

## Rev Hyung Jin Sean Moon

### The Might of Heaven

March 1, 2015

The presence of God was so thick! Do you feel the Spirit of God? Amen! Whoo! I can feel His presence on my fingertips! Whoo! Praise God! That's good! That's what it's all about folks!

The motto of this year: *"Make True Father's Holy Spirit, the dispensation of his Holy Spirit, cover the earth!"* Whoo! Praise God! That's what we want to see.

In the Bible, in the Book of Mark, at the end of Chapter 16, verses 17 and 20, it says, *"Signs shall follow them who believe! Signs shall follow them who believe!"* Amen! How many believe God is in the house today? Amen! See, God is a great and awesome God!

You know brother Lowell was sitting in the service just two weeks ago, and he came up to me afterwards; he said, "You know I had this thing on the left eye for about a year; it was like a protruding thing." He said he had been trying to get rid of that.

Tell them what happened, during the service; we were just praising God and we were actually talking about Father as the absolute authority. Tell them what happened!

**Brother Lowell:** I felt a little twitch and I rubbed on it, saw there was a little bit of blood, a little small smudging, and I grabbed that thing and whoop, it came out right in my hand. I have been working on that thing, thinking about cutting it with a knife, but it was by my eyes, so I did not do it. Anyway God took it off!

#### **Pastor Hyung Jin Nim:**

Give glory to God if God does something! We are in the supernatural realm; when we know whose presence we are in we come into the supernatural realm. When we go and relate with the King of Kings who is in the supernatural realm, that's normal! That's a normal occasion! That's not a supernatural thing! For us we may think it's a supernatural thing, but that's normal, normal in the presence of God, Amen!

I mean, that thing was bothering him for a year and it just fell off in the presence of God! Give glory to God everyone, come on! *"Sign shall follow them who believe!"* And we believe! We believe! Amen!

I want to talk about 'The Might of Heaven' today! And let's go to Isaiah 40:10-17. Let's read together:

*10 Behold, the Lord God will come with strong hand, (Whoo! That gives me the Holy Ghost right here!) With strong hand! And his arm shall rule for him: behold his reward is with him and his work before him. 11 He shall feed his flock like a shepherd: he shall gather the lambs with his arm, and carry them in his bosom, and shall gently lead those that are with young. 12 Who hath measured the waters in the hollow of his hand, and meted out heaven with the span, and comprehended the dust of the earth in a measure, and weighed the mountains in scales, and the hills in a balance? ... 17 All nations before him are as nothing; and they are counted to him less than nothing, and vanity."*

We serve an awesome God! We serve an awesome God! Look at that: it says, "*He measured the waters in the hollow of His hand*" That's an awesome God, folks! That's an awesome God! We think our problems are big! This is a big God! This is a mighty God! Whoo!

*All nations are nothing. They are counted to him less than vanity!"*

Wow! When I just reflect on the awesomeness of God, and the awesomeness of Father who is now totally one with Abba Father! Whoo! One with Abba Father! Oh my goodness! Whom Jesus prayed to! Wow! Awesome! *He measured the waters with the hollow of his hand!* Awesome!

When I just meditate on the greatness of God, I am overwhelmed. I just want to lay down; maybe I'm just going to lay down here and just worship Him! He's awesome, folks! He's awesome. That is whom we serve!

You know when God is that awesome, you'd be a fool to cross Him! Foolish are men who cross such an awesome God! But this is what is happening. We see this not only in the whole world church structure, but also in the church structure and hierarchy. This is not only even in our church; you see this even in the entire world wide body of Christ.

What is so amazing at this time is that we are in a *shemita* year, this is a biblical seven cycle *shemita*; it is a time of nullification, and we see the world economy is tumbling. So we see these realities. We see these things are happening around us, nullifying, *shemita* means 'shaking, nullifying, cancelling,' bringing to submission defiant peoples whom God has warned. We have to remember God warns people, not because He wants to make us scared, but He warns us because sometimes we've gone too far! And the only way He can get our attention is to warn us. Amen!

So His anger, at that time, is not a lack of control- we talked about that one of these days in our Bible study groups. It's not a lack of control; it is a purposeful emotional response that God is doing to call His people back to Him. Amen! There are times when the people have become so defiant that they have desecrated Him; that they turned their back on Him to worship themselves; that they believe in different gods that will promise them this or that.

Of course we have one source; we have one source who gives us life and godliness, the Bible says, gives us life and godliness. It's Christ! This is a situation now, where the whole world church is together walking with us; we talked about it as almost like a worldwide workshop.

What is our center? Why are we spinning off? What is our center? Where do we return to? Have we strayed? Yes we have, we have strayed.

I remember even two and a half years ago when Father passed, there was a real battle in the palace because we were fighting the archangels who were trying to use Mother to fulfill their desires, and so there was a battle. Actually it started from the hospital. It started from the hospital, when I had to issue a worldwide memo. I said, "Everybody please pray for Father. We believe in the miraculous healing of God." It was the time of prayer. Everybody was doing prayer conditions, fasting. It really began there.

It's interesting because when I look back on it, I can see, and we talked about it last week how they secretly hated Father. They secretly resented him; they secretly harbored anger towards him, and whether they were rationally aware of this or not, there was a spirit that was behind that; that spirit of evil was behind them.

It's interesting, when you look at that Scripture at the end of Mark, it says, "*Signs will follow them who believe, and they will cast out devils! They will cast out devils!*"

One of the main signs is that in the Last Days, when the believers come and the Lord has returned, they will cast out Satan; they will cast him out! And this is a battle not of flesh and blood, but this is a spiritual battle, a spiritual battle where we have to face and run, and confront this Goliath that we think is immovable. You know the old saying, "The bigger they are, the harder they fall!"

When the people of God start realizing who they are, whose they are, that's what makes Satan scared; that's what makes Satan scare! He gets scared when the people of God start realizing who they are. And this is why this is such a tremendous time.

I remember in the palace in that battle, there were really two camps. There was one camp, who was trying to tell Mother, "Mother, you are God; you are the messiah too. Father could not complete his mission without you. You are also God; you are also messiah. You are the only-begotten daughter!"

We knew this stuff two and a half years ago; we heard it two and a half years ago! You folks are hearing it now; we already heard it two and a half years ago! This had already been told to us. I mean how foolish! How foolish! "Mother, Father would never have completed his mission without you!" How foolish a statement! Mother could never have completed her mission without Father! How ridiculous is that statement! Mother would never be True Mother without the Messiah! And how many times did Father say, "If Mother failed her mission, I will have to

get another true mother in her place!" But they were not telling her the reality. They wanted her to believe she is God; they wanted her to believe she is messiah." You are God! You are messiah! You saved him! '

And then there were the sons whom Father anointed, who said, "Mother you are the victorious True Mother! You are! And you are the loving object partner to the King of Kings. That is where your victory lies. You birthed the twelve tribes. And Father anointed Cain and Abel, and we will not, WILL NOT get tempted. We will not get tempted by position and money and power, and we will stand with the King of Kings."

That's not easy to say! That's not easy to do in a time when everybody is trying to create the environment,"Oh! Let's have Mother believe she is God now!", and not glorify her in her victorious position as the bride of Christ, who then becomes the example of how we, as the bride, as the body of Christ, must love, serve and surrender to the Bridegroom.

Because let me tell you folks, you can read all the new age stuff you want, you can practice all the meditation and stuff you want, you are not God! I am not God. Amen! God is God! When man tries to be God there is destruction, there is damnation! And it's brought upon him by his own self.

So we have these groups: Some of them just want to use Mother for assets; they don't care what the heck she believes, as long as she sends the money. They just want to use her for assets; they see her as a big walking money bag. Other groups that want to act out their own post- modern humanism and feminism. They want to use Mother as a prop to justify a view that is totally unacceptable before the Messiah

In fact they are more interested in the image of True Parents, not the reality of True Parents. They don't want to know the reality of True Parents, that in True Parents there is a subject and there is an object; they don't want to know about that. They just want to see the pictures; they just want to look at the image of True Parents and say, "Look, look, look! God is also a woman. I'm a woman. I'm also goddess!" This is self-deification! This is primary idolatry! This is what the first commandment said not to do!

So foolish! As if we cannot see through these types of games, which ultimately end up in idolatry. It ends up in idolatry; more interested in a picture of True Parents instead of a real relationship with them, because if you have to relate with them, you actually have to accept the real structure of True Parents.

You can't come in before the King of Kings, even if Mother is sitting there, and just pretend like there is no structure there! You can't do that! Name me one person who did do that to Father; he'd get his face smacked. You would get your face smacked! That simple! Because there is an order in True Parents!

But of course they don't want,"No there can't be an order there! That does not help me become a deity! That does not help me glorify myself and worship myself! So there can't be order in True Parents! I'm interested in a picture and image of them; I am not interested in actually living with them, because if I have to live with them I have to accept who they actually are!" Not what you want to make them!

See, that's the difference between having a relationship with somebody, and imagining somebody, Ok? I can imagine my wife, and my wife can imagine me, but we have a relationship, and we know the most intimate things about each other. We can imagine things about our children that they do incredible things, they have no problem whatsoever; we can imagine those things, or about our parents or about our brothers and sisters, or whoever it is. But you have to also face a reality if you are going to actually be in a relationship. You have to face it!

How many of us in the world church are really interested in a relationship with True Parents? Or are we interested in an image of True Parents, that we can bend to our likeness, and bend to our preferences, and bend to what we want them to be? That's not who they are! And let me tell you something: in True Parents there is an absolute order! There is an order! There is a subject and an object!

Let me tell you something very clear, because I am the actual child and the blood, you understand that? In our house, Father makes the decision, we obey! Why? Because we are objects of his love! Now, yes, a grandchild can go up to him and yank on his beard, and the grandchild can go up to him and yank on his hair, but that's only because it's in love, you see. The three objective purposes can only be done in love! It's not talking about switching on authority. It's talking about love! Yes my baby boy can come and pet my head if I am in a good mood! Maybe he will get away alive! If I am not in a good mood he is dead!

There is an order in the Kingdom!

And when you approach True Parents, and you have your image of them bent to your likeness, what you want, how you want to worship yourself, how you want to play idolatry with yourself, you are in big trouble when you get before the King of Kings! Because he has a clear order! Do you understand?

I cannot just go up to him and say,"hey, daddy! I'm the successor!" I can't do that! He will smack me on my head! Do you understand?

There is an order. I can only go to him in love, "Father!" I can only go to him in love as his object; I can approach him. Sometimes I can be the subject of love, if in that situation I'm a little baby, and I just love him so much that he is overwhelmed by that, and he says, "Wow! This baby is amazing!" In that situation, yes, that baby can be the subject.

That does not mean the baby is his king! You understand? It does not mean that it can be switched around! It's in love; in love! And Mother is equal to Father in love and in value, but in authority there is a clear order established by True Father. Do you understand that? You can't play around with that; if you do, that is to your own damnation! Your own!

If I look at it from just a personal perspective, Ok, here we are: people want to talk about my parents like they actually know them, but they never met them, never sat down with them, never lived with them, never had to actually deal with them, and want to talk about them as if they know them. They are more interested in the pictures they have of them, than the actual persons of God. The person of God!

And then you have those who are secretly indulging in the desecration of Father, who secretly harbor hatred towards him, resent him, but they could never say it because other people may have criticized them for being unfaithful, or for whatever reason. They don't want to admit it; they don't want to admit it!

See at least if we have resentment, we come to the throne and we repent. We say, "Father, I harbored resentment against you. I repent for that. I make you the absolute subject of my life again. I surrender to you again!" You see, that's the difference between an unrepentant and a repenting child who understands that they have harmed their father.

I will say with all confidence that True Father is the most neglected person in the entire world church; the most neglected! We have ignored him for the last two and a half years, because we have not been clear about the reality of True Parents. We are more interested in the image of True Parents. That reality!

And because we don't understand that reality, we have no power, we have no focus in our worship, we have no focus in what we are doing; we have no focus in what we are living for, in whom we are living for. We have no focus because the object partners are running around trying to be the subject partners; do you understand why that's a problem? That is a problem, and that's why it's collapsing. That's why the world church is not anointed; that's why it's so quickly tumbling down to destruction! Because we have desecrated Father!

We are in some kind of delusional state where we want to pretend, "Whoopee! He's gone, he's gone now; he's gone! Ok, I guess we can find a new center!" No! That's why you people are crazy! He is not gone! He is living more powerfully. He is now in the spirit realm, in the supernatural realm, and his power is manifest to those who believe!

This is what's so sad about this situation, but also so awesome, because it's the first time since Father passed that we are actually returning to him as the center. That is so important, folks! If you are in our house- and I am not talking about True Parents in some metaphysical reality, I'm talking about my parents, Ok, my parents- if you are in the house, and you don't know the

order, you are going to learn very quickly; very quick you will learn! You will learn it very quick!

When Father ordered the world tours, Mother did not want to go. It's tiring to do world tours. Nobody wants to go to 120 different countries in 140 days. Nobody wants to do that! It's not like you are going sightseeing or something like that. You know you are going to a hotel; you'll see a hotel, and then you'll see a bathroom, and then you'll go to the auditorium, and you'll go back to the hotel, and you'll get on the plane. It's not like you see anything other than your own bathroom stuff. It's not an easy thing to do, but when Father orders it we move; from Mother all the way down, right, because we are all his object partners.

Now you try to pretend you are subject in that order! Not only are you disrupting the Kingdom order, you are disrupting the flow of grace and blessing! Imagine if the object partner said, "No! We're not going to do that!" then the flow of God's blessing will not go.

It is the great gift to the object partner that we can surrender to God, so that He can use His glory and use His blessing through us to bless other people. Why are we so jealous about the subject position? I don't want to be the subject to Father! You understand that?

I'M HAPPY BEING AN OBJECT OF HIS LOVE! I'm happy! I'm happy being an object! You got it? I'm happy! I don't need to try to be a subject to him, because I accept who I am: I am an object partner to him.

This is very interesting because, as we make these declarations, the spirit world is moving so powerfully! Boy! There is an underground love revolution coming back, where people across the world are falling in love with the Messiah again. The Holy Ghost is pouring out, and people are starting to remember who they centered their lives on and gave it to. And there's an incredible outpour of healing, miracles and the Holy Spirit that is pouring out.

At the same time for those who are defiant and unrepentant, there is a move of the spirit world to reveal them, expose them, to start bringing them to judgment. It's fascinating! Just two weeks ago, when I did the '*Declaration of Heaven*', we removed all those leaders from their positions, because they are illegitimate, and I have the authority to do so. You all saw the video; they are removed, and they have no spiritual power over you.

And within two weeks after that happened- we of course knew that the whole Korean government was going after *Cheongshim* World group, which is the Cheong Pyeong group, that's the actual business name- the district attorney had already come in, and police units were already put in, and of course engaged in a criminal investigation. Two weeks after we made the *Declaration of Heaven*, and we remove them from their positions!

They think they can hold on to their positions legally! You can't do that because the Kingdom is greater than the little legal positions. Do you understand that? The Kingdom is way greater than your little legal position that you hold on to illegitimately! Way bigger!

And right after that, boom! Another one of the hidden rulers, another Kim, is now under criminal investigation, for international money laundering by the Korean special task force IRS (Internal Revenue Service). It just broke two weeks ago, boom! You see, archangels, do you doubt the strength of God, who made the universe and created the earth? Do you doubt Him?

And now, again, you can see it down here on the screen: one of the top magazines in the country, it's like Newsweek or Time Magazine, *Dong-a Ilbo*, writes an article two weeks ago, now revealing what the criminal investigation units with the D.A., are discovering; the first phase of investigation that's coming out.

They go on to name those two different Kims, and one Mr. Ha. In Korea they don't give a full name until the investigation is totally over, but they reveal, and of course we know, that's one of the other Kims, one of the hidden rulers, a puppet master behind Mother, and going in for international money laundering.

The Korean IRS has reported to the news that they found about \$700 million that went from the Japanese church to Hong Kong Seychelles and then to America JP Morgan Bank. \$700 million! They reported on how the *Cheongshim* little church in Cheong Pyeong, could not even make \$1 million a year, could not even make \$10 million in the last ten years. So it cannot even make a million dollars in a year, but yet it's landing out moneys in excess of \$180 million to paper companies that are debt, debt, balls of debt.

Of course the reporters are saying, "This looks like total embezzlement!" This article traces that \$700 million to 2013, after Father's passing, after we had the big battles telling them, "Don't go this way of desecration!"; after they had dismantled all the transparent systems, that we had put in; after they had dismantled all the reporting to members about financial status of churches to the membership as we do here; after they had dismantled all the different types of structures. The international criminal money laundering!

It goes into of course how they did it and all those kinds of things. This article is so new that it's not even on the internet yet; it's only in print form that you can get it, because they don't put up the internet articles until a month later. But again, now one of the second key rulers, here he is, Kim and his secretary Cho, and a Moon cousin that is working in his team, all now people who are being investigated for criminal international money laundering!

How foolish do you have to be? How many times did we warn you, "Your judgment is coming?" Not because we want to see you be judged! How many times have we warned you?

“If you go this way of disrespecting who the subject is, you will be judged. And he does not even have to judge you. The ancestors will come after you!”

Do you not understand anything about the spirit world, and understand who the King of the spirit world is? We told you for three years, didn't we? We told you.

I remember in the palace, we were pleading and pleading, begging Mother, “Mother, please, we cannot do this!” I remember one time I was sitting with Kook Jin Hyung in her room, in the TV room in front of her bedroom in the palace. We are on our knees; we were saying, “Mommy, we cannot do these kinds of changes. There will be a spiritual repercussion if we do these types of things. This is called desecration. What Father left, what God left through Father has to stay as the tradition of Cheon IL Guk. It's as simple as that! Nobody should try to change that!” That's simple! Why is it so hard to understand? It's not like you are speaking Tibetan or Chinese or something. It's not hard to understand!

We were in that room and she screamed at the top of her lungs, “I have absolute power! *Chul-dae kwonlyeok*; twice it was, “I have absolute power!” It was like I was watching some kind of movie or something. I was thinking, “My God! Mother, where are you? “I mean my jaw literally dropped on the floor! I thought I was watching some kind of movie!

All the sisters- in -laws, you were there and you all heard it; you all heard it! In the palace whenever you have a meeting, there are three to ten different ears on the door, and all of them heard it too.

And I remember at that moment, we said to Mother, “Mother, NO YOU DON'T! YOU DO NOT HAVE ABSOLUTE POWER! WE MUST RESPECT THE TRADITION THAT FATHER GAVE US! We cannot go on and change them! YOU do not have the authority to change them!” But we said that in love; because nobody else is telling her that.

That's why, look at our own family; it's being torn apart. Not because I am speaking out and speaking the truth, but because YOU ARE DISRUPTING THE ORDER THAT IS IN OUR FAMILY! In our family there is an order. Do you understand?

Stop using my Mother to make you be God! You are not God; you will never be God! You will never be great like God! He is the One who is great, and He is the One we surrender to. And that's why we're great; because we surrender to who is great. But not on your own power, not on your own self! Give me a break! Give me a break!

The reality is this: and the members don't want to talk about it, but this is it, and you all know it's true in your heart. I'm just simply telling you it, so you can at least talk about it. You know there is an order in True Parents. Stop trying to relativize it! You're destroying True Parents if you do that. Do you understand? You cannot relativize True Parents.

There's an order! Father is the subject in True Parents. Do you understand? Mother is his object; she surrenders to him. Yes she does! I know it does not fit your modern feminist ideology, but that's what she does. Do you understand that? Because she is the symbol of what the church or the body of Christ must do: surrender to the Lord! Surrender to the Messiah! Her position of victory is predicated on that; not saying I am the subject I can change anything! No! SHE CANNOT!

You are trying to use her to try to get away with that, and trying, in the end, to make yourselves God, bringing the covenant under you! All the things you changed bring them under you! So that all the people are foolishly worshipping your fraudulence and your illegitimacy, instead of THE LEGITIMACY OF THE TRUE FATHER, THE LEGITIMACY OF THE KING OF KINGS who is our subject!

We are happy objects; we are happy objects of his love, baby! I love it! I love being his object! I love it! I don't need to be his subject! I LOVE BEING HIS OBJECT! I love it! I love it! I love being his object and I love being loved by him, do you understand? Yes I do!

And this is the reality. You know they have the Cheong Pyeong blessing coming up, with the changed covenant vows. I told them, "You will now be blessed under the covenant of the archangel. Go right ahead if you want, but you've been warned. Go right ahead if you want; you've been warned!"

Know whom you are submitting to if you're going to submit to somebody! Knowing whom you are submitting to would be a good starting point! I'd like to know whom I am submitting to; I'd like to know whom I am surrendering to.

And let me tell you something about the reality which all of you know: Mother cannot give the blessing alone! Whenever did you see True Parents give the blessing alone? True Father can't just get up there and give it alone! And certainly Mother cannot come up there and give it alone! But see, you know it in your heart, you know it in your spirit, but you be quiet. You're scared to actually say it, because you realize you know she cannot give the blessing alone!

You know who she has to stand with? She has to stand with Father's male heir to give the blessing. She has to stand with me to give the blessing, because I stand in True Father's heir position, and guess what? I am accepting that now.

I'm accepting who I really am; I am accepting who Father knows I was, and what he saw in me that I did not, and I AM ACCEPTING WHO I AM AND THAT BRINGS YOU FEAR, BECAUSE YOU DON'T WANT ME TO ACCEPT WHO I AM. YOU DON'T WANT ME TO STAND STRONG IN THE ANOINTING THAT HE HAS GIVEN ME. YOU DON'T WANT ME TO STAND AND SPEAK TO YOU WITH AUTHORITY. YOU WANT ME TO COWER before your illegitimate, decrepit position.

But I will not let you use my mother for that purpose, archangel. I won't allow it! And I challenge you because that's what you are doing. We are not fools; we are not going after True Mother. We are going after you; that's whom we are going after. Because you are the ones who have invaded our house; you are the ones who tried to change the order; you are the ones who are trying to make her believe she is the subject when she knows she is the object. And you are the one who are guiding the members to your mouth. That is your sin!

And guess what: there are people, who are awake, and more are awakening, and more leaders are rising, seeing through your fraudulence, and coming up to get you. We're coming to get you in the Spirit, because we have the sword of truth and the shield of faith, and the breastplate of righteousness, and the helmet of salvation, and feet shod with the Gospel! You have no power, archangel, none whatsoever! In the mighty name of Abba Father, you cannot have any power; none whatsoever!

I accept who I am; I accept it, because I did not make myself that way; Father made me that way. I have to accept myself for who I am, not in some kind of flaky new age way, but in the way that God saw in me, anointed in me, and promised over me. I need to stand into that, so that God can move, and as long as I am shaking in trepidation and hesitating because I am scared of your little criticisms, well you are happy, aren't you?

But guess what? I'm not here to make you happy! *The joy of the Lord is my strength!* MY FATHER IN HEAVEN IS MY STRENGTH! And I come against you with the authority of Heaven. In the name of the Father, you are cast out, devil; you're cast out!

And that's why new leaders are rising!

Today we have a **very important appointment and announcement**, and I'll get right to it.

*"In this 6<sup>th</sup> year of Cheongi, I, Hyung Jin Moon, crowned successor to the absolute Subject, the King of Kings, True Father, hereby declare that Yasue Erikawa is appointed as Chair-woman and President of the Japanese Church as the True Representative of Cheon IL Guk in Japan. The current illegitimate hierarchy has no authority over the citizens of Cheon IL Guk, and members are ordered to stop funding their heresy of desecration against True Father, the King of Kings, the Messiah, the Lord at His Second Advent, the Alpha and the Omega, Beginning and the End, the Son of God, and the Lord of Lords."*

You archangels are so pitiful! You are posing to try to be our Father. You see that list? That's the list of my Daddy, our daddy. Do you understand? That's the list of his power. Did you hear that, 'Alpha and Omega, Beginning and the End,' did you hear that? 'Son of God, Lord of Lords, Messiah, Lord at His Second Advent!' That is our Father!

And you are trying to pose with your petty positions in that magnificent position, and trying to use our Mother to leave her position as object to True Father, to make herself God so you can become demy-gods! Whoo! We see right through you! You are so pitiful, illegitimate; you are desecrators of Father. And guess what? Your power is gone! It is gone; it's no more!

You have no power over this Kingdom, because in this Kingdom, there's only one King who has power, and He is the King of Kings, and he is our Father!

Of course they will try to release memos discrediting President Erikawa. Of course you will try, archangels, to use different Japanese networks, whatever they may be, to say that she is bringing so much pain to True Mother. Of course you will try to scarlet letter her; even though you pretend to love women, you hate women who stand up for their men. You hate women who stand up for their Bridegroom. You hate women who stand up, and are real women, and are filled with power in the position of the bride. You hate that! You hate it! Because that's exactly what you cannot be.

You will try to scarlet letter her. You will try to say she is not supporting True Parents, when everybody now knows when you say that, all you're saying is they don't support your illegitimate hierarchy and position. That's what it means, and you will try to alert the members not to meet Erikawa; she is a dangerous person, "Don't meet Erikawa-san *Taijo*; she is a dangerous person!"

I heard that one of the leaders in the Japanese church said, I am more dangerous than - people call H1 and H2. They call my brother H1, and me H2. I don't like being called that, but that's what people call us. When I see you guys, I'll call you G1 and G2, whatever! But that's what people do- And he said, "Oh! H2 is more dangerous than H1!"

You'd better believe I'm more dangerous because I am THE LEGITIMATE HEIR TO THE KING, AND I STAND IN THAT ANOINTING AND I STAND AGAINST YOU, ARCHANGEL, and you have no more power. See, you want us to fear you and your little pitiful hierarchy. But that's not what we will do; we have no fear of you because you are counterfeit, totally counterfeit!

You will tell them, "Erikawa, she is supporting H2 now!" I saw one brother; he put something out. He had a picture of planet earth, and there was a spaceman, an astronaut and he said, "Oh thank God, there are no H2 supporters here!" How stupid! How foolish is this! I did not crown myself; you know that. I'm the last person who would ever crown myself! It's Father who crowned me! He's the one who put his crown on me. He did not put his crown on Mother, and then put it on me. He put it on me! And I accept my role now for who I am.

And I know when Mother returns, and she will when the false hierarchy collapses, and it is, and when she is freed from you and your idolatry, and she returns as the loving object partner to

True Father in Heaven, what glory she will have! We will see so much glory; we will see the outpouring of strength like never before when she comes back and falls in love with him again, and stops listening to you who try to make her believe she is God.

None of us are God; we are supposed to surrender to God, do you understand? We are supposed to surrender to Him, not try to be Him. Why do you have so much position envy of God? Why don't you let God be God, and be happy that He actually allows you to be His love. I am totally fine with that! I don't need to be God! I need to be the object partner of God; I want His love, I want to reciprocate with Him, yes! But I don't want to be God.

You know that because you are trying to make Mother believe she is God, she is suffering. Yes, she is! You are putting the whole weight of the world on her shoulder, now making her believe she is the messiah, the only-begotten daughter.

You heard the Original Divine Principle which Father made all of us learn! It is through the love of Christ that Eve becomes reborn through him. How many times have you hear that lecture? Father ordered you all to hear it. She's begotten through him. How many times you heard Mr. Yu Jeong- ok speak about this?

See, it's not me who is trying to play with her position, and trying to mess up the order, it is you, archangels; that's why you are collapsing this church! That's why it is crumbling, because we are never following false fathers.

But guess what? Now more and more people are waking up to whom their real Father is, and who really gives them value, who lifts them from the sinner that they were in Satan's mouth to the son of God, to the bride of Christ, to stand with him in Heaven to reign over the kingdoms of the earth.

Do you understand that? It's our Father that is Christ! What a pitiful counterfeit you are! And guess what? We don't even get attracted by that any more. You can't even get us to smell that any more. That lie is getting exposed, and it's disintegrating as a decrepit, deteriorating, desecrating piece of flesh that it is; we are here not for that flesh.

We are here to be cleaved to the Bridegroom. We are here to be engrafted to his olive tree. We are here to become children of real blood lineage, who have not only the blood of Christ over us, but in us. And with that power we command you devil! You have no power to be here anymore! No power! No power! No power!

#### **Bio of Yasue Erikawa:**

- Chair-woman and President Erikawa-san received her bachelor's degree from Chuo University in Japan with a major in law. She joined the Unification Church in 1965 while

she was a student at the university, and serve as vice-chairman of the Campus Association for the Research of Principles, (CARP).

- In the late 1960s, Mrs. Erikawa carried out a three-year effort to persuade the Japanese government to cancel the accreditation of Korea University in Japan, which had been established on Japanese soil by North Korea. Mrs. Erikawa did this by street lecturing True Father's Victory Over Communism lectures near the front gate of the university day in and day out, despite constant persecution from the university's faculty, staff and students.
- She was blessed in 1970 to Mr. Cho Sung Jun among the 777 couples.
- In 1973, she began an effort to let the Japanese women who married North Korean men and emigrated to North Korea travel freely between the two countries. In connection with this, she produced two movies, "Birds, Lend Me Your Wings", and "I just Want a Glimpse of My Daughter." She also published two books, "I Wish I Were a Bird" and "Let the Japanese Wives Return!"
- She continues to work on these issues today.
- In 1974 and 1975, the Republic of Korea Government invited her to give a series of Victory Over Communism lectures in South Korea's major cities and 40 of its universities. She has also spoken on the issue of Japanese wives in North Korea at the U.N. Headquarters in New York, and the International Committee of the Red Cross in Geneva.
- For ten years, from 1983 to 1993, she served in the International Federation for Victory Over Communism as director of the Women's Department.
- In 1993, True Father appointed her as overall chairman of the Japanese movement at a time when the Church faced daily bombardment of negative coverage from the media. In 1998, she was appointed as President of the Japanese Unification Church.
- From 1999 to 2008, she served as an FFWPU International Itinerary Worker with responsibility for the United States.
- From 2008, she continued her work as an I.W, but with responsibility for Korea. While in Korea, she worked under World President Hyung Jin Moon, to establish witnessing centers in Seoul, and also headed the women evangelical association at the Cheon Bok Gung Church. She organized the Japanese, Filipina, Thai and Mongolian wives into an effective witnessing organization.

- Also during this time, she established a non-profit organization to provide assistance to non-Korean wives living in Korea. She also led the effort of Japanese wives living in Korea to help stop the kidnapping and forced confinement of Japanese members.

So without further ado, I'd like to welcome President Erikawa to come and share some words with all of us and the entire world church.

**President Yasue Erikawa:**

Dear brothers and sisters, I am a very dangerous person, very dangerous; so, why? How dangerous I am, I want to express. But I'm so poor in English, so I need my interpreter. So sorry!

World Chairman Hyung Jin Nim has introduced me, and in giving my acceptance speech, I would like to focus on points in my background and resume that illustrate how dangerous a person I really am and I will talk about my relationship with True Father and my experience with True Father.

As a child I was raised by my parents to become a person who serves other people and serves the world. I decided I wanted to become a lawyer who would help people without money and people who were oppressed and denied power, and so in university I entered the department of law. To become a righteous lawyer, I decided that it was important that I gather as much knowledge as possible, so as a part of that effort, I happened to come to hear the Divine Principle. I also wanted to experience many things, so I went to a Divine Principle workshop that was sponsored by Father. At that time it was called the *Explanation of the Principle*.

As you know, the Divine Principle that we have now, the *Exposition of the Divine Principle* is actually the third book that was published of the Principle. The first one was the book that Father wrote by his own hand, the *Original Principle*, and then there was the *Explanation of the Principle*, which was the second book, and that was the book that Mrs. Erikawa learned from when she first entered. There were a lot of places in the book where the logic did not follow; the logic would sometimes jump.

Despite these holes in the logic of the book, I felt strongly during that workshop, that I must become a part of the Third Israel, that this is my calling, and if I didn't do that, humanity would be in a terrible place, and I had a mission to fulfill as a member of the Third Israel. My basic belief even to this day is that I and everyone who is gathered here are part of the Third Israel, and it is our mission and it is our calling to build God's Kingdom.

In 1967 True Father went to Japan to bring the new Divine Principle book there, the *Exposition of the Principle* that we have today. Father gathered 120 Unification Church pastors from around

the country and for two weeks, there was a workshop on the new *Exposition of the Principle*, given by Rev Eu Hyo Won. As I said the book that I had originally learned from, *the Explanation of the Principle* had a lot of holes in its logic, so I was tremendously moved by each and every phrase in this new book.

During this workshop, I made two determinations: First, Father's words must be protected at the risk of my life. And the second determination I made was that Father is really the True Parents of humanity, so I will do those things that no one else can do, those things about which everyone else says, "it's too difficult!"

So as you just heard in my bio, I've been given a series of missions through my career. In my bio I would like to focus a minute now in telling you about my experience as the previous chairman and president of the Japanese Unification Church.

After the 30,000 couples blessing in August of 1992, the Japanese media began to attack the Unification Church on a daily basis; every media attacked on a daily basis for six months. The government, the communist party, the right wing media, the citizens of Japan, everyone was trying to erase the Unification Church in Japan; many members left and even those who remained had no power.

It was at that time and in that situation that I received Father's instruction to become the overall chairman for the Japanese movement. This is what Father told me then, "**If my tears and your tears become one, then there is nothing that is impossible!**" This is what Father said. Aren't we in the same situation now? And he said one other thing to me, "Make an organization so that when I give an instruction, that instruction goes all the way to the bottom immediately."

The Japanese Unification Church was on the verge of death then, but Father saved it with his heart and his tears. Father sent 16,000 Japanese women to Korea to form sisterhood relationships between Japan and Korea, and he sent 20,000 Japanese women to the United States, to form sisterhood relationships with American women. When the Japanese women had been revived, he sent them to 193 countries as missionaries. That was possible because of Father's tears and because of his word.

One other mission that I was given in a difficult situation was Korea. It was in 2008; on March 17, Hyo Jin Nim went to the spirit world. At that time all the members in Korea were working in the election campaigns in the various districts around the country. The result as you may know was that no one was elected; everyone lost. I was in America, but I was told to go to Korea immediately, so I arrived in Korea just after that election. The morale of the Korean church was as low as it could be.

At that time World Chairman Hyung Jin Nim and Foundation Chairman Kook Jin Nim were also working very hard. There were 7,000 Japanese sisters who had been blessed to Korean men

and who were living in Korea. Father said, "They did not come to Korea just to be brides, or to be wives or mothers." He told me, "You need to make them an evangelical force; they should become evangelists, and they need to stand at the forefront to bring liberation to God's homeland. After that, they also must stand at the forefront of the unification between North and South Korea."

That was the mission that I was given then, so I began to go around Korea. After about a year, I began to meet with the World Chairman Hyung Jin Nim, and the Foundation Chairman Kook Jin Nim. The World Chairman at that time was offering sincerity and dedication conditions, over and over.

There is a quote from the Book 'The way of God's Will': *The nation where the leader offers sincerity and dedication will never be destroyed!*

The mission that I had been given by Father at that time was very difficult, but when I saw how the World Chairman was offering many, many conditions, and offering his sincerity and dedication, I could see that because of his work, this country would not be destroyed, and I gained a great deal of hope.

Kook Jin Nim as the Chairman of the Foundation was working to restructure the church and the businesses in Korea, even as people around him were telling him, "We don't want you here! Go back to America, go back to America; go back to America! We don't want you here!" But he was still working as hard as he could to fulfill Father's desire in Korea.

I saw how the two were standing at the forefront to create the kind of church that God and True Parents wanted in Korea, and it was my honor to be able to participate in that revolution. I saw firsthand how much they love True Father, how much they love True Mother. We learned so much from the two of them at that time, how absolutely they believe Father is the Messiah, and how much they tried to fulfill his will.

The Korean church unfortunately has been changed a lot today, but they laid the foundation for it; it is their merit that they did that. It was the two of them that raised Mother up, that raised up her position. And they always led the way in everything they did; they practiced true love according to Father's words.

One of my wonderful memories is going out onto the street with the World Chairman, and with Guk-saja Yeon Ah Nim. At that time Unification Church members were actually embarrassed, and ashamed to go out and identify themselves as Unification Church members, but the World Chairman led the way to take members out to the street, and today people are witnessing like that, but that's because the World Chairman laid the foundation for it when he was in Korea.

But in such situation we came upon Father's seonghwa, and it was followed by a tremendous earthquake in the Unification Movement; following that seonghwa, there have been many tragic

changes in our movement. I was washed up by a human tsunami at that time, so I returned to Japan and spent time there.

And then on January 18, this year, the World Chairman broke his silence, here in Newfoundland; to me he was not saying anything special or new, but to many other members it was something very shocking. I felt if Mother were to come out in opposition to what the World Chairman was doing here, things would become very, very, difficult. For the last year and a half I had not attended any major church events, or attempted to go into True Mother's presence; actually I did not want to go.

But I felt I had a calling to go to True Mother, and to ask her, "At least, please don't publicly oppose what the World Chairman is doing!" Eleven days ago, on the first day of the first month of the heavenly calendar, there was a luncheon, so I went and attended that luncheon. I asked Mother, "Please don't oppose the content that the World Chairman is saying now. At a minimum, please ignore him!" I told her, "The World Chairman and Kook Jin Nim as well, truly, truly, love you." I asked that, "You and Hyung Jin Nim and Kook Jin Nim become one!" I asked her this many, many, times.

Mother listened to me quietly, and actually during my career I have, on many occasions, received a lot of love from True Mother, and the atmosphere during the time of this conversation was similar to the love I had experienced in the past. We had actually quite a long conversation, and Mother said, "You still need to stand in the forefront of God's providence." And she instructed me to attend the international leadership conference that is going to begin in Korea on March 4<sup>th</sup>. I heard indirectly through her chief of staff that she had decided to appoint me as an itinerary worker for Japan, to travel around Japan educating the Japanese members.

During that conversation I felt that Mother herself wants very much to become one with the World Chairman. So I went back to Japan and I made a determination again: Foundation Day is coming up, and also there is a blessing coming up. In his sermon just a moment ago, Hyung Jin Nim said that Mother cannot give the blessing alone, that Hyung Jin Nim is to stand there as Father's representative, and at least she has to have him there with her.

So I decided to come to America to convince Hyung Jin Nim to go to Korea and attend the Foundation Day and the blessing. I knew this was something very difficult, that no one wanted to do, so I thought I was the one that had to do it. I arrived here on the 27<sup>th</sup> of February. I figured there was still time; if he were to make the decision right then, there was still time to buy a ticket and to get to Korea in time.

But when I met Hyung Jin Nim he had his own message! He said, "Now is the time that the Japanese samurai must take a stand!" and he just kept talking and talking, and he did not let me have a chance to give him my message.

As I was coming from Japan to America I was imagining how this was going to go down, and I figured, "Ok, the World Chairman, he is the kind of person that listens to people; he's going to listen to me. But I'm going to have a tough time with Kook Jin Nim; that's going to be a problem." But actually it was Kook Jin Nim that sat and listened, and it was the World Chairman who did not. I felt very much that they were in a completely higher dimension than I was.

And I think it may have been Kook Jin Nim who suggested, "Why don't you appoint Mrs. Erikawa as the Japanese chairman and president as long as she is here?" and Hyung Jin Nim said, "That's a good idea!" But I thought, "No! There is still another way! There is still a way to bring these factions together," and I tried my best to convince them of what I thought was right.

I could see that they were on a completely much higher dimension than I was, but still to have this kind of sudden suggestion; it took time for me to accept it. We thought the same thing, but it was an issue of what method, what way we were to go. I felt, "If we go that way, there will be so much sacrifice; so many people will become victims, and I think maybe if we do it my way, we can do it more peacefully and smoothly." That was the difference.

But the World Chairman kept telling me, "Make clear! Are you hot or cold? Which one are you?" and I kept trying to tell him, "You know we need to build a foundation secretly and quietly, and right now there is no foundation." "What are you worried about foundation? We got God, we got True Father! What else do you need?" He said, "You heard about Gideon's army?" "Gideon had 300, but we don't have 300; maybe only 30 in Japan!"

But as I said in the beginning, my fundamental concept is to follow Father's words and to protect Father's words even at the risk of my life, and that I would lead the way in doing anything that Father wanted, that would be most difficult. This situation will be very, very, difficult for anyone, probably it will be most difficult for anyone, so it might as well be me then that does it.

I've been through many difficulties, bringing success with Father's tears and love, but I know that God never gives us a burden that we cannot carry. I have already been trained by Father to receive persecution.

Hyung Jin Nim is the legitimate heir of True Father and Father's tears, and with Hyung Jin Nim's tears together we can imagine how great that is. So I have decided to become one with those tears, and to uphold Father's words and tradition, and to go the way of victory together with the World Chairman and with Kook Jin Nim.

I'm sure that many bullets, arrows and spears will come my way, but they will be the source of my energy. The only thing I fear is that I might not be able to rise to the level of Heaven's, of

God's and Father's expectations. I return all glory to Heaven and I go this way.  
Thank you very much!

**Pastor Hyung Jin Nim:**

President Erikawa! (Standing ovation) Please be seated. I just want to share something with you real quick: she is a real samurai! Last week we were saying, "Samurais rise!" All of a sudden the biggest samurai shows up. We did not even know she was coming. This is the move of God! The mighty move of God! She is a real general samurai! Father has always imbued in her a tremendous amount of responsibility and trust. For anyone to stand at this time is a real hard thing to do, but the fact that she stands with such conviction!

That was interesting; we had such an incredible spiritual experience, when I met with her on Friday. We were meeting, and she said I kept on talking, but I don't know what I was saying, I was just letting the Spirit move! I was letting the Spirit move! I remember, I said to her, "Erikawa *Taijo*, you know what Father told you, and I know he appeared to you in a golden robe of light!" and I saw her just totally melt.

I said to her, "Why are you bending, and why has your hair turned white?" not her physical hair. I was discerning in the Spirit, and I told her, "Father needs us to stand, because you know what the archangels really are? And this is what they really are; this is what they really are! This is what I told her, "They are spiritual rapists!" That's what they are! That's what they are!

The archangels that are around Mother who want to make her believe she is God, so that they can control her, and then by extension they are controlling God, they are nothing but spiritual rapists!

That's exactly that you are! I'm talking to you! You are nothing but spiritual rapists! That's what you are! You are trying to spiritually rape my mother. I'm not going to stand still; we're going after you! And samurais are rising; you can't hide. We're going to poke your heads.

We will not let you dominate our mother. Because she finds her value and her victory and her true joy when she is the object of Father! Just like the body of Christ, when we surrender as the object to the Bridegroom, it's where we find our power, and that's when God can do miracles, when we surrender to God as the subject, amen?

So everybody if we can all stand, let's ask Erikawa-san to come to the front, and we just want to pray upon her; we want to anoint her today. Anybody else who also has needs? I know! Jack Harris come on up! I need you to be here too. Jack has bad news from the doctor. I told him,

“Don’t listen to your doctor! Your true physician is God! Amen? Do not listen to doctors that tell you this or that!” We serve a miraculous God, we serve a supernatural God.

Anybody who wants to come for prayer, please come. We want to pray for you; we want to pray for you. Remember anything that is not of God is of Satan. I think that’s why Jesus said we cannot be lukewarm, God will spit us out! We have to be hot or cold. We have to either stand with God or we are standing with Satan. Amen?

We face so many things in our life, whether it be attacks of Satan on the body, or physical illness, whether they’d be of the spirit, a spirit of depression, a spirit of defeat, a spirit of overwhelming pressure upon you; these are rooted in Satan. So we have to come against that, and we have to know whom we are fighting, amen? And we have to know that no matter how strong Satan is, God, God is greater, amen? That is the key! That’s the key!

So I just want to pray for Erikawa-san and everybody else who are here. I know some of you are asking God for a change, a miracle in your family life, in your body. You need an answer? Guess what? This is the time! Because the Bible said that, *“signs and wonders will follow he who believes”* and that, *“we will cast out Satan!”*

That’s what we are doing! We are coming after you, Satan! You can’t have your strongholds upon the children of God any more. We’ll be coming against you with all authority!

Let’s pray for Erikawa-san. If everybody could just extend your hand; if you are behind her, please put your hand on her shoulder. Let’s extend our hands towards her.

*Heavenly Father*, You are the King of Kings, and You have all authority over her. This is your daughter, whom You have raised for this hour. All the glory of Your Kingdom needs to be released now. Father, this daughter is a mighty warrior for God. She is a channel who is battle - scarred, and battle- tested by You. She has faced the devil in his face, and she has stood with her King, to defend him at all costs, at any expense even if she loses her life, that she would be honored to do so. She is true samurai!

Father, we ask that You anoint her now, that all the weapons that are formed against her will not prosper in this Kingdom, for You are her strength, and You are her joy. Father, we thank You this day! Anything that is holding Erikawa-san back, any spirit that is upon her, any spirit that wants to come against her, we command you, we take authority, in the name of Abba Father, whom Jesus said one day we would pray to.

We pray with that authority that you will leave now, that you will be impotent against her, that her anointing will only grow with each passing day, and every weapon and sword that comes against her will be turned against the enemy twofold. It’s what we prophesy in the authority of Heaven.

Father, we ask You right now to release that anointing. We ask that Erikawa-san should surrender to the glory of God. We ask her to surrender to that anointing now. Take over her whole body, her whole mind, her whole soul. Let the glory of Heaven pour into her now! Father let her receive it, as your daughter, as Your bride. Let her receive it as the object of Your love, because it is Your love that will vanquish all doubts.

We pray this, Father, with all the hands that are here anointing, praying for them that You will use us as instruments of Your healing, of Your miracles, of Your supernatural power. That when we come against odds that are impossible in the natural, Your Holy Spirit will remind us and counsel us, that in the supernatural, all things are possible.

Father, we cling to You, cleave to You, hold to You this day, and we anoint and pray, and bless this warrior of God, Yasue Erikawa.

In the names of the blessed central families here, and in the name and authority of True Parents we pray. Aju! God bless you Erikawa-san! *God bless you!*

Everybody, let's stretch out your hand towards Jack, okay, and let's pray for Jack. He has a lot of things that are coming against him. The doctors have given him back news, but you know what? We don't listen to doctors. They did not create him! God created him, amen! God created him, and when God says, "You are recreated," you are recreated; because it's through faith that we can see all things happen.

Let's stretch our hands to Jack. Praise God! Praise God! Thank you. Jesus is here with us too; Jesus wants to heal him.

*Father in Heaven!* We come in Your mighty name with all authority of Heaven and earth. There is a devil that is trying to pull Jack Harris down. There is a spirit of defeat that is telling him his years are numbered. But we stand in the anointing and the supernatural relationship with You. Father, right now I know You are pouring Your glory upon Your son, Jack Harris.

Jack, surrender to the glory of God! Let Him have His way in your body, now. Surrender your bowel to Him; surrender your organs to Him. He is your Creator. He is the One who formed you and made you, and with just a snap of His fingers, you are recreated in the name of Abba Father! You are made new in the name of Abba Father! Now restoration is coming, and you surrender to God. Let your body heal to God, from the tip of your head to the bottom of your feet, all that is in you, that is pent up, Jack, release it now!

Let God's glory pour through you. Let His light of glory pour into your heart! Let Him come inside! We don't even have to touch you, Jack! God will touch you. Let the glory of God take away all darkness. You don't have to fight the darkness; all you have to do is turn on the light. His glory is the power of heaven; it is there to be activated by you in standing in agreement, Jack, when you stand in agreement to your Creator, God.

I just want you to close your eyes, Jack, and just focus on the glory of God. Don't focus on what the doctors told you. You focus on what God promised over you, that you would have a hope, and you would have a future; that you would be used and He would minister through you.

You get over this healing, you receive the miracle God is giving you now; you receive it! He will use you as a testimony; He will use you to heal others, in His Most High name, the name that even Jesus prayed to, "Father!"

Jack, you are a son of God. No enemy of God, no spirit, no devil can control and have you. You are His, but you must surrender to Him, yield to Him in all your organs, yield to Him now. All the holy hands are pointed towards you, and we stand in agreement. We stand in agreement that God is a miraculous God, that God is a supernatural God, that Father's power is now being released upon this earth, that we are seeing miraculous healings, miracles. We are seeing lives turning around, repentance, people coming back to You; stopping their self-idolatry and returning to You, in love.

And that is where we are. Jack Harris, you will have a future and you will have a hope. God is going to use you; receive it, it's yours; receive it Jack. It is yours Jack, receive it; receive it. It's yours, receive it! Let the glory of God come through; let it come through. Surrender to Him; yield to His touch, and be filled with the Holy Spirit.

In the name of Father, the King of Kings, and in the name of Jesus! Jesus is here with us, he wants to touch you, Jack; he is a miraculous healer, we've seen it all. Jesus wants to touch you. In Jesus' name we command anything that is in your body to leave now. In the name of Abba Father! It is done. You are already recreated; surrender to Him, Jack, surrender to Him! Let the glory of God pour through you. That promise is yours! That miracle is yours! *Amen! Aju!*

Let's give God some praise everybody! Jack when you feel like it, I want you to start jumping up to the ceiling, Ok?!!

**Jack:** Thank you all very, very, much; I am very honored to meet you!

**Pastor Hyung Jin Nim:** let's give it up one time for Jack! We love you, we love you, Jack! We love you.

Ok, guys, for anybody else here with needs, let's pray! Please hold your neighbors hand, and let's just pray for them:

*Father, we pray* right now about all the needs that You know of these hearts; you created them. Father, You gave us life, and Father, right now, You know exactly what is weighing on the heart of each and every one of us here. Father, I ask You personally, me too, I ask you for miraculous events. I believe in your supernatural power. I know You are pouring out Your spirit.

I know that when we come into Your presence as the King of Kings now, You are unleashed. You are everywhere. Your power is unlimited now. Oh! Father, we want to come into your presence. We know that when we come into your presence the brilliance of that light, the healing glory of Heaven, will eradicate any force of evil that is upon us. Any spirit of depression is gone now; every spirit of weakness, gone now, defeat, gone now. In the name of the King of Kings it is gone! It must flee when we stand with authority over that evil!

Father, teach us, teach us, to embrace who we are, to embrace who we are as your children! Teach us, Father, to stand with authority over Satan, to stop being scared of him, and to stop bowing and cowering to him and the news he gives us. And teach us to stand in faith in the Word and in the promises that You have given. Because what is true is true, and when You said it, it is truth.

Father, teach us to be obedient to your Word, to Your truth; teach us to come into total agreement with that Word. Teach us to come into total surrender to that Word and let us see all the spirits of evil melt in front of our eyes.

Father, any physical illness now that Your children may have, we pray that those areas now surrender to You, right now, and yield in the presence of God. They yield to the power of Your spirit, now! It may be hips that are recreated; it may be shoulders, it may be necks, it may be hearts, Father, that are made to become new.

All things are possible, and we know and we believe in them, because we have seen your miracle in our life; we've seen it. And guess what? Father, we are now learning how to be defiant, how to learn to be defiant against Satan's words. We are learning Father, we are learning how to act defiantly against what Satan wants us to be, and we are coming to be obedient, surrendering to what You have promised us to be.

Father, we thank You, because You are in this place; You are in our lives, and now we are going to see Your supernatural power turn everyone of our lives around. That unleashing, and that anointing, and the releasing of the glory of the Kingdom is now! Released from this moment, we declare it with our mouth, amen! And we declare that no devil will stand on our way in our relationship with You.

Father, give us strength, now! All the things in our lives surrender to You. Let us be the ones who will vanquish and, as the Scripture said, cast our Satan! And we will be the ones who restore our mother, and celebrate with her, as the loving object partners of You. We thank you Father, and once again we give You all the glory, honor and praise.

In our names as central blessed families, we lift You up, and we praise Your Holy Name! *Aju and amen!*

Let's give God some praise, everybody! Whoop! God is good; God is great! Hug your neighbor, hug your neighbor! Whoop! There is a healing going on; there is a supernatural power!
