### Standing in the Lord

April 19, 2015

We want to stay strong in the Lord!

Let's go to Ephesians 6, and let's read this together; verses 10 through 13. Let's read together:  
 10- *Finally my brethren be strong in the Lord and in the power of his might. 11-Put on the whole armor of God that you may be able to stand against the wiles of the devil. 12 For we wrestle not against flesh and blood, but against principalities against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places. 13- Wherefore take unto you the whole armor of God that you may be able to withstand in the evil day, and having done all, to stand.*

Amen! Wow! What a Word! What a Word! Amen! How many know it's time to stand up for God? Amen? It's so important.

Let's look at this a little closer; let's go in. You know, as we are walking with the whole world church, and as the illegitimate hierarchy is crumbling, they are of course trying to frame this whole situation again, "Oh! Hyung Jin Nim he hates his mommy! Oh! He's such an un-filial child, maliciously attacking and slandering his mommy; he is trying to bring division to the church, he is trying to separate the church, and we grieve and we repent. We are so sorry this is happening!"

It is an unprincipled thing that the blessing that Father gave is going to be back on earth! According to the hierarchy it's unprincipled! Unfortunately the hierarchy cannot use the word *unprincipled*, because they took out the Principle. In their constitution, if you are aware of that, there is no mention of the Principle or the Bible, as one of the sacred texts of Cheon IL Guk. So how can you say I am unprincipled when you got rid of the Principle? Foolish, foolish, so foolish, so foolish!

Because there is now more and more people of God who are not going to cower and in fear before positions and power, and they are standing in righteousness and in unity and love, "Oh! Why so much division and anger! Oh! Why don't we just love each other and unite! Oh! Can we just support each other and unite in desecrating Father and erasing him? Can't we please just unite, and love each other while we desecrate Father? What foolish, foolish, foolish words of the devil!

You can unite around evil, you can become one around desecrating God, and you can become one in erasing Father. That doesn't make it good! We have to be one in Christ! Unity in Christ that is what makes us one. It's the orbit that we circle around which makes us one; not a fake, false, staged, counterfeit type of unity that we just go up and take pictures together and say, "Whoo! We made peace on earth, *kumbaya!*"

Real unity comes when we stand together in Christ! Without Christ there's no unity; without Christ there's no potential to have peace, because peace is not a goal, peace is not a process, peace is a person, and the person of Christ. When we have him on the inside of us we have peace. Amen! We have righteousness, we have goodness; when we have Christ we have unity, we are one, one body, one brethren of one accord with one spirit. Amen!

This is of course what is so unbelievable! How can you say people who are pursuing Father are unprincipled, when the false constitution of CIG does not even include the Principle as the holy text? I mean that is unbelievable, folks! That is mind-boggling! I mean I got no hair but the hair that I don't have want to jump out; that's how unbelievable it is! You understand? I mean it's crazy, it's insane!

Okay, so let's get into this a little closer, because at this time we have no future; there is no future and no hope without Christ. The Bible says it very clearly; you have a future and a hope in Christ! It is not anywhere else! We don't have it seeking worldly pleasures, worldly desires; things of this world.

In Christ is where true and everlasting peace comes, and that is why the whole world church now is waking up from this spell and this incantation of Satan, that is over them, that makes them blindly not even look at the Principle, look at the Bible, look at their own faith.

But I thank God that the day has come, that now throughout the world more and more people are waking up from this spell and this incantation, and are becoming aware that God is real, Father is real, his spirit is real, and we can be with him, we can exist with him, we can experience him.

I want to give thanks to all the brothers and sisters in Chili, who also stood up strong. They voted for their own national leader there; they got persecuted, they got excommunicated. Also Moldova: brothers and sisters in Moldova went to vote for their own president; they were also excommunicated from the "Family Church!" Excommunicated! And then also in Korea and Japan now churches are springing up everywhere. We have Mr. Lee, the Korean president here from Korea with us for the Blessing.

Now, churches and ministries are starting to spring up everywhere; people are starting to wake up. We get mails every single day from people who are saying, "I'm starting to see this! I'm starting to wake up! My God! Nobody explained what was going on; I had no idea!" Every day the archangels try to squeeze the people of God harder and harder, try to exploit them, and enslave them, particularly the Japanese brothers and sisters.

More and more people will be freed from this spell of the devil that is over them, and they will be able to come into a real relationship with their Father, come back into the arms and the glory of his presence, to feel the mighty working power of God in their life and see His miraculous supernatural power flood their life. Whoo! Get ready for a supernatural attack of God! These are the days we're living in, folks! Unbelievable!

It's amazing! But let's look at this, let's look at it closely. I want to look at some of these words; it is important. Because it's interesting, as we run towards the root of the Principle, the root of revelation... remember Father only had the Bible. That's all he had! He only had the Bible. He said, "If you saw my Bible, it was so worn that you would cry; you would weep, because Father scoured that Scripture. He knew it; he was a master of it from page one to the end of the book. He totally digested it, and from that comes the revelation of the Principle.

And it's interesting, because as we, the people of God, now worldwide start understanding that we have to go and understand and take ownership of that route as well, and as we run to the Scripture, the hierarchy is running away from the Scripture. You know why? Because you cannot explain idolatry and pagan goddess worship with the Bible! You cannot! In fact if you try to do it, you will see very quickly what happens when peoples try to pursue godhood, idolatry, goddess worship, Baal and Ishtar. You will see what happens to them very clearly in the Bible.

You have to push it out of the way, you have to say it's not necessary in order for you to propose and pursue a theology of self worship. It's not possible to do that with the Bible, because the Scripture speaks so clearly on the danger and the fall of self-worship- amen- the idolatry of the self.

So let's look at this. I want to go in close, and I want to look at some of the nuanced meanings in the Greek, because it is the original language in which the New Testament was written. So when we look at the Greek, we can also see some of the nuances that will give us insight, insight into what these things actually mean.

Let's look at the first one. I want to look at this. We're not going to get through all these today, no way; but let's go through '*strong*' today. The word *strong* is *endunamoo* and it's interesting

because it says, "*be strong in the Lord*". The Scripture says "*be strong in the Lord!*" Now when we hear that, we may hear just one meaning that comes across to us in English.

But let's look at the Greek one more time:

*Endunamoo*: Be strong in the Lord. Look at this: be empowered in the Lord, be enabled in the Lord; be increased in the Lord. Do you see how much nuance there is here? Be empowered, being enabled, be increased in the Lord, be strengthened in the Lord, be made strong.

Look at this: *endunamoo*, endure with strength. So, *being strong in the Lord* has the nuance of enduring persecution, enduring mockery, enduring Satan's attack. *Being strong in the Lord*, being empowered in the Lord, enabled, increased in, strengthened; be made strong. This happens only in the Lord, in Christ!

When we have the Spirit of Father, Spirit of God in us, then we have power; we are becoming empowered by the Spirit. Amen? We're becoming enabled by the Spirit, we're becoming increased by the spirit, and we're becoming strengthened, made strong.

And we talked about how it's so important that as we feel, and we are led by the Spirit, we don't let our emotions take control. So we go to the word quickly. When we have a spiritual experience, and Father appears to us, opens up the five senses, the spiritual senses, what do we do? We go to the Word, folks, right? Because the rock of our foundation is the Word, so we go to the Word, and we confirm that move of the Spirit with the Word of God. Amen!

So, we go to the Old and New Testament, we go to the Principle, we go to Cheon Seong Gyeong, the Completed Testament. We go to those things to confirm what God has told us, how He has touched us, how He has opened up a sense in us, and we go in spirit and in truth. We cannot just have spirit, right. If we just have spirit, we can become crazy; some people get crazy, mad in the spirit. That's not a bad thing, but it is rooted in the Word. Amen! It's rooted in a living Word, a living relationship with confirmation that is coming through the Word, with the moving of the Spirit. Amen! That's so important! Without that we're going to - Whoo! -fly off the orbit into deep space.

Look at this: endure with strength, receive strength, be strengthened, increased in strength, be bold, even headstrong against Satan. Be bold and headstrong! You want to see my iron head striking, *pshooh!* Be bold, be headstrong, right?

Let's look at the next one:

'*And in the power of his might*', '*Be strong in the Lord, and in the power of his might*,' this is not the normal power, *dunamis*, but this is a different power.

Let's look at that:

This is the word *kraatos* and this means really a force. *Be strong in the power of his might*, the force of his might, the force. Look at the bottom word! What does that say? The *dominion*! I think when we hear that, we understand what that means now: the power of His might is to be under His dominion. Amen! To be in the power of His might is to be in the dominion of His might, which means that we're not under the dominion of Satan, but we are under the dominion of God.

I'm sorry to say, relativists, all paths lead to the same God? No! They don't! Worshiping Lucifer and worshiping Jesus Christ will get you to two different places. They're not the same! Relativism only leads to destruction; that's where it leads to. It only leads to moral breakdown, and that is the fundamental philosophy that is pushed in this society today. But our power does not come from relativism; our power comes from the true and living God, the Most High, the most holy, Holy Spirit.

You see, there are different philosophies that can lead you to spiritual power; yes, there are! They can lead you to spiritual awakenings and powers, yes! But these spirits want you to confide in them, and they will give you power, but you will have to worship them, or yourself. And either way is a path to destruction; either way is a quick path to desolation.

See, the Holy Spirit is the most holy spirit in creation, in the universe. It's the Spirit of God; it's the Spirit of Christ. Amen! There's no spirit that can give you and bestow upon you power that is greater than the Holy Spirit, than the Spirit of God. Amen! That is what we need; we need at this time the Spirit of God more than anything else, because that's where we will get this *kraatos*, we will come under the dominion of the moving of God, of His providence, of His might.

Let's look at the next one:

11-'*Put on the whole armor of God.*'

This is interesting because in Ephesians, Paul says, "*Put on the whole armor*," and then he goes on to discuss it a couple of verses down. We're not going to get there today, that's a whole study on the different types of weapons that we are given to battle in the spiritual world.

We have to know now that Father is opening our spiritual senses, and that we are interacting with the spirit world; we also have to realize that we need our weapons in the spirit world as well. Amen! The spirit world does not comprise only of angels floating around; there are also evil forces in the spirit - we're going to go into that on a different day.

But let's look at this: "*put on the whole armor of God.*" The word for armor is *panoplia*. *The whole armor of God!* I don't know if you can see this, but it says:

“A properly and complete set of defensive and offensive armor weapons, everything needed to wage successful warfare. Figuratively: the full resources the Lord gives to the believers so they can successfully wage spiritual warfare.”

In this way they do not fight for victory, but they fight from the victory. Amen! Big difference! We don't fight with our own power, or our might. These are weapons that God gives us. Amen! So we fight not for the victory, but we fight from the victory of Christ, from the victory that sacrificed, the blood. That's where we fight from, a place that Satan cannot touch, and that's why the victory is already over. When we stand on that foundation, amen, the victory is over!

So we want to *put on the whole armor of God*. Look at that, it said the full resources that God gives the believer, the full resources. God does not give us half the resources to defeat Satan, amen? When we are in a situation of persecution we may feel like we don't have enough resources. Amen! But when we have *the full armor of God*, God bestows upon us both offensive and defensive resources for us to be victorious, not for the victory but from the victory. Amen!

This is so important for us to understand, because so many people are coming back to the Word, are coming back to Father, are realizing that we cannot go down a path of ditheism. I mean we love Mother, that's why we have to intervene, because the path of her trying to become God will lead to destruction. It will not only lead to the destruction of the church, but her own eternal life is in jeopardy, and if we really love her, we have to try to save her from this path.

Because every path, every example, whether it be Athaliah, whether it be Jezebel, whether it be Jeroboam; whatever king or princess or prince or queen, tries to be God, they will be destroyed. God's hedge of protection is removed, and they are humbled.

So of course it's a time when we grieve over the situation, but it's a time when we have to be bold and be strong, and we have to stand in righteousness in Christ, and try to save her, because we love her. Amen! In the end it's because of love. We don't try to save people so they can bow to us; we try to save them, so they can live with their Father forever in the Kingdom of God! That's why we try to save them!

Of course we can't do it; the victory is already won in the victory of the Lord. So of course, we're not saving them, we're being the instrument of God's hand to save them, amen? But we have to remember that He gives us the resources.

Father's now pouring out our spiritual weaponry, and as we become more aware of the nuances of the spirit world and start to arm ourselves *with the armor of God*, we will see a powerful difference, you will see a powerful difference in your spirit life, you will see a transformation in how you deal with the spirit world; because we have to be under the *kraatos*, the power and dominion of God, when we operate in the spirit world. Amen!

Let's look at the next one:

'*That ye may put on the whole armor of God, that you may be able to stand against the wiles*' - Look at this word '*methodeia*', the method, the purposes, the plans of the devil and this word *methodeia*, of course is pretty self-explanatory, it is like a method; Satan has methods of capturing us. See, in the spirit world there are methods by which evil works, so it's important when we now are being open to the spirit world, God is opening our senses, that we understand the methods of Satan. Amen!

Because yes, we can be open to the Holy Spirit that can guide us, but that's why we always want to confirm our experience with the Word of God, confirm it always with the Word of God, because our emotions can trick us, a devil can come in and try to fool us, that we receive something else. Amen!

So, it's important to root ourselves in the Word, when we're operating in the spirit world, and it's more important to understand that there are devils, there are demonic forces in this unseen world. This is reality.

This is interesting, because the word 'devil' is a compound word that is called '*diabolos*'. You may have it in Spanish, right? '*Diablo*' is devil; other romance languages may have something similar to that, but this comes from the ancient Greek '*diabolos*'.

And it's interesting what actually the nuance of the devil is; there's a nuance to the devil. The word *dia* means 'of' or 'by means of,' and *bolos* can mean 'to strike repeatedly' to 'attack repeatedly.' We all know that the devil does that, right? The devil attacks us or strikes us by means of repeated attacks, repeated strongholds, right, which in Greek are words for 'fortresses' that are built up inside the spirit of the believer and the person. Amen!

But it also means -this is interesting- it also means 'casting nets,' fishing nets. Who knew that the devil was also a fisherman! We were told to be fishers of men, but who knows, there's also another fisherman out there. The devil is also a fisherman! Isn't that an interesting nuance? The devil tries to fish for us, the devil tries to hook us, but more specifically this is fishing by casting nets; this is a type of more efficient fishing, right? So, you're not only catching one fish on a hook, you get the whole bunch.

Look at what is happening in the world church now! Look at this net of deception that is cast over the people of God! Notice this: when the net hits the water, guess what? It disappears! The fish cannot see the net, they cannot see the net!

When the net that is cast by the devil hits the water, from the environment where we're at, we cannot see the net; that's why it's almost like a spell that's over people in the church, right? It's like a spell! People are spellbound by this type of relativism or this type of goddess worship or whatever it is; they're spellbound, and they cannot see that they are caught. Isn't that interesting?

The nets: there are different types of nets. There are sinker nets which have sinkers on the edges of the net, which a sailor will throw over. But notice that when you want to catch a school of fish you have to see the fish. Did you get that? You have to see the fish! If you see the school of fish, you can cast the net, and then the sinkers will hit; it will grapple around them and you can drag them in. Amen!

So this is an important spiritual wisdom that we can see from the Scripture: Satan has to be able to see you to be able to capture you. Amen! He's got to be able to see you before he can catch you. If we get in the habit of swimming deeply, swimming deeply in the Word of God, if we get in the habit of swimming deeply, the *diabolos* cannot see you; the *diabolos* cannot cast his net on you, if you swim deep in the Word, swim deep in faith. Amen! These are the nuances of the spirit world.

*Diabolos*; it's interesting because the greatest type of net that he will catch people with, that he will hunt... remember fishermen are also hunters, they're hunting fish, and the Scripture says very clearly that the devil is like a lion who is out to kill, to maim you, and to destroy you.

There is this power in the spirit world when we start seeing the experience of the spirit world and the Holy Spirit, Father opening that world to us; but we have to stand in the *kraatos*, the power, the dominion of God. We must not be covered with fear. Amen! We have to know that the whole *panoplia*, the whole armor, the whole resources are given to us to be victorious in the spirit world. It is very common, as our spiritual senses open, that we become scared and we start fearing what will happen, "What if I get possessed?" Amen!

But who will you believe? Will you believe your mind, which Satan can try to tempt, or will you believe the Word of God that says, "you are given the *panoplia*, the full armor and resources of God, to be victorious from the victory," amen! Who will you believe? I believe the Word! I believe that I am armed and equipped, and have the full resources to be in the spirit realm, and to be in the supernatural realm of God! We have to have that, folks! We have to know that we have those resources available to us.

Look at that net that he casts! This is the biggest; this is the most used net in all of history. The *diabolos* will use this net the most. It is the net of idolatry, "you are also God! Come on! Believe in yourself, love yourself!" The greatest love of all is loving yourself! Wasn't that a song? Love yourself! If you do that, you will be having the greatest love.

Well, you know the Scripture said, "The greatest love is he who lays down his life for another," not "loving myself." You see, that's quite a different thing! You walk down that path, you're walking straight into the loving arms of *diabalos*; he got you on his hook, cast, net, sinkers, all around you, saying, "Come here baby! The roast is on!"

We have to be smarter than *diabolos*, folks! We have the spiritual armor of God. Amen! The net of idolatry and self-worship is the primary net; it's the first Commandment. That's why God said, "Do not have any other God before me," because it is so easy to get people hooked on the drug of *me*. Amen! It's so easy to get people on that heroin, so easy!

And once you're hooked you think, "I'm so spiritually enlightened, now! I have all the super knowledge; now I'm a peacemaker because I love and worship myself, I'm greater than anything in the world and I am a god and goddess!" Total deception and delusion, narcissism, and self-idolatry! This is the net; it is the cast sinker net. All the sins come from this one.

That is why at this time, we are seeing this happen; we're seeing the archangels surround Mother with *this net*, with this net, right? They're casting this net over her; "You are God!"

Now in Korea right now, right now, they're giving lectures around the churches in Korea saying that Mother is a living goddess, you understand? That she is the messiah, the only-begotten daughter, that she is a living goddess.

This is *the* net by which they caught Eve in the beginning. Satan told her, "No! You won't die if you eat that fruit; you won't die! Your eyes will be open and you will be as God!" "You will be God!" This is *the* net that so many people fall right into, folks, and this is what's happening to us right now in the church. But guess what? When we're in a net, there are ways to get out of that net as well. Amen! There is a way to get out of that net!

If you have somebody who loves you, and sees you in that net, they can come by, and cut you out of that net before you drown. Amen! They can cut you out of that net, but you have to be able to receive them. If you keep on trying to spear them, as they're trying to cut you out of the net, and think that they're trying to cut you, while they're trying to cut you out of the net, you're going to push them away, right? That's one way that we can cut out of Satan's nets

over us, where he casts in our mind or in our spirit strongholds, fortresses that pull and build up in us, that are hard to destroy.

Another, of course the most powerful way, is what Paul talks about in Ephesians 6 when we go down. He talks about the full armor, and he talks about the sword of the Spirit which is the Word of God. See, if you're in a situation where you are alone in deep waters or shallow waters, and you are caught, by the power of the Word and the Holy Spirit you can get out of Satan's net.

Somebody can come help you, but if you have conviction and you believe the Word of God, and you stand upon that foundation, and you declare it over Satan, the sword of the Spirit will emerge from that book. You understand? Amen!

It's like when the boys play these games, on the computer and the Internet, and they got this thing open, and these swords (whooshing sounds); it's like when you open the Word, you got the spiritual sword come out and it can cut through those nets. But you have to go to the Word! If you don't, if you're running from the Word, you're running the wrong way. You're not going to get a sword; the devil has a sword on you while you're in the net. Amen!

So, it's so important that we understand the nature of spiritual warfare and the nature by which the devil attacks us and tries to control us. He is *diabolos*, he is by means of continual striking, and he is by means of casting nets. That is his nature; that is how he preys, and hunts us. Amen!

The spirit world and the mighty works of the Holy Spirit are now moving throughout the world. Wow! We're getting so many incredible testimonies from around the world! People having face-to-face encounters, dreams, visions, face-to-face presence with God, being led back to the Word, being led back to the Scripture, being led back to Father; incredible testimonies from Korea, Japan, London!

We've got to also pray for brothers and sisters in some of the churches in London, who are standing strong in Father's word; we've got to pray for them too. In Spain as well! There are ten families, and every single one of these families that are standing up for Father, are being excommunicated. That is pitiful! That's pitiful! But it shows the nature of *diabolos*; it shows the nature!

Umma, you want to see something on that!

**Yeon Ah Nim:**

Let us give a big round of applause to my husband. Thank you Pastor Moon! That was kind of abrupt but thank you so much; thank you so much for a nice introduction. We have to work on our introduction to be a little bit smoother, as you can see.

If you have a Christian background, I'm sure from a very young age, you probably memorized what the Ten Commandments are. #1, #2, and # 3 all the way to #10, right? The first one is of course, "*do not worship any other God but Me!*" and second one is, "*do not make for yourself any idol,*" right?

From a very young age, I of course, was told to memorize those things. My Sunday school teacher trained us well, trained me well. But I did not know the weight of the first two of the Ten Commandments, and why is that? As I study the Bible more and more, I realize the weight of those first two Commandments as the base of everything about the Bible. That's what I really deeply understand nowadays.

When we see the location of Israel, a very small country as you know, and Israel of course believes in one God, one Jehovah, and one Heavenly Father, and it is located in the middle of the gods' and goddesses' culture. Think about it: Egyptian culture, gods' and goddesses' culture; Mesopotamian culture, gods' and goddesses' culture; Babylon, Assyria, Persia, those are all of the gods' and goddesses' cultures; and the Greek and Roman cultures, they're all worshiping gods and goddesses; and India is not too far away from Israel.

So this Bible is the battle between one God, our Heavenly Father, and the multi gods' and goddesses' cultures. There's a battle continuously going on, and we read how God has won the victory over this gods' and goddesses' culture, this multi gods' culture, you see?

I believe that we are still going through that battle! Think about it! We are in this secular culture; we have a secular pop culture promoting American Idol and Korean pop star, or whatever pop star there is. Young people worship them as gods and goddesses; I saw some documentary about it. They place candles in front of those idol pictures, and they actually commit suicide to show their devotion to this idol; it has become like god worship.

We are living in such ideology as relativism: you can become god, you can reach nirvana; you can reach enlightenment without God! There are so many mixed up ideas: love is love; you should not discriminate anybody! See how mixed up, how confused you can be?

That's why this week as I studied the Bible, I actually felt the Bible, and I talked to the Bible, and said, "Thank you so much God! Thank you so much God for giving me clarity in the midst of so much confusion, believing you yourself are god and goddess. If there was no standard, if there was no Bible, then how could I know what God wants me to do? I'm a

creation, I'm not the Creator. How can I do what the Creator wants me to do!" and I was so grateful to the Bible.

I was really talking to God, and I was thanking God. "You know I'm a confined being, I have a physical body, and I have a very dense head; how can You let me know who God is without the Bible? How can I know if I am starting to do gods' and goddesses' worship, and believing in heavenly father, and heavenly mother, what kind of things will happen?" And it is all written in the Bible. I felt this overflowing love towards the Bible!

And of course, most specially and most importantly, the Bible brought Christ to us, our Christ into our life. On the foundation of the Bible, Father came to teach us the Divine Principle. How grateful I was to see the Bible! I was almost happy to read the Bible alone, but I know that the Holy Spirit was there, the Holy Spirit was there.

So you know what? When *diabolos*, when Satan cast his net, go back to the Word; go back to the Word! And love the Word, love the Word and testify to the Word, and testify to Christ, and you know what? I think God will talk to you, and Father will talk to you. Invite Him into your life, and praise Him, worship Him, and every praise be to our God! Amen and Aju!

### **Pastor Hyung Jin Nim:**

Wow! Praise God! Whoo! My Lord! What a word! What a word! You know what she said, I think it's so powerful, because if the church continues on this way and we have goddess worship, I guarantee you, I guarantee, it will become polytheism. You will have True Children saying, "we are also God; next generation, you worship us now!"

That's why Christ is only one, is only one, and every object orbits around the center. Amen! Every single object! None is Christ other than Christ, and we orbit around him, and that is where we find our life balance, that is where we find our purpose on this earth, and that is where we complete God's will. Amen!

Let's finish with **Cheon Seong Gyeong** 188. Let's read this together:

*"I have not followed my path in life in order to find tranquility- look at that! Father is saying, 'I have not followed my life to just find peace.' What did he say? - but have been fighting until now in order to complete the mission connected with God's will!"*

Folks, this is it right here! We are not fighting for inner peace and inner tranquility, and light a candle and incense and yoga time. We are fighting to walk and complete the mission of God's will! Amen!

That's why we have power; because *He who is in with me, is greater than he, who is in the world*. We have to know that He who is inside of us is so much more powerful than the false idolatry and nets that the *diabolos* will cast on us. Just hold on to the True Fisherman! Amen! Hold on to Him, and we will be freed from the nests.

I want to ask everybody to come down, who wants to come in agreement prayer. We want to pray especially for the Moldavian church; they are being persecuted. We want to pray for the church in Spain; they are also being persecuted. We want to pray also for some churches in London, who are standing up; they are being persecuted. We want to also pray for Chile, the Chilean church; they've been excommunicated! I mean we want to pray for the Chilean church and the other brothers and sisters that are down there suffering because they're standing for God.

But guess what, folks? See, the wiles of the devil are so weak, because you know what's so sharp? You know what's so sharp? The Word of God pierces to the bone marrow like a two-edged sword; it is so sharp that when we just start holding that sword, that net will be cut. Amen!

**Let's pray** for them right now, let's come into agreement right now for those churches:

Father, we thank You so much for this incredible move of the Spirit, that you are pouring out worldwide! Father, people are waking up; people are breaking out of the spell which the devils have placed over them, the spell of slavery, the spells of obedience, to become fraudulent and to exploit members in Japan. Members are starting to be freed from these spells.

Father, we thank You that You are opening our eyes. You're opening our spiritual senses now, but Father, we know that as the Spirit is pouring out, and the truth of the Word is being brought into the light, and allowing to chase away darkness, darkness is fighting back. It doesn't want to be pushed into the corners. Darkness, the rulers, principalities, powers, rulers of the darkness of this world, spiritual wickedness in high places are pushing on the people of God.

They are trying to intimidate the Spanish brothers and sisters right now; they are trying to put fear into the Chilean church right now; they are trying to put fear into the Moldavian brothers sisters and children that are there; they're trying to put fear into the British families that are seeing the direct encounters to Father in their life.

They are trying to put fear in the Korean brother sisters right now, that are starting to gather all around Seoul, singing *The Blessing of Glory*. They are persecuting the Japanese members; if one

member is found out to be singing *The Blessing of Glory*, meeting together with those who are believing in You, they are excommunicated the next day.

Father, we are standing in the midst of this type of wickedness and evil, for a move to have totalitarian control over the freed people of God, who have true liberty, which is in You. We have You Father, so we have true peace; we have You, so we have true unity; we have You, so we have true liberty.

And the devil does not want us to be free; he wants to cast his net over us, confine us, exploit us, and make us his slaves. But I say, "No! No!" Because the Word of God is the word of truth, and it says that, "*I am a son and daughter of God.*" It says, "*I am made true in Him,*" it says that, "*greater is He who is within me than who is in the world,*" it says that, "*I can do all things through Christ who strengthens me;*" it says that, "*I have the whole armor of God to fight these battles.*"

Father, we thank You right now, that You are empowering real leaders, who receive nothing from the worldly desires of men, but who pursue Your joy, who pursue vigorously to bring You joy, pursue vigorously Your will. I thank You God, right now that there are leaders standing up around the world, right now in other countries; they are somewhere underground, but they are rising like a mighty giant, that are the believers in Christ, and those who have been redeemed and saved by his blood and the spilled blood and sacrifice that he paid for us.

Father, we pray right now that You would strengthen those leaders in Nepal that are rising, in the Philippines that are rising, in Thailand that are rising. Father, we thank You for each and every single one of them that are standing strong, and Father, when they fall weak, and when they feel like they're being beaten and devoured by Satan, we ask that this agreement right now, would put a hedge of protection around them.

We command the spirit world now, to go and put hedges of protection around those people, to come under the *kraatos* dominion of the might of God, and be protected from the attacks of Satan, so that God's glory can be shown and salvation be done.

We thank You Lord, for this day, and all that You are doing in our lives and the world church. We thank You, and we know the day of victory is already come, because *we fight not for victory, we fight from the victory.*

We thank You, and give You all the praise, glory and honor.

In our central blessed families' names, we report this, and we pray this in Your precious name.  
Amen and Aju!

Let's give God some praise everybody! Hug your neighbor, hug your neighbor! Tell them, "You are a blessing! Be a blessing, and be strong, be strong!"
