

The era of women

Hyung Jin Moon
April 26, 2015
The only Hope (2)

Remember the OSDP, the Original Substance of the Divine Principle, which the Father had ordered everyone to study before he died? Do you remember him? At the heart of the OSDP is the teaching that the Mother is reborn through Adam, because the Father has the Chonja, the seed of God. He bears the lineage and family of God, like the Bridegroom. And, through him, the Mother - his sin, his generations of original sin - are recreated. Through him, she is reborn pure and without sin. Not the opposite, what they are trying to teach now, that she was born of three generations of devoted Christian families and so original sin was eradicated. This means that every Italian family does not have original sin, it means that every Spanish family does not have original sin. You know, they have more than three generations of Christians behind them. No, not this kind of madness. She must stand in her original position of a "delusion of love", not a "delusion of power". A "delirium of love". It's all about love.

What's that song? [Hyung Jin Moon starts singing] "People get ready, there is a train coming"... It's a love train coming. "Just get on board".

It is very important that the bride of Christ does not try to monopolize the love of God. It is very important that the women of the church understand this. You don't have to try to monopolize the love of the Father. This is the problem that is happening right now.

The Mother believes that the Father is hers alone. That she has to protect him, that she saved him from the 6 Marys, or that she saved him from who knows what physical weakness of the flesh.

Let me tell you something! The Father's mind and body were completely united! You can't talk for 23 and a half hours without going to the bathroom or taking a sip of water if you don't like the things you're talking to. Who was Father speaking to in Yeosu when he spoke for 23 and a half hours? He spoke to all the Japanese sisters who had come there and, as a bridegroom, he loves every single bride of Christ. He is the lover of your soul, he is one with the Father who created you. No man can ever love you more than him. No man! It's impossible. Because no man created you. No man can love you more than God. No one. I don't care how beautiful he looks, I don't care who he is. He cannot love you more than God who created you. Amen!

Stop being ashamed of your relationship with Christ! It is killing the True Mother. He's covering her eyes. She is reinforcing the false belief that only she can have all his love. Her work as a True Mother has always been - when all the original disciples were there - her work has always been to understand: this is Christ, this is the bridegroom for all believers. For everyone. Not for a woman, not for a family. For everyone. Do you understand? We must not try to monopolize the love of God. We must rejoice. We must rejoice when Christ loves one of our sisters.

Because through this we can remember and experience how much he loves us. We must not be jealous when he visits you in spirit and loves you intimately. Don't be jealous, don't envy that sister. He loves you

equally. You just have to let go of the blocks that are in your heart. God wants to dwell within us. God wants to have an intimate relationship with us.

As a man, God wants to be our Father in which we can trust, we can make it proud, we can defend, we can serve as our King. As a man, there is nothing more honorable than this: to serve your king who he is also your father. To be able to see your father as the king. Don't try to dominate him like Satan did, don't try to dominate him like Satan did, but stand like a proud son of God who has an intimate relationship with his father. I took a bath with the Father, do you understand? This is normal in Korea. Take a bath with your parents. It is not like in the Western world. In Japan and Korea there are public toilets. Go to the public bathroom with your dad. There is not all this shame about nudity, which you find in the West. Be intimate with your father; have nothing between you and him. Try to serve and support him. Try to raise it. Live your life for him. As a man, there is nothing more incredible than living for God and your King. Nothing more incredible. It is the privileged relationship that has been given to us. It is an honor.

As a woman, there is nothing more incredible than being in love with the lover of your eternal life, exchanging an intimate relationship with the lover of your soul. There is no relationship that can overcome this. No one, not even your husband, can get over that relationship.

It's time for the women of the church to stop trying to talk to me privately. Put your testimony on YouTube. Put it in sight! What do you fear, why are you so afraid of wanting to love your spouse? Only Satan makes you feel ashamed of this. And since we do not step forward and proclaim it, because the women of the church do not share those moments of spiritual intimacy they had when the Father came, when, through your husband, he embraced you ...

What he was always talking about the Father? In marriage, when husband and wife are united with absolute sex, God will dwell there, in the midst of their love. In this context means to make love, right? It's intimacy, my dear. You cannot have a strong marriage without a powerful relationship of sexual love. How do they know?

You must have strong intimacy in your marriage to have a strong marriage. If you don't have this - I'm sorry - but it's like you're just roommates. The nature of the relationship between the groom and the bride is that of a loving relationship, of intimacy, of total union.

Since women of the church do not come forward and proclaim their spiritual relationship with God in intimate moments with him, Satan is allowed, has full authority to continue to say to the mother: "You do not own it; no one else possesses. I own you, and he hurt you! He hurt you when he loved his sisters. He hurt you when he hit his heart for 23 and a half hours, pouring love on them. You own it! "

You see what Satan is doing? He's killing. Mother, nobody is owner of the love of God! No one can own. If the women of the church are with Christ, are proud of their spouse, their true man, the true man, if you are not you ashamed of him and proclaim your love for him in this world, you will see the era of women . There will be a "delusion of power." It will be a "delirium of love." And on that train, the train of love, we will see the Kingdom of God. You don't need luggage. Climb aboard just ... [laughter].

Why are you ashamed of loving and being intimate with your spouse? Why are you ashamed of having an intimate relationship with your spouse? Stop being ashamed of having intimate relationships with the groom. He loves you and you love him. You think that belongs to someone, but it's not true.

This is the answer to sterile marriages. Because we have so many blessed families with totally sterile marriages? Why do we have so many marriages like this? Your sterile marriage will not be repaired by you. I'm sorry to give you the bad news. It will not be adjusted with your efforts. It will not be adjusted with your talents. It won't be fixed by you. If you have a sterile marriage, there is only one answer, only one answer: Christ. It is totally falling in love with Christ. This is the answer to your sterile marriage if you have a sterile marriage.

You see, men usually think, if I argue and I encourage my wife to have an intimate relationship with God, and if she tells me how God filled, as is making love with her and has an intimate relationship with her, I begin to feel sorry for this. I don't want to hear about any other man! What kind of man is Jesus! Who will give her eternal life? What kind of husband are you? Are you an archangel or a child of God? When your wife shares her intimacy with Christ with you, will you say, "Praise God. Get closer, deepen, become more intimate," or will you be jealous like Satan?

You see, what we men don't understand is that when we encourage our wife to have a deeper intimacy with Christ, guess what happens? When we send her to the king's throne and say, "Hallelujah! The bride of Christ is going by the groom! ", Guess what will happen. The king will see it, anoint it and send it back to you. But when she returns she will have the consecrated oil of Heaven upon her. She will have the new power of consecration upon her, because she has just been in the presence of God, she has been from the olive tree. It is now covered in olive oil. Now, when it comes back to you, looks gorgeous, radiant,

beautiful. See, it is the opposite of what you think. You think that if you push your wife to love Christ, you will lose her. You do not lose, you purchase a Queen of Heaven. You will see coming down those stairs a glorious being who has been in the presence of God, who has the oil of consecration from the top of his head to his toes. You will see it floating down to you.

Lord have mercy! Sometimes men are so stupid. Not to miss. You gain a queen. You gain something that you could never imagine. And your power, your consecration in marriage, your intimacy with your husband will be on another level.

I can talk about this honestly? It will be on another level. Because when she is with you, she will not only be with a child of God, she will be with the groom. He will be with you. He'll be there. And the explosion of love that you feel, the nuclear power that has arrived in your hands and it is in your midst, is its power. Do you understand?

This is the irony of loving Christ. We think that if we encourage our wife to have an intimate relationship with Christ, to love him more than us as a man, to love him and seek him more than she loves us, we think we will lose her. You do not want to be with me. In comparison to a bright man, I am nothing. Compared to the sparkling light emanating from his face, I am here, on the television, screaming in anger about which football game they play or what. You will never want to be with me.

No. No. That's what the males do not understand. You see, if you try to make sure that your wife you love only you, you will know that you are trying to possess her. You will know that you want it or you love it procures you pleasure. You will know that you want her to be an object of your property. But if you encourage her intensely and stay with her in that consecration to be in intimacy with Christ, in intimacy with the Father as the bridegroom, if you encourage her to have those incredible experiences and to share them with you and rejoice with you, she will know that she is not. are trying to possess her as a property, you will think of his eternal life. You will know that you think his heart relationship forever, and that you care about this more than anything else; why are his man.

Men, let me tell you one thing. When you start staying in that consecration, your wife wants you intensely, because she knows that man is a man of God. He is a man who loves my soul; is a man who pushes me towards my eternal king, and loves him. In that moment, when you are in that consecration, you are the most beautiful man on earth, because all other men want to possess or control it, but only you, only you, know his deepest desire, his longing to be with God. And you are with her and you are happy with that. This is the irony of true love.

It is the opposite of what we think. The lose? No. We think we will lose it, instead we will win it. We think we'll lose, instead it will conquer. If the women of the church now understand what the era of women is, they have to stop being ashamed of their intimacy with Christ, they have to stop being blocked by that experience and try to text me on Facebook; stop it, put it online, share the testimony of your intimacy with God. Share it! Siatene proud! You are a bride of Christ. You don't have to be ashamed of having an intimate relationship with your spouse. This is normal, it is natural; it's true love. Amen?!

Omnia, you mean something?

Yeon Ah (Lee) Moon

Thank you. Let's give a big round of applause to my husband, Pastor Moon.

Today, before I say anything, I just want to mention that two days ago I had a tooth healed, so my right cheek is a bit swollen. I apologize for this. The other night my husband prayed for me and so miraculously I was healed. I have no toothache. I could not miss the Sunday service, not serve God and meet the body of Christ; i am so happy to be here. I just wanted to mention this, in case you think it's weird.

So many people tell us, they send us messages saying: "Oh, Hyung Jin Nim and Yeonah Nim we love you; oh, Yeonah Nim we love you so much ". They tell us so many things like that. We are very grateful for this. But I know that when they say that, they are not telling me that they love me as a person; they are actually telling me this, because they love the unity that I have with Hyung Jin Nim. I clearly know my position as an object partner; I know her and joyfully obey this position that God has given me; that's why I know people love me.

But suppose my husband went to the spirit world and I started saying, "You know, I know my husband has done so many great things, but I never really learned anything from him. And you know what? I know my husband was a very funny person and preached a lot of good words, but actually I can do a better job than him. If I started saying this, you would say that something is seriously wrong with me. But you said you love me, didn't you? Didn't my husband say in front of you that we are united? Yet after 50 years, even though we have spent 50 years of marriage

together, if after my husband went into the spirit world I started saying these things, you would not respect me as a good object partner, as a good wife and a woman who he lived his life to serve Christ, didn't he?

So today I would like to make a little promise in front of all of you, in front of the world church, and especially in front of God and our Christ.

I want to make a promise, indeed I want to make two promises.

The first is this

I, Yeonah Lee Moon, want to solemnly promise that I know my position as an object partner towards my husband whom True Father has consecrated as successor and heir. I will happily stay in the position of object partner to love him, respect him, support him until the end of my life and if I walk away from this position, please be the first to throw a stone at me, to correct me, so that I can stay in the right position. Brothers and sisters, this is how you, as the body of Christ, show me love. This is my first promise.

My second promise is this:

I, Yeonah Lee Moon, solemnly promise that since the True Father has consecrated my third son Shin Jin Moon as the one the Father wishes to complete his three generations of kings, I will support the Father's desire for my son and when he will reach the age of serving God as a humble servant in charge of the movement, I will never usurp his position. I will happily stand in the support position, supporting him behind the scenes; I want to promise this in front of heaven and earth, and in front of the entire congregation worldwide. I humbly promise this.

I have truly prayed to understand what True Father wants of me as a bride of Christ and this is what all of us as women must ask ourselves in the age of women. I truly believe that, as women, we all need to make this solemn promise; not just me, but all the women who are watching this, because we have the True Father as our subject. He is our absolute subject. We are the object, and we live our life to glorify it. We live our life for our husband because he is what the True Father has given us as his representative. And God also gave us our children, so that in the future we can support them to become great leaders of this movement, to serve God with humility. I'm not saying daughters aren't important. I have a daughter too, and I know they can be great leaders. But it's not about their ego, it's not about themselves. It's all about serving God. If they have a humble spirit to serve God, if they know who they are serving, they can be excellent leaders, but they need to know with absolute clarity who they are serving, who their subject is. This is exactly what I tell my daughter. You can ask her too.

I really believe that, you know. This is a time when all of us women, as spouses of the True Adam, are truly being tested by the devil. The devil is testing us. Just like in the Garden of Eden, it is testing us. Will you choose the "delusion of power" or will you choose the love of Christ?

I am on that train. I'm not going to miss that train. I never intend to miss that train, because I know what has eternal value. I know what has eternal value. And do you know, sisters? We are beautiful when we are in the position of spouses of Christ. And you must also be dangerous to the temptations of the devil. We glorify his name, Aju!

Cheon Seong Gyeong:

The question is what is the thing God needs most? What is God called? He is the King and Owner of true love. If he is the King and Spouse of true love, as an absolute principle he needs a queen to become his partner. Who can be the true love partner of the absolute God? Real human beings. (Page 529 Italian translation)

Amen! We praise God.

Hyung Jin Nim's prayer follows.
