True Parent of Heaven, Earth and Humankind” and True Parents are established as the “corporeal True Parents of Heaven, Earth and Humankind” to complete and manifest God's true and essential nature in substance.

Beloved members,

The suffering that True Father and I experienced in the providential course of restoration through indemnity, a course with which not even Heaven could interfere, is beyond imagination. We even had to offer four children of the True Family as sacrificial offerings for the providence. Who indeed would dare to say that they can comprehend this painful course of restoration through indemnity? I have dedicated my life, sharing the joys and pains of life with True Father as his companion, overcoming innumerable trials and difficulties. On that victorious foundation, we, the True Parents, gained, in a providential dimension, the right of equality, the right to live together, and the right of holding the same position bestowed on us by Heaven.

Our Future Path

Respected guests from home and abroad, beloved blessed families throughout the world:

According to heavenly law, True Father will now make the spirit world his base and, while freely traveling between the spirit world and the physical world, he will carry out the providence to expand Cheon Il Guk. True Father will come down to the physical world as the substantial being of the God of Night and shall preside over the providence in a state of oneness of heart, body, harmony and mind with True Mother, who shall continue to preside over the providence on earth as the substantial being of the God of Day. Through the victory of Foundation Day, he will be with you in building the original Garden of Eden on earth. There is no stopping Heaven's providence.

At this new transition point in this historic providence, I want to make clear that I shall inherit True Father's victorious foundation and stand in the forefront to lead the providence on earth. In so doing, I would like to convey the following to everyone:

First, we must absolutely value the tradition established by True Parents as much as we value our own lives, and pass this down to our descendants, the future generations. True Parents established the tradition of love and heart, the Word and principles, the rules and regulations of our tradition, and the tradition of the culture of heart. The hoondokhae tradition of reading the Word, which is the crystallization of True Parents' course in the providence of restoration through indemnity, should become the central practice in each family as well as in the churches and any gathering centered on Heaven.

At the same time, we must go forward in building a new order on earth. Please never forget True Parents' tradition, by which the order and tradition of our organization is based on a complete unanimity that forms a unified body with the True Family centered on True Parents, and the Abel figure at the center.

Second, we must complete the ideal of the blessed family with which Heaven has blessed us. The family is the cradle of true love, true life and true lineage, and the basis upon which is realized the purpose God envisaged at the time of the Creation. Based on the eight verses of the Family Pledge, you should uphold the tradition of the absolutely good lineage with absolute faith.

Our vision for peace evokes pure love, happy families and a peaceful world. Children should be

raised and nurtured with love and through the Word within a tradition of conjugal oneness—through parents who attend Heaven with absolute love. Through hoondokhae, you should foster the firm establishment of the Cheon Il Guk order in your families, and fulfill the ideal of the Blessing, in which the tradition of heart can take root both vertically and horizontally under the standard of “noon-time” settlement.

Third, you have all received the blessing of being tribal messiahs. Thus, you must work to fulfill that mission and responsibility until the time that Cheon Il Guk is completed on earth. Tribal messiahship is the greatest of all blessings given to you by True Parents, because fallen people could not be appointed tribal messiahs were it not for the foundation of victory in the providence of restoration through indemnity. That is why True Parents have consistently emphasized the tribal messiah mission during their lifelong governance of the providence.

The physical and spiritual completion of Cheon Il Guk on earth becomes possible when tribal messiahs fulfill their mission, passing on to each clan the Word, participation in the Blessing Ceremony and a lifestyle of living for the sake of others. Your clans would thereby establish the sovereignty of goodness and realize a world of peace, one great human family. When a victorious foundation is established in each clan, the Abel UN will automatically be safely established on that foundation and the sovereignty of goodness will be completed.

Fourth, all of us must create a community based on the culture of heart characterized by harmony and unity, with True Parents and the True Family at the center. Each of you, without exception, found the path of God’s will because you were chosen by Heaven, because of the merits of your ancestors and because of your own character. You faced immeasurable persecution in order to follow True Parents until entering this realm of victory today. That makes us all a part of a single family, a community of heart centered on one Parent. Division and conflict continue to afflict the world but the Unification Family can become brothers and sisters who can easily transcend race, national borders, and any other barrier. If you can show an exemplary life of giving and live for the sake of others, this dream will surely come true. Especially as we are in this time of great transition in the providence, I ask that you bear this in mind and engrave in your hearts that we must become one with True Parents.

Respected peace-loving leaders and beloved members of the Unification Family,

True Father, in the spirit world, is always with us. He exists without corporeal form, but he will never leave our sides even for a moment. What do you think he desires from us at this time? It is to march forward without pausing. God’s providence must continue until all people are centered on True Parents and a culture of heart overflowing with love and peace takes root, establishing a new order. Moreover, on the basis of the victory of Foundation Day, we should further advance to offer great glory to Heaven and to True Parents and to instill great hope in the world, to continue throughout history.

Beloved members,

I shall be faithful to True Father’s life and tradition. He set the example for us and led by example his entire life, doing his absolute best to achieve victory in the providence. The requests I have conveyed to you today are True Father’s last words as he was departing for the spirit world. I

sincerely pray that you will engrave them deeply in your hearts and that you will all become victorious.

I pray that God's blessings and love will be forever with you, your families and your nations.

Thank you very much.

Fight at the risk of our lives to firmly establish Cheon Il Guk by Foundation Day by working a hundred times or a thousand times harder than before.

We will now make our Unification Church a living and breathing church, as it was in the early days. We will develop it into a spontaneous, creative and dynamic church

As in the beginning time, we will make it so that the sound of Divine Principle lectures is constantly heard in our churches.

Foundation Day is not far off now. Once again, I ask all of you to please become such people.

Mother Sep 30 2012

Some 200 leaders gathered in the Hoon Dok Room in Cheon Jeong Gung at 1 pm on September 30, 2010, 8.15 on the Heavenly Calendar for an assembly presided by True Mother, who gave the words and special instructions you see below. We share the main content of her words with all members with the hope that the church innovation led by True Mother will be accompanied by Heavenly Fortune and tremendous success.)

How can we go back to the early Unification Church that was alive with spirit and truth? Can we become a church where the words of the Principle are taught without ceasing, a church crowded with young people wanting to hear God's word and receive the Blessing? President Eu Hyo Won taught the words of the Principle 16 hours a day. We have to return to that time, when he risked his life to convey God's word despite the difficulties arising from his physical disability.

I am not able to sleep, because I am trying to think how we can create a church increasing with new members, a church filled with vitality. The works that Father initiated are no vast, but my heart aches to think of how we were not able to preserve these in a way that is in keeping with his desire. (Mother sheds tears). I have struggled very much over how we are going to continue these.

I was going to wait longer before making this announcement, but we cannot waste even a day. The son whom I had sent to the United States has returned, so I will make the announcement without further delay. I can no longer suppress my desire to create a Unification Church similar to when President Eu Hyo Won lectured with passion, and so I must make this announcement. The image of President Eu lecturing, even when there wasn't enough food for him to eat, is stuck to my brain and I cannot sleep. The 36 Couples and 72 Couples are the root of our church. They are the ancestors of Blessed Families. I am grateful to them for having remained even through those difficulties. I want to

repay my debt to them before they go to the spirit world.

I want to return to the time when President Eu Hyo Won lectured with all his soul, all his life and all his shimjeong. Will you really do that? (Response: "Yes. We will.") I want to recreate that era when worshiping on Sunday was not the end, where we conveyed God's word through our lives 24 hours a day, where we yearned to see shikku again, where the words of the Principle were taught without ceasing, where we brought people to the church because we were desperate to have as many people as possible hear the words of the Principle. Because I want to do this, I cannot sleep. I cannot eat, and when I try to sleep I cannot go to sleep. I thought I might take sleeping pills, but I was told not to, so I didn't.

But the terrible thing now is that there aren't enough people to do the work. There are no young people. Everyone is in their 60s and 70s. Where did all the young people go? What were you doing all this time? (Mother sheds tears again.) I will step down as Chairman of the Board of Sun Moon Education Foundation. I will devote my full time to the work of the church. Witnessing to new members is important, but it is heartbreaking that we have not been able to offer the second and third generations to Heaven. Twenty thousand second generation have all been washed away into the secular world. Only 100 second generation are available to work now. That's all the second generation who are in public positions now. This is something truly shameful.

So I received Father's understanding. This, too, was something I was going to announce later, but I will do it now. I will sell the helicopter that Father rode in. I told Father I would sell it and use the money to bring the second generation situation under control. If I don't use it, no one will, but if it is left unused it will break down. So I will sell it. But to think of selling the helicopter that Father loved so much... (Mother sheds again and weeps.) I will sell this helicopter and use the money to educate leaders. Once I made this decision, my mind felt more at ease. It hurt my heart that we could not preserve it forever and must sell it. It is the responsibility of all of us.

It puts my mind at ease, though, because we need to let people know about Father, we need to witness, we need to bring the second and third generation situation under control, the Unification Family needs to show incredible growth.

Beginning on the 25th [of the eighth month on the heavenly calendar], I had Bo Hi Pak conduct events at the Cheon Bok Gung to commemorate Father for the purpose of telling people about Father and testifying to him. It is important to make Father known. I am going to reduce the many projects that had been initiated until now. We will focus our energies only on witnessing. My two sons created a miracle at the Cheon Bok Gung. I intend to fill it with love, shimjeong and the holy spirit. So now the Unification Church will return to the pioneering spirit.

Each regional leader will take over as senior pastor in the main church in the region. You will lecture the Divine Principle every day and have revival meetings. Lecture with the shimjeong of President Eu Hyo Won when he lectured at the risk of his life. Itinerate Workers will tour the country with the Church President. These tours will not be only for the sake of the Word. Listen to the situations of each church as you tour and figure out how the church can become a place where the Principle is taught without ceasing. Go the churches in each region and listen to the situations in the field. You must make yourselves so busy your feet will catch fire.

November 2012

What do you think I am going to say at this point? Do you think there is some kind of indemnity, some kind of judgment? If you cannot realize that, then you will have to pay greater indemnity. Do you know that? So what should you do? It's not a matter of just working hard. That's not good enough.

How have you been doing? Are you okay? Please be seated.

How long was it when you saw me the last time? Anyone who came to the Seonghwa ceremony in Korea, please raise your hand. Not so many people. You watched Father's Seonghwa ceremony, and what did you feel?

Lately New York and New Jersey suffered a lot from Hurricane Sandy. I am aware of that, and while I was traveling, I witnessed it, and also I know it was not easy for you to come here today.

I really want to say something nice to you, but I cannot. Do you know why? We know the Divine Principle and we learned the meaning of indemnity. God prepared people for each age, and if they cannot fulfill their responsibility, then people will have to pay indemnity. Without paying indemnity, they cannot really make progress. You know that, right? You know that, right?

You Are Chosen People

What do you think I am going to say at this point? Do you think there is some kind of indemnity, some kind of judgment? If you cannot realize that, then you will have to pay greater indemnity. Do you know that? So what should you do? It's not a matter of just working hard. That's not good enough. You are chosen people. You are chosen family members and you are from the chosen nation, America.

However, in front of God, in front of heaven, in front of humanity, you are very much indebted. In your lifetime, you cannot pay it back. Even if you pay through many generations in the future, still you may not be able to pay everything back. Do you know why? When God chose the Israelites, do you know how much suffering God went through? God finally sent Jesus, his begotten son. He was born, yet what did the people of Israel and Judaism do? They let Jesus die on the cross.

The history of Christianity is 2,000 years and what happened to the people of Israel? They could not avoid indemnity. You need to understand this. I already said, in God's providence, whether it is a people or individuals or a nation, if they fail to fulfill their responsibility, then they will have to pay indemnity. You need to understand that. If so, today what is the situation in America?

America as the Elder Son Nation

Ever since Father founded the Unification Church, he always worked for God. His life has always been public. Out of 60 years, Father spent 40 years here in America. I'm not exaggerating it at all. Our Fatherland is Korea. However, Father invested a longer time here in America. Why? Because Father loved all humanity and Father gave incredible blessing to America as the elder son nation. His

responsibility is to bring all siblings to True Parents. You should think of it day and night. Have you ever thought about that?

At this time, True Parents, the Messiah, the Savior, came here to America. We have a small number of Blessed Family members. Why don't all people know about the Lord of the Second Coming? Whose responsibility is this? If you cannot fulfill your responsibility here on earth, what will happen when you go to the spirit world? There are more than six billion people here on earth. At some point in time they will have to go to spirit world. What will happen?

There are already many spirits in the spirit world, and at that time they will accuse you, and you cannot stand before them. You will have to run away before them. Have you ever thought about it? That's the reason why Father worked day and night without resting at all, all his life. Even myself, I lived with Father. I have never slept more than three hours while I was living with Father. That's why I am always tired. I am a human being too. Yet now our Father went to spirit world and he is beyond time and space, and he will be working harder, right? He will have no time at all to sleep.

I'm saying this today not only for you but for future generations, for your posterity, especially descendants; I want to open up a path for them. If you do not fulfill your responsibility, then your descendants will have to carry a heavier burden. They will suffer more. That's what you need to understand. I'm not trying to give you a hard time. That is a fact.

A Need for a Turning Point

Hyung Jin's couple came to visit Father in Hannamdong [True Parents' residence in Seoul, Korea], and one day Father said, "Okay, Hyung Jin, if I am drowning and your wife is drowning, who are you going to save?"

"Oh, of course, I have to save you first." That's what Hyung Jin said. Then Father laughed. Then Hyung Jin talked to his wife about it. "The reason I said that is because if I don't save True Father first then I will live in hell forever." That's what Hyung Jin said.

What about you? Do you think you fulfilled your responsibility or not? If you didn't, then what should you do? You have to risk your lives and then you have to invest yourself 100 percent. However, the way you have been living will not work. You need to come up with some kind of turning point.

You watched the video of the Seonghwa ceremony. Whether it is Father or me, we are totally united. There is a preparation time period for us to be totally one. Think about it.

Suppose you purchased a house. What do you do once you move in? First, you need to turn on the lights, right? Then you would buy some furniture, and you prepare for the house to be livable, right? Then you can start enjoying life there. The 40-day time period was very important for both Father and me.

Father really trusted you, yet despite Father's trust and love for you, the result is very, very disappointing. Father said, "Maybe I should not have done that." That's why I said, "Okay, let me bring our church members back to the beginning time of our church." Then Father said, "Omma, thank

you.” That’s what Father said.

Our church members in the old days still have the heart of devotion and sincerity. But there was an incredible gap between generations, between the older generation and the younger generation, and Blessed Central Family members, especially senior family members, did not think of the future of this nation. Since you really did not take care of your children better, educate them better, Heaven is really agonizing over it.

Father worked so hard all of his life. He raised all people and Father wanted all family members to really restore their tribes and people in society. If they really fulfilled it, then when Father passed away, we could have sent him off in a much better way. All 6.5 billion people would have noticed what happened. They would have decided what kind of path they had to go. However, we were not prepared for that.

A Pledge to Take Responsibility

I feel we committed incredible sins, and we are very much indebted to heaven. So during this time, I want to see you pledging yourself that you will take responsibility. First, you need to really repent. You must be humble first. Do not ever talk about what you want. There are so many things that we really did not do right. We did not bring good results, and you must be speechless. Even if you have a mouth, you are not qualified to open it. If so, who can you really accuse? You yourselves are the problem more than anything, don’t you think so?

You should wear humble clothes and be really wailing for 365 days. Still, that would not be sufficient because you are such a sinner. You really want to be loved, but you do not want to share love. We could not really make progress. For 40 years, our Father worked so hard, yet our Unification Church members could not fulfill their responsibility. If we had an incredible 100 million people as members, then the situation in America will change, don’t you think? So while I was struggling in America, once again I asked for forgiveness from Heaven.

Mothers should be stronger in educating their children. That’s why I talked to my daughters-in-law, and I said, “You should become even stronger than your own husband.”

The Israelites suffered a lot. They paid incredible indemnity, yet to this day they are doing quite well. Why? Because of their mothers. Did you know that? The same should be true of Unification Church families. You women should be able to do things well and raise your husbands right. Do you know that? So mothers should not be only loving, tender and sweet. Mothers should be able to spank also. Do you welcome it? If you welcome it then applaud out loud.

The Necessity for Repentance and Devotion

Representing the entire world, you need to really repent. Although Father worked so hard here for 40 years, there is nothing you have returned, and you are so unworthy in many ways. Yet True Parents still have compassion over us. We will fulfill our responsibility this time. You Unificationists, I want

you to become that kind of person, please. Will you follow my words? This is the last time that I can trust you. There cannot be another chance. This is your last chance.

Until the end of my life – I don't know how long it will be, maybe 20 years, 30 years – I will do my very best. Every day I'm going to gather some reports from people throughout the world. Do you understand what I'm trying to say? Since I'm going to work that hard, I want you also to work hard as well. Once again, I am pleading with you.

When you go to the spirit world, if Father can say, "Oh, here you are. I'm glad to see you," that's the kind of people we should become. You should become such children of God and True Parents. That's what I wish from you. I think I spoke quite a bit and I'm not going to speak any longer. We need to really express our devotion and love to our Heavenly Father and our True Father.

I suggest to our family members that we can express our love to God and True Father. We can sing for him.

Songs were offered from Various Groups including True Children, Daughters in-law, Korean, Japanese and then American Leaders.

September 2012

Complete unanimity that forms a unified body with the True Family centered on True Parents, and the Abel figure at the center.

uphold the tradition of the Family Pledge, absolutely good lineage with absolute faith. Children should be raised and nurtured with love and through the Word through parents who attend Heaven through hoondokhae,

Third,

Cheon Il Guk becomes possible when tribal messiahs fulfill their mission passing on to each clan in the Word, participation in the Blessing Ceremony and a lifestyle of living for the sake of others.

Fourth,

All of us must have unity, with True Parents with the True Family at the center. You faced immeasurable persecution in order to follow True Parents. That makes us all a part of a single family and a community of heart. The Unification Family can become brothers and sisters who can march forward without pausing. If you can show an exemplary life of giving and live for the sake of others, this dream will surely come true.

Beloved members,

The requests I have conveyed to you today are True Father's last words as he was departing for the spirit world. Our first goal is to do our absolute best and fight at the risk of our lives to firmly establish Cheon Il Guk. Only by working a hundred times or a thousand times harder than before can you repay the love and grace you have received from True Father.

True Father, in the spirit world, is always with us. He exists without corporeal form, but he will never leave our sides even for a moment. What do you think he desires from us at this time? It is to march forward without pausing. God's providence must continue until all people are centered on True Parents and a culture of heart overflowing with love and peace takes root, establishing a new order.

The requests I have conveyed to you today are True Father's last words as he was departing for the spirit world. I sincerely pray that you will engrave them deeply in your hearts and that you will all become victorious.

We will now make our Unification Church a living and breathing church, as it was in the early days. We will develop it into a spontaneous, creative and dynamic church, unrestricted by numbers or systems. We will make it into a church centered on the Principle and on love, which will be like a nest with the warmth of a mother's embrace that will make us wish to go there and always remain there. As in the beginning time, we will make it so that the sound of Divine Principle lectures is

constantly heard in our churches.

I hope all of you will be grateful for the work you do day by day and that you will be blessed. Please achieve the best results of your life.

God's providential history of salvation has been progressing continuously since the Fall of Adam and Eve, the first human ancestors. No one, however, could complete the providential course of restoration through indemnity, and we could only wait for the True Parents to come.

Father lost the entire providential foundation—both the spiritual foundation, the two-thousand-year history of Christianity; and the substantial foundation, the victory of the Allied Nations in World War II. In these providential circumstances, fraught with immense difficulties and challenges, True Father had to act alone to once again carry out the providential course of restoration through indemnity starting from the bottom of hell in Hungnam Special Labor Camp.

According to heavenly law, True Father will now make the spirit world his base and, while freely traveling between the spirit world and the physical world, he will carry out the providence to expand Cheon Il Guk. True Father will come down to the physical world as the substantial being of the God of Night and shall preside over the providence in a state of oneness of heart, body, harmony and mind with True Mother, who shall continue to preside over the providence on earth as the substantial being of the God of Day. Through the victory of Foundation Day, he will be with you in building the original Garden of Eden on earth. There is no stopping Heaven's providence.

At this new transition point in this historic providence, I want to make clear that I shall inherit True Father's victorious foundation and stand in the forefront to lead the providence on earth.

First, we must absolutely value the tradition established by True Parents as much as we value our own lives hoondokhae tradition of reading the Word, which is the crystallization of True Parents' course in the providence of restoration through indemnity, should become the central practice in each family as well as in the churches and any gathering centered on Heaven.

How can we go back to the early Unification Church that was alive with spirit and truth? Can we become a church where the words of the Principle are taught without ceasing, a church crowded with young people wanting to hear God's word and receive the Blessing? President Eu Hyo Won taught the words of the Principle 16 hours a day. We have to return to that time, when he risked his life to convey God's word despite the difficulties arising from his physical disability.

I am not able to sleep, because I am trying to think how we can create a church increasing with new members, a church filled with vitality. The works that Father initiated are no vast, but my heart aches to think of how we were not able to preserve these in a way that is in keeping with his desire. (Mother sheds tears). I have struggled very much over how we are going to continue these.

I am not able to sleep, because I am trying to think how we can create a church increasing with new members, a church filled with vitality. The works that Father initiated are no vast, but my heart aches to think of how we were not able to preserve these in a way that is in keeping with his desire. (Mother sheds tears). I have struggled very much over how we are going to continue these.

I was going to wait longer before making this announcement, but we cannot waste even a day. The son whom I had sent to the United States has returned, so I will make the announcement without further delay. I can no longer suppress my desire to create a Unification Church similar to when President Eu Hyo Won lectured with passion, and so I must make this announcement. The image of President Eu lecturing, even when there wasn't enough food for him to eat, is stuck to my brain and I cannot sleep. The 36 Couples and 72 Couples are the root of our church. They are the ancestors of Blessed Families. I am grateful to them for having remained even through those difficulties. I want to repay my debt to them before they go to the spirit world.

I want to return to the time when President Eu Hyo Won lectured with all his soul, all his life and all his shimjeong. Will you really do that? (Response: "Yes. We will.") I want to recreate that era when worshiping on Sunday was not the end, where we conveyed God's word through our lives 24 hours a day, where we yearned to see shikku again, where the words of the Principle were taught without ceasing, where we brought people to the church because we were desperate to have as many people as possible hear the words of the Principle. Because I want to do this, I cannot sleep. I cannot eat, and when I try to sleep I cannot go to sleep. I thought I might take sleeping pills, but I was told not to, so I didn't.

But the terrible thing now is that there aren't enough people to do the work. There are no young people. Everyone is in their 60s and 70s. Where did all the young people go? What were you doing all this time? (Mother sheds tears again.) I will step down as Chairman of the Board of Sun Moon Education Foundation. I will devote my full time to the work of the church. Witnessing to new members is important, but it is heartbreaking that we have not been able to offer the second and third generations to Heaven. Twenty thousand second generation have all been washed away into the secular world. Only 100 second generation are available to work now. That's all the second generation who are in public positions now. This is something truly shameful.

Beginning on the 25th [of the eighth month on the heavenly calendar], I had Bo Hi Pak conduct events at the Cheon Bok Gung to commemorate Father for the purpose of telling people about Father and testifying to him. It is important to make Father known. I am going to reduce the many projects that had been initiated until now. We will focus our energies only on witnessing. My two sons created a miracle at the Cheon Bok Gung. I intend to fill it with love, shimjeong and the holy spirit. So now the Unification Church will return to the pioneering spirit.

Each regional leader will take over as senior pastor in the main church in the region. You will lecture the Divine Principle every day and have revival meetings. Lecture with the shimjeong of President Eu Hyo Won when he lectured at the risk of his life. Itinerate Workers will tour the country with the Church President. These tours will not be only for the sake of the Word. Listen to the situations of each church as you tour and figure out how the church can become a place where the Principle is taught without ceasing. Go the churches in each region and listen to the situations in the field. You must make yourselves so busy your feet will catch fire.

What do you think I am going to say at this point? Do you think there is some kind of indemnity, some kind of judgment? If you cannot realize that, then you will have to pay greater indemnity. Do you know that? So what should you do? It's not a matter of just working hard. That's not good enough.

A Need for a Turning Point

I feel we committed incredible sins, and we are very much indebted to heaven. So during this time, I want to see you pledging yourself that you will take responsibility. First, you need to really repent. You must be humble first. Do not ever talk about what you want. There are so many things that we really did not do right. We did not bring good results, and you must be speechless. Even if you have a mouth, you are not qualified to open it. If so, who can you really accuse? You yourselves are the problem more than anything, don’t you think so?

You should wear humble clothes and be really wailing for 365 days. Still, that would not be sufficient because you are such a sinner. You really want to be loved, but you do not want to share love. We could not really make progress. For 40 years, our Father worked so hard, yet our Unification Church members could not fulfill their responsibility. March 7 2014

I am sure that you have heard often that you should accomplish your mission as the Tribal Messiah. With what heart should you do that? You must think as if all people are your children. If so, and they are suffering and living in hell, can you leave them alone while only you go to Heaven? Of course not.

Still, when we think about the grace we have received from God and True Parents in comparison with how much we have been able to return, we feel we have been so insufficient.

This reality may not be fully apparent while we are living on earth, but in the spirit world we will all come to see clearly the full results of the life we lived on earth. At that time, I don't want any of you to experience pain and regret because you belatedly realized that you didn't take the path of loyalty and dedication before Heaven during True Parents' life time.

In many Christian churches, the majority of the congregation is getting older and older, isn't it? We must be different. That's why, on the occasion of the first anniversary of Foundation Day, I gave scholarships from the Wonmo Pyeong Ae Foundation to 1,200 students all over the world. They are our future. They will be our talented leaders within three to four years. This was big news in Korea, and many people in the political, economic, and academic fields were surprised by the news, which continues to be covered in the media.

The times have changed. We should also change, shouldn't we? We have a big hope. I guess you have heard the saying that the more happiness you share, the bigger your own happiness becomes, right? With big blessings, come big responsibilities. God expects that you can fulfill that responsibility by exercising your own free will. In other words, it is really up to you, not True Parents.

For my part, I have determined myself to work hard to successfully conclude all the things that True Father wanted to establish here in his final years. In fact, I am very tired. I have a blister on my lip, and I have had no time to rest. But I had to come. The foundation here has been established by the blood, sweat and tears of True Parents. Now is the time to make your contribution count. You shouldn't lead your life like you did yesterday. You must think of today, and tomorrow, as a time of great hope and possibility. I am telling you now that we should all change from now on. Amen!

True Mother’s expectation for America

North and South America will unite and work together

Now is the time for America to testify to True Parents of Heaven, Earth and Humankind and create a substantial foundation.

let us begin the second half of 2013, through our unity between members and leaders in America

April 1 2015

This Country is God's Homeland

On the first day of each month, True Mother holds a public gathering for Hoon Dok Hwe (study of scripture) at the Cheon Jeong Gung Museum. On April 1, 2015 True Mother shared a message on God's Homeland, after reading an excerpt from the Cham Bumo Gyeong. Read her full message below and view footage on ipeacstv's weekly update.

I have often said that there isn't always such a thing as the right time. We must take into consideration the topic of today's Hoon Dok Hwe, what is happening in reality today and the selfish calculations of the superpowers surrounding Korea. This nation, which must realize God's word, is God's homeland and True Parents' nation. What should be done in this present situation in which superpowers such as China, Russia, the United States, Japan and other countries seek only their own national interests?

Recently China has been saying it will have control over even banks as part of its endeavor to expand its power. Korea also became a member, didn't it? [True Mother is apparently referring to the Asian Infrastructure investment Bank]. Several nations in Europe have allied themselves with China too, haven't they? When seeing this state of affairs, what thought comes to you? For Korea to survive even in a balanced state of power hasn't been easy. That is because leaning to one side, whichever side it may be, could make circumstances more complicated.

Quicken your pace

We have set goals to achieve by 2020. Even if we attain these goals, we still will have a long way to go. The world is too wide. Let us take religion as an example. Should religions that recklessly kill people because of the slight differences existing between them exist or disappear? This brings shame to the name "religion." Human beings could be called God's greatest work; yet there are religions that still mistreat human beings. How did all this happen? It happened because we did not properly know God. The path we have to follow is endlessly wide and has obstacles everywhere. What should be done?

This nation, True Parents' fatherland and God's homeland, is still divided in two. North Korea keeps shooting missiles as a survival tactic. It is as if they are trying to say, "If you threaten us, we will act." Can we just stand by and watch this continue? Is there a way to bring about the reunification of the two Koreas? Is there an alternative that can bring unity to this nation? A new era has opened centered on Foundation Day. Can we let what True Father said, and the fact that he has completed everything, come to nothing? There is only one method, one way. It is the True Parents. Do you understand?

I am saying that you should quickly fulfill your tribal messiah responsibilities. In the future there will be many university graduates; yet people say there is no guarantee that these graduates will find a job. Right? We can give them jobs. Do you really think major companies can eternally maintain their businesses within the family? We live in an extremely competitive society. On the other hand, we are different. When one restores a person to God's side, that person will restore another healthy person like him or her to God's side too. This is witnessing. Through witnessing, we give hope to others, and those recruited will honor God's Will and think, "Ah! I should try living more for others!" For

example, the person might think, "I should work not only in Korea or in this society alone, but I should turn my sights on the world!" If this happens, the person will become the greatest global citizen in this era.

Why did you think witnessing to someone and sending that person out as an evangelist is difficult? If those who cannot find a job after graduating from university listen to True Parents' teachings, receive training, go out to the world and teach Korean in different countries, not only will they be elevating the status of God's homeland, Korea, but also they will find a way to make a living. Hence, they will be grateful to you and welcome you for it. If you gradually expand your environment in this manner, you can become leaders. This system of ours is a means of organization that young people should learn first in order to survive in their struggle for existence. We must revitalize CARP.

Protect God's homeland

Don't we have to save Korea? Korea is still not in a position in which it can stand on its own feet. As God's homeland and the nation where True Parents were born, can we let Korea be poorly treated? From the perspective of God's Will and the providence, we are following the eternal path, while today's governments and all other organizations will disappear one day. As time passes, they will dissolve. We will not. They can assert that they can speak and act without any responsibility attached. Yet we cannot. We must complete our responsibilities. Each one of you and your families have lived and joined hands with True Parents in this age. As Unificationists who joined as adults and as those who were born into our faith, you must fulfill your responsibilities.

The reunification of the two Koreas must be realized by 2020. How unfortunate is North Korea! They have no food to eat but keep shooting missiles. They may be doing so to feel secure internally, but that is not something to be done. A leader should never let the people he or she is leading go hungry. I wonder what sense of ownership they have when thinking and acting. If they are doing something wrong, they should be educated. China is gradually expanding its influence and will not leave Korea in peace. If that happens, Japan will not either; nor will the United States leave Korea alone.

That is why I have worried about this for a long time. This nation, which is where the providential history came to fruition, must be healthy. It must become a nation that can stand tall among the world's nations. Being God's homeland and True Parents' birth nation, Korea is the center of the world. Hence, we cannot allow the center to suffer. I have to protect this nation while I am still alive. If I go to the spiritual world too, who will do this? That is why I have asked you to find ways to become a neutral nation.

There is a reason why I sometimes visit Switzerland. I do not go there just to observe the natural scenery. Among the permanently neutral states are Switzerland, Costa Rica and some other countries. Centered on the Korean headquarters, all organizations should research ways to do this and should work on widening the thoughts of the Korean people through the Segye Times. China, Russia, the United States and Japan are now seen as the four superpowers, but we should not let them treat Korea as they wish. Therefore the two Koreas must be reunified before they do that. You can imagine how much I worried about this as a result.

The reason why I am working so hard is to save this nation. What is my purpose in saving this nation?

It is to save the world. The Korean people have nothing to boast of. Korea does not have abundant tourist attractions as Brazil does. It does not produce a lot of gold and silver as some countries do; nor does it produce oil. It has nothing. Through what means, then, can this nation center itself and be able to stand tall in front of the world's nations? There is only one way, and that is through the True Parents. Through the truth, the truth; only through the word can it shine.

We Must Be As One

You should change your way of thinking, beginning with those who are here. This nation must first safely stand upright, because it is to become a firm foundation for the substantial Cheon Il Guk. If an owner cannot do what an owner does, that is a serious problem.

From now on, doing one's best is not enough. We must risk our lives to defend God's homeland. Only by doing that, can we keep our honor as people who have lived in this age. We cannot do this by just living well. I am asking you to join hands and speak out in one voice.

All nations are like sons and daughters in front of True Parents. They are sibling nations. How sad must the spiritual world be? Those in the spiritual world have high expectations of each one of us. We should change from now on. While doing Hoon Dok Hwe every day, we should be able to say, "I will spend my day in this way today. I will practice this at all costs."

In the evening, we should be able to say, "I did it." The next day, we should again be able to say, "I will do even greater today." We should be able to give reports reflecting development in this way. We should not have the same reports yesterday, today and tomorrow. Can we change? We must change. Only by changing, can Korea survive. By doing this, we also can survive and our descendants can grow well with a heart of gratitude toward us.

Let us think and think again, receiving heaven's wisdom, and then go forward changing the nation and the world mobilizing all the methods, all our ability and everything that we are capable of as humans. Without having changed them, there will be no future for us. We have to change them."

True Mother said, "Now is the time to offer results before Heaven. Going forward, use different methods from the ones you have used before. Be always focused and productive and you will survive. More specifically, find creativity in your ability."

True Mother said, "Let's have a meaningful life of offering results before Heaven."

October 26 2014, True Mother's Address

October is a beautiful time of harvest. All the Unificationist families around the world, today, what have you harvested today? For 6000 years, the word blessing is the word that humanity has been waiting for and it is the word that Heavenly Parent's has been longing for. In this fallen world, before this word "blessing," could come about, there were great efforts invested by our Heavenly Parent and much sacrifice on the part of our True Parents in indemnifying the 6000 years of providence. Upon that kind of foundation the word blessing could come about. We should be thankful for this word. To the Unificationist families today, now that we have gone beyond the second anniversary of True Father's Seonghwa and now we are moving into the third anniversary of True Father's Seonghwa, what kind of determination should we have in our hearts? Before he ascended to the spiritual world, True Father's last words to us were to please fulfill our mission as new tribal messiahs.

And with how much seriousness have you been working towards fulfilling this goal? Today, there are families that have already fulfilled their tribal messiahship by giving the Marriage Blessing to 430 families. Today on this occasion we are congratulating them and we are thanking them and we are making a new determination that we will also fulfill our mission as new tribal messiahs, just as they have done so.

I told you that to this fallen humanity, the word blessing is something that you can be reborn through thanks to the marriage blessing given by True Parents. If this fallen world is a world that has been contaminated and filled with disease then this blessed world is like the pure water, the water of life. How do you regard this idea? You as families who have received the marriage blessing, you still have responsibilities. Think about it: even if the water is pure, if it does not flow, and is standing still, what happens? It begins to rot. Even though that water is pure, it has to move. It has to move forward to create the vast ocean. This pure water of life will give new life to dead beings. This is our mission as the new tribal messiahs. This movement of new tribal messiahs will become a vast wave and it will go through Thailand and Philippines and through many Asian nations and it will reach out to Europe and North and South America and onwards towards Africa and Oceania. It is right now moving towards the great oceans. Whatever this great wave touches the once dead beings will be reborn with new life.

In this world as it is today, there is nothing from it that we can expect. The only thing that we can do for them is to let them know True Parents through us. This is how, through our families, tribes, societies and nations, they will unite with True Parents and ride this great wave and move through all the continents and the oceans. This is the only way we can create that one world under God which was longed for by our Heavenly Parent and True Parents. Heaven and earth will finally be established. For that day to arrive, all the Unificationist families around the world should unite in one mind, one body and one idea and one harmony and they should follow True Parents with absolute love, obedience and faith.

To these people of the world who are suffering like orphans, we have to tell them that we are their brothers and sisters instead of just staying idle and doing nothing. Will you stand up? Today, this time, is the time when we have to become one. We have to unite and, to this world, we have to tell them with pride that True parents have come and True Parents have done great works and that True Parents are victorious. We have to tell them that without fear! Whatever you do In the name of True Parents the entire physical and spiritual realm will be with you so what are you afraid of?

Please proclaim with pride—let the world know that you are the proud sons and daughters of True Parents! That is the only path leading to the Heavenly Kingdom where all seven billion people should go. Only then can you become such ancestors for these people and with that in your heart I pray that all of you can become good sons and daughters and loyal subjects. Thank you.

True Mother's Address Leaders' Assembly 3-5-2015

You who are gathered here today are the leaders of the Unification family. You are Blessed Families. Also some of you have worked for the providence for 50 years, 40 years, 30 years or 20 years; I'm sure many of you have been here for most of that time. What I would like to ask you now is, in your entire life, what can you say you can be proud of before Heaven? Throughout your entire life, you've lived in difficult conditions yet you worked with the mindset thinking, "I am grateful, and I will do my best to further develop what I have." However, I honestly believe there are not many of you who lived like that. A few days ago I said to the leaders, from now on we are in a new era as we enter the third year of Cheon Il Guk. Everyone, all the Blessed Families of the Unification Family, must move forward with a unified will and unified determination centered on True Parents. Be healthy, be strong and really grow very profound and deep roots. This is the message I gave.

I spoke about the olive tree as an example of this. The olive tree lives and grows in very barren conditions. I'm sure those who have been to Israel know that it's not a fertile land. In this difficult environment, it takes the olive tree 15 years to grow its roots—not one year, not three years; it takes 15 years. How does the olive tree survive in this scorching, hot desert? Furthermore, locusts, as described in the Bible, are really very scary when they move in huge hoards. After the locust hoard comes into one region, all of the vegetation is devastated. However, the olive tree releases a chemical reaction that protects it from the locusts, and all surrounding olive trees receive this warning signal from the first tree and emit the same chemical into the air, discouraging the locusts from coming near them. So as we can see, what we can learn from nature is truly beautiful and very profound. This is why, in the Bible, we learn about the true olive tree. So the story of the true olive tree has lingered for 1,000 years, 2,000 years; even today there are olive trees that have lived for more than 2,000 years. We need to learn from this story. Centering on the True Parents, ask yourself: how deep has my blessed family planted our roots?

This year is the year of the blue sheep (cheongyang). "Cheong", in Korean, means blue but it also means clear, transparent. It means crystal clear. It means as natural as it gets. The sheep is an animal that is very special. When God created the sheep and when God created human beings, out of all the animals that God created for human beings, it was the mildest and is the only animal that lives 100% for the sake of others. It is an animal that is truly selfless, isn't that true? This animal is considered holy as it was used as an offering (in the Bible). This is why the sheep is a clean animal. It's an obedient animal and the sheep doesn't think of itself. The sheep follows the owner and is grateful and this is why no matter what the owner does, even when the owner puts a knife to its neck, the sheep doesn't emit any sounds. However other animals, like the cow, are not the same. When we look at this aspect of the sheep we see that we need to learn from this animal. We need to learn the wisdom that is found in nature. Through True Parents we have been learning that we need to become true people—true families.

I would like to give you another example today. In Peru there is the famous location, the Machu Picchu site. I'm sure some of you have visited this famous tourist attraction. I'm sure all of you who've been missionaries to South America have visited this location. Machu Picchu is located 2,000 meters above sea level deep within the mountains. People built a city high up in the mountains. They also built stairs and all of the fields of rice patties were built over wide steps. You can see the remnants of these fields even today. When we go up in the high mountain we can see that there are a lot of clouds. It's very cloudy and at the bottom; because of the clouds, you can see lots of streams and lots of water. However, at the top of the mountain you can see the sun and the sunshine. So, what I am trying say? I'm trying to say that the Incas lived in accordance and in harmony with nature. This is how they built their nation. So have you thought about how these people got their water? How did they supply the entire city with water? I'm sure you're curious. The only way was to adapt to nature. This is why they made canals. Maybe they had reservoirs. Through these canals and reservoirs they were able to supply the necessary water to grow all the fields of crops they were farming. This is what I have been reflecting upon.

We have entered the third year of Cheon Il Guk. How should we move forward toward Vision 2020 to be victorious and obtain results that we can offer to our Heavenly Parent and True Parents? I'm sure you've thought a lot and discussed a lot as you contemplated this point. One thing we need to do is not continue with the old ways we have followed up until now. There cannot be development if we continue forward in our old ways. This is the conclusion, this is the obvious conclusion that we reach and incidents have supported our coming to this conclusion.

We don't really have enough time to fulfill Vision 2020; however, in order for our Heavenly Parent and the True Parents together, as the king of kings, to carry out the providence of Cheon Il Guk, we need citizens to populate it. Without the inhabitants can there be a reigning king? You Blessed Families, you need to complete this responsibility. Please do not think this is just a Blessing for me or my family alone. With that mentality we cannot think towards the future. This has happened before. It is shameful to think in this way. Am I speaking the truth? Yes or no?

We cannot wait any longer; we cannot ask the providence to wait. This is why the Incas built their nation high up in the mountains and they supplied food in the mountains. They did not have the ability at that time to draw water up 2,000 meters above sea levels. This of course is now possible today. That is why they had to rely on heaven and heavenly fortune. They had to really adapt to the conditions they were living in so from the very top down, they could live by sharing equally. Even in Korean we have the saying, "Everyone in the position of authority and responsibility must become like crystal-clear water". The water from the top must be clear in order for the water running to the bottom to be clear. From this point of view the leaders must repent once more and follow the tradition of True Parents and stand at the forefront of the Providence.

Become the models and stand tall before the entire world and together, testify about True Parents; testify that your families received the Blessing from True Parents, lived in the same era, and have fulfilled your responsibilities as Heavenly Tribal Messiahs and in so doing, your families have established a legacy of becoming true olive trees that will remain for generations and generations with roots so deep, these families will continue on in the way of True Parents for two, three or 4,000 years into the future. As long as we attend True Parents and become one with them we will always be eternal; we will be eternal, do you understand? This is why, at this time, after much thought—can I say it?

In order to have a proper organization the center must be established. So, henceforth, all the major events that take place twice a year will be hosted by the FFWPU International headquarters' team. For this reason, the FFWPU International President will be Sun Jin Moon. I appoint Sun Jin Moon as our International President. Thank you, thank you. I will give her the certificate of appointment soon so you can applaud more after that.

On March 5, 2015, Sun Jin Moon opened the first full day of the Leaders' Assembly with an address on behalf of True Mother.

Read the Opening Address

I think Sun Jin Moon is very humble and she gets embarrassed easily and she's like a sheep (laughter) so, this is partly why I appoint her. Next to her she needs her husband, that's why I appoint In Sup Park as the FFWPU International Vice President. More than anybody else they represent the True Family and they have selflessly followed True Parents' tradition, showing you the example. Together with you, they will move us toward the fulfillment of Vision 2020 and they will build together with you the eternal Kingdom of Cheon Il Guk and build a foundation for the eternal king of kings, the True Parents of all seven billion people of this world. I hope you will help them wholeheartedly.

I made several internal personnel changes as well. Now, centering on the International President, the director general of FFWPU International Headquarters will be Man Ho Kim and through Man Ho Kim I will give all my directions. I will get rid of unnecessary man power and time. How can we all

become one and like an arrow really reach the hearts of all the 7 billion people around the world? I really hope that you will work as hard as possible for the sake of creating one united world. I made these decisions with that wish in mind.

Fulfilling Our Mission as Heavenly Tribal Messiahs

When we talk about November, we refer to it as the season of harvest and the season of fruition. I do not think those who are sitting here today are in the springtime of their lives. Is it autumn, or is it winter? How much assets do you have?

Your assets are your brothers and sisters. You have heard many times how important it is to fulfill your responsibilities as heavenly tribal messiahs. Yet, people tell me that it was difficult because of this and that, and that there are so many situations to consider. If we really thought that this was our last chance, how would we respond?

As people who know about the eternal world, if you knew that you could never see another spring again in your lives, what would you do? Especially as people who have pioneered and worked with True Parents while they were on the earth, you have a responsibility. Adam and Eve fell because they were not serious in addressing this issue.

You just saw on the screen a brief cut about the life of a monarch butterfly, which is only about three to four centimeters in length. The size of its brain is about the same as the tip of a needle. Yet, a new butterfly born as a larva flies to the very place where other butterflies had gone and died. Isn't this profound and mysterious? Human beings use a compass and what they have learned to find their way. How could this tiny being with a brain the size of a dot—I mean smaller than what you'd get if you prick something with a needle—navigate to safety, multiply and fulfill its responsibility? When we observe these things, we are humbled by Mother Nature to realize that we should be so much more serious about fulfilling our own destiny and responsibility. Yet, you are people whom Father remembered when he was alive. You are people he kept in his heart. That is why he said that he would place you in the position of Cheon Il Guk owners in the new era. Think about this. A king cannot exist without his subjects. As you carry out your responsibilities as a national messiah or a tribal messiah, you need to raise people, your subjects. You need to witness. Only then can you fulfill your given responsibilities. A person who fails to fulfill his responsibilities is without a future.

I am sure you all want to leave a glorious name and legacy that makes True Parents proud and happy. The reason why I called you here today is because I love you. I love you all. I want you to advance

together with me. If we had already come to this realization and made effort, we would not have sent True Father off at his Seonghwa in this kind of environment. We would have been able to send him off on top of a national foundation. When you think about this, do you know how blessed you are that I am alive today? That is why you should not put off fulfilling your responsibilities.

Dr. Lek and that couple in the Philippines that was successful both started from nothing. They started by themselves. If they can do it, so can you. You have been following True Parents for forty and fifty years. You are blessed families, elder couples and national messiahs and hold other fancy titles. Yet, the point is whether you have done that much more of your responsibility with each title. That is the issue.

As Secretary General Kim Man-ho just reported, there is no reason why Korea cannot be the home for the fifth UN office. It can. If it can't it's because of us, because we didn't yet fulfill our responsibility. Imagine what would happen if our influence grew.

You need to have a greater sense of responsibility. Do you understand? Do not put this off until your children's time. Didn't I tell you that I would bring an end to the arduous six-thousand year providence of restoration through indemnity in my lifetime? My children also have their own portion of responsibility. Why would you not have it too? I gave you a chance. The conclusion is that you should no longer postpone fulfilling your responsibility.

So, will you make this determination and stand up? A minute ago, Rev. Kim Myeong-dae mentioned that nothing is impossible if you offer devotion for one hundred days. If you can unite in heart, body, mind and harmony with True Parents and live each day in such a way, nothing can be an obstruction to you. The environment will draw everything to you. You are living in a time where you can actually feel these things happening. If we open our hearts we will see it. Should you be less than a monarch butterfly!

I personally enjoy watching nature documentaries. I have watched many. I heard the other day that there is a certain bird that lives in Alaska called the long bill. When preparing for the winter, the long bill flies nonstop for ten days to Austria. Isn't that amazing? It flies nonstop. It prepares itself before the flight. Who taught it to do that? So many things in nature are truly humbling.

Have we ever strenuously made effort, like this bird, for ten days, without eating or sleeping, for the

sake of restoring our neighbors, our tribe or our nation? Even this bird, which cannot speak, exerts itself in this way to multiply its own kind. What can we say for human beings who were created as the lords of creation? We are our Heavenly Parent's masterpiece in all of creation. Should we be any less than a butterfly or a bird? We should not let ourselves be put to shame.

True Parents have taught you this—they taught you everything—how to live and how to bring closure to your lives. When I say bring closure, I mean making arrangements in your environment so that you can live eternally with True Parents in the eternal world.

Don't say that you are old. Are you old just because you are in your seventies? That's why I have been telling you to take good care of your health and to exercise. Don't you want to become younger? You first need to have a younger mind.

In the early years of the church, when you first encountered God's word, you were excited and felt as if you could gain the nation and the world at any moment. Over the years many aspects of the environment have formed. The issue is now about you.

The Bible was translated into English, and then the Puritans crossed the Atlantic in search of freedom of religion and migrated to America. They risked their lives at that time. Later, many of them would starve to death even while they kept the grain they had brought to sow seeds in the coming year. They were thinking about their future generations. When the crops bore fruit and were harvested, the first thing they did was offer thanks to God. That is basically the origin of Thanksgiving Day.

I think turkey was the closest and most substantial meat they had at that time. Anyway we are told it was turkey. So even though it's a bit early, I would like to treat you all to turkey today.

There is a sign marking the place where the Pilgrim Fathers had arrived at Plymouth Rock in 1620. Shouldn't you become victors and progenitors? Shouldn't you be wearing such a nameplate? Yet, can this be done just by talking? If you want to live up to your faith, you need to move your body.

Do you understand? Will you do that? Can I trust you? I very much want to believe you with a pure and loving heart. Inspire me with joyful testimony I can share with True Father in heaven.

October 1, 2014, Korea

We are brothers and sisters who realize the dream

October is usually referred to as the month of liberation and the month of harvest. Have you been working hard on your harvest? Anyone of you can say that you follow the way of God's will, but that does not mean you are preparing for the future. What are your dreams? Most of you here today are probably in your late fifties. The young people attending from the outreach revival group; please stand up. For everyone else who is seated, though you have lived for more than fifty years, there is no guarantee that you will live for another fifty years. With this in mind, consider: what were your dreams and when will they come true? A person who is late in years and has not been able to establish a successor cannot achieve their dream, because they have no one to carry that dream forward.

Do You Have a Dream?

Among Korean Unificationists, there are many age gaps. I have been looking for leaders that can ignite a new youth movement; sadly, I can't find anyone. There is much you still need to work on. As parents, you need to open the way for your children by emulating True Parents. You were determined to love and respect True Parents throughout their lives, but were you also determined to achieve their dreams? This vision must not end with your generation; instead you need to strengthen the foundation and environment that will enable this dream to be continued, developed and realized. A person with a dream is young, even at the age of seventy. No matter how young you may be, if you do not have any dream, there is not much guiding your life.

You have repeatedly heard that the physical world is where we prepare for life in the spirit world, the eternal world. What did the Hoon Dok Hwe we just studied say about the physical world? It said that this is where we prepare to harvest grain for the other world—grain that is ripe, intact and uneaten by bugs! Only when that grain is stored in the heavenly warehouse can our Heavenly Parent connect with you with love. Our lives here on earth are a short moment. From now on, put your faith in practice and act to fulfill that dream. Cheon Il Guk, God's Heavenly Kingdom, is the substantiation of that dream.

When I am able to sit a while and watch the grains in the field blow in the wind, like golden waves on the land, many memories and thoughts come to mind. I wonder whether farmers in Korea are happy now that the harvest season has arrived, but I learn that, on the contrary, they have more worries. Our

farmers in Korea are struggling with the issue of rice importation to Korea. All nations must be able to live well. Because of this problems surrounding the importation of rice, many places may suffer disadvantages during the distribution process of what little rice comes in. Such things happen because there is no true owner in this country or the world. You need to look to True Parents' example. A single word from True Parents should be able to put everything in order, but because this isn't the situation, people keep fighting and disputing issues. When you observe that, what do you feel?

Can I hold on to this dream of hope and have hope in you? I ask the young people in particular to develop dreams through which your courage saves the nation and the world. What matters is to begin. You are truly blessed people. Even if everyone has received the same amount of blessings, the people who develop those blessings well and expand the good environment through that become noble people, don't they? Those who fail to do so, do not. If you are wise people, what do you need to do? You received the Holy Marriage Blessing in True Parents' name and now have children and grandchildren. In light of that, how will your future descendants—hundreds or thousands of years from now—assess you?

Growing Seeds

Heaven is alive. I receive reports from the special emissaries I deployed to each region of the world almost every day. No matter what the environment, once a seed was planted, it grew. It bore fruit. This is amazing. I received a report from the special emissary to the Middle East. One cannot freely speak about God in the Middle East due to the current environment. Unificationist families there, however, have settled and preserved their families with a standard of absolute faith and absolute obedience to God's Will in such remote areas and are making the effort to find ways to bring people back into a relationship with God. According to the special emissary, he is greatly moved by these hard-working Unificationists and tours the Middle East with a heart of gratitude. Motivated by the word alone, these families are determined to work hard throughout their lives and all around the country. You, however, live in a different environment. Here, you are receiving a lot of support. Among the Unificationist families in the Middle East, there is one Unificationist who is making all kinds of effort to realize the dream of Cheon Il Guk despite the severely constricted environment. When asked how much support he needed to continue his work, he replied he needed only \$500.

There is much more we can do. Those following the way of God's Will from a very comfortable position can do so much more. In order to do that, you need to reach out to others continuously about our faith. If you do not reach out and just keep receiving grace without bringing growth, you—who are just like any other dedicated Unificationist—will be in debt. I felt sorry for not paying much attention to those who have been working hard until now. That is why I appointed special emissaries to report their stories back to me. I plan to give them a lot of support. In order to do that, Korean

Unificationists need to engage in a lot of outreach activities and become a central nation that can send many missionaries around the world. Isn't that correct? Korea needs to become the source nation. However, it has not been able to do that yet, has it?

“We are brothers and sisters who realize the dream”

In light of this, I am greatly interested in the Collegiate Association for the Research of Principles (CARP), the youth movements around the world, as well as all providential organizations. Isn't our goal to build Cheon Il Guk? We need to become devoted children and patriots that bring forth many Cheon Il Guk citizens. Isn't this how you can save your family and community and liberate humankind? While I am on earth, you need to let all seven billion people know of True Parents' emergence. They are in a very pitiable position without knowing about True Parents, so you need have that sense of responsibility. If you have not been able to guide your children to this standard, reach out to them and guide them to it.

The season of harvest is a good season for outreach. Please print the slogan, “We are brothers and sisters who realize the dream” on vests or jackets and ask the members of the outreach revival group to wear them. Then many people will wonder what the dream is when they see it. So please make it look nice. We are in an era different than those of the past. We need to be ahead when it comes to outreach methods, and you need to start in gratitude and joy. Isn't reaching out and bringing one life a joyful thing? The world is gradually collapsing. Isn't the fertility rate in Korea the lowest? Our young people must reach out about our faith and change people's mindset, especially about the importance of having and raising a family. True Parents—the path we are following and our vision alone—can save the world. Only True Parents can save this country, bring unity between the two Koreas and bring together Asia and the world. The hope for this is great. It is just as True Father said: “isn't God giving us results equal to our efforts?”

Please guide the revival group well. They are restarting our outreach efforts with fresh determination. Please pray that the revival group succeed and that our young people awaken and the church revives. When this happens, the whole church will live. This is our joy.

September is the month of harvest. At this providential time of harvest, our responsibility is to witness—to find the many prepared and ripened grains; Hence, you should boldly let people know about True Parents. Have you seen the recent popular Korean movie, *Myeongryang*? In this movie, there is no owner of the world. The people's hearts feel empty as a result. The leaders were not able to truly lead the people and help them. That is why when Admiral Yi Sun-shin stood on the frontline in that difficult environment, with the heart to serve the people, the people united. This changed Korea's fate. What do you think would have happened if Yi Sun-shin had not been there at that time?

Even though this age has many great figures, people are still waiting for a true owner. You have received the Holy Marriage Blessing from True Parents. Do not be afraid! If you become one with True Parents, you can overcome and resolve all the world's problems. Should a person, who knows about this, just remain dormant? You should take the lead to witness and educate people! True Father always spoke of this. There is no perfection in ignorance; Hence, you should let people know. Now is a time when you should boldly advance in this area. Do not fear the more established religious groups. Do you understand?

Equipping the young people for the future

I called members from chapters of the Youth Federation for World Peace (YFWP) around the world and members of the Collegiate Association for the Research of Principles (CARP) here today. How many of you have come? You have come at the right time. Remember, many prepared lives are waiting to hear from you and be touched by you. Challenge yourselves and meet them! It is not incorrect to say that the history of our Unification Church started from CARP. The standard of our Unification Church is high. When we convey the word, you are people that can digest anything, therefore, move forward with confidence! My hopes for you are high.

In December, I plan to go to Las Vegas to educate young people and nurture them to become leaders on the frontline through a 40-day witnessing program. To witness, it is important to be able to communicate in a common language to those you are witnessing to. Since English is common language throughout the world, it is the language to learn. Through this witnessing program, I am giving you the opportunity to learn English as you do outreach, so that you will one day be brave enough to speak in English without fear. These 40 days witnessing in Las Vegas will enable you to speak English to a certain extent.

Joining in our efforts around the world

Korea is the fatherland of our faith, True Parents' fatherland. What does that imply? We must be able to embrace all the countries' peoples as our brothers and sisters. The countries that stood at the frontline of strong missionary work—those countries included Japan, America and Europe, Germany in particular—the leaders in many countries have not been able to raise successors. Time does not wait for us. It actually feels a bit late, but will that make you give up? We must make it possible! Most leaders are in their sixties and seventies, but did they raise successors?

Even though each of the providential organizations carries different responsibilities, I hope that they become one with international headquarters and work together in a direction that brings about greater results. Since results are important, do not assert what is yours alone, but join hands and make greater results. The message I have given you this time is about this: Forgive, love and unite! This is the true love “flu” of this age given to you by True Parents. I hope this spreads to the nation and moves on to all of Asia and the entire world and that you yield results from such a foundation. When one catches the flu, one must try hard to recover from it. Isn't that right? The true love flu! I hope that providential organizations and groups will collaborate and communicate often with one another and bring about greater success.

Following in True Parents' footsteps

The work that we have to do is save people. What else is greater than this, what task can we be more grateful for? You should be afraid of sleeping. Father tried not to sleep. You said you would become devoted children and patriots. If that's the case, shouldn't you take after True Parents? Please become sons and daughters that resemble True Parents and realize their hopes. This is the way to give blessings to our descendants in the future.

These days, I have been thinking a lot about indemnity. What can be done to pass down a world without indemnity to our descendants in the future? Just as I did, you should be able to say, “Follow in my footsteps!” Only by doing so, can the Cheon Il Guk era appear. True Parents have opened the door to the Kingdom of Heaven on earth. However, this depends on how extensively you are able to build a good environment. This is harvest season. Please have greater determination and bring about results through that!

September 2016

Distinguished leaders, UPF Ambassadors for Peace, members of the American Clergy Leadership Conference; beloved blessed families and members of the Family Federation for World Peace and Unification!

Thank you for joining this very historic program in honor of the 40th anniversary of the Washington Monument rally held in 1976 to help revive America on the occasion of America's bicentennial.

The speech that my late husband, Rev. Dr. Sun Myung Moon, delivered forty years ago was entitled America and God's Will. This message conveyed the essence of God's Will for this nation, and highlighted the core teachings that have been the focus of our shared ministry for well over fifty years.

Today, just as on that memorable evening 40 years ago, we have gathered to ask the most important question: What is the Will of God, our Heavenly Parent, and True Parents for America?

My husband poured his entire heart and soul into the message he delivered, believing that the very destiny of this nation was at stake. God had called our couple to America to awaken this nation to its true mission and purpose, to be a beacon of hope and guidance for the world.

I remember that day, forty years ago, as if it were yesterday. The words Rev. Moon so passionately spoke are inscribed deep within my heart. They truly are the remedy that this nation needs in order to heal itself.

How many nights I have been praying for this nation and its people, crying out in hopes that America and the American people can embrace the vision that my husband shared on that day 40 years ago!

Unfortunately, many have not had "eyes to see, or ears to hear." And yet, we never gave up. I was always with my husband, especially during the darkest times. We lived each and every moment of our lives in service to the Will of our Heavenly Parent.

Beloved leaders!

Tragically, our current world does not manifest God's original, heavenly ideal. On the contrary, the individuals, families, societies, and nations of our world continue to experience division and conflict. Terrorism, gun violence, broken families, poverty, injustices and the severe degradation of our beautiful planet that is threatening human well-being make the headlines on a daily basis.

The gap between God's original ideal and the world we live in is regrettably wide. As our Heavenly Parent, God's heart is broken. As he witnesses the suffering of his sons and daughters His heart is burdened with grief and pain. As the vertical True Parents of humankind, Rev. Moon and I profoundly understand and share in God's grieving heart.

Respected leaders!

God longs to restore humanity and to establish one universal family under God, creating a global culture of heart and true love, centering on True Parents. The providence of God is fulfilled only on the foundation of the fulfillment of our own portion of responsibility. If we, as God's sons and daughters, respond to God's Will and take action, history moves forward toward restoration and, ultimately, the fulfillment of God's original will. However, if we fail to recognize or respond to God's Will, God's providence is blocked and prolonged.

This point must be fully understood and remembered by each one of you, and especially the religious leaders. For, it has been the primary mission and purpose of religion, led by prophets and men and women of faith, to lead the way in fulfilling God's ideal. This was the mission of Jesus, and the essence of what he taught.

As we know, even though Jesus was the only begotten son and messiah, he faced fierce opposition and rejection. Ultimately, contrary to his original mission, he tearfully went the way of the cross, and the complete fulfillment of God's Will was not achieved at that time. The fulfillment of the providence that God had so lovingly prepared over 4,000 biblical years, with blood, sweat and tears, had to be prolonged.

Nevertheless, as the original True Parent of humankind, God could not abandon his children. A new dispensation for the salvation of humanity began.

Now, please understand that God does not have a magic wand that simply transforms this world. God's providence always demands indemnity and the fulfillment of the human portion of responsibility, which consists of our understanding and our dutiful response to his Will.

Respected leaders!

When looking at the history of the providence, we see that despite any setback or opposition, God's providence continues! This is because God's heart of true love for his beloved children is eternal and absolute. For this reason, even after Jesus' ascension, Christianity spread throughout the world with Heaven's blessing, laying the foundation for the completion of God's providence. Indeed, just as with Rome at the time of Jesus, this nation of America was formed, protected and guided by Heaven so that God's providence could advance toward that end.

Understanding God's purpose for America, my husband and I came to this nation in 1971 with a clear mission. We came and invested our heart and soul to awaken this nation so that it could fulfill its mission and responsibility!

We could see that America was losing its way; its moral and spiritual foundation was in decline. We came here with a heart of desperation, prepared to give our lives. God had called us to America as a firefighter to put out the flames of suffering and corruption and a doctor to heal its wounds.

We gave up everything to focus on this mission. Our family faced relentless persecution and opposition. Our children paid a very high price. Yet, we were determined to risk our lives and

everything we had for the sake of God's Will, centered on the ideal of sacrificial true love.

Beloved leaders!

You have been witnesses to the life my husband and I have led. You have witnessed the kind of life we led to realize God's Will. You have also witnessed the life we led in the midst of persecution to awaken this blessed land of America to its God-given mission and help it overcome the challenges it has faced. I believe that you know the truth, that you have "eyes to see and ears to hear" and know for whose sake and for what purpose we dedicated our lives.

Who can deny that America today is in great need of a spiritual awakening? The Yankee Stadium and Washington Monument rallies we convened in 1976, along with countless others over these four decades, were designed to awaken America to fulfill its providential responsibility.

It is one of my saddest memories to reflect on the fact that my husband was unjustly imprisoned in Danbury prison, as a result of prejudice and ignorance. The man who gave his life for this nation, faced humiliation and rejection. Seeing this miserable situation, God, our Heavenly Parent, wept.

Respected leaders!

God has abundantly blessed America, but not for its own sake alone. America was called to serve God's providence as a true "elder son" nation that lives for the sake of other nations; America was called to help usher in a worldwide awakening that would open the way for a world culture of heart to emerge, "one family under God."

On this auspicious day, I have an urgent message to convey to this blessed elder nation of America: "America, I proclaim and call upon you today to arise once more! You must not fail in your responsibility to serve God's providence!"

For the sake of all those patriots who died for this nation, for the sake of the Pilgrim Fathers who braved countless hardships in search of religious freedom, and for the sake of your ancestors, America must not fail to live up to its responsibility.

Beloved leaders! Ladies and Gentlemen!

We stand at a very serious time in this nation's history. Indeed, we are at a very serious point in world history. To overcome this challenge and help realize God's ideal, I call upon Christian leaders (everyone), and all religious leaders, to awaken and stand firm on behalf of God's Will. We must join together, going beyond the boundaries of race, ethnicity, gender, status, culture, belief and religion to form one family under God.

I call also upon the legislators of this nation to set aside partisanship, and to move toward collaboration for the public good of the nation and for the sake of the entire world. Public servants must be awakened in the same way that spiritual leaders must be awakened to a life of service, living for the sake of others. That is the essence of good governance.

Respected leaders!

Recently, on the foundation of the Universal Peace Federation, I launched the International Association of Parliamentarians for Peace. UPF is currently carrying out a series of International Leadership Conferences to launch the parliamentarians' association in the Asia Pacific Region, in Africa, Europe, the Middle East, Central and South America, culminating in December with a world level ILC in Washington DC. These ILC programs are igniting enthusiasm among parliamentarians, who are the representatives directly elected by the people, calling each one to transcend national interests and work together to realize a global community based on mutual dependence, mutual prosperity and universally shared values.

I hope that many members of congress can encourage and support this initiative, and work with parliamentarians from 194 nations in a spirit of harmony and cooperation to solve our serious global problems, such as climate change, the rise of violent extremism, and the growing divisions among various nationalities, ethnicities, religions, and so on. America should be the elder brother in unifying the peoples and nations of the world as one family under God.

Respected leaders!

Everything my husband and I have invested in this nation is for the sake of God's Will.

God is looking to us at this time. God has not given up on this nation. However, God cannot wait forever. The world is moving 180 degrees away from God's Will. God needs not only individuals but an entire nation to stand on His side, to be his agent of change and transformation, centered on True Love.

Therefore, let us pledge to work together for the sake of God's providence, and for the sake of 7.3 billion people on this earth.

Will you do that? Can our Heavenly Parent trust your resolve and determination?

If your answer is "yes!" let us show our determination by giving a big round of applause to God and True Parents.

Beloved leaders!

We have gathered here today not just to honor the events of 40 years ago, but to bring that work to conclusion.

There is no time to delay. It is time for us to overcome any attachment to individualism. It is time for us to live and work to love, care, serve, and harmonize together as one family under God. If we unite

centering on God and True Parents and work together, we can build a world of true love, true joy and true harmony. This is America's mission! Let us build the Kingdom of God, right here in America, and let us spread true peace throughout the world.

God, our vertical True Parent, is here with us today. Also, my late husband and our True Father is surely present here today.

I would like to ask you once more to pray and reflect deeply about this message. Please search your heart so that you will come to know and follow the Will of God and True Father for this nation. Their hearts are aching, and hoping that each one of you will rise up to lead this nation in a new direction, that this nation may be "one nation under God", a nation that liberates not only the suffering heart of humanity, but the very suffering heart of our Heavenly Parent, who has longed for the day when all his sons and daughters can be embraced as his true children.

Let us be the ones who fulfill God and True Parents' Will at this crucial time in history.

May God bless you and your families; and forevermore, may God bless America.
