

2nd Gen: No More Lawsuits

We human beings are one hundred percent foolish, but God, who is more than one hundred percent wise, is our friend, and our ancestors in the infinite spirit world are our companions and supporting army. I am grateful to think about this. I know very well the feeling of taking risks on the front line, like the time David stood in front of Goliath. It is the feeling of courage and confidence.

If I fight a hundred wars, I can win a hundred wars because God is protecting me. I have actually become this kind of person because I thought all along, "If you hit me, it is you rather than I who will be shattered." Original CSG 246

Greetings!

I thought you would be interested to know about a courageous 2nd Gen, Gideon Raucci, who has stood up to ask that ALL LAWSUITS BE STOPPED within the Unification Movement. Here is Gideon's explanation for taking this action:

As a member of the 2nd generation, it hurts me to witness the 1st generation resorting to lawsuits to settle their conflicts. From my understanding, 2nd generation have a strong intuition to solve things through peace. This lawsuit would turn a lot of us off from the Church and have many further go their separate ways because this lawsuit is not a clear act of True Love that leads to True Unity!

As a member of the 2nd generation, I want to see true unity under our God occur through peaceful cooperation. Even if it takes extreme patience on both sides! As long as people are sincere to principally unite under God, there would be no need to use force and coercion. Just because it is legal, doesn't make it right!

Here is the initial language of the [NO MORE LAWSUITS petition](#):

As a longstanding participant in the Unification Movement, I am OPPOSED to the use of lawsuits to resolve disagreements. I call upon the Family

Federation for World Peace and Unification to immediately CEASE any and all legal actions against the World Peace and Unification Sanctuary in Newfoundland, PA.

By the same token, I call upon the World Peace and Unification Sanctuary NOT to respond with a legal action of its own, thus bringing forth a never ending spiral that further tears apart the unity and harmony for which we all hope.

Precious donations from brothers and sisters should be used to help those in need and for education to bring God's lost children back into the realm of God's love. As an owner of Cheon Il Guk, I insist that my donations not be used for a contrary purpose.
