

True Mother Kang Hyun Shil

Message to Family Federation based on True Parents' Declaration

The King's Report- July 6, 2017

Reading: Luke 17:30-32

³⁰ Even thus shall it be in the day when the Son of man is revealed.

³¹ In that day, he which shall be upon the housetop, and his stuff in the house, let him not come down to take it away: and he that is in the field, let him likewise not return back.

³² Remember Lot's wife.

Good morning everyone,

Today I would like to speak to you about True Parents' Declaration.

First about the meaning of "representative body and inheritor": True Parents' Declaration was issued on the 23rd day of the 4th month in 2011 by the heavenly calendar. True Parents declared his succession structure in front of all humanity and before God.

He said, "The HQs of Cosmic Peace is the unique and only HQs, and the representative body and inheritor is Moon Hyung Jin. Anyone else would be a heretic and a destroyer." At the end he said, "Above is the Declaration of True Parents," and he affixed his seal to the document.

We see that Father gave clear warning that the representative body and inheritor is Moon Hyung Jin and anyone else would be a heretic and a destroyer, and yet we see that he is being treated as a break-away group, and he is being rejected.

How should we understand this situation? Those who reject Hyung Jin Nim are in fact rejecting True Parents' Declaration and they are the destroyers and heretics that are mentioned in the Declaration.

Hyung Jin Nim received the blessing as the representative body from True Parents. What does it mean to be the representative body? To say that someone is a *Teshinja* or a representative body means that True Father said, "This man represents my body." He is the body of True Father.

This was Father's promise, the promise that he would dwell in Hyung Jin Nim's body, and that he would be one with Hyung Jin Nim. This means that he is in the direct dominion of God and True Father.

He was also blessed as the inheritor. So what did Father bequeath to him? Was it money? Was it the Cheon Jeong Gung Palace or other assets of the Family Federation? No, it is not limited to that! What the Messiah bequeathed to him is not limited to such material things. He transferred to Hyung Jin Nim the authority of True Parents. Father bequeathed to Hyung Jin Nim his will and his heart.

It was Father's desire and instruction that Hyung Jin Nim inherit the victorious foundation that Father created through his life, going the course of restoration through indemnity, and for Hyung Jin Nim to stand on that foundation. We need to understand this clearly.

It means that Father appointed Hyung Jin Nim as his successor, as the one whom we should follow as he passes from this world. So how is it that people are able to reject Hyung Jin Nim who is the representative body and inheritor of True Father?

He was blessed three times by the Messiah, by the Savior, by True Parents as the representative body and inheritor, as his successor; no one can change that. This was acknowledged and recognized by God. Even Mother cannot deny this. Father said very clearly that anyone who denies this is a heretic and a destroyer. Anyone who denies this, no matter who they may be, is a person who rejects the words of the Messiah. Such a person cannot avoid being judged.

The Family Federation leaders are saying that Father's Declaration cannot be recognized as an official document because Father did not go through proper process in preparing this document; that's what they say.

But have you forgotten that it was Mother who was there at the creation and signing of this document and it was Mother who aggressively pushed Father to appoint Hyung Jin Nim as his representative body and inheritor.

And to say that Father did not go through some official process in setting up his succession structure is to deny that Father is the Messiah and to deny Father's will in the providence.

Also Father did go through a process of explaining the reasons why he was appointing Hyung Jin Nim as his successor and to have him go through the crowning ceremony three times. He also went through the process of passing on the authority of the Blessing to Hyung Jin Nim's couple and the evidence of it remains in videos.

But the Family Federation HQ's leaders have rejected the Messiah's will and providence.

I have made a decision in my heart. People say that they are opposed because he has made Mother sad. That is wrong! I have chosen to follow Father's will. And Father has given me signs that he approves of my choice.

As a result of this I have separated from you in the Family Federation but the result is that I have been able to establish a vertical connection.

Mother has denied Father's will and providence and I cannot go along with that. I have left the church that I belonged to for some sixty years, but I had no hesitation in doing that. I have no fear for my future. In fact I am only worried about you who continue to be in the Family Federation, and who are denying Father's will. I have left the Family Federation to which I dedicated my youth, which I followed with faith for many years.

Some people laugh at me and say that I have done a foolish thing, and others criticize what I say; they slander me and say that no one should ever have anything to do with me. They refuse to have a dialog with me; they are trying to isolate me, but I am not a person who is so weak to be influenced by such things.

I am following Father's will and what other people say about me does not concern me. I will continue to walk this path of the providence together with Father. I will not do as some people have done and waste everything that I have built up in heaven, because I have a desire for some horizontal things.

Instead I will continue to walk this way with Father until the day of victory because this is what Father said to do. He said we must follow Moon Hyung Jin in order to maintain his words, in order to follow his providence.

Right now the Family Federation is separating itself from the will of God, and trying to erase the 3 Generations Kingships. Those who are in the Family Federation are following it with what they think is absolute faith, and absolute obedience.

The purpose of faith for Unification Church members is to attend the lineage of God, but the Family Federation right now is rejecting Father's lineage and is denying that lineage. They have rejected the succession structure that was established by our True Father, the Messiah and the Savior.

They have denied Father's succession and now they say that they will decide their own successor by something they call the Supreme Council. They say that the Supreme Council is composed of the leaders of the Family Federation and they say that they will choose the person that they want as Father's successor.

So they say that no one can be the successor unless he is someone who is to the liking of the members of the Supreme Council. In other words, the Supreme Council reigns above whoever is to be the successor!

The successor was already set and established by True Parents and this was acknowledged before heaven through three ceremonies. You who are in the Family Federation have rejected Father's succession which is composed of Moon Hyung Jin and Moon Shin Jun.

By what authority can anyone reject this? This is to reject the sperm of God. What was the reason why the God who created all creation became the God of sadness, of sorrow? Wasn't it true that God became such a sorrowful God because human beings fell and lost God's lineage and became part of Satan's lineage?

What was the reason that Jesus came? We learned about that in the Divine Principle. He came to receive a bride and to plant the lineage of God on this earth. And what was the reason that the Lord of the Second Advent came to the earth?

Because Jesus was crucified on the cross before he could receive a bride, the Lord of the Second Advent had to come as the bridegroom to establish his bride and to establish God's lineage on the earth. The purpose of having the bride of the Lord of the Second Advent was to establish God's lineage on this earth.

What is the highest desire of all members of the unification Church? Isn't it to be grafted into the lineage of God! But Mother has rejected and chased out all of her sons who are the lineage of God.

And now the Supreme Council says that they will decide the successor and in so doing they are trying to completely destroy and eliminate the lineage of God. If it is true that the Supreme Council is able to decide on the Messiah's succession then what would be the reason for sending the Messiah in the first place?

If that was the case, then all you would have to do would be to have an election just like for a president or for members of Congress or just chose someone who is very intelligent and smart and we could make that person the messiah. Why would it take 2,000 years for God to send the Messiah to the earth?

Have you, in Family Federation forgotten even the basics of Divine Principle? Have you forgotten the difference between the original lineage and the fallen lineage? Do you think that it is enough to go to Cheong Pyeong, to pay money to liberate your ancestors, to clap until your hands are red and to just to sing songs there? Is that enough?

Absolutely not!

Some people will understand what I have said this morning, and some people will think that it is very strange, but I hope that we can all go back to True Father's Declaration, and understand what Father was trying to tell us through that document.

When we come to a full and correct understanding of Father's meaning in this Declaration of 2011, then I am certain that we will be able to establish Cheon IL Guk. So let's take this document and truly carve it upon our hearts and live according to it.

Thank you very much,
