

## 2<sup>nd</sup> King of CIG in the True Parents' Memorial

For the Start of the Special 21-day WS

Oct 14, 2020

True Father's 3 Kingship has to hold on to Jesus' cross. The veterans made this cross for us because they think that we have a very strong faith. The 2<sup>nd</sup> King is in the position of Isaac. Isaac has to die in joy. **Their cross is the most precious thing they can offer to Isaac's altar.** They gave us this cross in front of the Vietnam Wall at the Festival- Wall honoring people who died for our country. True Father put down the cross of Jesus. Now they gave the cross to True Father's inheritor, the 2<sup>nd</sup> King.

People living in Christ shouldn't live in fear. In 2<sup>nd</sup> Timothy 1:7, we read, "For God has not given us the spirit of fear; but of power, and of love, and of a sound mind."

The shepherd's heart needs to be able to die for his children, and for the generations after. People only think of themselves. They don't know about the love of the Lord. God's love is being able to die for other people.

John 15:13: "Greater love has no man than this that a man lay down his life for his friends." This is the heart of the Father. We have to have such heart. The veterans lost soldiers who fought in wars

with the heart of the Father. They gave us the cross. They don't know the Divine Principle but True Father knows everything.

The 21-day WS is a time of *cheong seong* till Nov 3-4

.....

If the US are destroyed Korea and Japan go down too; India will move left. Don't make excuses about your flight. If America dies you all die!

Jesus was put on the cross, crying to his sleepy disciples. They could have saved Jesus, stopped him from going to the cross. He could have become King of Israel! The Roman Empire was already in a state of destruction; it was economically weak. If John the Baptist had testified, Jesus could have become King. But they were sleeping!

We are the microcosm in CIG. You are making excuses telling the King to die, and that when you go back home you need to self-quarantine. But people in the microcosm must fight Satan the hardest. While the world was in crisis you acted like blind people. You forgot about the world.

Listen to this in repentance. Bring True Father's love again into your heart. In the most important moment in war let the Holy Spirit go into your heart! Do you know that this time is scary and important?

One year ago, people were saying, "The King is telling us to prepare, that South Korea would go left. But it's not bad; we can chill out and drink coffee with friends." You remember that we gathered in Las Vegas? While we were there we probably got corona virus. Chinese came there. Father made us catch COVID; he gave us a preventive infection. It was Chinese New Year. We even went to Chinatown. Kook Jin Nim had the flu- probably COVID. We all had the COVID flu; so our immune system became stronger. True Father called us to Las Vegas. We had an amazing experience. But when I tell you to come to PA you all complain. It is amazing that COVID started then.

When we pass out leaflets we should go to the steak house and remember True Father and eat what True Father enjoyed.

21-day training is a scary time! We will do all night *cheong seong* at the Memorial Nov 3<sup>rd</sup> to 4<sup>th</sup>. The leaders of each team will plan. People will be staying up all night so if there is an emergency we can be aware and protect this place. 24-hour *cheong seong* at True Parents' Memorial! If Satan attacks you can pray here and repent. Brothers & sisters who protect this place can pray with you. Not all can come in; it is too small. So we will also watch the election results at the church.

They will say that President Trump lost, but he must have a landslide victory; it's a life and death battle.

President Trump has to declare war on China, cut off all imports from China, tax all Chinese imports, kick out all spies from the Chinese embassy, put people in prison who got millions of dollars from China. Jo Biden's son got \$1.8 billion from China. President Trump has to declare war on China, and proclaim emergency situation. All neo-cons, and Nancy Pelosi must go to prison, and people who rape kids must be killed.

President Trump has to expose celebrities like Oprah and Tom Hanks who do child raping. Hanks moved out of the United States to New Zealand. They are all scared. If President Trump wins they will go crazy.

The Man Spot took photos with Kook Jin Nim and uploaded them on this Tweeter account. He has 450 000 followers. Some wrote that this is a cult. He responded "These people are of Christ!" Through this Festival a lot of people became closer to the sovereignty of True Father. The Festival changed the heart of the people around here. The changing of heart is the work of True Father and the Holy Spirit.

A lot of residents will want to see certain things we have to defend ourselves. If there is a civil war they will want to be with the Moonies, not with the enemies. God uses such emergency situation for his purpose. In peace time people's hearts become hard because they think there will always be peace. In war they want to be friends with people who have great values, so they can survive.

People know we are good and train for Peace Police- Peace Militia. They see that we are on God's side. This training changes mentality. Even older people, who cannot be training hard, your mentality has changed.

In Pike County, there are a lot of Catholics. When I was doing book signing, Japanese members greeted me ten or twenty times. Kook Jin Nim explained to people that it is a true expression of love to True Father that is like a Catholic pope! In this expression of love, outside people can feel our sincerity; it is not so strange.

On Saturday and Sunday they teared up when they saw the Korean team on the stage. The vets were so moved by the Koreans waving the US flag! Last year you brought an enormous flag. "How can foreign people be so passionate about the US flag?" You held up the US flag and sang *God bless America!* "How can people from other nations have this kind of love?"

On other 2<sup>nd</sup> amendment events, they hear about protecting the country, but here they felt love. They allowed God's Holy Spirit to go inside their hearts. They realize that there is God's big love under True Father's authority.

18, 19, 20- year old men who fought in the wars offered their life. Jesus died at 33. These young men were very young, fighting against communism. Just in the US, 58,000 died in Vietnam. The vets had to hide their identity when they came back from Vietnam, because they were even spit at. Here they experience love. Young and old united express that love, so they feel that their friends did not die in vain. Fighting was not in vain.

On Saturday there were amazing fireworks. They symbolized an explosion of love. We have to be reminded of Father in Heungnam, the sounds of the bombing in Heungnam. That is the mind we should have. We have to remember the scariest prison in North Korea. People survived 5 months but Father survived 2 years and 8 months around 1000 days in prison. Every day True Father lived in pain, breathing sulfate nitrate, doing hard labor, sleeping on concrete floor with 50 others near the toilet. Almost 1000 days!

You guys complain that you have to quarantine 14 days plus attend 21 day WS. True Father was in Heungnam 1000 days living in pain, receiving torture. In Heungnam, True Father shared the small rice that he received. On the last day there were explosions where bombs were dropped. Father said, "If you are 10 meters from me, you will remain alive."

If you don't know this, you enjoyed the fireworks as ignorant. But that was the day the Lord became free! What an amazing day!

On that day we burnt the effigy of the lewd woman of Babylon. The most evil person Hak Ja Han is more evil than Eve; we burnt her on the tower- Satan, the fallen Eve. Christ is the bridegroom; Christ should make all women into true women. We had to burn this woman who worships herself.

Before you received the Peace Police-Peace Militia training, you lived as beta males following mother. Witches always try to get rid of Christ- the Father of people without fathers. Christ is also the alpha male Father, who changes people into priests and kings. The real alpha male is Jesus.

When God saved you, did he do it forcefully? He made a relationship with you. Maybe in dream God's words were put into your heart. God didn't give up. Eventually at some point, you experienced God's love because God touched your heart personally. God never gave up, even if you tried to escape. You read his words, and God's truth could get into your heart.

Don't force your children into the church; it is fake. They need to be able to feel God through reading God's words. You are touched by the Holy Spirit. The most courageous people on the battlefield are those people who will meet God. Think that you are raising Peace Police- Peace Militia children.

Terry Daniels, the veteran from Afghanistan, received a purple heart for his courageous act. People like him recognize True Father's value and our community.

It's not the government and the police that can protect people. It's you and me. "*Love God, love thy neighbor!*" That's the core of the 10 Commandments. It summarizes all the laws of God. The root of the training of the Peace Police- Peace Militia is love, "Love God! Through hard training, love thy God; love thy neighbor!" That ethics of love comes from Father's love.

True Eve loves God and neighbor, and gives glory to God; True Eve trains children to love and protect neighbor to the death. Death is not in vain. You have to die well! Even as you die, you can die in gratitude. The CIG Constitution is based on loving God and neighbor.

Studying is not the most important. Experience is more important.

Alpha males rule with love like shepherds.

Many young people were not able to meet Father in person, but by being disciples of the 2<sup>nd</sup> King, we can meet True Father. Satan says, "Love yourself!" That is not Father's ethics. Father's ethics is, "*Love God- Love thy neighbor!*"

5,200 people came to the Rod of Iron Festival. Now we have a 21-day *cheong seong* period. All of you are a little bit different; when you begin you might get along well, but later there may be conflicts.

Who can paint Jesus here? (*The King collects 8-10 volunteers and recommended people*) The Korean pavilion will be made into traditional Korean style. The Queen will be the project manager for the team of artists. We will provide tools. They will work during the 21 days. We will make it more beautiful, and have the Tong Il mark.

Without art the world would be a blood-shedding place. To be able to feel love, we need the artistic aspect. We'll use modern painting with royal colors that go well with nature. We'll have the Rod of Iron and the Tong Il mark. At the end the 2<sup>nd</sup> King will sign. Jin Ju and True Father's grandchildren together with Mr. Jong made the pavilion. We will offer it to True Father after the King puts the last dot.

How beautiful the Rod of Iron and the Tong Il Mark!

We are going to draw cherry blossom flowers with the Tong Il mark in the center: the light of Christ and True Father's light blooming at the center of the flowers! Mr. Kim who worked with Mr. Jong, will make an octagonal pavilion with water flowing. The children did a lot of work. They had to carve everything. Amazing work! Korean traditional houses last long. Some houses in Korea are 800 years old!

You might compare yourself with others and get into conflict. God gave everyone a different talent to build the Kingdom of Heaven. We have to give all glory to True Father. Your devotion is the most important!

We will have to make stairs, plant flowers, but not now. During these 21 days, we will make different teams. One will be protecting this area 24 hours; another will support President Trump, meet other people, encourage people to vote, pray together, wave the Trump flag, and the American flag. There is not going to be a central team. You will live with your team, and participate in this battle. Artists will have the art project with their team. It will be rotation style so all can do different things with their teams. Artists can also participate in fighting for President Trump.

This is the Isaac generation. You have to serve True Father and the 3 Kingships with the heart of Isaac. As Isaac on the altar we won't fear death. You have to make that foundation where other countries can join CIG. We have lost Father's foundation and are rebuilding it in the wilderness.

We are living in this dangerous time where there could be another world war. We need the mind of Isaac. We will not fear death because God's purpose and God's will shall always bring victory. For CIG we have to have people who love God and people.

One month ago we met Donald Trump Jr- who should be the next president. We met in person, and had a long conversation. God is making Trump's and True Father's family closer. We are making microcosm training and devotion that will influence the macrocosm.

Steve Bannon saw a video of Kook Jin Nim yesterday, and will air it in his internet show. Steve Bannon said that North-East PA is the most important place in the US. It has to vote for Trump. No president could be elected without PA. True Father could have sent us anywhere but he sent us to North-East PA into the Lord's Valley. There is the Promised Land Park next to it. True Father called us to this land with many biblical names.

We must fight in the microcosm, not just having fun at the Festival, but be ready to fight for President Trump. These patriot veterans were very grateful.

You all made excuses that you could not come because of COVID. Repent during the devotion period! Win victory in this microcosm. If we lose North-East PA, a tragic time will come. During these 21 days, through life and death hardship we acknowledge that we are insufficient people. He called us to this North-East PA. Repent! Receive training! Fight here! This is a very serious time.

During the special devotion period, the 2<sup>nd</sup> King and Kook Jin Nim will know what you are doing. You might see the Rod of Iron Riders in formation. How great if Chairman Kook Jin Nim one day becomes governor of PA!

If there is a civil war all airports might become dangerous. You might not be able to go back. CIG citizens must live in CIG.

My queen is the most beautiful grandmother in the world. My grandson Seungnam's hands and feet are so small. He threw up on his grandfather. How amazing! Four generations! True Father is very happy!

With the CIG citizens- kings and priests- we have to fight for our nation. True Father is opening up that path. From today we are at war. We need to have a heart of devotion to win over communism. We will do Trump marching by team. Within 3 weeks before Nov 3, President Trump might be able to visit North-East PA, right before the elections. In 2016 he came on the day before the elections, because North-East PA is very important.

Korean and Japanese church members, you expressed love during the Festival and moved the hearts of the patriots. Now, for President Trump to be elected, you need to do that march in front of the entire world.

The beginning is the most difficult. You came so True Father is forgiving you!

The *cheong seong* period has opened! Aju! Aju! Aju!

*(The King offered a prayer)*
