

King's Prayer Rejecting the false gods of Babylon

Hyung Jin Moon

April 19, 2020

Father, we thank you for this day.

Thank you for sharing your word with us and for giving us warnings and reproaches.

Father, we pray that during this time, we do not become lazy or indolence. But we use time to become stronger. (This translation is not professional) To become stronger warriors for you; stronger defenders; to have a greater awareness of the situation, to make plans for survival longer term. Building stronger networks, having stronger spiritual power, so that all the things that have been used to instill in us a spirit of fear to be able to control and dominate us are blocked.

We are the microcosm.

Father, give us the spiritual courage we need in this time because we are on the battlefield. The fight has begun! The Kingdom of God is coming and there will be rocks, valleys and mountains to climb, but we are at the last stage.

So we keep an eye on the prize to which Jesus calls us, we keep an eye on the top of the mountain, but of course we are wise with every step we take, we are not blind looking only at the top of the mountain, so as to fall into the ravine that is of in front of us. No!

We are with our eyes attentive to the summit and our eyes attentive to our feet.

As the Bible says: Your lantern sheds light on our feet and light on our path.

So, God, let us be careful both at the top of the mountain that's far away, and at our feet. Make sure we follow your lantern and your light.

Thanks for giving us your word today. Infuse in us a spirit of the strongest shepherd. Infuse in us the even stronger Holy Spirit who tries to save souls from destruction, from sacrificing to the idols of the false God government that leads to Satanism.

The killing of children, sexual trafficking, and all demonic activities. But give us eyes and supernatural senses, strength and courage. Let us fight against this time and stand up to the tyrants and totalitarians who are trying to implode this country so that it can be beheaded and that the whole world falls under the

beast system.

Let us be aware and never take that mark of the beast, never take the mark of submission, which, as You have revealed, is political Satanism and satanic government. We never allow our soul and spirit to sell themselves to the devil, but we are willing to die for the good, for freedom and responsibility, and for Your Kingdom.

Let us not fear death, because You have won the grave. Where is your sting or death? Yours is the victory. This is what the Scripture says. Alleluia.

Infuse in us the powerful force of your Holy Spirit, Father. Let it fill every cell in our body and get out of here strong, revitalized and renewed.

Bless our time today while we train at the shooting range with the "rod of iron". Please protect everyone as we move into Your wonderful nature and Your natural environment to visit the place where our True Mother is buried. We thank you God, because she was the bride of Christ, the True Mother who did not glorify herself as Queen of Heaven; who is the bride of Satan, the fallen Eve. But remained the humble lover of Christ, who she never rose to divinity, living for Your glory, dying for Your glory, existing for Your glory, breathing, moving, eating for Your glory. We thank you because we have such a powerful and wonderful example of the Bride of Christ.

So let us fill our hearts with joy while today we go to visit her, to greet her and to do an act of devotion there. And while we move to train as peace police and peace militia, make sure that we are safe; stay calm, hone our skills and always remember that You gave us the "rod of iron" not to become tyrants but to become protectors of Your kingdom. Protectors of Your freedom and Your responsibility, to become protectors of what is good and what is right.

Today instill faith and the warrior spirit in us when we go to practice, and let us maintain this spirit for the whole week, so that we do not fall into indolence, laziness and weakness but remain strong throughout the week with Your words imprinted in the mind, wrapped in Your love, strengthened by your strong right arm.

We love you Father; we love you.

Thank you for training us in a time like this. Thy Kingdom come, Thy will be done, as in Heaven so on earth. Give us our daily bread today, forgive us our debts and lead us not into temptation but deliver us from evil, because Yours is the Kingdom, Yours the power and glory for ever and ever.

Amen and Aju!
