

## 2018.06.24~Rod of Iron Kingdom 19~Rev. Hyung Jin Moon~Newfoundland, PA

If you got your Bible's today, because we got a little technical difficulties, we're going to Luke 9 folks. Luke 9, okay. You should probably be able to get it on your hand phone, too; but, that may not be a good idea, because the kids may be playing video games pretending they're looking at the Bible; so, don't pull out your phones, kids. We ain't no fools. We know what you're doing.

Okay, no Sunday School today. Yes, I had a wonderful time at Pastor Cook yesterday. Yes, he's a patriot Pastor on Instagram. I follow him on Instagram. We had a great time with him. Wow! What a patriot. What an incredible man. We had an awesome interview with him. We're going to air that, probably on Monday or Tuesday on *The King's Report*. Phenomenal interview. Wow! God is sending such wonderful, amazing people; and, we did some nice shooting with him on the range. Had some nice fellowship. Had an amazing Kimchi. where's Emo? Where's Sun Kwi? Where'd she go? There she is. She made an amazing Korean feast.

So, he post some of his things. He said, "In the Kingdom of God, the Bible says, those who give even a glass of water to my believers will be remembered in the Kingdom of God?" (Matthew 10:42) So he said, "How much more a feast, a Korean feast?" But he was thanking them. They did a great job. Had awesome food out there in the wild, in nature. You know, we got the Jeeps out there. He got his pickup truck. Got all this stuff, you know, loaded. Propane tanks, and Bunsen burners to cook all that food. Woo Wee! Praise God! That's what it's about. And rings of steel. Bing, bing, bing, bong, bing, bing! Now, we know what Trump was talking about with the bing, bing, bing. When you hit those steel targets, they go bling. Bing, bing, bing, bing! The sounds of liberty. Yes?

Alright folks, we're in Chapter 9 of Luke; so, if you got your Bibles, go to Chapter 9 of Luke; and, we're in Verse 1, okay. And, it's interesting. This Chapter is connected to another Chapter, which I'll show you. I'll show you. I'll show you it's completely connected to another Chapter. Alright, we're going old school today back to the book. See, books did exist in this world, you know, before the Internet computer. There used to be a thing called books. My goodness, what age was that? Okay, we're in Chapter 9 of Luke; and, let's read together:

**Luke 9:1 Then he called his twelve disciples together, and gave them power and authority over all devils, and to cure diseases. 2 And he sent them to preach the kingdom of God, and to heal the sick. 3 And he said unto them, Take nothing for your journey, neither staves, nor scrip, neither bread, neither money; neither have two coats apiece. 4 And whatsoever house ye enter into, there abide, and thence depart. 5 And whosoever will not receive you, when ye go out of that city, shake off the very dust from your feet for a testimony against them. 6 And they departed, and went through the towns, preaching the gospel, and healing every where.**

Then they go out and evangelize. So, we see here, this is Christ is training them, and he's instilling them, and giving them power, he's giving them authority over devils.

It's interesting, the Queen is doing a nice study with the sisters here in a book called, *The Power of a Praying Wife* by Stormie Omartian. You know what I mean? Praying for your husband, praying for his victory, praying for your man, and visa versa. Husband praying for your wife, etc. *The Power of a Praying Husband*; but, of course, one of things that they study is, a lot women come into a problem with this is a Godly order in the home. You know, they want to be over the husband.

They want to be the boss. The society and Sociology and Feminism has taught you that it's a power struggle. They taught you that it's all about power. That your husband is trying to oppress you; and, that marriage is a deathbed of women; and, you'll never be able to fulfill your dreams and ambitions and visions. It's death, death, death. That kind of stuff, okay. So, this is what they teach you; so, when you try and get married, and you get Blessed, or you go into marriage, then you're so brainwashed, you don't know why your so unbelievably miserable. Cause you're not following the Godly order, okay.

Husband is to be the Head of the house. He supposed to be the King of the house. At the same time, he's supposed to love his wife as Christ loved the Church. He's supposed to sacrifice. In 1 Timothy, they talk about the husband that's not providing for his family is worse than a heathen. So, man's got a lot of responsibility, okay; and, we got to respect those Kingly duties that God gives him the responsibility to do, okay.

At the same time, so anyways in the course, they were talking, and that incredible book says, Wives, God has never given you authority over your husband to try and dominate him. That's not your authority in the Bible. You don't have that authority to try and dominate your husband. That will only create destruction in your home. That will create havoc. You'll become totally self-absorbed and self-righteous; and, you'll become wallowing in self-pity every single day, and you'll make your house miserable a hundred percent. No question about it.

But, God has given you authority over your children as you raise them, and what else? God has given you authority over Satan. Do you see what I'm saying? God has given you authority over Satan and the devils. The demons and Satan. You see what I'm saying? So, you actually have authority over Satan; but, you don't know that Satan's playing with your mind. You don't know he's coming into your mind, and trying to destroy your family by you trying to be in a power struggle with your husband, because that's the value that he's placed into your brain. Instead of Godly values, and Godly order, he's put just power. He's just put money. He's just put resources. That's not what it's about.

The marriage is not about you. The marriage is about God. It's about bringing God joy. It's about raising a powerful SWAT team family structure, which has order, but also has power, and that the husband is the King. He is empowering the Queen. He is training the children. He is taking on the Priestly duties of the home. He is praying for his family. He is leading them in Scripture and spiritual warfare. These are the responsibilities of the man. Man's got to be doing his responsibilities. If you do this, your wife will respect you, okay.

But, of course, that's why the dangers of pornos, or women dramas or women pornos, they give you a false sense. They put in this Fallen notion of what should be attractive, what you should want, right. They put this Fallen notion in your head. For men, it's these pornos. Just these slutty, slutty things, okay. For girls, it's the romance, and the love triangles, and all the love intrigue, and all that drama. That will ruin your life, folks. Ruin it. it's gonna kill your life. Kill it.

They don't have to pay the price of that. All they're doing is making money off of you watching those things. They don't have to pay the price for your children, you know, being damaged for life, or not having a Mom or Dad, you know what I'm saying, because you're trying to please Gloria Steinem, and try to please some stupid Marxist professors, okay.

So, God has given us authority. So, this is the problem right here. He's given us power and authority over Satan, right. He said, over all devils, and also to cure diseases. That's how we got into this whole situation here. God has given us tremendous authority. Of course, even in the Bible you see in Corinthians, Paul's talking about, "Do you not know that you will take charge over angels." (1 Corinthians 6:3) Angels, which are super, super powerful spiritual beings. You will take charge of angels; and, as you will see in Luke 22, you will sit on Thrones. Thrones, and judge the nations. In that context, in Luke 22:30, it is the context of the twelve tribes of Israel, who are the ones closest to God's heart at the time of Jesus. Yes, I know. You see what I'm saying?

So, when this kind of Godly order, when this kind of Godly order is not done, and the husband does not be the High Priest of the house, he does not fulfill his responsibility that he's supposed to be like, you know. It doesn't mean he's perfect. It doesn't mean he's perfect and flawless, and we never disagree. No. It's just that we understand our roles and responsibilities clearly, cause if you understand your roles and responsibilities clearly, you're positioned, you are way more positioned for success than if you do not understand what it's about. If you don't know what your roles and responsibilities are, you are going to be fighting from day three. Maybe day two. Maybe day two is where it's at, right? Probably day two, cause you don't understand the roles and responsibilities.

You're trying to figure this out; but, society is putting crap in your head. You're trying to figure this out; but, society is trying to brainwash you, to destroy your family, because that's the purpose of the Prussian education school system of centralized education that goes back five hundred years before Christ. I mean, Plato wrote about that in *The Republic*. He wrote about that. You have to separate children's emotional attachment to their parents, so they can be instruments of the state. That's Plato, folks. These people knew this thousands of years ago; so, it is designed to separate you from your children, your children from you, husband from wife, man from woman. It's meant to separate you, to see each other as enemies, and not as SWAT teams, you understand?

When you work as a SWAT team, or when you work as team that's fighting an enemy, you have power, because you have force multiplication through teamwork. So, now you can handle bad, bad, bad guys, and bad, bad, bad teams, because you are working as a team. They don't want your family to work as a team. They don't want you to have the understanding of a SWAT team, or a Special Forces, Special Operations team.

They don't want you to have that conception. They don't want you to be highly skilled, and how to work synergistic with one another, and not seeking the personal glory, but the glory of the team. They don't want you to do that. They want you split up, divided, bickering over stupid things. Fighting over it's chopsticks, and toothpaste, and socks. Do you understand how crazy some of these divorces are? It's like, "Why you got to do that? Man, you got all this freakin' toothpaste all over this sock drawer." I mean, are you listening to yourself? I mean, do you have ears? Does it just come out of your mouth, and like spin around here, and go away? What if is going on. It's crazy.

Anyways, the point is, God has Godly authority He's given us. We've got tremendous power and tremendous authority; but, we have to understand that when we become a family, and we get Blessed, it's a SWAT team. It's like a unit. You need to have a Team Leader. You need to have a Head Coach. The man is supposed to be the Head Coach. He's supposed to be the Team Leader. He's supposed to know how to go into battle and win, and empower his family for winning. What is Trump always saying? "Win, win, win. I get tired of winning. I get tired of winning." That's why people in Europe

and outside like Trump, because he's delivering, and he likes winning. We don't like losing anymore. We're sick of losing.

Anyways, the point is, God has given us tremendous authority; but, we have to understand how we work together in synergy, and understand how awesome and powerful and fun it is when we do. When we do that, we have tremendous power against the Devil, and his wilds and wickedness, okay. His wilds. He's out there. Satan is like a roaring lion that is there to steal. He's there to rob you. He's not only there to rob you of your joys, he's there to rob you of your hard work, of your life, of your time. What do you think centralized government does? It robs you every year on April 24<sup>th</sup>. I'm sorry. What is it? April 15<sup>th</sup>. Whatever it is. Don't be late. Don't be late for your robbery, okay? That is crazy, alright.

But, the Bible says, Satan is there to steal. Then what? To maim, or to kill or murder, and to destroy. He knows, that, if Godly families stand together as SWAT teams or Special Operation units, and they are trained from the ground up, from the Peace Police/ Peace Militia training, and they're strong, and they're not little, you know, little globalist, little Commie, moral posturing, little fakey fairies, they are strong men and women that are not scared of tyrants. They can stand up to tyrants. They can fight tyrants. Boy oh boy, then you got a problem. You got a serious problem, if you are a globalist, an internationalist, and a control freak.

This is what's so funny about the A&E broadcast. You can see all these people, all these guys who came out there. The Hose and Park. I mean, these guys, they look terrible. They look so terrible. They're like on their little crusades of self-importance. "Oh, I got my fifteen minutes of fame of fame. I'm such a good, posturing, virtuous person. Please liberal cult, accept me, accept me? Look how brave I am against the gun people. Ah!" It's like so pathetic. It's so sad. Hello!

He's trying to blame all the gun owners for his brother shooting his Mom, with exercising tremendous irresponsibility with gun ownership. He's trying to blame others. It's the same stupid stuff these gun grabbers do with Parkland, Florida, wherever it is. "Oh, this lunatic on SSRIs and psychotropic drugs just shot up a school. It's all your fault." It's the same kind of crap. It's the same ridiculous stuff over and over again; and, guess what? The gun owners are sick of it. They're sick of it. They're totally sick of it. If they think their going to open it.

You know what I think? They should do more of those programs. All they're doing is sending the Christians to all the Conservative to us. All those oppressed, and belittled, and smirked upon gun owners that have been literally the oppressed peoples; and, they're the most law abiding people in the United States, but yet they are blamed for everything. Go ahead. The more you curse us, the more people will watch it; and, the more people who watch it, the more they'll see what the heck we're preaching about, and how we're showing the exegetical biblical foundational teaching of how the Kingdom of God will be. And, it's not going to be a Communist, Socialist Utopia. You Commies are going to fail.

You will fail, cause you're failures. You're ugly, you're impotent, you're repugnant, you're destructive, you're selfish, you're narcissistic. You're just bitter, bitter, bitter, green-haired, tie-dyed people. I mean, what is wrong with you people. Okay. Alright, folks. I just start ranting, and I get in trouble. I get in trouble. That's okay. They can come after me. I'll put it on the Internet. We're transparent about it.

But, you know, this is what's so funny. They tried to do a slam job, and I showed you. Didn't I tell you, didn't I tell you. Did you see how they tried to edit it out. They show you just before a commercial. Like Elizabeth Vargas, as if she's an incredible, intellectual mind. I thought she was so intellectually weak. I mean, I thought she was very weak intellectually, honestly speaking. You know, it was terrible. I showed you the whole interview. Everybody saw the whole interview. It's up there right now with thousands of views. You can see it for yourself. And then, right before break, they edited it, so it's like, "So, what are the guns going to be used for?" Then they have pictures of me going like, huh?! And then a break. A picture of me looking like surprised; but, that's when we're waiting for the interview to be shot, and they're running around do the camera work, and I'm looking around. They're putting in those shots like I'm bamboozled. I'm flustered by their questions. Yes, her question was so poignant and so intelligent. So penetratingly powerful that I just fell into shock. They're so pathetic. I told you. You see how stupid their editing. I mean, it was pathetic. It was so obvious. I thought they do it a more subtle way, where they actually try and get away with it. They were just blatant fake news.

Anyways, the more they do that, they're only discrediting themselves; so, please do more of it, cause you gun grabbers, you're just losing it. You're such losers. You're such losers. You're such anti-women, anti-human people that don't want people to defend themselves against criminality, cause you like criminality, cause you are criminals. You ally with the Democratic Party in the largest criminal syndicate with the stupid. Oh, my gosh! Don't even get me started on George Soros and these Rothschilds. The Chicoms and these radical Islamists. Don't even get me started. I'm digressing again.

Alright, so anyways, they do the A&E thing, I mean look at this thing? People are writing us all over the country. People are writing us all over the country. These just came in the last few days; and, of course, we know that like millions of Conservatives watch that program. But, as you know, Conservatives who watch that program, they're like circling around. They're like, "Okay, what are these guys about?" Cause, you know, being Conservative means you have proper amygdala function. I mean, you're able to, you try to see who's the predator, who's not a predator. You watch a little bit, you know. You do recon, you access, you know. That's what it means. You know, you're not a Liberal who just says, "it's a trend. I'm going, baby. Ah!" You know, you actually do a little bit of homework. You try to think about stuff. "Check out that guy. What's he about. Okay. You circle around a little bit. You do your little research.

But, here you go. Here's one viewer. I'm going to try and keep the names out. Okay, I'll try and keep the names out, if I can. Read slowly, so I don't mistakenly jump on a name, or something. Here we go. Here's one that came in.

*"I am currently watching the series on A&E about your Church. Bless you and your families. We appreciate any Christian, who respects America's rights and values that is being lost here. Whether it's the Democratic Party or Muslim, are values are being lost. Keep up the good fight. God Bless you. Thank you God for making me aware of this holy Church."*

Alright! Well, where's the lunatics? Oh, the cult members. Woo! Alright! Here's another one:

*"To the Sanctuary Church, Hello! I'm so humbled and honored to have just learned of this organization thanks to a documentary I just watched on A&E about you. You people are correct in every way."*

Now, you did hear, I said, True Father was the “returning Jesus?” So, I guess he’s agreeing with that, too.

*“I have been on my own holy mission like this for a long time. I called, what has become my life’s work, and most important thing I’ll ever do; except I call my holy Army to come, “the Good/Evil Army.”*

Hey, that’s your thing.

*“It means that all good people on this Earth are going have to fight Satan, and all his evil multitudes with such force and strength and power, as evil are going to use. I came up with this idea on my own years ago. I even wrote what I call my own holy Chapter of Revelations, okay, etc, etc.”*

Then, she put some person information, which I shall skip, okay. At the end, she said she’s going to be here; so, maybe she’s here. I’m not sure.

*“To Sanctuary Church! Hello! Yes, I just watched your episode on A&E and Pastor Sean. You spoke to me, and I want to be able to join this cause. You have every right that has spoke to me. I just tried calling your Church within seventy miles. Remember, I live in New York. I would love to move from this blasphemy state to come join this following of God. Could you please e-mail me back.”*

Alright. Oh, and in the end he says, “Love your beliefs.” Oh, I’m sorry. It’s a lady. A lady wrote that. Sorry about that. That was a man; and, now it’s a lady. Okay, here we go. This is a lady.

*“To Sanctuary Church! Need a Church with your beliefs in Alabama. Thank you for not listening to any of the crazy criticism. Keep up the good work and beliefs, no matter what the ‘crazies’ try to shove with their opinions on you. You are not a cult. I believe in your Church, and hope and pray one day, we also have one here.”*

Okay, then they give their name, etc. We’ll skip that. Alright. Here’s another young man who’s writing us; or, anyways, a gentleman that’s writing in.

*“To Sanctuary Church! Hi! Just watched the documentary about the Church, and I would love to become a member. Could you tell me if there’s a Church near Milwaukee, Wisconsin?”*

There you go. Here’s a nice lady that wrote us.

*“Dear Reader! My fiancée and I are very interested in your congregation. We been together over twenty years. Republicans since Trump. Sad that we did not know of your practice until you were on A&E, ‘Cults and Extreme Beliefs.’ I went to a Catholic School, and still believe in Catholic values. I also believe in a right to bear arms in self-defense. During the show, my man and I agreed with your practices more than the Liberal snowflake host. I think it is great you teach youth self-defense. I would like to learn myself. These Sharia Law practitioners are taught at a new-born age to hate Americans, and to kill Americans. Your teachings are down to earth needed in today’s age. I wish we lived closer to join the congregation. I feel I must support the Church in any way I can. I disagree you are a cult. You don’t abuse children. God Bless you and God Bless the USA. Bless you and your congregation.”*

Then the name. Here’s another one. This is from a gentleman that wrote in.

*“I watched the A&E show on the Church. I felt that the Sanctuary Church legitimized it’s position on the Bible. A&E has been so slanderous on all of its reporting on the series. I became so interested in the Sanctuary Church, and how my beliefs are concentric with the Church. How can I become a member, even if I live in... (he’s in North Carolina) Can you send me more information on the ‘Rod of Fire’ and how it relates to the Bible? There you go. He says, thank you. An interested member.”*

This is from another gentleman who’s writing in. This is a short one:

*“To Sanctuary! You guys and gals are totally awesome. (There you go) it is still America, and I support you. Wish we were closer to your AO.”*

What’s AO? “Area of Operation.” There you go. Anyway, there you go. He’s probably a military man. We have another, folks, that is writing in. I don’t know if it’s a man or a woman. Okay, let’s just say it’s a nice person writing in.

*“How can I become a member of the Church? I don’t live where the Church is, but believe in the teachings of Rev. Moon. I have heard a lot about Rev. Moon and his Movements. I think that he’s doing a great job, and would love to support his ministry. Let me know what I need to do? Thank you for your time.”*

There you go. Here’s another message from... Oh, let’s see where it comes out. There’s an address down the bottom. Let’s not read that.

*“I just watched the A&E program on your Church. I would first like to say that I am, nor have ever been a member of any Church. I see you get a bad rap; but, for me, the program has been an eye-opener. I admire your views to protect you and your family from the evils of this world with true values. I have been to a few different Churches throughout my life, but never felt comfortable. They all seem to expect you to be someone only they want. No values. Only what I can do for them. Your Church, from what I could tell, members live and enjoy nature and life, and believe it or not, I could see the passion in your eyes. They have a life, where you can feel safe and in touch. Please send me more info. And, blah, blah, blah, blah, blah...”*

There you go. So, that are some of the e-mails that are pouring in, that are coming in; and, it’s interesting, the Lefties, they try. The more they try to slander us; and of course, down the pipeline we got *VICE* documentary coming out soon. Probably in a couple of months. Denmark will be coming out in a couple of months. BBC. They did that preliminary interview; but, they may send a team down here. You name it.

Anyways, the point is, the more the Lefties try to attack the truth and the Gospel, and this is actually scientifically based and sociologically based in terms of statistics, and to be able to stop crime. The more they try, the more they shoot themselves in the foot, the more they discredit themselves, the more they weaken their position, and the more they try... Did you see them try to fake cry with each other? “Oh-h-h! Yes, blame all the gun owners.” I mean, what happened was terrible; but, it was the responsibility of that boy, who shot his Mom, not exercising proper firearm safety. It’s not the fault of every freaking gun owner that he shot his Mom. Give me a break! Oh, my Lord! These people discredit themselves. They think that coming on to A&E, “Oh, look at me? I’m a social justice warrior. I’m going to fight all these mean gun, gun people. I’m so brave.” I mean, they’re so pathetic.

I mean, that guy, Sammy Park, he's been trying to threaten the Church like the Family Frauds for money for years. Everybody knows this guys always saying, 'You better send me millions of dollars. Millions of dollars.' This guy is a total lunatic; and, he's out there. He's trying to pretend, "Oh, yes. I'm such a faithful person." He was never part of the Church. I mean, it's so, it's so insane.

And did you see how dishonest Slauson Media was? Number one, did you see what, you remember, in the real interview that I showed you, the whole thing unedited? Remember when I brought up the psychotropic drugs and the SSRIs? What did I tell you about that? Do you remember that? They will never put that in. They will never put in the fact that all these mass shootings, every single mass shooting in the United States, minus Virginia Tech; but, I seen the Virginia Tech guy was on some kind of SSRI; but, anyways, even if he wasn't every other mass shooting involves psychotropics.

Freaking Zoloft, anti-depressants that say on their label, "You can become, you can have suicidal thoughts, you have homicidal thoughts." I mean, even though Joe Rogan is kind of selling out. Don't criticize George Soros; and, Alex Jones was attacking this week. I mean, at least Joe Rogan brings up the fact that in these school shootings they use, everybody's on SSRIs. That's Selective Serotonin Reuptake Inhibitors. It blocks the serotonin reuptake into your bloodstream, which then destroys your mood and balances. It makes you completely imbalanced. These are extremely powerful drugs; and, every single crazed out mass shooter lunatic is on them; but, yet the media can't talk about that.

Did you see the A&E program? Did you see every single commercial was about Zoloft. 'If you feel depressed, take this drug. We have the cure for you, and happiness in down the way,' with people in slow-motion running toward the sunset. Ah, ah! These people are so pathetic. You don't think we know your game? We know your game? That's the Liberals, they're just repeat it. All systems of propaganda that's worked for them, pre-Internet Age, they just keep imitating the same patterns. That's why they keep losing, because it's so outlined, it's so identified. Their processes, their modus operandi. rid of any inhibitions, and stuff like that. I mean, Joe Rogan was talking about, he knows some other But, you could see that. As soon as we talked about SSRIs, Boom! That part of the shows gone. There's just silence. No talking, cause those companies actually have, what is it, contracts with the pharmaceutical companies, that if they say anything against the pharmaceuticals, they can cancel the program. This is how crazy that is, that people don't understand. That's how serious the medical, what is it? The big Pharma lobby is in America. I mean, they want to talk about guns, guns, guns for the shootings. What about the stupid SSRIs, which are racking out people's brains, drugging them up, making them hyper-crazy, emotionally imbalanced? Do you know what I mean? Oh my goodness! Get comedian, who's wife shot the comedian in the head. Why? Because she was on SSRIs. She got whacked out. She got whacked out, and she shot him in the head.

Gun owners are the most law abiding peoples in the country. That's a statistical fact. They have less crime rate, CCW holders, they have less crime rate than police officers. They commit less crime than police officers; and, these are crimes that are actually worked through the system. I'm not talking about the crimes that are covered up in some of the bad cop areas, you know what I mean? There's a lot of good cop areas in the rural areas, but, in the city areas, who knows. Some of those institutions are so corrupt, you know what I mean? It's like a Mob; and, you can basically get away with anything.

Did you see that guy in Brooklyn, where he killed that Black guy, the big Black dude? He choked him out. He killed him. He killed a guy; and, the guy was resisting. He definitely killed him. He definitely killed him. I mean, he killed that Black man; and, those guys got off the hook. So, that's dangerous.

When it gets centralized, that becomes very dangerous; but, you can see, the more they try and attack gun owners, and blame gun owners for problems that they committed, this is what's so hilarious.

They follow this bozo around, as he's some kind of social justice hero. Then he's trying to create this little narrative. "Oh, I'm fighting. I'm going to push back. I'm so brave. I'm going to beat up Gideon. Yeah, I'm going to just destroy Gideon. I'm from Seattle. I need Starbucks right now, okay. I'm going to like argue with Gideon. They just edit out everything Gideon says; but, "I win. I win. I win, I win" because Slauson Media had my little story; but, you could see how fake it was. Slauson Media. What a fake production company. They came out here trying to make a story. They already had a narrative. They already thought how things were going on. Edited to their story; and, because we released the video, in the end, they were forced, they were forced to put in my quotes at the end. At least, then I could answer the questions. Did you see? They actually left in some of that stuff; but, they mentioned that I was releasing the video that I was letting everybody know that they're doing a slam job on us. It's obvious, and it was so pathetically weak. That was so weak, it was ridiculous; and, millions of people saw it, and we're getting tons of fan mail coming in. They turned zero gun owners away from us. They turned zero Conservatives away from us. Zero. The Lefty lunatics at CBS, they think everybody's crazy. They think the Bible is crazy. Do you know what I'm saying? They think, if you're dressed up on Sunday, and you go to Church, you're crazy. That's what they think. So, they're not going to like whatever we do; but, we are interracial. We got, you know, Black folks, and South East Asian folks, and White folks, and Latinas; and, we got all these Crowns, we got glamour, we got style, and we got the lion walk. We ain't got no cat, but we got the lion walk, baby.

Do you know what we're going to do? We're just going to do to make them more angry on the next Blessing. We'll have more people with AR-15s. The medias already asking us, "Please tell us three months in advance, so we can send a whole crew out; so, you know the freaking international medias coming. I mean, CNN, they're all coming. Of course, they're trying to do a slam job on me; but, that's okay. No problem. The more they attack, the more they lose. They think we're small. They think you're picking on such a multi-racial beautiful group, who's glamorous, and got Crowns, beautiful gowns and dresses, and style.

Where is Hollywood, baby? Now Hollywood is collapsing, is dying. Nobody wants no Hollywood no more. We got Holywood up here. We got Holywood. We got Kingdomwood up here. Kingdomland. We're going to have a beautiful ceremony on the next Blessing, okay. I saw it. I was with the Queen, and we're passing by this screen, and it had this, I don't know, the Oscars or some stupid thing like that. Anyways, I don't remember what it was. Anyway, it had this beautiful rose wall, this wall of roses. You know, CBS was broadcasting; so, you had CBS, with the little spy eye on you. "Wee, I'm CBS. Let me surveil you." And, they had a little eye there, you know, you're supposed to with their little cult symbol. "Oh, yeah! The enlightened elites are watching me. Oh yeah!" And all these celebrities in front of their cult. I saw their wall, and I said, "Man, that's a beautiful wall.

Do you know what we're going to do? Next Blessing were going to have an awesome, beautiful wall with red carpet. Will have a rose wall, with ivory, well not real ivory. It will be painted to look like ivory. The Peace Police/ Peace Militia logo in white set into this beautiful rose backdrop. And, will have all the paparazzi; and, all the paparazzi can come and meet them there; and, we'll do a little lionwalk, and everybody can pose in front of the cameras with an AR. You walk up; there's a couple, or your family; get your AR shot with your Crown on, and then you go on. The cameras will be clicking away. Click, click, click, click, click...

The more you try to run, you can't run from this Kingdom that's coming. You can't run from this civilization that is coming. Can't run. We just look too good. So, we're going to have not a catwalk, but a Proverbs 28 lion walk. Proverbs 28 says, "The wicked flee, though none pursue; and, the righteous will be bold as lions." So, we're bold. They don't know what to do with our community, cause we're not all militaried out, and tacked out. we're not all like Special Operation people, although Special Operation people are watching us; but, we're not all military and tacked out, you know. Even though we train with some of that gear; but, we don't like dress like that all the time. You know, we have like beautiful long gowns, we have robes. We look like British royalty. You know, we look good. We look good.

And then, we got the Crowns of sovereignty, We got the Rods of Iron. They don't know what to do with that, and we're multi-racial, so they can't say we're White Supremacists. They try to call me a White Supremacist, okay. But, think about that, they can't deal with that, cause they want to make like, you know, these Christians like these hillbilly big dummies. You know, got that beer in your hand, with that tight shirt up to your chest, and you got your big fat hairy belly hanging out. "Well, well, I believe in Jesus. Yeah!" They want that, because that's what they want, okay; but, we come on in tuxedos. We come on looking fine. We come on looking good. The girls come on looking nice and fit and beautiful in their gowns. We're looking gorgeous flying around. Oh, Lord have mercy. Don't get me started on that, okay. They don't know what to do with that. They can't stand it, cause they look too good; and, it's too much for what they want.

So, inside they're like, "Yeah! No! What are they standing up for? They're standing up for anti-Communism, and anti-globalism, and their Christian. They believe in the Kingdom, and they believe they should be armed. Crap, crap, crap! No, no, no, no! No!" It's so funny, it's ridiculous. The next time we do the Blessing, we're going to have an awesome lionwalk. How's that? Let's do that. Let's do that. You want to do that? Let's do it. And, then will have the paparazzi. They could line up here, or whatever. I don't know where we can be with the building, man. Last year, we were packed out of the building. I honestly don't know which building will be in; so, I can't even say. So, wherever God leads us, will have a nice little catwalk, err, lionwalk. Lionwalk area. We're going to walk down with a beautiful dress, high heels on, and everything. Woo! Give me a break, you bozo Leftist lunatic Hollywood. You're dead. You're over. Hollywood is over.

**Luke 9:1 Then he called his twelve disciples together, and gave them power and authority over all devils, and to cure diseases. 2 And he sent them to preach the kingdom of God, and to heal the sick. 3 And he said unto them, Take nothing for your journey, neither staves, nor scrip, neither bread, neither money; neither have two coats apiece. 4 And whatsoever house ye enter into, there abide, and thence depart.**

So, the Scripture says, so, I want to draw your attention here in **Luke 9:1 He gave you power and authority over all devils, and to cure diseases.** Okay, now check this out. **Verse 2 He sent them to preach the Kingdom of God.** Again, the Gospel of the Kingdom of God; but, look at this? Then he says while he's training them, look at this? He sent them out. In **Verse 3 it says, don't take anything for your journey.** Look at this? **Take nothing for your journey, neither staves, nor scrip, neither bread, neither money;** etc, etc. And, then he sent them out. Now look, this exact same Verse in **Luke 9** is connected to the famous one all the gun folks should know, **Luke 22;** so, let's jump to **Luke 22** now.

I'm going to read you this one more time in **Luke 9:3 And he said unto them, Take nothing for your journey, neither staves, nor scrip, neither bread, neither money; neither have two coats apiece.** Now, I'm going to go to **Luke 22**, and we are in **Luke 22, Verse 35**, and look at what he says?

**Luke 22:35 And he said unto them, When I sent you without purse, and scrip, and shoes, lacked ye any thing? And they said, Nothing. 36 Then said he unto them, But now, he that hath a purse, let him take it, and likewise his scrip: and he that hath no sword, let him sell his garment, and buy one.**

He said, **did you lack anything?** Did you lack anything? **And, they said, No, we didn't lack anything.** In 36, **Then said he unto them, But now, he that hath a purse, let him, and likewise his scrip,** which is like a duffle bag, **and he that have no sword, let him sell his garment, and buy one.** See how those two Scriptures are connected? When he's training them, he says, go out in faith, go out in faith as your preaching the Gospel. Go out in faith first, okay. I'm going to send you out. You can't take anything. They're like out there on a mission, okay. So, they go out; but, then he brings that up again in **Luke 22**. He brings that up in **Luke 22** and, he says, but now. He says, but now in **Verse 36, But now, he that hath a purse, let him take it, and likewise his scrip,** that's the same stuff he was talking about in **Luke 9, and he that hath no sword, let him sell his garment, and buy one.**

**Luke 22:37 For I say unto you, that this that is written must yet be accomplished in me, And he was reckoned among the transgressors: for the things concerning me have an end.**

So, now he saying, now that I will go. In the end, Jesus is preparing for the Cross. Now, you must be able to defend yourself. When you had the protection of me, yes, I sent you out with training. I know you're going to be safe. I sent you out, and you don't go with anything; but, now that I am preparing for the Cross, you now must have a sword.

Now, remember folks, you must understand, a sword is not a knife. It's not a razor blade. it's a military weapon. The sword, the micada, was a two-edged military weapon; and, it was the main arm, along with the spear of the Roman soldier, okay. And, these people are civilians, people that are following Jesus are civilians. There are some people that come for healing. There are some people like the General in the Army that asked for his daughter's healing that we see in **Matthew** and different Gospels. So, there are people that acknowledge Jesus and/or know that he's a healer; but, amongst his disciples, these are normal folk. These are fishermen, these are tax collectors, you know. These are, you know, they're not military people, right? But, then in **Luke 22**, he says, but now I'm gonna go. Now, they're gonna kill me; so, now you have to have the ability to defend yourself. And, it's not, he didn't say, take a razor blade. He didn't say, get a little knife. The knife is a different word that micada. He said, get a sword, which is literally a military weapon. It's a CQB, Close Quarter Battling weapon, okay. So, those two Scriptures, you see that. If someone wants to bring up **Luke 9**. "Uh, uh, uh! What did Jesus say in **Luke 22**? He asked about **Luke 9**. He's asking about **Luke 9** in **Luke 22**. Do you see what's happening? In **Luke 22**, he's asking his disciples about what was happening in **Luke 9**; but, that was with his protection. And now his saying, Now you're going to be responsible, and for the

community safety, so now you have to be armed. That's **Luke 22**; and, he mentioned **Luke 9** right there in **Luke 22**. So, you see how that's connected.

**Luke 22:38 And they said, Lord, behold, here are two swords. And he said unto them, It is enough. 39 And he came out, and went, as he was wont, to the mount of Olives; and his disciples also followed him.**

Now, let me get my Iphone here, cause we're on a low tech day, cause our screens our out; and, I got some pictures here of a very interesting study. Now, let's go. We're talking about this stuff; but, go back to **Matthew 5**, the Beatitudes. Everybody knows the Beatitudes; but, let's look at some of the Greek here, because this is very interesting, okay. Some of the Greek in the Beatitudes is very interesting. And this is Matthew 5, okay; and, we are here in Verse 3. If you got your Bible, go to **Matthew 5:3**:

**Matthew 5:3 Blessed are the poor in spirit: for theirs is the kingdom of heaven.**

**Matthew 5:3** in the Strong Greek: **Makaríoi hoi ptochoi to pneumati hoti auton estin he basileia ton ouranon.** If you have your Bible go to **Matthew 5**, and **Verse 3**. And he said, **Blessed are the poor in spirit; for theirs in the Kingdom of God. The Kingdom of Heaven**, actually. **Ouranon**, okay. **Basileia ton ouranon**. That is **the Kingdom of Heaven**.

So, he says, **Blessed are the poor in spirit**. Now, here **poor**, or **ptochoi** is the meaning of destitute. Now, it could be physically destitute, physically impoverished; but, it basically means to lack, or to be tremendously destitute; and, look at this? **To pneumati** from which we get the word **breath**, right? Breath is connected to the Greek word, that is the root word of **pneumati**, okay. So, the **pneumati** here is translated to mean the poor in spirit, or the poor in breath, or the poor in will. Now, it's interesting, in the **pneumati**, depending on the context, **pneumati** can be translated in many a ways; but, it's interesting to see those contexts.

Look at those in a Communist system. Who are the people that are exhausted, that are out of breath, that are poor and destitute in vitality and spirit? Who has their will broken? Who has their spirit broken? Yes, exactly. So, you'll see in the Democrat Party, they are out, they are out with a vengeance, okay. To what? To break your will. To guilt/ shame you. To say your bigoted, and your racist, and your homophobic, and Islamophobic. They're there to break you, to break your will.

Now, what's the thing that they hate? They hate confident people, because, no matter how many stupid labels they put on you, you say, "Screw you. I'm not trying to take away your rights. You're the one trying to take away my rights; but, I'm going to keep on pushing." Do you understand what I'm saying? They're out there. They have a... I don't want to say that word. There are kids here. They're excited to kill you, to break your will, break your spirit. They don't want you to believe in God. They don't want you to believe in some transcendental source of power that you can access without it going through them, and their societies, and their little permission groups. "Oh, you can't access the next level of power, unless you go through our little Council." You see what I'm saying? That they hate the most, that you can talk to the Creator. How dare you, you little slaves, you think you can talk to the

Creator. We talk to Horas, and Rah, and what is it? Baphomet, and all these demons.” “Yeah, you talk to demons. Your father is of the Devil. They what are demons operating in flesh.” Okay.

But, what does it do? What does Political Satanism do? You can see. They’re there to break your spirit. To make you destitute. To have no joy and power in the Holy Ghost. Woo! When you hear those praise songs, your spirit is lifted up, and you feel the power of God flow through your veins. You say, “I’m no longer a slave. I am a child of Almighty God.” Do you see what I’m saying? They don’t want you saying that kind of stuff. “Oh, you’re crazy. That’s so crazy. That’s like totally insane, okay.”

And, they want you to bow to them. “Oh, you speak with a lisp, and a beta male voice. I bow to you. Oh, you come to murder ten thousand people. Oh, peaceful, peaceful, liberal, trendy. Yes, liberal.” These people are crazy. They’re a total cult. We should produce a series of “Cults and Extreme Beliefs.” “We look in depth into the cults of Bernie Sanders. Gideon is on the streets talking to some of the Zombies themselves. Let’s see what they believe on this episode of Cults and Extreme Beliefs.” Oh, Lord have mercy! Maybe the kids can do a nice parody on that, huh, as a project. Maybe we can get the young people do a parody on them. “Yes, I’m Elizabeth Vargas. I’m exploring Cults and extreme beliefs. Today, we meet with Hillary’s daughter. Oh, Lord have mercy! Okay!

So, Poor in spirit. You got to rob them of their spirit. You got to break their will for them to be broken. You can’t strengthen their will. You can’t strengthen their spirit. You can’t tell them they come from All Mighty God who give them inalienable rights. What kind of crap is that? What the hell kind of extremist cult is that.

Do you know what the Church of England called George Washington and Thomas Jefferson? They called them heretics and extremists. Did you know that? The Church of England. “Unchristian. Those vagabonds. Those uncivilized barbaric George Washington and Thomas Jefferson. Oh, they don’t attend our services of Vlad the Impaler and Count Dracul. They don’t offer their children to be sacrificed on the alter of the House of Windsor.” I mean, give me a break. Give me a break! Total occultist. Total occults. They called George Washington a cultist and extremist. They didn’t accept him in the Church of England. They didn’t. They said he was a heretic. “Those are not Christians. Christians will serve the Royal Imperial Power.” Oh, golly! So, we are in good company, when those bozos call us a cult and extreme beliefs, because we don’t want to blame gun owners for shooting somebody’s Mom. I mean, give me a break, please!

But, Blessed is the poor in spirit. They got to break your spirit to steal the Kingdom; but, in the Kingdom, those who have their will broke, those who have their spirit shattered by the reality, and the criminal crime syndicates of some of the guides of logical, rational governance that take away the rights, that censor their views, destroy their families, split a part the men and women in society with brainwashing education. “Education.” Hypersexualizing your kids, etc. I mean, the list goes on and on.

Aborting babies. Fifty-four million dead in America. I mean, this is ridiculous. This is ridiculous; and, of course, the biggest shebang, the biggest enchilada, tostito burrito, whatever you want to call it. Now,

you're getting hungry. You see that? The whole enchilada. Disarm them. Break their will. Tell them they don't come from a divine source. Tell them that their apes. They're descendants of Chimpanzees and Orangutans. Tell them that just a couple thousand of years ago, they're eating grubs off a jungle floor, climbing trees, going, Ooh, ooh, ooh, ooh, ooh! This is what they want you to believe. Of course, then you're supposed to be disarmed. "Oh, I guess I'm supposed to be disarmed. Ooh, ooh, ooh, ooh, ooh! I'm an ape. Oh, yes. Yes, British aristocracy, watch me dance."

They're crazy. They don't want you to learn the Kingdom of God, the power of the Holy Ghost, the regeneration of the spirit of the man and woman. Woo, they don't want you to have that power. They don't want you to hear about the Rod of Iron, and the Crown of sovereignty. That's the last thing they want. Oh, and now they want, now it's making them so angry, now they're calling each other Kings and Queens, and stuff like that, and what it means we have to deal with that crap, too. I'm sorry. I'm sorry. I'm just joking. I just joking. But, it gets them nuts. It drives them crazy.

Blessed are the poor in spirit, cause when they hear the Gospel, when they hear about the Kingdom, their spirits going to be rejuvenated. Their spirit is filled. That broken will is going to come back together again with alignment with the Holy Ghost, and the Word of God, and power. God has not given us a spirit of fear, but of power, of love and a sound mind. (2 Timothy 1:7) Christianity is not like Islam. We got power, and we got love, too.

Now, hold on. Now, we go to Verse 4. Look at this.

**Matthew 5:4 Blessed are they that mourn: for they shall be comforted.**

That's pretty self-evident.

**Matthew 5:5 Blessed are the meek: for they shall inherit the earth.**

Now, this one is often is mistranslated. The meek, right? Let's look at the Greek vocabulary. Let's look at this word. **Prais**, And this is **meek**. **Blessed are the meek: for they will inherit the earth.**

Now watch this. Meek, what does that mean? This difficult to translate root Pra means in meek. Biblical meek means not weakness, but rather refers to exercising God's strength under His control. So, they got you thinking that means, "Oh, yes Hillary Clinton, yes, yes, Mr. Rosenstein, Mr. Obama, oh." In this little cult. They got you believing that's what it means to be meek. No, the biblical meaning of the word meek, or the praus, from the root word pra and praus is biblical meekness is not weakness but refers to exercising God's strength under His control; so, we're exercising His power and His strength and His authority, when we're underneath Him.

Wow! We don't try to set up a throne above God. So, your Father, what do you believe your father is?" "He's the returning Jesus." "Okay, then what does that make you?" "His son. I'm his appointed Heir and Successor. I mean, some people call me the 'bullet crown Pope.'" Maybe you Catholics will understand. But, meekness is not weakness. This is the Socialist, Communist Churches that are bought off by the federal government, and by federal programs, and teaching a Socialist doctrine in church to

make the Christian population weak, and the Christian population disengaged from actually being relevant.

It does not mean weakness. Jesus was not weak. He was kicking over the money changers. He built, he built a whip. He built a nine-tailed whip, with blades on the tip of it, to whip those money changers. Do you understand? He built an assault weapon. Seriously, he did. It's called a scourge; and, it's a nine-tailed whip. Many times, shards or teeth, or things like that on the tails of it. Your talking about a Catholic Church Jesus. Why aren't they having a nine-tailed Jesus which he manufactured? He made, he manufactured a weapon. Jesus manufactured an assault whip with nine tails, and blades on it. I mean, that's a dangerous weapon. I guarantee you, none of you want to be hit by that. Oh, they don't want to say that. No, they want Jesus floating around.

"Ah, yes. I'm the little Jesus. You must worship me with my white clothes. Do what the Catholic Church says. Yes, yes. Hand your children over to the Catholic Church." This is ridiculous. That's why they don't want tie idea of a family being an intact unit. What the Bible says, soldiers of God. A unit for God's work in a fight against Satan.

Meekness is not acquiescing to every demand that lunatics make; but, they get the Christian Church brainwashed to believe that, "Oh, you're not being Christian, are you? You don't want to vote for Hillary Clinton? You're not so Christian. You don't want to give up your guns? Not so Christian. You don't want to murder fifty-four million babies with Planned Parenthood? Not so Christian."

You see what I'm saying? It's all about guilt/ shaming you. It's all about making you feel bad that you have the moral high ground. It's all about making you feel bad that you have divine root. You're supposed to believe you came from a freaking monkey. What kind of God is that? "That's why you should be weak, you see; so, we could do our little experimentation on you like we do to monkeys. Be meek little monkey. Be meek little Chimpanzee. You know your granddaddy was a little Chimpanzee. Yeah." That's what Father said. He hoped you would say that. How ridiculous your granddaddy was a Chimpanzee. Oh, it's ridiculous.

So, it says, **Blessed are the meek: for they will inherit the earth.** So, what does that mean, again? Let's see that in context. Blessed are those who exercise God's strength and authority under His dominion: for they will inherit the earth. That's what it means to be meek, because those people under God's authority and dominion, we're loving people. We're gentle, we're reverent; but, if you try to destroy us, that's when the claws in the lions come out. Proverbs 28 lion.

**Matthew 5:7 Blessed are the merciful: for they shall obtain mercy.**

Look at this. Look at this; and, I'm not saying all gun owners are perfect, and they're flawless, and they have no sin. No, of course not; but, let's just look at it statistically. Gun owners and legal CCW holders have less crime rate than any group within the United States, when you are talking about crime rates. They have lower crimes than police officers, let alone the average citizen. They obey the law, because if they don't obey the law, they're going to be punished so severely; so, they have a motive that is pure.

If you are serious about carrying a firearm to defend yourself, your family and civilization, your motive has to be pure, and it shows statistically. They commit less crime. They're not using those weapons to oppress people, and to threaten people. The whole purpose of trying to carry a concealed weapon is so that you can stop somebody trying to oppress people, and trying to exploit people. That's the whole purpose. Give me a break.

**Matthew 5:8 Blessed are the pure in heart: for they shall see God. 9 Blessed are the peacemakers: for they shall be called the children of God.**

They will be called the sons of God. I'm sorry in the Greek it's opposite. Kind of like Korean in that way. **Blessed on the peacemakers: for they shall be called the children of God.** That's what you see. Look at Kennesaw, GA. We were looking at some statistics last week. Every homeowner had to own a firearm. You had to. You had to own one. Burglary rate in that town in one year dropped 89%. In one year. They made peace. Those gun owners made peace, cause the devil couldn't succeed. Their rate of success plummeted.

When women were armed in Florida, after that program, and Florida in general passed the concealed carry law some fifteen years later, their crime rate is what is it? Over 52% down. That's fifteen years consecutive, continual. The first year, it was like 72% down, in terms of rapes, assaults on women. There was a lot more peace in those neighborhoods. A lot less women being raped and assaulted.

And don't forget the 1.5 to 3 million defensive uses of hand guns that happen every year. Every year. That's almost 4,000 to 7,000 per day. Four thousand to seven thousand defensive uses of hand guns per day. That's people defending themselves from crime, and the wicked choices that human free will affords itself. You can choose that; but, you got to allow people to stop those who try and do them harm; otherwise, you'll be living in Hell.

**Matthew 5:10 Blessed are they which are persecuted for righteousness' sake: for theirs is the kingdom of heaven.**

Here, righteousness, **dikaioynēs**, okay. Righteousness here, in this context meaning justice. Blessed are those who have been persecuted on the account of justice: for theirs is the Kingdom of God. Case in point. That's exactly what happened to every single one of us. In watching the A&E program, everyone of us were actually firearms owners and carriers, we're being blamed for the irresponsible use of a firearm by a child who shot his own mother, which is of course tragedy, but you can't blame everybody else for that. You have to say, I operated that improperly; and, I shot my Mom, because I was not following firearm procedure and protocol, which I learned. Give me a break.

I mean, did you see, it's all about victimization. "Oh, I shot my Mom, and that's why I'm a victim." What? What did you just say? You shot your Mom irresponsibly, and that's why your a victim?" That is the definition of an insane statement. If you shot your Mom due to improper use of firearms, it's your responsibility. You have to apologize for being stupid with firearms. You got to be ready to be chastised by the other firearm owners, who say he was a dumb bozo. There's so many firearm owners, and they

may have a misfire, and shoot and kill someone else, but they don't blame all gun owners. They actually take responsibility. That's called being a responsible citizen. Total victimization, victimology cult. It's a cult of unaccountability. It's a cult of every little thing, pretending you have greater worth, because I created a narrative victim around myself. "Oh, I'm so powerful. Worship me." It's like this stupid competition. Who can be the greater victim. "And he wins the prize." I mean, it's ridiculous.

Gun owners are sick and tired of this. And what do these lunatics do? They're more of these brainwashed, Leftist Commies do this, they lose. And look, we're not trying to take away their freedom. We want them. Go ahead, spread your views. Spew it, spew it, spew it. Just puke it. Puke it out. Go spew it, because the more you spew it the more you lose, cause you're real unaccountable, irresponsible, narcissistic, self-servicing, self-worshipping mentality comes out; so, we welcome them. We welcome them to keep cursing us, and you know, we don't want to take away your rights. We're not like the Commies. We don't want to take away their free speech. They want to take away our free speech. Not only do they want that, they want to disarm us, too. They're completely unconstitutional totalitarian bullies. They're control freaks that want to rule and dominate you; meanwhile, they try and trick you with their nice beta-male accent.

"Oh, I'm not threatening. No. If you can really trust me, you can just blame me for everything. Whoops! You didn't hear that. I just use state power to kill you. Oh, I never said that. I never said that. If you say something we don't like, I'll censor you. No, I never said that." I mean, these people are nuts. Their control freaks.

And of course, this is why in the Kingdom, those who have been persecuted on account of righteousness I mean, the gun owners, how are they to blame. Their response of exercising, and their human right to defend themselves in their neighborhoods. That's never reported. Three million. Up to three million, according to FBI, Obama FBI statistics. I sorry. DOJ statistics, and the NIJ, which we saw last week; but yet they're blamed for every single crime. They're after, the gun owners are actually trying to pursue justice through exercising their Second Amendment; but, they are blamed for criminality, they are blamed for crimes, even though they're the ones trying to pursue justice; and, are the most legally law abiding people in America. Such lunatics. They're the ones. That is legally the Christian group that has been the most persecuted, demonized group in this country.

And if you meet the gun owners, you will see White, they could be Asian, whatever they can be. It doesn't matter. There's a comradery, and there's a respect, and they are there for the same purpose of trying to keep justice alive, and have good people to be able to say no to badness and evil. And, guess what? The Left sees that all these persecuted righteous people that have no voice, that couldn't understand why God gave them this protective nature, and this kind of Godly nature, even though they're not perfect. It doesn't mean they're all perfect. All of these sinners are saved by Grace. Now they hear from small Newfoundland, "that extreme cult and beliefs. That extreme beliefs.

Yes, there's a cult out there that's giving an exegetical exposition about the Rod Iron, and why Christians in the Kingdom have that power that has been stripped away from them from the beginning

of time; and, they fear that. They fear that, because not only is it some kind of US Constitutional thing, or some historical thing. It's a biblical thing. You can see, it comes after the 9/23 event; and, in Revelation 12, a True Mother Victory. The True Mother again.

In Bible, there's a war, remember that? Revelation 17 through 19, etc. there's the Harlot of Babylon, an evil woman; but, also, there's a True Woman; and, that's the woman we see in Revelation 12. She's the one that stands up for Christ. She's the one that fights the Red Dragon that chases her into the wilderness to a place that's prepared for her. She's the one, where the twelve garland stars Crown. She's the one wrapped in the Sun Moon; and, she's the one that gives birth to the man who will rule the nations with a Rod of Iron; and, that's Father's Kingship, who has the name of his father on his forehead. Revelation 14.

That's why they say I'm God. That's why they say I teaching I'm God, okay. That's why they say I'm teaching I'm God. No, but if you look at Ephesians 14 it looks very clear. The lamb... I'm born in the year of the lamb. The lamb is on Mt. Zion, and he has to name his father on his forehead. He has the name of his father. It is for the Kingship line. It's Christ's Kingship line that's continuing on. I'm not saying I'm God; but, they don't want you see that. They don't want you to see any of that. They don't want you to study Revelation. Oh man! Oh my Gosh! God is preparing so much amazing things. Oh boy. That Blessing, oh my Gosh! Next years Blessing is going to be crazy. Next years Blessing, okay folks. Oh my Gosh! I mean, Gregg is pulling his hair out right now, cause he's trying to plan for it.

But my, my, my God. God is preparing something powerful. Very powerful. You know all the international media is going to be here. God is preparing something so incredible. Boy oh boy! And right know, we're still talking and praying about it, and stuff like that; but, God is just opening that vision, showing and pouring out that vision, pouring into Revelation, you know. And amazingly and hopefully we get KAHR Arm permits by then, the gun owners. Oh, please, please. That would be great.

Man, it would be a night of Blessing, marriage, celebration of marriage, beautiful Hollywood, Holy Hollywood. Hollywood. Hollywood red carpets and gowns and Crowns, and I think I'm going to see some gold rifles sometime soon, matching the Crown. It's going to be styled out, international paparazzi and media. Click, click, click, click...

We may even do a zombie shootout. We have steel targets made into zombies, you know. Everybody's to go around and shoot those zombie targets; and, then the Holy Spirit keeps pouring out, we may even do Communist Leader targets. We may do like Mao Zedong, and Stalin, and Hitler; and, we all shoot them once; and, we have a big potter's vessel, which is filled with water, and as we blow it, and explode it up, all the waters of the Rivers of Life, and freedom flow out. And then, Ted Nugent's playing rock and roll in the background, and patriotic music, and...

I can see something is coming down the road. Something. Something. Something's crazy's coming down the road. Oh Lord! All the media lining up. Just, "oh my gosh! Look at these lunatics shooting

these targets of Mao Zedong, Stalin and Hitler? They're all our favorite stars." Oh! Boy, that would make them so angry.

You know, we could also have some Revelation, you know, beasts, some of the beasts, the monsters. You know, someone with the lion's head, the leopard's head, and the bear paws. You know, that would also teach that we are fighting biblical spiritual fruit, too. We're fighting something in a spiritual war. This Rod of Iron protects the spiritual Kingdom; but, then also, we will bang those steel targets of Mao Zedong, or Stalin and Hitler, and then Pol Pot. We'll bang those steel targets, too, with all the patriots; and, that will show that's why the Rod of Iron's here, too. To defend against those kind of evil.

Ooh, what an education for your kid? You know what I mean? The patriot family. They bring their family to see that, you know. We got barbecue, we got food, we got awesome food. We got barbecue, we got smoke turkey, we got the deer hunters who are all there with the food. We got music, and it's a night of great glory, and praising God, and shooting steel targets, and ringing that Liberty Bell. And a Lionwalk of Roses, and glamorous high heels, and AR-15 Crown wearing Queens and Kings. Oh, Lord have mercy!

It's over. Hollywood is over. The satanic Kingdom is over. And, can you imagine how big that's going to get over time? Over time. I mean, the gun owners will literally be in one year, it's like all the gun owners from all over the United States, packing their AR-15s, and coming here into this county; and, in the future, they're buying stuff here; so, they're infusing into the economic foundation here. They're building the economy here, etc. It's become like a gun Disneyland. Yeah! It would put Pennsylvania back on the map as a land of freedom that's spread in 1776, and the rest of the world.

Oh, and we are unapologetic of the Rod of Iron. I'll be praying at the event, and preaching at the event. Will be driving around in the King Mobile. I'll be hanging outside the King Mobile, and with a megaphone, praying. Oh Lord! Oh boy! The Left just can't keep us down. They don't know what to do with us. That's why they're trying to kill me.

Alright folks. Anyways. I just tell you. Something. Something. True Father in Heaven is preparing something; so, you got to be ready for a ride; and, remember, it's not about us. It's not about us. It's about preaching the Gospel, and liberating souls. Freeing the people. All those little, what is it? From the Beatitudes. The oppressed, the persecuted, the poor in spirit. Okay.

**Matthew 5:11 Blessed are you when they revile and persecute you, and say all kinds of evil against you falsely for My sake. 12 Rejoice and be exceedingly glad, for great is your reward in heaven, for so they persecuted the prophets who were before you.**

Alright, there's a drawing on my photo that I took on my Scripture. There it is. The poor in spirit: **Blessed are you who are persecuted, and say all kinds of evil against you, because of me.** Oh, man, you know, Father was always talking about this. The Blessing combined with festivals, and his cultural, like hunting and fishing, and competitions, and sports, and great food, and music, and all this kind of things, not centered on Communism and Leftist Hollywood. Do you see what I'm saying? But,

centered on God's Kingdom. True authority of power; but, morality, goodness, righteousness. It doesn't mean we're all perfect. It doesn't mean we're sinners. But, it means we have a compass. We're going in a direction; and, you know all the Leftist medias going to be coming for the next news event.

What are they going to do, when they have the drone shots flying over us, and there's a row of five hundred people, six hundred, or a thousand people, setting up and shooting Mao Zedong, Stalin and Hitler? Shooting the Revelation beasts, and maybe a zombie that looks like, you know, George Soros, or something like that? You can't do an actual George Soros. That's against the law; but, a picture, like his face is fall off, and aah! And then at the end of it, this massive potter's vessel comes out filled with water. And then the Rods of Iron are unleashed, and we do this in tuxedos and dresses. Holy Shemitah. You got to hurry up and gold your guns, yo! What's wrong with you? We got to match, you know what I'm saying? We got to match.

And that potter's vessel comes out; and, then it is shattered into pieces with the Rod of Iron. And the waters of living water flows out. We can do it in slow motion. Ted Nugent in back. Oh Lord, this is crazy. You know Mr. Larry Pratt would come out for that You know Tig and the Special Forces guys will come out for that. You know that the real killers will come out for that. You that the bike gangs will come out for that. You know that the Conservative gun owners would come out for that. Whoo! Rev. Moon, seeing this Kingdom, I believe in that. Oh Lord! I don't know what God is doing, folks. I don't know. Just keep praying for us. Just keep praying for us God is just leading us so fast, I don't know how it's going to open up; but, I know something is happening. We know something is happening.

Alright folks, I'm sorry Cheon Seong Gyeong is lost on the computer; but, SOS, come on up. Pray for that. Pray for us. Pray for the Blessing. Before we get SOS up here, go ahead, you guys can come up.

Closing Prayer...

Lord, we thank you for this incredible day. We thank you that you'll give us strength and power in the spirit. Authority over the Earth, Father, not for our own vein glory, so that we may rule with you, to defend and protect the poimaino, the Kingdom, with the Rod of Iron, and the Crowns of sovereignty. That the Constitution of the Kingdom of God would spread to the rest of the world, and that these totalitarian moral posturing, Social Justice fake virtueless parasites would forever be exposed, and to be seen for the demons that they are. That want to oppress, and control, and stifle, and destroy civilization for their own glory and power.

Father, there's a whole new peoples that is arising, that are rising, that are centered on you, that are under your dominion that we see with the word, 'meek.' Not weak, Father, but strong under your authority, under your dominion, and that are ready and able to defend the Kingdom of God. To build your civilization, and to spread it to all corners of the world. For when it is preached as such, so to shall the end come. Thank you all these things; and, we pray, and give you all the praise and glory, offering this report in our own names, and in your precious name. Amen and Aju!

Alright, folks, let's all rise, and give Him all the glory. Amen and Aju!
