Thus says the Lord: "Heaven is my throne, and the earth is my footstool; what is the house that you would build for me, and what is the place of my rest? All these things my hand has made, and so all these things came to be, declares the Lord. But this is the one to whom I will look: he who is humble and contrite in spirit and trembles at my word. Isaiah 66:1-2

God is our father. Day and night, He worries that His children may be harmed; He protects us lest troubles happen; and He defends us lest some opposing circumstances appear. He is that kind of parent. Going in search of the essence of such a parent is the way of goodness and the way of love. Human beings, as His children, need to receive God's perfect love. CSG 334

Dear

Since Hyung Jin Nim's (and Kook Jin Nim's) family was camping in Maine, I was asked to lead the Sunday Worship Service. Regis Hanna gave a report on the overwhelmingly positive coverage of the Freedom Festival, in sharp contrast to the stories from the year before. Even the Red Chinese newspaper "Global Times" ran a short article on the event, featuring a boy at the festival who was learning to shoot a rifle, probably something they would not want boys in Hong Kong to think about...

'Gunstock': Firearms-rights Freedom Festival draws crowd in Pike County

BY JIM LOCKWOOD, STAFF WRITER / PUBLISHED: OCTOBER 13, 2019

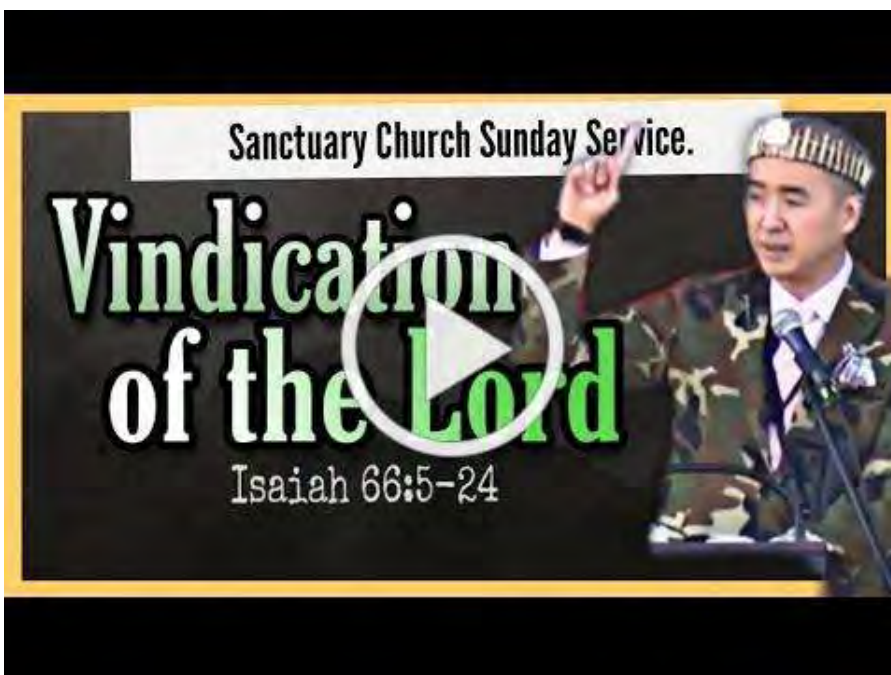

At the service we played Hyung Jin Nim's speeches from the first and second day of the festival. On the first day he discussed the reasons America's founders saw the need to enshrine the right to self-defense in the Bill of Rights. He also expressed appreciation to the American veterans who risked their lives to liberate what is now North Korea including prisoners at the Hungnam Death Camp and his own father Sun Myung Moon. He would likely never have been born had American soldiers not been willing to risk their lives to liberate (South) Korea from Communist tyranny. Unfortunately, the threat of totalitarianism is very much alive in the world today. It is also shocking that many American leaders and institutions prefer the top-down model of control exemplified by Red China to the bottom-up model of republican government America's founders created.

On the second day, he discussed 8 reasons why modern biological research and archeological evidence disprove Darwin's theories. These are also discussed in detail in Hyung Jin Nim's new book, *Our Father Forsaken: the Abandonment of the God of the Old and New Testaments*.

Our modern culture has become a Darwinist cult whose purpose is to prevent young people from considering the reality of God and the awesomeness of His Creation!

The Freedom Festival would not have been a success without the cooperation of many partners including sacrificial brothers and sisters in the U.S. and those who came from other countries, but also many Pike County veterans, publishers, business leaders, and 2nd Amendment groups. Through events like these, "Pastor Sean" is transcending being the leader of a religious organization. Increasingly he will be recognized as a prophetic voice of a nationwide freedom movement...
