

## Rev Hyung Jin Sean Moon

### Lions of God arise!

February 1, 2015

Hosea 5: 9- 15 KJV

<sup>9</sup> Ephraim shall be desolate in the day of rebuke: among the tribes of Israel have I made known that which shall surely be. <sup>10</sup> The princes of Judah were like them that remove the bound: therefore I will pour out my wrath upon them like water. <sup>11</sup> Ephraim is oppressed and broken in judgment, because he willingly walked after the commandment.

<sup>12</sup> Therefore will I be unto Ephraim as a moth, and to the house of Judah as rottenness. <sup>13</sup> When Ephraim saw his sickness, and Judah saw his wound, then went Ephraim to the Assyrian, and sent to king Jareb: yet could he not heal you, nor cure you of your wound.

<sup>14</sup> For I will be unto Ephraim as a lion, and as a young lion to the house of Judah: I, even I, will tear and go away; I will take away, and none shall rescue him. <sup>15</sup> I will go and return to my place, till they acknowledge their offence, and seek my face: in their affliction they will seek me early.

This is Hosea of course prophesying and warning the people of Israel that they must return to God. It's important to remember when the Lord returns, he is not the Lamb to be slain. He is the Lion of the Tribe of Judah! That's very important; we just want to keep that in mind as we go through this.

I was preparing yesterday and my kids were on the ground in front of the TV, and they were playing a game. This game is called *Call of Duty*; I'm sure you've seen this. It's a game where they are out there and the world is collapsing and is desolate, and all manner of evil has broken loose. So they are these army men who are going into this world; these are of course cities that have become ravaged and now there are wars in them. There's desolation everywhere.

Just watching this I felt myself getting very stressed, even watching the videos. Here they are; they are running through and they are killing all their enemies, and there are helicopter scenes, it's probably L.A. or Miami or something and it's just desolation everywhere. And it's so scary because this may be a reality of our world as the dollars are collapsing, as Russia is cutting off oil to Europe, this is what we see in the beginning of WWII. There is such an incredible crisis that the world is facing.

And I remember very clearly when we were in the palace, we spoke very clearly, "If Father is erased; if the things that he left are taken away, if they are desecrated then there will be

judgment. Judgment will come! There will be an external judgment as we see in the world. And there will be an internal judgment.”

And that was interesting because I remember when I had to tell Mother this; I told her, “Mother, Father is only going to give us three years, because of his love and kindness, because of his love for us.” I had no idea that it was the year of the *Shemitah*; I had no idea that the two major collapses in 2001 and in 2008 fall exactly on the Biblical day of nullification on *Shemitah* years. And I had no idea that this year was a super-*Shemitah* year, I had no idea! I had no idea!

Just a still small voice inside me said, “We don’t have so much time; if we desecrate what the Messiah has left us, a judgment will come.” And that judgment will not be a pay, and it’s not because he can’t control his emotions. It’s because we have departed from him, and that the only way for him to bring his people back is to do what that Scripture said:

*<sup>15</sup> I will go and return to my place, till they acknowledge their offence, and seek my face: in their affliction they will seek me early.*

I was watching this game and I see they just glamorize war, because as we face this external crisis in the world, it’s interesting how our problem always mirrors in the world, internally and externally. But I’m just watching and I’m getting so stressed looking at this. I’m thinking, “My God!”

You know the last fifty years we’ve had peace on earth, but who knows what will it bring now as the systems are collapsing, the bubbles are bursting. I asked my children; I said, “Hey guys, who starts wars that children have to go dying?” and they said- they are very educated- they said, “The bankers,” (laugh) “Wow, you guys, how do you know that! You’re not sleeping during the service!

We were talking about the glamorization of war, how even the establishment systems, will use video games and propaganda like this to stimulate young people to actually want to become this kind of external warriors, fooling them that the battle is between flesh and blood, not a spiritual battle, that we face.

We were talking about so many of these issues with them: army recruitment is up at a high since the Vietnam War, they are making their numbers like crazy because of the video games. We discuss these things, and when I talk with them, I said, “what happens if this becomes reality on the year of the *shemitah* or not, but in the near future? What would we do?”

It’s very scary because when I gave that warning to the church hierarchy, and Kook Jin Hyung also gave it a few years ago, but as we gave that warning to the church hierarchy, I remember my wife telling me. She said, “*Appa*, maybe don’t say like three years, don’t be so specific, because what if nothing happens in three years! Why did you have to say a certain time?”

Then I just said, "I don't know, I don't know, but I feel that we are given a warning, that if we do these things and desecrate the Holy Temple, there will be judgment." This has just happened!

It is interesting because as I gave the sermon, "Breaking the silence" and that went viral throughout the world church - I think it got 11, 000 or 12, 000 views, or something like that- and on that same weekend in Korea, there was the start of big demonstrations in front of the church HQ's building. Talk about harbingers, warning signs that God is giving, directly to the center of the world church!

Yes of course, it's coming in at the same time that the Korean government has now openly begun and sent in the Korean IRS to investigate Cheong Pyeong group, Segye Ilbo, etc... Now the IRS is going to get them for investigation. But that's not all because the district attorney is also going in for criminal investigation, and of course nobody will tell you that, because you are not supposed to know about those things.

The center of the world church is now coming under criminal investigation by secular powers. If you read *the harbinger*, talk about harbingers, my God! Talk about a warning to the people! Talk about a warning: at the center of it all in the year of the super-*shemita*!

So we see this actually happening, the judgment is beginning, the warnings are getting stronger and harder. The sad part of this is that because they have taken Mother hostage, she is now in legal danger- which of course especially Kook Jin Hyung with his expertise in 2012 or earlier than that, told them that they would have if they did not let CP be audited etc...

We warned them so clearly that these things would happen. Honestly when we were giving the warnings, myself I felt so down. I felt, "Oh, three years is actually quite a short period of time to have a worldwide movement start collapsing!" I mean he had built up the organizations and the business group so strong, in Korea, in Japan. I was thinking, "Three years! You've got to be pretty skilled to destroy all that in three years! I mean you really have to be talented!"

So I thought maybe eight to ten years. You now I am saying, "three years," I am giving the warning, "three years," but I'm thinking in my heart, "Oh, not ten years; maybe twenty years!" It's unbelievable how fast the judgment is coming, how fast the warnings are becoming real; they are becoming real!

Of course these are things that they don't want you- the world church viewers who are watching around the world- do not want you to see, because they want everybody to think, "Happy, happy, everything's wonderful, everything's the same; nothing's wrong, nobody behind the curtains behind Mother. There's no wizard behind the curtains, pay no attention to the men and women behind the curtain, two men and women behind the curtains."

We were meditating on this and we were kind of shocked because these are outside groups that are coming demonstrating, and as the government is now directly investigating, that's why- at least that's what I've heard- that's why Mother is stuck in Hawaii. She can't go back in the country.

My God! What a tremendous, tremendous harbinger, and God's warning! The fact that the Queen can't even go back to her palace should be a clear warning, and a clear sign! It should be crystal clear, but we have so many who cannot break free from their denial.

It's interesting because this week has been quite a tremendous week! Personally I don't think these kinds of sermons are good for my health, because you get hot palpitations and all that kind of stuff, even after the fact, and just this week has been so crazy!

As soon as that sermon went out, about the hidden rulers and all that, we started getting comments and stuff like that, people just slandering, "This is totally evil; you are attacking your mother; you are leaving your proper position and multiplying evil. Read your Divine Principle!" all this kind of stuff.

Of course I can use all these exact same arguments on them! That's what's so ridiculous! Of course I don't have to respond to that kind of ridiculous trolling. So it was amazing to see how much gut reaction, vitriol denial, defense mechanism went out, as Satan was being exposed.

But something started happening; it was amazing! Probably in the middle of the week, something started happening. It was like things started turning around. All the vitriolic comments started receding, and then I got all these private emails and private messages, sent to me on YouTube, p.m. messages sent on Facebook, dozens of them from Switzerland, Poland, UK, Australia, United States, from around the world, Japan, Korea, people sending me private messages, too scared to do it publicly, I understand that.

My God! True Father is back! We can sing the national anthem and recite the family pledge, and all these mails start pouring in. I am thinking, "My God!" and you could see a spirit world change, a whole change in the whole spiritual atmosphere.

And I remember watching and looking at this happening day to day, and I was watching a Christian pastor's wife, Lisa Bevere. She was preaching on an event she had in her own life where she was led to a Scripture in Chronicles that talked about the lioness and the lions, and this really ministered to me. I shared a little bit about this with the guys in Bible study, but this really ministered to me as I am feeling all this emotion and seeing all these things happen.

In that word she was talking about when the Second Coming comes he comes as the Lion, as prophesized in the Book of Revelation. He does not come as a sweet little lamb; he comes with all authority of heaven and earth. He comes to judge the unrighteous.

He comes as the Lion of the Tribe of Judah!

And she went on to look into that Scripture that said, "The lionesses must arise," and she went into depict how the church as the bride of Christ is actually the lioness, the lioness that is beautiful but is dangerous.

She was talking about living in the light, but hunting in the dark, hunting the enemy, learning to become lionesses, living in the light, but hunting in the dark, how lions can see in the dark even amidst darkness and confusion. Lions can see through the dark; they can see their enemy in the dark.

She was saying how the church has to begin to start praying dangerous prayers, prayers that are dangerous, prayers that when the enemy starts hearing, he will start shaking in his boots. She talked about how we have to regain our fierceness as the body of Christ, as the bride of Christ; the power and the fierceness that comes in wanting to protect our King.

She went on to talk about how the lion is gentle; loving to its cubs, to its pride. But to his enemies it brings terror, it brings fear; it is a killer. In terms of power it is wonderfully and fearfully made. She talked about how the lioness, when you see it walking around the prairie, it's a stunning sight to see; it's stunning!

And in the same way, the body of Christ is supposed to be stunning, stunning, not dumbed down to just be beautiful; stunning meaning you must stun the enemy. Just by your presence you must bring fear into the enemy, stun him in his tracks. When he sees you who stand with Christ he should stop, he should pay respect, he should be scared. That's what it means to be stunning. We are a stunning body, amen? (Applause) You stun the pray, you stun the enemy!

The roar paralyzes its prey. The roar paralyzes its prey! Kook Jin Hyung had the chance to hunt a lion, and he had the experience of sitting behind a straw grasp line with four hundred pound lions walking around in the middle of nowhere in Africa. And you know I wasn't on that trip!

But he's in this strong mat hole, and he sees this lion come up and they have dead carcasses, that's a great idea, bloody dead carcasses, and the lion comes, and he said that when he heard it roar his bones trembled. He said his bones literally trembled.

Because a lion when it roars it has these huge wavelengths, the sound waves that are so big because the roar is so deep that the waves actually pass through your body; it can go for five miles in the savannah, and it passes through your body. You literally become paralyzed when the lion opens his mouth.

When the lions start opening their mouths, Satan gets paralyzed, folks. That is what we are doing in this hour! Satan gets paralyzed.

Notice that the lion also guards and takes control and takes back the territory that belongs to its pride; he guards and takes back the territory. And notice also that the lionesses are multipliers. They multiply, they multiply, in terms of the enemies' fear, they multiply their presence; they multiply their army of roars.

And what a day that it is that we have to witness, that there is something brewing underground now under the world church where people have to go secretly back to Messiah and back to singing- you are now hearing whispers of the song *blessing of glory* being sung underground. Who would have ever known that you had to sing *the blessing of glory* underground!

But that roar is getting louder. That roar is starting to gather strength, and guess what? Satan is scared. He's very scared.

When Joshua and Caleb had to defeat all the kings... We many times think Moses went through the wilderness and he was wondering in circles for forty years, but my wife is doing a Bible study in Korean, and the teacher actually was showing that they only wondered for about two years, and then they settled for about thirty eight years where they started gathering and started getting the people of Israel together.

And it's fascinating because as soon as I heard 'thirty eight years', it's like, "Oh my goodness, it's almost like thirty eight months since Father passed!" and you start seeing then they started moving to take Jericho.

What's so interesting in this Scripture, let's look at the Scripture, Joshua 6, because when they are now at the walls, they have defeated many of the kings, and they are now at the walls of Jericho, and look at what the scripture said, let's read this together:

Joshua 6: 1-2 MSG (message Bible version) *Jericho was shut down tight as a drum because of the people of Israel: no one going in, no one was coming out. But God spoke to Joshua. He said, "Look sharp now. I have already given Jericho to you, along with its king and its crack troops."*

You see once we realize that God has already won the victory, and once we just simply come into agreement with Him, and start declaring the victory over Satan, that's when the walls of Jericho begin to crumble. It's when we stand in agreement with God who already has given the victory to us, that the king and the crack troops start falling.

This was so amazing! It was like something had changed, just by speaking out, just by roaring out, the last two weeks. Just by trying to speak out and tell the truth, it feels like there is a huge change already. Satan is already feeling the pressure. I hear rumors that he is trying to change the Covenant vows back, trying to use Mother as a puppet to do that.

You see that's why we could not talk about it for three years. You may ask, "Why are you talking about it now on the third year of Father's ascension?" Because if we told you this before,

nobody would believe us! But now for two years you've seen it. You've seen the changes that were played out. And they are historically registered; they cannot deny that they did that.

This was in a newspaper article, and this was during the whole situation with the Kwak group and kind of thing and you all probably remember when Father wrote a declaration. He wrote a declaration that said that I will be his inheritor, and that anybody else will be- with the words he used, his words- 'a destroyer and a heretic'. That's what he said! That's not my words; that's Father's words. You guys heard this, right? (Yes)

Now we thought that only was applying to that certain situation at that time. Who knew? Who knew that the actual church would be standing in that same position, convicted by the words written by True Father, after his ascension! Who knew, who knew, who could have known? Only Father, only the Messiah knew!

Nobody could have imagined that they would desecrate him like they did, secretly behind doors, using the Queen to do so. What is so fascinating about this is when you actually look at the signed paper, look at it right here, also Mother signed it. So even by her own pen, the whole hierarchy that has sought to erase Father secretly is convicted.

The victory is already done! You see when God was talking to Joshua he said that the victory is already done, Jericho is already done, and I felt this week so strong that God was just saying, "The victory is already done! The victory is done! It is done! The strongholds of Satan will break, the chains fall now!"

And all we have to do is come into agreement with God's Word; that's what is so amazing!

When Gideon's armies were ready to face the Medianites and they had 32,000 men but the Medianites had 135,000 men- that's a huge odds against you- and they had to face this humongous power, but God said, "Just in case you beat them, I don't want you to think that it is because of your abilities that you beat the Medianites," so God says, "Send 10,000 back." So now they have 22,000.

And then God says, "That's not enough; you are still going to believe, you're still going to think if you beat them and the odds are high against you, but if you beat them, you're still going to think you did it." So God then tells them, "Gather up your men, drink from the water in the stream, and the ones that drink like dogs lapping up the water send them home!"

You remember this story, right? "And the ones that drink with little bowls of hands, filled with water, they will stay with you. "Only 300 of them drank like this! God says, "Send them all home!"

Now Gideon is standing there with 300 people, against 135, 000, - thousand -killers, trained killers. 300 versus 135, 000 trained killers! God said to Gideon, "If you don't believe that you'll

win, go down to the camp and listen. “ So Gideon goes down to the camp and there is somebody in the tent that’s talking about a dream that they had. And in that dream it said, “I saw a bread roll rolling down and hit our tent,” and then in that tent the guy says, “Gideon is coming.”

That night they come in, 300 men, and they wipe out the entire Medianite army; only 15,000 were able to flee. They destroyed, demolished, an army hundreds of times bigger.

Why? Because they stood with God, folks! They stood with God!

Because you know what, once we stand with God, and once we discover that we are the lionesses, that is the church, that is to defend the Lion of Judah, that is to defend the pride of Judah, that is to defend the honor of the Lion of Judah, the King Messiah, once we realize that, the hyenas come, the hyenas come cackling, the hyenas come in the night trying to breathe fear, insecurity, doubt, trying to judge our faith, trying to peer-pressure us to go along with the status quo, because it makes them feel more comfortable.

But guess what: one lion can chase away an entire pack of hyenas, when he discovers his fierceness, when it does not cower before the hyenas, but when it stands in its strength and when it understands its created glory to defend the King, one lioness beats a pack of hyenas.

In the middle of the week, I just wanted, after listening to all this stuff and seeing these things happening and the spiritual shift happening and turning and this underground movement now coming where we are almost re-discovering Father, this underground wave that is happening in secret, and I just opened up my Bible.

And I fell on Psalm 148. And it said: Psalm 148:1-6 KJV

*<sup>1</sup>Praise ye the LORD. Praise ye the LORD from the heavens: praise him in the heights. <sup>2</sup>Praise ye him, all his angels: praise ye him, all his hosts. <sup>3</sup>Praise ye him, sun and moon: praise him, all ye stars of light.*

*<sup>4</sup>Praise him, ye heavens of heavens, and ye waters that be above the heavens. <sup>5</sup>Let them praise the name of the LORD: for he commanded, and they were created.*

*<sup>6</sup>He hath also established them forever and ever: he hath made a decree which shall not pass*

It shall not pass, shall not pass! The decrees that the Lion has set shall not pass, even though you are trying to erase them, you got caught, boy! Father’s decrees are staying forever and ever.  
(Applause)

Because we didn't leave our proper position, you see, because in my position- crowned three times- I'm supposed to stand for the King! I'm not supposed to stand for your political correctness. I'm supposed to stand for the Lion of Judah!

See I didn't leave my position. If I went along with you I would have left my position!

But the lions are beginning to roar! (Showing photos) The lioness is beginning to roar, and there's fear. Look at those teeth, man, that's scary! Look at those teeth! You thought it was a cubby little kitten. Look at them teeth! You thought this is a nice little soft ball head. You'd better watch out; the lions are coming. It's time to roar and it's time to rumble!

We were in the wilderness on Friday, the Sanctuary bush crafters, minus thirty degree Celsius winds, one of the coldest nights we've been out there, right guys? Wow! Just brutal, brutal, brutal winds! The night was freezing cold, but the morning was even more brutal because as we woke, we were on a ridge and the wind was pounding on us, and it was minus 30 degrees Celsius wind!

It was freezing cold, and we did our HDH, we sang the national anthem, the lions were roaring, we sang the national anthem, we did the CIG family pledge, and we read Scripture. We had a much smaller Bible there and we turned to Luke 6. And this was very interesting, because God gave us another message.

**This was the story where**

**Luke 6: 7- 11KJV**

*7 the scribes and the Pharisees were watching Jesus, whether he would heal on a Sabbath day , that they might find an accusation against him.*

*8 But he knew their thoughts, and said to the man who had a withered hand, Rise up and stand forth in the midst -rise up and stand in the midst - of your persecutors! Rise up and stand in the midst of them! And he rose and stood forth. Look at that he agreed with Christ and stood forth.*

*9Then said Jesus unto them; I will ask you one thing: is it lawful on the Sabbath days to do good, or to do evil? To save life or to destroy it?*

*10 And looking round about upon them all, he said unto the man, stretch forth thy hand. And he did so - he agreed with Christ. And his hand was restored whole as the other. 11 And they were filled with madness, - they were filled with madness and communed one with another what they might do to Jesus.*

See when Jesus comes to the room, when Messiah comes into the picture all the machinations of the Pharisees get maddened. When Christ comes in and we stand with Christ, with Messiah, when we stand with him, when we come into agreement with him in the midst and we stand for him, the enemy is filled with madness, madness!

You see it shows how weak Satan really is. He has illusions of power, illusions of big hierarchies and big churches and big houses, etc...illusions! Because when you actually stand in spirit and

in truth and resist him, when you stand in the midst of him, when you stand and agree with Messiah, then he begins to flee, he begins to run, he begins to hide! (Applause)

And they say, "No, no, we did not do anything; Mother is not a hostage. No, no we did not change anything!" I heard there are rumors they are trying to change the vows back, just like I predicted last week. I knew it, but we have the historical record.

You see how weak Satan is! He is such a coward, he is so weak, he is so debilitated; he is such a cripple, that when you actually challenge his perceived illusory strength, he starts crumbling, because, you know why?

Because the Lion of Judah brings fear to the hyena, because the Lion of Judah makes some new marks on that hyena booty, because the Lion of Judah when he opens his built-in claws, they become claws that can rip you in half! Because when we stand with the Lion of Judah all hyenas run and run, baby! (They are looking at photos) Look at him: he is squealing, he's squealing in terror!

Isn't God good? (Amen!), (Applause) Oh I love how that claw is right on that booty. You've got to love that picture. And look how calm the lion is! That's an incredible picture!

### **Yeon Ah Nim:**

As my husband prepared this sermon on the lion and the lioness, I was praying about what I should speak about this week. And all of a sudden, I felt like I heard God's voice, "Yeon Ah, you talk about your testimony; you shared before but you can share again." So that's why today I would like to share some of my testimony.

Actually my father and my mother were matched in this big room by Father. Father said, "You and you!" My father stood up and my mother stood up and my mother was kind of a very tall lady for her age, and my dad is kind of short, so True Father said, "So, Will you get blessed with him?" My mother thought, "Oh, he's kind of short!" She thought that in her mind, and then Father asked her a second time, "Are you going to get blessed to him?"

It was interesting: Father did not ask my father about his opinion; he asked my mother about her opinion about him, but my mother did not answer. So for the third time, Father asked my mother, "Are you going to be blessed with him?" and she looked at him reluctantly, and said, "Okay, yes!"

Father said, "You know what? Your offspring will be good; you will have a general in your children, so it's good. Good match!" I have to say my mother and father is not really a lovey-dovey couple. They are a very typical Korean couple, and the only hope my mother had in the family was, "OK, Father promised me that I'm going to have a general in my children!"

So she had a first child, it was a daughter, and second child it was a daughter, and the third child was me, a daughter again. So my mother would say, "what happened to the promise that Father made me?" Five years later my mother had my younger brother, and when she had him, he was born with oxygen deficiency in his brain, so he was born handicapped.

And for five years he was in a vegetable state; he could not speak, he could not walk and he could not basically function as a normal person. And this became such a big pain and big agony for my mother. I was a child who used to take care of my younger brother because I was right above him.

And I heard my mother say, "Father promised me that I would have a general. What happened to our family?" And she was saying this over and over. And somehow that really got to me: "yes that's right? Why did Father make a promise that he cannot even keep? That's ridiculous!"

And this became such a hurdle to overcome to love God more, because you know what? He says one thing but maybe that's not true. That was always in my heart; he said God would bless us but He did the opposite thing to us, and that created such a deep doubt and suspicion towards God.

And then I joined the True Family, and I had five children and I am very grateful and then one day, it was in Las Vegas and we were attending True Father. And all of a sudden he looked at me; I was sitting with my husband. "OK, Yeon Ah, you come out and give your testimony!"

"Oh no, you're going to make me speak!" But I went up and I started about "how grateful I am and you knew that my brother was such and such but you still expected me to be True Family member, and you married me to my wonderful handsome awesome husband, I am very grateful." And he was like, "Hum, hum, ok"

And I have to say Father spoke one word that made me liberated, the word that had been in my heart for decades and decades, and this was the moment that I was saved by my Lord.

Because many times we, as 2<sup>nd</sup> gen, never entered the church. Sometimes you ask, "When did you actually join the church?" 1<sup>st</sup> gen they like to ask each other, but we 2<sup>nd</sup> generation we were born into the church, so it was that, we don't have a moment.

But you know that's why I love to say that was the moment I was saved by my Lord. And at that moment I felt like I was thunder struck actually and I began to open my heart because of this one word.

He said, "You know what? You can be general for God!" That's what he said! (Applause) This was actually really an amazing moment for me, because I started to think, "Wow! That's right! He already gave me the promise. He already kept the promise but I did not realize because I was expecting his blessing in my own human tiny mind. He already blessed us!

And then you know what? After that amazing moment I started thinking with humanistic eyes, "Me becoming general! That's amazing! But I am such a fearful scary cat! How am I going to become a general? A general is somebody who says, "OK, Let's go!" he commands. I'm not this kind of person; I'm a person who'd rather hide in the back. How can I be a general? My gosh, he's demanding too much! That's something I can never fulfill!"

But as my husband was preparing this sermon on the lioness, suddenly I realized, that when we live our life centered on the Lord, centered on Christ, he actually take away all the fear we have and he makes us into a new creature, and when we become a new creature, when we become his, then we become a warrior, a heavenly warrior. And that was what he was talking about.

Many times we women think, "OK, Father said we have to become soldiers, we have to become a general and act like men," but actually what he was saying was: you have to be one with Christ, man and woman, not just a feminist who wants to say, "I'm higher than a man; I'm stronger than a man and all that" No! He is not talking about that; he is talking about men and women coming together.

It's a woman's real importance to live a life centered on God and come together with your husband as a helper, the position that God gave us. That's not a diminishing position; that is a glorified position that God gave us. Isn't that beautiful!

When we do we can become God's lioness to glorify Him and build his Kingdom. Aju!  
(Applause)

### **Hyung in Nim:**

Stunning! Stun the enemy! Oh Lord!

Let's read the CSG Book 1, Ch 4, Section 4, p 149, 1992/04/03:

*After we come into a parent-child relationship with God, when the son wails in sorrow, God the Father will also wail in sorrow. Then Satan will be frightened out of his senses and will leave.*

I want to give God some praise today! (Applause) Let's stand up and let's pray together. I'd like for you to grab your neighbor's hand and lift it. We have the victory! Let's lift it, we have the victory!

Let's pray:

Heavenly Father, we thank You for this day, this holy anointing that You're pouring out on the people of God. Father, it is now time for us to remember that we are spiritual warriors with the victory that has already been paid in blood by You, and Father now the victory is right before us and we are at the walls of Jericho. Only the trumpets now must be blown by the army of the lions that are gathering to protect You, Father, to stand with You, for You, and lift you higher and higher, and higher than ever before.

Father, we thank you for the victory that You have already given to your people and we see Satan is fleeing right now. All his power and his strongholds are being broken right now. The chains of bondage on the people of God are breaking right now. The Queen is being freed from her bondage right now, and we declare this, we declare with all the power and authority in all of heaven and earth.

In our own names we lift You up, and in Your precious name we pray. Amen! Aju!

Alright! Let's give God some praise everybody! (Applause)

If there is anybody who needs prayer, let's come on down!

If you need prayer for your life tell your neighbor, "We are lions and lionesses of the Lion of Judah!" If you want prayer come down guys, if you want to pray with me, we want to pray together, stand with you, in this time.

Let's just come down; if anybody needs prayer, anybody needs to stand, we're going to pray for Mother right now, come down. If you want to agree with God the victory is ours. Come down; you want to pray with me, come down. Let's pray for her freedom, let's pray for her to be released. Let's pray, let's declare it, let's declare the victory. The spirit is so powerful. Oh Lord! Just put your hand on your neighbor's shoulder.

Let's agree! Let's agree! Let's agree!

Heavenly Father, look at your people standing before your altar. Your altar is not desecrated any more, Father, the Lions of Judah are rising. Your altar is no more a place of desolation where You have been chased out. We are now making the way so that your throne can come back in glory.

Father, thank You for this time and this place in history where we can stand, and the hyenas now can hear the roars of the lions that are roaring and rumbling from underneath. The depths of the earth are being shaken at its root, and Satan the enemy is a coward, and he is illusory in his strength; he is a weakling before You.

And Father, we are filled with your power, but You said, "Not by might, not by power, but by your spirit we shall triumph!" Lord, right now, with all our brothers and sisters, your chosen people, with your blood, anoint them right now.

Give us the helmet of salvation; put it on our head right now. Lord, put on the breastplate of righteousness right now on our chest. Lord, shod our feet with the Gospel of peace right now; we have new shoes. Lord, and give us the shield of faith, right now in our left hand, and in our right hand, the spirit of the Word- your sword that will cut deeper than any two-edged sword, that will slay and go to the bone marrow, will chase out cunning deception, illusion and bring your victory to your Kingdom.

We thank You Lord, for we are victorious, not victims, and our Mother is going to be free because the power is now; it is here. The anointing is now; it is here. The spirit is now; it is here. We are being filled with your power, right now, and every single one of us has to rise up and shout and roar and begin to praise You! The walls of Jericho crumble before our eyes.

Thank You Lord, thank You. We love You!

Let's give God some praise everybody! Hug your neighbor, guys. Give your neighbor a big hug! I need a hug!
