True Mother's Message at the HJ Cheon Won Special Assembly

Cheon Jeong Gun, 1. July 2016

God had a dream for humankind that could not even be imagined during the past six thousand years in the fallen world.

Where have we all gathered today? We are at the HJ (Hyojeong, meaning "heart of filial piety") heavenly garden, the garden of Eden. Can you feel it?

For so long, our Heavenly Parent has wished for this one world. This is the dream that all human

What would the people who live in this world look like? Our Heavenly Parent created heaven, earth and humankind. God had a dream for humankind that could not even be imagined during the past six thousand years in the fallen world.

Today is the day that humankind has awaited eagerly for and wished for throughout the 6000 years of history from the Bible. As citizens of Cheon Il Guk, we have received the Blessing through True Parents to be growing and moving forward from this starting point of a new providential history in the true position of children.

We should be in the position in which all 7.3 billion citizens of the world attend and understand True Parents' will. Yet until that time, as citizens of Cheon Il Guk, It is our responsibility as couples who have already received the Blessing, to teach, show and lead the way.

Especially through HJ Cheon Won, we show all humankind that this is the garden of Eden that God has dreamed of, heaven on earth.

Though the people who live there face many difficulties—in being aligned as if at high noon, when there are no shadows, and in becoming one, with one mind and one will in front of Heaven—we should have gratitude and give glory to Heaven for our being in a position to receive the Blessing as we do our best every day, working toward the one world that our Heavenly Parent wishes for.

As people who live in the center of the garden of Eden, you must become central models for the entire world because you live and work here. You must set the standard.

Members and citizens from all of the countries in the world should look toward you and say, Ah, I should live and act like that person.

I wanted to tell you that this is what you should become. Will you do this?
