

2018.03.18 ~ Kingdom of the Rod of Iron 9 ~ Rev. Hyung Jin Moon ~ Newfoundland, PA 18445

Now, let's go to the Word, today; or, the Kingdom of the Rod of Iron 9. Where in the 9th Scripture today. We're in the same Chapter of last week, which is here, Mark 4, and we're in 26, which is a couple of paragraphs down; and, let's look at "The Parable of the Growing Seed" and "The Parable of the Mustard Seed," which Christ uses as examples or metaphors of the Kingdom of God. Let's read that together. Verse 26.

Mark 4:26 He also said, "This is what the Kingdom of God is like. A man scatters seed on the ground. 27 Night and day, whether he sleeps or gets up, the seed sprouts and grows, though he does not know how. 28 All by itself the soil produces grain – first the stalk, then the head, then the full kernel in the head. 29 As soon as the grain is ripe, he puts the sickle to it, because the harvest has come."

There you go. Number 1. Let's read number 2. Verse 30:

Mark 4:30 Again he said, "What shall we say the Kingdom of God is like, or what parable shall we use to describe it? 31 It is like a mustard seed, which is the smallest of all seeds on earth. 32 Yet when planted, it grows and becomes the largest of all garden plants, with such big branches that the birds can perch in its shade."

33 With many similar parables Jesus spoke the word to them, as much as they could understand. 34 He did not say anything to them without using a parable. But when he was alone with his own disciples, he explained everything. Amen!

So, we see again, that Christ is talking about parables. He's explaining the Kingdom of God. He explained that when a farmer puts a seed down, and when it grows, it naturally grows. There's this organic processes, and there's this natural processes in the Kingdom of God. Isn't that interesting?

Now, what is unnatural is that there is this crazy, you know, archangel that comes by and messes with the soil. That's what is unnatural. What's unnatural is if some bozo keeps on, if this seed is in there, and keeps messing and kills, and keeps messing up the seeds. That's what is unnatural. It screws up the process of natural organization, and natural growth that the seed will experience, right?

That's why, of course, we know that God is the same yesterday, today and forever. We know that He's going to have free will, is going to be given free will. We know that He's not going to change. At the same time, we know that in Revelation 20, very clearly, that even after a thousand years of Christ's reign on Earth, there will still be the war of God and Magog that Revelation 20:5, 7 and beyond; and, in a war with God, Satan will emerge from a pit, gather together all these bad people from around the world. The Bible said, as many as the sands of the sea, okay.

Now, when I think about it, how's that possible? I thought that Jesus was on Earth, and now everybody's good. You see what happened? There is a problem there. I thought when Jesus was here for a thousand years, how does Satan come out of the pit and gather all these bad people? I gather the war of God and Magog is probably out of Syria, is probably part of some form of radical Islam.

So then you are talking about then. How is he to gather of all these people? Satan that is; and then, as many as the sands of the sea. I thought that when Christ rules and reigns on Earth, no more evil will exist. This is what Christian Pastors are teaching their congregations, which is a complete lie; and, this

is what Catholics and Anglicans and Episcopalians, all state-run churches by the way, teaching false doctrine to the Church.

It is very clear that even when Christ is reigning on Earth, with the Kingdom of God on Earth by the way, there's still evil. Why? Because there's still free will. You just got to read your Scripture. The Bible shows very clearly that there's as many evil people as the sands of the sea. Man, that's a lot of evil people; but, how's that possible, because all your Christian churches, and all your state-run Leftist churches are telling you that when Jesus comes back, it's all going to be good? There will be no more suffering, no more sin, no more evil. How many people here have heard this? How come the Bible shows that there is still going to be many bad people?

So, this is a huge dilemma. But, if we understand Christ's nature, and we understand God's nature, the same God as in the Garden of Eden, as he will be as the new Jerusalem ascends from Heaven, the same God by the way. He doesn't change character, you know. He didn't go and switch up Himself, He didn't switch up his laws, etc, etc. The same God, who gave the biggest gift to humanity in the Garden of Eden, which was free will. Freedom, but responsibility.

So, in the Kingdom, you're still going to have the God of freedom and responsibility there. I mean, He's still the same God. He's not going to change. He's going to have, He's going to still have freedom and responsibility. We're still going to have freedom and responsibility in the Kingdom of God. You can even look at in Matthew 19. God said He's going to appoint you as Judges. You're going to have responsibilities in the Kingdom. You're not going to be drinking on Christian welfare and drinking booze all day long, drinking wine and eating grapes.

I mean, literally, some of what these Christians are believing about the Scripture. They say were a cult. They are totally in a state-run Leftist cult. Their pastors and their priests are totally teaching them in a Leftist state, and to submit to the state, and except Socialism and Communism as Jesus' style, and Jesus' way of governance; when that is completely opposite, completely opposite from the God of the Garden of Eden, who gave freedom and responsibility; and, it's completely opposite from how Jesus describes the Kingdom of God, which is a natural, organic place, without all this state intervention, and without all this centralized intervention. He's uses the Parable of the Seeds to illustrate that. He's going to spread the seeds. God, the Father, He's going to spread the seeds; but, there's going to be a natural process by which these seeds will flourish. Where does that happen in a real political system? It happens when people have freedom and responsibility.

When people have free markets, then ideas can burgeon and blossom; and, those who serve others better will succeed. They'll grow taller trees, if they love and serve their customers better than another person. They're going to grow a taller tree with more fruit.

And, how do you destroy that? How do you destroy that natural invisible hand of God as it is called in economics? How do you destroy that invisible hand of God? You get arrogant status, centralist Keynesian economists, and you know, Communist and Socialists, you name it, who want to use state power, who manipulate markets, who manipulate behavior. Not only manipulate, they want to force you to act in certain ways. Censoring you, disarming you, and force you to pay taxes. Stealing from you, acting immorally, etc. it is that kind of immoral intervention, which of course currency manipulation is, which is what the federal reserve does, which is what fiat currency is. It's totally immoral, because stealing portions of your life. You understand that, folks?

Would you ever invest in, let's say you invest a \$100, and you just kept it there; and, twenty years, thirty years down the road \$50 is gone. Would you ever want that kind of system, where your the value of your currency would just evaporate? Would you ever want that? So, let's say you made \$100,000 bucks, put it in a safe place; you go there twenty, thirty years later. \$50,000 is gone. It's just evaporated. Gone. Would you want that kind of currency? No, you want something stable to hold it's value over time, right? But, as they manipulate the currency, as they drive up inflation, as they do all this market -- you know, manipulation, quantitative easing, you name it, they're screwing with your life, folks. All that life energy you put in to making that wealth through the God given talents, gifts, and dreams, and ideas that God gave you, and you're honestly trying to serve people, all that effort and energy is literally evaporating. They're stealing it. It's immoral. It's an immoral system. It's a system based on theft, and theft of the worse kind. Because, not only money, they're stealing your life. Years and decades of your life are being robbed from you. You understand?

That's why Socialism, Communism, Satanism, Centralism, whatever those idiots want to call it, it is fundamentally an immoral system. You are stealing human being's life. You're stealing not only their productivity, their prosperity, or their wealth, or their assets, you're stealing their freakin' life, you see? It is a fundamentally immoral act to have a government that is stealing from you.

So, that's what we're talking about in Christ's Kingdom, when we're coheirs with Christ. Citizens, as Kings and Queens, coheirs with Christ, Romans 8:17. Let no man take thy Crown, the Crown of royalty and sovereignty, the Crown that Kings enjoy. The privileges that Kings enjoy. Private property, freedom from taxation, right? Right to bear arms and protect their territory and Kingdom. These are only delegated to Kings of the satanic world, or the ruling elite; but, in the Kingdom of God, everything's reversed. Everything is reversed. Everything gets reversed; and, it's reversed by the power that he gives us in the Last Days with the Rod of Iron. That the pauper, the serf, and the slave can have the means to defend his Kingdom. That he can wear a Crown gifted to him by God and Christ, and he can have the physical power. That is the accoutrement of power that can award tyrants, and bring tyrants to their knees. Do you understand?

The Rod of Iron is not there just for hunting. It's not there just for shooting, just for sports shooting. It's there to bring fear to tyrants. That's always what it's been for. It's just never been described like that; but, that's what it's always been for. It is a balancing power; and, of course, even when we look at a statistics, we see, we see that even just having a firearm, having a Rod of Iron on you, deters crime. Only in 8% of the shootings, okay, using self-defense, does somebody have to kill somebody. In 92% of the attacks and the assaults, the mere presence of a Rod of Iron deters crime. Isn't that interesting?

So, Christ teaches us in parables, and he's explaining how his Kingdom is working; and, obviously he's explaining a nation, a world, which is based on freedom and responsibility. Those who don't have the ideas that really serve other people, their ideas fail. They can try again. It's not the end of the world. They can try again. You get more than one idea. You know, you try, try, try again; but, certain ideas may fail, certain ideas may not reflect what people truly need, and how they can truly be benefited, so they may fail. That's okay. Well, you keep trying.

It's that freedom of opportunity that exists; and, it's that free system of freedom and responsibility, by the way, because it's responsible, because there's state welfare. There's not some politicians that can use that immorality of Socialism and government to steal from the rest of the population to give to their friends, right?

So, you have to be responsible. You have to treat people kindly. You have to treat your contacts well. You have to value your networks, right? Because, if you fail one business, maybe you got to start another business. Maybe you need your friends help. Maybe you need this or that person's help? You see what I'm saying?

So, you're not going to be as quick to burn down bridges, like if you get free money just dropping down from big daddy Uncle Sam government. You can be abusive to people. You can say screw you to everybody, and you can just say, "Am I going to live off the government dole?" You can't do that when you have a truly free place. You have to act morally. You have to act morally. You have to shun immorality. You have to protect your reputation. You have to pick your battles wisely. Pick your partners even more wisely, you know. Your business partners, etc. But, it's a system which is organic, which is natural; and, that is what is called the invisible hand of God. This invisible hand picks and chooses the winners based on who serves people better.

So, we just saw in Scripture last week, in the same Mark 4, where Christ was talking about in three Kingdom were some will produce twenty, some will produce thirty, and probably some will produce a hundred. Remember? Not all equal outcomes. Equal opportunity. Same soil, remember. They were talking about the different types of soil, and then they were talking about the good soil, which had produced twenty, or sixty, or a hundred, right? So, soil is the same. The opportunity is the same for growth; but, then the outcomes are different, based on, based on how well they're loving their neighbor, loving other people. Does that make sense?

I mean, it's just so clear, it's just so clear what Christ is showing in his Kingdom. It's obviously not a state controlled system. This is obviously not. He doesn't have all these wacky people coming around kill us all, screwing things up, meddling in the whole process of getting everything growing, right? He doesn't have that.

And look at that? All that bounty, all that glory. The farmer, the one who gives all the seeds, the freedom and responsibility. He can come and reap the harvest. God can get the glory. In that prosperous libertarian Kingdom, which is the Kingdom of God, God gets the glory. He gets the glory for the successful economy. He gets the glory for all the beautiful market interaction. He gets the glory for the people opening all these entrepreneurial businesses, and serving people, and all the cute bakeries, and cute shopping malls, and all this wonderful technology. God gets the glory, because He, from Him, and from the law and Constitution He gave, all that is protected, He gets the glory. What does it say? "He gets to harvest all that bounty." God gets the glory. Because you don't have the archangel and the government meddling around, screwing things up, trying to centralize parents stuff, okay.

Again, in the Kingdom of God on Earth, read your Bible. Just read Revelation 20:7 and beyond. They war of Gog and Magog. Christ rules one thousand years on Earth. The Kingdom of God is here. The millennial Kingdom is here. The first resurrection has happened, okay; and, a thousand years, he's here. His Kingdom is here; but, yet there's evil. How the heck is that happened? You see that?

Again, your state-run preachers, and your state-run churches will not teach you that, cause they want you in a weakened state. They want you in a state that is believing in pipe-dreams about the Kingdom of God; but, you'll have no responsibility. You'll be on Christian welfare, where God's going to take care of everything. He's going to be a big daddy to you. Well, why does He say he's going to give you authority? He's going to make you rule and reign with Him. He's going to give you responsibilities like being Judges. Why does He give and say all that? And then, what does the Bible say? Then, after a

thousand years, bad guys gather with Satan as he emerges from the pit as many as the sands of the sea in the war of God and Magog, which is probably around Syria?

There's a problem there. The Bible proves there's still going to be free will, because God is the same today, yesterday and forever. He's going to still give human beings free will. We're not going to be robots; and, they're not going to be on Christian welfare. There's still can be evil in this world, and that's why He defines His rule of His Kingdom as the rule of the Rod of Iron. The shepherding with the Rod of Iron. The rule with the Rod of Iron. The governing with the Rod of Iron. The protecting with the Rod of Iron, cause you'll still have that psychopathic class and homicidal class. You know, to go anywhere from .1 to .5 percent of psychopaths of the population can be homicidal, or want to kill people; but, now the chips are turned. Now, the civilians and the people in the Kingdom of God are no longer just slaves or paupers disarmed helpless people. They're powerful Kings and Queens, who have Kingdoms, who have successful empires, who are trained in the peace police/ peace militia, who empower their children with the Rod of Iron, who empower their children with the Rod of Iron as well.

The place where, even though they have free will, if they choose to do evil, five percent of the psychopathic class choose to be homicidal. They will be killed very quickly, because everybody is trained in the arts of defense, and the arts of protecting their neighbor. Loving God and loving their neighbor; and, it's a truly organic free system. A truly organic free system, just as Jesus describes it with the soil, and how the seeds grow.

Let's look at the Parable of the Mustard Seed. Look at this. Small mustard seed. Small, small, small gift from God called free will and responsibility. Small seed. Freedom and responsibility. Boom! He throws it into the soil, okay. Check this out. (Mark 4:32) **Yet when planted, it grows and becomes the largest of all garden plants, with such big branches that the birds can perch in its shade."**

So, when Christ gives that small seed, Boom! Freedom and responsibility, he puts that in the soil. Remember, all the trees don't grow the same. We just saw that verse before. Some grow to twenty, some grow to sixty, some grow to a hundred, right? But look. He puts the seed down, he doesn't intervene with it. Natural processes, natural pressures, natural organic systems that then operate, and that seed starts blooming. What's that mustard seed become? Once that mustard seed grows, it grows. Look at that. It becomes the largest of garden plants.

See, when you leave it alone, it grows big. When the central planners, when the central governments, and all the archangelic forces that always want to intervene, and screw up people's businesses, and screw up their lives, and steal from them, and tax them to death, all that intervening, manipulating currency, and you know manipulate inflation, and all this quantitative ease the markets, it destroys the freedom and organic system that God made, because they're artificially choosing. Hey, I want this seed to grow big; and, I want this one, who is a competitor, and this one who has conservative values because they're Christians, I want those seeds to die. I mean, that's what they do. And they use the power of force, which is government equals the power of force, equals force. They want to centralize everything so your helpless, and you can't do anything about it. You cannot stop them from doing that; and, that's their utopia of Socialism, Communism, controlling the means of production, which means you.

Did you know what is the fundamental means of production? It's you. You are the one that produces wonderful ideas, beautiful products, new businesses, new services. You are the one. The fertility of the success and prosperity comes from what? The human being. So, the control of the means of production is how they define the means of Communism. The gradient of that is Socialism, Fascism, all these other

Leftist, satanic, archangelic systems, basically to control the means of production, to tax them into production, to steal from the means of production. So, you may produce a hundred bushels; but, they're going to steal fifty from you; and, they're not only stealing fifty bushels of your crop, they're stealing fifty percent of your life energy. They're stealing every percentage point. Every tax they put on you that increases your tax, they're stealing one more percent of your life.

It's like this. You play video games, and you got a little life form on the top. When that life form goes down, you're dead. You know that life form? Imagine, if you had to fight somebody, and your starting at fifty percent life bar. Is that fair? Not only in America, when your baby is born, that baby is two hundred thousand dollars in debt. He's starting with negative energy. So, imagine you're playing Street Fighter, the game, or whatever that stupid game; and, you're starting with a negative two hundred life bar. You're dead. You are already dead. You already lost. Do you see how problematic that would be?

They're sucking your life. Vampirically sucking away your life; and, they just call it, oh, you're doing good things for the politicians by paying your taxes. No, you're engaged in a system of immorality, and a system of theft; and, you are the commodity. They're stealing and buying and selling you, trading your life energy with one another, making each other Rockefeller Foundation, Carnegie Foundation, Ford Foundation, Soros, international banking cartels. Making themselves prosperous, artificially, by the way. Artificial.

That is not what Jesus is describing in his Kingdoms of God. Look at that? I mean, we can read it. Am I the only one it seems so obvious to? It's just ridiculous. It's so obvious. It's so obvious. He is not talking about a controlling system there in his own Kingdom of God. Look at it? He's talking about an organic natural system. How do you get from these descriptions of the Kingdom of God to Jesus is a Socialist, and Jesus is a Commie? He's a hippie that lived in the desert teaching Socialism. This is literally what the Left says about Jesus. Then in the next sentence they admit, "I stopped reading my Bible when I was seven years old." Well, maybe that's the problem. You see what I'm saying?

But, you even have a lot of people who read their Bible, but they're getting the filter state from the Anglican state church, or the Vatican state church, or the Episcopalian state church which is now accepting homosexual pastors, or whatever; or, the state-run pastors who are getting federal funding, who basically have be propaganda pieces for the federal government; and, you're being taught, your Bible from a Socialist perspective; and, that's why the majority of the Christians believe, when the Kingdom comes on Earth. They're going to be on Christian welfare. My Lord. How hypocritical are you, if you are railing against the Left all day, all night saying how the welfare state is bad, yet you believe in God's Kingdom you're going to be on welfare, it's ridiculous. Totally irresponsible Christianity. Totally beta submitted to archangelic Satan Christianity. Not representative of God the Father the Protector. Not representative of the Shepherd who will rule with power and authority, and the Rod of Iron, that will stop and destroy criminality.

See, in the Kingdom of God, it's completely different, because now those who were in spirit, now those who were humble and poor, now those who were always the slaves and the paupers and the serfs, now they have the power. God turns it around. Not only just the Kings and the Monarchies of Satan's kingdom, no. Now the citizens of God's Kingdom, of God's Kingdom have the rule of the Rod of Iron given to them by all mighty God. They now have the Crown of sovereignty. Let no man take thy Crown, Revelation 3:11.

Did you know your supposed to have a Crown? Your state-run pastors don't tell you that. They say the Pope and the Cardinals can wear the crowns. They get all angry when the Mexicans are wearing

Crowns, and the Caucasians and the Asians and the African-Americans. They freak out. Freak out. Cause all you all are getting off the plantation. "Shoot, shoot. They're leaving the plantation. They think they're royalty. What the heck is this. Terrible. Danger, danger." And then you also have a Rod of Iron. Holy shmita. This is even worse. The slaves are in revolt.

Look at this. Leesa was even researching. Some of the first laws, anti-gun laws come, because they want to keep Blacks without guns; and, of course, they came from the Democrat Party, by the way. The Republicans, Abraham Lincoln's Party and the NRA was founded to try and help the Blacks be armed, to stop the freakin' Klu Klux Klan that was run by the Democrats.

So, the Republicans actually wanted to try to arm the Black people, and help them to defend themselves, cause they were scared. They knew they were leaving the plantations, and they were starting to realize that they would have the power of sovereignty. They didn't call it the Rod of Iron. They didn't refer to it like that; but, they were receiving real physical power.

Some of the first laws in New York City: banning the Rod of Iron and guns. Do you know where they come from? Politicians funded by the Mafia. The Mob. Some of the first gun laws in New York City, because the Mob wanted to collect the insurance money. They go around and say, "Hey, you need some protection over here," you know. And, they get your thing; and, you pay your money, or something bad's going to happen, right? You know this. You know this whole thing. The Yakuza does it. All these Satanists do this. They're just immoral. They're weak Satanists. But, they're the ones who support the politicians, who then pass the gun laws, for everyone's "safety;" but, what it does is disarm the people from chasing away the Mob bosses and Mob gangs that are trying to collect insurance off them illegally and immorally.

So, did you know in New York City, before those laws, you could have a gun in your shop in New York City? Can you believe that? But, the laws were created, again, they wanted Mafia control, they wanted the monopolization of force. They wanted to disarm the public. That's the only difference between a street mob and the federal cartel, the federal government. They're no different. It's the same spirit. It's the same system of extortion and stealing and immorality. It's the same exact system. That's why our founding fathers said, "Government is force. It is a dangerous servant, and a fearful master." That's George Washington. They knew. That's why they left Europe. So, when I debated that Ireland guy, I said, "That's why we left your continent, you understand?"

You are not going to be on Christian welfare in the Kingdom of God. God has already said, you have to be a judge. He's already said, you are going to have to live and reign with them. He said that in Revelation 20:4 and 6. He said in Matthew 24 that He divides the sheep and the goats, and will give the sheep authority over His Kingdom. He said in Romans 8 that you will be coheirs with Christ. You have to rule and reign with Him as coheirs. Kings, along with the King of Kings.

Hello! It's not going to be welfare. It's going to be working and building the Kingdom. He said, He's going to define His Kingdom with the rule and the Rod of Iron; and, He's going to let the poor in spirit, always suppressed for the last millennia under Satan's rule, the poor in the spirit will inherit the Kingdom of God. (Matthew 5:3) Those who were constantly oppressed, constantly slaves, they will be the inheritors. It's a total reversal.

It's so easy. It's so easy to see, why are your pastors and priests not telling you this. They're state-run. They're making you into cultural Communist Social Christians, who will submit and bow to a big government, and you will die in the process. You will lose your soul, lose your eternal life, and will die,

too, because it doesn't get better when you submit to evil, folks. It always gets worse. They want you to become weak. Dumb down. They want you to become cultural Commies, even though you're going to church, making you into beta Christians, basically beta Commies, and beta Socialists. They're making you weak. They're telling you that Tribulation, you going to be raptured up before the Tribulation, so you're going to be totally fine. You don't even need to prepare. You don't even need to be armed. None of that. None of that. You're just going to be gone. You're going to be in Heaven. You're just going to watch it. You're going to get it all. Pre-Trib heresy.

They don't want you understanding have proper amygdala function, having proper communion with Christ. They don't want you to understand that you have responsibilities, and you must prepare. They don't want you to understand that you'll have authority and power, and that obviously that's what comes with that morality. Be ye perfect as your father is perfect. To try and be as Christ would reign, would rule and reign, and have responsibility with the power that he gives us, with the Crown of sovereignty. Freedom. That means freedom from taxation; freedom from the immorality of government; freedom from the mob cartels, etc; and the rule with the Rod of Iron are the actual means by which you can defend good civilization and chase out evil when it rears it's head.

Look at those Scriptures? He's speaking so clearly about a natural system in his Kingdom. Golly, you can see that Christian churches are so brainwashed. They're so brainwashed, especially if they're run by a state like the Vatican, like the Church of England. They're so... Almost 100% they're Socialist. You can start giving Hillary Clinton talking points, and they'll agree. It's absolutely ridiculous. Absolutely ridiculous.

Clearly, anybody with eyes to see and ears to hear can see what the Kingdom is. You can see it. You can see it right there in those parables. It's a place of freedom and responsibility. It is a place where God's nature has not changed. It is a place where those who love God and love thy neighbor can succeed without being cheated and stolen from by the immorality of the state. It is where good people can defend their Kingdoms that God is blessing them with as coheirs with Christ. Help others to thrive and succeed; and, if and when people, because people have free will, and some will still choose evil, when people, some small percentage of those will choose to do evil, when they try to do evil, they will be put down hard and fast. So, it's hell on Earth for predator, for psychopaths, and for homicidal maniacs; but, it's the Kingdom of God for normal people like you and me. I mean, like come on. Look how easy it is to see.

Alright, I'm going to give you some stats, okay. I covered these a couple of days ago. Alright, look at some of these stats:

- Kennesaw GA, 1982 passed law requiring heads of households to keep at least one firearm in house. What happened? Residential burglary rate: down 89%.

When everybody's required to have a firearm in the house burglary dies, because the burglar dies when they try to steal. Do you understand? There's an immediate punishment for evil. If you try to violently interrupt, violently invade, violently destroy people's lives and their life savings, etc, their families, you will be punished very quickly in a decentralized way. You will be punished very quick if you choose to do evil in the Kingdom of God, because all will have the rule of the Rod of Iron, all will be based on Judaeo-Christian values, all will have been through peace police/ peace militia training. No centralized military, no centralized law enforcement. Coheirs with Christ, with the authority of Judges. Love God, love your neighbor. You choose to do evil, you will be punished; and, not like down the line. If you choose to do a violent crime, you'll be punished real quick. On the spot treatment, okay.

- Interesting: Orlando FL in 1966-67: media highly publicized safety course teaching women how to use guns with the Rod of Iron. In that one year, 1967 Orlando rape rate: down 88%.

And they didn't force them to have guns. They just publicized how to use guns on the media for women. Guess what that did to the rapist who want to try to forcibly rape women? They died. They died, or fled. Either one. Either one is okay. Flee to a Communist country, doing their evil there. That's not good; because, even though those Communist countries have to be destroyed at some point. Down 88% just by the media publicizing self-defense for women. Rapists got scared.

Now, this is compared to other Florida areas in Florida. This is Orlando; but, other jurisdictions in Florida, no change in crime from 66 to 67. Zero change in crime. Only Orlando, who highly publicized media about women being armed, about knowing how to use a gun, the Rod of Iron, a statistical 88% drop in sexual rape. This is Science.

They call me a cult. They're the freaking cult. They don't listen to Science; yet, they say, the Leftist say, they say I'm atheist, because I listen to Science and reason; and, then you give them Science and reason, and they say, "I don't believe that." It was your Clinton, it was your Clinton Justice Department that did this research, the most liberal justice departments. It was under Obama that they did more reports, showing that 1.5 up to 3 million use of handguns every year. That means, 3 million lives are saved every year by offensive use of firearms; but, that was from a liberal administrations, Clinton and Obama, under the National Safety Council CDC; but, they don't want to hear that. They don't want to hear the Science. They don't want to hear the statistics. They don't want to hear the reality, which is so obvious. It's so common sense to anybody who has proper brain function, and maybe has two brain celles that could rub together, and create some, some electricity, okay, that anybody can understand it. The predators know that they're going to have a hard time doing evil, they're going to stop. It's so easy; but, but, but, but, they want you to be in a cult of the Left. They want you to be in a cult. You're not supposed to look at Science and data. You're supposed to call pastors and show this stuff and preach about it, and show you even Jesus' words about his Kingdom, and show you statistics that back you up. I'm a cult leader then. Give me a break! We're the ones actually looking at the research from the CDC liberal administration of the Clinton's and Obama's, okay.

- 1979 Carter Justice Dept. found more than 32,000 attempted rapes.
- But when a woman was armed with a knife or gun, 97% of rapes FAILED.

That's why, do you think we're teaching all the future Queens here how to use knives and Rods of Iron? You got the sword of truth in a more physical sense; and, you got the Rod of Iron; and, what did they find? What did they find? This is your Justice Department, folks. I'm called a cult leader, because I'm showing stats from the US Justice Department, okay. There you go. There you go. That's how dumb down they want you to be. Justice Department found 32,000 attempted rapes. When a woman was armed with a knife or gun, 97% of rapes failed. Why wouldn't God want His children to have the Rod of Iron, which He says will be the way He will rule His Kingdom? Why wouldn't He give that accoutrement of the Rod of Iron to His children, because He loves children, and he doesn't want to see them raped? Wouldn't a loving father do that? I definitely would train my baby girl to know how to use knives and guns, too. Ridiculous!

- 60% of felons said that they would not attack victims if know to be armed.
- 74% of burglars said they will avoid houses they think are armed.

Now, anybody who trains in combat arts, you know it's a game of probabilities. You can never get a 100% guaranteed. Even, read your Bible, in the Kingdom of God there's still evil in the world; so, you never get a hundred percent, no sin, no evil. This is why I hear this, I hear this on televangelist, and I hear this on Christian channels, What the hell are you talking about? How do you explain the war of Gog and Magog that happens in Revelation 20 after a thousand years of Jesus' reign? You would think that after a thousand years of no sin, you would have a really, you would have a potential for bad people. That's what they're teaching. That's what they're teaching you in their brainwashing centers, which are now called Churches, because they want you to become Socialists. They want you to become Commies; so, you will give into the disarmament, you will give into the helplessness; and, you'll think you're doing a Christian duty, doing it. Just like Pol Pot did. Just like Stalin did. Just like Hitler did. You're just supposed to give in. Submit. Jesus is going to take you away in a rapture. You're going to be fine. It is a military program that is on top of you, folks; and, they're using the churches, and the priest and the diocese to do it to you. That's why they fear the rule of the Rod of Iron.

Oh my gosh! If Christians starting saying, "Hey, wait a minute. Wait a minute. I have a Crown of sovereignty? I'm a coheir with Christ? I am not a slave on some liberal plantation, or some neocon Republican plantation, neither. I'm a child of God, who's a coheir with Christ? I got a Crown on my head; and, I got a Rod of Iron?" And, oh my goodness. If you see Christians doing that around this whole country, how can radical Islam take it over like they're doing in Europe? How can all those Socialist plans from Sweden to Germany to London, how can all those military programs work, if Christians start saying, "Hey, wait a minute. Wait a minute? I got to start, I got to start to read. Maybe that crazy cult Pastor Moonies are saying something very relevant now?" That the whole freakin' body of Christ, nobody is saying; and, all day long you saying about how we're going to Hell, and we're cult leaders. We're trying to say, "Wake up you idiot. The radical islamists are coming. They got a military operation with the Democratic Party, you dumb idiots. We're sounding the alarm."

But of course, the state-run churches won't tell you that. They're just saying, "Oh, just be good. Render unto Caesars which is his. Give your beta taxes. Come on. Romans 13. God has placed them in authority.' Your taxes keep going up. They keep stealing your life force, your life energy away. All your product. Everything. Hey, it's okay. God's going to rapture you in the end. This is a military religious operation.

Margaret Sanger, when she brought Planned Parenthood into the Black neighborhoods, she said, we're going to hire, and we are going to takeover the Black pulpits, because they know religion, especially Christianity. They're going to take over a the pulpits to dumb down and weaken the people, so they have no amygdala function. They can't tell which one is the wolf? They can't tell who's an evil person? They can't tell righteousness from unrighteousness? They think evil is good, and good is evil. It's exactly what the Prophet Isaiah warned of. Calling us crazy, cause we're telling you the truth; and, his rule will be with a Rod of Iron.

We have the actual statistics from the Justice Department that show when the civilian population can have the right of Kings. It does stop criminality. It does put fear into the wolves. It does put terror into the terrorists. Now, can it get down to zero, can it stop all. No, it can't do that; but, the probabilities are way better. Would you like to be on the opposite side of the probability? Wouldn't you rather have up in the sixties, seventies, nineties and eighties, instead of the tens, twenties, thirties? Which probabilities would you want? Give me a break.

The microcosm is moving, cause now we're getting politicians, who are special forces, you know, Army Green Beret. I think it's because Chief is standing on the microcosm. He's standing up for God's Kingdom. He's standing up for God's Kingship. He's First Class Green Beret; and, he is making all the spiritual world Green Beret, spiritual world everything is happening; and, now we're getting Green Berets who are younger than him, who are lower classes than him. The next generations, different generations; but, now your starting to get them to stand up saying, we got to take this country back. Play this clip. Go ahead:

YouTube 1:53:16 to 2:00:31

(Del. Nicholas J. Freitas. This guys a Green Beret "So, over the past several days Mr. Speaker, there's been a lot of discussion with respect to school shootings, gun violence, gun control, etc." It was about an open and honest debate over gun rights.)

That's Nick Freitas. He's running for Senate in Virginia; so, now the Green Berets, you see, it's amazing. Chief stands on the microcosm. Gets persecuted. Gets hated. Gets called, you know, gets called out all of a sudden; and, then now we see a successor of the Green Berets. They're starting to stand out. They're starting to come up. They're starting to say, this republic is going to die if we don't do something about it; and they're starting to stand in political positions in office.

There's a Black Green Beret guy; another Black Special Forces guy running, where is it? Is it Georgia? I can't remember exactly where, But anyways, a lot of Special Forces guys are now coming out. Oh, you Lefties are in big trouble now. Oh, what crazies. It's amazing. It's amazing. You see, these folks know. They know; and, they understand when they seen this title.

This is *the Philadelphia Inquirer*, the biggest paper in Pennsylvania, okay. This all happened last week, folks. Nick Freitas speech went viral last week. That just happened, do you understand? That's how fast these are moving. This article just came out just last week, too. Who's that handsome man over there? Do we know him? Do we know him?

YouTube 201.55

"Poconos gunmaker's vision: An AR-15 for every American." Rod of Iron for every American. That's the article. That's the title. Whenever any of the Special Forces guys, or any vets see this thing, "Yeah, baby!" They know what we're talking about. Think about it. It everybody in the Kingdom had a Rod of Iron. Understand that they had lives to defend, and that was their God given right. Understand that they had a Kingdom to defend, and they wouldn't let it be taken over. They wouldn't lay down and be submitted by radical ideologies, and radical death cults like Islam and Satanism, radical Islam and Satanism, Luciferianism, you name it.

Think about all those control freaks of the UN or the EU, all these top level banking cartel elites doing satanic rituals. Think about them seeing this kind of thing. It freaks them out; because, you may have tanks, you may have airplane, you may have all that, but if every American has an AR15, you have a massive issue to deal with. You've got a big problem on your hands, if you're a Commie, and a wanna be dictator, and an EU bureaucrats. Big problem.

There you go. Zoom in on this guy. "Greeley, PA – An AR-15 semiautomatic rifle sits perched on a rack, higher than all other things that decorate Justin Moon's office in the Poconos."

"He built the rifle himself, and it rests above his diplomas from Harvard, yes. Harvard and the University of Miami and shelves jammed with thick economics textbooks and business guides. Last

week he sat at a desk beneath it discussing a dead-serious plan to make sure that black gun even more ubiquitous in America.”

“I mean, every American should really have an AR,” Mr. Moon said. “It’s an American rifle.” It’s a rifle that was built on Judaeo-Christian culture that was trying to help other countries become free. So, it is a rifle that aided in the process of trying to spread goodness in the world, okay; and, that’s why it is a Cheon Il Guk rifle as well.

“Moon, 47, is a son of the late Rev. Sun Myung Moon, founder of the controversial Unification Church in South Korea, but makes a living as a firearms manufacturer. Kahr Arms... They didn’t mention that Father was a firearms manufacturer. They didn’t mention that we made the Vulcan Canon for the South Korean Army. They didn’t mention that we made the M1 Carbine for the South Korean military. They kind of forgot about that, huh. – which he founded in 1995, makes tens of thousands of pistols and rifles each year from facilities in Minnesota and Massachusetts, including a semiautomatic version of the Thompson submachine gun, the in the “Tommy Gun” that mowed down Chicago gangsters in the 1920s.”

“Moon canceled plans to build a plant in New York state, where his headquarters were located, after more restrictive gun-control measures were passed there in 2013 that expanded bans on military-style weapons and limited magazine sizes. He looked to Pennsylvania, which he described as “very gun-friendly.” In 2015, local and state elected officials helped him cut the ribbon on his new headquarters and 620-acre industrial park he purchased off a winding road in Pike County.”

He forgot to mention that Eric Trump was there, too. President Trump’s family was represented there as well. That’s why you have representatives of the Korean government trying to ask us, “Please tell Trump. They come to us and ask us, “Please tell Trump to stop the embargo on steel and aluminum.” Oh, my gosh. Look, we can’t tell Trump anything, okay. He sends this on to our men, but he doesn’t listen to us on terms of policy, okay, in terms of taxing, you know, imports on steel.

“Moon canceled plans in building in New York state, etc. “I think, I share the value of many Pennsylvanians,” Moon said. “I fish. I hunt. I camp. You name it. Pennsylvania has a strong rural population with strong values. They love America. They love freedom.”

“Last month, Moon’s brother, (cult leader) Pastor Hyung Jin “Sean” Moon, brought worldwide attention to rural Pennsylvania when he encouraged couples to bring their AR-15s to a marriage blessing at his World Peace and Unification Sanctuary Church in Newfoundland, about 20 miles from Kahr Arms. The Bible references Christ ruling with a “rod of iron,” and Sean Moon believes that the rod of iron is the AR-15, which is not made from iron.”

Hello! Steel is 90% iron. Do you think 2,000 years ago John the Revelator said, “Well, I believe the composition of this rod of iron.” He saw a freaking hard metal rod spitting fire. He doesn’t know the exact composition scientifically, okay. Steel is 90% plus iron; and, then it’s got some carbon in it This is coming from people, who actually know the composition of steel alloys. In fact, it comes from Kook Jin Hyung, who actually manufactures steel products, okay; so, it is a Rod of Iron. Pennsylvania, what is that? *The Philadelphia Inquirer*. ‘His reading of the Book of Revelation of the Rod of Iron makes sense to me,” he said. Justin Moon, a church member.

“Next to his office in the The Tommy Gun Warehouse, his retail store, where many of his brother’s followers came shopping before the marriage blessing. Moon stood in front of a wall of AR-15s, only a

few of which bore the “Greeley” stamp. But soon, when the adjoining manufacturing plant is fully fired up, Moon said, he’ll roll out a “Thompson AR-15,” priced just under \$700, in larger numbers. He currently employs 25 people in the office, store, and web shop.”

“I’m going to make a standard AR-15 with my brand on it,” he said. “The AR-15 is the most popular rifle in America. It’s the most common rifle in America.”

“The NRA estimates that eight million Americans own an AR-15. It has also been used to five of the six deadliest shootings in the nation in the last six years recently in the Parkland, Fla., massacre.”

Notice how the Left is always going after the AR? Always, always after the AR. They don’t want that to spread from eight million to three hundred million. Ooh! Boy, that would be a problem. That would be very bad for them. Very bad.

“Moon said, he follows state and federal firearms laws but does not support age restrictions, limitations on specific guns, or restrictions on specific guns, or even bans on bump stocks. The attachment that uses a semiautomatic rifle’s recoil to fire even faster – the reason why Stephen Paddock was able to kill so many people in Las Vegas last year is what they say. In fact, Moon believes the Founding Fathers intended the Second Amendment to involve with the times. That citizens should be allowed to own any firearms they can literally carry in order to match the governments firepower. Exactly that’s what it was for.”

Thomas Jefferson said, “You have to even fight the government every twenty to forty years.” He literally said that. “We should have the right to have the same arms the military has as soldiers,” he said, which is true.

“Moon donates to candidates, organizations, and causes countrywide that support the Second Amendment, and his politics have no middle ground.”

“It’s not a secret. I support the Republican Party. I’m conservative. I’m not a Liberal. Never pretended to be,” he said. “I would be one of the deplorables, clinging to Gods and guns. That fits me pretty well.”

Oh, you deplorables. Look at you? I’m triggered right now. I need my safe space. Okay.

“Hillary Clinton bobblehead, dressed in prison garb, sits on a shelf in a Kahr meeting room, next to a bobblehead of the man to whom she lost.” They couldn’t even mention Trump. It’s like saying the Devil’s name or something. They couldn’t even put Trump down. That’s so pathetic.

“Moon, a married father of seven, came to the United States from South Korea when he was 3, and although he embraced his heritage, the American dream is dearer to him.”

“America is the greatest and the freest nation on earth, and I hope it stays that way because I want my kids to grow up in a free nation with opportunity,” he said. “Koreans do well in America because they work hard and take advantage of opportunities. They don’t go on welfare.”

“Moon’s hatred of communism and socialism has direct roots in North Korea, where his father was imprisoned in a labor camp for five years, accused of being of being a spy for the South Korean government.” Okay, they got that stuff right.

“Socialism is basically making the whole country a prison,” he said. “In a prison, everyone is equal. They get the same cell, same food; they get the same health care, and only the government employees have guns.”

Exactly! You love Socialism, you love Communism. Go to prison first. How’s that. How about we send you to prison. See how you like it. All the Lefties, who want Socialism, Communism, how about we just put you in a prison. Let you hang out there for a little while; see how you like it. Make it a North Korean prison. Just spice it up a little bit.

“Sun Myung Moon later became a self-professed messiah and started the Unification Church in 1954. Though it has been called a cult by its detractors, it considers Sean Moon’s church a “breakaway group,” and Unification Church officials said last month that firearms play no part in its doctrine.” even though Father, Sun Myung Moon, put Crowns on my head three times in three different Ceremonies; said that I am his successor, and said that, the people in the Movement, if they go against who they chose, that they are “destroyers and heretics.”

Whoopsy Daisy. Sorry about that. We’re not really the breakaway, okay. We are the main. We are the orthodoxy. Give me the break! It’s the UC that’s become the Leftist liberal lunatics, and Socialists, and freakin’ radical feminists. They’re the ones that are completely heretics.

“While in Miami MBA program. Justin Moon drew up plans for a small, powerful pistol that became the Kahr K9. The prototype was an instant hit, Moon said, and he started producing the guns in 1995. According to a 2011 *New York Daily News* article, Kahr sold 5,000 K9s to the New York Police Department for off-duty use, though it later ordered its officers to stop carrying the gun because the trigger was too light.” They require a 12 lbs trigger, apparently.

Pennsylvania is home to dozens of gun manufacturers, some of which make just a handful of guns, according to Bureau of Alcohol, Tobacco, Firearms and Explosives statistics. One Northumberland County manufacturer specializing in smaller rifles made for younger shooters sold over 49,000 firearms in 2016. Moon has purchased several other manufacturers over the years, combining many of them into the parent company Saeilo Inc. ATF statistics Saeilo produced 40,274 (forty thousand plus) pistols and 9,086 (nine thousand plus) rifles, etc. It explains that. And it goes on to explain some of the protests. This is one of the people who protest it:

“Gragert lives in Milford, 14 miles from the Tommy Gun Warehouse, and he happens to have a master’s degree and Ph.D. in Korean and Japanese history.” Oh, that’s supposed to make him a god now, because he has a Ph.D. Oh, I worship him now. “He knows the Moons well. He said he believes Sean’s doctrine is dangerous and frets that his brother will be manufacturing AR-15s here in the Poconos.”

“This glorification of assault rifles has no place here,” Gragert said. “These weapons are designed to shoot people.” Well, they’re designed to shoot tyrants like people of the British Crown, the Red Coats. Yes, that’s why the Founding Father’s used them. George Washington and Thomas Jefferson used them against Red Coats like you.

“Moon returned to his office after discussing the AR-15s, and two women shuffled past rows of handguns in glass cases in the Tommy Gun Warehouse stopping to grip models an employee recommended for personal protection. The women were surprised at how light some were and

described one as “sexy.” They lived together in the Poconos, and in the wake of a recent nor’easter and subsequent power outages they were troubled by reports of break-ins.” You saw the stats. You saw the stats on the break-ins. You saw the stats, okay. “One of the large TVs on a store wall was set to Infowars, a right-wing media outlet that peddles conspiracy theories.”

“We live alone in the woods,” Evie Ascencio, 62, said. “There’s no one around, and it would take police 30 minutes to respond to something.”

“Outside, Justin Moon’s modified Jeep sat in the snow flurries, complete with a rooftop tent, propane tank, and a spine board, capable of barreling through whatever (Zombie apocalypse) he thinks is coming.”

They took that out. In the first article, they had Zombie apocalypse there. They took it out. They took it out. When they first wrote it, they had “Zombie apocalypse” there. How many people saw it? I saw it; though they changed the article. They took it out. They took out. They should have kept it in, because it was so cool. I mean, all the liberals think, “Oh, my God. That’s so barbaric;” but, all the conservatives said, “Yeah, baby!”

“Sean Moon has a Jeep just like it.”

Alright there you go. There you go, folks. The largest newspaper in Pennsylvania. They got to just praise the crazy Moon’s that are supposed to be a gun cult, and we’re a brainwashing camp. No, we want you to be a King; and, we want you to have freedom and sovereignty. We’re not here controlling you. We don’t even take a Church registry. We want people to be free; and, we gather together here by free association, and the love of God. We are not here to state-control you. We are not here to run you like a state-run church. We’re not here to rule over your lives. We’re here to study the Scripture; and, we are gathered together to give God some glory. That’s what we’re doing here. We’re not interested in controlling your freakin’ life. Just try to control mine.

Did you know Father’s first Jeep, I mean did you know Father’s first car was an Army surplus Jeep Wrangler? Did you know that? Stick shift Jeep Wrangler. Army surplus. Did you know that? When we first were driving Mother around here in the King Mobile she said, “This reminds me of that Jeep;” so, she likes that stick shift. She likes that stick shift, even though she’s 92, she likes that stick shift. That’s a real woman right there. Oh Lord. Oh boy. Alright folks. Alright folks. There’s one more video here. What was that video?

Now, this is a serious thing, okay. It was in 1993, was it? What was the year of Waco? Was it 1992? Could someone look that up real quick there? It was 1993. Okay. Now, Waco was that situation where David Koresh and the Branch Davidians, like a part of the Jehovah Witness, etc; and, this is where the Federal government came in. Listen to these dates. A stand-off with the Federal government started 2/28. February 28th. What happened on February 28th? It ended what was it? April 19th. April 19th. True Parents Day will be April 16th Okay. This was a huge change in American history, okay. Oh, just look it up, somebody. Come on.

But, look at it? This is the first time the American government got caught. For the first time in American history, we saw a militarized federal government kill, kill a whole community, including children. That was 50 plus people, including children. Burned them to death. The federal government. The first time they were caught. 50 plus without due process. American citizens killed people, including children. Burned them to death. The federal government. A whole community, including

children. That's fifty plus people, including children. Burned them to death. The federal government. First time. They were caught. Fifty plus American citizens. Killed, without due process. It was 82? It was 82. Just look it up. You guys are driving me nuts.

Think about it. This was the first time the federal government was caught. They were making them all things. David Koresh was sexually molesting kids. They brought them to court on that. The Court saw it, and they were not guilty, etc, etc. They had a wacky theology. That's fine. But, they were American citizens. When was it? 93. 1993. Waco is definitely not 76. Waco, TX is 93.

That's right, because it was under Clinton, okay. Clinton had just got into power; and, three months later, Janet Reno and Clinton; so, we know it was 93, folks. This is the first time the American government showed that they were a military dictatorship; and, it's the first time that they were caught killing and murdering 50 plus American citizens with militarized SWAT teams. Clinton was there, and Janet Reno, okay. This is the twenty-fifth anniversary. It's 93, cause Clinton was in office during this thing, okay? 76 deaths. I'm sorry. 76 deaths. They killed 76 American citizens, including children.

They said, they were going in to save the children; then they burned them up. These are American citizens. Now, you may disagree with their religion, you may disagree with their theology; but, you just go in with a military police force, and a military operations, and kill them, and burn them to death, including children. You don't have that moral high ground when you do that, okay. This is the first time in American history when there was shown that we live under now an oligarchy and a military dictatorship, which is the reason why they want to disarm you all the time, because we now become an oligopoly oligarchy. BBC wrote an article in 2011, showing sociological evidence that we are an oligarchy.

But, Waco went beyond that. It showed this is the twenty-fifth anniversary coming up right now, okay. This happened twenty-five years ago, under the liberal lunatics and Clinton. This is what Hillary would have brought in at a higher level. The murder of innocent kids, and the SWAT teams.

Now, of course, they were a centralized group or body. They were organized and centralized together, etc; but, this was the real thing, because people are thinking about Waco twenty-five years later, and the Branch Davidians and all that. Regardless of whatever they believe, they have First Amendment rights. They have Second Amendment rights. They have the right of due process. They have the right to be brought before a court of law. They had a right, you know, before their own government officials coming in and burning them down with tanks. You saw the tank. Remember that? They had a tank with a flame torch on it that broke through the thing; and, what has come about on it? This is *Extra*. *Extra* is a left leaning news agency that was popular in the 1990s or 2,000. Let's look at this brief clip about that then on Waco.

YouTube 2:21:58 to 2:27:58

(The Waco showdown is still burning. According to Janet Reno, she said that the government did not set that fire. Let's see. Those who survived that precious compound said that the government set the fires. The Waco survivors speak on what was said by what was done by their own government. They call it the murder. The violent terror was set against them by their own government. Now, let see what they say. The government said David Koresh set the fire; but, the survivors say the government set fires.)

So, you can see there in 1993, the Leftist governments were coming completely militarized and Socialist. Now, under Hillary Clinton, this in not only continuing; but, imagine if we had that ceremony

under Hillary Clinton. Do you see what I'm saying? God has had President Trump as the reprieve for this nation; and, now the news is, he's now going to go after Hillary Clinton; but, imagine if we had that ceremony under Hillary Clinton? Do you see what I'm saying? God has had President Trump; and now the news is that he's now going after Hillary Clinton. McCabe is only to be fired; and, he had a future GPS; and, Jeff Session is now going to start moving; and, now they are going to start going to go after Hillary Clinton as the crime family, which is great. Lock her up!

But, this is a reality that their government cannot deny, that their government has gone way to far in Waco. That their government was the proof of it under Waco; and, now 25 years ago, under Hillary Clinton; and now new Leftists are coming so fast, folks. That's why they fear the Rod of Iron so much, because they have normal Christians, goodhearted people, who knew and have good amygdala function, and know that predators are all around, and are encamped all around, and had been ready to break in; and, as soon as they get ready to impeach Trump, or get rid of him, or assassinate him, or they're going to come in and try to enacted world government on everybody.

But, one thing, only one thing will put a huge monkey wrench into that, and that is if Christianity will withstand their responsibility of the rule of the Rod of Iron to defend God's people, to defend God's people and His civilization; and to defend Christianity from radical Islam, from radical Communism, radical Socialism, from the radical Left, from totalitarianists, from tyrants, and dictators and defend God's people, defend God's people and his civilization, and defend Judaeo-Christianity from radical Islam, from radical Communism, from radical Socialism, from the radical Left, from totalitarists and tyrants, and dictators and despots who desire to have nothing more than full control of everything.

And, this is of course to have full control of everything. While even in our community people say, "You guys become like Waco? Well, first of all, we're not a centralized organization. We don't live on one compound. We don't. We all live in separate houses. We have separate air. We live where we all have private property. We all have our are own guns. We don't operate like a Socialist, Communist utopia. We all don't live in a Communist, Socialist Utopia. Most of us the Socialist Utopian societies that you see in any religion, they're always a socialist type system; whereas, you can see us; whereas, you can see us, were not Socialist at all.

We support one another to become entrepreneurs. We want people to have prosperity and success, and to have Kingdoms. That they will become righteous Christians, and to be Kings and Queens. Be ye perfect as your Father is perfect, (Matthew 5:48) who love God, and love thy neighbor (Mark 12:31, Luke 10:27)

Be answers, folks. That's the answer to encroaching radical Islam. That's the answer to the encroachment of the Lefts and the Satanists. That's the answer to the encroachment of the worldwide banking cartel to manipulate and monetize the nations of monetary theft. That's the answer. They know the answer is Christianity in the Kingdom. We know that the Kingdom of the rule of the Rod of Iron, which is the reason that they freaked out just so bad when just, just a couple of hundred gathered in the love of Christ, love thy neighbor, and had the accoutrement of a couple of hundred displayed in a beautiful classical music setting ceremony, by the way.

We're no in military outfits, we're not in camo. We're in beautiful robes and in Crowns, and beautiful golden Crowns; and, there's even a beautiful golden Rod of Iron here. Classical music. That's even more scary, because it shows that if Christianity understands that this is part of their inheritance, part of their civilization, that they are unstoppable. That they cannot be overrun by their radical Islam. That they cannot be overrun by the Satanists that want to eat their children, who they cannot be overrun who

want to keep them as slaves. That they cannot be overrun, which is the reason why they are feared by this tiny little group so much.

Many of these tiny little states are watching us; and, I'm not going to lie to you, that many of the deep states are watching us. We know that. There's no question about it. The 2.2 billion people in the world heard this story. They heard the Rod of Iron. They heard a new vocabulary, a new word. Everything released from Newfoundland, Pennsylvania; and, we are talking about citizens empowerment.

Human rights. We're talking about citizen empowerment. We don't get sold out by these crazy lunatics at the top, who always want to rule over us, Lord over these these predator salivating wolves. Wolves, who are see what's for dinner. That's why the Kingdom is not going to be a... That's why Christ's Kingdom is not going to be a democracy, where it can be taken over by Socialism, by brainwashing the young people, and making them both Socialism and Commies.

God's Kingdom is not democratic. It's not going to have mob rule. God's Kingdom is going to have God's law; and, it's never going to be turned over to Socialism and Communism and Leftism, which is Political Satanism. But that's why we have to remember Waco, folks. Even though though we don't know what they believe. I honestly don't know what they believe.

Democracy, who always want to laud over these predators. Two wolves voting to see what is for dinner. But, that's not the point. The point is they had a First Amendment right, a Second Amendment right; and, they got massacred, because under the Leftist they were militarized in this government, and look how dangerous they became. That's a direct threat to everybody, folks.

Christians just sat idly by and they said, "Oh, that was just some Jehovah Witness. There just going to hell anyways." They coming for you next, you idiots. If they can do that to just some little thing, they'll call you a cult. That's what they did under Obama. They did that under evangelical Christians domestic terrorists. If they can do that to anybody, they can do that to you. You either stand together; or, you hang separate.

So, you can call us anything you want. If you're waiting for Waco to happen on any level, you're a devil, you are a satanic devil; and, you are not standing up for God and his people. I mean, these liberals are so stupid. They think that they can get away with that stuff. Don't they know the governments always turn on them as well?

They're so stupid. They don't know any history. Read history. They'll always turn on you, too. Alright folks. Let's go to **Cheon Seong Gyeong 348**, Let's end with this, today,

What is a parent-child relationship based on? It is blood ties. The word "father" involves love and lineage. To be children of direct lineage, you should be one body in love. You should be connected through lineage. Blood creates life. It possesses the life that has inherited the parents' traditions. Through what? Through love.

And in the end, it is when good people, when good citizens can become Kings and Queens, and love thy God, and love thy neighbor, when peace on Earth can come. When the Devils and the wolves can be chased away; and, the wicked can be punished for the crimes against humanity; and, the evil and elites can be brought to justice; and, God's people, who were once poor in spirit, can now have inherited the Kingdom of God, can rise up and stand with Christ with authority, goodness, power and justice for ever and ever. Amen-Aju!

Alright folks. Come on, let's all rise. SOS, come on down, and let's give God the praise that He deserves. Thank Him for the freedom, and the Kingdom that is coming. Amen-Aju!
