America in Crisis

June 21, 2020

All right folks! Let's jump to Micah chapter 1 today, one of the shorter works; that's why they are called "the Minor Prophets". It doesn't mean that they're less important; they are just shorter works than the Greater Prophets. This is in the time of the Divided Kingdom, between the Northern Kingdom and the Southern Kingdom, Judah and Israel; Samaria being about a thirty-mile distance from Jerusalem. This whole chapter is about that. So let's take a look at Micah Ch. 1, and let's read together:

Micah: Chapter 1: 1-9

-  *1 The word of the LORD that came to Micah the Morasthite in the days of Jotham, Ahaz, and Hezekiah, kings of Judah, which he saw concerning Samaria and Jerusalem. 2 Hear, all ye people; hearken, O earth, and all that therein is: and let the Lord GOD be witness against you, the LORD from his holy temple. 3 For, behold, the LORD cometh forth out of his place, and will come down, and tread upon the high places of the earth.*
- 4 And the mountains shall be molten under him, and the valleys shall be cleft, as wax before the fire, and as the waters that are poured down a steep place. 5 For the transgression of Jacob is all this, and for the sins of the house of Israel. What is the transgression of Jacob? Is it not Samaria? And what are the high places of Judah? Are they not Jerusalem? 6 Therefore I will make Samaria as a heap of the field, and as plantings of a vineyard: and I will pour down the stones thereof into the valley, and I will discover the foundations thereof.*
- 7 And all the graven images thereof shall be beaten to pieces, and all the hires thereof shall be burned with the fire, and all the idols thereof will I lay desolate: for she gathered it of the hire of an harlot, and they shall return to the hire of an harlot. 8 Therefore I will wail and howl, I will go stripped and naked: I will make a wailing like the dragons, and mourning as the owls. 9 For her wound is incurable; for it is come unto Judah; he is come unto the gate of my people, even to Jerusalem.*

Now as you can see, this is the Divided Kingdom period; ten of the tribes in the North, two of the tribes in the South, but the ones that are staying in the South, in the Kingdom of Judah, they are staying with God's covenant.

Of course there's a parallel there, right? We see out of Father's twelve children, there are two that stayed with Father and his covenant. But again God uses the minority always; always He uses the small remnant, the small group to change the world, to lead history. It's never just the large group. It's the small; it's the remnant that God will use to change the course of humanity.

And in this chapter we see the Divided Kingdom. There is really a clash of civilizations here, one between the upper and lower kingdoms; there is this clash. The upper kingdoms have given themselves over to political Satanism; they've given themselves over to actual Satanism. They've even incorporated Baal, and they've incorporated Ashtoreth, and different goddesses' and gods' cults that then of course end up in what? Always: temple prostitution, child sex slavery. Always, always! It's the reality of these goddesses' and gods' cults in the pantheon of different ancient civilizations, okay. Always! It's the norm for these practices to exist!

It was the Judeo-Christian God that was abnormal, and said, "No! No sex with children! No temple prostitution! Evil, evil, evil, etc," and stopped that culture of Babylon, Assyria, Sumerians; Sumerians had that of course bad. And you can see God says, "I will bring to ruin! I will step on the hills!" He will destroy; the judgment will come upon this nation.

In the Southern Kingdoms you have a smaller group of smaller kingdoms, but they are trying to preserve God's covenant. They want to wait for the Messiah, they want to wait for God's kingdom; they are trying to be faithful to God's promise.

We really see this now in America too. We see this parallel also happening in America. We see a large swath of the country that have been brainwashed that have been indoctrinated, have been trained in the education system to become enemies of the U.S. They've been trained to become hateful of the U.S., to see the flag as a sign of oppression. They've been trained to see communism, socialism as a good thing, and if they only had the power and if they only did it, you see it would be utopia!

Just like CHAZ or CHOP; whatever they want to call it! "Plan your next vacation to the wonderful land of CHAZ! No need to bring food; you get food for free. Just pick it up off the floor! No need for bathrooms; just go on the street! Your wonderful socialist communist haven!" Oh my gosh! "Need manure for planting your crop? Don't worry; it's on the street!" Oh my goodness!

You see, this is crazy! When in America did you ever imagine you would see a communist section of city, and this would be allowed? Okay? They were allowed to take this place over, kick the poor folks and the businesses out, harass them, and break their shops down. When did you ever think you would see this in the United States? Unreal! It's wild!

We were talking with Doug and Lowell and Kerry the other day, and it's like you know, Satan always makes a terrible imitation of God's ideal. He knows God's kingdom is going to be autonomous from Satan's kingdoms; it's going to be an autonomous zone from Satan's kingdoms! So, Satan goes the other way, tries to make his kingdom, but look, it's just dilapidating, collapsing. They've had now their first murder after abolishing all law enforcement.

I thought it was a block party! I thought it was just hugs, and free hugs and hippie love, summer of love etc. You know, artistic paintings on the street, is what we call usually 'graffiti'; you can paint anywhere, express yourself!

This is an incredible, incredible time! We're seeing this; it almost feels like *the Twilight Zone* or something. You want to see that narrator from the old *Twilight Zone* come and say, "There is a time far away over..." "You almost can imagine that guy come out. It's crazy, unreal!"

And of course you have the massive violence! The current violence is now being brought to the forefront and it's getting huge results for the communist, and leftist party, which is now openly communist and have been completely radicalized as you can see. Any of the moderate factions that they may have had, have now been completely radicalized. And it's almost becoming like if you don't say, "I support Antifa," or, "I support BLM," it's like you're some kind of racist or something! If you have a YouTube channel you have to come out and say, "I stand with BLM!" This is crazy!

Antifa, of course has now been exposed as a real domestic terrorist organization. BLM is now becoming exposed to have connections to *ActBlue* or their main *ActBlue* fundraising organization, which then funnels money directly to the DNC, which has now been exposed: 180 million dollars to Biden, 120 million dollars to commie Bernie! *'Boynay'* got a hundred twenty million dollars!

And of course that's illegal; that's international monies! People all across the world are donating to this because they think they're fighting for racial equality, and they're fighting against white America which is racist and white supremacists, and are just waiting and longing to go back to the slave days! What America are they living in?

You know drugs harm the brain, folks! Okay! Just a public announcement: "Drugs do harm the brain! Kids, stay away from drugs, okay! That's what happens to you on drugs!" Lord, have mercy! It's serious!

But there's a real clash of civilizations that's happening, and there's a real struggle now; there's an existential struggle. America is struggling for its identity and its life! And we all know that if America falls to the leftists and communists, if we buckle to the threats of violence, if we buckle to the thugs and the bullies that say, "all of you who support Trump we're going to kill you," America will die! And if it dies, the world will be under the death cult, organized criminal cabals, political Satanism over the earth.

So, that's why this battle is so important! That's why God has prepared this people here, the people of God here. And who knew that Northeast Pennsylvania would become the real battleground that would determine the election for the nation, and of course have influence and repercussions across the whole world?

Our church communities in Korea and Japan, Thailand, Europe, go out in front of the US Embassy. They stand in front of the US Embassy with the U.S. flags, praying for President Trump! Who is doing that in those countries? It's our folks out there! The Japanese Church is out there in front of the US Embassy and President Abe has met with them on a couple of different occasions, I mean just in passing pretty quick, but still he understands and the Japanese CIA etc, know that our people are out there every week; we're out there every week! We don't get paid for this! We are there every week! Our folks have humongous Trump signs, humongous, "TRUMP 2020", the big Trump flags! You see them flying in Tokyo, Japan, because our folks are out there.

They know, they know, that what we do matters; what God's people do matters! It's not all predestined, as we've been told, right. What human beings do, what we as free creatures of free will do and choose, affects the future. It doesn't mean God is not prepared for the future; God's prepared, but we have a humongous say, and how we lead humanity into the future. That's what we call our 5% responsibility.

And it is so critical at this time where there's so much division! There's really a lot of hate; there is a war, a race war that is starting to be stirred up, making it seem like if you don't say the words "BLM" and you don't have a tattoo to your forehead or your right hand- you know what I mean- and especially, if you're white and you don't say, "I support BLM," that you are a white supremacist racist; you should be ostracized and you should be socially destroyed.

That kind of fear is being put in the hearts and minds of people; they're starting to get dominated by the demon possession of fear.

But as King Malik spoke this morning in that prayer, he said, in

2nd Timothy it says,

- *"God has not given us the spirit of fear, but of power, and of love and of a sound mind."*

Amen! We are not supposed to live by the spirit of fear! That song says:

 *"I'm no longer a slave to fear; I am a child of God! I am a child of God!"*

So, we have to pray for the president because he is under assault and attack, this kind of violence escalation. You know they're going to try to assassinate him; they've been trying of course, but now they're really getting the violence riled up more and more, stirring it up. They're pulling down statues; they're pulling down random statues! If there's a white guy then they pull it down. If it happens to be the statue of a Christian missionary in San Francisco, they pull it down; and General Grant, pulled down! (*Showing video*) Yeah, this is in San Francisco.

But at the same time, see this is the thing, there is a problem. America has strayed. This is the thing: there is a problem though; America has strayed from the Constitution. This is the truth! And there is a tremendous feeling within the urban areas of not being protected and cared for as promised.

We had somebody from ECU BJJ, MMA fighters, up here for shooting and they're saying that in the Bronx, it's the same thing; they can feel. It's like this division: they want to stand up for the cops because law enforcement, you know 90% of them are good folks, 99 percent; a big proportion of them are good folks. Let's say at least they entered into law enforcement to serve the people.

But there are many no-go zones in the urban areas. There are many zones where if you call the cops, they won't come; just like in Sweden, just like in Europe; now they have them Atlanta, all around this country. So, there is angst amongst the different groups. But think about it! What has happened in these democratically- run states, especially the cities? What has happened?

We've moved away from the Founding Fathers' model; which is what? The sheriff; the sheriff and his deputies!

That was the original American model! In fact the Founding Fathers didn't like the British model and the European model at all; that's why they fled it and they stood up against it. It was not a centralized system where you had a government employee, a government official, bureaucrat, selecting the commissioner and then the commissioner selecting the police chief. That was the European model. That was not the American model!

The American model was the sheriff, and the people would locally elect the sheriff.

They weren't anarchists, okay! Our Founding Fathers didn't say, "We want no government!" No! They're Judeo-Christian; they understand that God also made the archangels, but they're to be the servants. Even though they're powerful, they're not to be the masters; they're supposed to be the servants of Adam and Eve. Now Lucifer fell, made Eve fall, made Adam fall, and then they became the slaves; whereas the archangel was to be the slave, right.

In the same way public servants must be the servants of the people, not the masters. That's why even our constitutional republic in America was founded on that fundamental principle, because they had people from other places, in that case it was from overseas, that were coming and saying they had legitimate law enforcement power over them here in the colonies! And they were not elected; they were appointed by somebody else! Are you with me, folks?

This is the problem with the leftist communist model which they've implemented in the leftist cities. So, it's not a surprise that people are frustrated with this system, because it doesn't represent them. It becomes a group that protects the elected official, and that's what our Founding Fathers always warned us about.

In Pennsylvania they have stripped the sheriff of all law enforcement powers, basically. They really have weakened his powers, whereas he used to be the top. Anybody who says they're law enforcement here, the sheriff could kick you out, right! That was the American model.

So you can't get rid of law enforcement? Of course not! Look, if the left defunds the police and they fire all the cops, well, those cops should support the sheriff's model and they just get deputized; support the sheriff model and then they can become deputy! They have a heart to serve! But their boss will be elected by the people, the local people.

Not a system where the most leftist governor in America - apparently Tom Wolf according to one of the big publications- where he can appoint the commissioner, and then he can appoint the chief, depending on the jurisdiction, but basically it's not the people that are choosing the top law enforcement agent.

So, of course there's going to be distance! Of course you're going to feel like you're being ruled over! And no matter how frustrating it becomes, you can't do anything about it; you can't get that police chief fired. Are you with me, folks?

We went to the rally; it was great rally, great people out there, but there was a pastor there, and I'm sure he has a good heart, but he spoke about Romans 13! Let's look at Romans 13! This is very important for the patriots, because we have an ideological war here, and how we look at Scripture is critical, okay. Now Romans 13 and verse 1 was the verse that is quoted a lot; this is the verse that many quote for people to submit to the state.

This is a very important chapter, especially in the debate on sovereignty, and how we, as Christians, respond to the state power. This is a critical, critical, critical, chapter and how pastors teach this is absolutely critical. We have to have a discerning mind! Absolutely critical!

Let's take a look at this first verse; it says:

Romans 13:1

❖ *"Let every soul be subject unto the higher powers. For there is no power but of God: the powers that be are ordained of God."*

Now that was quoted, and the pastor, I'm sure he has a good intention; maybe he doesn't know about the subject so well, and we would love to talk to him and pray with him. We'd love to even discuss this topic with him. But that was then used to say, "All, in this case, police officers, are ordained of God!" Well that could become a very dangerous position! Can you imagine in the time of the Revolution? You could have pastors that said, "Well, the higher powers are ordained of God. We must submit!"

In the time of Hitler, this verse was used by the churches that supported the state. Did you know that? This very chapter and verse! You look at the Chinese communist churches that now have sold themselves to the Mao Zedong system and Xi Jinping, they will teach Romans 13 as, "God has ordained the state, and you must submit to it!" We have seen this! I mean our family is from North Korea for Christ's sake! We've seen this!

How Romans 13 is preached is so critical, because it's either you're telling your flock that you must submit to the state regardless, because God has ordained them, or the proper analysis of the scripture is, look, "*Let every soul be subject unto the higher powers!*"

What is the highest power in the United States? It's called the Constitution of the United States of America. Amen! That's the highest power! It's not government officials; the highest power in this land is the Constitution! So, when we understand the Constitution as the highest power, then we can understand that, "*there is no power but of God: the powers that be are ordained of God,*" the Constitution is ordained! Are you with me, folks?

People can get corrupted! Look, there can be good people in a bad system! I'm sure in these leftist areas most of the law-enforcement guys, they're gun guys; maybe their union bosses are against the Second Amendment for citizens, but you know most of them are good. We meet them in the BJJ dojo; we train with cops all the time. Most of them have a good heart, but you can have good people in a bad system. Are you with me, folks?

The highest power in this land is the Constitution and that evokes our natural human rights given to us by God. I guarantee you that the Founding Fathers of this nation and the black-robed preachers were not saying, "Romans 13: obey the state, folks; be good Christians!" I guarantee you! It's critical, critical, critical, critical!

Finally, even on Fox News, Waters' World, very funny, entertaining guy, Jesse Waters, and he said, "Okay, if you want to defund the police, defund the traffic cops! Stop giving us tickets, stop hunting us down or on the highway; stop hiding around corners, taxing us these hidden taxes!" Most modern cars can drive very comfortably and safely at 80 miles an hour, and it's not a massive difference between 80 and 60. The problem is usually what? Inebriation, drinking while drunk; all these kinds of side -issue problems!

There have been comparison studies between the *autobahn* which has no speed limit and other places which have speed limits. There's really no huge statistical difference. When you add in alcohol and these kinds of things, of course now you have a problem; you have a problem. Just like a motorcycle is thirty-five times more deadly than a car, but half of those are alcohol-related. The majority of the rest of them are what? Self-induced motorcycle accidents, and a small minority is hitting a passenger car; that's the actual statistic.

That would be like saying, "forty thousand gun- violence deaths a year!" That's not true! The statistics show sixty to seventy percent is suicide; the rest of those are gang-related violence. So, the actual death by "gun violence" is actually very small when it comes to the normal citizen, and in fact according to the NIG statistics, there is one to two million defensive use of handguns every year. But they don't tell you that, when they say forty thousand "gun violence" deaths a year, right!

The answer is not more government, folks! How many times we've been through this! Obviously the democrats always want more of course, but the neo-cons they want big government too. And that's what President Trump represents! He represents an attempt, a division, to separate from that system, that cabal, to stand up for the people, to bring back the power of the people in line with the Constitution and our founding history.

And of course, at this time there is an escalation; the left is utilizing these terrorist organizations to terrorize the country, bring fear, and you can see it. There are like a million people that sign up for the Tulsa rally, and there were empty seats; there was no overflow! There should have been a packed crowd! Because they thought Antifa was going to attack; they thought BLM was going to attack.

It's like when Harrisburg had that rally and then Metcalfe and FOAC (Firearms Owners Against Crime), great guys by the way, great guys, and totally we understand their intentions, but GOA (Gun Owners of America) said, "No! We're going to gather!" So, of course people gathered, even during the credible threat of Antifa shooting it up. And from our community many of us gathered there, and even went with our children to stand there.

There's an all saying - that of course though many people don't hear anymore- by Thomas Jefferson and it says, "*The tree of liberty from time to time must be refreshed with the blood of patriots!*" You know this one?

Let's say Harrisburg Antifa did come up and shoot us all!

1-Number one, they're bad shots, but let's forget that for the time being.

2- Number two, many of us have armor so probably a lot of us will survive it.

3- Number three, we start shooting back.

But let's say worst case scenario: we all die there! **We just fed the tree of liberty, folks!** You understand? **Standing up against evil and not being terrorized by bullies**, and that is a worthy cause! Do you understand? **Our forefathers in the Christian tradition, they went to the lion's den to die!** Do you understand?

You know that all saying, "it's better to be dead than red," the opposite is, "better to be red than dead!" See if they put in the spirit of fear amongst the people, if they feminize the men, take away the fathers, emasculate masculinity which protects society, of course you have more demonic predatory men come in, and civilizations like radical Islam, like communist China, or like the four horsemen etc. Do you understand? You'll have these demonic, aggressive males come in and overtake it, of course.

If you strip away the good shepherds, the good Christian men; you demean them, you blame them for everything, you blame them for systemic women's oppression etc, when they are the ones actually fighting for women to vote etc, you are killing your shepherd. You're killing the one who will defend you, not only your home, not only your family, not only you as their wife or their children, but that community and that nation; you're killing the righteous man. And if you don't have righteous men in your society, the women and children will fall prey to evil men and predators. Are you with me, folks?

You understand, Korea has been gobbled up, eating up, on average one time per five years, in the Korean history. A small nation, very important trade routes, always been gobbled up; Manchus, Mongols, Han Chinese, Japan, etc; constantly being invaded, constantly being raped, constantly being made slaves! So, we know a little bit about slavery! There's a whole thing around Korea with the *han* culture, the deep sense of anguish and pain, that Koreans talk about, because they've been enslaved, constantly, constantly; their woman constantly raped! Every five years new slave lords coming in!

But this is what they're trying to bring here to America folks! Who will be the ones in the conservative party that say, "Okay! Antifa is going to blow up the Trump rally; Antifa is going to attack and BLM is going to shoot it up with full auto, I'm going!" Who's going to do that? Who's going to be ready and willing to stand up against evil?

See, this is a problem! Now I think president Trump can spiritually sense it with this rally, because they said a million people had signed up. No shows! Scared! Talking as if, "yes, we are brave," etc, but when the threat really comes, do you show up or not? With the threat of Antifa coming, potential violence coming in Honesdale, our community showed up. Eric showed up; he was patrolling too. Hallelujah!

But we showed up! A lot of us with body gear, with preparations, you know. We had ten cars rolling around, people on the ground just observing, not doing anything crazy; observing, praying for people, praying for America, praying for the president.

You understand, folks, we are in an existential battle against Satan! This is not just left versus right, you know, or a pro- wrestling game. This is an existential crisis that we are now facing in America!

And when we talked about this the last five years, they called us, "fear-mongering"; they said, "Oh! Pastor Moon is profiting off of fear-mongering!" Remember this? But after people see the cities burning down and riots and smashing, "Hey! Maybe we should start preparing!" It's funny how that works, you know! Gun Church doesn't sound so strange; bullet crowns don't sound so strange anymore; sovereignty doesn't sound so strange!

But when there was that threat in Port Jervis too, who was there doing security was Keystone Joe, volunteering to stay overnight shifts with him? That was our people! I'm not bragging or anything. I'm just saying, "**The Body of Christ must not fear death!**" There are much worse things than death!

Christ has conquered the grave! "*Death where is thy sting? Grave where is thy victory?*" We just hear talking about, "living bravely, and living in Christ's dominion," but when the terrorists come, they don't show up! "Oh, we are praying for you!" Thank you very much! Are you with me folks?

I mean we're just normal people! Folks here, we're putting our children on the line, whom we trained; we're putting our wife on the line, whom we trained. We're not just sending out the men; if the women want to come we support them to come with us. Of course people are going to say, "Well, that's irresponsible; that's dangerous putting your own children at risk!" Do you know, if you fight against the commies, you'd better *all* fight against them, because once they take it, it doesn't come back.

And this is the key: the key is to make Eve fall; make Eve fall! If Eve becomes the weak link, if she is afraid of violence against evil, then she'll be controlled by violence, by evil people. And if she has fear in her heart, as a woman of God, as a queen, then her household will have fear, because the women spread culture. Even if the man is bravely out there standing on the frontline against the fascists - the ones who call themselves anti-fascists, they're actually fascist- the men standing up against the fascists who are Antifa, and BLM, if the women are consumed with the spirit of fear and Satan at home, guess what position the children will start adopting?

That's why unity with the husband and the structure which God gave as the husband being the head of the household, loving his wife unconditionally with *agape* love, the wife being the husband's helper, to love God and experience God through her husband, to honor her husband, the Bible says "respect unconditionally the husband," these principles have gone away in the Christian Body of Christ. They've been made to be misogynist and oppressive, when they are the ones that create the stability in society to stand up against terrorists and evil.

So, while the husband is out fighting and defending the country and the neighborhood, Satan can come in the home, and do subterfuge, make Eve fall and then make the children fall, and join the red, the Communists. Are you with me folks?

That's why our sisters, that's why the women in the Body of Christ, again just like in the beginning of creation, you are a critical key. And that's why we salute all the brave queens, and the women who said, "No! I'm going to stand with my king! On the front line I will face the terrorists!" That's a godly woman folks! Praise the Lord for that kind of woman, because she is not living for her own self and her safety; she's living for God and a larger purpose! She will stand up against evil.

She's not of the opinion, "*I would be better red than dead!*" In this case 'red' means communist, okay. No! She's the type of godly woman that says, "No! I will stand with my king, my husband, and I'll stand with our God, the King of Kings, and **if I die, my blood will go to feed the tree of free will and liberty that God has given us and I will never let you take it, Satan!**" That is a godly woman, and I thank God that our sisters don't only talk the talk, you walk the walk!

God gave us a test. He put us in potential harm's way, and He gave us a test and it was not just the men that stood forth and said, "You know, I will risk life and limbs, it's also the queens! All of you folks, "I'm retired! I'm retired! I'm sixty! I want my senior citizens' benefits, okay!" I'm going to be grandpa this year by the way, so maybe I should have senior citizens' benefit! I'm going to be granddaddy this year!

But you know God gave you a mission, and he didn't say, "When the government deems it so, you can retire, when you are of retirement age, you can retire!" No! Our queens stood forth, and my God they didn't have body armors, so I was praying for them fervently.

Because these people are crazy! They're throwing bricks, they're indiscriminately shooting people; they're nuts! But you understand, the Cultural Revolution in China was nuts; the commies taking over North Korea, a peaceful people! Nuts! They create havoc folks!

And it brought a tear to my eye while we're doing patrolling and the Queen is sitting with us and the sisters did not coward away; in fact the sisters went up. I'm not saying we should be foolishly brave or something, or just do it to show ego, but people cared. And our queens cared for people and the world! They cared if Satan takes it over! They cared so they came packing some heat, yes, because all our queens are training too. Praise the Lord Almighty! They came, packing heat; which means what? Bringing the power of life and death, dominion over creation! What did God say? "Be fruitful, multiply, have dominion over the earth and subdue it!"

"Do ye not know that you will also judge the angels?" Paul says. Do you know the authority of those who are Christ's? We've been told to be servants of the state. No! Do you understand the authority that God has given to us?

Revelation Chapter 1verse 5

✚ *"5-And from Jesus Christ, who is the faithful witness, and the first begotten of the dead, and the prince of the kings of the earth. Unto him that loved us, and washed us from our sins in his own blood, 6- And hath made us kings and priests unto God and his Father!"*

Sovereignty, folks, it comes from God; it's not approved by the state! That is the archangel's battle since the fall. Remember Cartwright? He represents the communization of America, one of Pelosi's pets, ok; remember Cartwright came to our area because they flipped him around and now he's our representative? He came here, and you remember? We showed up, and he said, "Oh, your rights don't come from God; they come from a piece of paper." Remember this? Those exact words he used, and King Kyle was sitting in the front, "boo" and they were like, "Settle down people! Settle down!" All his attendants were," Oh my gosh! Can you settle down? What a rambunctious bunch!" That was crazy!

But you understand, like a religion, they believe this doesn't come from God, even though they say they believe in God, and he said, "I am a Second Amendment supporter! I hunted when I was young; I went fishing." This is what he was saying! Out this way, out that way!

This country is in a serious spiritual danger, folks; serious spiritual danger! The **pre-rapture tradition** is a modern tradition; it was never believed by the Church Elders, never! Only in the twentieth century you see the pre-rapture theology gain hold by the funding after funding of the Rockefellers who, with Carnegie, were avowed socialists. Seminaries started receiving monies from the Rockefellers; then you see the pre-rapture theology come forth.

The idea that Christians don't have to be politically engaged, the idea that Christians should not try to change side because Romans 13 says, look at that: "subject unto the higher powers ordained by God." It always ties to Romans 13. Christians should be inept; they should not be involved in politics! Pastors should not speak on political issues!

So you know if a certain part of the civilization is killing, genociding children, it's political; we shouldn't talk about it. If you kill baby seals, it's a hundred thousand dollar fine. If you kill an unborn eagle, if you kill an egg with a baby, it's like a hundred thousand dollar fine, but if you kill an unborn human, they pay you; you get praised, lauded! You're a hero! You are a brave hero! It's upside down in the satanic kingdom.

And the church is not supposed to stand up against that? It's not supposed to say, "No! No! No! We're not going to allow that!" Because we're all going to be raptured away when the trouble comes; we're all going to be raptured away! That type of theology is only twentieth-century folks; it doesn't exist in Christian history. Pre-rapture is a 20th century innovation; it happens in the early 20th and also in the late 19th century with the funding of Rockefellers to seminaries.

We have movements now in America that are not only saying, "we would disagree with you, we want America to be fundamentally socialist, communist," but that "we will do it by force." You have that now in the open, being supported ideologically by the Democratic Party, supported and protected by one of the major parties! Remember this whole social-distancing thing? "All of you are breaking social distancing rules!" You can't ever see a person again; you have to live in a cave for the rest of your life," until your governor says, "you know you can come out." You can never go out with your wife on a date again because that's illegal; you're killing people if you do that!

But yet BLM can gather in millions in Brooklyn or in New York, shoulder to shoulder, breathing on everybody and that's fine! The doctors all come out saying, "that is social justice; it's more important than social distancing!" Unreal; unreal folks!

That's what Trump said yesterday, "Go to church, get arrested; burn a church, get praised!" You understand, folks, we are seriously facing existential threat here!

And you see the capitulation? Good people whom you thought would stand with you if the *shmita* hit the fan; good people who were saying, "I got Trump's back! I got Trump's back! Yeah I got Trump's back! See the Trump tattoo I got? When he became President, I got the Trump tattoo! I signed up to go to Oklahoma. Antifa was going to blow it up. Oh, well you know I got busy all of a sudden; I had a wedding I had to go do!" "What happened to your Trump tattoo?" "Laser surgery!"

Crazy! If Antifa says it's going to blow it up, and the president is going, he's going to have Secret Service, he's going to have MP (Military Police); he's going to have all the different layers that he can be doing security there. But still, people could not think; they just got paralyzed with fear. I mean if the president is coming, it's safer than if we just gathered together; it's actually safer. They're more likely to attack just a group of patriots coming together saying, "OK, let's gather together!" If the president comes in, they know they're going to have to deal with all these different layers of guys with guns.

A million people signed up and there are all these no-shows! What happened to the bravery of Trump nation? And I think President Trump felt that. I think he felt it spiritually; there's a spiritual battle. I think he's been feeling that. We have some serious praying to do as a country, and I'm not just talking about repentance. I'm talking about prayer. Are we willing to stand up against evil?

As the Bible says, "*Stand up against unrighteousness, resist the devil and he will flee!*"

Are we willing to do it, even if we lose our blood, even if we have to feed the tree of liberty?

Are the people of this country who stand with President Trump and for Judeo-Christian culture, are they willing? Or has it become talk? This is the critical question now in the hearts and minds of men. And I believe the Holy Ghost is moving powerfully through the atmosphere.

I believe there's **a call to conscience**; the people of God are being called!

But also I believe President Trump is starting to realize and discern, "Wow! Among all my faithful followers there's really one group that will not only stand with me to defend this country; it will fight alongside with me to defend this country against the communist takeover!" I think he started to realize that, folks.

I don't think the conservative party has realized how important gun owners are until now. I think now they really feel it, really, really, feel it.

As a CCW (Concealed Carry Weapon) holder and a gun owner and someone who carries it around, you are part of the peace militia; you are part of a decentralized force that stands against evil. And you have made the commitment to even risk your life if you have to, to stop evil; you've made that commitment. Any person who straps on that mill (9 millimeter) has made that commitment.

That is a **spiritual commitment** folks! It's not like deciding what church I'm going to go to, or something like that! It's a serious spiritual commitment!

Whether I will live or die, whether I'll be ruled by the fear of death, or whether or not I will fight for this country to live! This is a serious spiritual question!

The whole Body of Christ should be praying on his knees about this question! The shepherds should be leading their people to have this existential wrestling with the angel so- to- speak, to find out what you're truly made of; whether or not you've made that commitment or not.

Now, I know folks here have, but I'm saying generally, in the wider context. That's why the micro affects the macro; it's always the small group that affects the larger. God works with the smaller remnant to affect change in the macro through providential dispensation.

So we are living in intense times, folks! They're trying to bring us back to open-air prison- style tribalism and race baiting, where if you're white, you have to go to white gang, if you're black you have to be in a black gang, and if you're Asian you have to be in an Asian gang.

No! We're in Christ's family! Amen! We transcend all races; all colors are transcended.

➤ *“Neither Greek nor Jew, neither male nor female, neither free nor slaves! **All are one in Christ Jesus!**”*
And we stand for his culture, his civilization.

That's why in the end they hate Christianity; they rail against Christianity. They say Christians claim to be humble but they're arrogant, because we don't capitulate to Satan. We don't capitulate to pedo-sexuals trying to promote pedophilia to young people. We don't capitulate when they say, “we love black people, but we're going to kill half their babies before they're born!” No! No! We're going to say, “You hate black people, because you're murdering black people!”

That's why we got that pro-life team, Ted and your team, praying every day. Two weeks ago they saved two twins by the power of God and love, talking to the mother, praying for her. She decided not to kill those two twins; they saved two children by the hand of God. But the pro-life team had to show up! If we didn't show up that day, those two kids would be dead! It's not like we saved them. God used us as instruments; even if it's just a few, He used the pro-life team!

This is a serious existential crisis folks for the future of the world! We're smack dab in the middle of this drama. If you like Korean dramas, well, you're in one! Whatever drama; they're just big in Asia, that why I'm using Korean dramas. But you know what I mean; it's a serious battle.

We have to pray for the Body of Christ to become brave again. **“Make Christianity brave again!”** (*Showing his t-shirt*) **“Make Christianity brave again!” Stand up for righteousness! Resist the devil!** Do not be intimidated if he says he will kill you, because we don't live for this life; **we live for God's purpose.** We're not slaves to whether we live or die; we all know we're going to die.

But we know we're going to live with Him eternally.

And our treasures are stored up in heaven, not because of our righteousness, but because of His grace. He loved us, saved us from our sin, and turned us from the wicked ways. That's the power, folks! Knowing who you are: a child of God, a king and a priest, knowing who you are! **Sovereignty** comes from God, not from the state!

Fearful, fearful, fearful, for those who wish for totalitarianism! In the end, if they can make you believe that you are a servant to the state, and that becomes your religion, that becomes your god, just like what happened in the Northern Kingdom to Baal and Ashtoreth, and the state became their god, and they did all the biddings of the goddess cult. They sold their children into slavery; they sold their girls into the temple prostitution. Are you with me, folks? They did it! And they were well-meaning people, they were good people; if you met them, they were nice, but they capitulated. And once you capitulate to the bullies, they become worse. Once you capitulate to Satan, he rules over you; you become his pet, his animal.

And that's why it is a spiritual battle; you can see it in all the chaos that is happening in the US. We are **fighting for our spirit and our soul** right now!

This land will be forever changed, depending on what we do as peoples, whether or not we strengthen that spirit and stand with Christ and stand with God, stand for goodness, stand for saving children, and stand against the wicked genocide clinics that are legally allowed to kill everybody, kill babies, and 50% black children, sin against licentiousness and the deviant forms of sexuality that they are trying to introduce to the young people, now even including pedo -sexuality raping children. Insane, satanic demonic forces, trying to tear down what God wants to lift up!

So, we must pray; we must to pray for one another. **Let's pray for the president!**

But also **we must be willing**, we must be willing and have the bravery of Father, have the courage of the shepherd; be willing to face the scary wolf!

And we do that by **our relation with God**, but also God gives us the ability to practice and train, and to prepare, so we will be confident on the Day of Judgment. We will stand with Him; we will be fearless against evil and the red scourge that they're trying to bring here, meaning you know communism.

Be not fooled, folks! Even our True Father said, "Communism is Satanism cloaked in political terms!" It is real Satanism and it does bring Satan's kingdom, and it does bring hell on earth. It is the antithesis of God's desire for humanity. It is where human beings become dehumanized into animals of the state, pets, and servants.

God's desire for us is to be his children, his royal heirs, as the Scripture says,

✚ *"Do you not know that you are heirs of Christ, co-heirs with Christ, heir to God the Father?"*

That is a bold claim, folks!

I just pray the president has this deep within him, and I know he does. He's trying, he's standing; he took the call. People are standing with him. And I think more and more he will realize how important the Rod of Iron Patriots are, because in the end when the red scourge comes and they try to take everything by violence, it will be **the Rod of Iron Patriots that will stand with him** and against that scourge.

Prayer:

Father we thank You for this day that we get to study your Word! Thank You for giving us the lesson of Micah 1, where we saw the fall of even your chosen nation, turning to their wicked ways of centralized government and political Satanism, the worship of demonic forces, and the allowing of demonic practices, to in turn become mainstream into those lands. At some point your hedge of protection is removed and that judgment will fall upon that nation that is due, that is due, to the people that have sat idly by.

Pierce our hearts with the Word today! Set a brush fire within our minds! Father, let us have strength in this time of fear! Let us not buckle and capitulate to those who are trying to lead us into servitude! Let us remember what the people of God are, who the people of God are, who we are; who the children of God are: the children of the Creator of the universe!

Let us hold fast to the rights that You have given us, the sovereignty You have given us. More than anything in this time if anything, we can experience more the heart of the Founding Framers; we can feel the fear, the tension, the anxiety, the potentiality of civil war and conflict, violent conflict breaking out. We can feel that trepidation in the air!

In that time, they also had on top of that a 50% death rate from smallpox epidemic, but still they stood and showed up on the battlefield!

Father, there are so many evil forces that are trying to make us live as perpetual fearful servants to the state; **the Beast!** Let us have discerning eyes, because in this time of the end time, we must know clearly what the Beast is. It's not some paranormal monster that will emerge out of the ocean. It is the Beast that rules and is worshiped by the inhabitants of this world, right in front of us, controlling the vast majority of the populations of this world, killing over 220 million in the last century alone through democide! It is the archangelic beast that is centralized government and power.

We, as your children do not worship power; we do not worship that access to resources as the Communists do. We do not construct them as gods for us to pursue as our final aim.

We pursue You, dear God! The God of righteousness, benevolence and love, virtue; a God who seeks to see his children freely, freely, with the exercising of free will, come to Him, because they love Him and not that they're forced.

Because in the end God, **all You wanted was to have your family**, to have your children and your grandchildren.

Let us be those who can stand for your heart, your great love! Let us be those who can stand against those who seek to stomp it out, to eradicate and erase it from this world!

Let us stand with the president who is fighting a monumental battle against evil attacks from all sides, 360 degrees. Put your special hedge of protection around him! Let the patriots understand that he is fighting not only for his country; he's fighting for his life! Because the more he stands for the Constitution and freedom, the more they will try to kill him!

God, we know they're trying to agitate these violent mobs calling Trump 'dictator Hitler' and 'Satan' Himself; saying that he must be round up and lynched and killed, and that is being promoted as good social justice by the media! Such incredible times that we are experiencing, the likes of which we've never seen before!

But we know, we know, that your kingdom is coming; we know that the kingdom of freedom and responsibility is coming. We know this unruly, chaotic, demonic, and archangelic destructive, poisonous, toxic tyranny is a harbinger; it's a sign that Satan is worried and Satan feels cornered.

Let us understand that even when it gets worse and bad, that that is a sign that we must be strong! Let us be the type of children who, **when their Father needs it, they will stand with Him to face evil!**

We love You Lord! **We love you Father!** We know You are in each and every one of our hearts, animating our spirit, filling us with the Holy Ghost, giving us supernatural power and protection. But at the same time, we know that we must be prepared and we must love our neighbor, and we must be prepared to stand and protect our neighborhoods and communities and friends and family, and even those we disagree with.

God, **give us the courage to stand up against this evil** at this most trying time!

We ask your protection upon the mega rallies that will now be emerging throughout the country. We pray that what happened in Tulsa, which was the first and was in that sense of great victory, will be now multiplied! And now, when a million sign up, a million show up, and when a million sign up, in the next one three millions show up, and overflow throughout the city.

So that the Communists and the political Satanists will know, that their scourge will meet with resistance that is energized not with human flesh, but energized with the Spirit of God, that will

defeat them and overtake them, cause confusion in their camps, in their encampments. Let them have chaos, as they destroy themselves with the desire for tyranny, and let the people of God organize in small groups and prepare themselves, spiritually, mentally, physically, for the days ahead, for we know that they are just a tunnel that we must pass through, to see your everlasting Kingdom come.

We thank You God! We thank You! We thank You! And we give You all the praise, glory, and honor this day, reporting with all the folks gathered here. In your precious name we pray. Amen! Amen!
Folks, let's all rise and give praise to God!
