

**Rev. Hyung Jin Sean Moon**

**The Presence of God**

April 5, 2015

Today we want to talk to you about '*the presence of God*'. What a song right before that! We just talked about the presence!

Let's look at the presence of God today. We're going to go to Matthew 28 and verse 5; then we're going to go down to verse 9 and we'll jump to verse 18. Okay, let's read this together:

5- *And the angel answered and said unto the woman fear not ye for I know that you seek Jesus which was crucified* 6-*he is not here for He is risen as he said come see the place where the Lord lay*

7-*and go quickly and tell his disciples that he has risen from the dead and behold he goeth before you into Galilee there shall ye see him though I have told you*

8-*and they departed quickly from the sepulchre with fear and great joy and did run to bring his disciples word*

9-*and as they went to tell his disciples behold Jesus met them saying all hail and they came and held him by the feet and worshiped him*

Now jumping

18 *and Jesus came and spake unto them saying all power is given unto me in heaven and in earth* 19-*go ye therefore and teach all nations baptizing them in the name of the Father the Son and the Holy Ghost*

20-*teaching them to observe all things whatsoever I have commanded you and lo I am with you always even unto the end of the world. Amen! Amen!*

What a powerful word! Let's go in and focus in a little bit more on this word. Here we go. Now! Remember, this is Easter; it's been three days since Jesus died and was crucified, and it is the day when he rises from the dead. So we know that the disciples, during this three-day period, they were struggling, they were in tribulation, their whole world shattered before their eyes.

The Messiah who they believed in; they followed him for three years!!! Can you imagine the Davidic prophecies of the Messiah who would conquer Jerusalem? He would take over, he would chase out the enemies of Israel, and he would restore peace and justice and righteousness upon the throne!

Now you followed this man for three years, you've seen him do great things, and you believed that he would do what the prophecy said. He would fulfill the messianic prophecy; you believed him as the *Mashiach*, the Messiah, the Anointed One, the Son of God, and Christ who has come. And you go now; you're in a situation where now he's dead. You followed him with all your heart, with all your might; you believed what he said.

You stood with him -not perfectly; none of the disciples stood with him perfectly, amen- but they followed him; they tried their best.

And now he's dead! He's gone! He is dead! No longer can you see him. You have not noticed that anything has changed; the world is still bad, they're still evil in the world. The Messiah was here; there's not world peace. Does this sound familiar, folks?

And for three days, you don't know what to do. In fact now all the commotion has subsided and now you have returned to your hometowns. Peter went back to fishing. After Christ died Peter went fishing; he went back fishing. He said, "I guess it's over, I guess I have to go back to my old profession, and I guess I have to just returned to what I was always doing. There's not going to be anything from now that will happen!"

Understand that context, when the two women come before the tomb and there before them appears an angel, and he says to them, "Fear not!", because in the Bible whenever somebody meets an angel, his face is bright and shining, and people are trembling.

It's not like we've seen in the movies: you meet an angel and there's a holy chorus like "Oh, Oh,!" coming behind you. It is a fearful thing to encounter an angel, so the first thing he says is, "Fear not ye! Don't fear: the man you seek, Jesus, who was crucified, has risen from the dead." This is the time where, for the first time the disciples will encounter Christ, in a different form. They will encounter him resurrected; they will encounter him in a totally different reality.

And this is so important for us to understand, because as we are in that similar situation, and as we are in the situation where Father is no longer here, how do we see, how do we learn, what do we expect when we encounter him?

One of the great things in verse 7 that I highlighted here; it says: "*the angel said to the disciples go quickly and tell your disciples he's risen from the dead, and behold he goeth before you*" That's something we have to know about the Spirit of God! Amen!

He goes before us! This is a very important thing to understand about the Spirit: we think that we are going and ask Him to come; but God goes before us. We studied this in Romans 8 last week, where the scripture says in verse 28 that the Spirit will help you, *will help you!*

That little word that is translated as *help* is the Greek word *sunantilambanomai*. That's a pretty long word, isn't it? And that's translating to the little word *help*, but that word means: *sun* means to stand with, cohabitate with, to be by your side; *anti* means that he will stand against things that will come against you; and *lambanomai* means: he will seize that mountain which is in your life and cast it into the sea.

See, with our own power, we cannot tell a mountain to leave and it will leave. But see, with the help of the Holy Spirit, with the Spirit of God, and with faith as small as the size of a mustard seed, we can say, “move” to this mountain, and it shall be cast into the sea. Amen! We need the help of the Holy Ghost! Who needs the help of the Holy Ghost, of the Spirit of God? Without the Spirit of God we are nothing; we are just flesh and bone walking. No direction, no purpose, no power! We need the Spirit of God!

And look at that: it says, “*he goeth before you*” and as they departed look at the anticipation of the disciples. We have to understand this: the anticipation by which they are, “Oh my God! He's in Galilee; let's go! There's an excitement. Amen!

There is an expectation that, “when we go to Galilee he's going to be there.” There is a tremendous- what does it say? - *Fear and great joy*. The word *fear* is not to be simply scared; the word *fear* means to respect, to have exaltation for, to praise. It is all encompassed in that feeling of coming before God. There is trembling, fear and trembling, but there's also great anticipation and expectation to meet him.

Think about it: all those hopes that you had in him were crushed three days ago; crushed. He didn't fulfill the Davidic prophecies; he didn't fulfill the prophecy of taking Jerusalem; he didn't fulfill chasing out the Romans; he didn't fulfill bringing back the Diaspora and the people of Israel back to Jerusalem; he didn't fulfill that!

Your faith is crashed; in fact, for the last three days you have been doubting whether or not this man was really the Messiah or not. Amen? Does that sound similar?

But there is anticipation when they see and encounter the spirit of the angel, who tells them that, “he goes before you.” Now they're seeking after his Spirit; they are running! Look at that: it says, “*They ran, departed quickly,*” they ran and departed quickly “*from the sepulchre with great fear, great joy and fear*” and they did run; they are running, running, running.

You can imagine them with their flowing robes, you know, how the ancient people of the Middle East, they wear the different robes flowing; you can see them running with those billowing clothes behind them. They are running to see Jesus.

And listen to this: “*and as they went to tell the disciples, behold Jesus met them*” Wow! What does that show us? When we are in anticipation and expectation to encounter the Spirit of God and we start moving, and trying to encourage others to encounter the Spirit, what happens? As we are going, Christ will appear! Amen?

We think that when we get to Galilee- because the angel said, “*Go to Galilee and you're going to see him there,*” - we think when we get to Galilee, he'll be waiting for us. No! We are going in anticipation with joy and trembling, but we are excited, we are on fire, we have a power within us

that is driving us; our spirit is being magnetized to his Spirit. Amen! We're being drawn, we're being sucked in, and we're being pulled by the Spirit.

And as we go, as we start moving, the Holy Ghost comes; he comes at an unexpected time. They expected to see him once they got to a specific location. Just like some people think that if they go to Cheong Pyeong they will see Father; only there -which is ludicrous. Amen?

He comes when we stand and seek, expect and desire his spirit; when we are excited and filled with fear and great joy and expectation. Notice it doesn't say, "judgment." It doesn't say, "Oh God! I have so much expectation for You and if You don't show up I'm going to be disappointed!" How many of us get disappointed when God doesn't show up when we ask, huh? Amen!

Notice that the disciples don't have that disappointment; they don't judge God, they trust Him, they surrender to His timing. They know that if they move, they know that if they just go forth, they may see him. They don't even know it's not even assured; they may see him. And as they move forward with that faith, they encounter Christ! Look at that! They encounter him! They came to him and they held him by the feet.

See, we usually think that just because it's the Spirit of God, that we can't touch him. Amen? Because we're thinking in the natural, we're thinking in the carnal realm, we're thinking in the physical realm. But when the Spirit of God comes, look what it says, " *They came and held him by the feet*" That's more than touching. Amen?

They're holding him by the feet; they're probably hugging him so tight around his ankles- you've probably seen that- they are holding onto him, and he has to almost do running back football legs to get their hands off. They are holding on to his feet.

This is the misunderstanding we have of the Spirit. We think that when a spirit comes we won't be able to sense him; we will not be able to touch him, because we're thinking in the physical. Amen? But that's why we have to ask God to open our spiritual eyes, spiritual ears, spiritual nose, and spiritual mouth. Come and taste and see the goodness of God, right? Taste it, taste the goodness of God!

It is a supernatural taste! Amen? A taste from which if you have, you will never hunger again; you will have eternal life if you eat of this bread! Amen? It is a supernatural sense, and the touch here is a supernatural encounter of touch, a supernatural touch experience! Whoo! Who amongst us wants to have a supernatural touch experience with the Holy Ghost? Whoo! God! God wants to touch us in our life; He wants to come into our life.

But notice they had to step forward in faith, they had to believe, they had to now throw away all their presumptions, and they had to go. Amen?

This is so important for us to understand, when we are now deciding, because I know for a couple of weeks people have been praying. We've been praying, "Father we want to see your Spirit! We want to see you again! We want to have a supernatural sight experience, we want to see you in dreams and visions and encounters; we want to see you face to face! Whoo! We want to hear you, we want to smell your fragrance of Heaven, we want to taste the goodness of God, we want to touch you again; we want to hold onto your feet and worship!"

And God bless the many brothers and sisters around the world who have had the openings of the eyes! Amen? Some people have had openings of the eyes, seeing visions, face-to-face encounters; some people have smelled the fragrance of God. Amen? We have a couple right here, that have smelled the supernatural fragrance; we have others who have touched God, seeing Father come and appear, and hold their hand, walk with them.

God is now opening up supernatural senses for us to perceive Him, because Father had prophesized about this, that there will come a time when we will see the spirit world, we will encounter the spirit world, and we will even command the spirit world. Amen? We will even command the spirit world! And this is what's so important about understanding the Spirit: the Spirit of God has power; it has power!

Let's look at that scripture right there, in 18: *Jesus came to speak unto them saying, "All power" what does it say there? Some power, a fraction of the power? "All power is given unto me in heaven and in earth" All power is given unto him! There is power in the encounter with the Holy Spirit; there's power in encountering the Spirit of God! Amen!*

There is power when we encounter and come into contact face-to-face, visions, dreams, supernatural experiences that bring us into the presence of God; there is power there! And when we come into the presence of God with the holy power of God, what happens? We get the anointing of God! Amen!

What's on him rubs off on us, on our spirit! Amen? They are the spiritual elements which rub off on us that we are able to take in, and that's why we want to seek his presence. He's not located on a hill just in Cheong Pyeong! People have to wake up! The spirit of Father is everywhere; he transcends time and space. He can be with every single one of his children who desires him, who wants him, who wants to stand with him.

*Sunantilambanomai! "All power is given unto me in heaven and earth" and look at this: he says, "Go teach all nations baptizing them in the Father the name of the Father, the Son and the Holy Spirit!" And look at that, right here at the end: "teaching them to observe all things whatsoever I have commanded you and lo I am with you always!"*

See, so many in the world church think Father is dead and the archangels want you to believe Father is dead, and he is no more, and that you may have a little spiritual experience with him, but you cannot have the mighty spiritual experience with God Himself.

No! See, *you* cannot because we are peasants and *they* only can ordain the spiritual experiences you may have! Where do we find that in the word? Where is that folks? Nowhere in the word! In fact to those who expect, who desire, who yearn, who ask, who plea, who beg, and don't judge God's timing, God appears.

And look how He encourages them. He says, "*I am with you always,*" whether you can see me or not, whether I'm standing on a stage or not, whether I'm before you in an event or not, I am with you always. I am present here always, I stand with you always: I am your Father who will not leave you or forsake you!"

This is the power and the glory of God that He is with us till the end of the earth. This is the Last Days; Father said it many times. We don't know when the end of the world will be, but we know that He will be with us till the end of the world; He will be with us till the end of the world, and the end of time.

And this is exactly what the archangels fear. You know why? Because they're interested not only on controlling your souls; they're interested on feeding on your souls, folks! You are their bread that they like to feed on. When the archangels can dominate you and separate you from your relationship with True Father Christ, they are feeding off of you, your spirit; they are feeding off of your life. And they are reducing you to those who will merely follow hierarchies, those who will merely follow big parades and not people who have real relationship with Almighty God and the Spirit of God which can dwell within each one of us, because He said we are the temple of God. Amen!

This is what they fear most, what they fear most! Because they don't want you to have a relationship with your Father; they don't want you to desire and yearn for him, they don't want you to be filled with his spirit, and be filled with his power, and be filled with his anointing! You understand folks? Because if you believe what the archangels tell you, you will simply line up to try to get your little breadcrumbs in the long line that waits before you, instead of realizing that as a son of God, I sit at the table of my Father.

See this is the problem with the worldwide church! All of you have been trained by archangels; you've not been trained by sons of Christ! Amen! You see you expect you have to sit far away and get the bread crumbs, because that's what you've been taught. You expect that when you come to Father you'll never be able to touch him, just like all those people who saw Jesus, and were in the crowd and could never touch him. Amen?

But there were people, not because they were ordained or special, but because they had faith. They wanted to be with him so badly that they ran through the crowd; they had a supernatural anointing on them, which made them push people away. She was a woman of the blood disease of

twelve years; she's weak, she's frail, she's dehydrated, she lacks blood, and yet she can push thousands away to touch Jesus.

That is the type of faith and spirit you must have to encounter your Father, folks! That is the type of spirit! We need to have a stronger spirit than the entire spirit world combined, to desire him, want to be with him, stay with him, commune with him, and he will be there always. See, notice: he's always there, whether we press forward or don't, he's there.

This is why after Father passed, and they began the desecration process, they began the redactions of things Father said never to touch, they began changing the covenants, the traditions, everything, and of course using Mother as the prop, and when that process started, look at how people just followed in line.

Yes, I would say the majority of members in our conscience, if you were in Korea at that time, and you encountered a new ceremony, and all of a sudden everything has changed, everybody in their spirit felt weird. There was a weirdness, "Wait a minute; this doesn't feel like the presence that we had when Father was there! We used to sing the national anthem which he wrote with his blood-drenched hands in Hungnam prison, we used to go to the Word; we used to have fear and great joy in his presence!"

And we all felt it in one way or another; especially if you were close to the center Korea or Japan, we felt it; we felt this was not what we were supposed to do. But because of *all* the leaders that stood before you and said, "Do it! It is the will," everybody just said, "okay, I guess we do!"

See folks? That is the difference; that's the difference between sheep and sons of God! Do you understand? We're not supposed to be sheep! We're supposed to have a relationship with our Father, and we have power in that relationship, we have anointing; we're higher than the archangels. They cannot command you to follow heresy; you command them, you have power over them, you fire them. I already fire them, so you fire them too! They have no spiritual authority because they have collaborated in high treason to desecrate the King! That's simple; that's simple!

And amidst all this we could not speak about these things; we knew these things three years ago. In fact I wrote a letter three years ago; it's even dated on my computer. I'll show you guys at one time; at one point or another I will show it. It outlines the same things that you've heard in the other sermon with the *Save the Queen* sermon. I wrote that two and a half years ago, when Father passed; it's not like I just drew it up now!

Why? Because we had already been in the highest level conversations and meetings to redact and desecrate him and we had already said, "No! We're not going to do that!" And that's why you saw us get precipitously targeted and fired from every single position of authority that Father had invested in us.

Could we say anything at the time? No! Why? Because nobody would believe us! People have a hard time believing us now with tons of evidence, let alone if you had no evidence and saying these things they would think we're nuts. They think we're nuts with evidence now. Amen? They think I'm raving lunatic, and I got a spirit in my house, you know demon possessed because I tell the truth. Demons kind of think you're a demon if you tell the truth!

We knew! Mother had already talked to us about the fact that she was the begotten daughter, and she never learned anything from Father, and she has the real blood lineage, she is the Messiah, and she is God. She told that to us three years ago! We already knew that was coming down the pipeline; we knew all the redactions were coming down the pipeline and that's why when I was sent from all the positions that Father gave in Korea, sent to America, and I knew my time was very slim. I knew I had no time; I knew I already had a bounty on my head.

Because we would work to have the people develop relationship with Father; because the only defense against a desecration, folks, is to wake up people to understand your inheritance. You have an inheritance from God! Stop thinking it comes from pitiful archangels! Your inheritance comes from God Almighty but you have to claim it.

You see the people on the Internet and worldwide, they're watching me step into understanding who I am in Christ, right, not so I can boast about myself but so I can stand strong in Christ, and I can step into the inheritance that my father gave me. Amen! That's like a symbol of your life, folks; you too have to step in with power and expectation into your inheritance given to you by Christ. It is yours; you have to step into it! God gives you the gift but you have to receive it; if you don't receive it and wait, some archangel will come and take it.

It's not that you're greedy to step into your inheritance; it's not that you're selfish to step into your inheritance! You are believing in *God's* view of you, more than you are believing in the *world's* view of you. You are stepping into agreement into what He has placed in you, and not what the world wants you to have. See, that's where you have real power, folks! That's where we have real power!

That's why, when this whole situation happened and we got chased into the wilderness, we couldn't say anything for two and a half years. Think about it: if right after Father passed, we just came out saying, "Oh my God everybody! Mother thinks she's God, and she thinks she is the Messiah, and she thinks she learned nothing from Father," you would all say I'm a raving lunatic. Amen!

You would say, "This man is crazy! When did she ever say that?" right? But now she said it publicly and now you've seen the video, and yet it's hard for you to believe; you see what I mean? Do you see what I mean, folks? How much harder if you had absolutely no evidence! I know you like my bald head but I know you don't like me that much; you want some evidence.

And what's so amazing is that through this ordeal we get to see who truly loves Father, and who doesn't even care; who doesn't even care, "Change whatever you want; I don't care! Just keep on with

my authority and keep on sending that check to me!" We see who truly stands on Father's side and who does not. That is what is so powerful about this time, powerful! And it is a blessing because it is allowing us to separate from the dominion of Satan.

Listen, I love my mother; you all know that! I mean I'm talking to Christian ministers this week; we were on a conference call, and they said, "Why don't you share a little about yourself," and I shared a little bit. I just explained, "Yes, I'm Rev. Moon's boy and he made me his successor but I was chased out."

I love my mother but she has accepted ditheism; she has accepted goddess worship. She is saying that she's God, she's saying that she is the Messiah, she is saying that she learned nothing from Father, and I grieve in my heart that she is saying that! I grieve, grieve, and gnash my teeth, that she is saying that! Do you understand, folks?

It's like you're going through a divorce. Does anybody have divorced parents? That's exactly how I feel! I feel like after Father passed there was a mad rush to divorce him. That's how I feel! That's the pain that I feel with this goddess worship thing, and anybody who loves Father also feels that pain. And we are torn because we love Mother, but we also have to see the truth; we have to see the truth! She is doing what she is not allowed to do, which is what? Make herself God! That is something that an object partner must never do.

The role of the true object partner, the bride to Christ, is to stay as the faithful object partner, to stay faithful, to give him all the glory for how he has loved, raised, nurtured, trained, strengthened, and made you. See, that's not only for Mother, that's also for us, folks; that's also for us, because we too stand in an object partner position to Father, amen? We too stand in that position of object partner, so it's so important for us to be clear about this as well.

But in order to have this all '*smoke and mirrors, don't look; don't look what we're really doing, and pay no attention, pay no attention to this or that*' they would not release the truth. They would not even release the three crowning ceremonies that you all saw, on two different continents Father naming me as his successor; they would not have released those. But people on the inside who have a conscience sent them to us somehow.

They would also not release the authority that Father gave me and bestowed the authority of True Parents within me and within our couple because the Blessing has to be given by a representative of True Parents. Representatives, husband and wife, have to be giving the Blessing! Mother was never authorized to give the Blessing alone; she's not allowed to give it alone. She doesn't stand in one person as Mother and as True Father; she actually has to stand with me doing the Blessing.

But unbeknownst to most of the western church, because they never showed you it and because they deliberately hid it from the record- I'm surprised they didn't delete this -but somehow the Holy Ghost

'who goeth before you' -Whoo! - 'goeth before you' got a hold of this, and started doing some *Sunantilambanomai* and seized what he needed to seize and now we have it in our possession.

These are the Blessing ceremonies that Father ordered me to do; he made me give these Blessings. Did I want to do it? No! To give the Blessing which is *the* sacrament, the responsibility that falls upon one who has to actually stand with the anointing of the authority of True Parents to give the actual Blessing on earth! This is not a small thing, folks, but this is the first time he made me give it in his stead; I had to give it in his stead, and I also had to give it without his presence in the room. Isn't it interesting?

He went to the upper rooms and he said, "You do it!" So this was done in the palace in the bottom level floors, and Father went to the upper level floors. This was the first time that anybody could officiate in the position of True Parents, without Father's presence. Never before did Father allow that. Mother does not have that authority either.

I know it's hard to hear because we think of her as a part of True Parents, but she is the human aspect of True Parents; we've talked about many times. It's not a postmodern feminist interpretation. The Messiah represents ninety-five percent of providence and of the responsibility of providence, and humankind represents five percent, and in True Parents, Father holds ninety-five percent of the responsibility. That's not talking about power only folks; that's talking about all the weight of the world on your back, okay!

So when you hear that, don't be like, "Oh, that's unfair! How come Father gets to have all that ninety-five percent!" It's a burden, folks; it's a big burden! You don't want ninety-five percent of God's responsibility on earth, you don't; trust me; you don't! Amen? It is not something we can handle. That's why the Messiah has to handle it

So this was a ceremony that we had to officiate; this was a second-generation couple. This was a nerve-racking experience. This was the first time Father had made somebody officiate on True Parents' behalf without his presence. Notice: the leaders are there and the members are there, but Father and Mother have already gone upstairs and he made me officiate this.

You can probably tell I'm nervous, and these are the four covenant vows, that have been redacted and changed. What a deceitful deception! To go in and make it sound like Father's words but then change it completely, the covenant! How can you change the covenant given by God to the Israelites? How can you do that? He has a reason for every covenant vow; but they have been redacted and changed.

And if we did not stand up and tell the truth but stay quiet and went along with political correctness and just went along with peer pressure, this would never exist again on earth, folks! You understand how serious that is? All of us would have just gone along with everything.

One of the most striking, striking, aspects of the new covenant bows is that you're praying to a different god! This is that interesting, folks! You're praying to the creator heavenly *parents* - Plural! You are praying to a god and a goddess. You see, that's the fundamental problem with these covenant bows: you're now doing goddess worship. It's snuck in there, and it is the creator heavenly *parents*, heavenly *parents*, plural. Learn Korean and you will see it! It's plural; it's not singular like the church has been trying to tell you, and deceive you. It is plural and it is the creator they're saying.

Father never allowed that; he always said, '*Hananim*', one God, in the position of the Father to creation, to humanity as the object partner. And you are told," no, no, no! They don't mean that! You see this is the big deception, folks! When Father called himself *Cheon-ju cheon-ji cheon-ji-in Cham Bumonim* that means the True Parents of Heaven, Earth and Humankind! So it *does* mean the True Parents of Heaven; but who are the True Parents of Heaven? It's True Parents! That means when they go to the spirit world, they're going to be True Parents, right? You see what I mean?

So True Father is still the True Father in the spirit world; when you go there he's going to be in the spirit, and he's going to be your Father, and you'd better make the right decision so you can come into his presence. Amen?

He'd never say,"the Creator God Heavenly *Parents*," which then makes a huge shift, huge shift, because now it's saying that Genesis is wrong, it's saying the Principle now is wrong, it's saying that singular monotheism doesn't exist. You now have ditheism, and this is why we are under the curse, folks.

Because look at when the people of Israel accepted Baal and Ishtar and goddess worship and Infanticide; guess what? Everything pours in: homosexuality pours in, licentiousness pours in, and adultery pours in. Everything will pour in when you leave God; one God! Everything will pour in!

Because then as soon as you have two gods, you're going to have some True Children in the future pretend that they're god. Then you're going to have a whole family of gods that you have to worship. You understand what the problem is with that, folks? We're becoming Greek mythology, and what happens to Greek pagan mythology? It dies, because it's not true! Amen?

This is an uncomfortable situation: look! Reverend Kwak's right up in the front; he had to watch this. Father knew it; he knew he's sitting out right there. He's making me do it in front of him, "You see there! I'm choosing this son!" Hey there's Kook Jin Hyung, right there; you see him he's over there! So this was the first time Father ordered me to do *the* Blessing, and bestowed upon me the authority of True Parents.

And then in 2008, we also got this video! Praised be the Spirit; the Spirit is so much more brilliant than the deception of the archangels! You archangels are so pitiful! You thought you could hide this! The

Spirit is revealing all these things now, and now the world will see it. What fools, fools! Trying to rewrite history, to fit the heresy; such fools!

This was in 2008, July! This was the international Blessing! This was the international Blessing! The first one was with blessed children in Korea; then Father made me do an international Blessing which *he* was supposed to officiate at.

I was designing the stage! You understand? I was supposed to design the stage! Then Father says, "You give the Blessing!" So this is an international Blessing; again, notice this, again, Father made me do it absent of his presence. He was not sitting in that room; he was in the palace. This was the training center, you know down the big hill,

And he was making a very clear point: I bestow the authority of True Parents and the blessing of eternal life to my successor! Very clear and he was not even in the room, to show everybody that I will have that authority.

And you know, it's not that I'm claiming that, because I want my authority! As I said, I didn't give myself that authority! It's Father who gave me that authority. I'm just coming into agreement, so that I can shape and mold myself to what he sees in me, not what I see or not what the world wants me to be, but what God wants me to be!

And that's why even though it's unpopular, and I get mocked, and I got scorned, it doesn't do anything! Weak, weak, weak, weak! Because, see, folks, once you know your identity in Christ, no weapon formed against you shall prosper. *You are more than a conqueror; you will say to this mountain move and it shall be done!*

You will have that power and authority but you have to step out in faith; you have to step out and stop relying on your blood lineage, and you have to step out and say, "Daddy, I know I have your blood, but I also believe in you and your promises and your anointing on me, and I want to be the best creation that I can be to give you glory!" Then you come into a new dimension of your life! You come into a new supernatural power that you thought you never had!

What's the thing everybody says? "Oh! He used to be such a nice guy! Now he's so angry!" I'm not angry! I'm filled with the Holy Ghost, the power of God, and I'm stepping into my anointing! That's not angry! I'm still a very nice guy! But I make Satan run because I step into what God believes in me; not what Satan believes in me! And that's all of us, folks! That's all of us!

So this was the July event: this was down from the palace and this was the international Blessing! Wow! They were trying to cover these things up, to erase them from history; to pretend that, "No Father never did that! He's just a raving bald lunatic man in the woods in the wilderness shouting out! He was never given that anointing by Father!"

Let me tell you something, folks! This is the first time an international Blessing was ever held without the physical presence of True Parents, and it was the first time ever Father made somebody else do the international Blessing, in the position of True Parents!

Did I want to do it? No! Did I ask to do it? No! Did I crave to do it? No! Father's powerful and healthy, why can't *he* do it? No, but see, God always knows better than us! He always knows! Who would have known that four years later he wouldn't be on this earth, and we would be having this confusion?

These are the four vows, again the covenant of marriage, which blessed families have to take. These of course have been reduced to one, and now centered on a creator heavenly *parents* which is a god and goddess. God! How far can you depart from the Scripture! How far can you depart from Principle!

I mean that is exactly what the people of Israel did when they lost their faith, not when they had faith; they started worshipping goddesses and gods. And I guarantee you, as we continue down this path, you will have more wannabe idolaters trying to pose as God, coming before you saying, "Now I'm God; you must worship me!" Fools!

That is why Satan has taken full dominion over the world church, full dominion; folks. Yes it has! You'd better wake up, folks! You follow this boat, you're going where the boat is going to go, which is straight into the pit of hell with Satan the master; do you understand that? You need to come back to your Father, and the things that he established on this earth, to have as the blessing and promise for all the descendants of CIG, not the descendants of Satan, do you understand that?

If you want to be excluded from Father's presence in spirit world, that is your choice, but don't you ever tell anybody, "nobody warned you!" You have full responsibility on that decision now; you cannot ride your little boat and think everything's going okay, because you're seeing the truth. Whether or not you can accept the truth, whether the truth is too hot for you to handle, whether you want to deny the truth, doesn't matter; you better decide. I pray for you, you make the right decision; because if you don't, you know where you're ending up!

I don't have to send you there; Father doesn't have to send you there. Guess where you will go? Because you rejected his anointing and promise, his gift to humanity, and even though you try to claim, "I'm saved, I have your blood; I am covered. Lord, Lord! I praised you, Lord, Lord!" He said, "Depart from me, and I will cast you into the furnace" That's what it says!

So you have to decide very wisely with the Spirit of God and the Spirit of truth; your eternal life and our eternal life is on the line. If we are under another covenant, under different gods -you understand, folks- our eternal life Covenant is under the dominion of Satan.

I mean, do you understand that; how serious that is? That's not a simple thing! Think long and hard! For anybody who has half a brain and who has any love for the Messiah, I think it's pretty

clear: stay with the things that he left and consecrated; stay with the things that he said will be his canonized texts; stay with the things that he said will remain forever; stay with them! Very simple! We don't have to do rocket science, high level calculus; it's very simple. Stay under his covenant!

I say that with fear and trembling, fearing for your soul, because if you make the wrong decision there, do not blame anybody when you are excluded from your Father's house! You have no one to blame, because you decided to ride that boat, even when you had a conscience, even when you had the Word, even when you had Father directly in the spirit. You decided to ride that ship because it was politically correct, and because your friends were doing it! That is all on your shoulders!

So this was the international Blessing; I was forced to do that too, with the full authority of True Parents. How can you say I don't have the authority to give the Blessing? This was when Father was alive! This was never even done before; you understand? You cannot say I don't have the authority of True Parents to give the blessing! You have no authority to say that! You saw the video which they tried to delete and erase!

And then the third Blessing I had to do, Father made me do it again, and now it was for the True Family. I had to bless my niece, I had to bless my niece, and this was in *Cheon Bok Gung*, this was our main sanctuary in Seoul.

Let's jump to the vow section; but again Father made me do this. Every time, see I know because I was weak in the flesh, I was weak in my natural mind.

But I was like, "Oh my God! Father! Okay I did it last time," and I didn't understand how incredible of an anointing that was. Oh my God! It was the same thing when Father allowed me to write the *whi-il* which is the calligraphy when somebody dies. Traditionally that was only written by Father for people who died and who were close to him, and he would give them a final blessing which would open the door into the spirit world for them and have them with that *whi-il*; it's called *whi-il* or calligraphy; Father would directly write that.

He then transferred that to me; I had to then write *whi-ils* for people who were on that high, high, upper group when they passed; Father made me write them. So it was overwhelming in this time when we were doing these things, and so I wanted to get out of it. It was just so much to handle! I wanted to get out of it; I didn't want to do it.

And this one was - you can see in the middle there- that's in the *Cheon Bok Gung* palace in Seoul and this he made me do in front of an international delegation. So he made me do this blessing in front of the international delegation; all the UPF guests were there as well.

And this of course was the first time ever in the True Family, that any of Father's descendants were matched and blessed, and given the blessing of True Parents not by True Parents. You see what I mean, folks? First time ever! Father always gave the blessing, and here Father ordered us," You

give the blessing!" We will put these up on the Internet for everybody to see, but anyways you get the picture.

One thing I think is so important at this time is the understanding that we have to move with the power of the Spirit and especially as we now prepare for the Blessing, the real Blessing, because guess What? In the last three years Father's real covenant Blessing was erased from this earth and you had an archangelic covenant blessing. I don't care if that makes you feel bad. Take it! Man up and take the truth! I don't care if that makes you feel bad! It is what it is and it is what it is!

Father's covenant Blessing was changed, it's that simple, and when it's changed the covenant is changed; especially if you're praying now to a different ditheist god and goddess. I know the truth hurts but take it! I know it hits you in the gut, and it hits you in the stomach, but you have to take it; it's the truth!

And for three years the people who have been married in the Cheong Pyeong covenant, you're not blessed couples; I hate to tell you that, but you'd better realize that. You're not blessed couples! You have been deceived; yes! Yes you have, so you don't have the full burden of responsibility and blame. But you are not blessed! Do you understand that? You have to be very clear! You don't play around with covenants that God leaves; you do not play around with your eternal life like that!

You have to receive Father's covenant because he was Messiah, you understand? He was Christ, the Son of God, the one fully in the presence of God. You have to receive that; that's when you become a blessed family and receive the blood lineage. You have to come under his covenant and be wed to him as the absolute subject of your life.

I don't care if that makes you feel bad! I don't care if that makes me look insensitive! I'm telling you the truth! You want me to lie and deceive you? Then that's what you get with the archangels. But if you want to hear the truth, and the truth is so obvious because you know the severity and the weight and the importance of the Blessing, you look at your Divine Principle, how that has been the purpose of God's creation to give the Blessing to his descendants, to the sacred marriage and the holy place that we always talk about, man and woman becoming one. You understand how important that covenant is?

You want to play Russian roulette with your spiritual life, you go ahead; but don't you dare blame somebody else. Don't you dare blame anybody else but yourself when you are excluded from your Father's house!!! Don't you dare blame anybody else because the burden is on you! You've been told the truth; you have been told the truth, you simply can't handle the truth.

Wow! Look at that beautiful *Tong IL* mark up there! That has power; that *Tong IL* mark has so much power up there! I don't know if you saw that; it has so much power!

So you can see, this was the actual reality, okay? I don't have computer CIG imagining technology, where I can superimpose myself on these things you understand? I don't have that technology; I can't do that kind of stuff. You understand? These are historical records which they tried to erase, because they're selling you deception. So it's for the people of God to recognize that, and to realize they're being deceived.

And for me, if I was being deceived and I prayed hard, and I thought about it, and I said, "Wait a minute! Even a stupid artist or a painter, we would not even change his art after he passes! How can they change the Messiah's covenant when he passed? We wouldn't even do that to a street painter!"

I mean if you just pray about it, and stop listening to provocateurs who are trying to get paid off of you, and feeding off your soul, while you bow down to the hierarchy, why don't you let God free you, and liberate you? Why don't you let His Spirit come and guide you? Why don't you let the Spirit touch you? Why don't you hold on to His Spirit and His feet, and worship Him? Why don't you exalt Him? Why don't you come into a greater love anointing with Him? Why don't you step into your inheritance that He has prepared for you?

Why don't you be the person that He knows you are, but you don't want to be? Because you know why? You may feel that you're going to offend somebody; you may feel you're going to stand out too much amongst your friends, and make them *feel bad*! Well you know what? Let me tell you something: once you step into your anointing and you discover who you really are, making Satan feel bad is not bad, folks, do you understand?

You are not sinning when you make Satan feel bad! You are not sinning, when under all the chains he has tossed on to you, and he says to you, "Behave like a good doggy and listen to your daddy," you say, "No! I break these chains in the name of the power of the Holy Spirit!" and then you step away and realize who you are in Christ.

Yes, you may make Satan feel bad; you may make liars and deceivers feel bad! Who cares, folks? Wake up and grow up! Make people feel bad if they're trying to take away your God-given destiny and inheritance! Make them feel bad! It's good to make Satan feel bad! His kingdom should feel bad all the time! When the people of God start rising into their anointing and move with the Spirit of God, he'd better feel bad.

So I could show you the whole forty two minute video but I'm going to spare you, okay? So there you can see my niece and her husband; such a cute, such a beautiful couple! This is what grieves me: we have all these cute little couples, so beautiful; I mean they've waited their whole life for the Blessing and then they were deceived! Do you see how ridiculous that is? Do you see how angry that makes me? See, I'm normal when I get angry, when people's eternal life has been swindled; do you understand?

I'm normal! I'm not abnormal! It's people who are abnormal or people who don't want to tell people

what they've been deceived about! That's abnormal!

I mean we got beautiful, beautiful kids, couples; they got blessed, thinking, "Oh my God! I'm getting blessed under True Parents," and you get a false covenant; you get a covenant under ditheism now. You get a covenant that's been totally redacted from God!

And you may think that's a very small thing, but in the spirit world, you understand, that is, the divine mind. You may think being blessed to Father is a small thing, but being blessed to his covenant means you're now in a covenant relationship with him; you are now stepping into a Bridegroom relationship with him; your couple now stands in a bride position to the Bridegroom, to Christ.

You may think that's a small thing, but that's the difference between somebody who is in God's presence and somebody who is cast to the other spirit realms. It is the covenant of marriage that you make with God. Nobody in this whole world would say the person I agreed to marry and if I make a marriage promise to that person, that's not a big thing; that's not a big thing! I can make that with any number of men or women!

No! That's not marriage, folks! Who you promised your life to matters! Who you promised your eternal life to matters! And it matters that you receive the real covenant and it matters that you promised your life and your eternal life to Christ! It matters big time, it matters!

I don't have to say this to try to scare you. The thing that's scaring you when you hear me talk the truth is your spirit because it's convicted! You understand? That's when the Holy Spirit comes in and comes in with truth, that you're hearing, and you're trying to make sense of, and you feel convicted.

And you may want to say I'm trying to make you scared. No, I am not! I'm telling you the truth. I'm telling you, "Who you promised your life to matters". The thing that's making you convicted and scared is the Holy Spirit. I'm not talking to you in this room but to the world church that's watching. Obey the conviction of the Holy Spirit; surrender to Him. You know Father is guiding you.

Okay so that was the Blessing that we had to officiate at; there it is, live-streamed on the Internet. All the archangels are trying to pretend, "No! no, no! He was never given authority to give the Blessing!" Ah really? Is that right? Well we just released it onto the Internet live-streamed. Chew on that archangels; eat your cake; chew on that! You know the truth. Liars and deceivers you know the truth. You are simply trying to maintain your stupid positions and your pitiful authority - which is none, which is none.

*Umma*, do you want to say something on that?

**Yeon Ah Nim:**

Let us give one more, big round of applause for Hyung Jin Nim! Thank you so much.

Today is actually Easter, right? Happy Easter everybody! Happy Easter! You know when I came to America like seventeen or eighteen years ago, I did not know what Easter meant; everybody was saying, "Happy Easter; Happy Easter!" and then I went to a supermarket and there was little bunnies and eggs, colorful eggs. "Oh! Easter must be some kind of a spring celebration day, that America celebrates!" that's actually really what I thought, and how ignorant I was, right?

But when we think about Easter, it is a very significant day too for us, because on Easter day, when Father was 16, he saw Jesus Christ and inherited his mission, right, and moved forward. So Easter is such a significant day for us too, and we know that Easter is a day when Jesus resurrected, right? Jesus was crucified on Passover day, and after three days Jesus was resurrected.

And just like what Pastor Moon was talking about, I have been reflecting on how Peter must have felt right after Jesus was crucified. He must have felt tremendous failure. Jesus had spoken to him, "before the rooster crows three times you will betrayed me three times," and a woman came to him and said, "Oh! I know you were going around with Jesus, right? And he said,"No, no! No! I was not, and he denied Jesus three times; he disowned him three times.

And the Bible said, he went to the corner and he cried. And I'm sure he must have felt that he failed Jesus totally. "This guy I followed three years; this guy was not real!" I'm sure he must have felt that too. He must have felt really sorry to Jesus too, right? "Oh my gosh! I betrayed him"

And then he must have felt sorry for himself too, right?"How am I going to explain this to my friends?" And then he hears this rooster crows three times and he must have felt also,"Jesus knew I was going to deny him three times before that rooster crows three times, and what happened to him? He knew all this, and then why is he there on the cross?"Right? I'm sure he had that thought too.

When I think about what Peter must have felt, I think about us, actually. You know this is the third year of True Father's ascension, right? And it's almost like the whole world church is going through what Peter went through. For three years many of you must have thought, "What happened to Father? Didn't he say he's the Messiah? Didn't he say he's the Second Advent? What happened to him? He passed away and nothing has changed, and in fact there's even more confusion in the church, and more confusion outside. There's war about to break out! What's going on?"

And I'm sure each one of you here must have thought, "Father predicted so many things, and he even knew about that, and how come he didn't know about this?"Right?

We have that in our heart but you know what? We are actually asking the wrong question, I have to say. During the three years of Jesus' ministry every single person asked," This guy, who is he?

Who is Jesus who is flipping the table inside the Temple, and who is this guy healing so many people, and who is this guy? Is he really the Messiah or is he a demon- possessed guy? Who is he?"

And everybody was accusing Jesus of being demon- possessed, and Jesus himself had to say one time, "I'm not demon-possessed, guys!" He even had to say that! Read the Bible; it's there!

So the question we have to ask in the third year of Father's seonghwa, we have to ask this question: is Father really a demon- possessed guy or is he really the Second Advent? That's the question we have to ask, and that's the question we have the pray for, guys.

There's so much confusion, there's so much misunderstanding, there's so much whatever, but in order for us to fulfill the promise that he gave us as Christ, that he will be with us as Comforter, that he will be with us as the Holy Spirit, then in order for that Holy Spirit to be with us, we have to ask the right question, "Father, be with us! You said you're going to be with us as Holy Spirit." We have to pray for him with that heart!

You know it's amazing, as Father's third year of *seonghwa* came, and as Hyung Jin Nim broke the silence, we are receiving so many letters from members. They're saying, "I'm experiencing Father; I'm experiencing Father in dream, I'm experiencing Father. I hear him, I smell him," and Father is knocking on our head and he wants to come into our heart.

Then what do we have to do? We have to receive him. Father is always with us as Holy Spirit, wherever we go, and to the end of the earth he will be with us. Let us glorify his name so that he will be with us as Holy Spirit. Aju!

### **Pastor Hyung Jin Nim:**

Amen! Amen! Ah! Beautiful! Let's finish with *Cheon Seong Gyeong* real quick. Let's read together: *What is the blessing? It is becoming one with God. If you become one with God, you will gain everything. You will receive everything God has, everything the subject has.*

Folks, as we now pray for people who are going to get blessed, let's wish this great anointing upon them, that they come into the covenant with God, and they receive all of the great things that God has for them. Amen!

Let's give God some praise everybody! Let's all rise real quick, and let's pray. I'd like to ask everybody to come down, and we want to pray for those people who are preparing for the blessing. Come on down, everybody, come down, and let's hold hands in prayer; we can stand together in anointing while this anointing is still fresh on us right now, the Spirit of God now coming in our presence,

**Let us pray:**

“Heavenly Father, we thank You today, we thank You Lord that You speak to us with truth. We are just instruments of Your word, Father, and we pray that You would speak clearly and speak truthfully, Father, that You don't have to consider people's feelings, You don't have to consider whether people like it or not.

Father, we thank You, that You are speaking the truth and the word, because Father, once we hear the truth our natural conscience and spirit knows it's true, and we know and we are attracted to You even more; we are more magnetized to want and desire You, Father, to have the Spirit and your Holy Spirit pour upon us, anointing us like oil, from the head of our crown down to the tips of our feet.

Father, we ask Your anointing right now upon these people as the anointing right now is fresh and as Your Spirit is heavy in this place. Father we pray that Your spirit would anoint each and every one of your children right here, that You will start opening up eyes, spiritual eyes, that You would allow dreams, visions, and face-to-face encounters, from this moment; Father that You would open up the sense of supernatural smell, so we can smell the presence of God, and the aroma of Heaven in our midst; Father, that You would open up our ears, so that we would hear You, we would hear Your voice as a thundering booming voice, or even as a small still small voice in our stomach.

Father, we pray that You would unlock our taste, so we could taste and see how good the goodness of You is, how good You are; how You nourish us with Your word as the bread of life, and Father that we would open up our spiritual reality, so that we could hold fast to You, we could touch You and we could be nourished by being in Your spiritual presence.

Father, allow that experiential new realm to open in our lives now, as we step forward into our inheritance, standing forth with confidence in who we are in You, because when we are in You, Father, the world of Satan will tremble, and we will be *more than conquerors*; we will find the victory and it will not even be for our glory it will be for Yours alone.

We thank You so much; give You all the glory, honor and praise. We pray this reporting as our central blessed families, and in Your precious name, we pray. Amen! Aju! ”

Let's give God some praise everybody! Hug your neighbor; welcome them, bless them, bless them! Tell them, “ Step into your anointing now!”

Amen! Amen!
