Computer Design of Expected Final Product

Anonymous family is asking for your support to complete the building of WPU Sanctuary in Abuja Nigeria. God calls us to build his house of worship during a difficult time in our family our nephew was shot and killed in Port Harcourt Nigeria December 20, 2016 when he was travelling for his business. His body was found two weeks later. It was very painful. Our nephew was 33 years just got married and wife was pregnant with their first child.

It was unbearable for our family we decided to pray for 40 days after our nephew's burial with heart full of tears but during the prayer God asked us to transform our pain into constructing a Sanctuary. We accepted the call from God but have no idea how to fulfil that God's call. We asked the local pastor to find a plot of land for a church. The project began in July 2017 with acquisition of a piece of land in Abuja for the purpose. A lot of work has been done since then. From the foundation of the building which includes the church hall Sunday school and administrative offices.

Land and fence around the land

- We bought a Canopy, chairs and other equipment from the US and shipped to Nigeria, costing over \$2500 (materials and shipping included). And brothers and sisters started gathering to worship under the canopy.

Members worshipping inside the canopy 2017

- Unfortunately there was a big storm that destroyed the canopy

● God made a way where there seems to be no way to start building his sanctuary. Isaiah 65:24 “And it shall come to pass, that before they call, I will answer; and while they are yet speaking, I will hear.” We started building the foundation.

We started building the foundation

❖ We started building the foundation

❖ Finished Foundation

❖ Finished Foundation

- We molded 12000 blocks

We built a fence and security gate house - members temporary worship place

● Finished decking for the office and Sunday School halls

Bore hole water tank

Finished decking for the office and Sunday School halls

Drainage of
Church

- Raised the second floor walls

Birds eye view of the church hall, Sunday School halls and office

Construction is still going on to raise walls to floor level

On the right side: church hall and on the left: entrance to office and Sunday school halls.

Construction is still going on to raise walls to roof level

We need your help:

So far, we have spent over \$70,000.00.

But we still need roofing, windows, doors, flooring, landscaping and finishing (plastering walls and painting) this is when you come in to help complete God's Sanctuary and share God's Blessing. The estimate for this part of the project is about \$40,000.00.

We don't know what you are going through in your finances or other difficult issues but God knows and we believed when you give for God's ministry He will turn your situation around.

Luke 6:38 "Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that ye mete withal it shall be measured to you again."

As you give "The LORD bless thee, and keep thee:" "The LORD make his face shine upon thee, and be gracious unto thee:" "The LORD lift up his countenance upon thee, and give thee peace." Numbers 6:24-26

Thank You for giving. God Bless You and Your Family!
