

Heavenly Parent's Holy Community Grand Festival of Cheonbo Families Sharing Hyojeong Testimonies

7.22 by the heavenly calendar in the 9th year of Cheon Il Guk (August 29, 2021)

Today I am proud of you all. As a result of all the hard work and effort you have put in up until now to fulfill your responsibilities as Cheonbo couples, you are making a start as the first generation of Cheon Il Guk families.

When I was a young girl, I had a dream. It was not long after our country had gone through the Korean War, so it was not in a normal state. Its mountains and rivers had been devastated and our people were going through a time of tremendous hardship. It was at that time that I fell in love with many beautiful songs written in America in the 1800s.

Among these, I especially liked the words of "Home on the Range," which was written about 100 years after the founding of the United States, when cowboys were working hard to pioneer the west. The song speaks of their dream, that one day they would build a home on a beautiful hillside, where deer and antelopes run free under a cloudless sky and live there without any worries or concerns. I remember many songs from that era.

It was about that time, in 1960, that I stepped into the position of the True Parent, because I was the only one that could. However, from my perspective of the providence, many of the early members seemed to have no interest in the only begotten Daughter. Despite that, I persevered and waited. God accomplishes His Will unfaithfully: He knows no failure. That is why, for the

sake of Heaven, I had no choice but to wait until my time came.

Finally, I was able to declare Foundation Day and the founding year of Cheon Il Guk. Yet making a proclamation is not enough. It is True Parents' responsibility to create the environment wherein our Heavenly Parent can realize His dream on earth. That is why I declared that I am the only begotten Daughter. After I had done so, although many were agitated in their understanding, but in the work draw together the divided religions, this provided the way to embrace the Muslims.

In so doing, I was able to accomplish the feat of restoring seven religious orders, seven nations and a continent, and go on to proclaim the firm establishment of Cheon Il Guk. Declaring it firmly established does not mean that the environment has been fully prepared. This country where True Parents were born needs to stand as a nation that can attend them. Two thousand years ago when Jesus Christ came, the people of Israel were in an environment wherein they could be established as a central nation that could take on Rome. Yet this resulted in failure.

In this age of Cheon Il Guk, however, True Parents are in a position of having accomplished the providence on earth and can dedicate a temple in which we can attend Heavenly Parent on earth, but it is not only up to them to

fulfill this task. It depends on the blessed families, the proud Cheonbo families of Cheon Il Guk. When the number of Cheonbo families is sufficiently increased, True Parents' dream, that is, the realization of Heavenly Unified Korea, must be achieved while True Mother, the only begotten Daughter, is still here on earth. Please know that through your efforts and devotion we are now just one step away from the top of the hill, at the point of recapturing the highest ground.

Our Heavenly Parent is love itself. As long as Heavenly Parent's love is with us, the people of Korea will need to stand upright and become the Heavenly Unified Korea. Once again, I bless you all to become victorious

Cheonbo families and blessed families as you continue working to make that a reality.

In this garden of the Cheonwon Complex—similar to the hill I dreamed of when I was a young girl—where there are no worries, no concerns and no clouds in the sky, the dream of True Mother, the only begotten Daughter, has come true.

One day on my way here I saw a small deer, in broad daylight. The place where the deer and the antelope roam, the beautiful Garden of Eden, the Cheonwon Complex! Please show much love for the Cheonwon Complex, the homeland of Heavenly Parent that is like the hometown of all people, which you tend with love and devotion..
