

Peace Starts With Me - Victory Celebration

Austria Centre, Vienna, Austria, April 30, 2018

said yesterday that central figures and chosen people who cannot fulfill their responsibilities will not be used again. From the Europe region, concerning Heaven's providence, Christianity was born through a heart of waiting for the Messiah who would return with great anticipation, with an unchanging heart and belief, even ready to die. However, during that time, they did not know God properly and did not know why Jesus Christ had to come again. They did not know what he would do when he came. During a short period Jesus said, "I still have much to tell you, but you cannot yet bear to hear it." Yet he took the way of the cross and prophesized clearly that he would return and he would hold the marriage supper of the Lamb.

If you are a religious person or a Christian who loves God, who loves Heaven, you must think about this problem. Even today, Catholics believe Mary to be the Holy Mother. She is the woman who sent Jesus Christ to the cross. She knew and believed incorrectly. Now through True Parents, the truth of all providential history is being revealed. In light of that, you must believe what

True Parents say 100 percent. Recently, a leader in America had a dream and told me about it. In Korea, when it becomes spring, especially in May, they plant rice in rice fields. Since rice is a staple food, it is the most important work. However, Father and I were planting rice but in order to plant the rice seedling you need water. He said Father was planting seedlings where there was water and that I was planting seedlings where there was no water, on barren land, and I worked hard to care for it. The result of working hard was that the seedlings that Mother continued to care for and give water to produce a harvest three or four times greater. Why was that American leader shown this kind of dream? The Old Testament age is of the past. The New Testament age is also of the past. It has moved on. The Completed testament age has also become the past.

You cannot continue with the established ways to which you have become accustomed. The decisions, "I can do it" and "I will do it," are important. Is this so or not? I told you to fulfill your tribal messiah responsibilities. Blessed families assuredly must do this work. You cannot

go with only your own blessing. You are in a position to open the future for your ancestors, your children, and your descendants. You must live thinking of three generations. Heavenly Parent's dream, True Parents' wish, the wish of humankind is one human family under Heavenly Parent, a world of peace, the kingdom of heaven on earth. That kingdom of heaven will shine while True Parents are still on earth. Do you understand? During the two thousand years of Christian history, Christianity has committed many wrongs.

True Parents will forgive and will dispel all your previous ways of thinking. Though you may think it is difficult, will you unite with me and fulfill your responsibilities as tribal messiahs, national messiahs, and global messiahs? Repeat what I am

saying. I... We can do it! We will do this without fail! We will absolutely be victorious! We will become filial children and patriots who will bring victory and glory to True Parents and Heavenly Parent! First of all you must understand True Parents', Mother's, language. Therefore, work hard. Today I wish to give you love, courage and wisdom. But how many bodies do I have? One or two? I cannot always stay with only you. Yet, spiritually I am always with you! "God is love," but Mother is the great love, isn't that so? Let us all stand up and sing "Saranghae" together. Follow me. I love you. I love you very much. Since you left my side, you do not know how many tears I've cried. I love you, Father, I love you very much. I love you Mother, I love you very much. I love you True Parents, I love you very much.
