

## Benediction at HJ MoNa Park Dedication Ceremony

Hak Ja Han

July 17, 2020

HJ MoNa (Mother + Nature) Park, Mt. Balwang, South Korea

When you created all of heaven and earth and humankind, you bestowed the grace of the great love in your bosom.

On this day, as we gaze upon this beautiful scenery of Mt. Balwang, we can once again realize the heartrending circumstances under which you, our Creator, sought to realize the Kingdom of Heaven on earth through humankind six thousand years ago. We cannot resist offering our deepest gratitude for your infinite love.

All the staff members working here are striving to unite and create a picture that leads us to the beautiful kingdom of heaven on earth as you have dreamed of in your providence.

Dear Heavenly Parent, thank you for allowing us to invest our utmost effort and for guiding us to create this masterpiece today. We love you.

From now on, not only the Korean people but all the rest of the world will visit this place and drink this Hyojeong Water and pledge and resolve to fulfill the duties of filial piety and loyalty toward you in this providence to realize your great purpose of creation.

We hope and pray that this HJ MoNa (Mother + Nature) Park will prove that our Heavenly Parent and Creator is with us, and that all peoples in the world will come flocking here to sing praises to you, Heavenly Parent, as expressions of their joy and gratitude. Dear Heavenly Parent, please bless this park to become a holy and beautiful garden.
