

## **Rev. Hyung Jin Sean Moon & Prof Ahn**

### **Korean service**

Dec 2 2020

*(Unofficial notes)*

#### **Prof Ahn**

The first hour we will receive some words from Professor Ahn. There will then be a break and then the King will give us some words.

So Prof Ahn is giving us an explanation about Heungnam prison. What you are seeing is the evidence that he has been able to obtain through his own personal research. The video on the screen at the moment is the map the US forces used when creating a strategy to free the prisoners from Heungnam Prison. The planes are B52 bombers.

He is currently talking about the Korean War that started June 25, 1950. 67 countries were involved in helping and protecting freedom in Korea. The countries highlighted in blue are the ones who supported Korea. The communist countries (with the exception of Hungary) supported the CCP in their aid of the communists in Korea.

[https://en.wikipedia.org/wiki/Korean\\_War](https://en.wikipedia.org/wiki/Korean_War)

Professor Ahn said the first newspaper that President Reagan read first thing in the morning was the Washington Times

The video was showing the reason why Professor Ahn decided to do the research about Heungnam and the strategy employed to free the prisoners.

#### **The King**

The King is recapping on the presentation by Professor Ahn and how God moved the entire world to save Korea. Professor Ahn has only shown us 10% of the evidence that he has been able to find.

The King was just talking about how international brothers and sisters who are not even able to vote here have come to pray for and protect America. At the centre of the Peace Police Peace Militia training is Love

The King is currently talking about the governments pursuing an atheistic agenda that has just in the 20th Century killed 200 million people (this is excluding those who have died during warfare) Their indoctrination of children start from as little as the age of 5, by teaching them about the theory of evolution and atheism. The King is talking about how the indoctrination of children from a young age results in the release of the free sex culture when they get to university. This is because they are continuously taught that they are animals.

Big Bang was 14 billions years ago. The King is talking about how the state education system is designed to teach our children about cosmology which neither has a beginning nor an end. However in Christian theology there is a beginning (the creation) and an end (going to the spirit world).

*(Next stream)*

The King was talking about Dr. Jonathan Wells and his studies of molecular biology; that when you look at the molecules etc... there is a perfect harmony in the balance of the structure like a perfectly harmonious orchestra, playing Bach, Beethoven, or Mozart. However **the ultimate purpose of humankind is to connect with God and to understand Him**. This is also in a way our responsibility. The left do not like this because they do not like the concept of responsibility.

When you look at the theology presented by atheists and evolutionists, their argument is always the same, but if you think about it Chairman Mao and Hitler both propagated the theology of atheists and evolutionists. Hitler envied the eugenicists in the US who he felt were more advanced in their thinking process.

He is talking about Margaret Sanger who went into the black community and encouraged women to abort their babies. In a system encouraged by the evolutionists and atheists, it results in a greater degree of racism and discrimination, with the super- elite becoming even richer and the rest getting poorer.

However, if you look at it from God's viewpoint, the value of a person is not determined by factors such as their IQ. Your skin color, your ethnic background is of no relevance, because we are all human beings, and all have human rights. When you look at the UN, they keep on talking about protecting people's human rights, however when you look at their actions it is completely anti-human rights. He is giving an example of the UN's actions in Africa, where there were examples of people abusing children; however this was slid under the carpet.

He is now giving the example of Obama who was involved in six wars but yet received the Nobel Peace Prize. Trump, however, has started zero conflict, but yet he is hated. This is why True Father said **the UN is a creation of Satan**.

The **governments are meant to be the servants of the people**. In a political satanic system, they try to enslave the people (e.g. lockdown during corona), try to confuse the definition of gender etc...

The King is currently talking about the effect that corona virus has had on people across the world, and those countries with socialist/communist governments are finding that they are restricting their individual liberties and freedoms. There has been discussion in the UK that you will need a certificate of confirmation that you have received the CCP virus vaccination before you can get on a plane.

When you look at the mortality rate, it is lower than the common flu, but yet the world has been shut down because of it. At the moment there are some countries who are saying you need to have a certificate confirming you have received the vaccination, before you can move around or go on holiday.

When you look at the history of Islam, for example when Prophet Mohammed was alive, he invaded other countries and killed those who did not convert to Islam. This is the difference with Christianity which is spread through witnessing and not through warfare. When the Muslims started to invade Europe, the Christian faith came together and formed the crusaders to protect Christianity

Children in schools these days do not hear anything like this. They only highlight how religion has killed many lives. This allows them to pursue the pro-government agenda, which is about atheism and evolution, indoctrinating kids to think they are animals.

Those who believe in the government will never be able to properly protect themselves and their families. Why is it that the governments do not teach about creating assets, and show them how to create debts? Why do they not teach them about protecting themselves through martial arts? Why do the governments not teach our kids life skills? This is because they are looking to deny the existence of God and replace God with government.

He is currently talking about transgender athletes, where a man post-sex change is competing in the female competitions. He might be a beta male, but he is still stronger than the woman (20 times more testosterone levels even as a transgender) This will eventually stop women from competing because of the beta males (those who have gone through a sex change)

When you understand this, you also get to understand the importance and uniqueness of our theology of the fall. There are some churches who still believe that eating of the fruit is literal and not symbolic. It was True Father who revealed to the earth that Lucifer was the first person to sexually assault a child.

When you re-establish your relationship with God, when you realize the purpose of your life, then you are able to escape a life of fulfilling your own pleasure, and you understand your responsibility of living with God.

The King is talking about the fact that those who want to raise a lot of money for God will often network with like-minded individuals who have raised a lot of wealth. Eventually that person will find that they are raising a lot of money naturally.

He is talking about the Bible verse where Jesus said, "*Man does not live by bread alone.*"

This was analyzed by a psychologist and he said these words from Jesus are the most fascinating. It also proves that humans are not animals. Why? Because animals live to eat! However human beings do not only live to eat. Human beings do not just pursue pleasure. We do not, like animals, live to eat. There is something more important.

The King is explaining that when you look at the theory of atheism and evolution, the most intelligent should have the power to make decisions. So, if aliens had a higher IQ or had a higher intelligence, to them we would just be like animals. This is the only conclusion available to atheism and evolutionism because they exclude God. Under the theory of evolution and atheism, it is correct to think that Lucifer should have power over everything and everyone, because he is the most intelligent.

This is also the case with AI. AI is more intelligent than human beings.

Look at countries that force you to quarantine when you back from abroad; they are treating human beings like animals. Because you are not doing this by consent but by force which is what also happens in places like North Korea.

The King is talking about the extreme nature of governments e.g. forcefully taking money from citizens in the form of taxes, and what the consequences for not paying up are i.e. visit from police etc. This is also the case for places which are run by gangs. This is the same as the behaviors of a centralized government!

*(Next stream)*

In the first 100 years post-formation of the US, there was no income tax. What you earned was yours. Now the governments are taking it away forcefully through taxation. There is often good collaboration between gangs and centralized governments.

If there was no taxation system in places, a family would most likely be able to survive with only the husband earning money. Nowadays, both parents work. This results in the children being inserted into the government education system. The government 'steals' your children. Thankfully in the US, we can enjoy the benefit of the homeschooling system; it is not illegal; however in countries such as Germany homeschooling is illegal.

Children need their mother the most up to the ages of 10-12. From there both sons and daughters need their father more. Sons stop fearing the mothers once they become bigger and stronger which is why you need the father. That is why in CIG, the husband is the King and Chief Priest.

When families visit the US, husbands often tell the Queen that they thought all they had to do was to earn money to help the family survive. They did not know that they should become pastors within the family, to witness not only to their wife but also their children. This was one of the things True Father was referring to, when he spoke about the Family Church.

When the children do not feel that they can learn from their own parents, they then look outside the home. This often significantly increases the chances of the child becoming a socialist/liberal. By seeking to improve yourself, you move further away from a lifestyle of fulfilling personal pleasure, to a lifestyle of righteous hobbies.

The King is referring to how you can train for a hobby lifestyle e.g. motorbike formation, jujitsu, air planes, tanks etc. etc. These training sessions also create positive memories for the children and family. The children also get to see that their parents are not people who live for their own pleasure, but live for a higher purpose.

That is why the right of ownership is very important in CIG. This is why even the army is owned by the citizens and not by the government; the citizens are the ground infantry, the air forces and navy. That is how you can prevent useless wars; when all the above are owned by the government, then you create senseless wars.

True Father absolutely hated the War in Iraq which was about oil. When you look at 9/11 the response should have been against Saudi Arabia, but they attacked Iraq instead. Why? Because they wanted the oil!

When you look at creation and the behavior of Lucifer, it is very clear that God is not about creating and maintaining power. This is what Lucifer wants! God is not about power or intelligence. This is why the leftists have ruined the world.

### **Bible reading for today: 1 Kings 7 Verses 1 to 8**

*1 But Solomon was building his own house thirteen years, and he finished all his house. 2 He built also the house of the forest of Lebanon; the length thereof was an hundred cubits, and the breadth thereof fifty cubits, and the height thereof thirty cubits, upon four rows of cedar pillars, with cedar beams upon the pillars.*

*<sup>3</sup> And it was covered with cedar above upon the beams, that lay on forty five pillars, fifteen in a row. <sup>4</sup> And there were windows in three rows, and light was against light in three ranks. <sup>5</sup> And all the doors and posts were square, with the windows: and light was against light in three ranks.*

*<sup>6</sup> And he made a porch of pillars; the length thereof was fifty cubits, and the breadth thereof thirty cubits: and the porch was before them: and the other pillars and the thick beam were before them. <sup>7</sup> Then he made a porch for the throne where he might judge, even the porch of judgment: and it was covered with cedar from one side of the floor to the other. <sup>8</sup> And his house where he dwelt had another court within the porch, which was of the like work. Solomon made also an house for Pharaoh's daughter, whom he had taken to wife, like unto this porch.*

The buildings signify the Garden of Eden. The Temple of God signifies the Garden of Eden where He can have a relationship with his children and talk to them directly. In the Garden, the relationship between God, and Adam & Eve has not been broken or dominated by Satan. This is what the Temple signify.

When you look at the CIG Constitution, the Three Kingships and the CIG citizens become protectors of the Constitution. Eventually the citizens become the living Temples of God. It is from the hearts of those who seek to protect their Constitution that they become the living Temples of God.

When you look at the different groups in Korea and Japan, you may bicker etc, however you all can become and are becoming the living Temples of God. You may not necessarily always get on; however you must always protect each other in Washington, DC.

When you are fighting evil, you should not fear death. It is when you fear death that the power of the left increases. This can also be seen in the Bible.

Summary - For the big protests, there will be strategic planning; details to follow. The context here is that before the 12/12 DC March, the leftists will have a month to prepare, and you already saw Trump supporters being attacked in the first march, with much less time to prepare. Planning ahead does not guarantee complete safety, however it does significantly increase your chances of safety.

The King is talking about not fearing death if fighting for a righteous cause. He also gave the example of fighting against bullies. The King is saying that when the community gathers to take part in a protest, they should move as one unit and protect each other, and not try to show off like in the movies. He is stressing to the young people that they have an extra responsibility to protect the elderly.

Good people should not live in fear. They should fight against evil. The King is talking about the role The Proud Boys played during the DC March, where they were protecting people against Antifa and BLM. He is also talking about training ahead of the trip to Georgia.

The King is explaining how the left tried to steal the presidency of the US, the effective leader of the free world, through fraudulent activities, so once Trump is re-elected, the leaders must face trial, and justice must be served. In CIG, it is heaven for the righteous, and hell for evil, because they cannot encourage or install socialistic or communistic ideals.

The people's militia all respect Trump, because he has tried to get rid of the globalist systems from the US. Obama on the other hand was slowly killing the US by bringing in globalism. This was similarly the case with George Washington, who had the respect of the people's militia at the time.

Julian Assange helped Trump a lot in 2016, by exposing a lot of the secrets of the central governments. People like Julian Assange and Edward Snowden were able to reveal that central governments were conducting surveillance on the citizens of the US. Trump should free Julian Assange and Edward Snowden who were put in jail by the left.

Trump should use his presidential pardon powers. In that regard he has shown a bit of weakness. If he pardons them, the globalist liars will be scared. Not freeing Edward Snowden and Julian Assange is a mistake that Trump is making. He should free them.

Zuckerberg helped the CCP create a surveillance system which kept track of the 1.4 billion Chinese citizens. The King is talking about Zuckerberg's influence during this year's election. He has even paid the salary of the leaders of the Dominion Voting Systems Company. With his actions, Zuckerberg has committed treason. He has been trying to help the US become subservient to the CCP.

When you look at the lockdown, it is the same as living in North Korea. They tell you what you can and cannot do; they control where you buy things etc. etc. It is the same; just the label is Corona Lockdown. They initially promised a lockdown of no more than three weeks; however it has gone for much longer than that. Now you cannot go on holiday freely.

Some states are preventing inter-state travel (e.g. creating check points for interstate bridges). The mainstream media are helping enslave people by creating a culture of fear. The only permitted form of work is working for the government, but you are not allowed to run your business. They promise government aid (state welfare) for those who are not able to work or eat. What difference is there with living in prison that provides you with food, healthcare etc. etc.

The corona lockdown is creating one big prison in the US. The governments are then able to do whatever they want e.g. forcing you to take the vaccine. If you do not listen to the government, not only will you be subject to surveillance but you may also go to jail.

You, young people did not think that what I am talking about is possible. Think about the consequences! The internet will be controlled, families will receive a 'rating' i.e. a score. Look at what is happening at the moment! People are being encouraged to report families who are gathering in large numbers.

*(Next stream)*

Even gangsters want committed people, right? There are some people who believe that the governments or gangsters will be nice to them if they comply. The CIG constitution creates very scary people because predators can no longer easily prey on people. Even the women are scary as they will be trained in the deadly arts, own and know how to use the Rod of Iron. Predators in CIG may potentially die if they try to prey on any CIG citizens, especially if they try to prey on women

As in 1 Kings 7 where they were building a temple signifying the Garden of Eden, we must also become living Temples for God. So **when we attend the protest prayers, God can use faith the size of a mustard seed to move mountains.**

They will be gathering at the True Parents' Memorial at 4pm, and do some training for the purposes of the protest prayers.

Rev Lee will give a reporting prayer and do the *ok manseis*.

*(The Korean service lasted from 10:30 am to 3: 09 pm)*
