

**Pastor Hyung Jin Sean Moon**

**Sunday Service at Panola Mountain State Park, GA**

**Dec 6, 2020**

Praise God Almighty! Praise God Almighty! Look at this beautiful sanctuary! The Bible calls us "living stones of the Temple of God" So God said, "*When two or three gather in my name so too shall I be!*" God is present here with us, True Father is present here, and Jesus is present here with us.

Please look at these pine trees! I'm drawing your attention to these beautiful pines! Just a little tidbit of information: In the eastern garden the pines are the center -not the deciduous trees- **the pines because they symbolize the Father, the masculine**, and symbolize **eternity**. So, whenever you have an eastern rock garden, or you have an eastern garden in general, the pine trees are there because they symbolize that eternity. The reason why, is because the leaves don't turn and fall off; they always stay green. Even though pines do shed; but they shed once the new greens have come in. The old ones are shedding, in the summertime usually in PA.

But that symbol of eternity is the symbol of what? **God the Father!** Not "God the mother"; there's **no "God the mother"**! That leads to Satanism. That leads to the fall of the Han mother, which always leads to goddess worship, which then leads to what? Sex-trafficking children! In the end that's what it leads to. All the goddess cults have to sexually differentiate from the other male deity cults. So, what they do is they always offer sex and fertility as an accoutrement of the worship.

That's why in every Asian culture that worships goddesses, you will see that temple prostitution exists, whether it be the Yellamma cult in India, whether it be the Artemis or the Diana cult, or the Aphrodite cult in Greece, whether it be the ancient Aztecs, you name it. Always, once man starts worshipping the goddess, he's worshipping the fallen Eve culture.

Then of course that takes away from the worship of God the Father who is the Creator and who is the One that we need to have connection with.

It is **the father that brings stability to the home** and also who has the **king and priest** role. That's why the father is always **under attack** in the political satanic realm. The father must be destroyed, the father must be weakened, and the Beta males must be promoted as being the ones that women should reproduce with and have sex with, because then the alpha males get killed off and the beta males thrive! Beta males cannot thrive if they have to compete with alpha

males. The alpha males will win. Beta males support a system of worshipping women as gods and feminist worship, and by doing so then they'll bring in that culture.

Because women are people, they know they're not perfect. If you worship them as a god, they know that they have to try to live up to it, and they never can live up to it. So, they know that this hypocrisy only builds and builds and builds, but yet they have to be in this cult of leftism where they make their man worship them. It's a perpetual cycle of disgruntled and angry behavior that just builds up resentment and anger inside, because they have to live up to something that they never can be. At the same time they have to pretend like they are, and it's just lies. It's just lies, lies; lies!

Instead of being people, men and women, that know that **we have sinned before God and we need a Savior**; we need forgiveness! We don't have to live up to virtue- signaling, pretending that we're some kind of god or goddess. See, that's what Christ liberates us from. Amen! **Christ liberates us from that tremendous burden of lies!** Hallelujah! Hallelujah! He liberates us from that. He shows us the reality of our sin through the Law and the Law convicts all of us; all of us! Everyone is convicted.

Everybody thinks he's a good person, and you all know it. Everybody thinks he's a good person. Have you ever lied? Of course you've lied! People who lied are called liars. Have you ever stolen? Yes! I stole a little pencil; I stole a little candy from the candy shop. I did that when I was young. I do admit. So, what was I? I was a thief. You see that? If you look at another person with lust, you've committed adultery in the heart, so you're adulterer in the heart, right. You think that's only a problem with men; that's not true. Even though men have a very strong visual sexual temptation, women too always are coveting.

Unbelievable! We're at the Trump rally! Nice conservative women in front of us; they're probably in the 50s- 60s with blond hair- nice ladies. And we're talking to them. I'm joking, "Hey! Your husband looks like a country music singer. Is he a country music singer? I thought I saw him playing!" Very nice, friendly with them!

Then Trump is coming out, and then the big bodyguards come up with the tattoos and the marines come out; the private security guys come out. They're taking pictures of these guys! The women in front of us! They take a picture of these guys, and they're looking at each other gesturing! These are 50 year old women! They're acting like children! Pathetic! You see what I'm saying? They are lusting after these men with the tats on!

Now, those guys are good looking guys or big guys; they are definitely alpha males. They're going to be hard to fight with; they're not easy to fight with. They're tough men. But you can see the women! They're conservative women; they're supposed to be conservative women! They're

there with their husbands. I saw the woman with her husband; this lady was with her husband. And she was snapping pictures of this man, and the husband is just laughing about it, and then she's sharing the pictures showing the pictures to the other girls! Oh! My God! Freaking crazy!

I said this is the problem with **Christianity here in America! You lost your morals!** If the men are snapping pictures of bikini girls on the beach, every woman will have problems with that, but if the women are snapping pictures of tattooed guys with the muscle shirts on, showing their muscles, well that's cute and that's okay.

No! The Bible calls that covetousness! It says, "*Do not covet your neighbor's wife!*" and that means of course husband or spouse. So, in the west you can see the Christian culture. These women are all Christians; they're all professing Christians. They're all saved by the blood of Jesus, but they are committing sin just like that, openly in the air in front of your face. And the husband's laughing about it because the husband's probably used to that as an excuse to watch porno, and says, "Hey! You know you can do that so I can watch porno." Do you see what I'm saying? This is the culture of licentiousness. They're supposed to be conservative Christians but they're allowing that in; they are not safeguarding.

The understanding of the fact that we are liars, that we are thieves, that we are adulterers at heart, that we are murderers at heart, etc, that is not a permission to sin! That's recognition, and that's why **God gives the Law as a mirror for us** to see that, so none can boast and think that they're perfect because of their works etc. We all have to come humble before the throne, and bow the knee. God and the Law make us do that; He makes us look at the law in the mirror. We look at it, and say, "Oh, crap! I'm not as clean as I thought; not as good as I thought! I'm kind of ugly, unshaven," whatever the case may be.

It doesn't matter how perfect the persons think they are; it doesn't matter how many times they read the Bible. It doesn't matter how many times they profess this or that. See, God is not impressed by that! Amen! Amen! **God is sickened by that**, if we are outwardly posing, but have no heart for God! God hates that!

And that's the **Pharisaic culture** that has developed. You can see that with the Han mother; you can see that with the Family Fraud et cetera. You see that with the Catholic Church - all these churches that have fallen. You can see it! It's an outward expression of religiosity and purity, and meanwhile they're ripping kids in the background with the pedophile hierarchy. Are you with me, folks? The priests are not just battling porn; they are raping children! So this is the degradation of the Word of Christ, and the body of Christ!

Now, the reason why God gives us that law, that mirror, is to **look at ourselves**, "Wow! I thought I was a good person, I'm not! In God's eyes, I thought I was a good person. I was

comparing myself to another person. I was comparing myself to the worst people, like I'm better than Hitler. I'm better than Stalin. I'm better than the mass murderer. I'm better than that person over there." You see what I'm saying? You see how that happens? We compare ourselves to the worst of humanity and make ourselves feel better.

But that's not what God is saying. **God is saying**, "The **Law here is given, so you compare yourself to Me!**" Now when we compare ourselves to God, we burn up. We burn up in the falsity; we are totally exposed. In God's perfection and His holiness, we are completely exposed. Are you with me, folks? And that brings us to what? That brings us to a **critical element of following Christ**, which is **humility before God**. "Thy will be done, not my will! Thy Will be done, Thy Kingdom come!" Amen! So, that's critical to understand because Christianity has the power, has the power of making us relate with God in a way that is true to the nature of the Architect or the Creator and the created.

It's not like Islam that has an understanding of a Creator and created, but that through your works you can be saved, and if you've done enough good things for Allah, then on the Day of Judgment He may or may not allow you passage into heaven. So you live in constant anxiety.

But for those who are with Christ, we have the recognition of the Creator versus the created; we have the recognition that we have to **become aware of our sin**, and that **we need a Savior**. We can't do it alone. We're **not** going to become perfect **by our works**; we're not going to be able to make it to heaven by our works. We're not going to be able to stand before God sinless, spotless, with our own works. **We need His love**, we need **His relationship**, we need **His cleansing**; we need **His healing**, we need **His touch**; we need **His presence!** Amen! That's what brings us to God!

The Queen made a beautiful thing. She's teaching people. She has a little cup. Do you have a little cup? Do you have empty cups here? What you do is she put the cup like that face down, and it's pointing out, and she said, "That's you," and you have all the sins, all the selfishness- whatever the case may be- whatever we are dealing with inside. We have it right there. Now when God sees you, He clearly sees all that crap. Are you with me, folks? He clearly sees all that junk on top of the cup okay, but then Christ comes along- Christ comes along- and he has a cup and that cup goes over your cup. You see what I am saying?

And now when God sees you- it's not like you're tricking God- but **when God sees you, He sees Christ**. He sees **His son's victory and that you've united with His son, and that you've given yourself to His son**. Even though we're not perfect, we've given ourselves over to The Only Begotten Son, True Father and Jesus, and by doing so, God sees them through us, even though we're not perfect! Amen! (*Amen!*) You see that power there?

So in that, we then can divide the gap; we can now come back in that relationship with God, and we can relate with that tremendous power that God gives us through the spirit of God, and through the direction and the Will that He pours through us to fulfill His Kingdom. So there's great power in that relationship! That's the relationship that gives power!

Yesterday President Trump, you can see in the beginning, he was exhausted. He looked so exhausted; after one month of all this craziness and all the lawsuits- they're trying to steal it right in front of his face- he looked totally spiritually dead and exhausted! He didn't mention God one time in that whole thing at the beginning. He looked weak, very weak; just exhausted! Just a man that has been beaten down, and is being threatened and blackmailed and they're trying to kill him and assassinate him.

You know what all those assassins want! They're salivating at the lips; they want him dead as a doornail, folks! This is not a game! Fighting those top-level international Marxist criminals is not a game! They will kill you! So he's not playing around. But you could see he was weak, he was weak; he was so weak! His spirit was so low! He was just trying to present evidence, but we heard all the evidence because we were watching the hearings, and we were watching Newsmax. We've been watching this, so he didn't have to tell us again, because there might be a situation where the whole country may have to go into 1776, and **a second revolution may have to happen**, especially if they steal America now!

Now more news has been coming up with Lin Wood tweeting last night. While we were there in Georgia at the rally, Lin Wood tweeted that China on October 8<sup>th</sup> bought Dominion Voting Systems! So now we got the Chi-coms, the Chinese communist invasion! He said, "If that's true, more info will come out. But he said that on **October 8<sup>th</sup> the Chinese communist party bought Dominion Voting Systems!** That's Lin Wood! He's one of the main Trump lawyers, or the associates of Trump, who are also filing suits with Sydney Powell, etc...

Can you imagine that, folks? Wow! You're talking about American votes being sent overseas to Germany, Spain, different servers across the world, plus it's not only owned by Maduro's allies but by the Chinese government party! Can you believe that? And they are in the United States with the phony polls, with the voting boxes, with the people that are paid to count them by Zuckerberg, who also through Facebook, made the Chinese communist surveillance system, the dang Chinese government system with their facial recognition, all that stuff that they do in China to track and trace you, like a slave and hurt animal!

Zuckerberg is the one who helped build that for China and then he's the one who paid 400 million dollars into every leftist area, to pay for the voting building. In some of them he actually paid for the building, the voting equipment, the voting boxes, and paid the salaries of the counters! Oh, my gosh! You can't make this up, folks!

And then on top of that, now new information may be coming out that Chi-coms bought the Dominion October 8<sup>th</sup>. Can you believe that? It's unbelievable! You're talking about communist Chinese invasion! Wow!

And meanwhile 90 % of the **population is sleeping** and thinking that everything is okay, and that Trump can just run at 20 24! **We won't have anything in 2024 if you let the commies get in.** You understand? That's what happened in Venezuela and the people just had to lie down and take it. Within sixteen years -four election cycles- Venezuela was one of the poorest countries in South America. It was one of the richest before, and in sixteen years it became one of the poorest! You understand? That's only four cycles!

You think if Trump doesn't get in this time, and they solid up that system again and the voter fraud system comes back, and all that kind stuff with Biden, you think Trump is going to get in? Four terms! No! Hell, no! And in four terms they can implode this country just like they did in Venezuela. Easily!

This is a time of tremendous crisis, folks, but it's amazing! God made the call and He said, "**Go down to Georgia!**" So, everybody came down to pray, everybody came down to stand with the President, everybody came down to fight for the country; everybody came down to pray for the world. We got **Koreans and Japanese** flying across the world coming here. They were impressed that we came for Pennsylvania. We said, "We got people from Korea and Japan praying here for this country." [Applause] They said, "What?" You understand? Because they know it's going to impact the whole world.

And you have these international leaders, these international Marxists, these crazy Satanists, that are trying to take over the whole world, trying to implement this ridiculous, unbelievable, socialist communism through the corona virus hysteria and the lockdown lie.

Did you see the new clip of the **California woman who was a restaurant owner and they shut her whole restaurant down.** And on her portico, the next building over- it's open air near the beach or whatever- and the next building over is a **Hollywood stars' restaurant**, they're **expanding** because they're connected. But the little old lady -probably in her late 40s and 50s- she's crying because her business is deemed "non-essential- and can't open. Meanwhile the Hollywood stars' business right next door can expand! Are you kidding me, folks? But his is what you get! She's crying about it, but unfortunately she probably voted democrat.

That's the problem! You're trying to help people from destroying themselves, "No, no, no! Don't jump down from three floors! You're going to break your knees; you're going to break your ankles; you may break your neck!" They say, "No! No! **I believe I can fly!** I believe I can fly! I sing that song from R. Kelly. I believe I can fly! I read the Harry Potter books; I even got the

collector's edition #1! I know I can fly if I believe; I make my own reality! I've read the book *The Secret*. I'm going to just attract flying power; my consciousness makes all of reality!" This is like *vijñāna*, consciousness- only sect of Buddhism. This is just delusional!

It's like, "Hey! Don't jump down from the 3<sup>rd</sup> floor; you're going to break your leg and ankle!" "No, No, No! I have the collector's edition signed copy of Harry Potter # 1! I can fly! *Zim, Zim, Zabolooh wim, wim, wim* or whatever! And the fool jumps down, breaks his legs, breaks his neck and is now a vegetable in a wheelchair! And now they're saying, " Maybe I shouldn't have jumped from there; maybe the collector's edition of Harry Potter didn't have the power!" And you're sitting there saying, "I told you, idiot! And it's not that it was that hard because it's just common sense. Don't jump from there!"

But it's like watching that with the brainwashed leftists. These people grow up in the Government schools; they're brainwashed," You must vote democrat! Democrats are the ones with the heart. They just want to eradicate poverty; they want equality," all the good -sounding stuff. And then, all of a sudden now you're in some sort of socialist twilight zone, where the Hollywood stars can expand their restaurant. They're talking about, "Oh! They don't have indoor dining." But they have outdoor dining -which is indoors now. It's totally enclosed. They've got windows now; they've got air condition and heating in the outdoor/indoor. I mean it is insanely delusional!

Now the lady is crying, but hello! We've been warning about this for decades, "Don't support these people! They will lie to you; they will take you over. It is a system, it is an ideology; it is political Satanism. It will bring the culture of hell to you!" But it doesn't impact them until it hits their doorstep, doesn't it? Now, you want to cry about it! Oh! Okay, but now you're disarmed, now you're totally demoralized, now you're dispirited; now you're castrated. Now all the alpha males have left; now you're gone! Are you with me, folks? It's a problem! Wow!

So, it was amazing, but you could see **President Trump** in the beginning, he was just like trying to present to everyone; trying to make the case. Who's he trying to convince? The media? They're never going to listen; they're not going to listen.

This may be an existential crisis where he may have to go **from** being a politician- which really he is not, but he was a **businessman/ politician** etc **to becoming a general!** You understand? He has to make that transition. I'm sure it's probably not in his character and he's never been in that kind of environment,

But as the night went on and as people were praying for him and he could start feeling their cry and he could start feeling things like getting confidence, that it's coming back. But it has to come more! It has to come more! Why? Because America might be coming into a tremendous crisis, either way!

We were one of the first to talk about the **contingent election**. You remember this? A little less than a week after the elections- maybe five days after! Nobody was talking about contingent election. Now contingent election looks like it is the way that it's going to probably happen.

But even though it happens...

Let's say **good- case scenario: Trump** gets back in. Well, we have the looting, rioting, pillaging, plundering that's going to start happening, with the left through the funding of Soros, et cetera, and of course he has to go after them. He has to imprison Soros, and all these international criminals. He's got to get them, ban them or imprison them, immediately, arrest them; smash them hard.

But of course **bad- case scenario**: they steal the election. **Biden** gets in. They announce a limited martial law to get rid of the Trump supporters and of course to get rid of Trump himself, to arrest him, because he committed, in their eyes, crimes against humanity for pulling us out of the Paris Accords and bringing back American sovereignty - all that kind of stuff. He committed crimes against humanity. He didn't go along with the international destruction of America, so that the Chinese communist proxy army of these Marxists could thrive and succeed.

Even in that case scenario, that's of course a bad case-scenario, that's a 1776 -type scenario there too, and if the **patriots don't rise up and fight that**, boy! If they don't fight, it's done! We're going to be Venezuelans in four cycles.

It's really going to test the patriots, whether patriots have the cojones or not. We may have guns but the question is: **do patriots have cojones?** Are they all just talking about, "don't tread on me" and "come and take it"? Has that just become a slogan or are you really going to risk your life? Are you going to risk getting shot in the face to fight that fight? That's a totally different level of masculinity. Are you with me, folks?

90 % of "conservatives" are pathetically weak, as we see! Weak! So weak! Look at how **Christianity** has become totally **emasculated, castrated**, in the west; completely castrated! Every pastor on this continent should be a **Black Robe Regiment pastor**. We need to make a Black Robe Regiment patch, right here (on the Rod of Iron Kingdom Riders jacket) Hallelujah! [Applause] Misha is a great artist; you're going to talk to Misha and Mira. We need to make a Black Robe Regiment patch, but you got to earn that to get that. The point is: our Rod of Iron Riders' black robes are becoming like a symbol!

Even **CNN**! Do you know how sneaky those people are? They are sneaky like serpents. They were sitting there on the road. Everybody was walking; they were sitting on the side, near the **Epoch Times** people, so we thought they were Epoch Times. We thought they were Epoch Times because the lady was handing out Epoch Times right next to them. Then there's a guy

with a mic, and there are two cameras." Oh! Epoch Times, you guys are great!" And then there's a car that's doing a u-turn there so we got stopped right in front of them. So, "Epoch Times, we love you; we got your paper, yeah yea!"

And then the guy comes, "Oh! Can I interview you? Can we interview you?" "Oh yes, that's fine, Epoch Times, you guys interviewed us before!" "No! No! We're CNN!" They didn't have the little CNN box (*around the mic*) that they're supposed to display; they didn't have it on their cameras, that they were CNN! They were incognito stealth mode, trying to film the wannabees Trump supporters- the dangerous beasts that we must destroy and contain and control and surveil and destroy from within. Have you seen that? This is unbelievable! Anyways, I'm going to repost it.

But the **European Union is being sued** by the medical advisory committee to the European Union for **the Bill Gates' vaccine** that they're trying to push on European Union. They're being sued by their own medical advisor committee, folks, led by one of the most prominent doctors in Europe! Wolfgang Wodrag. They're being sued! The lawsuit was filed four days ago, folks! How come the mainstream media is not covering that? Because they say this is absolutely dangerous! They're using the corona virus to pass through every single safety law that we passed internationally and nationally. There's no testing on this.

The scientists came out; they said there are different substances that are in there which they are already concerned about- one of which is **mRNA** which will go right into your genetic information, your identity, your genetic code, and start messing those around. The lawsuit says - and they cite the studies to the actual medical journals- that it will affect women's placenta in your womb, which then will not let the zigot form and will then kill the baby. So then it's linked to **infertility**.

So, that's what these doctors are saying, "We're worried that this vaccine actually has this chemical in there that is linked to infertility, and it could hurt all these women potentially. We don't have any test trials. The normal standard international or national testing methods have not been followed."

And they have the **DNA of jellyfish** in there that is **bioluminescent**, which means that through certain lighting they can see the chemical in your body; they can trace this chemical move through your body. So it may be a system of treatment, but anyways it has no benefit for your body health. Why are you putting bioluminescence- the DNA that jellyfish use to emit light at nighttime- into the human body? It's not naturally formed in the human body; it's not necessary. But of course the doctors were putting attention to that too, "Why are you putting this in here? Why is it sitting here?"

Just like the vaccinations many years ago that killed thousands, especially in third- world countries where they tested these things on people, like in Tanzania, or also in Kenya where the drugs that the Bill and Melinda Gates' Foundations were making had massive links to infertility of sub-Saharan black women.

Of course Fake News Media is not going to cover that stuff!

They're putting foreign dangerous chemicals that will influence your own DNA. In the **CIG Constitution**, folks you heard, that **if you become a GMO (Genetically Modified Organism), you don't have human rights anymore**, because you have now destroyed your genetic identity which God has given you, and you've now become a GMO, which means the CIG Constitution then **does not protect you**. That's how dangerous it is! God gave us a special genetic DNA as the apex of creation. Human beings, we are not something like a herd or a pig or a cow that you can be playing around with and messing with the genetic code. It is given to us by our Creator. Are you with me, folks?

Who is crazy enough to let these people come in with no testing? They have been caught multiple times, and multiple countries have banned them. They are banned in India - lawsuit by the nation of India against Bill Gates. Tanzania, different countries around the world have banned them. And then we are going to let them come in with no testing, no safety protection being taken, COVID as a cover, and let them put foreign chemicals in your body! By the way, you don't even know which ones are in there that may influence and impact your DNA identity!

Imagine the **impacts on the next generations** that you will have, especially for children; young people who have children. Messing about their DNA like that, you don't think there are going to be unintended consequences? Talk about the level of mutations, the level of retardation that may happen in the next generation of children! That's if they're able to pass the infertility and actually have a baby! Are you with me, folks?

It's like in the 1960s with two vaccines. One of them *thalidomide* would produce flipper hands in the children. And the people who took that, their children had massive deformities that they otherwise would not have had if they had just stuck with God's DNA, and God's plan.

These are the very same people that said we had the safest and most secure election in the nation's history with 80 million people voting for Joe Biden, the undead zombie, who breaks this foot, and then he has a cast on the other foot the next day. Have you seen this? He's got a cast on both feet; it changes from day to day. He can't remember which foot he thought he broke! Have you seen this? This is crazy! One day he has it on the left; another picture comes out, he has it on the right! Which one is it, dang on it? Which one did you break then? Are you with me, folks? These people are crazy! They're crazy!

And they think the public is so dumb. That's why they hate the internet, that's why they hate cell phones; that's why they hate the information people choose freely. That's why they're so incredibly fanatical about the facts - checks and the false information claims that they put on, paid by the known leftist George Soros Marxist-funded organization. They're known to be agents of propaganda, covering up for the massive destruction of human life in China under the CCP, talking about the organ harvesting of millions of Christians and Falun Gong Buddhists.

**Let's give it up for the Falun Gong Buddhists** out there fighting hard! My God! (*Applause*) Wow! Wow! They're not here and we're not Falun Gong Buddhists, but God bless them! God bless them! They are fighting hard! You know, if you meet any other Asian groups at Trump rallies, they're probably Falun Gong Buddhists, passing Epoch Times newspapers. It's either the Moonies or the Falun Gong people; one of them! We're walking the line, and you know the zigzaggy line that we passed through?

So, we had the **interview with CNN!** Oh! I didn't tell you about that! We had an interview with CNN, and posted it up. They were talking and Kook J-Hyung was talking, and they wanted to interview us and they hid the fact that they were CNN; we thought they were Epoch Times! So then we told CNN, they had the big mic right there," Are you CNN? Oh! CNN sucks!" We told them, right to their face! We got it on video and will put it up, "CNN sucks! Shame on you people! You people are disgusting!" And all cameramen went, "Oh, my gosh!" The beta male reporter said, "That's what people say!"

"Well, they are saying it because it's true! You're covering up for the pedophiles: you're covering up the 1.8 billion dollars you got from China, et cetera. You're covering up the suitcases, and the boxes that are coming out from under the black tables and the video surveillance camera footage that we have, and at the same time you censured the spike of tens of thousands of votes for Biden. You're covering all that! You're covering all that up! You're covering up all the Project Veritas stuff, with undercover footage, actual article of you people getting caught selling baby parts in the Project Veritas video!" You remember that I showed it to you last year? "You're covering all that up!"

They said, "Oh! These people are far rightwing with heavily edited videos!" Their videos are not edited; they're full videos! These people are crazy! But anybody with common sense can actually check for themselves; they can see this video is not edited. You can see the whole dang video; you can see the whole video! These people are complete criminals!

So, we are talking to CNN, then we go on the bus and we come back down, and then we go through the line and all that kind of stuff. Multiple interviews happened on the way, and then we're walking up on the zigzag line- remember that zigzag line before you cross the street? So we are on the zigzag line, and there's this young lady; she looks like a total leftist lunatic; she got blonde hair. She got a beanie on; it's like 80 degrees out and she got a beanie on! That's how

they do it in California, I guess! She got a belly T and a beanie! I don't know how that works; that's crazy! But anyways!

So, then we're walking up and then she looks at us, "Oh my gosh! Are you the Moonies?" I said, "Yeah! We're the Moonies!" "Oh my gosh! I saw you on Vice! **I saw you on Vice!** Oh my Gosh! You are the guy! You are the guy! You are the O.G. (that means "Old gangster") Can I interview you?" I said, "Yeah you can interview King Bullet head!" (I don't know if I said that. I'm joking!) I filmed it; I will put it out later. Actually she didn't turn out to be a leftist. She actually was more right- leaning, and she agreed that the Chinese communist party is terrible and evil -even though I think she had MSNBC right next to her, and she had CNN walking around that line too.

But see, people recognize us. They say, "Oh! You're the Moonies!" It's unbelievable! See, **Father's impact is gianormous!**

Then we get to Johan and all the folks that went early and saved those seats. God bless you all! Let's give them a big round of applause! All you patriots and warriors thank you so much for doing that! (*Applause*)

Johann is up there; he's playing and he's there just having a great time, taking pictures and selfies and things like that, and some lady comes up to him, and she's like, "Oh! Can I interview you?" He says, "Oh! You can interview my pastor." So he pulls me up. Amazing! Amazing! The lady turns out to be on the team of **David Harris Jr.** He's one of the most famous black Trump supporters in the country, and he is re-tweeted by the President all the time- all the time! David Harris Jr has 1.1 million followers on Instagram and of course shadow -banned on Instagram. You type in his name, he doesn't come up. You type in his name "David Harris Jr", he does not come up! It's freaking ridiculous!

So he's totally shadow-banned, which shows you these white supremacist liberals, that want to demean and degrade and de-platform black people; black people who have their own mind. But David has his team. And I told her, "You know, my father was freed from death camp in North Korea." She said, "Wow, wow, wow!" And I said, "Yeah you probably don't know Reverend Moon; he started the Washington Times." "Oh! I know him!" She knew Father; she was down in DC as a journalist for decades!

So you can see the **impact of Father fighting against political Satanism! All those people in DC know Father!** They know he was standing against the Satanists. He was also exposing for example even the **neo-cons** in the 1990s. **The Washington Times**, we were the only ones, we didn't only attack leftists, because the leftists obviously they're the commies, but the neo-cons too they're a serious problem- like Kemp in Georgia, and all that kind of stuff. The neo-cons are

a problem, and they were running pedophile rings in Washington, DC, with the Bushes. Who broke that story? That was us! We were the ones who broke that story on the neo-cons! You see that, folks? On the establishment neo-cons! Because either way they're creating a political Satanist system!

The neo-cons will do it through the military industrial complex, and the leftists will do it through the welfare industrial complex. But either way, they try to grow what? Larger, centralized archangelic 666 -Beast power and the more they do that, the more human liberty and freedom erodes and dies. Either way! Either way! That's why they almost look like tag team wrestlers, before they do their performance, "Okay! I'm going to do this move, and you jump and do this! Throw me and I go, "Whoa!" That's all planned! It's planned! It's choreographic fighting!

But **Trump** came in and he is a wrecking ball. He said, "I don't know how to play ballet. I know some boxing, okay. I know how to kick you in the nuts! I'm from New York, OK! It will be Big! Oh Lord! He didn't know any choreographic pro-wrestling fake martial arts! All he knew was a left and a right. All he knew was how to make a mess in the bowl, New York style and then eat the calzone after, [*Laughter*] take a slice of pizza after that. Kick it and eat that! That's all he knew! He didn't know how to play that choreographed stuff, so he was a wrecking ball.

And look at this! Look at the people! Have you ever been to **a political rally that's a religious event?** It's like people meeting the pope or something, or it's like Moonies meeting, with Rev. Sun Myung Moon, True Father. It's a love fest, "We love you! **We love you!**" I'm looking around, saying, "This is really a religio-political event!" And Trump shouldn't do it for political reasons. He has to understand that through this time **he cannot win this battle alone**. That's why he looks so down and dejected. He's trying to win this battle with his strength, and his legal team, etc. **It's only going to be won by the hand of God** [*Applause*] because God is the way, the truth and the life! He has to invoke the name of God!

You know what would be amazing? If Trump came out of that cave -we haven't seen him in a month by the way, remember? We haven't seen him in a month, right? It's almost a month that he did an actual rally. He's talking about the whole crazy crisis situation. Imagine if he came out there, and said, "You know folks, I got to be honest with you. I'm not going to give you a speech. **I'm going to give you a testimony.**"

And imagine he came out and he said, "**My family's** been hit very hard by this, and I can't look my grandkids in the face. What kind of country will I give them? But this has probably been the **darkest three weeks of my life**, where through the hard work and fortitude of the American people and the courage of the people and all these people praying for me, and the courage of the Lord that He's put in me. I may not be perfect but **God called me to do this. I can't do this**

**alone** and I can't do it on my own power, and I feel weak, and I feel defeated, and I can't go to sleep at night, and I can't look at my grandchildren to their face with their big blue eyes, and tell them, 'America is going to be here for you.' This has been the hardest three weeks of my life!"

Man, imagine if he came out sharing his heart! Imagine if he came out! Imagine if he came out sharing his heart, his testimony saying that, "No, I may be the president! I may look strong up here all the time, but I am just a weak sinful man, and **I can't do it with my own strength**. But you know what the Bible says? I don't know the Bible so well, but it says somewhere in there that, "*When you are weak, God makes you strong*" (Which is true; the Apostle Paul talked about it when he was in prison, right) "and I have that written up on the oval office where the cameras can't see it, and the Fake News can't see it. I have it in my desk. I have it on my cell phone. I have that Scripture that says, "*When you are weak, Christ will make you strong*" and I admit I made mistakes in my life and I married three times."

Imagine if he gave that testimony! The whole world would be weeping! Anybody on the right side would be weeping, weeping! And if he said, "Sometimes I get up and I say, '**Why am I doing this?** I'm risking all this. I'm getting threatened. I may get assassinated here; I may die. I mean I want to see my grandchildren grow up. I want to see them do pull-ups and do gymnastics and play soccer games. (Or whatever) I want to see that. What am I doing at seventy plus years old, doing this dangerous job? I am a billionaire. I've got golf courses. I don't need this! But something inside of me, something's stirred, and I know it's not me. I just think it's **God** trying to tell me that I got do something, otherwise we're going to lose everything. I may not be perfect but God has chosen me to do a job, and I will do it as hard as I can till I die, because Jesus has risen from the grave!" Imagine if he did that! (*Applause*)

Can you imagine if he did that? Can you imagine if he did that? Holy *shmita*! And he may, he may; he may. We got to pray for him so he does. We got to keep praying for him, so he does invoke God's will and His work in him. He's the leader! **The leader must show how God has worked in his life**. He must open and become vulnerable to that reality, and share his testimony!

Some people will say, "If you do that, you're going to become weak!" No! Because God's going to make you stronger! He's not going to appear weak. He's going to be able to touch people's hearts in a whole new dimension, that he is not able to touch just talking about, "I'm going to drain the swamp. I want to fight DC," blah, blah, blah!

That's politics! What about the heart? People are going to live and die for you and fight with you to save this country. You got to touch my heart! Amen! You can't just tell me you're going to go to DC and fight the swamp. Sure that's a good thing but **we got to know that you are fighting for God**, not you!

So President Trump he does have more appearances that are coming, but we have to pray for him. You know the whole night was, "Oh! This senator is good, and this senator does that. I've got my friend over there and he helped me." Nobody cares about those fools! They've been cheating the people constantly! They're part of the apparatus. You're not going to impress anybody by talking about how good this or that person is.

Of course we have to go out vote for the republicans because the leftist commies are coming in, but we don't need to hear day and night about that. We want to know what you've been going through Big Pres., what you've been going through the last month. Tell us! These are your boys! **These are people willing to die for you!** Tell us what you've been going through the last one month! **Tell us of the hell you've been going through!** Tell us of **the threats on your family!** Tell us! You understand folks? We want to know. Can you imagine if he had come out and told that? Gulley! That would have been amazing!

And I believe in the Spirit. You see it's like the **microcosm leading the macrocosm**. We don't know how God will use the smallest vibration that we do. "One heart, one mind, one body, one ideology!" And look at that! It's amazing! We all were scheduled to come down like a week and a half ago. We said, "We're going to be down there with the President. He said he's going to be there; we're going to be there." Remember? Remember this?

Then the day that we get down here, we're praying; everybody's praying for the President. We had the J-team; all the way down here, they were doing rallies. Let's give it up for our J-team and the K- team! (*Applause*) I think the K- team was participating as well. They're crazy for God! Hallelujah! They may not be perfect but God loves them! Amen! Hallelujah!

So, they're out there doing their little rallies wherever they are, in Maryland, in the McDonald's, at Hardy's wherever they are, the Ace Hardware shop "Trump ..!" Wherever they are, they're doing a rally! Everywhere! I got to keep up, just watching where they're at on Ted O'Grady's Instagram, "Where are they today?" They're in Michelin, having tire change, doing a rally! [*Applause*]

They're doing the rallies every day, which is great, and look everybody's praying. Everybody's on the way down; everybody's supporting the President coming up, and the day we get down there, then you see the ship turning. That's when Governor Kent comes out and says, "Hey! We have to do signature validation." Remember this? This only happened when we came down here, folks, the microcosm; but we didn't know that was going to happen because a week before nothing of this was happening. He was still saying, "No, no, no, no, no!"

So we didn't plan for it, but the day we come down, bam, that starts turning! It's not like we're perfect. Again we're not perfect or anything, but **God uses the microcosm, the little actions** that

we do, even though we're not perfect, to make the macrocosm change. And you look at **providence** whether Moses, whether Joseph, whether Jesus, **always the microcosm leads the macro!** Always the world is changed by a few, not vice versa- at least towards goodness right.

Towards political Satanism, they can use the mob to change it to evil, like to communism! But towards goodness, it's always **the rebels**; it's always the few, the few, the handful of people that are **brave** enough to **stand up against tyranny**. Always! That's how the promise of God moves. So we didn't know; we're just coming down here trying to pray for the President.

You know these teams are doing rallies on the way down. They are in a different country, they don't know how to speak; they don't know how to ask, "Where's the restroom?" but they know how to say, "Four more years!" And they know how to say, "Trump won PA!" and "Trump won the USA!" (*Applause*) They can't order a combo sandwich, but they can say, "Four more years!" That's incredible! That's amazing!

Can you imagine going to another country where you can't even vote, and be shouting that stuff? You know, you look like a lunatic! But because the folks are doing that, look what's happening? They were impressed that our group came down from PA. When we talked to that lady from David Harris Jr, they were, "Wow! You guys came all the way from PA!" No, no! We came from Korea and Japan too!" Holy *shmita!*

Our Japanese K- team and J -teams, they have been on every major real News Network almost, from AON, to I believe Newsmax. The Washington Times actually put them up I think one time and what else? Breitbart, NTD, Epoch Times! These crazy Moonies, when everybody else has given up, when everybody else has given up and just is conceding -even though legally it's not even a concession- in the midst of that just bowing to the establishment media, bowing to the propaganda, being bullied, and being pigeoned hell! It's unbelievable!

How you do explain that? It's amazing how God used that! We didn't know. Everybody just came on faith. Everybody came from Japan and Korea; they came on faith. We didn't know; we didn't know how God was going to use that. Boom! He's using that now all throughout the alternative media, all throughout the conservative movement, especially the ones that are more awake than the neo-con type of conservatives.

"Oh! You folks with the Japanese eyes, I saw you guys on Breitbart!" They will say that, "Yeah! I saw you guys on the Epoch Times! I heard that you had a big rally in Tokyo with a thousand people coming out to support Trump. I bet that was you, the organizers." We're like, "Yep! It was; that was us!" We are the only ones that are doing it!

Why do they have that kind of fervency for the world? Why do we have the kind of **fervency for saving America? Why?** Because we've been trained; we've been **trained by the Lord** and we have **love in our heart for the gifts of God of liberty and freedom!** (*Applause*)

We were **trained well by True Father**. He trained us **to be strong**, trained us **to stand against evil**, trained us **to understand and identify political Satanism, and to fight it!**

That's why if you didn't get that training from True Father, you may not understand why he was so militant. It's like a military culture **around him**, you know even though he dressed like normal people but it's like **a military-style culture because he's fighting the armies of Satan**. "It is a battle," the Bible says!

## **Ephesians 6:12**

*12 For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places.*

This battle is *not against flesh and blood but against principalities and power*. Actually "principalities and powers" are also translated as 'governments' in some new translations of the New Testament. You're talking about "*principalities and powers, rulers of the darkness of this world, spiritual wickedness in high places!*" You are talking about some evil culture they're trying to bring in!

The killing of the unborn at a massive genocidal extinction level, especially targeting blacks and minorities; 54 % genociding black babies! Can you imagine -we are Koreans- if 54 % of our Korean children were being murdered? Koreans would be calling that genocide!

We are in the culture of killing the babies! We are in the culture of licentiousness! We are in the culture of sexual fornication. We are in the culture of free sex culture! All the things that break down our morality, all the things that break down the family, all the things that weaken the bond between husband and wife; all the things that break down and destroy the leadership of the father in the family as the king and priest!

That's why in the Kingdom of God even the **Peace Police Peace Militia training**, it's not only physical hard training, learning to combat and the difficult defensive art system; it's **also** learning how **to defend the nation against political Satanism**.

That's what **VOC** -Victory Over Communism- was all about, because God intends to build His Kingdom "*on earth as it is in heaven,*" not in some celestial fairy land that we're supposed to just look forward eternally and internally towards.

No! He said," Pray every day! Pray every day:

*"Our Father which art in heaven, Hallowed be thy name. Thy **kingdom come**, Thy **will be done on earth**, as it is in heaven. Give us this day our daily bread. And forgive us our trespasses (sins), as we forgive those who have trespassed against us. And lead us not into temptation, but deliver us from the evil one (from the devil): For thine is the kingdom, and the power, and the glory, for ever and ever. Amen!"*

See there's power there! No power in me, no power in our own works, no power even in the **President of the United States'** seat. He can't fight this battle alone! But imagine he comes out and he says," **I don't know why God chose me** for this place. I am probably the last person God should choose. I'm just a New York billionaire that likes to golf with my duck mouth -he calls that a duck mouth. I don't know why God called me!"

All he has to say, "I don't know why God called me for this task. I'm not the right person that God chose and sometimes I feel like why, why, why, am I up here? Why am I am taking all this junk for my family. I don't need any of this. I want to be in sunny Florida watching my grandkids grow up and playing golf on Mar-a-Largo, sharing -whatever- some drink with Melania."

I mean he doesn't need to do this! He doesn't have to go through this torture, daily attacks, daily investigations, daily "Russia, Russia, Russia!

President Trump used pepper instead of salt today! The Russians!

He used sweet and low versus sugar! The Russians!" These people are crazy; they are crazy they're *plum loco* crazy!

He chose to go urinate before he defecates this morning! The Russians!

It was a golden shower; no, no, it was a brown shower today!"

Oh, Lord! Give me a break! These people are crazy! They're nuts; they're totally insane, folks! Do you understand? Oh Lord!

But imagine, he'd come **down on his knees** and say, "**Lord, I don't know!**" In the middle of a MAGA rally in his suit with the red tie, "Lord! I don't know!" Can you imagine that? Oh my gosh! You would have the **body of Christ** coming out of their stupor and **realizing this man is animated by the Holy Spirit and is fighting** for the life of this country and the world and to stop the evil Chinese communist party and his allies and Big Tech censoring conservatives and Christians. Because the persecution is real and they want to come after Christians. Why? Because Christianity will stand up against them!

See, Christianity, the doctrine of Christianity, especially Jeremiah, talks about the fact that God knows you before you're in the womb; that He had a plan. So in all of Christian history never

has abortion being supported by the church, never by the Early Fathers from Origin on and on. Never! It's never been supported! You see?

Can you imagine if he came up, and then **he would just give his testimony**? Wow! He could be quiet! He could be quiet! He wouldn't have to yell. He wouldn't have to shout. He wouldn't need to be a southern Baptist preacher. He could just do in his monotone voice. "I don't know why God chose me! But He is doing something amazing. I'm not perfect, but God is doing something."

Can you imagine if he did that? Boy that would be powerful! Boy! Just **stop trying to do everything by yourself! You can't do it alone!** He's got to show that. Why? Because he's the President, and even though he is not a politician, he's a leader, and the nation is coming around him and they're shouting, "**We love you!**" That means it's more than politics, isn't it? That means, "**We want you to lead us to a place that God has ordained.** Even though you're not perfect we understand. Moses wasn't perfect. Joshua and Caleb were not perfect, but God used them to enter the land of milk and honey, to defeat the kings of Canaan!"

Can you imagine if he came out in that manner? The body of Christ would be praising God at that meeting, and you would see the nature of the Trump rallies change. You see the MAGA rallies become "**Make God Great Again**" rallies. It would become **MAGA to MGGA**. Instead of having the song, "YMCA," you would sing praise songs up and down. You would have, "Amazing Grace," being sung. You'd have, "God is great," being sung. You'd sing, "I worship You!" That's the songs that you would start hearing!

The nature of the gatherings would change. You would have **Kanye West** doing songs up there. He is friend with Kanye West; he is a Kanye West supporter. He could have him come do gospel performances.

**"Let's stop the steal, Kanye!** Let's do some MGGA rallies! Come on Kanye! Bring your crew!" He could come up, "Kanye is amazing! What they tried to do to him is horrible, horrible, horrible!" And he could just let him play, "Praise God". He could be utilizing the people that God already prepared in that realm. I mean Kanye was not perfect or anything, but he's given his life to the Lord, he's turned his life around. He's gone against the crazy leftist control freaks that said, "You can't support Trump! You are from Hollywood!"

Then he came out and made a Christian gospel album which was the number one on the billboard chart; every single song was on the top 100 billboard chart! Every song, every single song on that freaking album! Can you believe that? That's insane!

So God used that man for that hour and he is a friend with Trump. Trump could invite him to the MAGA rallies. He said, "I believe in MAGA. America can be great!" But it's not going to be great until we praise God as great! (*Applause*) **God is great!**

(Pastor Sean sings the song "God is great") "*God is so good, God is so good; God is so good! He is so good to me! He's done great things, He's done great things; He's done great things! He is so good to me!*" *Hallelujah!*

Now I'm not saying he's got to sing at the dang rally, but he can bring the singers in, okay. He doesn't have to do everything! Are you with me, folks? Oh my goodness! Bringing Kanye? Wouldn't that be powerful? Oh my goodness! And that huge choir that he brings in is like a hundred people! His choir is like a hundred people, and they come out in sweatpants and hoodies- plain hoodies and sweatpants! Did you see that? And they do this powerful performance!

Man, he could do that, **harnessing the power of Almighty God, praising God, high power testimony, prayer, prayer, sharing his hardships as the leader of the free world!**

And people would support him and be willing to die to protect him, right? "You got to share that, to share those difficult tribulations because that's how we get to know you, what you are struggling through, that you are not some kind of iron man that overcomes everything, but you are dealing with insurmountable unbelievable enemies that are trying to destroy you! And **how do you pray? How do you deal with that?**"

You see, people want to know; because **he's not only the political leader, he's in the King and Priest role.** Can you believe that, folks? Amazing!

But you can see; you can see when we came down here as the microcosm, thing started shifting, changing. There's an impact. All the time our folks are going out there J- team, K-team going out there protests -praying on the streets, and no recognition, in the cold. People now see them, they're honking; they say, "Thank you." But I'm sure many days they go out and they feel like they're not doing anything; it's not having any power, no impact. But those are feelings, folks; those are feelings. Those feelings may change from day to day.

You see, God can see the whole chessboard. See, we can't! **God can see the whole game,** He can see the whole chessboard; He can see the whole playing field. We may not! We may be embroiled in it, so all we can see is right there, but God can see the whole thing. And **God is using those small things,** those small things, small things **that we do with the right heart,** not for our glory, not so that you get re-posted on the King's channel, or whatever the case may be. No, no, no! For the purpose of fighting for humanity and trying to fight for God's Kingdom! That's

in the Scripture: **faith that's as small as a mustard seed** can be used, and **God can move mountains**.

Did we go to our Scripture this morning? Let's go to our Scripture! We're in Luke 20.

A nice gentleman was passing out cookies at the gas station. He said, "You guys want cookies? He threw a cookie bag at us, and it was a church, and they had these **mini Bibles** in there, and I said, "Oh, my gosh! Perfect! This will ride with the Black Robe Priesthood, the Black Robe Regiment, in the pocket where it says, "100% for Jesus!" (*Showing the inside pocket*) (*Applause*) You know some outlaw motorcycle clubs are called the 1 %-ers (*one percenters*). We're the 100 %-ers! Some of the clubs are the "1% diamond"; we're the 100 %!

Okay! So let's go to Luke 20 today! Check this out! Amazing; incredible what God has given us as His Word at this hour!

### **Luke 20: 1- 14 The Parable of the Vineyard**

*1 And it came to pass, that on one of those days, as he taught the people in the temple, and preached the gospel, the chief priests and the scribes came upon him with the elders, <sup>2</sup> And spake unto him, saying, Tell us, by what authority doest thou these things? or who is he that gave thee this authority? <sup>3</sup> And he answered and said unto them, I will also ask you one thing; and answer me: <sup>4</sup> The baptism of John, was it from heaven, or of men?*

*<sup>5</sup> And they reasoned with themselves, saying, If we shall say, From heaven; he will say, Why then believed ye him not? <sup>6</sup> But and if we say, Of men; all the people will stone us: for they be persuaded that John was a prophet. <sup>7</sup> And they answered, that they could not tell whence it was. <sup>8</sup> And Jesus said unto them, Neither tell I you by what authority I do these things.*

*<sup>9</sup> Then began he to speak to the people this parable; A certain man planted a vineyard, and let it forth to husbandmen, and went into a far country for a long time. <sup>10</sup> And at the season he sent a servant to the husbandmen, that they should give him of the fruit of the vineyard: but the husbandmen beat him, and sent him away empty. <sup>11</sup> And again he sent another servant: and they beat him also, and entreated him shamefully, and sent him away empty. <sup>12</sup> And again he sent a third: and they wounded him also, and cast him out. <sup>13</sup> Then said the lord of the vineyard, What shall I do? I will send **my beloved son**: it may be they will reverence him when they see him.*

*<sup>14</sup> But when the tenants saw him, they reasoned among themselves, saying, This is the heir: come, let us kill him, that the inheritance may be ours.*

Whoo! **That happened on the micro**, didn't it? And the macro, it's now happening on the macro, but that happened on the micro didn't it? Huh,huh! *"The tenants said, 'This is the heir: come, let's kill him!'"*

That happened on micro! We all went through that! Remember when we were going through that? Remember that time? I can't remember what it was, but I had to go through this huge fight, bitter battle and all of you there, especially the Newfoundland Community. Remember it was when I had to start declaring, **"I am the Second King! Father has anointed me! I am the heir!"** Remember this?

Because I was just kind of, " I don't know. I'm the youngest, and I never asked for it." You know what I mean? So once I received it, I didn't want to run around with it, because I had been told all my life about the story of Joseph; he was given the purple robe and he was running around with it, and his brothers sold him to slavery. I said, "Maybe that's something I'd better not do!"

But there's a time, if your father does that that you have to do it. See that was when Joseph was young that he received the purple robe, so- to- speak the kingly robe, but he was young and stupid and he did it when it was not the time, right? But when the **King of Kings anoints you and crowns you in front of the whole world and the whole movement**, now you can't be ashamed of it!

Now you can't try to hide it, because if you don't sit in the throne, those crazies will try to get in. They will want to sit in the throne as they tried to do with their little Supreme Council, their little commie council. But you remember that? I had to physically go through that too! **I had to get over my own perceived self-identity** of me being just nice, "I don't want to trample on people's feathers. I don't want my brothers and sisters against me!" -blah, blah, blah! Right? Remember this? I had to go through that too. I'm **the youngest**. I try to make peace. I just try to get along with everybody." You know what I mean? That's how the youngest are usually, because if you don't, you get beat up.

It's a little selfish I guess; it's for survival. I don't know if survival is selfish, but the point is: I didn't like it; I didn't like doing that. "Okay, they're trying to steal this. Okay, well I'll just live quietly as a monk and I'll just pray. I'll just be quiet. It's okay; I can just camp in Kook J-Hyung's backyard or something. I'm going to do my meditation every morning, and be quiet about it."

But I couldn't, because if it did that, that would **destroy Father's heirship**. So I had to **go against** it and then I had to get **cursed** and **hated** and **reviled** by all the people who said they loved me, and been thrown out. And my own mom sent forty security guards to send me out, because I would not follow the heresy. Remember that? I mean not doing that is one thing, but then I had

to get out in front of everybody in the world almost as **a spiritual condition of declaration before Satan**, and I had to start declaring, **"I am the Second King! True Father's Three Kingship** is here; it's alive! **We will never betray! We will never surrender to Satan!** We will be **loyal** and **preserve True Father's lineage and tradition!"** (*Applause*)

We had to do it! I couldn't just sit and meditate in a corner in a tent somewhere, even though that may have been emotionally more peaceful. We **had to stand up and fight against evil and the treason**, because otherwise then it's turning a blind eye to justice and God has given you the responsibility to uphold justice and **uphold His will**, and by not standing up and fighting the predators and the bullies and those who try to stand against it and to go off and create heresy then what would have happened?

Then we would be **participating in the injustice against God to try to please man!** You understand? And then you would be exposed for who you are: **a servant of man, not of God.**

So we had to do it! "All right, we're going to eat it. Let's eat the smack burgers! Let's eat the hate burgers! Let's eat the reviling burgers! Let's eat them, eat them, and just keep plowing forward! Remember that happened on the micro? But I had to physically go through it. A lot of you, folks, saw I had to fight through that, and of course all of you were praying for me at the time etc.

But we made it through in the micro; we made it through that fight. And you could see, once **we made it through that fight**, then God started adding, **God started blessing**, God started creating a network. God started opening up the strength in that northeast area.

And then within seven years thousands are now being mobilized to come to Moonie events, **Moonie Rod of Iron Freedom Festival**, excited about it; top level Second Amendment and folks like that are coming to speak! Evangelical Christians standing with us!

Every time, they hear that we **honor True Father** in our tradition **as the Lord the Second Advent, the Returning Jesus**. And they're like, "Oh, okay! That's interesting!" We thought they'd be like, "Get out of there! I'm leaving right away!" They're just like, "Oh, okay, man! That's cool! Let's go shoot at the range! Let's go! Trump 2020!" They don't care. They see the civilization we stand for.

We were the ones living in fear and hysteria? Just like the **corona virus craziness!** You're going to Walmart now; you see 99% of people are abnormal. They're walking around with a mask. That's abnormal; you're supposed to be breathing air. (*Deep breathing*) Have you ever tried that one? Try that! (*Deep breathing*) That feels good; that's great! We don't do it because it feels good, but because it's healthy.

Oh my gosh! You go into Walmart; you go to a place like that! You go into a restaurant? These people are staring at you! You walk in without a mask, "Oh my God! You selfish immoral people not thinking of other people sitting in the restaurant!" But when you sit down, you know when you lower your head from here to here, now you can take your mask off. You know you go down about six inches, now you can take your mask off. Now we're completely safe.

This is lunacy! You would see that at a psychiatric ward! You walk in, "Hi Egridge, we're here to see you, honey!" Egridge, (*sitting and standing*) "No! Yes! Yes!" You see that in a psych ward! It's crazy! You know it's insane! A crazy cold that has a 99.8 % recovery rate; it has a higher recovery than the common cold.

And apparently this new vaccine has a potentially dangerous chemical in there; you should read the lawsuit by the way filed by the doctors. But I think in section six or something like that, the doctors are warning the EU that it may cause an autoimmune response, so this vaccine potentially may make people allergic to the common cold. So when you get the common cold you have what is called a cytokine storm response, and then your body freaks out and you die.

So they literally make you allergic to the freaking common cold. That's a great idea if you're a crazy lunatic that wants to kill people! That's a great idea! You know make people allergic to the common cold, give them some kind of chemicals that make them literally have a cytokine storm, and then your autoimmune defense system turns on like multiple times after you just got common cold, and it kills you.

Imagine the type of devastation that it can wreak! What about your immune system that God gave you? We all had the Chi-com virus? Some of us had it for a day; some of us had it for four days or something, but we all got over it. We had a little fever; we had little chills, we had a little muscle ache. After a couple of days it starts fading away. You have a little itchy cough for a couple more days that holds on for a week or two! We are not all flopping dead! We didn't lose 90% of our community! Right? It's ridiculous!

And through this they want to make sure everybody is living in hysteria mode! Don't you hate the feeling now? I hate the feeling of even going to a restaurant nowadays or in a gas station. You walk into a gas station; you don't know what kind of fool's in there, trying to say, "Put your mask on!" Judging you for being this immoral person for not playing along with the crazy play-acting that we're supposed to be doing! Cotton bandanas are supposed to be blocking a 0.01 micron virus? "Hello? Hello? You might have been breathing on me because that's not going to stop anything but saliva!" Okay! Come on! That's crazy! Crazy!

I know they told us to not be loud but that's okay! I can't help myself! The **Moonies** get loud when we get filled with the Holy Ghost! "Man! Those Moonies are crazy! They may believe in

this and that, but those Moonies are patriots! (*Applause*) You see those crazy Asians and those crazy white people that are married to those crazy Asians, on the street protesting at the Trump rallies, shouting in the speaker phones? I thought Asian people were quiet! What's wrong with those people? Why are those people on the speaker phones?"

You have the normal white conservative that's become so quiet, and they're looking at the crazy Asian Moonies that are so loud, like Matsuko-san, "4 more years!" Karate! She's doing her karate and work out in the morning! Oh my gosh! Now they're called "The Samurai J-Team"! I like that! I like that! I like that! That's **the Kingdom Samurai J-Team!** Let's give it up for our Kingdom Samurai J-Team!

--- Oh Lord!

You see Luke 20. We went through that on the micro. We went through the tenants trying to take over, trying to take over and kick the heir and the owners out. Remember this? Now, what's happening on the macro? Same thing! **On the macro it's happening in the same way!** You have **the tenants-** which is **the government and the bureaucrats-** trying to take over the owners. And the **heirs and the owners** are who? They're the **American people!** You see it's not the government. The American Founding Fathers didn't say, "Oh, my heir will be the government and the federal government" - which they didn't create and allow. No! They said, "Our heir is our posterity; that means our children and future American citizens."

But what are the tenants doing? They come and when they come to gather their fruit from the vine, what do they do? The tenants do what? They kill the heir! They kill and they want to kill the owners. The same thing also is happening on the macrocosm and we see it right before our eyes, folks. The same thing is happening!

So, the **owners of America**, the kings and priests of America, the American people **have to rise up and stop this!** They must be brave in the midst of tyranny and bullies and dangerous assassins. Because a normal man is worried about putting food on the table and getting to work on time, and things like that; they're not preparing for warfare. But these deathly organizations from across the world are preparing for warfare all the time; they're implementing destructions of nations and governments all the time. They're taking down nations constantly; the CIA has done that in many nations, right, and now it's being turned on the American people. These instruments and these assassins of war are now returned on the people.

So now you have to go from a group of farmers, basically a group of people who are not really made for war but they may be armed, and then those people have to at least get the warrior spirit. Worst case scenario, there's obviously a battle, like what happened in 1776, but best case

scenario is at least we need the **spirit of the warrior**, so that this can be overcome through the legal process, through the President, through keeping the senate etc.. Are you with me, folks?

You know, these people, our folks, in Japan and Korea, and of course us in the US, our lives are at risk, literally, right; they are at risk.

You see a **Biden presidency**, a leftist president trying to go in, "Dangerous militia cults all across America must be taken down; they're spreading radicalism!" Meanwhile they allow jihadi death camps to be operating in New York, illegally training Afghani soldiers to then fight our own troops! This is insanity! You can't make this up, folks, being funded by the second man of Turkey, Fethullah Gulen, who has protection in Pennsylvania. Can you make this up, folks? Billions of dollars pumped into these jihadi schools! You can't even make it up; it's so crazy!

But if you're a **Christian** and you believe **the Second Amendment** and you just have a **shooting group**, now you're **domestic terrorists**. You see what I'm saying? And you've seen the tyranny of the left: **they will come after every gun-owning Christian** that they can, because that's the only thing, the only thing, that stands in the way of total domination, total takeover total wicked hell on earth coming, where they thrive and feast as the predators and the hyenas, with impunity and with no recourse of action! Are you with me, folks?

So it's a crazy time! Crazy time! That's why all these crazy Moonies, we're down here praying for Georgia and praying with the President. Even though I would say it was probably one of the weakest MAGA rallies I have seen- weakest- and he's got to go transcend these MAGA rallies. These MAGA rallies will get old real quick, especially as he keeps fighting the deep swamp and people realize it's going to take much longer than a day. These Americans will grind down and lose power because they're not centered on God, even though he does know God wants him, but they're not completely centered on God.

That A has to become a G (**MGGA**) Hallelujah! **Make God great again and America becomes great again!** (*Applause*) We may have to do that: we need a t-shirt "Make God Great Again!" We got "Make Christianity Brave Again," but we got to have, "**Make God Great Again,**" or "Make Jesus Great Again!" Yeah! "**MJGA! Make Jesus Great Again!**" Yeah! With a nice Rod of Iron, a crown there! Oh Lord! That'd be hot like fire, with the Holy Ghost hot! Praise God! The Holy Ghost hot fire! Yes, yes, yes! The burning power of fire! Are you with me, folks?

We're going to make God great again, Jesus! And when we're talking about God, we're not talking about some kind of multicultural God where Allah is in there! No! We're talking about Jesus, Jesus, Jesus, Jesus! True Father and Jesus are one! Jesus, Jesus! **The Returning Jesus is the same Jesus!** He's just returned. We're not racist! He comes in a different fleshy body; so what? **It's the same God that lives within;** it's the same Jesus! We're not racist. Whether a Middle

Eastern Jew, or a North Korean, it does not matter. That's just a body. **MAKE JESUS GREAT AGAIN!** Bam! Power!

See, when the MAGA rallies start turning like that, then the Spirit of God will lift the **body of Christ** which has become so weak and so docile and so submissive and so violated and so penetrated and **so destroyed from within**. It's become completely inept to change and fight against satanic society and it **has nothing to stand against the evil**, the waves of communism! Nothing! Nothing!

On the way up here, I was watching on the "God Network," - they have it on the programs in some of the motels here- and then one the preacher's coming out saying, "Oh yeah! When I was young I read the **Scofield Commentary Bible.**" The Scofield Commentary Bible, pushed by the **Rockefeller** Foundation through the seminaries! One of the first commentary Bibles! You know what that pushed? That pushed the **pre-trib heresy** and made **Christians politically dead**, telling them that they'd be raptured before any tribulation comes and, "you don't have to fight. You have to resist evil!"

The Scofield Commentary Bible, a terrible commentary work that has led so many Christians to weakness and to acquiescence to evil and allowing communism to pour in without doing anything and giving the children over to the commies! This Scofield Bible was pushed and funded by the Rockefellers; we cover it in the book (*Our Father Forsaken: the Abandonment of the God of the Old and New Testaments*) - funded by the Rockefellers and given to all the major seminars throughout the United States. And this heresy has castrated Christianity taking away this real political power.

**Why** do you think the Christians were being tossed into lion's den? Because they were resisting the government; they were resisting the orders. That's why they're being killed and being **thrown into lions' dens** and then being massacred and torn apart. That's not because they were hiding and acquiescing! They were **resisting!**

As the Bible says, "*Submit yourselves to God,*" and what? "*Resist, resist, resist the devil and he will flee!*" The **Christian, the body of Christ is called to resist evil**, not to acquiesce, not to bend down, not to bend over for it and let it rape and ravage you! It's supposed **to fight it!** That's why you need God the Father, because **God the Father is a warrior. He is a Father that raises up the sons to become warriors for God, the daughters to become warriors for God.**

Crazy time! Crazy time, but very important time, folks! What time is it now? We got to get moving! Oh my gosh! I thought we'd be done by 10 30! But it's okay; the Holy Ghost came! Now all you folks are heading back to PA. We will be heading through a certain route; maybe we can move together. We're going to go through the Smoky Mountains and we'll go to Smoky Mountain Knife Works, which is the biggest knife shop in America. If you've never seen it, it's

pretty awesome to see and so maybe we take everybody. All the young people, maybe you guys want to go? Okay! And then we'll move up from there, but we'll be riding with the **Rod of Iron Riders Black Robe Brigade Iron Cavalry**. It's kind of long, I understand, but that's okay. So, we'll be riding and we'll be in that formation.

If you folks want to come, maybe we'll move together, and we'll move to the Smoky Mountains, **beautiful Smoky Mountains**, misty mountains; they're famous for the beautiful nature, all creation around us. And you're in the cage which is a car, we'll be praying for you, because we'll be flying in the open air from head to toe in the *Ruach* wind of the Holy Ghost, being enveloped and being stimulated from head to toe with communicating and communing with nature, give and take action. Bam! Power!

With that being said, thank you all for coming down to Georgia, folks, standing with the President. We salute all of you. We must fight for America; we must fight for the world. We must not let the demons and the commies take it over, because we are the front line. **The micro leads the macro**, and God has called us in this hour, and we will win! **We will never surrender!** God bless America! ... We're the people of God! Amen! Amen! And Aju! Hallelujah! Let's all rise!

### **Pastor Sean's Prayer:**

God, we thank You for this day! Father we thank You for gathering us here at this beautiful place, in the sanctuary of the pines. We are the Temple of God, the living sanctuary, the bricks, the stones; we are the living stones of Your Temple, God, and we are gathered here in Your presence, in Your midst, surrounded by the Word from Luke 20, with that parable, the amazing incredible word for this hour and for this time in the country's history!

God, we know that we are facing such an incredible, incredible, time of crisis, tribulation and challenge, but we know that we can't do this alone, and we can't do it on the power of the President alone, and President Trump can't do it on his own power, on his own fleshy power, but he can only do it by the Spirit of God that courses through the believers, and those in America who have a conscience that's leaning towards righteousness and towards Your Kingdom of God.

God, we are asking that all the people who stand for liberty and freedom- all those inalienable rights that You have bestowed upon us as our Creator, the chief architect of this universe- that we would protect those things; that the CIG Constitution would cover the earth and protect the sovereignty and Kingdom of Your nation and also of the citizens of the entire world that would stand in solidarity with You and be Peace Police Peace Militia, and Kings and Priests that will protect one another and "Love God, Love your Neighbor!"

God, we thank You that You are leading us at this time in the microcosm, that these small conditions- even though we know are small and sometimes they don't feel like they're changing the world- but God, we know that these small things can create shutters, can create vibrations, can create movement, can create small energy that can then multiply, that can then penetrate into the heart of one person, that can penetrate into the heart of others. And then it can cascade as a rolling snowball effect that starts very small and then as it rolls down, it gathers and gathers momentum, then gathers and gathers size and then when it strikes the enemy it is impenetrable and powerful and topples all that the devil is trying to construct.

God, we thank You that You are leading us, Father, at this time with Your mighty hand. And even though many times we have to cry out in the darkness, we have to cry out in the night and we have to cry out through the dark times, we know that in the morning rises the sun and in the morning there is joy, and in the morning we can see the sun and the light, and in the morning we know that You are guiding us again in a new fresh day, and in the morning we receive the Holy Ghost again, we receive our mission and power again, and we receive the Word again and we are willing and standing as your army against evil, against the enemy "*Resist the devil and he will flee,*" as your Word says.

God, give us power, authority today! Let us remember and receive the Kingdom authority of kings and priests, being the kings and priests of the nation, of the family, of the world as You bequeathed this world to humanity, and not to the archangel, not to the controllers but to those who would protect freedom, protect sovereignty and protect the human spirit that You have endowed and placed within us to be in Your image, and to *poimaino* rule like shepherds over this land in solidarity with all the rest of the citizens of the Kingdom of God.

So we thank You, God for this time. We thank You, Father for leading us. And now we understand all the things that You have done, all the things, not only the spiritual condition but also the political conditions that You had to set. You were setting the tone and the spirit and the guideline, and the compass and the direction, so that this generation and the next generations would always stand strong with the CIG Constitution, strong with the Kingdom of God, strong against the evils of political Satanism, and be able to identify, decipher and discern between good and evil, and be able to pursue and penetrate into the Kingdom of God with the light of God, strengthened by Your spirit.

We thank You, Father, for this time You have blessed upon us today. We thank You for being able to stand with President Trump, that everybody got here safely. We pray safety upon everybody who's returning back to their homes.

And as we move through the Smoky Mountains, and we are enveloped in the glory of Your natural creation- for You said, "*The heavens declare the handiwork of God,*" the heavens declare Your glory- let us feel that glory as we are in Your sanctuary, in the beautiful open air, in the

beautiful creation, in the beautiful nature, that we're breathing in, the fresh air, not masked and muzzled like farm animals. But we are free living beings with the spirit of God and the Holy Ghost inside; we can breathe and live and be free as men and women under Your protection, under Your sovereignty and which the Constitution protects.

Thank you Lord! Thank You Father for this beautiful time that we are in, in this incredible animated contest of liberty that You have blessed us with, to be able to participate in. We are living in epic times and our lives are epic because we are standing for Your epic Will and Your epic Kingdom. Thank you God! Thank you Father for this time!

We give You all the praise, glory and honor, with all the kings and queens that are gathered here; in the names of the blessed central families and in Your precious name we pray. Amen! Amen! And Aju! Hallelujah! Hallelujah! Praise God, everybody!

*(Three cheers of mansei)* Amen! Amen and Aju! Hug your neighbor!
