

2018.10.28 ~ Sunday Service ~ Rev. Hyung Jin Moon ~ Newfoundland, PA

180921

-Alright folks, please be seated this morning. We have a whole group down in Florida, with Pastor Browne down in Florida. They're having a great time. I think they're coming back today. Is that right? They're coming back today. Gregg and Elke came back today, hallelujah! Praise God. Receiving many many blessings and prayers and the Holy Ghost. Power. Wonderful, wonderful services and blessed people. Great people. Prepared people. Prepared people of God. So, we're very blessed to connect with the River Church down there.

This is why it's good for young people to go at some point. Wow! Father is not the only one with this type of intensity. The night time service went for six hours. Six hours. So, he was just led by the Spirit. He reminds me of Father in many ways. I mean, sometimes, his mannerism, things like that, he's definitely, definitely a man prepared by God that is connecting with us; so, we're very grateful. We're very thankful that whole community of folks embraced our young people so wonderfully. I mean, our young people are having a great experience down there. Maybe next week, I have some of them share their testimony, things like that. So, they can give their first on the ground, you know what I mean, testimonies on what happened. They're testimonies from the folks that were there that give their life to Jesus, give their life to Christ, and their life transforms.

One guy had an amazing story. He was in fourth stage cancer. Fourth stage cancer in like 97, or something like that; and, God told him basically., I'm sorry. The doctor was an atheist and he told him, you have three months to live. Your body is filled with cancer, okay.

And so they took an x-ray of the guy and the x-ray came out all white, which means you have all these cancer cells all over your body; and, so they said, they're something wrong with the x-ray machine. Take that again, and they took it again, and it came back all white; so, the guy had tremendous sickness, okay. And so, the Doctor told him you have three months to live, etc. That was in 97. It's 2018 right now. And, now he's a Pastor down there. He's an older gentlemen, but he's pastoring down in Virginia. Hallelujah! I mean, what an amazing story of his healing.

I mean, this is really important that our young people see this and get around this sometime; because maybe they're around circles, where people are more intellectual, you know what I mean? Sometimes, in our community, they can get very intellectual; but, getting around these kind of folks that are spirit filled spiritual, they're not intellectual. I would not say they're intellectuals, okay.

You know, it's interesting, cause there's a balance you have to do, because God gave us intellect, emotion and will, okay, and a heart; so, you have to do a balance. You have to have training of the intellect; otherwise, you lose the younger generation, because if the younger people just grow up in a Pentecostal like Church, where people are running around and falling over, I mean, if they grew up with that, it's not new to them. It's not fresh to them, you know what I mean? Then all of the other

repose and rebuttals, and all of the rejections of the secular world will come in and infiltrate. That's what happens in the Pentecost Church. Because the young people grow up in it, so to them it doesn't feel fresh, right?

For a lot of our young people, it feels fresh, because they didn't grow up in the Pentecostal Church, right? But, they're is a lot of people in the Pentecostal Church who grew up in it, who are about to grow bonkers. They're about to leave. They want to know does God even exist, you know, for young people.

Anyways, every Church, every place, will have the temptations that the world will be around, and they will put temptations on them, okay; so, you have to fight a battle wherever you go.

But, it's good for our young people to see this, because it's a place where literally pandemonium in the Holy Ghost comes down. There's pandemonium, you understand, cause over here there's yelling, then over there, there's someone laughing out loud. Then, there's different people screaming everywhere, reacting to the Spirit. You know, it's pandemonium, okay?

And of course, if you understand what God is doing, of course we don't know what God is doing in each one of those people's lives, okay. That's forcing that to come forward. We don't know. We just trust and believe that God is doing a work, because one thing about Pastor Browne, which is good and excellent, look at his fruit. His fruit is railing against Communism, Socialism and Political Satanism, so that's good. He's railing against them.

He was leading Info Wars just this week, you know. So, he is railing against them. He's part of the Liberty Movement. He's part of that Abel type sovereignty movement. And, we handed him the "Rod of Iron Kingdom" book, so I hope he is blessed with that book. He even told me at one point that Armageddon is coming, you know; so, if Armageddon is coming, then the people of God have to be ready. So, I'm hoping that he will be stimulated by that book and get his people ready, right? Get ready, get ready, get ready.

So, this is one of the things he knows; so, we have to understand that God gave us all those different faculties, and they all must be touched by God. It can't only be the heartistic realm. It can't only be the emotional realm. It can't only be the conscience. It also has to be the intellect, it has to be our emotion, it has to be our will. All those things must be stimulated, okay?

And, that's why for example, you have the Full Gospel Church in Korea. It's the biggest Pentecostal Church in the World. It's like a million people is part of their church. Eight hundred thousand is their membership just in Seoul, and then over the country it's over a million, you know. They're the one with the biggest church in the world. You know, the Full Gospel Church. You remember that, right? You were in Korea, You remember that. You saw that, Kyle. So, in the first generation, Rev. Cho, who is

there. He actually deeply respected Father, cause he said, "Man, I got all these people following me in my Church; but, when I look at Rev. Moon and the people that follow him, they're so much more devoted. They're really like an Army of God; whereas, my people, they're here to get a healing, they're here to get... They're not like an Army, you know what I mean? That's what Rev. Cho was saying about Father, okay?"

So, he's saying he actually respected Father. He disagreed with theological issues. He said, he respected Father that way, because the way Father raised people up, it was like, literally, a force to be reckoned with, okay?

Now, in the Full Gospel Church they're, the next generation has taken over. They have an heir and successor, whatever, His son, and his son is much more intellectual. Because they've been losing so much more of there younger people, because the young people grew up around being healed all the time, getting healed of cancer, this kind of thing, they've seen all that; but, they don't know why they should believe in God. They are still getting brainwashed by the education system. They're still getting evolution. They're still getting the doctrine of evolution believing that they are apes and monkeys and all that. It's all a dehumanizing effect, right? But, they're getting indoctrinating like that, okay, and so they're leaving the Church.

The Church is mythology. The Church is this or that, right? This is all they hear. So, even God is pouring out signs and wonders in the Church, the young people leave, because they're not convinced of the Gospel or of Jesus. Some of them have been taught that Jesus wasn't even a living person. He wasn't even an historical figure. He was a fabricated figure, just like Zeus, or whatever. How many heard this one, huh? Okay!

The History Channel, what is it? Discovery Channel will sometimes have little things on them with Professors for Yale and Harvard talking about, "Yes, we don't mean Jesus, he's not even a real person;" even the most well documented historical figure in the history of mankind, right? If you say Jesus is not real, you better say, what's his name, Alexander the Great is not real, because there's only six or seven works of his that are written thousands of years after him. So, I mean, just from an historical perspective, it's ridiculous. You better say Socrates or Plato. You have maybe forty manuscripts from them? Okay?

Jesus and the New Testament, you have thousand plus ancient manuscripts, all, basically they're the same. They're collaborating. They're talking about, oh, this skull is always this. They always confuse the normal population, cause they're normally so braindead and dumbdown. They tell them, oh, they're so many differences between the manuscripts. No they are not. They're, what is it? They're 99.8% the same. The differences that they're talking about is some commas, periods. Maybe, it's a place where it says Jesus in one place and the Lord in another. This is the differences that they're talking about, right? But, they know nobody's reading ancient Hebrew or ancient Greek, or they are looking at the Septuagint, or whatever; so, they'll just say, there's so many differences between the extant documents

to confuse the young people, when you actually look at the percentages, there's no differences between the New Testaments that were written and that were testifying to Jesus.

So, that's a problem. It's a real problem. That's why if you get into it, and you realize it, wow, these people are lying out their teeth. They're lying out their teeth; so, again the point is, that's why are young people here are trained in Apologetics. That's why we talk about Apologetics a lot.

Young people have to learn about how to defend their faith. Why Christianity can battle with Atheism at the highest intellectual level. Not all of them that go down, not all of them can control that material; but, having the understanding that the material is there is huge. Not all of them will become a William Lane Craig; but, I would say a very few of them will become like him. I joke, okay? I'm joking. But, not everybody will become a William Lane Craig. You have to realized that, that level of argumentation is there; so, no matter what the Atheists say, the highest levels, the highest, highest levels. I'm not talking about the dumbdown atheists that watches Oprah, you know, CNN and votes for Hillary Clinton. I'm not talking about that level. I'm talking about the highest level philosophical atheist in the world, in the world.

The top level Christian Theo-apologetics Masters can stand toe to toe with them and can defeat them in the public battles, public debate, okay?

Now, does that mean the normal Christian will be able to handle and to have all that material in their knowledge ready to go? No, because they're not specializing like them; but, the fact that they know that it is possible is important. Do you know what I'm saying? Then, the young people are saying, oh, I'm not just believing in this because of social pressure or my Mom and Dad or Church pressure, or anything, there's a real intellectual power here. There's a rational power, right, that is here that can argue for a personal God. I'm not going to get into that today, because that's a whole other thing, okay?

So, it's a whole other thing, okay? We're not even past the announcements.

Alright, this is also important, too. The body of Christ has to be training their people to be politically active. Why? Because, if you're not politically active just like what was it? Was it Plato or Euripides? "Just because you do not take an interest in politics doesn't mean politics won't take an interest in you." Pericles. But, you may not be involved in politics, but politics will be involved in you. They will change your world, rule over you, vote for crazy things that will suppress you, steal your rights, take away your arms, you know. They will do much to ravage your family. They will do so much to brainwash your children, separate them.

That's a part of Socialism. You have to separate the parents from children. You have to separate, you have to destroy any familiarity ties. You have to make the people dumbdown, make believe that they're animals, so that you can treat them like animals, right? That's the whole thing. You believe you're an

Ape in evolution, you're an animal, your dumb, you know, so when the Scientist want to do tests on you, you just acquiesce. You are just a primitively advanced primate. You understand that, right? How can you trust an Orangutan when they're sixteen; so, all you people, your monkeys. That's what they're saying. That's what they're teaching you. That's what they're teaching you, okay? Alright?

So, this is the reality; and, it's good. I'm really proud of Pastor Browne that he's pushing his community. He wrote that book with Dr. Williams. He's on Info Wars; so, he's standing up bold. I believe, even in his congregation, because there's a whole mix of people probably like any big mega-Church. I'm sure there's going to be somebody, a necessary split between the sheep and the goats. You know, people who lean more Communist, more Socialist. They're going to leave. That's good. You want them. You don't want them intermingling and infiltrating. They want to leave. That's good, right? So, in his Church, that process is happening now, because he's just starting now. He's starting to talk about these things more boldly. I think he talked about this a little bit; but, with this book, he's really going out bold. He's writing a whole trilogy with it, right; so, this is very good.

And, I think his Church and his ministries worldwide, they'll be challenged by this. You know, I sure there's a lot of people in his Church are very challenged by this type of book. Why is he writing this kind of stuff? You know, this is not about the Holy Ghost. I thought we were about Pentecost, huh, and getting drunk on the Holy Ghost? What's all this politics and Bilderberg and bankers and Rothschilds group and all this? You know, for him, that's a big thing for the Pentecostals to hear about this stuff, you know what I mean? It's a good thing. It's great.

But again, it's going to be good, cause God in the End Time, he will divide the sheep and the goats. He will divide those who are truly serving Him and willing to put everything on the line for Him and His Kingdom. It will divide them. That's why getting involved in politics is very important; and, who knows, maybe young people right here, maybe some of you will be future Commissioners and future Governors and municipal leaders and Mayors, whatever. You know, that can bring it back to sovereignty, and stop the insanity. Can you say Amen?

Alright folks, let's get into the Word today. Sometimes, I get too excited and I speak too fast. I got to slow down. I got to slow down. I got to slow down, okay? I got to slowdown, alright? Sometime, I get the Holy Ghost too early. I can't control it. I'm not gonna control God, okay?

But, we had a great time down there in Florida. I think we had a blessed time, and there is many things. The young people went down there for like a week; so, they're going through a lot of different push-pull. There going through a lot of tribulations. The Church is, the River Church is overflowing with just the Holy Ghost pandemonium.

You know, Friday night, it went on for like six hours, okay; and, Pastor Browne one of the ladies who was going under pandemonium and brought her to sit right in front of us. She's sitting right in front of us, you know; but, anyway the point is, there's a lot of that wonderful spiritual experience happening,

okay; and, the people are very thirsty for God. But, again, we have to remember, just because we get touched by God, this is what's so powerful about the Principle. We still have a portion of responsibility, okay?

For example: we met another sister there that was touched by the Holy Ghost pandemonium that was thirty, forty years ago, okay? She was touched by God, went into a meeting, slain by the Spirit, all this kind of thing, and she gave her life to Christ; and, her and her husband gave their life to Christ, started a ministry, gone evangelizing, gone witness I think to the four corners of the world. What happened? The husband ended up sleeping with another woman, divorce her, and now she's alone to raise six children at fifty, sixty years old. She was just weeping. We were at this event, at the post first service after service, then they invited us to a special banquet of just fifty people or something. All the top leadership there, etc, and we were there, and we were sitting next to this lady, and she was telling us this testimony.

So again, we have to understand, just because answers a prayer, or He touches us, or He gives us the Holy Ghost, baptizes us in the fire of the Holy Ghost, that is not the end all. That is not the end. It's the beginning. So, we have to understand that just because we got baptized in the Holy Ghost doesn't mean that Satan will no longer attack us. In fact, he'll probably attack us harder. In fact, you'll probably need more prayer. Okay? Alright?

This is the reality, again, of some of the sisters we met, of one of the sisters we met. She gave it us in private, and she was crying and weeping, and the Queen was praying for her and stuff like that; and, it was wonderful to see. But, again, you cannot just rely on God to do everything; and, that's why He says to His people, be vigilant, be vigilant. Be of good courage and do not fear, because we also have a portion of responsibility. Can you say Amen?

You still got to get up and dress, right, in the morning? You can't just get the Holy Ghost and run around streak naked. You're gonna be arrested and put in jail, you understand? Okay? You still got to do some stuff, okay?

Now, putting on your clothes and doing the things you got to do, doesn't give us salvation, okay; but, the things we got to do will add to what God has given us, okay? But again, it's very foolish to believe when you get touched by God and you get the fire of God that all of a sudden you don't have to do anything. No, you got to keep and become a fire bearer. You got to hold that fire. Once you get the fire, you got to hold that thing. You got to keep it alive. Can you say Amen?

If I give you a big campfire for you to hold in a metal pot, if you just hold it there it's gonna die. You got to keep it, feed it, you got to keep it away from the wind, right? You have to keep it moving and alive, and that's where our agreeing with God comes into play. You know, we're part of this, we're part of this work, okay? Because in a lot of Church you'll hear that God just does it all; but, God is requiring us to do something. He wants His people to do something; and, even if you look at the End

Time prophecy, always His people will have to rise up with Him and stand up against the Armies of Satan, okay?

So, there's always a portion for the people of God to do. Now, that doesn't give us salvation, but it helps us to commission and cooperate in the Providence of God. Alright, I'm not going to just stand in the middle to make sure nobody's sleeping over here. It's early in the service, but... Alright?

So, this is a very important thing. We heard this kind of wonderful testimony. Alright, is this a whole tribe over here? Is this the Jon Quinn family? Is this the Quinn family? Is this the whole tribe? It's a small portion? Okay, it's a small portion. Okay?

But again, there is a portion of responsibility. We have to a commission and coheirship with God. That's a very important thing; and, we must not get, you know, that's why I want to help these young people when they come back. They're coming back today. I want to help contextualize their experience. They're high on the Holy Ghost. They're intoxicated with the new wine of Heaven.

Now, that's great, because young people have to have that experience. They need to feel the touch of God, which is absolutely critical; but, they have to realize, just because they have a touch doesn't make them superior, doesn't make them so much more holy than everyone else, do you see what I'm saying? They're gonna still come under temptation. The Devil is probably going to attack them harder, right, because they have to keep their proper context here, even though they're high on the Holy Ghost. They feel that everything is going to open up.

Many times before they open up, they have to close down. How many know that? Before one door opens here, another has to close. How many people experienced that? Come on, give God some praise. Sometimes, before they go through that door, they got to close this, right? And God will make you close that. Sometime, you don't want to walk through that door. He says walk, and that door closes shut whether you like it or not, just like one of those haunted houses. You walk into the room and boom! The door closes behind you. You have no choice but to move forward, right; so, that's how it is sometimes. That's how it is.

Okay, so it is very important that the young people have this wonderful experience, but help one understand this is the beginning of their life with God. This is not the end. You know, it's not like they crossed the finish line because they got prayed for and baptized in the Holy Ghost. That's not the end, this is just the beginning. You better get ready for warfare, you understand.

You're not slain in the Spirit so you can come up and be weak. God wants you slain in the Spirit so you can come up new, a new creature, but you're ready for warfare. You know, you're ready for spiritual warfare.

This is a problem with the body of Christ, okay; and, this is what I felt when I went down there, I felt this. There's like a big hole, a big void, you know; and, it's like the people of God, to be filled with God it's so important, it's so important to be filled with the Spirit; but, why are you being filled with the Spirit? It's not only to get new properties, get new houses, and new income stream, or something like that. No. Why are we getting baptized in the Holy Ghost? Why are we getting baptized in fire? Why is God trying to recreate us anew? Why is He taking out the old heart of stone, and putting in a new heart of flesh that can hear Him, and hear His cry? Why is that all happening, right?

And God gave me a Word, He gave me a Word. It's for battle. It's for the battle, because in the End Time, in the last final days, even when Pastor Browne was referring us to come again, there's a battle. It's not only a spiritual battle, okay. God's Kingdom is not a spiritual Kingdom, which is the reason why He commanded we pray, "Thy Kingdom come, thy will be done on Earth as it is Heaven, because the promise of the Kingdom of God and the Gospel of Jesus Christ, Luke 4:43, for that reason to preach the Gospel to other cities, for that reason also am I sent. I reason to preach the Gospel of the Kingdom of God, because one day the Kingdom of God will overtake the world. It will not be just a spiritual thing we imagine and we dream about and we get inspired on. That's not end of God's dispensation. It's an actual Kingdom on the Earth that will overtake the nations of the Earth and destroy the wicked. And every Christian knows that. Every single one. They're just too scared. They're just too scared and many times just too weak to admit that reality of the Gospel. They don't want to admit it. They want to be whisked away in a rapture and just get the dirty work done on Earth, so we can come back and enjoy it once you are all done with the dirty work. Do you understand?

That's a very irresponsible faith. Extremely irresponsible. Coheirs with Christ have co-responsibilities. Revelation 5:10, I will make you Kings and Priests, and you will rule over the nations. That requires judgment. It requires discernment. It requires authority and responsibility.

He says in Revelation 2:27, Psalms 2:8-9, He says it very clearly. I will give you the nations for your inheritance, the heathen nations for your inheritance; the ends of the Earth for your possession. You shall shatter them with the Rod of Iron, a tremendous, powerful accouterments.

So, you have to, you have to if you're a God-fearing man of God following Christ, you have to accept God's Rod of Iron Kingdom, because a Kingdom that is not going to do things for you, it's going to require you to be a responsible King and Judge; and, this is what the body of Christ lacks so much. This is why I feel any type of Christianity, as long as it doesn't upset the establishment or the governments that be is allowed to expand; but, up until now, because the Lord has not returned, the body of Christ is laying in waiting for the Lord; but, think about it today.

Even the people who are preaching today, even the big Ministers and Pastors who are preaching today that are preaching about the Gospel, they know. You can see them on the street challenging atheists, challenging Muslims, and they're talking about in the End Days, there will be a final war. They're talking about in the End Time there will be a battle. They're talking about in the End Time, the

Judgment of the wicked will come. It will just be, you know what I'm saying? It's not just a story telling thing. It's going to be a real Judgment. Just like these people in high office in America selling this country out for treason, they need to be tried before a court of law; then a Judgment needs to come upon them. Justice needs to be upheld, which means justice needs to be dealt. You know, these people that are selling us off to the Saudis, the Bilderberg Group, and the Rothschilds, etc. These total treasonous people. People selling out our secrets and selling off our surveillance systems, you know, to Google and Chinese Communist governments. I mean, it's ridiculous; but, this is the state of affairs in our government.

But, these people need to be brought to justice. That's why they fear President Trump so much, because he's like the iron hand of King Cyrus. It's getting closer to the day of Judgment for these criminals, which is the reason why they're freaking out and do false flags, and you know, send people out to go shoot up and kill people. It's like ridiculous. Okay?

They fear President Trump cause their life, they feel a crisis is coming. They feel that he's gonna fall through. He's gonna fall through, and that the American people will get behind him and say, "Get these people and may justice be served." You know, the people like Brennan and Mueller, the kind of people giving away secrets and lying, you know what I mean? Making deals with the Russians and blaming President Trump. I mean, working with the Reds. I mean, it's like ridiculous. Hillary Clinton was the one making deals with them. It's so ridiculous. It's so absurd. It's so ridiculous. These people are crazy. They're lunatics; but, they have been getting away with it, cause it's a cabal, the Washington DC cabal protect by the media, protected by CNN, protected by all these mega corporations around the world that work together. The international cabal that's trying to set up the world government and UN. It's ridiculous. It's absurd.

But, the day of reckoning is coming closer for them. Trump is bring in Kavanaugh. He's bringing in Gorsuch. He's bringing in, you know, people that will shut down federal funding of baby-killing abortions. I mean, that's huge. That's gonna strip away Satan's power. It's gonna strip away, cause he wants that young babies to be murdered and bleeding on the alters of the Plan Parenthood facilities; and, the Satanists gather there. You saw my interview with Zachary King. I interviewed him twice. He was a Satanist, a high level Satanist. He said, that's where they gathered because that's where they get access to babies, and then do their rituals. That guy was a Satanist, you understand. I mean, he's the one, he's a Satanist, and he was saying, that's where they gathered babies to do the rituals, you understand; but, it sound so crazy, because it sounds so deviant and evil, because you're not psychopathic people; so, for you, it like, "Oh my gosh! How could you think about that?" Well, those in the psychopathic class, that's how they get their joy cause they're serving Satan. They're totally one with Satan, right?

So, those kinds of things are starting to happen and come about. The Catholic Church and the pedophile scandals, and President Trump closing down the different pedophile rings and those kind of things. He's shutting them down. Slowly the noose is getting tighter around these criminals, and they

feel it. That's why they're fighting back, and trying to kill the President, trying to get him impeached, trying to do whatever they can to get this man out, because if this man continues, they see the end of the road, they see their judgment is going to come. You see what I mean, folks? Very scary for those evil people. The time of Judgment, the time of Judgment of the wicked is at hand.

So, it is a very intense time that we're living in. A very intense time that we're existing. Very, very intense. Judgment is real. Judgment is real. So, when the Christians, this is the problem with the body of Christ. They have some kind of disconnect in their mind, as if someone else is going to do the Judgment for me. You know, God will come down, He'll give me all this power, all this territory, all this authority, and then I just be able to rule on high, and everything is going to just great. It is the most irresponsible preparation you can have in your life. If you knew you were going to take the Trump international organization that he has, he was going to give it to you to run, right, wouldn't you have to be preparing? You know, even if something got physical like that, wouldn't you try to get a team around that knew how to run hotels, and whatever is in that organization? Wouldn't you want to try and get experts in that field to try and help you? You would prepare. You wouldn't just say, "Oh, it's coming. It's coming. Let me do nothing about it, right?"

And, this is the problem with the body of Christ, because even though the Scripture says very clearly that the Kingdom will come in the physical, they're still filled with so much fear that they will actually have to stand up, judge evil, and fight the wicked. They may have to fight. This is what they fear; especially the women in the congregation, they fear that. They're not warrior women.

When I go to most of the Churches I see the women, they're there to just hear sooth-saying. They just want to hear encouragement. They just want to just get rid of their anxiety. They're not getting to be raised up to become women who are warriors who can stand up and fight the Devil. I'm not just talking about in the Spirit. I mean, this was just amazing; but, Dr. Williams was with us in that service now in that meeting down there, but when we were at lunch he was telling all the Pastors around. You know, the people around us. He was kind of bragging about our Church that all our women are trained in our Church. You know, we train our women. We not only talk about that we don't want them to be prayed upon by predators, right? We train them. It's part of our responsibility in raising Queens up for the Kingdom of God. We train the women. We don't keep them weak and just sooth-saying to seize their anxiety. "Oh, things will be okay. God will fight your battles for you."

But, maybe God is giving you the battle to get ready, so that when you stand with Him in battle, you'll not be on the sidelines as just a cheerleader. You see what I'm saying? "Go God. Go do it.' Alright? That's how other Churches in the body of Christ are raising up the women, to be cheerleaders. Maybe, it's because they like cheerleaders. I don't like cheerleaders. I like warriors, you understand? I like warriors. I don't like cheerleaders. They don't serve a purpose. What are they doing? You know what I'm saying. They're just distracting the enemy in bikinis, whatever. They're not serving the purpose on the battlefield, okay?"

I mean, look at Chief. Chief was in the battlefield, in the jungles. He would raise up the women. He would raise them up, because many times they were the last line of defense before the marauders would come in and kill the children, and he saw them, they would play games. They would throw the babies and impale them on their bayonets. This is what they would do when they would see it, and when the Green Berets saw it, they went in and kill them all. They killed them all, because these people were monsters. They were demons, okay?

And, of course, the system they brought in to control into power was Communism. The ravaging of the people, the human slavery of the people. So, Chief would go down and he would train the women. Women would be trained to be snipers. They wouldn't fight on the assault teams going in, but they would be trained as snipers from the back; but, they would support, they would support. They would be ready to battle and to kill the enemy. How many Churches are even discussing that? Because when Armageddon comes the forces of Satan will be killed and destroyed. Be destroyed. Do you see what I'm saying? It was a problem. It's a problem, because it is the most scary thing, I think, for women is to face the reality that they have to fight somebody, and they may have to even take a life. It's the most fearful thing.

So, when you go to the Churches, you will see, they will just try and appease the heart of the women, the anxiety of women. Just telling them loquacious things to make them feel good. God will fight your battles for you. Well, maybe God is giving you the responsibility to defend your children and your civilization in the Kingdom of God cause that will actually make you into the person God wants you to be, not expecting somebody else to do it, but you are a partaker in the responsibility of the Kingdom. How will you have judgment and authority if you are not agreeing to take responsibility in justice in the Kingdom? You will not have that authority then. Are you with me? Is there a problem, right?

And so, this is why are Church is so different. We train the young people, we train the folks, right? And as you guys see, it's not only a physical training, it's a spiritual training when you get into these kind of things. When you start this kind of training in firearms, you have to make a commitment that you will have dominion over life and death, and if you are called to do so, to protect life and to protect, you know, God's people, that you will fight to the death. That commitment has to be made. That's what it means to be a concealed carry weapons holder. You're making a physical commitment to be a line of defense against those who are being prayed upon, so you have to change, your life patterns have to change. Not only do you have to carry three more pounds of metal around your belt, the style of clothes have to change a little bit. You can't wear the tight leggings and the tight shirt anymore. You know what I'm saying? You can, but you have to modify it so that it's hidden; so, even for women practical things like that have to change, right?

That's why they have these nice channels on Instagram like Style Me Tactical and the ladies who do that. They show the different styles how you can, you know, you can be a defender of civilization while still looking good. That good. That's great. We want that cause we don't want the enemy to know who is powerful. We want them to believe that everybody is dangerous and powerful. Can you say Amen?

Cause then the enemy will say, oh, and put down his tail. What's that? Put their tail between their legs and go away, and he'll settle for doggy foods. We want them to get used to doggy food, not real meat. You understand what I'm saying? Okay?

He's not only trying to domesticate the inheritors, he's trying to domesticate the owners. No, it's the dog that needs to be domesticated, you see. It's the wolf that needs to be domesticated, not the owner you understand? The problem with the wolf is that he wants to domesticate the owner, okay? That's a problem. We're not going to let him do that. We're not going to let him do that, okay?

So, this is one of the most important points, because Pastor Browne, he would put up a picture with the Pastors who did not have ARs; then, they took a picture with ARs, you know; and, now he's encouraging the Pastors to get training. I mean, slowly, step by step. I think this is a really excellent step for them in a good way. That's good, cause the more he does that, he will divide his Church. The people who are Leftist, the people who lean more Leftist, "What are you doing? What is this? What is this?" Then they'll leave. That's good. That needs to happen. That needs to happen, because as he said, he's creating an Army of God, even though he says, we're not giving, he's not preparing them with actual weapons; but, you know, he's got a lot of weapons.

And now he's getting he's getting his leadership. Kook Jin Nim has generously donated ten AR-15 Rod of Irons down there to him; so, he's given them to his Pastors, and they love it. Man, I was talking to his Pastors about that, and I met this nice Black Pastor down there, and he said, "Oh, yeah!" I mean, he almost felt guilty. I said, "Did you see that picture that Pastor Browne put up? That was a picture with the rifles my brother sent." And, he said, "Oh, no, I wasn't in that group, cause I already own one." And, he hung his head down in guilt and condemnation. And, I said, "Man of God, why are you hanging your head in guilt and condemnation cause you have the Rod of Iron?" I said, "That is the Rod of Iron. Every King needs one." And, then he was so happy. He felt encouraged. And, his wife was sitting right there, so his wife was a country girl, so she grew up with on shotguns and rifles, so she felt, "No problem."

But see, this is the problem in the body of Christ. They're getting it on the base level, how do you call it? The bottomline. The bottomline. They're going round and round the bush, round and round the bush of the bottomline, and this is why the Satanists get it done who are taking over the world. Why, because say it, just like Mao Zedong said in his Red Book, "All political power comes from the barrel of the gun." And you see it right out there, and you see all the evil people gather around him, and then they take over. This is a problem.

This is why they don't fear intoxication of the Holy Ghost. They don't fear missionaries. They don't fear Evangelism. They don't fear any of that. What they fear is the thing coming right out of here. They fear the Rod of Iron Kingdom. This is what the world fears, the evil world. This is what they fear; and, I'm not just saying that to toot your horn, and say your special out here in our small little group.

Hello! Denmark TV just came and did an amazing documentary on us. “Vice” will be releasing, they said on November 1st, so we’ll see. One more week, I guess. And, then I guess, Spanish International TV, which is the second largest broadcasting channel nationwide, the Spanish. Millions and millions. How many people in Spain? Eight million. It’s in the dozens, isn’t it? 50 or 60 million. That sounds about right. Fifty or sixty million. Fifty or sixty million in Spanish people will see the broadcast. They’re probably more Leftist, because, you know, it’s like mainstream media. It’s like MSNBC coming to do an interview. Don’t expect anything glowing of anything from them. If anything, it’s going to be negative, okay; but, that’s not the point. The point is, when the message gets out there, you have people who are already brainwashed who have been watching CNN voting for Hillary Clinton. In Spain, the same kind of thing. They will see that, and people will, “Oh my God. In America, people are so crazy. Loco, loco!” They will say, you know. “They’re loco, loco, okay?”

But, a lot of people in their heart when they see that, just like happened in Denmark, just like happened more slowly. They don’t say anything. They don’t say a thing. They just put it in their heart, and they just put a little note, and they say, “Dang! Man, man, man, if we had that in our country, we would not be under this kind of censorship.” I mean, they won’t tell anyone about it, but something on the inside that is connected to their conscience, which is of course connected with God, and knows we’re supposed to have dominion over the Earth, not the wicked, right? Not the wicked are to have dominion. That is known to every man and woman in their belly from which the living waters flow, you know, if you’re filled with the Spirit, right?

So, everybody has a conscience. They know they want to be free. They know they don’t want to be a slave. There’s no person in their right mind who wants to be a slave, right? Right? Cause we’re made not to be a slave. We’re made to be a child of God. We’re made, you know, to be responsible inheritors of God’s Kingdom; so, this is very important. This is very, very important.

And, this is again, the Left talks clearly, and the Left doesn’t run in circles; and, the reason why they’re so scared, and the next book that comes out that’s talking about the whole history of Christianity and the Second Amendment and through that lense that will be even more terrifying to George Soros. I mean, he put me, what was I saying? He put me third on his his list? I mean, I’m out here with a little small group, you know what I mean. This is like, this is even less than the size of Gideon’s Army, which was three hundred, okay?

Three hundred beat how many Medianites? He beat thirty thousand. Thirty thousand with three hundred, with three hundred. So, sometimes you think we’re small and few, but you see the miracle of Gideon. With three hundred, they defeated thirty-two thousand; and, that’s not something to just tell you that, “Oh, you are going to get a million dollar breakthrough, or something like that.” You see what I’m saying?

There's something on the inside of you that knows there's something greater that you're fighting for. You know something is wrong in this world. Something is wrong; and, the powers that be, there's something that's wrong. There's something wrong there. They're getting away with, you know, Satanism at the highest level. It's killing them. Murdering children, you know, satanic rituals with them. They are getting away with that at the highest levels; and, so you know that something is wrong, cause all their fruits come down; and, what is their fruits? Abortion. Baby killing. What is their fruits? Divorce, and you know, destruction of the family. What's their fruit? Children against their parents. Children become gender confused. What's their fruit? Children being told they have Minor Attraction Syndrome, and old men can be dating five years old children. I mean, this is insanity. That's their fruit.

That's the fruit, literal fruit that the UN was going to put on your children through the education system teaching your kids how to masturbate at five years old and putting condoms on bananas at six years old. I mean, this is the level of insanity of these people you are dealing with, you understand. Insanity. If anybody, anybody in the country at another time, if anybody was trying to come into your town and trying to teach your children how to put condoms on bananas, even though they didn't have condoms or something like that, you would go out and hang them. I mean, that's literally what you would do. If they would try and come into your town and tell your children you have to learn this, what did they call it? Health Education. "It's for their health." Right?

And, every child that comes out they're gender confused. They think boys are girls. There's no boy and there is no girl. We could just choose, depending on our emotions. You know, sometimes you would use the girls room, sometimes you would use the boys room, well, this is insanity. Do you understand? If some guy at the park, and your kids, some guy is playing around with your two years old children trying to teach them about Minor Attraction Syndrome and say children, come. You would knock that guy down. Unfortunately, most people in the body of Christ would not knock him down. They'd probably just say, you know, just shoo him away, you understand. Right?

I mean, this is what this country has become, the world has become under this kind of system, and everybody in their heart, in their belly, they know. In their conscience, they'd know something is terribly wrong, terribly wrong. These fruits, these are the fruits of the leadership of the world. Why is it always so evil, right?

Why does it lead to massive human tax farming and massive countries not able to be free? Like Africa, it's got tremendous natural resources, tremendous natural wealth. If the Africans were able to have this, if they had Cheon Il Guk over their land, my God. They'd be so prosperous. The Bilderbergs and the Rothschild groups and Cecil Rhodes and their groups would not have control over them. They would be to own their land mines, their diamond mines and things like that. Maybe they'd own their land mines, too, just in case Cecil Rhodes and his folk try to come back down, right?

They could own their Grey African Elephant, which is the case in Zimbabwe. People in Africa, the Zimbabweans can own their Grey African Elephant, and guess what? They make businesses out of that.

Private businesses, private enterprise, owning the Elephant; and, what happens to the Elephant population? There's a three time increase. It doesn't go away. That was an "endangered species." Who endangered those species? It's of course the government. Any of the African countries where the citizen cannot own the Grey African Elephant, they're disappearing. Ridiculous!

So, these kind of realities have to be understood in the body of Christ, and that's why I commend Pastor Browne. He's writing a book, and he's revealing those kind of things, with of course Dr. Williams.

But, Dr. Williams was so proud of our Church that he was kind of bragging about our Church to that Church there. I mean, he was saying, "These women. You got to talk to these women. You got to talk to these women, cause the women at Sanctuary Church, they're all prepared. I mean, I know there's different levels of preparedness. I understand that you are not perfect, okay?"

But again, most of us are training. Changing our mindset. We're not relegating that to somebody else. That's very irresponsible, right? We're taking responsibility for coheirship and ownership, right? And some of you with right now feel the conviction. We all been training. Well, I want the Holy Ghost to convict you. It's a good conviction, because then he will convict you and tell you, don't be lazy like that. Get up and start becoming a Queen. Do your responsibility. Sometimes, I have to rebuke the Queen in the Spirit, you know. She doesn't do her responsibility. She doesn't carry her weapon, cause that weapon may be a line of defense for her and an evil person and of course her, and of course other people around her; so, now I'm saying, why are you are not doing your responsibility? How come you're being lazy?

You see, of course, I'm her coach and Master as well, you know. It kind of helps if you're her martial arts Instructor and stuff like that. But, the point is, I encourage her and I keep her accountable. Why are you not being responsible today? Why are you being irresponsible? Why are you relying on the ones who are responsible, why I got to put on two, three, four pounds of metal and hurt my back every single day, so everybody could be at ease? What about you? Does that make sense? Are you with me?

This is very important. Very important. You cannot be a King or a Queen when you are not doing your responsibility, your duties and responsibilities of a King or a Queen, you know, so this is very important; and, of course, this is wonderful, when we were down there Dr. Williams was kind of proud of that. He was very proud of that. That our people are training, okay? It was very impeached, alright?

And you guys see it. You see that when you start training, it really changes your life, doesn't it? It really does change your life. Your life, your perspective starts beginning to change. Your identity in the world becomes a change. When you hold the power and death of person every day and you make that responsibility, even at home, one of the things that you do, you keep those accoutrements on at home, too, because what if some bad person tries to attack your home just like what happened in the synagogue?

“Oh, they’re not going to attack a house of worship.” Yes they just did yesterday. “Oh, they’re not going to evade us.” They just did yesterday. What are you talking about? How come those Jewish Rabbis and those Jewish people they are not empowering their people? It was a gun free zone. Eleven dead right here in Pennsylvania, Pittsburgh.

The body of Christ has to understand, the body of Christ are targets. We’re targets, and we are under a threat. There are civilization forces that Dr. Williams showed you. There’s Islamic terrorist groups all over the country be funded by the CIA being protected. You saw the picture. He showed you. You saw those pictures. I mean, the grave sites, you saw them. You saw the sewage flowing down in open water. I mean, you saw it. Any of this should be clamped down the EPA. They should close them down right away. Why aren’t the EPA moving on the Islamic terrorist group; and, they are raising the people to fight in Palestine? What, in the United States? Yes! And, he trust passed illegally on their property, and almost got killed to get those photos. Because he’s a real Investigative Journalist. How many saw that lecture? How many were blessed by that? Okay!

So, this is the reality. So, you know, one day we could be worshipping God in this place and some crazy lunatic Jihadis with AKs try to shoot this place up; so, is that going to make us fear coming to worship? Does that make people fear in Israel when they are getting shot down with bullets and bombs from Palestine? Does that make them not go to the service to worship? No! But, they come prepared. You understand what I’m saying?

And you have to understand the nature of the criminal, of the criminal mind. It only takes a couple of examples of them. They’re very cowardly. They’re wicked, wicked and cowardly. They are there for the stealing and exploitation of resources for themselves. They don’t want to die. If they want to die, if they want die, they wouldn’t be doing that for riches. Most of the mob gangs are in it for the riches, right? That’s their purpose. If they have a consequence, if they’re trying to kill people, then they die, then they can’t get those riches now, can they?

Which is the reason Jihadi Islam teaches, “Well, you get them in Heaven. You get the 72 virgins; but, just don’t be killed by a women, because if you’re killed by a women, you won’t get your seventy-two virgins, which is the reason why the Kurds train their women, do you understand? Because the women are the most dangerous force against radical Islam, especially when they’re armed, because they believe that when you get shot by women, it’s worse. You cannot be killed by a weapon that is coated in pig fat, okay? So, some of the fighters, they coat their bullets in pig fat, okay, in these wars; and, you cannot be killed by a woman. It’s the greatest dishonor to be killed by a woman in the Jihadi Islam; so, do you see why in the End Time, God would raise up the Brides of Christ to become the most dangerous weapon against Jihadi Islam, cause actually they fear that the most?

They just see the Kurdish woman coming down, and it’s, “Oh my gosh! Oh, no, no, no. It’s not the women. Ah, it cannot be the women. Let’s go. Go, go, go!” They have to run. That’s a huge weakness.

That's a blessing. That's a blessing. That's a blessing. That's a massive weakness. Do you understand what I'm saying, folks?

That's why the women are so important in the End Time. The women, the Christian women are going to be the key. I mean, they were the key in the Garden. I mean, it's women, if you choose Socialism, you chose to choose the Devil, you choose to destroy civilization. You destroy it for your free stuff; but, if you choose to be responsible and you serve God, then you can save the civilization. Do you understand? And save your children at that same time.

And on top of that, if you're trained, if you're not becoming some kind of weak braindead Katie Perry worshiper at some stupid, you know, concert, given under the spirit of Satan, you know. People on God's side get under the Spirit of God. You know, you go to these concerts, you get under the spirit of Satan, people act in crazy lunatic pandemonium, too, right? They actually go nuts. They actually do psychedelic drugs and that kind of thing to put them in that state as well.

But, the women of God are the key, cause why? The women are thee, they're in the adult category of people. Obviously, the children are weaker, right? But, if they are they are in the adult category of people, women are the weaker sex. They're the fairer sex. They're weaker than men on average, I mean in a large way, especially if you do contact sports. You will learn very quickly there's a huge difference between the power of a man and a woman. Huge. Okay?

Now, everybody here knows this cause most of you young people are training, so you guys know that; but, people are brainwashed in the cult of Leftism, they don't understand that. They think they can actually beat up a Jihadi coming at them. Just because you can reprimand them with your dangerous little fingure. "I'll guilt/ shame you like I guilt/shamed the White Christians here, you know." No, that don't work on a Jihadi. There goes your head. They're not scared of your little fingure. 'I'll guilt/shame you. How dare you. How dare you.' "Shut up!" You understand? That's the bottomline. That's the bottomline.

So, how well the women are prepared in the Kingdom determines to the predators when they look into that Kingdom, my God, if the women are that prepared, holy shish-ka-bob. I don't even want to meet the men; cause if they trained their women to be that dangerous towards predators, I will have a hard time with just the women. I can't imagine what the men will do to me. You understand what I'm saying? And that's why it's so important for you girls to train. Of course, you know, that's why a lot of the young girls are training.

Who's one of them? "I'm little eleven year old. Can I train?" "How old are you?" "Eleven." "You're too young." "But my friend started at eleven." Ahh, that's a problem. They'll say, "All my friends started at eleven." Then I'll say, "Okay. I'm too weak in the heart." You know what I'm saying? This is a problem.

But, this is wonderful, you know what I mean? These girls are going to be different. They're a different species. They're not weak people when they come out. They're gonna be mentally, spiritually stronger than even the normal man, cause the normal man in today's society becomes so effeminate and so emasculated on purpose, not by design of course; and, then they take the aggressive strong ones and put them under the system. They'll put them in a federalized police force, a federalized military force, which our Founding Father's were against of course, by the way. You see what I'm saying?

Thank God that are federalized military and law enforcement all the way to the local level, they do support people being armed, so that's a good thing; but, as you can see with history that can change if there's enough pressure from the government is put on them, and they got pensions and salaries on the line, stuff like that. That can change pretty quick. You'd be surprised how fast people can change. Do you know what I mean?

So, we got to always keep vigilant, the people. That's why for people to be armed and for people to be trained is so important, and especially for women to be trained, cause you women are really the Hollywood stars, even though you don't realize that. Do you understand what I'm saying?

You're the ones who set the trend for the next generation, right? You can see, if there's a Daddy and Mommy, then the kids will want to go to the Mommy to try and get permission, cause she's the easier way. How many experienced this in your family, huh? Okay, I see that. You know what I'm talking about. They know, right?

But, if the Mommy is strong and she's trained, then how can the kids try and weasel out? They cannot try and weasel out, because young people don't want to go through those rights of passage which actually challenge them and make them completely shatter their ego. They don't want to go through it, because it's just too tasty to live in delusion. It just feels so good. You just have to believe and you're a hero, you're a mythical superhero. Yes, play video games and do a little women porno in Korean drama, cause you're the center of the world. Give me a break!

You're weak, you're pathetic, you're slow, you're fearful, you're filled with anxiety, and you know it, and you're insecure and you know it. That's why you try and hide that with all this fakery. When you get around people who are not like that and they train you, you will change. You will get out of that, and you realize how much of prison you were in, and you kept yourself in that prison. It was not the problem of the outside world, the extended world It was you, you see; but, the Kingdom, everybody will be trained in that way. Everybody will be responsible. They will be trained to be a future King. They will be trained to be a future Judge. They will be trained to understand right and wrong, and to be judgment upon the wicked. They will be trained that way. They will be trained to have dominion of power and authority. Are you with me?

This is so important. You are not gonna go to public school. Of course, there is no public school in the Kingdom of God, but you are not gonna go to school to be brainwashed into Socialism, and to become a cultural Marxist, right, to celebrate. Oh, it's the 2018 show; and, I taking back the web slut. That's their big thing. It's a joke. It's a total joke. It's a pathetic joke.

You think the Jihadi seeing slut walk is going to see, "Oh, my goodness. We better not take over that place." You know, women are walking around in g-string and freakin' had their breasts hanging out with little Xs on the nipples. Jesse Lee Peterson went out doing interviews. Everybody should see that he was challenging them; but, you think the Jihadis going to see them, and think, "Oh my God, the fear of God has been put in my heart." The lust will come up in his flesh and say, "Oh, I'll rape those women to death, and they'll probably like it." They'll probably join Islam if they're a marauding Jihadi force. They'll come in a destroy the Christians, because they're so brainwashed. It's ridiculous. It's totally ridiculous, folks.

But, this is the state where people will go, and they want to be like that. You know the bottomline. You know how the civilization is defended. In the Kingdom, you're still filled with the Holy Ghost. You're still praying for people to be saved. You're still praying for people to be delivered; but, again you know the bottomline. You don't live in delusion; and, this is what the body of Christ lacks, and why the warriors in the community have left the Church. Because it has become a place just to pander to the emotions of women and weak men. It's become a place where they are just going to stroke your ego and tell you the good things. "Oh, the period of prosperity is coming your way. Oh, you're going to get more houses and more cars." Oh, give me a break. Give me a break!

Those things will be added unto you, if you stay in the righteousness of God, but that requires responsibility, alright; so, God gave me a Word when I was down there, God gave me a Word. He said very clearly, this is what the body of Christ going down there you could feel, you could feel. I mean, that's why Father went to these Churches, etc; but, of course, there was a limitation, there was a limitation, and these Abel type Churches have to come, they have to become part of the Rod of Iron Kingdom, because not only is it prophesied in the Bible, not only is it the Kingdom that Jesus Christ defines in his own Scripture, okay. We're not making this up. It's right there for the world to see; but, it is the only way for the Kingdom to preserve free will, to preserve human flourishing, to preserve human freedom, but at the same time, destroy wickedness; but, that only happens when we collectively under the Constitution of the Kingdom of God. To our responsibility, freedom comes with responsibility. That's the core of Christianity. With freedom comes what? Responsibility.

So, it's great going down there. In the Church Van, there is pandemonium in that way, in that house. I mean, you see it on TV, that's one thing, okay; if you're there, it's like pandemonium, okay. You understand? You know, we were happy we were blessed and that they're blessed by God like that in a mighty way; but, again any major world government power that can see a Pentecostal Church, or can see a Methodist Church, you know, you know a lot of Black Baptist Churches are filled with the Holy

Ghost running around with people dancing on top of the Devil, all that kind of thing; but, many of these Churches, what do they do? Teaches what? A Socialist message.

So, they may have signs and wonders of the Spirit, but the teachings is the politics of Satanism, which is again a bad fruit. I thank God that Pastor Browne's Church is not. He's teaching the fruits of Political Godism. Okay, in a little way, not as serious as we talk about it, but mentioning it, definitely mentioning it. Definitely. There was one time in the six hour service that he looked at the camera, and he said, "I'm not going back to Africa" because he says he's African-American, because he says he's from Africa. Even though he's a White man, he's African, right? He says, "I'm African-American. I'm not going back to Africa. I won't shut my mouth." You know, he's talking to the Globalists; so, he's doing that. That's wonderful. I love that; but, it doesn't mean that all the people in his congregation know what he's talking about in depth. Not everybody reads his books in his congregation. People have fallen, even though they should, cause that would educate them.

So, even in the body of Christ, it's such a topic that is avoided. It's avoided, and that's why his next book is going to be so important, cause it's gonna completely force the body of Christ to force them to discuss the bottomline. From the Scripture, from the Word of God, and from the historical context force them to discuss the bottomline. We will not be able to run away from it. Pray for us. Please pray for us that his team is working on that right now. Dr. Williams, etc. Please pray for us. We need your prayers. This is a huge important project. It's so critical, so critical.

I just pray that in Christianity, the Abel type Christians, they will not think about, "Oh, I have all these followers." You know, the Churches assets. They don't think about that. They think about God's Kingdom. That's hard, it's hard. They'll be tempted. They'll be tempted a lot. They'll be tempted to think about their little ministry, or this or that, or whatever this or that, or the status and all this kind of thing. They'll be tempted.

But again, we know the status many times is just an illusion. It's not real. They find this tiny couple on Youtube, this tiny home movement, and the girl was an Accountant. She was making \$80,000 per year, Brainwashed, a dumbed down girl, a dumb girl, brainwashed into the system. #80,000. She was like twenty something, and she was making eighty thousand dollars because she was working for some big level conglomerate, you know, as an Accountant, and she was driving around in a Mercedes. She's got her own house. Wrong. She doesn't have anything. She's paying off debt. All she has is debt. She is poor. She's making \$80K a year, but she is dirt poor.

And then she meets this boy. The boy's her boyfriend. He's a minimalist. He's living on \$12,000 per year, twelve thousand dollars a year, he travels around the whole world, okay, and he's has no debt. The guy has no debt. He's never made over \$12, 000 in his life until he met her, you understand; and, the guy had more assets. He had three to five thousand dollars in assets, compared to her. She has \$50,000 in debt, and she's driving around in a Mercedes and had a house and an Accountant, and had an \$80,000 job. You see how all that's fake? It's fake. It's an illusion.

And then she got basically awakened by this boyfriend, cause he's living in Grandma's basement, and he's traveling the world. He's making \$12K a year and he has zero debt, and he has only assets. I mean, he's got his whole living system, he's got his whole backpacking system, he's got assets. He's got his house in a backpack, you know what I'm saying? And, he's got three thousand in the bank. He's got a kitchen in his backpack, you know. Sounds familiar, right there. You see that? He's got nothing but assets, and it blew her mind.

She said, "How can this be? I'm working my ass off. \$80,000 job to be in some status position, in some conglomerate. I'm not even happy doing it. It's so terrible; and, actually I'm living miserably. And, the more money I make, all the people around me are pressuring me to go into more debt. Because they're already in so much debt. It's a system. So, she's giving her testimony about how meeting this guy helped completely get free. Now, they're debt free.

Now they live in a tiny home. They're just making assets. They're completely free now. I mean, other than the other than the laws that are above them. They're not working for the big bankers. They're not slaving away to pay off some mortgage, or some student loan, things like that. They have a house now. They have a tiny home, now. They have this or that. Now, they have a little plot, whatever. They're more wealthy than millionaires, and they have their sanity, and they have the pride that they circumvented the slave system, and they got out free.

So, they have a confidence, and a sense of accomplishment that they did what 99.9999% of the children do or not do in this modern day. They get sucked right into that system of slavery. Like fools, they were being led to the slaughter. They think they're free cause they can go to Starbucks once a week, or three times a week, so they can buy some cafe macchiato caramel, whatever it is. That's why they think they're free. I got a little disposable income to go out and have, you know, dinner once a week and buy Starbucks. I mean, this is not freedom.

So, they completely changed their life around, and now they're debt free. They live on organic food. They realize they don't even need to go to restaurants. They're vegans, whatever it is, you know. I mean, these are smarter young people. They're not. I don't know what they're saving on, but they are smarter than the normal young person. I'll give them that. They're definitely smarter than the normal person. Whether or not they have eternal life, I don't know. They may be going to the pit of Hell. I mean, I don't know.

A lot of these Yogis, they're going straight there, okay; but, they're smarter now. They have a chance. They're free. They understand the value of freedom; so, they can understand the value of Galatians 5. For it is for freedom that Christ has set us free. Stand firm, and do not allow yourself to be entangled in the burden of slavery." I mean, you can't understand that if you are embedded in the Matrix. Alright, let's go to Galatians 5. Let's go to Galatians 5. It's Galatians 5:1. Alright.

Alright, what shall we do if you guys don't bring your Bible's. Huh? You know, I got an idea. You see these nice armrests. So, what we'll do, we'll get your neighbor to jump on your back. We'll do pushups on these things like that. That would be good, wouldn't it? That would be good. I thought it would be good, if you don't bring your Bibles, okay; so, make sure you bring your Bibles. It's very important for you to touch this Word. To touch the Word. You got to touch it. You got to relate with it, okay? When you're stressed and you don't know what to do, go to the Word. You got to be in the habit of looking up stuff in the Word, okay? Alright, so let's go to Chapter 5 in Verse 1. Look at this. Let's read together:

Galatians 5:1 Stand fast therefore in the liberty wherewith Christ hath made us free, and be not entangled again with the yoke of bondage.

Some versions say, slavery, you understand, folks? We get set free from the yoke of slavery. Set free. Now, I don't want God to just stir your souls. Obviously, faith comes by just hearing the Word of God, that's true; but, also, there's times you have to pray over yourself, and have dealt and chased and rebuked the Devil over yourself. You have to do that at times. You have to have inner power, the inner will that comes from the Spirit of God. Can you say Amen?

You have to have that from within you. So, God gave them the Word, and when it's done, I want to hear their Battle Cry. I want to hear Battle Cry. I want to hear my people's Battle Cry, alright? You guys ready to do a Battle Cry? Okay, ladies, stay silent for now, okay? I want the men to go. Men, come on, stand up. All the men, stand up. Stand up, men, stand up. There we go. Okay, come on. Get up men. Girls, you can sit, you can just sit. Your turn is coming. Don't look at me to get you riled up. I'm not even going to look at you. It's not about my energy and how I'm going to rile you up like a cheerleader. I'm not even going to look at you, okay? I want to hear your Battle Cry.

What's that mean with a Battle Cry? When you go into battle, if you got to face down thirty-two thousand enemies. This is the last day of your life and you're running on the field of battle. You're are facing your enemy. Lines and lines and lines of warriors waiting to kill you, that is your Battle Cry. How would you scream at that time? What would be your Battle Cry? Okay, so on the count of three, on the count of three, I want to hear the men's Battle Cry; then, I want to see if the girls are better than yours, okay? Are you ready? Now, don't look at me. I'm not going to rile you up. I want to see how loud this is. If you have this timid because I'm speaking quiet right now. I'm not trying to get you riled up on purpose. I'm purposely not trying to get you riled up cause I want to see you, what level of power is, okay? So, I'm speaking quietly now, and you say, a simple sound, well okay, you exposed yourself. Do you understand? All of a sudden, you got no more testosterone when you're put on the spot like that, huh. No, no, no, you see.

See, it's interesting, we usually think: women, women check people. They look around and say, "Oh my gosh! Is that so excited, acceptable? Men do this a lot. Men do this a lot. But, the Battle Cry, traditional fighters, they teach you to do a KIAI!, right, when you do like a strike or something. It's like a striking Battle Cry. Kind of a small Battle Cry, but some of the highest level, sneaky martial artist,

they will use their voices to trick their opponent making them think that they're going to attack, when they're not, you understand? Alright men?

Now, this is what I don't want you to do. I don't want you to just go "Ahh!" That's what I don't want you to do, okay? Until I say, give the order, until I say cease, stop, I want to here it coming from the inside of you. A Battle Cry. You can even close your eyes if you have to imagine 32,000 men, what is it? Mennonites? Mammonites? Medianites. Did I say Mammonites? Woolly Mammonites, okay? Medianites. Can you imagine the Army? Let's see. I'm curious. How many of you ladies are curious how it's going to sound? Alright. Okay. I'm curious, too. I want to hear this sound. Will you be filled with timidity? Will you be filled with weakness and fear, or will I hear the lions. We'll see. I don;t know. We'll see. This is just a live broadcast, you know. Thousands of people are watching us around the world. It's okay. No pressure.

Don't stop men. Men, don't stop, until you hear the order. Cease, and stop. Then you can stop. Relax. But until then, we're gonna be having a Battle Cry. Are you ready? Are you ready? (Yes!) Remember, I'm not going to rile you up. I'm purposely being calm, cause it's on you. It's on your shoulders. I want to see it. Here we go. That's the Army in front of you. You can visualize it in your mind, if you want; and, you have to charge into that Army. You have to charge. It's like epic. It's like "Braveheart." It's like the movies. You got to charge at the enemy. Let's hear your Battle Cry. I'm not even going to look at you, cause I don't want you to feel you're whacky or something. I just want to hear it. I just want to listen. Alright, here we go. Three, two, one... Battle Cry. (Yelling from 1:33.44 to 1:33.50) Cease! Go... (1:34.10) Alright. Stop. Cease! Cease! Praise God. Praise God.

Hey ladies, give it up for the men? How was that? That was pretty good. Be seated men. Nice job. Nice job. I'm actually surprised. I shouldn't be cause a lot of you are warriors. I shouldn't be surprised. I'm proud. Was that good? Was that good? Ladies, what did you feel about that? Now girls, it's not a competition with the men, okay? They just got put on the spot, so you know I got to put you on the spot now, okay. So girls, all the ladies stand up now; and, then we'll do it together. We'll do it together, don't worry. You have your opportunity to do it now. You thought you could do it better than the men okay. You we're laughing at them five minutes ago. You see how that comes around? Alright?

Now, this is going to be harder for a lot of you sisters. Maybe you never did it. Who knows. Maybe God needs you to release this. Maybe you have something pent up inside that the Devil is putting inside and you're not letting it out. Are you with me, sisters? So, maybe this is the time of healing for you to learn how to have the Battle Cry.

You see, they're already looking around and saying, "Oh my gosh. What will my friends think?" Don't worry about that. Actually, you got to stay focused, okay. Stay focused. It's like the Armies, you know. Remember, the sisters, you are the secret weapon against Jihadis. It was the Medianites. Let's say it was the Jihadis coming. Okay, it's the Jihadis. The Jihadis are coming and now you have to stand against them cause maybe the men have been taken off to another place. Maybe, some of them have

been killed, okay, and you're the last line of defense against who? In front of your children. You heard about that all the time. That a mama bear will defend her cub. Well, you got to prove it, you got to show it then. I know you had a good time laughing at the men when they stood up, you understand? Okay? So, I want to hear your Battle Cry. I want to hear your Battle Cry. I won't give you any pressure. I won't give you pressure. There are even less of you here than men. Actually, there's about an equal number.

Men, by a show of hands, how wonderful was than to shout it out, huh? There you go. There you go. Some of you guys really got into it, and I could see guys were shouting 'ah' like this. You got to clench your whole body. God gave you the muscles. You got to clench your muscles. You clench your muscles. You clench your body and shout into it, you see. Are you with me? Some of you are just shouting, 'ah' like this. You got to step into it, like that. You see what I'm saying? It's like stepping into a punch or stepping into a big attack. You see what I'm saying? As you can see, you'll feel a big difference, okay?

Alright sisters, it's all on you now, okay, it's all on you. Will you just mimic my voice? I'm speaking to you calmly, or will you have a strong Battle Cry? Now, we get to watch, the men get to watch, okay. Alright men, you have to count down with me. We'll do a countdown together. We'll do a countdown too. You ready? You'll do the countdown with me. You ready? Three, two, one. Battle... (1:38.00 to 1:38.17) Alright, alright. Good job. Great job. That's not bad. That's not bad. Hey, that wasn't bad, right men? That's not bad. That wasn't terrible. Now, they were envisioning Jihadis, not their husbands, okay. That would be bad. We'd have to rebuke that woman then. Okay? Praise God.

Now, let's do it together; so, everybody rise. Everybody rise. Everybody rise. We're going to have the Kings and Queens together, or the future Kings and Queens, all together. Now again, this is not to get us riled up, okay? I don't want you to feel this is to get you riled up, just to get riled up. I want you to get this on the inside of you. Just like the Bible said. We fight against principalities and powers. It's a spiritual battle, and our actions is the physical manifested in the spirit; so, our posture manifested in the spiritual and physical also will determine how our spirit man will be strengthened, right? Sometime you have to pray over ourself with our physical mouth to encourage ourself. Are you with me?

It's not like you can do it in your head or like this. Sometimes it's too heavy, everything is just too heavy. The pressure is just too great and you have to physically pray, you have to physically pray and release it and listen to it and hear your words, you see; and, when you're quoting Scripture, you have to hear the word of the Scripture, or try and recite what you read on a page, but it's not coming in. It's not taking out the oppression. Are you with me?

Sometimes you have to utter. You have to make an utterance, right? In the beginning, God spoke and the world was created. You have to make an utterance, and that then manifests, manifests in our spirit, but also in the world. Are you with me?

So, a lot of you who have not been training with me, I think for the kids who have been doing the warrior training it's not so wacky. I mean, I don't think it's weird for you gus, but if you've not been training with us, don't worry. I don't want you to feel this is just some kind of, you know, group competition. No, no. I want this to get on the inside of you, alright. Sovereignty, authority, rulership, judgment, do you understand? These are responsibilities, you see. Standing up against the wicked against evil, you see.

Now, your society tells you, you can't do that. You can't get that on the inside of you, cause you always acquiesce to this society, acquiesce to the new rules they make, acquiesce to homosexuality, transgenderism. You know, the new stuff they're always making. You have to acquiesce, acquiesce. Of course, they want the women to do that, cause you women naturally want to acquiesce, because you want to be kind and nice. That's a great thing. We need that at home. We need your touch in the home; but, again that's what the Devil will use to bring down society, cause of your nature, your compassion, and your loving, and you want to be nice to people; but, there are times, especially when the wicked get in power, where you cannot be nice. Are you with me?

There are times when you cannot go with what is comfortable for you; so, if this is the first time you did this in life, that's good, cause I want you to be uncomfortable in it. I want you to embrace that discomfort, fight through it, push through it, to win and be victorious. Don't let it shut you down. You will see that maybe you want to be shut down, that spiritual oppression may come upon you. You may be fearful about what other people think around you, cause that spiritual oppression will come and want to shut you down.

I'm not saying you are going to do this in your home at your children or stuff like that. Don't do that to your children. Are you with me? Is that true? Can I get an Amen? Don't do this to your children, okay? It's not for them. Don't practice now to do it on your child, okay. Don't do it on your children. This is for the Devil, okay? Are you with me? Are you ready?

I'm purposely not getting you riled up. I'm purposely speaking in a calm voice, cause I want this to be you. I don't want this to be that you're feeling me, then you are doing it. You see what I'm saying? I want this to be your power that God has given you. Are you with me?

Now, we're going to do this together, okay. We're going to do this altogether. Are you ready? Are you ready? You look crazy. Are you a group of crazy people? What's wrong with you? Now remember, 300. Gideon's men were three hundred. They were over 32,000. They were able to defeat of tremendous Army. What is it, a hundred times? A hundred times greater? A hundred times greater. God is calling us to do something even greater than that, folks. Even greater than that. Think about it.

The will. Think about Gideon's story, and we are being inspired, which means we know, we feel, we cannot accomplish that. Are you with me? We feel we're not their yet, which is the reason why will still be inspired. When you are white belt, when you're looking at Master JoJo re a brown belt belt,

then you're inspirited like the King. Oh man, I want to be at their level; but, when you are there, when you are at a black belt, then you're no longer doing that, cause you have that ability. Does that make sense? For somebody like Chief, he's walked into battle against hundreds of men and defeated them, then he has confidence to do it again. Does that make sense?

So, when we see Gideon's story, we should not just see it as amazing. That would be incredible. No. What do we say? Been there, done that. Does that make sense? That's what I'm saying. Get it on the inside of you. That's what I'm saying. Get royalty and Kingship on the inside of you, and not just be talking about it all the time, and you listening and nodding your head. I mean, you know, that's not what it's about, okay? We're very different, cause we're not trying to just tell you things to make you feel. We're trying to raise to be the Kings and Queens of the Kingdom of God. The inheritors of the Earth. Are you with me? Are you ready? Okay.

Let me hear your Battle Cry, okay? I'm counting now, cause all of you will be shouting, so I'm counting, okay? On three, two, and one (1:45.21 to 1:45.58) Cease, cease. Whoo! Hallelujah! Let's give it up for God. Come on folks. Whoo! Hug your neighbor. Come on, hug your neighbor. I know you to the Holy Ghost right now. Hug your neighbor. Come on. Whoo, Lord! That was good. Please be seared, folks. My God, my God, my God.

How many knew you had that on the inside? You know, you don't know. You know, God may require that kind of Battle Cry. I'm not only talking about in the Armageddon case. God may need that Battle Cry when somebody's being prayed upon right here. Maybe that person's in fourth-stage cancer. You don't know. You don't know what's happening. Maybe they have no power. No power. They have no power. Their insecurities have overwhelmed them. They've been oppressed. Maybe they've been completely taken over by Satan. You don't know. You'll meet them, they're fine, they look good; but, inside they're being tore up. Being destroyed. Do you understand?

But, when they're being prayed upon, your voice, collectively together, that Battle Cry may be exactly what they need to fight that battle, to realize they're not. That Battle Cry did you notice what was so interesting about the Battle Cry in general is that your voice was also not your voice. Did you hear that?

It is your voice, but it is not your voice. Isn't that interesting? Cause you saw as you were adding to it, you were part of the Cry, but you're also standing with so many others; so, in a sense, that Battle Cry that we all heard, and you probably heard it, everybody online heard it, it is your voice, but it is also not your voice. It is your power, but it is also not your power. Does that make sense?

And the point that you fight from, the point in which you are staning up against evil from, this is critical, cause that gives you the power. Does that make sense? The Spirit of God is indwelling within you because you are standing up against evil, and you will judge the wicked in the Last Days.

Now, we see in the Book of Acts, the new wine, the Holy Wine, the new wine that pours out from Heaven, people gets intoxicated and speaking in tongues all those kinds of things, but it's very interesting. Look at this Scripture here. Let's go to 2 Corinthians. This will be our Scripture today. 2 Corinthians, Chapter 10. Now, it's in 9, 10 and 11, but I want to show you in this one section here that I was reading when God gave me the Rhema. Okay, let's read Chapter 10 here. Let's read a little piece of this, and I'm going to jump just to prepare you. Then I want to jump here to 1 Corinthians in Chapter 12 and 13. Okay, here we go. Yes, yes. We'll just a portion of 2 Corinthians, okay? Now, let's read together here.

1 Corinthians 10:1 Now I Paul myself beseech you by the meekness and gentleness of Christ, who in presence am base among you, but being absent am bold toward you: 2 But I beseech you, that I may not be bold when I am present with that confidence, wherewith I think to the bold against some, which think of us as if we walked according to the flesh. 3 For though we walk in the flesh, we do not war after the flesh: 4 (For the weapons of our warfare are not carnal, but mighty through God to the pulling down of strong holds;) 5 Casting down imaginations, and every high thing that exalteth itself against the knowledge of God, and bringing into captivity every thought to the obedience of Christ; 6 And having in a readiness to revenge all disobedience, when your obedience is fulfilled.

Now, I jump to 1 Corinthians here in Chapter 13. This is famous. You guys all know this one. Let's read it through and I want to go through and I want to read it through to Verse 8, but will read it through the thing, okay?

1 Corinthians 13:1 Though I speak with the tongues of men and of angels, and have not charity, I am become as sounding brass, or a tinkling cymbal. 2 And though I have the gift of prophecy, and understand all mysteries, and all knowledge; and though I have all faith, so that I could remove mountains, and have not charity, I am nothing. 3 And though I bestow all my goods to feed the poor, and though I give my body to be burned, and have not charity, it profiteth me nothing. 4 Charity suffereth long, and is kind; charity envieth not; charity vaunteth not itself, is not puffed up, 5 Doth not behave itself unseemly, seeketh not her own, is not easily provoked, thinketh no evil; 6 Rejoiceth not in iniquity, but rejoiceth in the truth; 7 Beareth all things, believeth all things, hopeth all things, endureth all things. 8 Charity never faileth: but whether there be prophecies, they shall fail; whether there be tongues, they shall cease; whether there be knowledge, it shall vanish away. 9 For we know in part, and we prophesy in part. 10 But when that which is perfect is come, then that which is in part shall be done away. (Amen! The left was not read) 11 When I was a child, I spake as a child, I understood as a child, I thought as a child: but when I became a man, I put away childish things. 12 For now we see through a glass, darkly; but then face to face: now I know in part; but then shall I know even as also I am known. 13 And now abideth faith, hope, charity, these three; but the greatest of these is charity.

Now this is usually translated like love never fails. Charity is usually translated here as love, okay? But the King's James Version as you can see does not do that. It does not conflate them. Agape love is different from charity. Obviously, there's an aspect of love there, but we're getting back to the

Commandments of God. Love God and love thy neighbor. Be charitable to your neighbor. Are you with me?

Be ready to lay down your life for your neighbor. That is the biggest charity you can do, right? That's Christ-like. That's what Christ did, you see. So, the spirit of the peace police/ peace militia that Father started in the Kingdom, the spirit of that, the model of that is what? Is to love God/ Love your neighbor. That's the type of charity you are talking about, cause he said, it's not only about giving things to the poor and pretending you're charitable, right? It's like fundamentally are you charitable. Fundamentally, will you lay down your life for your neighbor. Do you see what I'm saying?

Like, we're talking about the bottomline; and, when we bring it down to the simplicity of the bottomline, okay, then it starts making sense, because he's saying, look, you can give all this stuff to the poor, and he's saying even give my body to be burned and have nothing in charity, it profit me nothing. You know, what is your intention of laying your life down? What is your moral high ground. Are you fighting from the moral high ground? Are you battling from the moral high ground, are you battling to make yourself look good, battling to, right, to brag or to boast? That's what he's talking about.

He's trying to say, "No, charity doesn't do that. It suffers long. It can go through the trials and tribulation, the ups and downs." This is what the young people who have been trained two, three years, they have been through the trials and tribulation, it's not easy. This training is not easy. It physically painful. You can get injuries, injured. Sometimes crippled. It's not easy. Tribulations. You have to endure. You want to give up. You want to go back to the easy way. It feels so much better to lay back to watch TV and eat potato chips while everybody's training. It's so much better. Just eat a tub of ice cream. I want to feel so good. Of course, you'll develop a tub of ice cream. I don't care how much the rebuking of the Devil you do why you eat that ice cream. It's gonna stick, you understand? You can rebuke the Devil to high heaven, it doesn't matter. That Cookie n' Cream, Double Oreo, Double Fudge is gonna stick. It's also going to give you an addiction to sugar, too. Are you with me? You're going to be intoxicated in a bad way, right?

But, as charity they're suffering through the training. Sometimes you feel like your suffering, you're really going through a hard time. Mentally, the will is broken. You're getting beat up all the time. Why am I doing this? You're suffering. You're practicing your charity. Are you with me? You're not talking about, "I'm going to lay down my life for my neighbor, yeah? Yeah! Yeah! Oh crap. Run, run!" No. Right?

4...charity envieth not; charity vaunteth not itself, is not puffed up, I mean, it's not, you know, hard training. It's like you're not gonna boast about it, cause you know that will sap your energy the next day. Do you know what I mean? I mean, it's saying, you know. I mean, Chief of course, he went through all this tough training and stuff like that; but, when we were training these guys, we were training six days a week sometimes. Not morning and night, but sessions of four to six hours every day after school. Right after school. Four to six hours everyday in the Dojo. Everyday. Every day. Six days a week. Are you with me? Sunday of course training alone. Do you know what I mean? Like a fanatic.

I mean, maybe they'd do it once or twice a week. Right? Training like two, three times a week. But not that, because, you know, it's not that. Many of them who are older are doing other things as well; but, it's like its critical. Why, why why are you doing this training? Of course, they have self-interest. God

allows for self-interest, right? We want them to be able to defend their families. They have self-interest. They want to defend their wife, their children. That's good. That's a good self-interest. Are you with me?

It's a good self-interest. Many times that is the energy that will make them overcome. "Oh, I don't want to go training," making an excuse, all this kind of thing. "It's, oh, my wife. Oh, but the children." You see; so, God will allow you to have that self-interest; but, again at the same time, He calls you beyond that as well. He calls you beyond it. He calls you to love your neighbor. Now, your neighbor is not your wife or our children. They're actually in a different household. Does that make sense? They actually really get under your skin and you may really hate them, okay? You may really not like him because of the dogs pictured here with a couple of members of their family, okay; but, you have the intention, you have the mind, you have the heart, you have the decision that you will protect them.

I mean, the mindset is important. The point from where we fight and start is critical, isn't it, even in our spiritual life? Why are you fighting? The world will tell you, don't fight, don't fight, just acquiesce. Be like the river flow, you know. You heard what the wise sages from China said. Be like the water. Flow with the water. That's Japanese actually. That's not Chinese. Well, you can flow into a toxic waste dump. You can be flowing down a toxic river. The problem is the toxic water power plant sitting on top of the spring. Are you with me? You can be flowing, but you're flowing is sewage. You could just go along with the flow, but you could be flowing into a crap hole. Are you with me?

The world will always tell you, because it's easier, because people are always lazy. It's easier to tell them, oh, don't do nothing, cause it's easier to just flow with it. Don't fight against it, cause your will has to be involved. Your will has to be involved, your internal man has to be involved, your spirit man. Your spirit man has to be involved, well, all the other things will just push you through that will have to get involved, and in the end, God has to get involved. Are you with me, if you're going to go the long haul, cause you can't do it on your own strength. Your physical body will break down. It will start deteriorating in different places. Different ailments will start coming against you. Are you with me?

So, it's absolutely critical, and so, when we receive the spirit, when we receive prayer, that's a critical aspect of our life; but, again that's a starting point, a starting point. It's not the end all. Does that make sense? Look at that verse/ That's the reason I showed you. In **Verse 8, "Charity never fails; but whether there be prophecy they shall fail."** Prophecy shall fail. "**whether there be tongues,**" Speaking in tongues, which is a gift of God. It talks about it right there in 1 Corinthians 12. Right in the previous Chapter. Look at that. Verse 3 and 4. That's where it begins. One of the gifts is speaking in tongues, and of course, the discernment of speaking in tongues is another gift; but, then in the very next Chapter he says charity is not there. Charity is not there. It's the will to lay your life down for your neighbor is not there. Then, what did he say? **Prophecy, they shall fail; whether there be tongues, they shall cease;** They're not prophesying any word over man anymore. Are you with me? **Whether there be knowledge, it shall vanish away.** The knowledge, it will have enduring quality, okay.

So, just speaking in tongues, just having knowledge of God, just having... You see, we have a lot of people who maybe just read the Principle, and they know the knowledge so well; but, they cannot manifested it. Their families are falling apart, right? Their children are maybe brainwashed in public

schools. I mean, it's like what are you doing? You're giving your children to Satan, where in the Principle you supposed to divide good from evil. Are you with me?

8 Where there be prophecies, they shall fail; whether there be tongues, they shall cease; there be knowledge, it shall vanish away. So, those signs of the spirit, they're important for us. They're gifts, and we don't curse them when they come. You know, when the young people come back from, what is it? Tampa, Florida, they had some wonderful experiences. I mean, different people got hit with the joy, and some of you people think they're crazy. They're coming here, and just like that. Who was that last one there? I mean, there's just spontaneous joy and laughter, spontaneous joy. All of a sudden, you know, they were preaching and somebody back there started laughing out loud. You know, like that. That's spontaneous. They just get hit with the joy.

So, when that comes, you know, we're not going to rebuke them. They're not doing something evil. Are you with me? They're not doing a wicked thing. That's a gift of the Holy Spirit. That's wonderful, right? They're betting that unbridled joy, that feeling of joy. That's great. They feel the presence of God, they feel the joy. That's wonderful. And maybe we'll be envious, but what does it say? We don't envy. We celebrate God, you see. Are you with me? When those kinds of manifestations happen, we don't envy, "Oh, I want that." Although, it's a problem, as it is for us, too, but we don't want to lust after it. We want to thank God. When there's an event, we want to thank God and praise God for that; and, then we probably receive a gift. Are you with me?

So, the works of the Spirit, let's go look at it. Chapter 12. 1 Corinthians, Chapter 12 in Verse 3. This is an important Scripture. Let's look at this one. This is an important Scripture here.

1 Corinthians 12:3 Wherefore I give you to understand, that no man speaking by the Spirit of God calleth Jesus accursed; and that no man can say that Jesus is the Lord, but by the Holy Ghost.

Did you hear that? "**No man can say that Jesus is the Lord, but by the Holy Ghost.**" So, when Christians want to say that you are a heretic, you know, Evangelicals calls each other heretics all the time, you know. It's like a normal thing in the Evangelical Church, okay? When they call you a heretic, you just quote them Scripture. You say, 1 Corinthians 12:3 says, "**that no man can say that Jesus is Lord, but by the Holy Ghost.**" and I have said that Jesus is Lord, right?

So, if you said that, you said that, it's said by the Holy Ghost, right? They can't say that we're not Christian. We're not followers of Christ. Are you with me?

In Verse 4, "Now there are diversities of gifts, but the same Spirit 5 And there are differences of administrations, but the same Lord. 6 And there are diversities of operations, but it is the same God which worketh all in all. 7 But the manifestation of the Spirit is given to every man to profit withal.

The manifestation of the Spirit is given to every man to profit withal; so, when somebody is given a gift of the Spirit and begins speaking in tongues and you don't know what's going on, maybe starts exploding, erupting in shout, are you with me? You don't know what's going on with them and God. You don't know what's going on. They could have just heard from their, you know, their daughter two

days ago that she's a lesbian, you know what I'm saying? You don't know what's going on. Are you with me? You don't know.

So, God gives these different gifts, diversity of gifts, what is it, differences of administration, diversities of operations and in their manifestation, they work to profit all. If we receive the gifts of the Spirit and realize they're also gifts to us as well, then we profit from them. We don't have to lust after them. We profit from withal. Does that make sense? You see the difference? Right, there's a big difference.

Envy is that I don't want that person to have it. I want to have it. That person should not have it. I have it. It's envy. It's almost a zero sum. Socialist play this game all the time, right? Zero sum game. "Oh, in capitalism, if that person gets rejuvenated, then that person is poor. That's zero sum game. They don't think, if you take a slice of the pie, I don't have a slice of the pie. There's only ten slices on the pizza pie. You take nine, I don't get none. There's only one left and I got to fight for it." You see what I mean.? They don't understand that you're dealing with a Baker who can bake many pies. Bakers can bake many pies. We're building a lot of bakers, who can build many pies. Endless pies, as long as ones got the materials. Endless pies. Are you with me?

A diversity of pies. Many different styles. Vegetarian pies, meat pies, the meat lovers, pepperoni, broccoli, those Californians with pineapple. Those crazy people, they eat pineapples. My children love it. They're Korean or something. They're Hawaiian. They like pineapples on top of their pizza pie. I never like that. They love it. Korean people like sweet potatoes on their pie, their pizza pie. Can you believe it? They like sweet potato on their pizza pie. Sweet potato. You think I'm joking. I'm not joking. They have sweet potato on their pizza pie. Are you with me? It's crazy. Okay, we're not working on a zero sum pie.

Somebody took a pie, somebody took a slice. I don't have a slice. No, that's the poverty of Socialism, can you understand? That's the poverty of Communism. That's why zero sum brings poverty wherever it goes, because it doesn't see the Baker. It just sees the pie. The pie came from the Baker, you understand? The vessels come from the Potter, you understand? Before, they were just dirt in the ground, and now it's a beautiful vase because of the Potter, not the dirt. You understand what I's saying? Can you say Amen? That's the difference, a big difference. If you see that, you can have a baker that's the difference. If you see the Baker making beautiful pizza pies and you get hungry, you don't say, "Oh, I wish want that Baker to fail, so I can have a pizza pie." But, why don't you say, "Hey, that Baker's doing great. I want to become a Baker. I'll learn how to become a dang-gum Baker, you see what I'm saying?"

You can make many Bakers, you understand what I'm saying? It's the same with a diversity of gifts as well. It's not a common Socialist mentality. "Oh, they took a pie. They got a gift, and I didn't. They stole my gift, right; and, they took it. There's a slice of the pie, they stole it, now there's one less for me." No, no, no, it's not true. God is not a pizza pie. He's a Baker. Can you say Amen?

The Bible calls Him a Potter as well. He can make them. He can make the best sauce. Unlimited vessels, unlimited pizza pies. I know the pizza pie's not in the Bible. I know. I understand that; but, the bread of life is. That's in the Bible. Pizza's a big piece of bread. It's a bread, okay? Maybe they didn't have the Roma tomatoes. Maybe they did in Roma, in Rome. They would have had Roma tomatoes and

basil, sweet basil. I know they had olives; so, maybe they had some bread with olives and olive oil. Some pizza pies look like that. Now, the people are getting the Holy Ghost, when I'm talking about food and you're hungry. Are you with me?

So, it's the same with the diversity of gifts. It's the same thing. We don't see someone receive the gift and say, "Oh, I didn't receive my gift." No, God can make unlimited pies, He can make unlimited pizzas. Bread, He's the bread of life. "He who eats of me shall not hunger." (John 6:35) Right?

He will make them. So, we see them, be encouraged. Wow, that's the beauty of the Baker. Wow, that's an amazing Baker that, that person's getting that pizza pie. Maybe you don't like that person, but they are receiving that pizza pie, so I got to say that Baker's fantastic, He's amazing, right? Are you with me?

God is saying, don't be jealous, don't feel envious, don't feel less. "Oh, I didn't get the Holy Joy." You know, some of these kids come back, they have joy, they have like this laughing joy. They can't stop. Sometimes that happens. Are you with me? They can't stop. But, you don't have to feel weird. That's the gift that God has given to them now. Maybe they need that to overcome the depression they are dealing with. Maybe they need to overcome the suicidal thoughts they were having, you see what I'm saying? You don't know. Maybe they had some stupid thought that Satan has put into their head. You don't know. Maybe they need that administration, right? They need that diversity of administration. Right there in the Bible to defeat that weapon of depression. Are you with me?

So, that may be for their time right now. Maybe they need that; but, in ten years they may not need that. They may be manifesting another gift, knowledge or wisdom, whatever it is. Hey, let's look at the gifts.

In Verse 8 For to one is given by the Spirit the word of wisdom.

Sometimes the Spirit gives us a word of wisdom. Pastor Browne was saying, in the Pentecostal Church too many people get that gift. Everybody wants to give you a Word. God has a Word for you. God has a Word for you. God has a Word for you. "Shut up!" You understand what I'm saying? He was making the joke in the Pentecostal Church. They have an overabundance in the word of wisdom.

To some, it's a word of wisdom. It doesn't mean that word just comes profusely. It could be internal. "Oh my goodness, a word of wisdom. Boom!" Pastor Browne had a Word for me. It was private. It was just between me and him, and so he gave it to me in private. He didn't give it in front of all those Ministers, all his people. He said, "I have a Word of God for you." (What did he say?) You don't have to know. You don't have to know, do you understand? You don't have to lust after it. It's not for you. The word is not for you. The word was for me. Are you with me?

But to one is given the manifestation of word of, to another the word of knowledge by the same Spirit. Sometimes, God gives a Word of knowledge. Meanwhile, we're racking our brains over something. Even it could be a Scripture. We're racking our brain over a Scripture, praying over a Scripture, praying over some huge decision that has to be made. Oh my gosh. God will give us a Word of knowledge. Maybe He will point to us into a word of knowledge into a particular Scripture that will give us power. He was also making a joke about that one. In the Pentecost Church, they have too much of that, too.

People will run up on you, “Ah, I got a Word of knowledge” for you, and start quoting from the Bible. He said, he went to a Church, and he had like three or four people came up during the service and say, “I have a Word. Here’s the Scripture.” He was visiting another Church, and they were like this, and they took the Minister aside. They’d say, “What are you doing? There’s no order in the service. What are you doing?” And that was different from the Word that he was getting, and he was called there to minister. He actually had to rebuke that Minister. “What are you doing? Are you ministering here? Is God speaking to you?” Are you with me? But sometimes, God will give us a Word of knowledge. That would be a gift of the Spirit. It would be a gift.

What’s the next one. Look at this? What’s the next one? Ah, this one, ladies, you forget this a lot. You forget this. Watch what happens. Look at this:

Verse 9 To another faith by the same Spirit; Faith is a gift. Faith is a gift. Ladies, when you become Moms, you have to remember this. Some of your children will struggle with faith like they’re resisting. You have to know this or that. You know, they’ll struggle. Some of them will just have it, you understand? Some of them will have it. You have to recognize that as a gift of faith. That’s a gift. You have to praise God for that. I see some Moms that get angry that their child is not discombobulated about their faith, right? They’re sometimes, some people, they’re not overly confused about their faith. They don’t have to read William Lane Craig’s five hundred tomes to get it. They just get it, and they move on, you know, with God. They’re some kids like that.

Now, some Moms worry they just go with it. They just go with that naive faith. You know, they’re not even no challenges to their faith, or something like that, you know. It’s like, well, they’re going to get shattered. Well, maybe they’re not operating in the intellectual realm there. Maybe, they just know deep inside, because of something you don’t know about. Maybe, they saw a friend that was going down the atheist way and became a drunkard or a prostitute, whatever. You don’t know, but they have a gift, you have a gift. God give them that gift.

Sometimes, Moms just cannot stop being dissatisfied with their children, I tell ya’. It drives me nuts. Everything, even good things, are a problem. Golly! Moms, you got to be rebuked. Sometimes, even good things to you, they’re bad. That’s crazy. Do you not that it is a gift from God. Why don’t you just celebrate him. Wow, God has given me a child that just has a supernatural gift of faith. Okay. I mean, here she is, a smart person. She should be wanting to question this, and like know all the rebuttals, but they just love God for some reason. I don’t know. How many people have seen this? There are some kids like this. Maybe, not in your family. Maybe, in some other family, but there are some people like this. Sometimes, you just step back and say, “Thank you God!” I mean don’t give them over a pressure cooker or put them on a pedal stool. “Oh, Lord has given them a gift of faith. Look at all you faithless children. It’s he that’s faithful.” Don’t do that, alright? Don’t be stupid. Oh, my goodness! God give them a word of wisdom right? Don’t do stupid things like that; but, inside say, “Wow, that’s a gift of faith? I praise that he’s got them.”

You don’t have to treat them... you know what I mean? For some kids, you need the back and forth. Some kids need to get deep into apologetics, into what the atheists are saying. Some kids have to get into that. Unfortunately, it’s just a long convoluted road that leads you to the same place, but it’s a long convoluted road puts you through all the suffering and mental anguish, but in the end, you know, that’s

the course that you have. You find yourself, hey, there's a guy from the beginning. He just was given the faith, but I tell you, they go this long convoluted path and all this ridiculous mental anguish and torture to get to the same place as grandmother's gift of faith. You know what I mean? You got ten degrees, and Grandma's out defeating you in all the aspects of Christ, because she has the gift of faith. She has this love for Christ. It's not tainted and clouded by all the things she has to know, or prove to herself, and, you know, all this kind of stuff. Some people have to go that route.

Some people, in that sense, they're kind of cursed. They got to go that route. Some people you take down that route a little bit, and they get satisfied very quickly. "Wow, I didn't know that." Some people have to go down, down, down, far, far, far. That's a small, that's a very small minority that has to go very far like William Lane Craig. Like that level. Very, very intense. Very high level, but some people have to do it. Are you with me? You know, it's a diversity of gifts.

So, if your child has a gift of faith, and somehow they have to know Scriptures, somehow don't put them on a pedestal, but internally you can thank God for that. You rejoice. Why are you questioning that faith and thinking it's a bad thing, cause your other children are faithless? Are you with me? That's unnecessary. That's why the gift of faith, it really is an important one. We have faith; the Word of God dwells up within them; that is a gift when we feel faith in God and we faith in His promises, we have faith in His Kingdom. That's a gift.

It's a gift. Confidence in Him. Trust in Him. That's a really a gift. We need to praise God for that. You know, the young people, the older folks, they have strong faith. Of course, it doesn't mean they're perfect. I mean, you know, the older folks, too, you guys are going through trials and tribulations all the time, right? So, we're not trying to put this in some kind of mystical framework. Are you with me? Right? But, at the same time, that gift of faith, that's a gift of faith. It's a gift. It's a gift of the Spirit. It's a gift of the Holy Spirit.

So, we talked about receiving the Holy Ghost over there. The Holy Ghost will give us different gifts, too. There are different gifts, right? Diversity of administration, diversity of the manifestation of operations.

1Cor 12:9 To another faith by the same Spirit; to another the gifts of healing by the same Spirit;

Right? Now, I'm not saying, if you see somebody get healed, ... We're supposed to report that today. I forgot, but wonderful, beautiful stories of the Holy Ghost and True Father in the Spirit is healing people in Korea. He's giving that to folks who need it. There's this one, we got a couple of testimonies from last week. Do we have those? I get them next time, but anyway, I give you a synopsis. In the Korean Church... Do we have pictures? You guys have pictures of the Korean services now?

It's wonderful. They come here, they get the anointing, and they have gone back home and they're baptizing people. It's like the Fire of God hit that place in the Sanctuary's, and the Fire is pouring out and people are being slain in the Spirit and one man, was it a man? One brother, he had terrible, terrible cancer. The rating on his white blood cell. Do we have that? Anyway the rating was 2,700 was his count. It was a count regarding the probability of cancer inside, so it was a very high count. Two thousand seven hundred, something like that. Very, very high. It was bad. Anyways, it's bad, very bad; so, he was saying it was bad. He received prayer and he, you know, laid down in the Spirit and God did

a surgical miracle on him. He went back to the Doctors, and that count went from 2,700 and something to 63. It went from 2,700 to 63. Sixty-three. This was just last week. It was last week, you understand. Intense prayer. Intense prayer. The Pastor can here and got the anointing, and go back there and hit them with the Fire. Intense prayer, intense prayer. Intense. I wish I brought those pictures. Tim, maybe you can get those pictures on a Power Point, and we can show that why we're talking. Why don't you get them. We saw some of those pictures. See if you can retrieve them. Was that on Facebook in the Korean Church? Oh, the pregnant lady laying hands of them. Oh yeah, good, good, good.

So, these kinds of signs and wonders coming in there, you know. Father is showing his manifestation with gifts of healing. Some people were receiving healing. Some people were receiving different gifts, etc; but, of course, these are things we could look at. We should obviously celebrate and thank God, thank Father, thank Jesus for them; and, view this as wonderful, as a wonderful proper attitude, whenever we see the administration of the gifts and operation in the Spirit. We give thanks. Are you with me? We give thanks. We thank God. We thank Jesus We thank Father. We thank them. We need to get into this habit of saying thank you. Thank you God, thank you Jesus, when we see the operation of the Spirit.

Okay, maybe we get the picture now; but, beautiful things are beginning to happen in Korea. The Holy Ghost is pouring out, and Father's touching his people. Wonderful testimonies every week. Five, six, seven testimonies every day coming out of Korea, and people being healing. Like you said, the word of wisdom, clarity, knowledge. You know what to do. Receive the gift of healing. Faith with desire to see the power of God. Become manifest. Become more embolden from within. Are you with me?

So, beautiful things like that, and the Spirit of God is happening. When we see those things, of course, we praise God for it, and if we're in a similar situation like we have battling cancer, we saw that brother. He just went from 2,700 plus to 63 after the Hoon Sei Nims and the brothers and sisters who have received the anointing and come in and prayed for them. I mean, I'm talking about intense prayer, you understand. Intense. Intense Holy Ghost prayer; and, when we see that work in signs and wonders, we can thank God; but, again if we're dealing with that similar thing, then that's also hope for us, right, if you're dealing with cancer and something like that, that's also hope for us. There's hope that God is speaking to us, right?

He says, "My plan is not to harm you, but give you a future in hope." (Jeremiah 29:11) Right? The hope, of course, the hope of salvation. The hope of the Kingdom of God. That is, of course, our hope, right? Our hope to see the brothers and sisters to remain as long as God wants them to remain and not to go early. That's now the hope. Sometimes, they can go early on their own accord, because they're listening to the lies of the Devil. They're listening to the depression and oppression of the devils around them. Sometimes in the spirit; sometimes in the flesh. They can go early, not at their appointed time, because of the folly of man and the wickedness that surrounds that can lead them to death. Are you with me?

We don't want any of them to leave early. None. None to leave before their appointed time. We want them to fulfill the work of God that God has laid out for them. Not one to go early. Not one to precede

the appointed time; so, of course, when we see the wonderful gifts of healing, then if we're dealing with that, someone is dealing with that, then they can receive a gift of faith through that. There we go. There we go. They're just praising God. They're just singing hymns and singing praises to God.

You see, the world makes you feel weak and low and meek. They tell you your a slave. They tell you your supposed to acquiesce to the masters of this world. You see, all those downtrodden, all those who are heavy laden, all those who are under the yoke of slavery, oppressed, they're wearing Crowns. They're Kings and Queens in the Kingdom of God. You see, something frightening is happening in the body of Christ. Something terrible, terrible, from Satan's perspective is happening. Terrible. It's absolutely horrible. Look at those slaves that should think they're slaves? Look at those downtrodden people? What are they doing wearing Crowns? Do they not know that they're supposed to be slaves to the system, and they're supposed to worship Samsung and what is it? Hyundai and LG. They don't know that they're supposed to be ruled over by these people who are, of course, tied to George Soros and the Bilderberg Group and the Rothschilds. This is ridiculous. This is terrible.

What is happening? Why are these people all wearing Crowns? What is getting on the inside of them? Some virus. Some kind of infection. Some kind of mental disease come over them. We have to send the Psychologist from Harvard to do mental studies on them right now. Some virus come over the Korean people, Japanese, Americans and Africans. Some virus is coming believing they will be the rulers. I mean, it's crazy. It's nuts. They're crazy people. They should just, you know, they should just loved being ruled. I mean, what is all this? Look at all these people. What is this?

You see, the whole thing is an issue of issue of sovereignty, issue of sovereignty. Are you owned? Are you owned by this world? (No!) You see, they tell you they own you. They say, if you're wearing a Crown, your playing Halloween. It's October, so you're playing Halloween. What is it? The Queen of England can play Halloween all day long, and she's actually a Satanist. The Pope can play Halloween all day long, and he actually a Satanist, leading a huge Socialist social Commie pedophile Church, and he's got a fish hat. He's got a big, you know, fish hat on. Are you with me? You see what I mean?

You see, the rulers, they can wear crowns and that's fine. You see, when the people that were down and oppressed, something gets on the inside of them like a virus, like a dangerous bacteria, and they start, they start mentally believing this that they're going to be the Kings of this world. Boy, that's a bad virus. We got to get rid of that. That's a problem. You can see George Soros, you know, thumbing his wrinkly nasty krytonite fingers together, you know, with the Rothschilds. What is this going on? Got me number 3 on their list. Why are they freaking out. I got a small little group, you know what I'm saying?

But again, the media, they fear Army of Gideon. Three hundred. That's it. For every one man, they got one man. You think about that. You have to fight. Everyone of you have to fight a hundred people. Can you visualize that? How many people we got right here? We got about a hundred and fifty people. What is it? Maybe...

Alright, the whole section come on down. Get up and stretch. I want to get a visual here of a hundred. People. Come on. Everybody down. Come to the stage, the alter. Let's see how many folks are here.

How many people have we got here? What, maybe fifty folks, fifty people? Come on down. Come on. There you go. It feels good to get up and move those carburetors or something. Praise God, Sunni's got the Holy Ghost already, man. Are you ready to praise God? Praise God. Hallelujah! Hallelujah!

Okay, so how many folks we got up here? Maybe like a hundred. Maybe. It's not even. Right? Maybe thirty, forty. Thirty, forty. Alright, if you could, just get to one side. Okay, just stay on one side. Try to stay on one side.

Okay, this whole section, come, come. Come here. Hold, you guys. You wait, this section (in the middle) right here. You guys come, right here. You guys just join them here. Stay on this as much as you can without trampling one another. I just want you to see this, okay. So, how many now do we have? Maybe forty, fifty. What do you think? Fifty, sixty. Maybe fifty, sixty. Now, you guys got to squeeze in now. Squeeze in. Come on, you can come to the front. Don't be shy. You can come to the front you beautiful ladies. You got all your colors on and everything. Come on up. Okay, you guys come on over here. Over here, alright. We for whole space over here. Come on. Come. Alright.

Now, how many up to a hundred. Let's see. We got this whole section here. That's it. Come, come. Come here and join this group here. I just want you to see. Come on. Now, you have to squeeze in. Try to squeeze in. That's a lot of people. Okay. Okay, come on in. There you go. This group here. You got five right here. Come, come. Come join. Okay, so how many people here now? Now, about a hundred. That's about a hundred, or less. A little more. It's pretty close. Alright, so all of you, all of you, just puts your hands up so we can you back there. Yeah, yeah, you can see them now Now, imagine they were all swords and spears and all that. Okay.

Now I want the young boys. Come here. Come here, one at a time. One at a time, come. Come, come. There. You versus all those people. Okay, go back. Okay, the next one, come. Now, these are nice people that you know. What about people you don't know and they're all ready to to kill you, behead you. God ahead. Come, you boys come. See this. You understand, okay. Come see. Imagine, you had to fight in mortal combat with all these people. Okay, go back, go back. Come on, come on up. Just look. You understand. You understand, right? One out of one hundred. Come, come on. Quick, quick, quick, quick, quick. Okay, you can see. Come, come, come. Come take a look. You see, that's a lot right? Are you with me?

One to a hundred, so you have confidence. The Queen, come right here. Now, she's standing here on this side. Stand on this side here, alright. All of you are against her. You see what I'm saying? Now, I just want to show you the difference. Let me show you the difference what they had to face. One to a hundred, okay. One to a hundred. I want to hear the Queen's Battle Cry. Is she ready? And then I want to hear your Battle Cry. Are you with me? But, you're the enemy. Not really, but pretend. Just so you get this on the inside of you, okay. Here we go. Are you ready? So, you get ready. She's ready. Okay, the Queen's gonna give her Battle Cry first, okay? Here we go. Three, two, one!

Queen (2:42.47 to 2:42.52) Okay, very good. Now, you hundred. You're a hundred. I want to hear your Battle Cry. Ready. Three, two, one! The Hundred (1:42.59 to 2:43.03) Okay. Alright. Okay, Okay.

You see what I mean? You see, this is what happened with Gideon's Army. It's like one versus all of you, and you're fighting people. All of you have weapons. All of you are trained. All of you have swords. One stab, I'm dead. One spear over there, and you're dead. You get hit at once, you're dead. You understand? There's no recovery, no coming back. None of that. You die. Okay, everybody go back, please. That was great. Let's give everybody a big round of applause there. You see that visual? It's different, isn't it? You get the visual, and you get what they had to be up against. That's different, isn't it? I'm telling you. You see the difference from the Battle Cry? The Queen versus all of you together? A huge difference. Ted is being nice. He said to the Queen, That was very scary to the Queen. But, you see? You see what I mean? I mean, how would you deal with a hundred to one odds?

Now, you heard the story of Gideon. You heard him preach this morning, and you said, "Yes!" as if, yeah, that's doable. Now, you saw what it meant, okay. You saw what it meant, and you're going up against military men. A hundred to one. A hundred to one. Now, you heard him preach in the morning, and you said, oh, yes that's good; but, did you see the difference in power? Did you see that? Such a massive difference when you can see the Scripture like that.

Now, I don't know if you could see. You're standing in there, but when you see the shout, can you see the difference in the shout? Did everybody feel that? I mean, one versus a hundred. You see the difference of the will and the power? But, imagine if you had to go up against three hundred against thirty-two thousand? What God is calling us to do is three hundred or whatever, or how many there are around Sanctuary. Maybe three thousand. Three, four thousand to shake the whole world. To shake the entire foundation of Satan's Kingdom, you understand, given some context here of what we're facing.

Why are we number 3 on George Soros' list? Because if, if, if this virus is what they call it, this virus, if the Christians, if the followers of Christ contract this virus would they believe we are no longer slaves? Would they begin to manifest their authority, physically? Nobody laughs at the Queen of England wearing a crown; but, everybody laughs at you, you see, because you're supposed to be a slave, you see. Are you with me?

If people start seeing the biblical Scripture and what it actually entails, in End Time that the people of God will have authority, they will have the bottomline. The epochs of generations of slavery under the yoke of the sword, or the modern day, under the barrel of the gun, turn on the people all the time. That's turned around. That's not something we're just saying, folks. If the Queen had the Rod of Iron, you guys would be shouting and running the other way. Are you with me? Even though you were a hundred there, still, that Rod of Iron will break the potter's vessel. I mean, that's what the Bible says. We're not just saying this. We're not just pulling this thing out the pocket or something. Are you with me? We're not just making this up. This is in the Scripture. If any Christian deny the Scripture, then the don't believe in the Word of God.

In the End Times, God will give His people the accoutrement, the authority of Judgment. I mean, what is the reason why Mueller and his people if they're tried for treason will be punished? Upon what authority will they acquiesce to that? Well, they know they have superior fire power against them. Then they cannot run away. Are you with me?

That's the bottomline. They know that Trump has now control of superior fire power. That's why they fear him, cause he can give the orders. It's a serious business, folks. It is not a joke, but this is serious. This is not a game. This is not a game. In the End Time, every Christian knows, every single one knows that judgment will come upon the wicked. Every single one knows that they will have to judge the tribes of Israel. See, it's a job that people don't want to do or prepare for. Are you with me?

They just want their feel good Christianity. Diet Cola, give me the candy. Tell me, I'll have the whole world with no responsibility. "Tell me I'll get it all. I'll get it all with no responsibilities, please Lord Jesus." Are you with me? This is a problem. If you were the Devil, you would love that type of Christianity. Love it. You would love it.

But, in the End Time, the technology is ripe, the systems are in place, where the world can transcend Satan's Kingdom. Only at this time in history. It can't happen before, because you don't have the intel, you don't have the access to all these, you know, these things around the world. You don't have access to this many people. You don't have the social media network. You don't have that. You don't have that web connection. You don't have it. I mean, before the Internet, you had to go to the library.

You remember this? They have the libraries in the olden days, don't they? They have the old libraries. Remember that? You remember those things called libraries, you remember that. You write a paper, you went to the library to find all these books. You remember those things called books and a library card, remember that? You had to pay a little fee for the library card. Oh my gosh. These young people, they don't even know what that is. You remember that time. It was not that long ago. If you wanted that knowledge, you had to go to a university with all the books. Remember this? You guys did it, right? Exactly. It's all irrelevant now. Everything is online all the world's knowledge of the ages. Every single thinker is online now. Everyone can access anybody at any time. I mean, from the good to the bad. Everything. Unprecedented time.

You know, this level of connectivity and positioning of Christianity combined with all the crazy intricacies of global politics, which is lining up line the stars just like we saw in Revelation 12. Lining up like the stars, lining up; so, there's a thirst in humanity, there's a thirst to rebel against this world system. There's a thirst to cast off the principalities of powers that rule over us, especially in Europe. You see that now. Look at Brazil.

Who's from Brazil? Look at Bolsonaro. Look at this. There's a revolution in Brazil, do you understand? Global politics is getting positioned for what? It's not getting in position for Plato. He's Communist. They're not positioning themselves for, you know, Philosophy. That's too weak. Philosophers, they're not warriors. They're debaters, but they're not necessarily warriors. You see the whole world of global politics being positioned. There's one force, there's only one force that can defeat and stand up against the world of Communism and Satanism. Only one force in this world.

The Catholic Church, obviously, not because its part of it, it's part of the pedophile network. It started in Pennsylvania. It exploded out from Pennsylvania. Fifty percent of the Priests being exposed as being Pedophiles. It's a serious sex trafficking organization; and, now they're in charge of trafficking the migrates. What do you think they're going to do the children? They're going to take them into,

what is it? The sex trafficking. They're working with the Bilderberg, all these organizations, being exposed.

International Banks, fiat currencies. It's all being exposed in the modern day. People are now beginning to understand, it's not federal, it's private banks that are ruling over us giving us hidden taxes through, you know, inflation and all this, devaluing the dollar, you name it. They're playing this whole thing. They're ruling over the people. Tax farming us like calves and pigs. Calf, you know, like heifers, cows and pigs. Farming them. The story of your enslavement. You remember that one? It's the story of your enslavement. That you are actually like a cow and pig being farmed, and at the highest level, they are Satanists.

All this global politics of this evil and wickedness being exposed. Do you remember that if you question the government, the Deep State, you'd be called a crazy man before Trump? Remember this? Even if you watched alternative news, remember how everybody would think you're crazy. Remember this? Just five years ago, I was showing these Info War things. Remember how people just railed against this? People would think you were crazy, crazy, crazy. Remember this?

Project Veritas, all these people who were exposing the Deep State. They were saying, "There is no Deep State. What are you talking about?" They think you were paranoid. This is what I am talking about. Remember this? Now, it's common knowledge. Now, Info Wars is the biggest news platform in the US, in the World, even though they have been censored. I mean, do you remember just five years ago, you couldn't mention any of these things. You'd be called crazy. We were. It's true, we were.

It's nice standing over here sometimes, too. I mean, it's such a rapid massive change that's happening. It's such a huge political change. Massive. Brexit happened; then it got closed down. The Queen shut that down, just like we said. Look, she did it. Talked to Theresa May, then Boom! Just like that. I mean, Boom! People were literally screaming to get out of the EU Communist system. Now, they're fighting for their lives. Italy is now fighting for its life. The Catholic Church is trying to clamp down on them. You know, there's a battle going on. It's bubbling. It's bubbling.

There was a person in Germany who was giving testimony. Christian Seeburger, our Continental Leader. He was saying, he was talking to this woman in this town in the countryside and she was saying, "President Trump is going to save us in Germany." In Germany, this woman was saying President Trump will save us. I mean, in Germany you understand? People on the ground in the town literally saying that President Trump will save us, you understand? There's a revolution that's happening, bubbling up on the inside. It's like a pressure cooker. Something is about to explode. People are starting to wake up.

So, it can only happen in the End Time like this. It can only happen when all these systems are in place. The Social Media to the Internet. It's a totally different time that we ever seen, but the same satanic kingdoms reside; but, it's a time through the Internet that they're being exposed. The things that they do, they things that they say get exposed. The geopolitical world is completely different, but it is being set up. You can see it as being set up by God, so the people will be ready. It's only one group of peoples that can stand up against the alliance.

The alliance of the White horseman of the Rothschilds and the banking cartel, the banking criminal cartel. Then you have the Chinese Red horseman, satanic government organ harvesting Christians as we speak. Killing them, slaughtering them, and Google and Facebook and Apple are helping them, helping them, helping them murder millions of their people. That's why if you can try not to use or buy or purchase from these supporters of genocide. Try. I know it's hard to say no to an Apple product because of fancy rich supermarkets at these malls. That's how spoiled we've become. I know it's hard to say no to Amazon or eBay. No, I'm going to shop somewhere else. I'm being sarcastic. It's actually not that hard, right? I mean, compared to these people in China, you read the Bible, you're going to die. How hard do you think it is to say, "I don't want to shop with Jeff Bezos anymore." You think that would be a little easier than to run away from the cops everyday as a Christian in China. Are you with me? Do you see how spoiled we are?

These people are helping in the slaughtering and killing of innocent people, Chinese Christians, and even Buddhists like Falun Gong members. I mean like murdering them because they will not acquiesce to the state, do you understand?

We're too spoiled. Amazon is too convenient. You can't wait like two, three more days to get your little, you know, Notepads. Whatever your little electronic device. Can't wait three more days for the sake of, you know, Bible reading Christian who gets murdered, organ harvested. Man, that's how crazy we've become as a society. It's crazy. It's insane. Totally selfish. Are you with me?

That's the Red horse. Then we have Dark horse of the shadow governments. The intelligent agencies that are running this. Infiltrating the United States like the CIA. That's becoming exposed on a huge scale. President Trump is exposing that. Project Veritas is exposing that. Info Wars is exposing that. Breitbart is exposing that. Massive players have come out and exposed this corruption in the intelligent agencies. Project Veritas with the new videos. Everybody seen that in the new videos, where James O'Keefe has gone inside these intelligent agencies, in these departments. They're openly saying they're Communist, you understand. It's the Black horse that hold that hold the black scales of justice that are pretending they are fighting for the scales of justice, but they're wicked and evil, and of the Devil, and destroying the country.

And then you have the Pale horse of Islam. The Pale horse that comes with the rider of death to convert or die. Who can stop this alliance? Who can stop this alliance? The alliance is so big. You got all the radical Jihadi world. You got Saudi Arabia backing that with multi-billion dollars.

You got the White horse of the Rothschilds who got trillions of dollars. Chinese government raping their people. I mean billions, I mean hundred of... trillions of dollars, right? The CIA and Black Ops running the heroine trade, an eight hundred billion dollar industry. The CIA runs the heroine trade. Oh, you think heroine is the epidemic. No, the CIA would be more of a problem. You see, the people running the heroine trade may be the problem starting the wars in Afghanistan and Iran, etc to take control of the poppy seed production. Maybe that's the problem. Setting our kids to die in these crazy banker wars, in these drug wars that we have no business in those wars. Even Father said, don't go to those wars. He commanded Bush to go to Iraq to do these fake wars and lets America be destroyed.

What force can stand up against these mega powers? These are huge powers, you understand. Humongous powers. There's only one force on the Earth that can stand up against them. Only one. Only one group of peoples that can stand up against them. What is it? It's the evangelical Christian. It is the Protestant Christians around the world, which are in the million, which are in the hundreds of millions. It's the only force that has a common civilization across nations and races and creeds and tribes and chieftains, whatever. Common culture, common values. It's the only massive major force that can stand up against this alliance of the anti-Christ system. It's the only one. The only mega-civilization that can rival, and yet still it's smaller, but can rival and challenge. Yeah, are you with me, this Bible and anti-Christ system?

But Christianity is format no, because they believe has not returned, they're just going on the period of waiting. They're not filled with power. That's what I felt. They have the Holy Ghost. They love God. They're searching and craving God; but, again there's a limit, there's a ceiling of power.

There's a ceiling, there's a ceiling there. It cannot see the Kingdom in the future. It's invisible to them. They cannot prepare, they are not preparing for the Judgment. Are you with me? There's weakness. huge weakness, even they're Abel-type Christians. Tremendous weakness.

Why are we getting the worldwide media coming here to cover, you know, our tiny little Church? What's wrong with these people? Why don't they leave us alone and stop paying attention to us? What are they going to do when they release the next "Call to Arms" book to show the biblical reality of the Kingdom of God; or call the body of Christ to accept their role in sovereignty? What will they do? What will they do if that becomes a *New York Times* bestseller and is in all the book stores and starts spreading? What will they do? What will they do? What will happen when Poland militias get a hold of that, or the Slovakia militias get a hold of that? What will happen when the African people and militias and Peace Police starts saying, you know, we're going to start throwing out these governments? What if they get a hold of that? Are you with me?

This is not a joke. This is Judgment Day coming; and, the President is part of that, he's part that, pushing that sovereignty, preparing the way for Christians to recognize their authority. I'm not talking about authority where you vote for a leader and you basically feel your authority through him like President Trump or something like that. Are you with me? I'm talking about understanding sovereignty and the normal Protestant wearing a Crown. Sovereignty. Declaring to the world that he's not a slave. Are you with me? This is a bad virus, you see. It's a very bad virus.

Oh Lord, if this starts spreading in Protestant Christianity, if they start getting the Word, if they start seeing the Kingdom, my God, that bacteria has got to be killed, do you understand, because this is the Judgment coming for the wicked, for the workers of iniquity, for principalities and powers and rulers of the darkness of the Earth, spiritual wickedness in high places. This is the Judgment that is coming. Do you see?

Even a small virus like lime diseases started from a small forest in New York or something. Somewhere in Connecticut? This is the virus of Kingship, the virus of the Rod of Iron that's starting that's starting

in the woods of Pennsylvania somewhere. There is a dangerous strain spreading from the woods of Pennsylvania. It's a strain that can mute and create revolutions and... Are you with me?

This is serious. This is scary, if you are in the positions of wickedness of the world. I mean nations, countries are sending their media to do media pieces. They're thinking, they are looking down the line. If this caught fire, what would this do to our nation? It would throw it over. Are you with me?

But, this revolution is begun here, small, a place in the woods just like lime disease, or whatever, you know. Small place, small tree, one deer, you know. It spreads, spreads, spreads. You can't stop it. Oh goodness, you see. If that happens, what will happen? The Protestants will rise up. They'll rise up and they will cast us off; and, they will look at where this started, and they will look at, there's actually a Constitution that is for the world, and it is a Constitution that protects human freedom and sovereignty and free will. Are you with me?

Very, very dangerous. Extraordinary dangerous, which is the reason why George Soros is... Are you with me? I mean, it's crazy. It's nuts. It's crazy, you can't make this up. I mean, it's so insane. Are you with me? Do you see what I mean? You see how crazy this is. It's crazy. I mean, how do you explain that? And, God gave me this biblical explanation. He gave it. it's like out of this world.

I guess I'm not surprised, cause we know who the returning Jesus is. We know; but, to the world, it's like surprising. Out of all the people God could have chosen to give this to, why the hell did he choose the Moon boys? I mean, it's like how the Christians will say, out of all the people God could have given this message to, why he give to the Moon boys? You know what I mean? I'm just saying, they will think that. They're thinking, why didn't they give it to our Pastor, stuff like that, or Joel Osteen, you know. You know what I mean? It's going to seriously challenge Christianity, cause it will help to force them to look, look at the root of this.

Where's this coming from? What organization? What Kingdom is this coming from? They will be forced to look at it. There will be many in the body of Christ, obviously, who will call us heretics, things like that. They'll do that. I mean, do you think, they're the same type of Christians when Jesus comes back, even in their own Eschatology. Is Jesus coming on a horse riding from the Heavens with an army of a hundred and forty-four thousand coming from Mr. Zion? They see this, and then Jesus says, pick up the Rod of Iron. You're going to vanquish the Devil. They'll say, "No I can't do that. He's going to do it for me." These are the same type of Christians that will do that. They would say no to Christ, even if he looked like how they expected him to look like, you know, the Hollywood Jesus with the blond hair and blue eyes, all that kind of thing, floating. Even if he did that, they wouldn't accept it, because it's not politically correct. Do you think it's politically correct to Judge the world?

I mean, seriously, if Christ came down, cause they all know that when Christ comes down, he will tell them to Judge the world; and, you'll have to do it. They have to do it. They'll all be positions of Judges. Do you think it's going to be politically correct to say, "Sorry homosexuals. Guilty." You know what I mean? We're sorry about this or that. Guilty! Do you think that's going to be politically easy? I mean, they're complaining about their Pastor talking about some politics in some of these Churches. How much more when they... I mean, Jesus came down in a white robe, blond haired, blue eyed, just like

they assumed, and floating and could speak in a booming voice saying, "I'm Jesus Christ," and they all believed that was him, and he said, "Now, I need you to go and Judge the world." How many would do that? They would be torn inside. "It's not politically correct. I don't know. I'm gonna hurt my friend's-feeling." You know. You know how it is. Just because it he's floating around, he think He's going to do the work for him. He said, he's going to make you Judges. You see, there's some painful reality there. Are you with me.

This is the problem with the body of Christ. It's made itself so weak, so intoxicated and castrated. It's like a man with no huevos. It's like a man with no boiled eggs, you know what I mean? Huevos means eggs, right? You understand what I'm saying? I mean, it's almost as bad as that, right?

That's what happened to the body of Christ. Where are the warriors in the body of Christ at the Judgment Day? Well, they're not in the Church. They got the egoist in the Church. They just want to be stroked and stroked and stroked. Where are the warriors? Well, you see, that's the difference. That's the difference between the Christianity that is waiting and the Christianity that comes when the Lord comes. The Kingdom that comes and takes over, whether they like it or not. That's the difference. One will be waiting and one will take authority, and I'm telling you there's a new Christianity that's starting to bloom and burgeon in the hearts and conscience of men right now across the world that are under tremendous, tremendous oppression. Can you imagine when the Chinese Christians get a hold of this? Millions underground. What will happen to the Chinese government? They will have a big problem on their hands, don't they. Are you with me?

I mean, this is serious business. This is a serious problem. And what this offers to the world is something even greater than America ever had in its hey day. All the freedom, all the blessings of God that this country received; and, of course, it's throwing the diarrhea down the toilet. But anyways, in its hey day, the whole world wanted to come here, because the blessings of God, the faithfulness of its people to its morals, to the Bible, to the Word of God that were being preached in every county, every school, every court house, you understand? It was a different culture before all this Progressivism and all this, you know, neo-Marxism, neo-Nazism. Totally different time.

I mean, you understand what the Kingdom of God and the Cheon Il Guk Constitution gives to the world. Something that only Americans got a taste of. It gives that to the world, the whole world. The whole world. This is a problem. This is a dangerous document. This is a very dangerous document. You know, Zuckerberg and Google and Tim Cook call it a virus, a virus. "Mr. Anderson, we have a problem. There is a virus in the Matrix. Are you with me?"

This is a serious problem, folks. I mean, you people are seriously infected dangerous people. I mean, seriously. You got to watch out around these kind of people. It's amazing, cause even in this area, you know, we have people that come in from different locations; but, when we met the people and the leadership, it's amazing how God is moving them. They're onboard with us. We have the blessing of the American Constitution and the blessing of the Second Amendment here in America. That's why, of course, God begins it here. You have the protection of the existing law that will protect that

fundamental right; but then, you see, it has failed to resist the change in time that has degraded into a Socialist power, which is of course President Trump has turned back, but he is just a man.

The apparatus is so massive, and now its become so violent as you've seen in Pittsburgh just a couple of days ago. People are saying it's a false flag. People are saying he's just a riled up lunatic. Again, another gun free zone. They don't shoot so well when they got 2.23s and 5.56s flying back at them. It's not time to be playing around, folks. It's a serious time. God is changing the waves and currents are changing. A serious problem for, you know, the techies and Hollywood and all the crazy lunatics. A serious problem.

So, it's not that we did something that God is calling us that is making us the beginning point. It's not because we did anything. Are you with me? This is God's Grace. He has put us in the fire. He knows who to choose to get the Kingdom spread, and all of you here are not here by accident. I know we have quirks. You have a weird sensibility. Some of you fight with us, you know, whatever; but, again God is calling us to the fight. I mean, do you think the twelve Disciples that eventually even betrayed the Lord, do you think what their actions would do for the face of history? They had no idea. I mean, they're in the desert of Jerusalem, the desert out there, the white stone. They're in the middle of the desert. It has no relevance, you know what I mean?

Do you think they knew what was going on? How their actions would impact the entirety of history. I mean, just twelve people around Jesus. That's like, you know. That's some pretty big odds. Twelve like how many people in the world? I mean, that's worse than Gideon's Army. Gideon had 300. One to a hundred like we saw today. You remember what we saw today? That wasn't last week. That was today. You understand, that wasn't last week. It feels like last week. How about when we been gone? No, no, no. This is serious.

We're not just in fleshly bodies. You know, we're the spirit that is getting intoxicated. God is preparing His people to filled with the Holy Ghost, filled with fire; but, at the same time, at the End Time, took dominion over the Kingdoms of this world. The Fire in Heaven, the Fire on Earth. Who has control of the Fire on Earth? That is from the Fall. That has been Satan. Who will control the Fire and the power on Earth, or Fire power. That was interesting. Pastor Browne kept saying last week, "Fire Power, Fire Power. The Power. He was saying this. How many understood he was saying that; but, he was saying, "Fire Power, Fire Power." That's what he was saying; but, who's controlling that up to a point of the turning of the Kingdom from Satan's to God's? Satan was controlling it. You understand, when that power shifts, that turns, that Power of Fire, Fire Power is controlled by Christ. Whew!

This world gets flipped, folks, flipped over. Remember, they're talking now, President Trump is talking now to the Venezuelans to chase out their own bad demons. Maduro. The people are getting ready for it. 90% of the population is in poverty. They can't eat. They better get rid of Maduro; but, what do they lack? They lack the Fire Power to do so. You see, the people don't want to talk about the Spirit, but it's real. It's the baseline reality.

And, now President Trump is thinking, he's thinking. I mean, they said they're probably not going to do it; but, there are people who said they were presenting that thing. And it not like only, it can't be the Rod of Iron only that's connected with the Crown. The Crown of Sovereignty gives it that identity. It gives us our culture, where this gift comes from, you see. The Crown and the Rod of Iron are the two accoutrements, not only the weapon. The weapon is there, but it's serving the Crown. Are you with me?

It's serving the Crown. The Crown is our identity. It's our identity to Christ. It's our reason why we have our authority, right, cause that doesn't come from anybody. It comes from Christ. So, the Rod of Iron is there, but in of itself is not enough. It's not only that. It is critical, cause it's the baseline reality. It's absolutely critical. Absolutely critical, but inside what is our inheritance, what is our legacy that we're holding? It's the Crown. It's what represents the Godly Kingdom. The values, the ethics, the justice. It's all that is representative of the Crown. I for all these folks asking me, the Peace Police/ Peace Militia symbol, they're asking me what is that? What is that Peace Police/ Peace Militia? It's the Crown of God. It's the shield of faith and the sword of truth and the Rod of Iron; and, they all go, "Wow! That's great!" Cause they all know, they all know.

I mean, they can tell. They can clearly see they are AR-15, which are very powerful; but, it's the most feared weapon that all the Commies are trying to disarm people with, right? Any military warrior fighter, I was talking with Teg. He was the one who fought all those Jihadis. He was saying you never really use full auto, unless you use cover fire. Fully automatic, unless you're doing cover fire. If you're picking off bad guys, you're gonna go one at a time. One bullet at a time. You're not going br-br-br-br like the movies. You'd be wasting all your ammo. You can only carry so much ammo, you understand. It's not like unlimited Hollywood Rambo ammo. Are you with me?

So actually, the AR-15 is a military weapon, which is the reason they don't like the people to have it. It's such a fearsome opponent if everybody has it. It's a fearsome opponent for the anti-Christ system. Are you with me? Especially if that opponent can fight from the high ground and have a civilization that they're defending and building that is of course better than the anti-Christ is. The one that they're not replacing totalitarianism with totalitarianism that will bring about a whole other culture, a whole other civilization, not just a cult. This is what they fear.

So, of course, you know, the people of God are not desiring. I mean, can you imagine, our freakin' government is so lawless. They break the old laws anyway. You know what? We're just going to become armed for defence. Right now, the UK and Tommy Robertson right now they're taking away the salaries of the young men who took pictures of Tommy Robinson, right, who committed no crimes. He's not been, what is it, charged with any real crime militarily, whatever. He just constantly attacking the establishment and revealing and exposing investigative journalists.

So what happens. He takes a picture with military guys, and then the guys are blacklisted. They're getting cut off their veteran benefits. I mean, whatever, it's ridiculous. He was asking, is there now a list of people you can't take a picture with them in this country? That's what it's becoming in the UK, you understand. That's what Hillary Clinton wanted to make. All these crazy Leftist witches were trying to say, "America, you should become like Europe. Europe is the place. It's culture, it's beauty."

It's the place of slavery, you understand? We don't want to become like Europe. Europe wants to become like us, you understand. We lead Europe, not Europe lead us. Are you with me?

Europe doesn't lead us. Europe wants what we have now, cause it's gotten so bad with their ridiculous political correctness and Soviet Union EU. I mean, laws made for the fisherman of, you know, London and Wales, or whatever, all the way in Brussels. I mean, it's absurd. It's ridiculous. I mean, you understand? This is the world we live in, folks, you understand?

Boy! Golly! But, there is a huge force in Europe now that now it's becoming in rebellion with its own armed forces. The armed force men and women say, "Screw this. I mean, this government is ridiculous. This is totalitarian state." Now, the armed forces are beginning to see rebellion. Mutiny. I mean, you understand what's happening. This thing is about to blow. There are people of good conscience. They might not be church going people; but, I mean, they know the fundamentals of Christian civilization, and they know they're not supposed to live under that kind of totalitarianism. There is millions of people that are crying out, crying out for God's Kingdom to come. Crying out. They can't do it in public, but they may do it in private. In their hearts, there's a heart-cry. There's a wailing in the night that they don't let the eyes of other men see, but God can hear their cry, and so can we.

You see, people in the Kingdom of God, in the real Kingdom, I'm talking about the Kingdom that is coming to this Earth, the Rod of Iron Kingdom and Crowns, we can hear their cry. Can you hear their cry? I know that I can. Can you hear it? We can hear their cry. They have millions, millions that are ready, ready for a change, a big change.

God is positioning the world. I mean, geopolitics is all the same craziness. All of this is being positioned, because he has a will and God makes a way. I don't know, I don;t know what will happen in the next year, in the next two years I mean, it's such a rapid speed, you know what I mean? The Leftists are now blowing up. I mean, it's crazy. They're going full out terrorist mode now, which is nuts. How many attacks? Last week, we got attacked. Two Senators out in Minnesota were physically assaulted. The Leftists are going out in terrorist mode now shooting up synagogues. These people are crazy, you understand?

The grip of power is starting to be branched out. It's getting closer. It's getting closer for them to be tried for high treason in this land. It's getting closer. I mean, President Trump is getting it ready. These people will be tried for high treason against the peoples of these United States. That is a crime. That is a crime punishable by death in the United States of America, you understand? I mean, this is serious. Serious, serious time.

I don't know what God is doing. To be honest, we're excited to see what God is doing, but at the same time, we're not that excited. Are you with me? Because, what God is calling us, you know, to lead and to preach. It's like 1776 worldwide at a greater level than the American revolution. It's the Kingdom of God. I mean, you're talking about those who have been downtrodden, those who are meek, they will inherit tie Earth, I mean, that's the people; but, they won't inherit it so they can become tyrants. They will inherit it with the law of God. There will be a law above them that will hold their desires so that

their Kingdom will serve God, you know, then protect His children and God's blessings upon His people. I mean, it's crazy folks. It's crazy.

I'm not saying this to rile you up or anything, no. I'm telling you, it's crazy. It's insane. It's a little scary, too, honestly speaking. I would be lying to you, if I didn't say that, you know what I mean, if you're just always trying to be brave. No, but it's scary. It's scary, cause you're talking about this being the biblical foundation for worldwide rebellion of the anti-Christ system. Worldwide.

That's a problem. That's a big thing. I mean, you understand with us starting to take fire. I always tell you my life, you understand. I mean, we're not always going to be number three on George Soros' list, or hit list, you understand; and, it's not like I want to move up to number one. I love my children, I love my Queen, you know what I'm saying? I'm not necessarily in a competition to move up that list. Let's put it that way, okay?

I mean, do you understand that's kingdom of Satan's dominion are coming to an end. The time is being prepared. I mean, look at the whole world. It's being prepared. Only the hand of God can do this, cause no man, no woman can prepare all these things around the world at the same time. You can't. I mean, all you can just marvel at the handy work of God and just believe, have faith; and, that's why God gave me a Word this time, when I went to Pastor Browne, because I felt, I just felt this will be the Battle Cry.

This is just small hear, maybe the first Battle Cry that we did together; but, you understand when millions of Polish and Slavs, and Sweden. Is Sweden one of them? The Swedish and the Italians and Africans and Chinese persecuted Christians. I mean, you understand when millions of people start crying out with the Battle Cry, I mean, do you understand what a problem that is? It's a problem.

So again, this is what we talked about last week. I don't want to get ahead of God, I don't want to be behind God. I want to walk with God. So, I don't want to get ahead of, you know, where God is leading me, I don't want to get behind Him; but. I think today is for us, I think, whether we know it or not, it's like you can feel, you can feel, you know. I think when we look back on the film... We'll look at the service afterwards, or when you get home you'll see it. Just watch it. I'm interested to see how the Battle Cry sound. I felt, I felt, I felt God's power. I want to see if those, or maybe those people who watched it online, you can tell us. Tell our tech team, you know, to feel the power of the Battle Cry, cause it's not us. It's beyond us. We're a very small group. You know, we're disenfranchised, ostracized small group in the wilderness just trying to preach the Gospel, you know what I mean? But, you understand, beyond the...

Can you understand this from the Churches around the world? Also, while they are getting intoxicated with the Spirit given the life of Christ, etc, but at the same time their people were shouting the Battle Cry of God. You know, where the Battle Cry is coming out in the world, all you hear is Allahu Akbar is all you hear. Where is the Battle Cry of those with Christ? The Battle Cry of Allahu Akbar will never cover this world. Never. Not as long as the Kingdom is coming. Does this makes sense to somebody here? Am I talking to somebody here? I mean, you know, I had a different experience going down this time, you know what I mean, cause I could see.

Wow! The body of Christ really needs the Rod of Iron Kingdom. They need the Crowns of Righteousness, and Life and Glory, and the Incorruptible Crown, and the Crown of Joy. They need those Crowns. I'm not talking about just the manifestation part. They need those Crowns, cause that's a scary image. Look at those Crowns? You people are scary man. You got this dangerous face. Look at you. You got little Crowns. Right now, you bought them off of eBay and at Walmart, but that's okay. It's okay. You know, King Author could be in the middle of the woods with no Army, or King David in the middle of the cave with Ziklag. He had no Crown. He could just make a Crown of weeds, but that would still be the Crown. Are you with me?

It doesn't matter what that is, whether you bought that from Walmart or a Halloween costume store, or stuff like that. Now it doesn't. No, no. It's the act. It's the confidence you have, you understand. The faith in you know whose you are. You know whose lineage you are, whose royalty you are. Are you with me? It's the fearless fear that is struck in the heart of the enemy when they see the righteous person who's no longer guilt/shamed by the Devil because he's standing confident. Not fearing ostracism, not fear social chastisement, not fearing but standing with God. Boy, that makes you a true magnet when the Church of God starts Battle Crying with Crowns of gold and silver and lapis lazuli and amber and diamonds and rubies. Can you imagine. That will shake the world. The world will be terrified. I'm saying the wicked will be terrified at that thing. Terrified. It's a horrific, horrific terrible vision for them to imagine. Boy, you are a dangerous people. This sweet little humble Japanese sister. Then they pull out of their briefcase a Crown and put on the Crown of Righteousness, and they pull out of their purse the Rod of Iron. Holy Shemitah. What is this people? What is this matter of humanity? Black, Brown and Asian and White and all the races and tribes and tongues come together and praising God, and they stand for the Kingdom. Wow! My goodness!

I mean it was great when we went down to the River Church. It was a blessed Church, it was beautiful, and out of all of Christianity, by far the most Godly. You know, the work of the Holy Spirit is powerful there, but still, but still I felt God is positioning them to being lead to the Rod of Iron Kingdom and the Crown, cause without that there only so deep. There only at a certain level. They cannot, even with that, they cannot bring the will of bringing Satan into submission. They cannot. That's why the Bible says, that's not how it will be done. The Bible says, the people will have the Rod of Iron. I'm sorry. That's what it says.

Of those who overcome, he shall rule them, the nations that is, with the Rod of Iron. Revelation 2:27. So, I'm sorry that's not going to get to be the drunkenness of the Holy Ghost. Being intoxicated when you want, which is important, but it's not what brings the Kingdom and brings the nations into submission. Then, what brings the nations into submission? It is of course the Crowns that bring the identity of Christ, followers to Christ, and that's not enough, because you have to have the Rod of Iron. You would not bring the nations into submission. It's the nations that bow down once those who overcome. The Bible calls those who overcome are given the Rod of Iron. That's when the nations start going. Some of them go in a bad way. Some of them go by surrender, cause they saw, cause they're criminals. There the criminal class. They see a couple of nations go, "we give up, too," especially if they see that spreading and their necks on the line when it comes to them.

They may call it the Pennsylvania Virus. I don't know. The Pocono Virus. They may call it the Sanctuary Virus. The Moonie Virus. You know, they have all sorts of wacky names. The Sun Moon Vicar Virus, whatever, but it is a serious problem for them if that starts moving and sweeping the Churches for them.

Now, the biggest impediment and obstacle to them will be the Churches themselves, you understand. Negotiating the Churches today, well they have a hierarchy protecting themselves; so, when the Rod of Iron sweeps in, well they didn't come up with that. Are you with me? They don't want that to sweep over them because they're not going to get the credit. You know who's going to get the credit? Father's Kingdom is going to get the credit. Are you with me?

That's something they don't want to happen. They don't want that to happen, which is the reason why God is bringing them around through the people directly. In the places of Commerce, in the places of information, in the places where people go to seek knowledge like the book stores and on the news and CNN that's where they'll get in contact with the "Call to Arms," the establishment of God's Kingdom on Earth. That's where they will get in contact, when they have us running around during the media tours and having us debate the pacifist Christians, the ones who want to disarm everybody and work with the state, to become a Communist state. I will have to debate those Ministers. It's part of the four month media cycle that I'll have to do, after the "Call to Arms" is released.

So, they probably will not hear this in the Churches. I mean, we have people who are now watching online who are in different places. We had just a couple of weeks ago a gentleman out in the woods of Pennsylvania. He said, "I have been so blessed by Rev. Moon's ministry, your ministry, here I am. I'm sending in my first tithe. He's from right here in Pennsylvania. We don't even know where he's from. Yeah, give God some praise for that. I don't know where; so, people are watching. People will see what's going on.

A lot of the Pastors are hoping nothing happens. They're hoping. It just fizzles and fades. They're praying that it will not spread, but you look at the geopolitics, you look at powers of the world, how the stars are lining up, the tension, the split of civilizations, the divide, the dividing between the left and the right. It's becoming more and more clear, more and more serious, more intense. It's unavoidable. It's unavoidable. Conflict is unavoidable.

So, when the Left, because it is a violent ravenous organization of criminal Communist that lead at the top, when they decide to go violent, well then who will have to fight against them? Well, it will have to be the Christians; but, of course it will be in the body of those "Shepherds" that say, "No, lay down your life. Just die." And, there will be others that will just say, "No, we're not gonna die. This is the End Time and we're gonna resist the anti-Christ system." Are you with me?

That's why God is bringing the body in a round about way to the normal believer, and the believer can get a hold of this, cause it couldn't happen without the Internet. It couldn't happen with Social Media. It couldn't happen without things and media from major nations sending their people to document with the desire to destroy us with flaming arrows; but, do you know what the Bible says? The shield of faith will knock out the flaming arrows of the Devil.

See, the Spanish TV, the Leftist people, they think they're coming down to destroy us. They think they are going to show you how crazy Christianity is becoming, okay; so, they're preparing the flaming darts of the enemy, right? I know, when they come, we treat them nice. We Bless them. We give them water; but, we stand firm on the Kingdom, we will not budge; and, whenever these huge national organizations come, I mean, you understand these organizations serve the government of these nations, you understand. They're coming to do documentaries on us, our tiny little community out here, you understand? You understand how crazy and mind blowing that is? Why are they even paying attention to us. I mean, we're just some little dot in the middle of nowhere, you know. We have more cows in this area than there's people, okay? It's like that Star Wars skit that Gideon made on *The King's Report*.

"Master, what do you want of me? There is a power, a disturbance in the Force. What is your bidding, my Master?" Right? It's pretty crazy. They seriously feel a disturbance in the Force and they just can't stop thinking about us. They can't stop dreaming about us. I wish they would forget about us a little bit. They just can't stop dreaming about us. They're dreaming it everyday. They see Rev. Moon everyday. They're dreaming about us. It's ridiculous. It's a type of dream. Nightmares are also a type of dream, you know.

Spain is coming. Spain news is coming. Obviously, it's meant to destroy, it's meant to slander; but, what happens when people see it? But, what happens when national news comes? It's like NBC compared to CNN. You see, national. You're talking about 30 million people will see this. Out of 30 million, even one percent of thirty million is what? Three million? Three hundred thousand. That's 300,000 people. That's three hundred thousand people that will get something on the inside of them. Even if you think about it by the Principle. About 5 percent will give their life to Father. So, even if you say, and you go real low ball and say one percent, and they're hearing, you know, biblical Scripture. They're hearing straight out biblical Scripture. You're talking about 300,000 people. All of a sudden, the Army of God went from three or four thousand people that have something on the inside of them and went to three hundred thousand. Now, those people are not vocal about it, yet; but, something is now on the inside. The seed have been sown and there's something growing.

Now, the Globalist will call it an alien that's sitting inside of them and will burst out and destroy them. That's a problem for them you see; but, God is putting a seed. *VICE* is coming out. That will be millions of people that will see. Millions of Americans will see. We got a response from the A&E Program. They tried to slander us. We got all these supporters from around the country now on our email list. Now hundreds are on our email list and we don't even know. Andy Hallinan in Florida knows about us, those wonderful folks down there. I mean, you don't know that people got something on the inside of them. It's not immediately manifest, but there's something now on the inside of them changing on the inside. Something in their Spirit that is preparing. Are you with me?

That broadcast from Spain, that goes to Latin America. Argentina, I don't know who or how much was touched by the Argentinian broadcast. Argentina came here. They had a program on us, too. That young guy that we thought was a liberal trendy, but actually he was in support of us, even though they even slandered us in that piece. The guy was actually saying, "Yeah, I mean, I wish Argentinians were

armed.” He was telling us that, cause you see all the criminals have guns, right? “Oh, yeah.” A house is getting robbed two, three times, you know. It’s a problem.

They come for their collection. That’s basically what it is. I mean, that’s what it is. Argentina involved into this and this young person is telling me about this and saying this, you know. Obviously, he’s not the editor, he’s not the final editor saying the way they want; but, when he was here, he was saying, “Yeah, I wish we the right to bear arms, King” “King, King, King, King.” All the time he was saying King. It’s getting on the inside of him. He don’t know what’s going on, but something’s getting on the inside of him.

Somethings changing in the atmosphere. Just like they are having in the Republican Party, something’s changing in the atmosphere. It’s changed. It’s strange. I mean, all of a sudden I’m giving the Invocation at Lou Barletta’s main event, the biggest platform in Pennsylvania. All the leaders, all the Trump people. They got all the gun people there. Then they asked me to give the Invocation standing in front of Colonel Oliver North. The President of the NRA was brought here, and at his event they asked me to give the Invocation. How can you make this up? I didn’t pull that off. It’s not my event. I didn’t make that happen, you understand? I mean, it’s just ridiculous; but, God is moving in a powerful way.

I’m telling the stars are line up in a mighty way. Please pray, everybody. Please pray for True Mother Kang. She’s been going through some, you know, just weakness in the body and stuff like that. She been in much better Spirit today. You know, she hasn’t eaten in a couple of days. She had a fever. She’s 93 remember. She’s 93. That’s, you know. When we got back from Florida, we came back and we gave her a report, you know. We hugged her and held her hand. She said she felt like she was healed. You know, she’s been eating again. She’s in a good spirit; but, again she’s 93. Remember, she’s a victorious woman.

Think about this folks. The generations have to see this victorious woman, you understand? They have to hear the story. They have to be raised on the story of this victorious woman. You know, for generations to come, they will hear this story of the Kang True Mother, you understand? This type of person we’re living in the midst of, okay; so, we really have to pray for her. We want her to be healthy, you know, I mean, she’s already won the battle, you know, but we just want her to see the glory. We want her to see the glory. The glory of her faith, the glory of her example. You know, she doesn’t want worship. She’s a mother that lifts me up as a child, as a King. She does that, you know. She doesn’t call me “son.” She calls me “King.” Did you know that? Everytime she refers to me, she doesn’t call me, Hyung Jin Nim or stuff like that. She refers to me as the King. She calls the Queen, the Queen. She calls her the Queen, yet, she’s the True Mother, you understand. You see what type of person she is. That kind of example of an honorable woman of faith. It’s so critical to the young generation of women that rise up in the Kingdom, because they will be asked to do and to have power and authority and responsibility. Are you with me folks? It’s crazy, a crazy time, but God has positioned all those things. This is the kind of things we do at the round table; but, God just put it on my heart so powerfully.

Bolsonaro is getting elected today. Oh my goodness. Wow! Isn’t that amazing. Bolsonaro. You understand, sovereignty and revolution is happening in Brazil now, because they’ve had too much

corruption. They're sick of it. They are casting out their old government. Bolsonaro is like Trump. He's actually like a military General because he has the backing of the military, too. He was a Captain in the military. I mean, this guy can partner with Trump and bring freedom to Brazil. I mean, as far as Brazil goes, that's a massive part of South America isn't it? That would be a massive light on the hill for South America. We're gonna go. We're gonna do it.

It's like that woman in Germany that's saying Trump is going to save us. I mean, like literally. You see what's happening, folks. It's insane what's happening. Trump is setting the stage. He's setting the stage for the battle, you know like Hollywood being referred to like Armageddon, but it's the End Times. The End Times Battle.

So, the body of Christ is moving in the direction. We are starting to talk about those things. I so thankful that Pastor Browne is talking about those things. He's a real pioneer in that. He's starting. You're moving closer and closer to the Rod of Iron Kingdom, cause however that makes you feel is irrelevant, cause the criminal class doesn't care about how you feel. You certainly shouldn't think about how they feel in terms of this issue. Are you with me? This is inheritance. This is authority given by God, not by Satan, not by man.

So, we are the wacky wilderness few. The wacky wilderness few. The crazies in the wilderness. Lord have mercy. The worldwide rebellion is about to happen from a small place in the woods somewhere in Pennsylvania. You see how crazy that is, folks? That's really... I mean, the Word of God hit me so strong when I was down there in Tampa, cause I could feel Christianity without the Kingdom of God, without the Constitution, it would never overtake the world. It would never overtake the world. It will never. It has no power, and it's not even their inheritance spoke about in the Bible. Are you with me? I mean, I felt this so strong. That's why Father put it hard on my heart. I want to hear the Battle Cry. I want to hear it, cause we may be few. That's irrelevant, irrelevant. In Sparta, they fought 300, what was it? Against 10,000 was it? Gideon was 300 versus what is it? 32,000. That's worse than Sparta, isn't it? Sparta was what? 300,000. Okay, that's pretty bad. That's way bad. 300 to 300,000. They got wiped out, okay. So you see the odds. Gideon was 300 vs 135,000. What was that? 450 to 1. Okay. So, Gideon, wow! 300 vs. 135,000. My Lord. Do you see the odds? It's massive. I mean, that's pretty massive, isn't it? You saw when it was a 100 vs 1. Now, multiply that by four times here against one. You see. You see, that's massive. I mean, that's massive.

Can you imagine? You know, this remains small. I mean, the Battle Cry; but, the Battle Cry grows. I mean, it's already in the hearts and minds of men and women around the world. There's already weeping, weeping through the night. Do you think Tommy Robinson is having a good night's rest? He has a heart cry that's crying out to God for justice to be done in the UK. Do you think the patriots in Germany or Austria or even France. There's patriotic men in France, by the way. They're not all floo-floos okay. They're are some tough guys. I mean, there's real MMA tough fighters out of France, okay. Tough kick-boxers. There's some tough men out there in France. They're not all castrated. I'm serious. Seriously. There some tough Frenchmen. You know, serious fighters. Tough, tough Frenchmen. You think those men are not crying out for their nation and being overtaken by radical Islam and Political Correctness. They can't even say that Sharia Law is bad; otherwise, they get put in prison for a hate

crime. I mean, come on. Come on. It becomes an Arab nation now, France? That's absurd. You should be able to condemn Sharia Law. Are you with me?

What about all those Frenchmen, all those Spanish, the Spaniards and the Netherlands, whatever? Denmarkians, whatever they call them. Danes. The Danish. I'm sorry. Cheese danishes. Don't eat those Denmarkians, okay. That's a sausage or something. The bratwurst sausage, okay? Lord have mercy!

Most patriots, think about it, think about it: They're crying for the nation, cause they're crying in the middle of the night when they can't go to sleep. They're crying for their nation, cause they're dying. Then because we're in the Kingdom, we can hear them, we can feel them; and, the people who have a conscience like Project Veritas and these guys, you know, they don't necessarily how God is leading them, but they know they can hear the cry. Somehow they're connected, the righteousness they feel.

I mean, you understand the Battle Cry may start small here, but the sound of the steel ringing on the Rod of Iron Festival with the Communist and New World Order targets and these Satanists targets, that's another serious cry as well, cause you saw the Queen standing up against all of you, one hundred person's shouting that's one thing, but imagine if she had a Rod of Iron and shouting and had a Crown on, you know, and you were the enemy, you would be running. You'd be running in the opposite direction. Are you with me?

She's really become a warrior. We're really grateful for the Queen. She's really stepping up and becoming a real warrior. She's embracing that example. I think, I believe it's a gift of the Holy Spirit. God is giving her that supernatural. In the natural, she's not. She's an Artist. I mean, she's not into strangulating people and crippling them. It's just not what Artists do. I guess that's what they're taught; but, God has given her supernatural gifts, I think. A simple faith. A love for the people of God; but, she's an example for the young girls that are rising up and setting that example for the Blessing, setting that example of motherhood and wifedom and children, you name it; but, at the same time, the pattern of the warrior. You know, the woman that is being recreated in the image of God, and not this pushover prostitute that gives herself over to power like Eve did, unfortunately That's how the woman was created in the image of Satan; whereas, the woman should have been a warrior made in the image of God and stood up against the temptation of Satan and kicked him out, If Eve stopped it, he couldn't get in. Are you with me?

The women, you are the key. You women are the key. That's why sometimes I have to be hard on you, I'm not being hard you because I hate you or anything. It's the Word of God. The Word of God convicts. The women of the Kingdom of God, the Queens, they're the key, they're critical, not only against Jihadis and things like that, but they're critical. It's critical that they are in the image of their Father but they have, you know, the love for humanity, the love for God, the love for humanity; but, they are ready and willing to lay down their life. When the women have that attitude, then the men, they'll be ten times stronger.

I mean it's amazing, when you look how Father trained the sisters. I mean, when you're in, I mean, usually you asked, "Why does he do all this training, all this crazy training, you know what I mean?"

And then out of the middle of nowhere on the oceans getting boat licenses for the apocalypse and all. I don't mean farming. I mean training them to do target shooting and selling fire arms.

True Mother was selling fire arms. She was selling the M-1 copy carbine, a copy of the M-1. She was the best seller by the way, did you know that? Yeah, she was the number one fundraiser with that. She received an award for selling rifles. How can you make that up? How can you make that one, you know. Father said they will use that for vandalism; but, as you can see, it's very controversial. But, of all the leadership, she's the one that stood up for Father even before the Rod of Iron was released. I mean, you know that wasn't the reason why. She had an undying love for Father. She's the True Lover of Father. The True Lover. Are you with me?

It's kind of incredible that it has a starting point that the world cannot erase. They cannot erase. God has already given the copyrights basically. I mean, supernaturally that's what he did. He's given us the copyrights basically to her supernaturally. He stamped it. The body of Christ cannot avoid it. They cannot avoid it, not only because theological Scripture and the weight of Scripture, but also because the weight of the world is shifting so fast. The powers of the world are shifting so fast. New movements of sovereignty are emerging so quickly, so rapidly, because ideas are now spreading like wildfire. You see, you can't stop it. I think Howard Browne the Pastor feels something like Fire is coming, but again, Abel type Christians need to connect with the Completed Testament and the Kingdom of God, it needs to connect, because if it doesn't, they have no future. None. I mean, that's the truth that many times it will not be Pastors that do it, but many times God decides it will not be the Christian leadership. It will be from the ground up. The people that are fed up with the fake proselytizing, the fake preaching. They're sick of it. They're sick of the Communism from the Church, they're sick of the Communism from the state, and they're saying enough is enough. Revolution is happening worldwide and we're gonna start working on it. I mean, in this modern day where everything's connected. The things are being divided. The intensity is become more hostile, more violent. Do you understand?

The whole world is being rewritten, and none of us asked for this. I mean, we're all peace loving people. Come on. Folks, none of us asked for this, right? Amen! None of us asked for this. We're just put in this place. Are you with me? But, God needs a starting point.

If it was just me making this up, why are the nations of the world sending their national broadcasting crews to come to cover us? These are not small nations. They're main top twenty nations of the world, you understand, folks; and, as more of them cover us, the more that want to cover us. It just doesn't stop. They keep on harassing me and us. Why? Why are they picking on us? Such a small little thing out here. Why? Why, why, why? Because, they realize if this virus, I mean, that's what they consider it, spreads, oh man, their time is limited, because it's also standing with President Trump who hold the actual reigns of power as well. Even though there's mutiny in the Federal government right now; but, he's starting to close down on that. Golly, if Bolsonaro, if another leaders elected and another leaders elected, now they make a pact between President Trump. You understand, the world will begin changing in a radical way. Treasonous people will start getting judged and tried before a court of law. If they make an internal crime syndicate, they'll be tried in international court and they will be brought to justice and many times that will be death. Do you understand folks?

I mean, this is what the Bible says in the End Times will happen; but, the Christians, they don't want to hear this because it makes them feel scared. They really don't want to meet Jesus. They want to have him do all the work, and then come back drink pina coladas and ice cream. It's ridiculous. Are you with me?

This is a problem, and this why many people, real people are not going to the Churches any more. And you know God is going to touch the Abel type Christian, who is what? The Abel type citizen will be the gun owner. Before any of the Pastors, well we have some, but before any of the Pastors, well you know it's going to be the gun owners that start hearing the cry and saying, 'Well, it's time to start a worldwide movement. They're just normal gun owners, cause they're just men of conscience. They're protectors. They have the lowest crime rate in the United States. They're actually the most righteous people. They have lower crime than law enforcement, did you know that? Yeah! The CCW carriers have lower crime than law enforcement and police officers. You know, police officers sometimes commit crime, you know that. Not all, not all, but you know sometimes.

But, you know these people, the men and women, they hear the crying. Please pray for Ollie North will give the introduction or a big endorsement on the book "A Call to Arms." It's going to be very big cause he's Christian and a man of God. He was touched by the prayer, the Invocation. He said, Rev. Moon, "That was a great prayer. Great prayer." And, I told him, "Rev. Moon and *The Washington Times* love you Colonel North." I told him twice on the same night, so he's not going to forget that. I said my father, Rev. Moon, loves you Colonel. I told him twice in one night. He's the President of the NRA folks. God has supernaturally placed him as the President of the NRA.

Oh my gosh! How can you make that up? I mean, come on. Come on, I didn't do this, you understand. That happened on the day of the NRA show. I didn't do this, you know. It's not like I'm writing you a short fiction novel and sharing my chapters, you understand. This stuff is really happening, you understand? I know that it sometimes sounds like a story, but I'm telling you, this is really happening. You understand how crazy that is? You heard of the Knights of the Round Table. You understand, this is more epic than any of King Arthur or anything. You understand, this is so epic now. I mean, I don't know if somethings stirring on the inside of you. I don't know if somethings stirring. I got something stirring on the inside of me. Somebody's about to explode. My Lord have mercy!

You understand what I mean? It's insane folks. It was important to go down and meet Pastor Browne, but Father gave me a word so strong, such a strong word down there. So clear. I felt so much confidence going down there. I felt so much confidence, because God has given us the answer, the final answer to Christianity, because it's not enough on its own power. It's not. That's why they're waiting for the Lord. They're waiting for God to send the Lord, because it's not enough that will not bring about the End Time; and, this time when I went down, I felt confidence. I felt a supernatural gift, you know; and, that's why Father gave a word for me. Let me hear the Battle Cry cause it's the beginning. I believe this kind of Battle Cry will overtake Churches and auditoriums. In the very near future will be seeing thousands. Maybe even millions, you know, giving the Battle Cry. That's pretty crazy. That's pretty crazy. Crazy. The time of reckoning is here, you know. That's why we're praying that the body of Christ come, or the normal man in their conscience is crying out. We pray for them, too.

Every head bow and every eye closed in this place.

Father, we thank you so much for this day. We thank You for this supernatural week, where we seen healings in Korea and Fire spreading in Japan and across the places that have an eye to see and an ear to hear. God, we thank You. You're not only bringing revival to the world, You're not only splitting the wheat from the chaff, and the wheat from the tares, but that You're dividing the goats and the sheep, which in the final hour will be of the most critical importance.

God, we're so grateful for the powerful Fire from Heaven that is pouring down and giving us life and giving us faith and trust in You. Give us the supernatural gift of the Spirit, of wisdom, knowledge, faith, discernment, seeing tongues and discernment of tongues, but at the same time filling us with the Fire of God that also understands and lets the Fire of Your eye illuminate the Crown of Righteousness, the Crown of Life, the Crown of Glory, the Incorruptible Crown and victory and the Crown of Rejoicing. There will come a time as the Bible says, where the 144,000 are gathered on the seat of Mr. Zion singing a new song that no man can understand.

And God today releasing the Battle Cry into the atmosphere. Even though are numbers may be few like Gideon's Army and three hundred against 135,000, but the enemy crumbled at their Battle Cry. Just like the walls of Jericho brought down by the six circle abolition with the shout of the warriors of God, Now in the final hour we believe that you're starting to light a fuse that cannot be shut off to start a domino effect that cannot be interfered with, that all the things within the Heavens and Earth are lining up. The principalities and powers and the geopolitics of the day are being lined up for this eventuality that this world will be brought under Your authority. No more will this be the playground for the wicked to rule over and tax farm the innocent. The time of Judgment is coming. We are grateful that you chosen us even though it is fearsome and a mighty task. We know that this is not done by our own natural power, but by Your supernatural power and by Your supernatural touch. We ask you right now to imbue us with the power, faith and foreseeing so that we may see Your Kingdom. Keep our eyes on the prize. We may be distracted by the waves and the currents and the storms that are ahead but pierce through them as see past the horizon to the ever-shining Sun.

Father, imbue within us the spirit of your holy army at the End Time and let this heart cry become the Battle Cry for all the world who is under oppression, who is downtrodden and heavy laden by the yoke of slavery and be released in the Spirit at first, but in the flesh as well in the future. For you have come to not only set the spirits free, but to also set the blood lines free from the control of Satan's familial dominion. No longer will the people be in the family of Satan. We will not only become the adopted so clearly but become Your flesh and blood. So, God we ask You to give us that confidence now.

We all offer these things reporting to You and the High Throne of Heaven. We report these things and these things we pray and report these thing in Your precious name we pray, Amen and Aju@

10 To another the working of miracles; to another prophecy; to another discerning of spirits; to another divers kinds of tongues; to another the interpretation of tongues: 11 But all these worketh that one and the selfsame Spirit, dividing to every man severally as he will. 12 For as the body is one, and hath many members, and all the members of that one body, being many, are one body: so also is Christ. 13 For by one Spirit are we all baptized into one body, whether we be Jews or Gentiles, whether we be bond or free; and have been all made to drink into one Spirit. 14 For the body is not one member, but many. 15 If the foot shall say, Because I am not the hand, I am not of the body; is it therefore not of the body? 16 And if the ear shall say, Because I am not the eye, I am not of the body; is it therefore not of the body? 17 If the whole body were an eye, where were the hearing? If the whole
