A letter from Mars to the members of the Moon family

[redacted]
To Sun Myung Moon.
[redacted]

To all my brothers and sisters in the Moon family,
At death we are all the same; our souls are all children of One God, and One Mother and Creator judges all with Love.
Consider your life.

You, by now know what your father and Kim Jong Il have planned for humanity.
I will be asking the ambassadors of all nations here in London what their governments are doing about Moon and Kim's threats.
They will have watched my video on your father's threats of Judgement Day and his military investments and of course his \$3.5 billion to North Korea and his submarines. I can make videos for less than a dollar. How much did it cost me to send a nuclear terrorist threat to all Ambassador's in London, with copies of my video? Very little. With the truth, political propoganda is cheap; it is only your Father's lie that he is not the antichrist that is expensive to promote. Many are worried about you all.
Many fear what your Father and Kim Jong Il could do

I did not start all of this. Your father started it, He was manufacturing arms in preparation for Judgement Day since before I was born. How do I know what he plans? God and Heaven have told me by divine Revelation.
The soul of Winston Churchill appeared to me. He told me that your father and Kim Jong Il will bring nuclear and biological Armageddon, anonymously; and that not every nation on earth saw it coming. Actually many people already knew. In the anti-cult movement, when I explained that Moon was preparing for war, they would say 'Oh of course he is' and then there is Robert Parry. He has known for years. [redacted] in America knows this too. Everybody knows what he is up to. Your Father may bribe political leaders to attend conferences, but their security agencies have all been informed of Moon's threats of judgement. Trust me, they are watching him; humoring him; taking his money; but they don't trust him; they don't like him; he has to buy his friends in high places; I only have to tell them the truth about Moon and Kim and their threats and suddenly everyone believes that you are dangerous and a threat to peace. I have been sending e-mails to world governments and to every UN delegate; to Castro and to all the Euro M.P.s. Castro knows what you plan; I have sent his representatives many letters. I write at least twice a week to each US senator and Congressman; I write and e-mail to my MP, I write to every MP once a week. Any my MP whom I can tell you is no fan of your father and is a socialist, he knows your evil by intuition; he knew before I did. Scotland yard anti-terrorist squad? Well I only called them three times today; they are refusing to comment on the phone on my video which alleges that your father and Kim Jong Il are planning Armageddon. British military intelligence? They too have my video. I just tried to call them. Can't get through today. Trust me; I am persistent. I have requested an on camera interview with New Scotland Yard anti-terrorist squad, demanding to know why Moon's \$3.5 billion North Korean investments, his submarine fleet, and his threats to bring judgement by fire are not investigated? I am persistent. They don't want to give me an explanation at the moment, but I sense their fear; this is not a minor matter; if it was they would comment straight away. In time. They are thinking; many people are thinking what your father and Kim are going to do; of what their

Details: The enclosed five E-mails were received between 11/28/00 and 12/10/00 by Kahr Arms, located at 630 Route 303, Blauvelt, New York. The E-mail dated 11/28/00 appears to have been sent to the American Embassy, London, England, to the attention of Ambassador Philip Lader. All five E-mails originated from Dark River Films and Third World Tax Party, located at Unit 011, Trident Business Centre, Bickersteth Rd, London, SW 9sh, telephone 02085167714, facsimile 02085167715. Unsub has declared a self proclaimed "fatwah" against the Reverend Sun Myung Moon, leader of the Unification Church. Unsub has set up several websites including www.darkriverfilms.com/kimjongil.htm, which claims Moon is preparing for a biological and nuclear strike against the United States and the United Kingdom. Unsub claims Moon recently purchased forty submarines from Russia and has invested 3.5 billion dollars into the government of North Korea. The E-mail

Re: 279C-NY-277841, 01/08/2001

sent to Ambassador Lader, dated 11/28/00, warns of Moons impending attack and urges the Ambassador to take the threat seriously. No direct threats were made against Ambassador Lader in the E-mail.

The four E-mails sent to Kahr Arms do contain ultimatums and death threats. Khar Arms is believed to be owned by Reverend Moon and the Unification Church. The Rockland County Sheriffs Department, Rockland County, New York, has confirmed that Moons [redacted] of the gun shop and resides in the vicinity. The E-mail dated 12/08/00, received by Khar Arms, lists demands which are unclear but appear intended to stop the flow of funds to Moon. In part Unsub states "Death, this is my judgement. You have twenty four hours to comply. This is a threat. Yes, this is a death threat. This is a fatwah against you. Take it seriously, this is no joke." Unsub also writes "death to Moon and his sons and priests." Unsub is not specific as to how the death threats will be enforced, but states that "god will raise up legions against you in this world and the world to come." Unsub also writes "the armies of god will fight you."

Unsub also alleges to have authored and sent over 500,000 E-mails to the FBI, U.S. Military Intelligence, and U.S. Senators and Congressman warning of Moons intentions. ACS and indices are negative with reference to unsub, his aliases and websites.

Unsub may have committed violations of U.S. federal law which include sending electronic death threats and extortion, which may be prosecuted by the United States Attorneys Office, Southern District of New York.

Dear Ambassador Lader

Re the enclosed documentary; could you or your military attaché please review the enclosed video tape which concerns military issues of concern to the national security of the United States.

I am currently making a documentary film on cult leader and arms manufacturer Sun Myung Moon (aka Christ) and North Korean tyrant Kim Jong Il, on their relationship, and on Moon's openly threats of biblical Judgement Day; including that of (unbelievably) conquering Zion, Islam and Christendom and unifying Korea under him. The intention of the film is to present the argument that Moon and Kim are preparing for nuclear and biological terrorist attacks. This is a widely held fear, held by many among the anti-cult movement, who study Moon. Moon threatens America with judgement by fire if it does not receive him as Christ; he claims that he will take over the world by 2004. His insanity is obvious. The problem is however that he is also very dangerous. Moon's arms manufacturing: <http://www.darkriverfilms.com/guns.htm> Consider that Moon, who is believed to be Christ to his followers, invested \$3.5 billion in North Korea in 1991 according to US INS dept. documents which former Newsweek journalist Robert Parry discovered and has had posted on his website since Oct 10th 2000. Moon also bought Russian submarines which he took to North Korea. His followers say that this was for tourism. The size of the \$3.5 billion was disputed by cult members in the US. Parry stated that he had spoken by phone to an officer in the INS and was assured that the figure was \$3.5 billion, in a single year and that they stood by it. Moon and Kim's militarism is exported to the tyrant states of the Middle East, and in the West their arms companies show up at arms fairs. We do know that Moon is prophesying biblical Judgement Day soon. This is not good. Many people in the anti-cult movement believe that he is going to attempt to fulfill his own prophesy. Moon, unbelievably also admits to having a submarine fleet. He is a major militarist.

My question to you is, just how seriously does the US government take Moon's threats? Are you aware of his threats? The original US INS declassified documents have been scanned and are available on:

<http://www.consortiumnews.com/moondocs/index.html>

For Moon's purchase of 40 military submarines: according a telegram from the US, Embassy in Tokyo. Moon towed them to North Korea in 1994, three years after his initial £3.5 billion investment.

See Parry's article on this for yourselves.

See also <http://www.consortiumnews.com/archive/moon.html> (Moon's endless cocaine money).

I quote from Parry's site

"Moon himself has announced an ambitious plan for a worldwide transportation and propaganda system. To his followers, he has boasted about plans for building a network of small airstrips throughout South America and other parts of the world, supposedly for tourism. In one speech on Jan. 2, 1996, (nb., 2 years after purchasing his 40 submarines) he even announced a scheme for deploying submarines to evade coastal patrols.

"There are so many restrictions due to national boundaries worldwide," Moon lamented during the speech, which the Unification Church posted on its Internet site. "If you have a submarine, you don't have to be bound in that way."

As bizarre as Moon's submarine project might sound, a cable from the U.S. Embassy in Japan, dated Feb. 18, 1994, cited press reports that a Moon-connected Japanese company, Toen Shoji, had bought 40 Russian submarines. The subs were supposedly bound for North Korea where they were to be dismantled and melted down as scrap."

The above can be found on:
<http://www.consortiumnews.com/consor16.html>

Fact:

Moons' \$3.5 billion investment was in 1991.
According to The Economist, in 1989, China's entire defense budget for the year was only \$5.2 billion and that was for the world's biggest army of 3.2 million, and its navy, air force and its conventional and non-conventional weapons programs.

Due to the awesome size of Moon's investments, Moon must be considered immensely more powerful, from a point of view of a military threat, than any African head of state for example.

Fact:

Moon believes that he is Christ.
Moon has the motive.
His followers claim that Moon's prophecy that he will have taken over the world by 2004 is metaphorical. His military investments show that he may just be insane enough to try.
Moon's mental health, my assessment; I have read hundreds of his speeches.
Right now? Unstable.

Moon must be investigated now. Right Now.
What is your government doing about it.
I would like to call you and talk to you at some time about this. I would also like to request an on-camera interview with a representative of your government to discuss military matters.

Does your government take Moon's judgement Day prophesies and Kim Jong Il's threats seriously?
(Quote:)

"The whole world is in my hand. I will conquer and subjugate the world...we must have an automatic theocracy to rule the world...the satanic power is mobilizing the Christian world to come against us...We can embrace the religious world in one arm and the political world in the other. With this great ideology, if you are not confident to do this, you had better die...And even on earth, whoever goes against you, that man must subjugated, and he will be subjugated... heroes in the past, no saints or holy men the past, like Jesus, or Confucius, have excelled us

Sun Myung Moon.

This man is an agent of a foreign government; an ally of North Korea who threatens judgement on Christians; he is a leading militarist.

3

OK, so he owns the Washington Times and he has bought a piece of George Bush Sr. and Jr. Your CIA tolerates him, Moon pays off the ex-head of the CIA with millions of dollars in conferences speaking fees. This is a deal that America may regret. Why is the US government not investigating Moon's militarism and his threats.

CC:

Dear

I am not any more of a god than you are.
You are just my brother's soul;
There will never be another me.
No third coming.
It won't be necessary.
Why? I end the copyright on Christ. I give the mold away.
I say that all should be as Christ is and was; all have the same potential under Heaven.
And Christ would have more than love than your father and Kim Jong Il
All are souls of Mother God struggling inside Her to be free;
We are like babies. We cry out for Her love.
For peace. For an end to suffering and war
From me will not come another but thousands then millions; .
then everyone; for we are all God's sons and daughters in Eden.
We need no religion to tell us this.
The problem with those that remain in the antichrist cult is that
they just don't believe in the Divine Principle.

By intuition alone we strive confused for Mother God's love.
We strive to know Her; to weep with Her; to look beyond our situation
to love beyond; to a world without war.
You and your father are war and you know it Kook Jin.
We who seek the direct dominion by intuition know that you are the enemy of the
Divine Principle. You are the heretic.
You have made a religion out of it, sold it and invested in war.

There can be only one.
One God. One eternal Mother who is Creator.
One Love.
From me will come millions of souls like me who will rise in indignation against you.
Whether I live or die.

The wheel is in spin.
 Revolution
 You cannot stop it.
 Revolution is coming.
 Tyrants will fall.
 I have told everyone. I have told the world of your plans.

Sun and Moon and Stars will fall from Heaven.

Whether I live or die.

It will come.

It is already too late. The wheel of destiny is turning.
 People talk. Governments are concerned. Politicians, academics, many are concerned;
 Religious leaders; military personnel; everybody takes you much more seriously now.

You are now looked upon as potential nuclear and biological terrorists.
 Is that my fault?
 It wasn't me who invested billions in arms manufacturing and who threatened judgement by fire.

God would only threaten judgement by fire in retaliation. She would never start this war.

If your father and Kim Jong Il do anything stupid; they will be high on a list of suspects
 that will be taken care of very quickly, the evidence is all there of their threats and their
 preparations for "biblical judgement day,"

The prophecy of the book of Revelations was a warning from the spiritual world;
 as was Nostradamus's prophecy.

This is the war initiated by the antichrist; not the Christ.
 The armies of the Christ fight the antichrist to the death and then defeat them.
 Christ kills all his enemies; the tyrants and the corrupt. The Christ and his political allies
 warn humanity and attempts to stop biblical Armageddon.

There is an alternative option.

Peace.

Don't do anything stupid. The spiritual world know what you are up to and many others
 who are also somewhat spiritually open intuit this too. I have had revelations bout it.
 Only the antichrist comes to start a war.
 The Christ brings seven very simple tenets.
 You can find them on the Third World Party Site.
 This is enough. The Divine Principle will be re-written by so many others in time; it is already being done by several people
 with different perspectives. There is [redacted] View; a feminine loving God; there is [redacted] spiritualism;
 they all mean to spread the Principle in their own way; they mean no harm; they believe that all can be as Christ
 and this without the burden of religion; for this is what the Divine Principle says.
 Interpretations will be discussed; truth will evolve by revelations and intuition and academic study.

b6
 b7c

Just as a deer which has no parents knows to go to eat a particular leave from all the thousands of leaves;
 it has never been taught. We know by intuition that the Divine Principle is true.
 And this knowledge can be exploited.

What do you need to do?

Follow the Divine Principle. Love humanity. Feed the world.
 Bring democratic socialism and let all the religions of Eden compete in the market place;
 everything will evolve; half the ex-members still believe in the Divine Principle;
 the revelations of the Korean spiritualists that Moon stole.

He who broke into the sanctuary of God and who created a military church.

Judgement Day.

What should you do?

Well I suggest that you just follow the Divine Principle. Be Abel. Love you brother. Love your sister. Help them. Serve them. Heaven, as you know is full of female souls, servants and slaves.

Here is one of my favorite stories.

Govinda was the toilet cleaner in the monastery.

There was a fire.

Everybody went to the spiritual world.

Where is Govinda asked the chief monk.

'Oh he must be down in hell with the demons,' said another.

Then suddenly Govinda's soul appeared to them as if

Mother God. 'How did you get up there, Goivinda?'

said the chief monk.

Govinda scratched his head and thought, and said;

'frankly this puzzles me too; I really don't know;

I mean, I just followed all your teachings; that was all there was too it'

And then I think of all the brothers and sisters

who died for the North Korean antichrist.

They are like that. They didn't know. They were deceived by the impostor.

They are all OK; they know; it is not their fault; those souls.

They are not guilty; they died for Moon thinking him Christ.

But this cannot go on. You cannot use the name of Christ to

build for war and invest in North Korea and in submarines;

not in Christ's name. For if you do; Christ himself will come against you;

Christ in this world. Christ in the next world.

Christ is an appointment; it comes first to one person; and then to thousands and then to millions.

It is a universal appointment.

It is our gift.

[redacted] held that we will all evolve into Christ consciousness; evolution; history;

Christ comes in the sky and appears to millions.

HE warns the world of the war against the antichrist.

EH will probably kill me; he has billions after all.

Of course I know this. It took me seven years to get to this point;

I have prepared long, It is too late.

Kill me.

From my soul will come millions; legions will rise up against you.

We don't need you.

We don't need your religion;

We need democratic socialism; social justice; war against poverty;

That should be the real war.

If you should initiate Biblical Armageddon; all the souls who ever were and will be will come against you. Great will be your judgement.

Great will be the fall of the house of the Sun and Moon

Repent.

Free you slaves.

Disarm.

Give your money to the poor.

Sacrifice your own life for others; you won wealth for others;

help Africa; not North Korea;

4

and perhaps one day people will say, oh even the antichrist reformed;
he stopped all those nasty threats against Eden.

HE says that humanity did not receive him as Christ
What do I say? I say that the souls of humanity believed his lie for a while;
but through the Divine Principle; one finds an ideal that shapes ones soul; it is a beautiful teaching;
but a bad person could take it and clime that it testified to him
Everybody knows that Moon plagiarized it.

Truth stands on it s own, Principles of Resurrection; Cain / Abel, the Fall, Principle of Creation;
history of Restoration. Yes all true. But Christ is to be born in Western Europe.

Quote

Not North Korea.

That is the antichrist nations, and its allies are all the tyrants.
Everybody knows [redacted]
Everybody knows what your father is up to with his plans for judgment day;
everybody fears you; but I guess that must be how you like it;
to rule by fear and steel and plutonium.
Tell your father that he will never get away with it.
Too many will know. All will suspect you.
The whole world knows.
The response to my position?

b6
b7c

One is taken; one is left behind.
One sees that your father's threats of Judgement Day are
serious but doesn't care; one sees that he is dangerous and wants to
take it seriously. That is usually my hit rate.
I encourage everyone to write to their senators and congresspersons regarding
the Moon family's militarism.
All nations know. All governments have been informed.
All fear you.

Just before Hitler died, form his bunker, he tried to destroy much of Germany.
Buildings of no military importance, he attempted to have blown up.
Why? They were of no use to an advancing enemy?
He didn't care; he was just in self-destruct mode;
If Germany would not receive him, he thought that Germany was unworthy
to have its civilization. He just went insane with destruction.

Like a little boy with a toy. He can't have it; it belongs to somebody else;
so he destroys it, just so that the other person can't have it.

Napoleon was Nostradamus's First antichrist according to the scholar Ceetham;
the second was Hitler; the third, the king of the Mongols (sic); which was a sixteenth century
colloquialism for anyone from the Orient. HE needs to be alive in 1999.
He and the false prophet.

Antichrists tend to be very destructive; if they can't have Eden, nobody can.
The previous two were insane with lust for power.
This is what I am afraid of. That you father just goes into destruction mode;
after all he has been preparing for this war for 40 years.

It need not happen; you must stop it.
The worst can be turned around.
It is up to you [redacted] You must change your Father's mind;
You must move him; tell him not to hurt Eden;
not to kill anyone; tell him to put his money into World Peace; not just talking about it while
investing in war; everybody sees through your propaganda;

5

the people you fly into conferences from around the world paint a nice picture of respectability;
my academic e-mail list is already too big; takes ages to send it;
people know; they are smiling at you but they are afraid of you; those who know;
they are just sussing you out.

I have received revelations that your father and Kim Jong Il
are planning biblical Armageddon by anonymous nuclear
and biological terrorism.

The spirit world had to tell someone on earth; since the trail of
evidence was seen by too few people;
I have made it my mission to speak to all nations from the sky and to issue a
God's warning to the world.

I beg you. Ask your father to repent of this evil thing.
Ask him to work instead for a better world.
He, you could even talk him into supporting the Democratic Party?
Did you know that George Bush Jr's grandfather Prescott Bush
was a major financier of the Third Reich. I have written numerous articles
on it. Harry S. Truman once said that he should have been tried for treason.
And the money he received from Moon. I have tying them together
in essays for ages on Usenet, on so many forums.
I wrote many essays attacking him; I declared that
Mother God would be a socialist; that She would tax the rich nations
and rebuild the poor nations; that democratic socialism
is the seventh and final revolution;
there will never come another.
It will be the last; and all humanity will strive for it;
and if your Father's war against humanity comes;
humanity will fight for democracy.
Mother's Kingdom is that of love where all are Christ;
let them choose their own rulers and hold them responsible as servants;
for Christ would be a servant to humanity; not a master; for that is all that God
has ever offered to the saints of history who serve Her; service, and often suffering.
In the end, Heaven is full of servants and slaves. Hell is full of masters.
Not a nice place. You wouldn't like it. The people there can be very cruel.

After me, Mother God will raise up another and another and legions
and Heaven and humanity will come against you.
This is my prophecy.

Or:

Repent of your evil militarist plan.
Do not leave anything on the seabeds; do not initiate;
I repeat; do not initiate nuclear and biological Armageddon;
if you do; well there are a number of prophecies;
one claims that will be a 27 years jihad; though your father and I need not necessarily
survive it, and that this would be between the armies of the Christ and the antichrist.
Whether we are both still alive is irrelevant;
the prophecies describe a war initiated by the antichrist; the king of the Mongols;
they guy with the military church.
After the war, which the armies of Christ win; all Christ s enemies are killed.
Another prophecy claims that it will be over very quickly.
Judgement like a their=f in the night.

That was a warning of what to avoid.

b6
b7c

The other prophecy is that of the Aquarian Age.
And peace comes.
And there is no more war.
And Christ does not kill his enemies.

I keep writing to the FBI, military intelligence, world governments;
their UK ambassadors. I sent them not my video on
you Father's military investments and threats of Judgement Day.
The video is one hour; it presents all of Parry's evidence on the militarism,
North Korean investments; submarine purchases, threats against humanity
for not receiving him as Christ etc. The Kim Jong Il connection. The South American
connection; etc; plus a letter explaining where all the evidence exists on the internet;
it doesn't take a CIA agent to work it all out.

b6
b7c

Your call [redacted] Your father has his finger on the button.
Many will suspect you all; humanity will know that you were one of the potential
suspects. All world leaders know about your plans.

Tell your father not to do it.
Innocents will die.
Mostly children, old people and innocents will die.
This is not a clean war; it is a war that only a coward would fight.
A war against innocents. Is that how you and your father want to be remembered?

You must convince him; talk to him.

Bring peace.
End poverty
Bring social justice.
Revolution.
Nations must live as brothers and sisters; all are children of Mother God;
they will in time evolve into her.
But in war.
Nobody wins.
Everybody suffers.

Disarm.
Ask your father to invest his money in peace.

He complains that nobody has received him as Christ.
But all those who believe in the Divine Principle still would say that all
are to be as Christ is and was; all are to enter the direct dominion of God's love;
all have the potential of Christ; this is revolution;
this is love reborn; If you believe in the Principle, you must believe that you are Christ;
that you have his same spiritual potential
for all will become as Christ, but Christ is not an arms dealer,
he is just the son of a slave; one of the little people whom Mother God speaks to.
And he cries to the king; to Pharaoh;
let your people go; free your slaves; no do not initiate biblical judgment day.
It could be over very quickly; if anything suspicious happens;
I predict that your friends in the CIA will not be able to help you;
you will become a chief suspect; I have been warning them and all the US military and militia
for ages: they are tired of hearing from me no doubt.
They refuse to comment. A lot of people are looking into this;
everybody take you more seriously now.

All will live forever with Mother God.
Revolution must come, but not war;
Compete in the democratic market place with your religion.
Why does nobody like your cult anymore?
Well as the North Korean militarism has become more and more apparent,

7

everybody is afraid of you; half your Western members have left you due to the consistent propaganda war that has taken place on Usenet and on private internet forums for years.

Your religion could prosper. How? Give your money to the poor; love humanity; Disarm, and I bet you that a lot more people would defend you on Usenet. Currently nobody really does. Truth makes everything clear. Everybody is afraid of you.

And you think that you can rule the world with fear and that God will not raise up armies of souls against you, both in this world and in the world to come?

Repent.

Turn around

Invest in peace.

Invest in the war against human poverty;

truth will come in time; leave humanity alone.

Seek the forgiveness and the spiritual embrace of your soul in Mother God.

And She will embrace you and tell you what to do.

Why don't you ask her sometime in a moment of dark despair about how to get

out of the terrible situation that you are in. But don't listen to any voices; they will lead you astray;

listen only to your intuition; ask Mother God to guide you; to show you what to do;

Ask Her to show you how to avoid war.

I did phone your company last week and was told that they would not discuss you father's militarism with me and that all requests for a response should be faxed to you. Could I get an explanation of all your preparations for war. Could you ask your Father when he and Kim Jong Il intend to strike? Everybody wants to know.

*'One Brahman (priest) with a harmful tongue
Shall come to break the sanctuary of God
For the heretics, he shall open the gate
And create a military church'* Nostradamus on the Third antichrist.

My dearest brother.

I did phone your company last week and was told that they would not discuss you father's militarism with me and that all requests for a response should be faxed to you. So what exactly do you think that you and your Christ are doing? Could you please give me a written response on the North Korean investments, particularly the 1991 \$3.5 billion, and the 1984 purchase of 40 submarines which [redacted] claims are for the tourist trade. I would like a written or oral response? Would you agree to be interviewed on Camera regarding military questions? Probably the majority of the ex-members still believe in the Divine Principle. We have no theological disagreements. Your Christ took the teaching of the Korean spiritualist movements which he was part of and claimed that he discovered it; you claim now to hold an invisible copyright on it; that only you can utilise the truth. This only shows what fools you are fools you really are. Your Christ is not the only one who claims that the Divine Principle testifies to him. There are now around 30 Christs in Korea, some of whom use the Principle or versions of it. One recently was prosecuted for embezzling millions of dollars off his followers and is now in jail. I have been encouraging members of your personality cult to follow this other person instead, if they need to be in a cult, since this person's imitation of Christ only allowed him to rip off a few million; with Moon it has been billions. Lousy impersonation. Christ a corrupt arms' manufacturer? His sons, the future rulers of Eden? Well the anti-christ is expected to lose the war of Armageddon. This is written in both Revelations and in Nostradamus. You will lose. Judgement will come to you. Many now know what you plan. You will need a lot more than a few machine guns to defend you against the wrath of humanity, should your Christ's judgement by fire come to America. I will personally do everything that I can to make sure of that.

Please pass this message on to your Father, your Christ.

A list of my demands

Your Christ must sell his arms factories; cease and desist from investing in North Korean tyranny and militarism.; he should sell all and give that wealth to those who need it more than he. Kim already has too much. Humanity needs no new tyrant king who speaks for God, yet who prepares for war
You must do penance. If not, I predict, God's judgement; that humanity will in time rise up to fight you.
I will make sure of that.

Your Christ must sell his palaces; and Learjets, for those he obtained in Christ's name; and Christ would not need three Learjets in a world of suffering. Your Christ will not end suffering, he will merely bring it on himself and humanity. Theocracy is your option, but with evil gods such as your Christ, Hyo and you, you would probably just be as evil and corrupt as your Father. Nor can any King vouch for his son or daughter, anyway, particularly those spoiled brats of brothers of yours who were fed on Africa's suffering, who each receive \$40,000 a month allowance, I hear according to your sister. For it was for African poverty in Japan that many Africa brothers and sisters raised

2

money. They all seem to have the same story. The money never got back to Africa. They raised millions. And the photos of your IRFF school and aid project? You spent a lot of money on glossy brochures in Japan, raised millions. I hear that the school didn't receive so much as a pencil after the photos were taken and that your Korean Leader in Guyana wanted to close the orphanage there because the members should be concentrating on witnessing for your Christ. And then there was the marble vase scam. Tell people that their ancestors would be liberated if they gave you all their money. Those papal indulgencies were fed into weapons production and arms, and now we here that your Christ put \$3.5 billion in North Korea in 1991 and towed 40 F and G class submarines into North Korea in 1994. Preparing for a little war [redacted] You will never get away with it.

b6
b7c

And then there were those who died fundraising for a few hundred dollars a day to advance the revolution of Love and world peace under your Christ. Moon and his sons have betrayed them; you have betrayed them [redacted] you the master of arms. God will bring judgement on you all; and my propaganda war against you will not end until She does or until you kill me. You know the evil of you father and your brothers would never be accepted by humanity; you would have to kill us all. Your father's militarism and his threats and his speeches shows that he believes, like Hitler that he and his sons and his race will eventually predominate in Eden. He prepares for the final war of Armageddon. He is overconfident. He thinks that nobody will rise up to fight him; that nobody will suspect he and Kim Jong Il's anonymous biblical Armageddon. You can imagine what would happen if your Father prevailed in Eden. Homosexuals would be executed; adultery would be a capital crime; and this revolution you prepare for and will fight to the death for? You are a fool. I know that you will fight to the death for your evil Father; But so too will many resist you with their lives. Freedom is not cheap.

You are not one of the innocents of your cult; not like those whom you lie to, to avoid telling them the truth of your Christ's militarism and of his open threats against Eden in private speeches, those threats to bring judgement for not receiving him as Christ.

Your soul is required of you [redacted]
I hold you responsible.
In this world and in the next.

First let me restate my position. Your Arms' manufacturer Sun Myung Moon (a/k/a Christ) threatens Judgement Day (Biblical Armageddon) unless we receive him as Christ. He may be deluded, but I am convinced that he is perfectly serious. Both the Aum and Moon cults have threatened anonymous nuclear and biological Armageddon. Aum is now being forgotten, though it still exists. You are virtually being ignored thanks to your Christ's few conferences and bribery of the rich and famous, yet he is one of humanity's major militarists. Any Christ with that much military investment who prophesies that America will be judged by fire if it doesn't receive him, has to be paid attention to. I don't predict Judgement Day; I don't predict anything; only that your Christ is less likely to do what he has promised to do if there is a great deal of attention on him; further if Moon does bring the judgement of his evil god; he must be fought to the death. Moon has the motive; he and his submarine buddy, Kim Jong Il have the means to ignite anonymous nuclear terrorism; both have openly threatened this; but over here in England Tim teaches that this is all symbolic; that your Christ and Kim would never harm Eden; that they are not going to use all those weapons. This is your big lie. I am going to expose it. I am going to tell the world.

Actually I already have. I think that this is my 7th year of propaganda war. Things are going to get tougher.

Who will fight you; who will retaliate against you if you initiate biblical Armageddon?
I have posted over half a million e-mails recently, in the last couple of months.
Are there others out there who know what your Christ prepares for.
Who have I written open letters to?
Bin Laden, Islamic militia; US and global militia, from Marxist groups to the extreme right wing, who incidentally are offended by your Christ's idea that Koreans are the master race.
World governments, politicians, media; I spam them all. I often spend 24 hours in a row e-mailing the globe through numerous e-mail address lists that I have collected over the years.

They will fight you; you will not get away with this. God will not allow you;
The armies of God will fight you.
I live with fear of you; so too should you live with the fear of the judgement that God will bring upon you.
Then we can both understand each other better.
You will fight to the death for your Christ. I will fight to the death against you.
You Christ recently stated that he likes to hunt boar, and after killing them, that he puts a straw in its heart and drinks its blood; he also claimed that all his enemies should be sent to the spiritual world.
I have no fear of what is beyond death; you of course know that hell awaits you.
I wonder who is more afraid; you or me?
If I don't see you in this world, I'll see you in the next where there is a record of all the money you and your Christ have squandered on weapons manufacturing in the name of God. Judgement will come to you both in this world and in the next.
I already have a death sentence on my head. I have nothing left to lose.

Ode to the Dragon.

Oh Sun and Moon. Sell your properties. Sell your Learjets. You raised that money for Africa's cause and for Christ's cause and you and your spoiled brats of sons have squandered it on arms. It will do you no good. You must free your slaves. God's judgement will come upon you and your sons.

3

It will come. Among all humanity are already many who know the know truth about you.
 You seek to turn to your coward's war against innocents
 Oh you are such a brave soul. Greater than Jesus, you say.
 You would have executed Jesus and drank his blood. Such Korean shamanic tricks give you no power over a person's soul however.
 Mobutu, president of the Congo would also drink human blood, and so too does Kim Jong Il. Look where it got them.
 God will never submit to you; She will raise up legions against your evil military throne.
 From one will come a thousand and ten thousand and all Heaven and humanity will come against you
 Leave Eden alone. Cease and desist from manufacturing arms.
 You have already cursed yourself in the world to come.
 Could it be worse? Yes it could.
 What if all the souls which ever were and ever will be were to come against you?
 For it is their descendents that you seek to burn
 And the future world will know too.
 From such rage of soul that would come against you,
 no soul would ever have endured.
 From what they will do to you; I cannot protect you,
 Oh pitiful man.
 Ruined of reputation.
 You have to bribe everyone to be your friend for you propoganda ministry.
 You may have more money than me, but I have a bigger circulation through Usenet and e-mail lists than all of your newspapers combined. What is the
 Washington Times circulation now? 100,000? On usenet I could hit 100,000 mail boxes in a 10 minutes.
 The useful idiots who attend your conferences are not representatives of humanity; they are only those who will not fight you.
 400 academics costs you a few million. I can e-mail that many academics 30 seconds
 The truth is my sword; and if what I have to say is true, why should you being Christ fear it.
 Disarm. Give your wealth to the poor nations of humanity;
 for this is what Christ would ask; you to do in penance; he would not
 be giving huge amounts of money to that tyrant Kim Jong Il

Time has come.

*'In the year 1999, and seven months, from the sky
 will come the great King of Terror.
 He will bring back to life the King of the Mongols (the antichrist)
 Before and after Mars (war) reigns happily.'*

I am your terror from the sky.
 It will be this way until you kill me and in the world beyond also.
 I want nothing from you; you cannot buy me as you have others;
 you can endure the judgement which I and others will bring upon you or you can kill me.
 I will not rest until judgement comes to the house of Moon

"the King of Horror will appear in Asia, not Europe and will wax powerful over the Eastern countries."

*'twenty seven years shall his war last; the unbelievers are dead,
 captive, exiled; with blood, human bodies, water and red hail covering the
 earth.'*

You will be fought to the death.
 You will be retaliated against

Hell in this world; hell in the next; that will be your only reward.

You who have broken into the sanctuary of God; you who plagiarised the Divine Principle from the Korean Christian spiritualists; it does not testify to
 one as evil as you and your father. Neither of you are worthy of it.

Shame.

A curse.

In the spiritual world the ancestors of Africa will come against you. Even now they watch you.
 For they know that you raised money for African poverty and invested in North Korea.
 They await you in the world to come. I am sure that they can't wait to meet you.
 I did not place this curse upon you; you have placed a curse upon yourself that only you can lift it.
 The Judgement of God will come to you.

I feel it in my soul.
Justice!!!!!!!!!!!!
Judgement!!!!!!!!!!!!

A letter from [redacted] to the members of the Moon family

To [redacted]

To Sun Myung Moon.

To [redacted]

To all my brothers and sisters in the Moon family.

At death we are all the same; our souls are all children of One God, and One Mother and Creator judges all with Love..

Consider your life.

You, by now know what your father and Kim Jong Il have planned for humanity.

I will be asking the ambassadors of all nations here in London what their governments are doing about Moon and Kim's threats.

They will have watched my video on your father's threats of Judgement Day and his military investments and of course his \$3.5 billion to North Korea and his submarines. I can make videos for less than a dollar. How much did it cost me to send a nuclear terrorist threat to all Ambassador's in London, with copies of my video? Very little. With the truth, political propoganda is cheap; it is only your Father's lie that he is not the antichrist that is expensive to promote. Many are worried about you all.

Many fear what your Father and Kim Jong Il could do

I did not start all of this. Your father started it. He was manufacturing arms in preparation for Judgement Day since before I was born. How do I know what he plans? God and Heaven have told me by divine Revelation.

The soul of Winston Churchill appeared to me. He told me that your father and Kim Jong Il will bring nuclear and biological Armageddon, anonymously; and that not every nation on earth saw it coming. Actually many people already knew. In the anti-cult movement, when I explained that Moon was preparing for war; they would say 'Oh of course he is' and then there is Robert Parry. He has known for years. [redacted] in America knows this too. Everybody knows what he is up to. Your Father may bribe political leaders to attend conferences, but their security agencies have all been informed of Moon's threats of judgement. Trust me, they are watching him; humoring him; taking his money; but they don't trust him; they don't like him; he has to buy his friends in high places; I only have to tell them the truth about Moon and Kim and their threats and suddenly everyone believes that you are dangerous and a threat to peace. I have been sending e-mails to world governments and to every UN delegate; to Castro and to all the Euro M.P.s. Castro knows what you plan; I have sent his representatives many letters. I write at least twice a week to each US senator and Congressman; I write and e-mail to my MP, I write to every MP once a week. Any my MP whom I can tell you is no fan of your father and is a socialist, he knows your evil by intuition; he knew before I did. Scotland yard anti-terrorist squad? Well I only called them three times today; they are refusing to comment on the phone on my video which alleges that your father and Kim Jong Il are planning Armageddon. British military intelligence? They too have my video. I just tried to call them. Can't get through today. Trust me; I am persistent. I have requested an on camera interview with New Scotland Yard anti-terrorist squad, demanding to know why Moon's \$3.5 billion North Korean investments, his submarine fleet, and his threats to bring judgement by fire are not investigated? I am persistent. They don't want to give me an explanation at the moment, but I sense their fear; this is not a minor matter; if it was they would comment straight away. In time. They are thinking; many people are thinking what your father and Kim are going to do; of what their

submarines are going to leave on the ocean floor. I don't sense paranoia; I sense fear of the unknown. Currently the feeling is, I am afraid for humanity; they are afraid; they are looking into it; they don't want to talk about it; they seem to know already. My MP is also going to help me. I will not drop the issue. Phone calls; e-mails; deaparation. A warning. Revelation.

Persistency pays off. Many take your threats of Judgement Day as seriously as I do.

I have sent letters and my video to Tony Blair and each day I send them out to MP's and the political world.

And President Clinton; I send him letters several times a week.

Entitled 'Death Threat against President Clinton' and 'Nuclear Terrorist threat'

The FBI? Oh they get my mail too, with similar threatening titles.

Revelation. Can't ignore it.

After all your Father enemies are to be sent to the spiritual world, right?

My case against Moon is presented in full.

To 1600 of your cult members around the world I e-mail weekly with my military report and on other matters.

You see; the Divine Principle was a gift to humanity from the spiritual world;

it testified to Christ's appearance at this time; your father took it and used it, and claimed to

have discovered it. Everybody knows that is not his discovery now. The Divine Principle is so full of truth that just about anybody could take it and claim that it testified to them; and this is what your father did.

He got mixed up with some very bad demons. I have met them. Sometimes we fight; sometimes I love them; after all demons are persons; they have never been loved by Adam. I have told them that I would love them more than your father would; that I would help them escape from the hell of fear and unloving; that I would resurrect them; that I would help them in their despair; for I am just God's servant. Currently we are negotiating.

I am asking them for peace; in return I will not abandon them in hell.

I make the same deal to all the living and the dead.

I am just a messenger to humanity; I am just a sacrifice; I would not leave a soul in hell;

for there in hell our Mother God suffers with the souls there; for Mother God is inside each one; suffering; we can all feel it through our intuition; this is not special knowledge to be bought and sold; we are the pioneers of a new Eden. You must stop your preparations for war. Peace must come to Eden.

I will not enter Heaven in my soul before your father's demons do. For God would not be in Heaven if there was still one soul remaining suffering in hell, so I would want to do whatever I could to end that suffering of God, for when a soul suffers in some way, God suffers; the soul of Her creation doesn't resonate with Her the way it should. I seek not heaven. I seek to turn hell to heaven. Hell is poverty and war.

I would not allow hell to exist. Love is beyond war; love is total forgiveness; Christ would know this;

not money and power and guns. I will liberate this world from evil; one soul; like so many.

My love. My life. I will live forever with Mother God. She will not abandon us.

She will not give Eden to your father, nor his sons; She is a democrat.

Her children should elect their leader as servant.

And if I die; God will raise up legions of souls like me; for I am just another soul like them.

I will love you; you who in time will probably eventually kill me; and when you do, when war is all over; I will come for you in the spiritual world; I will not leave you in hell; I am not a cruel person; I don't even eat meat; my wife beats me; I am kind to everyone I know; and I spend my life weeping for a Mother God whose kingdom has been stolen from her by demons using her name.

She will forgive you; She alone. Mother God will forgive you but you must not hurt Eden or Her children.

Ask Her.

The male 'God' comes from the archangelic realm. The females are the higher species, then the males; we worship the females in sexual spiritual abandonment; but I have forbidden your practice of 'Pi Ka Run.' Your father wants to inseminate humanity with his seed and that of his sons and to rule using a stolen teaching from Heaven. One soul only has one sexual and spiritual slave for eternity, and love is this slavery to each other; but the Mother is most precious of all; she should be followed; not the male; for he is more like the archangel; if women ruled Eden there would be no war;

Women are more beautiful than us; their Mother instinct is closer to God, to our eternal Mother.

Mother God gives birth to 10,000 souls an hour, and down here in the material world we are pray to the male deities, the angels who rule here; and every hour Mother God takes 10,000 out of the suffering of this world.

She just suffers down here. The angels were responsible for the creation of the world; they can claim to be God; they are similar, but male, highly intelligent and in history have been evil; they are very powerful personalities who require a great deal of love and attention from us; it will always be that way; we human souls are to love them in perfection; if we don't love them; they will not want to do anything; since they have free will; for they are not slaves; but fellow persons whom we were meant to experience friendship with.

Innocence was lost. Restoration is not Pi Ka Run; the male should be a sex slave to only one woman. Who are the brides of Christ? All are to be as Christ is and was; I am just an eternal soul like you; just another; I am just a messenger from Mother God. She lives inside me and I hear Her weeping. She lives inside all; all can hear Her.

I beg you.
Do not do this evil thing that you are about to do. You all know. You are all responsible.
Surrender to Love.
Surrender your soul to Mother God.
Love humanity; don't burn it.
We need democracy; kings only bring corruption.
I renounce my throne to the demos; I have the revelation of Christ that you claim. I follow it;
I thought myself a prophet of Heaven, and then the revelations came.
Things keep coming; Heaven keeps warning.

I'd give the revelations of the Korean Christian spiritualists and shamans away for free; I'd tell the world.
I'd say, end the reign of the tyrants and oppressors.
I don't want to be king; I want the people to choose their representatives for a few years, and in time;
truth will evolve; peace will come.

The Third World Tax Party will not die with me when you kill me.

Eden will be liberated; the Aquarian Age will come.

OR:

War. You and Kim hold your finger on the button.

You can kill me, you can kill half of humanity;
I have dedicated years of my life to questioning you;
I have told millions of people around the globe; I have engaged in a long propaganda war using e-mail lists.
All the governments of humanity know that you are dangerous. Whatever you and Kim Jong Il are planning to exploit in the current world situation with regards to 'Biblical Judgement Day' consider this, you will be suspect;
in the end whoever fights who, they all know that you are dangerous to them too.
You are prophesied to lose. Human intelligence and military analysis would lead to this conclusion
There is too much evidence against you. I don't see any of you debating this on alt.military. Nobody ever offers any good arguments against the danger you pose these days. Sometimes I feel like I am preaching to the converted.
I get replies like, 'OK, OK, we all know that Moon is dangerous, I just don't want to hear about it every day.'
The intuition of others regarding you is no different to mine; I just express it differently.

Whatever happens. Come judgement Day. Every government in Eden will have all of you, your father and Kim Jong Il on a list of suspects. If half the population die in your father's blasts, there might not even be a trial.

Everybody knows.

You have been taken on a giant ride by some demons who wanted to control humanity
I have forgiven them. I will not leave them in hell. The problem is you. You must stop
your father from doing anything stupid.

I offer a compromise.
World Peace.
It is up to you. There is a way out of Hell. Try to convince humanity that what I say is not true.
Prove it. Just don't do it.
Nostradamus predicted 27 years of war between the armies of the God and the armies of the antichrist.
You are now on every nations suspect list as potential nuclear and biological threat; I have dedicated my life to ensuring it.

So.

Prove me wrong.
Don't do it.
Mother God loves Her children.

4

Here are Her demands.

Now I don't often write with my infallibility cap on, but here goes.

1: Democratic socialism

2: Rich nations have to pay a Third World Tax. Raise Sales taxes and petrol duty and other taxes to get 10% of nations wealth each year and throw it at the third world. This is what a humanity's Mother would do; ask your intuition? Am I right? 350 families own approximately 80% of the world's wealth; socialism must change this; all governments must be elected; they must feed humanity; nobody owns this planet; this is common ground. No one person should ever rule the world. It is a good idea to share power between nations. What if there was only one world government and some tyrant took it over? That would be terrible. Socialist democracy is essential until the kingdom of Heaven comes. When is that? When all attain the direct dominion of Mother God's love; when no harm comes to anyone; when women rule Eden; all the mothers, with we men as their slaves of love and service. Heaven is a matriarchy; Mother God told me that; this is one of my infallible statements by the way; the male souls; the man and the angel corrupted you female souls; you females souls were the closest thing ever to Mother God that had been created; there was a fight for you against a weak opponent; and since then you have become a sex slave to the male souls and the male deities (the angels). It is they whom you experience when you often pray to a male deity; Mother God is the other feminine experience of love and tenderness.

To you

A female soul is almost always purer and closer to God than a male soul. You are responsible for your husband; you have more a Mother's heart; you wouldn't hurt Eden as he would. You were full of innocence once. He is the antichrist. But you need not leave him, he is just another male human soul like me; you must bring him to know a woman's heart, a Mother's heart for humanity. You must stop him. You must turn his soul around in the name of Love; and in service to your soul alone for eternity; Beg him not to do it. Children will die in this war.

You have children and grandchildren who will die; you must beg him not to do it.

This will be the cruelest war of all. Nuclear and biological terrorism; this is what your husband and Kim Jong Il plan.

Anonymous. Deadly. You never know when it is going to happen; and who will retaliate and when.

Nobody benefits. Everybody hurts.

How do I know? Divine Revelation. The evidence is all there however.

And I prophecy...

Nobody trusts you.

If anything suspicious happens; you will be suspect.

If innocents die; you will face humanity's suspicions.

All the world governments know by know.

So, my solution, at this time of crisis.

Peace.

I want nothing from you personally.

What do I want?

I want to see changes; I want to see more love for humanity; I want to see a better imitation of Christ from you all; for Christ would not have exploited the poor.

I want to see you cease to arm for war;

A war that you will not and cannot win.

Why?

Because you are humanity's only multi-billionaire family of Christs whose father, who claims to be Christ threatens to take over the world by 2004 and has long been prophesying Judgement Day.

It also so happens to be the case that he and Kim Jong Il have the means to do it; everybody knows it.

You will be top of the suspect list. It might not take 27 years. It could be over very quickly.

Even your friends in Washington DC are afraid of you.

I mailshot all the journalists at the Washington Post each week with 'Moon and Kim Jong Il' militarism warnings, for example; I e-mail all the news agencies including your own; I e-mail all the world's media.

I also spend a lot of time on the phone attempting to get the UK government to treat this as a serious military matter. Many journalists and media people in London have my video; I don't sell it; I mail them out.

To the Mosques, I have my jihad version with testimony by a Muslim, and I do point out that your father claims to be greater than Mohammad the prophet, and that he will conquer Zion, Christendom and Islam; that he will inseminate the daughters of Islam in Pi Ka

b6
b7c

5

Run sex magic. I have received instructions from Heaven that I am to raise Islam to Jihad against the antichrist; or as my Islamic brothers would say, the awaited Ad Dijall. I have been sending these videos to the Islamic world, raising the call for Jihad.

Mother God is telling me to do this, and to do this until I die;

I am just a messenger. I am just your brother. I am just following my revelations. I have no choice.

I do this not purely of my own will, though I am willing to be an eternal servant to Mother God.

This is not personal. For you it is personal. For me, well I am just God's servant at this hour. Others will arise after me.

I am not greater than they, nor they greater than I. We are all just brothers and sisters in the end, at death, when we leave this world; no credit cards, no shoes. We have to explain ourselves.

Plead with your father.

Tell him not to do this; not to initiate war

Ask him to give his money to the poor of humanity in penance for this war that he has prepared for, for so long.

All are to be as Christ was and is. There is no master race; no need for a Blessing. The Blessing is when two souls love each other for eternity, all else is folly. The Divine Principle is the end of religion; whatever is true in it will prevail; it is higher truth; but the only thing stopping God working with it is that it is currently being used to testify to the antichrist; the Divine Principle has its own power. Why not let humanity re-write their own interpretation if it; have hundreds of them; all would come to the truth in the end. God would speak to the souls of Her children

You cannot copyright the truth. All the souls who believed in the Divine Principle have already left your cult.

Those who remain are only the permanently spiritually blind whose intuition has not developed much beyond the material world, or those in innocence.

Forgiveness awaits you in your soul from Mother God.; She is only a moment away; She experiences everything you do; every thought you have.

You have all placed a great curse upon yourselves.

All the ancestors know your father's plans. This is their descendents that you are planning on killing. Imagine the consequences of what will happen when you enter the spiritual world.

Imagine what they will do to you. In the end you are alone, your soul and Mother God, but if many hate you; they can surround you; you will have no protection from them.

I will offer you my protection against their rage.

I will offer you my love.

But you must disarm and cease all you military preparations for Judgement Day.

You need to turn your lives around. Stop being the definition of the term hypocrite; help the world, don't arm it; feed it, don't exploit it.

For example, why don't you put computers in all the schools of Africa instead of into North Korean militarism; then the souls of Africa would see that there is a possibility that you may change; your curse would lessen. And even would think, wow, all that Money, raised for African charity in Japan; so many young devoted souls offer this to you thinking you Christ; he could have bought plutonium or submarines with that. Instead he did something good. He actually did something that I would do; he stopped being a hypocrite for a day. And people would look up to you. And communication would improve, and peace would come in time.

b6
b7c

You should have given the \$3.5 billion to Africa, not North Korea.

You know, you could have been me. I could have been born as you. We are just two eternal souls; lost in suffering; We seek peace in our souls; we seek bliss; oneness with Mother God; we seek forgiveness.

Your father can change.

You must beg him

You must stop him.

You know what he is doing in North Korea.

You know what he threatens.

Stop him.

Stop him now.

Talk to him.

6

In God's name ask him to cease and desist from this militarism.
 Do you really want to become the most hated family on earth and in the spiritual world?
 Children of the antichrist? That is how many see you now.
 They won't change their opinion of you unless you give them good reason to.

Your father had better not hurt any of the innocents of Eden.
 I will hold him accountable for each drop of blood that he spills;
 Each child; each old person; each human soul that he burns and poisons;
 as will their ancestors hold him accountable.

And you who know; you who could have stopped him;
 I will hold you responsible. Mother God will hold you responsible; your ancestors
 will hold you responsible.

Convince him.
 Plead with him.

Stop him.

Beg forgiveness from Mother God.

And to Moon; a prophecy.

Not all you children are as evil as you.
 One female in your family is good; one bears the world no harm; one would never hurt Eden;
 one knows Mother God; One seeks Her.
 One will know that you are the anti-Christ by the revelation of Heaven or by intuition;
 This I have been told. Which one? Even I don't know.
 You must listen to that person; that person will save you all; that soul
 will bring humanity from war. That person has the heart which is closest to the divine Mother.

If you do not repent of this evil thing that you are about to do
 Your own house will come against you
 And your sons. Are they all so evil that they would bring biblical Judgement Day?
 If you do not change. If you do not stop. If you do not disarm.
 One will receive revelation or intuition from God and Heaven
 One will rise against you. And then another.
 And in time legions of souls will come against you.

Everybody in the spiritual world knows what you are up to.
 They know your plan; and millions here in the material world know too.
 I have told them.
 It is simply not worth it. You all have free will. Use it. Stop your Father.

What do I promise you?
 You have nothing I want but peace
 And in peace.
 Democratic socialist revolution.
 We will all share Eden.
 The rich nations must help the poor nations.

I'd like to ask you to be among the first to start your own Third World Tax Party in the United States.
 You don't need my permission. Just give it your own name. Keep the issues; get your Father's propoganda ministry to ask The US
 president to raise taxes for the Third World. Why not? You can't be fascists forever.
 God is not a fascist you know. She is just Love; She is just Mother. She is right inside you;
 you can feel Her by intuition.

You can do it.

Why don't you try?
 Try and dig your way out of hell.

7

Make a few changes. Give your wealth to the final war; the next war, should your father be made to see sense; the war against world poverty and tyranny.

You are not any more Christ than anyone else is. For all are to attain the direct dominion of God's Love.
It is a revolution of soul, of democratic socialism.
It is the seventh Revolution; the seal; the path to Heaven
Where God will be written in our hearts.
You can't sop it.
Whether I live or die,

Make few changes. Join a revolution of love. Disarm.
Stop your Father from harming Eden

Please. Don't hurt this planet. This is our home.
These are Mother God's children.

There are two alternative prophesies of this time.

1: War of Armageddon between the armies of Christ and the Antichrist. You will lose.
Too many people know that you are dangerous to have around. Everybody is scared of you.
Governments are scared of you and are watching you. You would be suspect. You would be fought.

2: The Aquarian Age. The end of religion. The awareness that God is Mother. Peace on Earth.
Swords to ploughshears. Global democracy. A matriarchy.

You call. You have your finger on the button.
I suggest that you have a chat with Mother God, She who is creator; commit your etemal soul to Her;
turn to Love.

There is only one God who is Mother.
There is only one Love
We are all Her children.
We don't need your hypocritical religion that rapes Africa and poverty's memory and invests in war.
Your religion is already written in our soul. You promote it; you don't live it.

Humanity will never worship an unworthy god, no matter how good the propoganda;
for in time their intuition will tell them that something is wrong.

Mother God will triumph in the end. In war, in peace. Love will come.
Heaven will come. It is long overdue.

Peace. And with peace comes a better world.
Your father has spoken of peace and love but prepared for war and for hate.
You must change him. You are responsible.
He is old. You must take charge of him
This is a very serious situation.
You must stop him.
If you do not,
History will blame you.
Humanity will blame you.
I will blame you.
Mother God who is Creator will blame you

God will never surrender Her children to you.
She will speak to other souls.
I am expendable.
Just one soul in six billion here in Eden.
Who will God raise up next against you.

8

I am just part of the underground;
You have more powerful enemies to worry about than me.
I am unarmed.
I come with judgement by word.

Heed my warning.
I come to warn you on behalf of Mother God
For if you do not repent, others will come to you
with another kind of judgement.
And I will have no power to stop it.
Once the truth about you is known to a soul; of what you plan; of what you threaten;
you make a new enemy that even I cannot convince

The future of the world is in your hands.
A war which you will lose
Or peace.

You father has talked a lot about peace.
Ask him for it. Even Mother God asks him to repent of what he plans.

Don't kill Her children.

Socialism
Democracy
Freedom
Music
Love
Peace

We are all children of our One Mother who is Creator.
We are born to live in the womb of Her love.
The male angels have pillaged Eden; it is full of suffering.
It is their souls your father intuit.
Do not listen to them; I will forgive them.
Do not initiate Biblical Armageddon.
This is a message from God

Liberation.
End the reign of tyrant kings and oppressors.
Babylon must fall, whether I live or die.

This is the Seventh revolution.

In the end.

God will win this time.
I predict it.
It will come to pass.

In time; this can't go on; peace must come;
I feel it.
Love must come. Justice must come.

But first war? From your father?
All heaven and hell will come against you.

Don't do it.
Talk to your father about this.
Give him my message from God
Here it is.
'Do not even think about what you are planning to do.'

You will become the most hated person in Eden.
 Repent.
 Free your slaves.
 Give to the poor.
 Heal the world.
 You could change.
 You know you could.

Peace.

I am [] I am in London. Let me introduce myself

Do you think that I might be insane? Well if I am, consider that I am just as insane as Moon, for we both claim to have received revelations that we are Christ. We both believe that our enemies should die; and I assure you that this is written in the Book of Revelation; Christ comes to kill all his enemies; Judgement on the evil souls of Eden; to me that is all the tyrants who enslave humanity in suffering, poverty and social injustice; to Moon, it is currently Christendom which bears his wrath. Neither Moon nor I are pacifists; we both prepare for war; Moon invests heavily in Kim Jong Il; I spend my days writing to the armies of Islam; the US militia; to the governments of Europe and Africa. Moon is a theocrat; I a democratic socialist. Are we both crazy? You decide. Are both our threats real? Yes they are. I swear. This is not a joke.

For many years I have prepared; for seven years I have called upon the antichrist Sun Myung Moon to free his slaves.

24 hours a day, 7 days a week, when I am not editing film on Moon or sleeping; I live to e-mail the globe; I talk to everybody.

I am a collector of internet addresses. I spend a great deal of time compiling mailing lists; years in fact.. One click of a button gets me MP's in Europe and the UK. Another click of the mouse gets me the UN, world leaders; the media; Marxist groups; Islamic groups.

Neo-fascist military groups. I am a collector. That is what I do best. I appear in the sky on:

www.darkriverfilms/jihadusa.htm

I speak to all nations. Moon is afraid to do this. He and his sons refuse to rise to my internet challenge to debate their military investments, theology and their funding on alt.military and alt.unification. Intellectual cowards. They hide behind lies; they cannot explain themselves; they know the corruption of their father and themselves. Their light is not set upon a hill. It is hidden in a dark river of secrets.

So many, many secrets.

I have a documentary film on the Moon cult's militarism. I spend my time mailing it to just about everybody.

Many of my Islamic brothers around the world know that Moon is the Ad Dijjal; better known as the antichrist to the Christians. I have pleaded with Bin Laden in open letters on Islamic and Middle East forums to do something about Moon. He is weak, not as strong as Moon and Kim, he has a mere 20kg of plutonium (or so the Israelis believe, according to posts on Israeli Usenet); a pittance compared to Moon and Kim. Enough for no more than four Hiroshima's. He will need a lot more than that if he wants to fight with Moon and Kim. He has not written to me; but I have in the past posted heavily to the Arab, Islamic and Middle East Usenet in search of him; hitting millions of mailboxes to millions; hoping that he will hear my voice. Many in Islam know who Moon is; they know that they will have to fight him; they know that he and his sons seek to inseminate the daughters of Islam in *Pi Ka Run* (K.R. Cleansing of the blood; Korean Sex magic) Bin Laden believes that he is awaiting the final judgement of God; that he is preparing for the final war against the antichrist; and he like me believes that America shields the antichrist; this we have in common.. I have suggested that he stops attacking innocents and turn his attention to Moon and Kim. I have written open letters to Iraq, to Libya, to Iran and to the Syrians. Many among them prepare for Jihad with plutonium swords and poison. Moon and Kim supports both the Islamic nations through their North Korean arms manufacturing and also the American Republican party. He is setting up both sides for war.

I have issued so many warnings.

The sword of Islam will, in time arise against Moon and Kim. Holy war, Jihad. Armies of souls will come against them.

My life is this call to arms.

In North Korea the sentence for being caught with a Koran or Bible is death, but these nations trade with Kim in war, yet Moon wants to inseminate the daughters of Islam; he and his evil sons. Many throughout the Arab world know that, and although they receive arms from North Korea; they know that Kim and Moon are the enemy of Islam, and they will in time turn their attention to them; I must have sent thousands of e-mails to those governments delegates, pleading with them to turn temporarily from the war against the Zionist occupation of Palestinian land and their brutality, and prepare for war against the antichrist and the false prophet, Kim Jong Il and Sun Myung Moon, for they threaten both Zion and Islam. And Zion and Islam must once agsint live side by side as brothers.

Many do not consider my position as valuable; many do. Well they say that one shall be taken and one shall be left behind.

Islamic jihad must turn its attention to Moon and Kim; they are real enemies; not America; not patriots' soul that fought the English tyrant. And I am a Celt, my ancestors too fought the tyrants with their blood and great sacrifice. But Moon will be Eden's greatest tyrant.

Never was there an antichrist so foul; for he took the teaching of a Korean spiritualist movement; something which was pure, and could do no harm to anyone; revelations that testified to Christ's coming at this time; but the antichrist claimed to have discovered this by his own revelations and on this basis claimed that he was the Christ; he invented a myth; a legend. Moon is the great Beast of the Book of Revelations surrounded by his harlots and concubines. He shagged all the early female members of his cult you know; so if you ever introduce him to your wives and daughters, just think about what he is thinking. His early follower [] confirmed this; Moon had sex with his wife and all the early 36 couples he married. He is Christ; they are his brides. And then he says 'there are many parts of the Divine Principle that I cannot reveal right now, for the world would not understand it.' He is wrong. We would understand him much better; we just wouldn't want anything to do with him

Why is there not an official Islamic fatwah on Moon yet, I have so often yelled, and for so long to my Islamic brothers in the Middle East? Moon claims that he is greater than the prophet Mohammad; that Mohammad bows to him in the spiritual world. But I claim that Mohammad would never bow to the antichrist. I am just a servant; a messenger; I would never say that I am greater than another person, for we are all of the same mould; all created by the same creator; all have the same potential; all undertake the same eternal quest for truth and meaning and love and purpose and oneness with our common Creator; all evolve into Love in time; in this world or the next; Moon and his spoilt sons of course; they are greater than anyone before them, so they say; they of the antichrists lineage are better than you and I, they alledge.

They are pure, they say; humanity is fallen. You need sexual purification, they would say.

The new master race. The Korean and his sons, the would-be kings of Eden.

Moon claims that as the Ahmadi that he is greater than Mohammad. What do I claim? I am just a messenger.

4

Moon and his sons; the men who would be kings; they who consider themselves worthy to rule us under global theocracy; the divine right of kings; everything that American patriot's blood was shed to fight against. You gun wholesalers of America who deal with the antichrist's sons spit on American patriot's blood. Your ancestors watch you from the spiritual world. They will judge you; they will curse you who trade with [redacted] not me; for I rarely curse someone; the world is full of people who have placed enough curses on their own souls. And [redacted] is the definition of the this. For he built his arms manufacturing company knowing that a great deal of the money that is raised for his family is fundraised by using IRFF African charity brochures in Japan; and this at the great sacrifice to all the devotees who go door to door collecting for this; and many died for this. [redacted] has gorged long enough with Africa's suffering.

b6
b7c

I hear the Khar guns get good reviews in all the right gun magazines.

In time, I predict, Khar will become a mark of shame; American patriot's will not want to be seen buying one, since many will come to know that it is the Trademark of the antichrist; he who spits on patriots soil. And [redacted] is one of his heirs. He believes that he was born to rule you; that he is racially and spiritually superior. What do you think? And then there is his gun crazy brother [redacted] another of the royal family who believe that they are worthy to rule you and are good enough to disband democracy for? And he has lots of guns, different colours, different styles. And this is a man who beats women; who beats young members because they forget to don't bow to him; he did that once to a young Japanese seminarian. You can see how these new fascists want to rule The only good thing I can think of to say about [redacted] is that according to his [redacted] argument over drugs [redacted] wanted to kill his father. So this is the family of the living Christ? Do you feel like giving up democracy yet, for your new King of Kings and Lord of Lords and his holy family? The antichrist is among you. Trade is forbidden with him.

Why do I claim that Moon is the antichrist. I have studied him for 21 years; I probably hold some kind of a world record for reading his speeches. I too, like Moon, claim the divine Revelation of God. Believe Moon, believe me, believe neither. Your call. Your soul

The Moon / Kim Jong Il alliance is all the antichrist/false prophet alliance that you will ever need. They will bury you, America. North Korea is a submarine/terrorist nation. Biological testing on humans, concentration camps; Kim is pure evil; he has lost approx. 3 million people already; half the Jewish holocaust. Many Aid agencies don't want to help him since aid is used to feed the army and the rest is sold to a population with little money. Moon has given him billions. Human rights violations have increased since Moon began his onslaught of investment in North Korean militarism and tyranny

You know I'm probably the only socialist in London that supports the US NRA's political position on firearms.

You Americans are going to need all those guns you can get, when submariners Moon and Kim set off their fireworks..

Did you know that 5 kg of plutonium placed on the ocean floor near Manhattan, could be detonated a long time later by radio.

It would take the entire plutonium production from one of Kim's reactors for an entire year; but then it is always available on the Russian black market. \$50 million or less of Plutonium would get you Hiroshima in a suitcase. Casualties from the tidal wave alone would be horrendous.

Make it your thought for the day that [redacted] father threatens judgement upon you Americans by fire for not receiving him as Christ.

So, to my fatwah against you.

You, the wholesalers of Khar Arms America face my fatwah for financing the gun company owned by [redacted] the son of the antichrist, Sun Myung Moon, known to Muslims as the Ad Dijjal. Both Moon and I claim to have received revelations that we are both the awaited Christ and the Amadhi messenger. Our mission? We are both here for Jihad. I am here for Holy war against the antichrist. Moon is the antichrist. I am no different to you; I am just a messenger; an eternal soul, as were my forefathers the prophets of old..

You may think that Moon and I are both crazy. Good. I have your attention.

Moon and I both claim shamanic skills; this is a war which will last even beyond the grave. An eternal war of souls between the souls of the armies of God and the souls of the armies of Hell; of the corrupt; represented by Moon. You my friends are intruding upon this war which we both prepare for. Moon and I both claim that all our enemies should be sent to the spirit world. In this respect we both have placed a fatwah on each other; however Moon was manufacturing arms since before I was born in 1959. He took first blood; he threatened humanity; he prepares for war.

I am the judgement from God upon the house of the Sun and Moon.

Moon of course hates Clinton; always slagging him off. Moon's Korean sophistry covers his language, but if you think about it; Bill Clinton has a fatwah on his head from Moon. Moon claims he will rule my 2004; that he will rule Eden as Lord of Lords and King of Kings; that his enemies should be sent to the spiritual world.

What will happen to Bill and Hilary?

I mean it is not every day that the president of the United States gets death threats from cult leader Moon who believes that he is Christ. All his enemies should die; he has said so; he hates Clinton. You figure it out.

Let me tell you about [redacted] Where does he get his money from? How is he financed?

Well first let me tell you about Chiyoko. She was from Japan. She died in the gutter in Newark; New Jersey. I remember her funeral. She was a lovely soul; she wanted to change the world; to bring peace on earth; I wept for days. She died fundraising for \$200 a day. She would sell flowers at a light in Newark; New Jersey in the Red light district. It was dangerous; she shouldn't really have been there alone; I did the light sometimes too; it was scary; but it was to finance the revolution of Love, or so we all thought. Others I knew where shot at and pistol whipped; one Japanese brother died with a shotgun blast to his stomach; he refused to hand over his bucket of flowers when he was threatened by a robber. He had maybe a \$100 of roses. I even

5

used to sell magazines for the antichrist cult with the faces of hungry African children on them. Etc..., etc...

Many of us were innocent; we genuinely did not know the hidden nature of the Beast of war

And then of course this begs the question, how is this money spent? All of Moon's children allegedly receive between \$20,000 to \$40,000 a month pocket money. Moon's son [redacted] has a cocaine habit, financed by ??? Well you figure it out. Sting once said that Cocaine is God's way of telling you that you have too much money. Over here it is \$70 to \$100 dollars a gram. I have a friend who would blow \$1000 a evening. I only ever did Coke once in my life; it is too physical for me; I felt too selfish; sacramental plants are more my style.

b6
b7c

So Chiyoko would have died for a couple of grams; other souls would have died fundraising in the rain for one gram. And then to top it off are the millions invested in arms manufacturing; the 40 submarines in 1994; taken to North Korea; the \$3.5 billion invested in 91.

I often wonder how [redacted] feels when he drives from his \$43 million dollar home extension past some poor sister or brother fundraising on a light somewhere with roses. Do you think he is guilty? Frankly I don't think that he really cares what happens to him after death; he has no fear of God. He lloks around and see evil and exploitation everywhere. He is just more of the same.

He could never believe that you and I and he are just the same before God; he represents universal evil.

He must be executed. I have his Father's fatwah. [redacted] has mine. We shall see.

And Chiyoko died for \$200. Next time you see [redacted] or any of his brothers, ask them about those souls like Chiyoko who gave their lives to a revolution of Love that was invested in war. Ask them if the money is worth it; ask then if the cocaine harvest in Columbia was good this year, and if their bank in Paraguay is doing well. It was in Paraguay where a journalist was investigating links between cocaine money laundering and Moon's Banco de Credito Uruguay was threatened at gunpoint to abandon his story. You can read all about this on Robert Parry's site. Moon and his sons have placed the an African curse upon themselves; they raised money for Africa; ignored Africa and invested in war. You who trade with them will share in this curse. And it is not a curse I have placed upon them; I have merely reminded them of the nature of it; though they know well on their own.

What are the military positions at this time as we prepare for war.

Moon and his allies?

Moon has invested billions in North Korea. As I said; £3.5 billion in 1991, and in 1994 Moon towed 40 F and G class Russian submarines into North Korea. Moon prepares for biblical Armageddon. He predicts it. He is insane enough to do it and so is his financial partner Kim Jong Il. Kim's strength is submarine warfare; the sea-bed. His divers will commit suicide rather than be caught, as they have so many times in South Korea. Kim has little navy and air force; he is not equipped for conventional war against America; he would have to do it terrorist style to fulfil his many blatant threats. Moon has no air force or navy; but he does have 40 submarines; he does have an alliance with a known manufacturer of chemical, biological and nuclear weapons. And it has been said that Kim could take out all the major South Korean reservoirs in a few hours with a few divers swimming ashore with Coca Cola bottles. And then there is Plutonium. You Americans are not invincible. You are pray to Moon and Kim's threats of judgement by fire. I take them very seriously.

Moon claims that he will rule Eden by 2004. He predicts that the US will be judged by fire because they have not received him as Christ. He claimed recently that the US was heading for destruction very soon. America, he says, is Satan's nation. Hell on earth. He predicts your destruction and you buy his guns. Get a grip.

And me? I love America, Yo. Hilary Clinton. She should be president.

But part of me is filled with wrath against America; for this is the nation that shields the antichrist and his cabal.

George Bush has received millions from Moon. The Republicans have been bribed by Moon

though they all know that he is a theocrat and democracy's enemy..

Moon is always saying peace and love; but then he prepares for war and threatens to rule Eden with his sons.

I am much smaller than Moon; I appear in the sky to speak to all nations. 24 hours a day 7 days a week; I am Moon's judgment from the sky.

Where are my armies that are prepared for me? The armies of God? These are the armies of Islam and of Democracy and of Zion and of Africa and of the South American countries where Moon's presence is despised though the bribes are cheaper. I have told all they who will be crushed by Moon. Right now my brothers Zion and Islam and Christendom are fighting each other; I merely seek to alert them to the fact that Moon and Kim will seek to exploit this particularly since a number of Islamic states trade with North Korea. The real antichrist alliance of Kim Jong Il / Moon has been supplying them weapons; I have been calling them to jihad; holy war against Moon, Kim and their allies.

Since Bill Clinton and I have the antichrist's fatwah upon our heads. And since Moon and Kim prepare to fulfil their threats and evil prophesies of destruction; I must also place a fatwah. Both Moon and I claim to be the Amandhi prophet to Islam. I will let Islam decide.

Death to Moon and his sons and priests; death to Kim Jong Il; nuke that tyrant who prepares for war of poison and plutonium.. death to those who trade with the antichrist. And George Bush Sr. and Jr? Execute them. Should Moon get to place his fatwah on Clinton and I not respond? Like Moon, I am not a pacifist.

Moon claims to be greater than the prophet Mohammad; greater than Jesus; greater than all who ever existed. Moon claims that eventually all humanity will be engrafted into his blood lineage. How? First they drink holy wine containing his urine, faces, semen and other body elements. The women are told to love Moon first; for she is the bride of Christ; we men are archangels allegedly. Your wives should love him first. Moon shagged his way through the females of the first 36 couples that he married, according to [redacted] Moon's Japanese cult. Nobody really

6

knows how many children he has from his wife and concubines. Allegedly he left many virgins weeping. He is not a kind man. He is shallow; he has little genuine love.

Moon and his sons will shag their way through humanity's daughters.

God is mother to the Celts; and I am a Celt. In Celtic paganism; women are closer to Her, and we men are their servants of love; devoted to them in the slavery of love; but Moon wants to rule all women; he wants to shag them. He wants your wife too; all women are his Brides. He wants to inseminate Zion, Islam and Christendom's daughters with the seed of his lineage; he believes that the Koreans are the chosen race; his Western leaders complain that they are just puppets for the Korean leaders of his cult. He sends his teachers such as the [redacted] around the globe. He also has a habit of wandering onto the sisters bedrooms. He had to be pulled off one sister in West Germany; the Germans brothers were furious. Horrible little thought fascit. One of the most arrogant people that I have ever met. Trust me, they want your daughters, this master race. They are neither superior or inferior; they are just souls in Eden who think they are better; as Hitler did before them; these new tyrants;

Moon and his spoiled brats of sons fed on Africa's suffering.

African charity scam:

Well to continue on to where [redacted] gets his money, many brothers and sisters from Africa went to Japan; they went door to door raising funds for African charity; for the International Relief Friendship Foundation; the photos are very old. Many years ago they gave a token offering to an orphanage; they took a lot of photos of innocent children; they have fundraised for years door to door in Japan with this IRFF propaganda; the orphanage never received a pencil or a box of crayons after that. Moon raised millions. When the African members got back to Africa, they were always told that the money would be transferred. It never was. Moon always needed it for some other providential purpose. What purpose? Well \$3.5 billion to North Korea is a lot of money to divert from Africa poverty. 40 submarines, each needing crews of 60. In Russia, submarine crews are \$50 a month per head. In North Korea? Who knows

So let me ask you. What do you think of a family of Christs who raise money for North Korea militarism; that live in a \$43 million dollar home extension; 3 Lear jets, marble palaces...etc., a royal family of Christs who raised millions for Africa in Japan and the money never got there?

In suffering humanity's name; devotees were stretched to the limit of exhaustion; in God's name this money was raised.

And what fruits do we see? A North Korean military church. there for all to see. And many see.

Pure evil; pure greed; pure corruption; pure militarism; but with a few million here and there thrown into conferences with bribed speakers which give the antichrist respectability; or so he and his useful idiots think.

This is where [redacted] money comes from.

The Marble vase scam

Well was a good one. Japanese widows. Usually two Japanese female members would sell ginseng door to door. When they spied a victim, often widows and older women; they would read their palms, sell them ginseng and then invite them to a meeting with a very important spiritualist. The spiritualist would come in dressed in a white robe. The Japanese sisters would bow. There would be many people in the room. The spiritualist had been briefed on all the details of the woman's life by the sisters; he would go over to the women and say (always the same thing); *'oh you I feel someone very close to you in the spiritual world; I think it is your husband; he is suffering; you have to liberate him; you have to make an offering to Heaven;'* and they would buy cheap marble vases and temples for huge amounts of money to bring good fortune to their ancestors. they do this also with paintings, and in the end they finally discovered the best trick of all; one Japanese widow who lost \$500,000 only got a photo of the antichrist in return. She was congratulated. They held a special party for her and when all her money was gone, they lost interest.

Cheap trick

A photo of Moon \$500,000? This was in the Washington Post. It happened over and over.

How much would you guys pay for a photo of the antichrist; the hypocrite of hypocrites?

What would you do with it? Actually I have his photo right in front of me. I meditate on him constantly;

He is my spiritual target.

I cry out to God for judgement. For justice!!!!!!

[redacted] is cursed by God; don't share his eternal destiny. Do not trade with him. It is forbidden.

You don't want to go where he and his evil brothers are going in the afterlife. I have seen their future home; I have met the demons who surround them; they won't like it; you won't like it; think about it.

think about hanging out with some of the most evil souls of history. Torture. Pain. Vengeance.

You really don't want to go there.

Cease and desist from the antichrist's company Khar Arms..

You want a small lightweight semi-automatic concealable handgun? You want a machine gun.

Buy as many as you can; you will need them to defend against Moon when he and Kim's fire judgement comes to America.

Plutonium swords? Do you have any? Moon and Kim certainly do. They have a lot nasty things coming. Store some drinking water.

Buy more guns. But boycott Khar. Prepare for war against Moon and Kim. It is forbidden to trade with the enemy..

My fatwah.

7

Moon has claimed that all his enemies should be sent to the spiritual world. It does actually say that Christ comes to kill his enemies in the book of Revelation, so Moon has a biblical justification for it and I just don't care.

Who are my enemies:

Moon, Kim and the tyrants. I am a democratic socialist, You know the score; revolution; power to the people, Jesus was a proto-communist, etc; You have heard it all before. Though of course Moon and [redacted] his master of arms, they know nothing of liberating the poor; they seek to rule; to conquer; they think themselves better than you; they think themselves superior. They have other plans In public they will smile and befriend you and be charming to you; but in reality, according to Moon's inner circle teaching they want to shag your wives in 'Pi Ka Run' (Korean sex magic). They are just sussing out the game.

b6
b7c

So since I don't expect to live too long; here is my fatwah.

Who is to die?

Who is jihad to be fought against?

Lenin once said that if half the world's population have to die to bring the socialist revolution, that it would be worth it. Both the Moon cult and the Japanese Aum cult have a similar apocalyptic judgement theology combined with militarism.

Both Aum and Moon have sought to do business with nations who are known nuclear and biological threats.

So in the third antichrist war, democracy against Moon's and Kim's post-communist theocracy, who would I have killed that the rest of us could live in peace?

The antichrist alliance and his Cabal.

Sun Myung Moon and his sons

Kim Jong Il.

Their political and propaganda allies.

George Bush Sr. and Jr.

The priests of the Moon cult.

All who know of Moon's plans and who still trade with his companies.

And this of course includes the US wholesalers of Khar Arms.

All the US militia, take note; you have a greater enemy amongst you than the CIA.

Moon, his sons and allies must be removed from Eden. Moon's property? Well I have asked him to sell all, disarm and give his money to the poor nations of humanity; I have been asking this for years. I have lost my patience. My sentence, tear down all his properties; leave not one stone upon another; this will come to pass, in time.

After all we can't have Moon putting a fatwah on Bill and Hilary without a little payback.

The next war will come in small suitcases. The armies of Christ and the armies of the antichrist; both have Plutonium, chemical and biological devices. I may not live to see it. Under Moon's fatwah, I don't expect to see much of it.

America has sinned against God, says Moon because it has not received him as Christ. I would say that America's greatest sin is that it has sheltered and traded with the antichrist and his spoiled brats of evil sons for too long. HE says that you have not been good enough to him; I say that you have been too good to him; and Bin Laden? Well no wonder he thinks that the US is the antichrist. This is America's greatest sin against God.

Rid America of this apocalyptic military cult forever.

I have cried out against him for 7 years.

I have called for Moon to give his money to the poor of humanity; I have called him to repent before the one eternal God.

He is not listening. He is only speaking; he is perhaps the most arrogant and foolish man who has ever existed;

He clearly has no sense of the consequences of his crimes against God and humanity; of

the terrible judgement that will befall him in this world and in the world to come; where he will be despised by the souls

of Heaven and Hell; that fool who would be king. And he thought that God would never bring judgement upon him

That foolish man who thought that he could own the whole world.

The next war will be the worst.

I can communicate with millions of people.

In 24 hours time the above list of seven wholesalers and their addresses will be added to my global communiqués concerning the allies of the antichrist.

You have 24 hours to respond and to guarantee that no further sales will take place.

I will debate the issue on all the gun forums on Usenet and this post will be sent to my Islamic and Christian militia e-mail list.

8

If you wish to debate the issue, meet me on alt.military or alt.religion.unificationism. I will also be placing this post there today and to global e-mail lists.

So here I am

I am here to raise the armies of God in global jihad against Moon and Kim.
I am here to ensure that Moon will be fought to the death by the last Christian, Muslim, African, Jew, whatever.....
Moon and Kim took first blood here. They are the ones preparing for war.
I did not start this.

You or they can have me killed, but my fatwah will remain; it will outlive me.

And in the world to come; you who have made allies with Moon; you who have knowingly traded with the antichrist;
You shall face the judgement of God there also.
And your will face me.
Your soul.
My soul.
We will face each other one day on the eternal world.
Rage; wrath; fury; indignation.
You have no idea.

You have been told.
You have 24 hours to comply.
It is non-negotiable.

Refuse me? Consider your soul and mine eternally at war;
till the fall of Sun and Moon and Stars..
I will spread my fatwah against you to the world.
Whether I live or die.
I will be your terror form the sky. My soul will be as a curse to you;
it will be as a plague upon your house.
If I live I will work to bring this to pass; if I die or disappear,
God will raise up legions against you, in this world and in the world to come.

Just remember, I did not curse you; it is you who do business with the antichrist's companies who curse yourself by doing so. Only you can lift this curse.

To the patriot's of democratic America.
Boycott Khar Arms.
To the US gun shops: cease and desists immediately form selling Khar Arms;
Do not trade with the antichrist.

The beast will burn you. Long has he prepared.

War until victory against the antichrist; eternal war of soul.
Never surrender Eden to this beast and his evil sons.

Jihad!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!
Oh humanity
Kill Moon. Kill his sons,

Or he will burn you.

To Moon.

You and your sons must disarm; sell what you have, you Lear jets; your palaces;
your weapons factories; you must sell your empire of corruption, militarism and evil
anti-socialist, anti-democratic propoganda. Give your wealth to Africa; and when the souls
for when the souls of the African ancestors rise agsint you in wrath and fury and rightoues indignation;
they may have pity on you.

I may not necessarily lift my fatwah against you however, but in the world to come, it may spare you and your spoiled princes of the 'True Family'some of the torments of hell.

Don't forget to pass this on to your local FBI office; I will be forwarded a copy to them also.

9

Moon's fatwah on his enemies.
Who is Moon's political enemy? Who does Moon hate most?
Clinton.

Moon will send all his enemies to the spiritual world, this is what he seeks.

Moon has a fatwah on President Clinton
I have a fatwah on ex-president and former head of the CIA, George Bush Sr., and Jr.

Any court in Christendom would say that we are both crazy,
But Moon and I are both perfectly serious. That is the problem. Not everybody believes us.
We are both not taken seriously enough by enough people.
Just because our sanity is questionable, doesn't mean that we are not dangerous.
Moon is Dr. Evil. He wants to take over the world; he is quite serious;
I want to raise a holy war against him and call for democratic socialist revolution;
neither of us are kidding.
Dr. Evil actually had quite had a decent son;
Moon does not however have this priveledge.

So guys, I have been living under Moon's fatwah for years.
Now you can get a chance to live under mine.
How does it feel?

Things can only get worse for you under Moon and Kim.
They cannot protect you from God's judgement; they face it themselves.

The Moon / Kim military alliance is arming both sides for war.
Both the US and Europe is hit by Moon's companies at respectable gun shows,
and The Moon Kim military machine is also backing the Islamic tyrants.
The play both sides as patsy's; both Moon and Kim threaten judgement.

I predict.

God will bring judgment on the house of the Sun and Moon, whether I live or die.
All is prepared against you oh antichrist; many know who you are.
You will be fought. You are not as invincible as you think. God will raise up legions of souls;
who will fight you to
the death rather than submit Eden to you and Kim;
all the spiritual world know who you are oh antichrist;
and all on earth intuit it.
Jardin will not be refuge for you; nor will North Korea; for I predict
that if you strike as threatened; the wrath of God will come upon your house;
Plagues.
Very bad things.
What you give.
You get back in return.

Or?

Disarm. No it now.
Right now. Sell all you have. Give it to Africa.
Repent while there is still time.

Sun and Moon and Stars will fall from Heaven.
God will bring judgement upon Moon, his evil sons and sycophants and upon Kim Jong Il.

Eden needs no new tyrants.

I don't predict biblical Armageddon. Moon does. He is the problem; not I.

Kill the beast. And then there may still be hope for peace.

And by the way Bill Clinton; Moon's fatwah (Islamic death sentence) on you,
well I am sure that you already know this, but better to die fighting that fascist
than to submit to him. I am sure that you and your forefathers would agree.

10

Abraham Lincoln and Washington would have had Moon hanged by now.
But then, they didn't get up to \$13.6 million a year from Moon like
the ex-head of the CIA, George Bush Sr. did in conference speaking fees
as US journalist Robert Parry claims

Prepare for Jihad.
Prepare for Holy war.

Moon had a pledge. I said it many times.
My heart speaks it own now.
It would go, '*I will charge bravely forward into the enemy camp
until I have subjugated it completely.*' And I will do this until the day that I die.
I said it too many times. I just couldn't be a hypocrite like Moon; my soul
was born with a different intuition to his..

I will devote my soul to no unworthy god or tyrant king.
There is only one God.
There is only Love.
We are all brothers and sisters under God.
We don't need a change of blood lineage;
We are all of the same Creator; we just need more peace;
more love; more time to evolve and to bring socialist democracies;
freedom of the press; social justice.
Truth will come to us in time; we will all see more clearly;
Love will come. Heaven will come to earth.
The armies of God will bring victory over the armies of the antichrist.

The problem with Moon's cult is that their teaching is enlightening in many parts;
it is not Moon's teaching; he stole it from the Korean spiritualists.
I see it more as a philosophy; an explanation of the nature of existence;
it breathes truth; the only problem with is that at then end, it has Moon stuck on there as the
King of Kings. Those who really believed in the truth of the Divine Principle
have all left the cult now; those who remain; they defend all Moon's lies.
The just don't believe in the Divine Principle enough.
That is the problem. What does the principle teach? That all are to be as Christ is and was;
that all are to attain the direct dominion of God. And in this state of perfect bliss and love;
that we need no religion. Through the Divine Principle I found a
Deeper God; a lonely and frightened and suffering creature. Pitiful.
Moon claims the same experience; he got this from the Korean shamans.
He is a hypocrite; an evil vile creature from Hell.

May God have mercy on his soul.
God is not a whore; Moon has pimped the term God for money and militarism for too long.

Moon is king of kings.

Who am I?
I am just the son of a slave.
I seek no kingdom.
I seek justice.
I seek judgment upon the house of Moon and Kim Jong Il.

My soul enraged cries to Heaven for it.
My soul will tear Heaven and Hell apart from it in my rage.

God will bring judgement upon the house of Moon.

May God have mercy upon your souls.

 www.darkriverfilms.com/jihadusa.htm

No new religion; just seven pagan tenets.
And my political Party. In its beginnings. It will survive me.
Revolution. Social justice.

www.darkriverfilms.com/thirdworldtaxparty.htm

War against the antichrists, Kim and Moon.

Blood.

Death.

Coming soon from Kim and Moon;

Judgement.

It won't be from God; God is our Creator and would not harm us;
it will be from submariners Kim and Moon

Moon has predicted it. He won't be let down.

Fight him.

Slay the dragon.

Or the dragon's fire will burn you.

On "...revolutionary movements in America

1: Popular forces can win a war against the army.

2: It is not necessary to wait until all the conditions for making revolution
exist; the insurrection can create them.

3: In underdeveloped America the countryside is the basic area for armed fighting.

Of these three propositions the first two contradict the
Jekivist attitude of revolutionaries or pseudo-revolutionaries who remain inactive
and take refuge in the pretext that against a professional army nothing can be done,
who sit down to wait until in some mechanical way all the necessary objective
and subjective conditions are given without working to accelerate them

Mars speaks to all nations of the war that Moon and Kim plan to bring.
Sunday, 11th February, 2001.

The armies of God must prepare for war against the United States, the nation which protects the antichrist Sun and Moon; for Bush is the antichrist's patsy.

Moon and Bush must be fought to the death; never surrender Eden to them.

Jihad. Holy war of Armageddon.
The Plutonium wrath of God.

A royalty free political documentary on behalf of the Third World Tax Party

A call to arms.

Revolution

Democratic Communism.

Neo Paganism.

The fall of Babylon

The End of Tyranny

Cult leader Moon and Kim Jong Il have Plutonium; they mean to duplicate the prophecies of biblical Armageddon.

Anonymous nuclear terrorism.

Moon has military submarines flying North Korean flags. His internet priests admit this.

Moon will nuke us; he seeks global dominion.

His protectors: George Bush and the American political and religious Right.

This is an international call to arms to armies of the One God for war against Moon and his CIA protectors who allow him to accumulate the cocaine wealth that he floods into North Korea and into his military preparations for Armageddon, which he predicts.

The enemy of democratic socialist revolution at this time : Moon, Kim, Bush.

This is a call to armies of Heaven and Hell
War against America.
Plutonium Wrath.
Judgment by fire.

Long have the prophets wailed against the evil of Bush and Moon.
They are not listening.
They are preparing for war.
They do not relent.
The one God is outraged by their use of Her name:
they the warlords of Eden who oppress and enslave Her innocents.
Time has come.
The wrath of God.
Judgment by fire.
Nuclear war.
America is the antichrist nation: the great Satan.
They must be fought until Moon, that plutonium antichrist, he who threatens genocide,
is faced by the judgment of America's own sword and the demon that is Moon is but a memory to Eden:
for this demon Moon is charming and talks of peace and gives political donations,
yet behind this charm he prepares for global conquest:
anonymous nuclear strikes.

He must be fought.
He must be fought fire with fire:
the demon's own methods must be used against him:
anonymous nuclear and biological strikes.
this is what the Armageddon demon that is cult leader Moon, seeks to do to God's innocents anyway.

The defence position of the Third World Tax Party.

Strike First: strike deep: strike hard, and then disappear.
Don't wait for Moon to nuke us: strike first before he has a chance: take him out.
Prepare for it.

Moon and Bush are the enemy of the God, She who is the One Mother of all:
She who is within all; She from whom our souls are born;

She who knows every thought.

Moon and Bush must be fought to the death by the American militia

RE: [Redacted]
DARK RIVER FILMS

Dear [Redacted]

Reference is made to letters from this office, dated January 11, 2001, and March 16, 2001, and May 29, 2001, in which your Service was provided the following information:

The New York Office of the Federal Bureau of Investigation (FBI) is currently conducting an investigation into threatening e-mails sent by [Redacted] Dark River Films / Third World Tax Party, Unit 011, Trident Business Center, Bickersteth Rd., London SW9 SH, to [Redacted] the son of Reverend SUN MYUNG MOON.

As background, between November 28, 2000, and December 10, 2000, five e-mails were received by KAHR ARMS, a gun shop located at 630 Route 303, Blauvelt, New York. A copy of the November 28, 2000, e-mail was forwarded to U.S. Ambassador PHILIP LADER, American Embassy, London. In addition to the e-mail, a communication dated December 17, 2000, was sent to U.S. Ambassador LADER, along with a video cassette tape.

All five of the e-mails originated from Dark River Films and Third World Tax Party located at Unit 011, Trident Business Center, Bickersteth Rd., London SW9 SH, telephone number 02085167714, facsimile 02085167715. The author of the e-mails identified himself as [Redacted] "IN LONDON;" however, the e-mail dated November 28, 2000, was signed [Redacted].

While no direct threats were made against U.S. Ambassador LADER, threats were made against [Redacted] and KAHR ARMS. In the e-mail dated December 8, 2000, received at KAHR ARMS, the writer states in part, "Death, this is my judgement. You have twenty-four hours to comply. This is a threat. Yes, this is a death threat. This is a *fatwah* against you. Take

it seriously, this is no joke." The author of the e-mail further wrote, "death to MOON and his sons and priests." The author of the e-mail is not specific as to how the death threats will be enforced.

In the referenced letters, the FBI requested trace information on [redacted] [redacted] Dark River Films, and the Third World Tax Party. Additionally, the FBI requested that efforts be made to locate and fully identify the author of the threatening e-mail sent to MOON. If located, the FBI requested that the individual be interviewed and cautioned against sending threats via the Internet.

A review of our files failed to locate a response to our previous requests and we would like to determine the status of the case. Any assistance you can provide in this matter would be greatly appreciated.

Sincerely,

[redacted]

Assistant Legal Attache
