God hath not given us the spirit of fear; but of power, and of love, and of a sound mind

April 11, 2021

There is a real war going on for the soul of America right now! Let's go to Numbers chapter 13 and 14. We'll look briefly at 13 because there's a long list, and then we'll go to 14; it will profit us to read a bit of 14 together because it's very, very, powerful- very powerful- and of course very timely in today's climate.

So let's start here in **Numbers chapter 13**

Let's read together:

13 And the LORD spake unto Moses, saying 2 Send thou men, that they may search the land of Canaan, which I give unto the children of Israel: of every tribe of their fathers shall ye send a man, every one a ruler among them.3 And Moses by the commandment of the LORD sent them from the wilderness of Paran: all those men were heads of the children of Israel.

4 And these were their names: of the tribe of Reuben, Shammua the son of Zaccur. 5 Of the tribe of Simeon, Shaphat the son of Hori. 6 Of the tribe of Judah, Caleb the son of Jephunneh. 7 Of the tribe of Issachar, Igal the son of Joseph. 8 Of the tribe of Ephraim, Oshea the son of Nun. 9 Of the tribe of Benjamin, Palti the son of Raphu.

10 Of the tribe of Zebulun, Gaddiel the son of Sodi. 11 Of the tribe of Joseph, namely, of the tribe of Manasseh, Gaddi the son of Susi. 12 Of the tribe of Dan, Ammiel the son of Gemalli. 13 Of the tribe of Asher, Sethur the son of Michael. 14 Of the tribe of Naphtali, Nahbi the son of Vophsi. 15 Of the tribe of Gad, Geuel, the son of Machi.

Okay, and then it goes on. So now, God through Moses is creating the scouting team that will go and scout. At this time the Bible talks about Joshua being about the age of 40, and it takes quite a process to defeat all the thirty one kings of Canaan; it takes quite a little bit of time. So, Joshua and Caleb, by the time they get in, now they're 78 to 80. It takes time; it takes time! But anyway this opening section is very important.

Let's jump to the end of the chapter; let's go to **Numbers 3: 32:**

32 And they brought up an evil report of the land which they had searched unto the children of Israel, saying, The land, through which we have gone to search it, is a land that eateth up the inhabitants thereof; and all the people that we saw in it are men of a great stature.

33 And there we saw the giants, the sons of Anak, which come of the giants: and we were in our own sight as grasshoppers, and so we were in their sight.

“And they brought up an evil report of the land,”

Okay, so the spies have gone out to the land of Canaan; there are thirty one kings there. Now remember the Israelite have been slaves under the Egyptians, so they are slave people; they don't have any military training, they don't have any understanding of any of that. And now they're in the wilderness. Moses at the time is old; he's an 80 -year old man! Moses, as he's leaving Egypt, he's 80 years old! He's not been like a victor in some kind of battles, and in the army as a general; he is not any of that! This is an 80 -year old man who's been called by God, right! Some of you folks are in your 60s and 70s; y'all are young whippersnappers! You've got nothing on Moses, okay! Moses is 80 years old! That's the starting of his wilderness course.

So he now has to go into the wilderness, and of course we know everybody's complaining; everybody's murmuring, murmuring. God gets quite angry at that group that is following Moses; we'll look at it in Numbers 14.

But anyway, the point is: Moses has to go to the wilderness; now he has to form these people who were once slaves. They don't believe they can be rulers; they do not believe they can be conquerors! You understand? They grew up as slaves; that's their whole identity. They were generational slavery. Their mom and dad were slaves; they grew up, they're slaves, *“Oh! That's just how it is! We're supposed to be slaves!”* Now this 80 -year old man who has no military experience or whatever, is saying, *“Come with me! Let's go into the desert!”* They're thinking, *“Who the heck is this guy?”* And he has to lead his people!

And then in the desert, he doesn't just sing around campfires and sing *Kumbaya*, *“Kumbaya my Lord!”* every night grilling steaks on a fire. No! Now they have to form into a military. So these are slaves, right; these are people that were slaves in generational slavery. They cannot believe that they are warriors or they cannot believe that they will be conquerors; they cannot believe that they will be victors.

They've always had to just submit to the authority of Egypt and the pharaoh, etc. They cannot believe that God would use them, call them, set them apart from the world; they can't believe all that. It's hard, hard to break out of that conditioning that they've had for generations! And now he has to help them develop, and he has to start training them. They have to go from people who are completely just slaves, and now they have to become a militia, an organized group. Then God sends them to go and engage in battles in that entire landscape! An untrained people, untested, now have to face these other

nations and groups and tribes and kings that have already organized militaries. You think about that! Think about that, folks!

Communism in America

We in America now are arriving at such incredibly epic time, because for the first time, let's say in our lifetime or a couple of generations ahead of us, we may see the end of America as we know it; at this generation.

I'm not saying that to scare you. I mean you saw what happened last election cycle; we don't have an election system anymore, folks! The Supreme Court was supposed to swoop in. We are supposed to have a justice system; we are supposed to have checks and balances. The Supreme Court is supposed to uphold the law of the land, and at least hear the dang evidence. Hello! They were just asked to hear the evidence, and the President and all the different states that joined in on that had no standing! Wow! Go, figure that! Go, figure that! No standing! If states, actual states with millions of people living there who are getting affected by these sudden changes of laws in all the contested states within the last six months to a year, if they don't have any standing, nobody has standing! What are you talking about?

You're telling me that states with millions and millions of people that are getting affected by the fraudulent election meddling, they don't have standing in a court of law? Come on! It's beyond insanity! And of course, it's coming out that Justice Roberts was on the Epstein Island, and potentially he's in that pedophile network- whatever the case may be. And they later on leaked video recording of him threatening the other Supreme Court Justices, saying, " *You want to be responsible for starting a civil war!*" Remember? Threatening them to not hear the lawsuit- which of course they should have heard! If states don't have standing who the heck has standing then? Who has standing? I mean you talk about millions of people being affected!

So it's just over the top insane! And you know for many, many, many decades, people who've been trying to alert the public about this kind of thing have been called conspiracy theorists; including Father. That's why the Washington Post and the New York Times hated us; because he was constantly doing the V.O.C., the education on Communism. All have been called conspiracy theorists for the last 20, 30, 40 years as the Marxist and Communist encroachment has penetrated into all fields of influence, including the Media, Hollywood, schools, teachers, unions. Every aspect of potential influence over the population has been now taken over and co-opted; has been infiltrated from within.

And we've all stood back as Americans, just, " *Hey! Enjoy! Life is good; America is number one. It's kicking butt you know; wherever it goes everybody's scared of it!*" And in the process, destroying from within and empowering our greatest threat Communist China; greatest power! They're really the army of the Bilderberg and Davos groups; these super elite Satanist Devil -worshippers want to use the 100- million men army that is China, to do their tyranny.

We just have to look at history, folks! You don't even have to be from a commie land to understand! You just look back at history and you will understand! Look, in 1911 they did the Armenian genocide; the Ottoman Empire, the Turks, the Jihadi Caliphate slaughtered over a million men, women - and children by the way. They killed a lot of kids, they killed a lot of women; those are non-combatants. Genocided!

Some of these modern "fake news" and commie outlets, the Young Turks, they actually named themselves the Young Turks. Those are the people that killed and genocided these Armenian Christians! I think they're changing their name apparently; they got so much flack because of that. But you see that's crazy! And they're like one of the most popular leftist news that the young people go to, to watch "news." Of course, not news; it's propaganda!

You got Stalin then in Russia; in 1935 you had Mao Zedong, and the Cultural Revolution starts brewing up. In 1938 you have Hitler: 6 million Jews, 13 million Europeans killed, etc - more than that; those are just the reported ones. Now up to 100 million plus poor Chinese, poor Asians! 100 million! Pol Pot, Venezuela, Cuba- you see it with Castro; and the list goes on and on! And just failure after failure after failure; tyranny after tyranny after tyranny! And it all starts with disarmament; always starts with disarmament!

It's like that meme that got Castro smoking a big Cuban cigar with his hand up like on a sofa; he's sitting like this, and it says, *What can the government do once it disarms the public?*" and then Obama says, *"Anything it wants!"* and he's puffing on a big scoop. That's reality! So the thugs and the tyrants, they want a disarmed population, because it's the only means by which human beings naturally can defend their natural rights, and their freedom.

Any communist dictatorial political Satanist system understands this; so there's a repeat in history that goes over and over. It's like watching a terrible nightmarish movie over and over and over again just happening in different groups of people. If humanity, especially if America, does not remember and have a memory; if it doesn't remember what happened when the Armenians were genocided, when the Caliphates started disarming them, when Stalin started disarming them, and Lenin started disarming them! What did Alexander Solzhenitsyn say? He said, *"You got to resist it early, when they're trying to gain momentum, because otherwise you're done."* Once they get momentum, the public starts getting scared and acquiescing.

But think about it! We understand the fear of it because now for the first time even the normal conservative is called a "domestic terrorist" and part of a dangerous Trump movement. The normal conservative now! Well, welcome to the club! We've been in that club for about forty years being called that by the Left, okay! But for the first time the normal conservative is thinking, *"Oh my gosh! This is getting real bad, like real bad! Man!"* And you see that the leftist political Satanists do not stop; they do not acquiesce, they do not submit, they do not surrender. Treating them nicely doesn't make it better; acquiescing, submitting, never makes it better; it always gets worse. You give them an inch, they take a mile; you give them a mile, they take the whole world!

It is what I guess as Americans we intellectually understand, but it's getting pretty real now. We have some usurpers in there. Some of the most dangerous, dangerous and draconian executive actions have been taken the last week, with the six new executive actions on firearms; all unconstitutional by the way. Now the constitutional lawyers and the lawyers in the gun community are standing up, breaking them down, etc. But there's really nothing that we can definitively know, because it's within sixty days that action will be taken; so we don't know even what exactly will come out. We just know the general framework is going to be on pistol stabilizing braces, it's going to be on red flag laws; it's going to be on things like that, which are extremely dangerous to the population!

Secret police in America

So you have that situation where they are pushing that, but they have this period of sixty days in which they will define exactly what they mean. So, you have potentially a very, very, very, dangerous Stalin-esque, Lenin-esque, Maoist style of operation that now is beginning in America. It is the beginning of the **creation of the SS in America** or the secret police!

Biden has nominated somebody named Dave Chipman to the ATF. This man is probably the biggest federal mass murderer that you can get. He's the guy who was responsible for Waco, leading it. He's so psychopathic that he even took a picture of himself on the burning ashes of dead women and children, after they burned the whole compound down; he took a picture of himself standing on it, almost celebrating the genocide that he just did and the federal operation that went after these people, went after their leader. They were saying that he was a pedophile, and they had no evidence of that; they went after them for this and that reason. The ATF started it and then it started escalating etc, and they took out American citizens with no due process, nothing. Seventy seven! And women and children were killed in that genocide, that raid!

Chipman was the guy that was organizing that; he was the leader there!

You have the leader who was responsible for disarming New Orleans, folks; New Orleanians, when they were hit by Katrina. Remember, they went around!

(Showing photo of Chipman after Waco)

Look at this! Look at this crazy psychopath! He's standing on the rubble heap of dead women and children! He almost looks like a psychopathic demon! He's got this weird lip edges; you know he got ragged on that when he was a kid, so he just wants to have revenge, *"I'm powerful! I want to kill people, and show them how powerful I am!"*

You know there's so much of that victimology that they love, *"Oh! I was bullied when I was young. So now I want to take federal power and use the government to kill any males, strong men and women!"*

Psychopathy!

And Honoré, the head of the operations that disarmed the public in New Orleans, in terms of law enforcement, the head of that entire operation is also being brought in, in leadership roles into the Biden administration. So they are preparing, folks! They are preparing to disarm and genocide the

public! These people don't have any good intent. We've all seen that; they don't have any good intent. Their goal is complete and utter power, and you will comply with their tyranny or you will die! So we have Chipman, Honoré and these kinds of crazy lunatics!

The point is: they are organizing now. They're organizing to create what we have seen in Communist countries as the secret -style police. People don't understand! Remember, you only need about 10 % of the cops to go along with it! You can still have the vast majority say, *"Hey! This is bad! No! I don't want to kill my own people! I don't want to kill my own countrymen!"* You can have 90 % say that. All you need is 10 % that would say, *"There's a lot of money involved in that! Hey! A lot of promotions involved; a lot of benefits! I'll be loyal; I'll be a patriot to the administration!"* Oh yeah, oh yeah! You just need about 10 %! 10 % is a lot of people!

America is facing a tremendous time; we have some of the most dangerous people now. Of course we knew this; we knew. I mean we're one of the only churches that have been talking about this for six, seven years openly, and Father had been talking about it for 40 years. But it was always, *"Oh! Kick the can down the road! It's never going to happen. Oh! It's not going to happen. We're Americans; it's going to be fine!"*

For the first time, even conservative America is realizing, *"Whoa! Something is terribly wrong!"* You know this is a real call to conscious moment for America now, because there's nowhere to run, folks! You know if you thought, *"Okay, let's say the Communists take over. Well, I just get out of here!"* Where are you going? Everywhere else is commie land too! You can't go anywhere; you can't run! They've now secured the entire globe. *"Oh! There's no world government governing the organizations or the secret societies that are in cabals, that network and work with one another!"* Like that would be impossible!

And then you got hit with the corona pandemic- the *plandemic*- and the whole world got shut down! Anybody who said that there was no organization that could do that, or no group of people or societies that are networking and powerful, that could do it; well they're wrong, because you saw it now! You saw the entire world shut down, get shut down forcefully; not because they took a vote or they asked their people! No! A couple of tech giants, a couple of billionaires, a couple of satanic royal families in the cabals together giving the go, and the whole world gets shut down; the whole world!

There's only one place where there's now just a vestige; really, a very diluted form of freedom in the world. Just imagine a globe in your head and just imagine all those countries. Just imagine all the countries: you can look at South America, Africa; you can go to Europe, Asia; you can go to Canada. Just visualize that image of the globe in your mind or just a picture of the world map, and you'll see, *"Wow! There are now not a lot of places left that are actually free!"*

Censorship

Censorship! Internet censorship, shutting down channels; shutting down opinions they don't like; that's been going on for now a couple of years. They've been going after big people like some of these

music artists that we saw today, or they've been going after big channels like Infowars, Alex Jones, Stephen Crowder; Tucker Carlson, he's still in Fox. But they've been going after these kinds of big people.

They're going after small channels too; our channel was deleted this year, completely deleted. No way to appeal; no way to ask why we've been unpersoned. Are we teaching that pedophilia is okay? Are we teaching that homosexuality should be the norm in church? Are we teaching that transgenderism is okay? Are we teaching that Hollywood should lead the way? You know what I'm saying? Are we teaching BLM is great, and Obama and Hillary are saints and they're part of the god pantheon? No! We're not teaching that!

So we have been deemed unpersoned! It's amazing because in the last couple of years, as Americans, we've become used to this unpersoning, and it's just happened over and over again. We just hear the story and in our heart we just say, "Aw!" It sinks a little bit but then we just forget about it and just go about our day as the country continues to get knocked off. Stefan Moleyneux, another big philosopher; he's an atheist but he's against big government. So he was unpersoned on YouTube as well; that was maybe a year or two ago.

We've just been watching as it is happening and just sending our prayers etc. It's not happening all at once, it's happening slowly; one week this happens, a couple of months later that happens. So in terms of that digestion process, people have forgotten about it. But if you look back, look at that; just look back a couple of years! We would think it was an outrage if somebody got deleted from the internet; even just like seven years ago. Think about it! If you could imagine that the tech giants would delete you from their platform, you would think that's crazy! They let ISIS have YouTube channels, but if you speak out against ISIS or Communism you can't have a channel! I mean come on! It's crazy, crazy land!

But imagine, seven years ago you would think it was crazy if an internet tech giant platform was deleting people! You would think like, "*Nah, that's not going to happen in America! Maybe in Europe because it was getting bad in Europe, or maybe in China; but not America!*" I mean, seriously right! Americans had this incredible blindness and they did not understand how deep the Chinese infiltration was, the Saudi money is; the Deep State, FBI, CIA, Black Horse sold out and worked together, and of course the international banking cartels that are involved- all the Four Horsemen of the Apocalypse!

We didn't recognize how deeply entrenched and how many people they have bought off in the halls of power; not only the big politicians that we know, but all their staffers, all the Bureaus' middlemen; irrespective of whether this person comes, or that person comes in as president. There's a permanent class.....

War against the 2nd Amendment

..... These are the very same people that were making up those new labels to put on the Trump supporters; and you could see people got really scared. I mean people got scared; people really got scared. Trump supporters went into hiding; as if, if you had a Trump flag you had the flag of shame or something. It was like the scarlet letter or something; if you were a Trump supporter you had to, *"Yeah! Okay, okay! Honey I think we better take down the Trump flag now! That Make America Great hat, honey, I don't think you should wear that anymore!"* You see, people just got real scared because it got really real; didn't it? It got really real!

People with psychopathic intent having all the reins of power, having absolutely no remorse after they murder and massacre dozens and dozens of people on dozens and dozens of operations; they don't care. They have no remorse! They just write their report into little legalese: *"Insurgents tried to attack federal officers... blah, blah, blah, and in Waco, Texas, a great patriotic surge was happening with the federal troops that were going in against the insurgents,"* who were women and children, unarmed women and children many of them. But they write their little report so they can feel good about themselves and feel like they've done some incredible, wonderful operation, and some kind of incredible patriotic duty to America.

These are the same people who want to take your guns; these are the same people who want to disarm the population! Oh! Lord! Have mercy! You see what I'm saying, folks? I don't like to be the harbinger of bad news; everybody comes to Sunday Service hopeful and everything. But it's really important, because you know what we're feeling now? We're feeling what Moses felt; like when he's in Numbers chapter 13 and 14.

"What God? We have to go face these people? What? You promised this land to us, and we have to face these people? Can't we have somebody else do it for us? Can't we watch? We'll root on from the side. We'll pray for you! Go, go, pray! We'll pray for you!"

I mean at this point with the nomination of Chipman and these kinds of crazy psychopaths, the only thing that we can do really is contact our senators and tell them, *"Block, block, block him! Do not let him be the head of the ATF!"* Because they will come after every manufacturer; they'll come after every firearm. They're trying to reclassify any part. This whole thing that they talk about "ghost guns" and all this stuff, they're playing this in the media constantly, *"Ghost guns! Ghost guns! Ghost guns, ghost guns, ghost guns, ghost guns, ghost guns. Ghost guns everywhere, ghost guns in your closet, ghost guns under your bed, ghost guns in the house down the street; ghost guns are coming for you! We're the Ghostbusters!"* Chipman and the Waco team are the Ghostbusters: they're Peter Venkman and Igor and Winston! Y'all watched the Ghostbusters? You know what I'm talking about?

"All these ghost guns have to go!" When they're talking about ghost gun, the way they're talking about it, they're talking about a piece of metal; or sometimes when it's 3D printed, it would be a piece of plastic. So you're talking about a piece of metal or a piece of plastic which is not a gun; even defined by the ATF it's not a gun. If it's combined with other pieces and if it's milled, and there has to be some smithing involved in it, then it can become a gun. But you could have a steel pipe and make a freaking

thing to shoot something; that could be anything. So they're really talking about a block of metal; they're talking about a block of plastic.

The point of that is: legally it's the way to go after any accessory, any accoutrement, that can be involved in making a firearm, and then calling that a firearm and putting that under the National Firearms Act; which would have taxes involved, hundreds of dollars of taxes per year, per item or per accessory, if they're able to do that! Whoo! Everybody will love that! So just to even keep one of your legally American-made most popular sporting rifle like the AR, even to keep that, if they could get their way you would have to pay upwards of a thousand dollars in taxes per year.

So you would pay hundreds of dollars! That's a big burden for a lot of people! And for each one! Not as a group, not if you have like a healthy ten ARs or something like that; a healthy, healthy, healthy, amount in the house or something like that. It's not as a group; it's each one, each one, hundreds of dollars! I mean that would bankrupt a lot of people who are gun owners!

Remember when the British started raising the prices on ammo and powder? Oh! Oh! So the ghost guns are floating around like phantoms, chasing everybody, trying to kill everybody; even though they've never been caught to be used in a "mass shooting," and the mass shootings are done on 98.4 % gun-free zones, and by guns that are bought legally- which proves that the background checks don't even work!

Like the Colorado shooting in which the Syrian jihadi wanted to kill Americans and only targeted white people to kill! *"Because he used AR pistols, well then we have to ban everything; everything that has a stabilizing brace."* Well, guess what? You could have a Glock 19 or Glock 17 with a stabilizing brace and it looks like a little handgun with this thing, and has a brace on; well then guess what? That's now a rifle! Many of those stabilizing braces by the way were made for like a veteran who needed it to stabilize when he shot the rifle for self-protection.

So, literally if these things get passed and these crazy people who have histories of criminality in the swamp, who have body counts in the hundreds, of innocent American citizens exercising their constitutional protective rights; body counts, death tolls! If these people get in power!

What do you think he's doing? Well he's forming a special unit, isn't he? **An SS is being created!** All the talk of the purging of the military, the transgenderism, to see who goes along with it, kicking out all the conservatives; what do you think all this purging and all this movement happening within the military right now, what do you think all that is for? It's to weed out anybody who will not comply; it's to isolate who will be the loyal 10 % for the commie-cause!

Because all you need is 10 %! See, Americans don't understand that. You don't need the whole population of military law enforcement to go along with you! You need 10 %! You just need everybody else to stand down and just complain and murmur on the side and say, *"Gosh! What's*

happening?" That's all you need! That's all you need! You don't need 50 %! You don't need 90 %! You just need 10 %.

What Moses was going through

So, we are in a time in history where there is no way to escape to another place, and the life of America, Lady Liberty effectively has been killed before our eyes in the past election cycle, in terms of the election process. No matter how many legal actions we took, no matter how many demonstrations of protests we did; no matter how much, it just went vertical jumps! Every count; every critical area! Isn't that funny? They all had weird algorithms. Mike Lindell's new documentary shows that almost in every county in the United States; yeah, nationwide, nationwide, the algorithms were set! Oh boy! I'm not laughing about the situation; it's just so crazy!

The first time conservatives really have to look at one another and have to look at themselves in the mirror and say, *"Hey! What do we actually believe in, and will we be like our Founding Fathers? Will we be like the folks under Moses? What will happen if the lines are crossed?"*

I mean that day has come, and everybody's talking about it, from Prager to Craig Sawyer; everybody's talking about it, but not talking about it. You understand what I'm saying, right? Talking about it, but not talking about it? Because a serious time has come!

I think now God is opening our hearts to understand some of the most terrifying stories in the Bible that we just took for granted like, *"Yeah! Moses and Israelites! Yeah! They kicked those 31 Canaanite kings' booties and yeah! That means I'm going to be victorious at whatever career I choose! Yeah!"* This is how we've used Christianity and the message of the Gospel, *"Yeah! They kicked their butt, so I'm going to be able to get every raise I want!"* This is the level of understanding what these people had to go through, right!

No, folks! No! They had to decide that they were going to fight military conflicts with these 31 kings in Canaan, and they were an untrained military who were generational slaves and didn't know the last bit about fighting an army. That kind of sounds crazy, doesn't it? And then they had to train, and you know training is not fun; so you know that everybody's complaining in training. Come on, right! It happens all the time anyway, even to the modern day. You do any type of training; people are going to complain!

So imagine they're complaining, *"What are we doing? You're crazy! You're driving us to try to get us killed! You lunatic Moses! Blah, blah, blah, blah, blah! We're going to go and try to conquer that? Are you crazy? Have you looked over those hills? You see the inhabitants? They are great! They've got walls! They've got freaking giants!"* That was the report, right!

Let's go to **Numbers 13 verses 32- 33**. Let's see! What did God call it?

32 And they brought up an evil report of the land which they had searched unto the children of Israel, saying, The land, through which we have gone to search it, is a land that eateth up the inhabitants thereof; and all the people that we saw in it are men of a great stature.

33 And there we saw the giants, the sons of Anak, which come of the giants: and we were in our own sight as grasshoppers, and so we were in their sight.

“And they brought up an evil report!”

I didn't make that up! That's not an interpolation or anything like that; that's what it says!

Now this is the King James version of beautiful old English but you know if you could understand their colloquial dialect I'm sure they were dropping them f- bombs like crazy okay, or this and that bomb: they got s- bomb, f-bomb, a-bomb, everything, okay! (*Laughter*) That didn't make it in! That didn't make it in! No! No!

But the point is: it's serious! They're serious; they're terrified! They're saying, *“Are you crazy? We went and saw them? Do you know who Anak is? Have you seen his children? They're 80 -feet tall! They walk around; they don't eat steaks and ribeyes! They eat the whole dang cow! They're so big! We are grasshoppers; we have no chance!”* You see how terrified they are! They're terrified; they're terrified! Because they have to face these 31kings of the Canaanites! The Canaanites, they were not the most powerful in that territory; okay, they inhabited that area, but they were not the most powerful forces on the planet!

Now America potentially, within a very short period of time, may have to face not only a couple of small tribes in isolated areas in the Middle East! You're talking about the most dangerous network, the most dangerous network of groups of violence on the planet!

Because if they go along with this and the psychopath Chipman gets in, he will want to do another Waco on churches or he will want to do another Waco on gun groups or militias! Are you with me, folks? It's not just you're going to be facing people that are Americans trying to kill other Americans, i.e bad law enforcement or bad military people who break their oath and try to kill American citizens! That's not all you're going to face!

Because let's say, even the patriots win that cause and they have the moral high ground- they don't attack first, never- they keep the moral high ground just like our Founding Fathers did, and you're able to win that cause. But we're not only dealing domestically. The Biden administration is a part of the Chinese apparatus; his son was working directly with the top Chinese spy agency! Hello! Not just dealing with a couple of people here! The fingers and the tentacles go way deeper beyond our borders, funded by billions of dollars!

And in all honesty they know the price too, and they know the game. So they know they have a window of opportunity, which if they squander it, their chance for control not only in America but in the entire world will be stymied, potentially. The longer they let Trump reorganize, conservatives

reorganize, and start winning back the House, winning back the Senate; the longer they let that go, they're talking about another hundred years maybe that they have to wait.

So they understand the game very well, folks! That's why they're saying, *"Go, go, go, go! Put the most radical people who've been responsible for genociding Americans and that have proven that they're ready and willing to kill Americans; get them into the seats of power quickly! Then we'll have them lead stuff too. And if it goes bad, we always have the UN, our buddies at the UN that will bring in our friendly China military buddies that Justin Trudeau and the Canadian troops have been training with, -eighteen times in the last three years, by the way. Let them come in and help us solve the humanitarian crisis of all these white supremacist bigot Trump supporters, cult members, domestic terrorists, who are trying to steal the legacy of America!"*

Whoopsie daisy! That's a crazy time, isn't it? For the normal American conservative now, it's not just about, *"Hey! Moses' victory, them defeating the 31 kings! Yeah! I'm going to get my raise! Come on! I believe in my raise! I'm going to use the name of Jesus to make that raise come to me!"* Or whatever; you know this is crazy. It's not that anymore! Now they're saying, *"Holy shmita! Whoa! Whoa! Whoo!"* They're looking at this picture and saying, *"Oh my goodness! Whoa! What am I getting myself into? What if I stand up for America but I have to fight this whole massive international beast, the 666 Behemoth!"* No, no! See, then it demoralizes even the "patriot."

And then you will see who really is like the Founding Fathers; who, as Charlton Heston was talking about, really are those who keep their oath to the Constitution. They all will come out; all will come out. That day of testing is coming! This is crazy time; isn't it? Crazy time!

So just imagine the hearts of these folks when they're looking over the land, and they're seeing the spies that are out there and they're looking at Canaan, and saying, *"Oh my gosh! Whoa! How are our untrained people going to beat that?"*

Okay! Let's go to number 14. Let's see what happens!

So you just saw that the spies came back and they gave what? An evil report; they gave an evil report all right. So they came back like, *"Oh my Lord! Oh! Whew! What is this?"* So they just heard that report and they heard, *"Giants! Giants! We're grasshoppers! They're going to kill us, and eat us and devour us!"* Etcetera

And then this happens:

Numbers 1- 20

14- 1 And all the congregation lifted up their voice, and cried; and the people wept that night.

You see, people are totally demoralized, aren't they? Uh-huh! They heard about the sons of Anak; they heard they're giants. *"They tower over men: 15, some 18 feet; that guy said 21 feet!"* When you go in there, they're probably like little Chi-coms that are like five two. But they exclaimed, *"Ahh! They were 15 -feet tall! They were 800 pounds, pure muscle!"* They're terrified!

Okay, so what happened?

1 And all the congregation lifted up their voice. What does that mean, "*Lift up their voice?*" Complaining, or crying out, because "*they lifted up their voice, and cried*" and the people did what? "*Wept!*" So they're crying, "*Oh! We're all dead! Oh! Our cause was lost! Oh! We might as well give up now!*"

Uh-uh, uh-uh! You see what I'm saying?

Let me just take you back a couple of hundred years! You don't think George Washington heard those kinds of cries? He heard those same kinds of cries, didn't he? They were just wearing different clothing. Like those British tights! How did they get around in that stuff, man! It's crazy! Lord, have mercy! That was not like the elastic stretch material that we have in the modern day. That was wool; that's tight man!

14- 1And all the congregation lifted up their voice, and cried; and the people wept that night.

They wept! They were so terrified; they heard the evil report, they heard about the incomprehensible chances, and so they started what? Crying, weeping!

Notice: they didn't start like, "*Oh! Really? They're big giants? Then we better make some stuff that takes care of giants,*" You know what I mean? Or you know, "*Maybe we can lure them into big holes, and then we can all jump on them at once with spears,*" or something like that; you know you just do a little thinking. But no! They hear, "*The sons of Anak are 800 feet high; one finger is 200 pounds. Their hands are made of iron; their bodies are made out of steel.*" They didn't have steel at that time, I understand. "*Their bone skeletal structure's adamantite like Wolverine.*" I understand Wolverine didn't exist at the time, the Marvel Comics. Adamantite is a fake medal, I understand that; yes, okay!

But, you understand? They're freaking themselves out! "*This thing is too big! It's too strong! There are too many of them! We'll never win! You're crazy! You're leading all of us to our deaths!*"

You don't think George Washington heard that? How many times did George have to hear that?

Probably one hundred times an hour! Some of us were going to be nice and say, "one hundred times a day." No, one hundred times an hour! It's probably how many times he had to hear it!

And he was losing a lot too! Georgie was losing too; he was losing a lot of battles. You don't think people are murmuring under their breath, "*This guy is going to get everybody killed up here!*" (And with British accent) "*This gentleman shall get all of us to perish before these British muskets!*" You know; you understand what I'm saying, right? This sounds like they're complaining

(Someone asked about the death of **Prince Philip**):

Yeah, the Satanist! Yeah! He's the one who said that he wants to be reincarnated as a virus to kill off the population of humans, because he saw humans as a virus. "*If I were reincarnated I would wish to be returned to earth as a killer virus to lower human population levels.*" Thank God there's no reincarnation, so

he's in a hot place now; let's put it that way, no air conditioning okay. All those crimes of destroying children! Uh! Yeah! He's in a hot, hot, hot, hot place, and it's not tropical, all right!

Go to Home Depot or Lowe's

The point is: they're terrified! They're terrified! They're scared; they are scared to their wit's end. They can't handle the stress. So what do they do? They start breaking down and crying. They don't start thinking; they don't start planning, *"Hey! You know God said we can do this, so let's start planning! Let's start thinking about this. How big really were they? Let's send another team to confirm! Let's see it; let's send another team to confirm if we can see another 21-foot giant! Let me have a second opinion, please!"*

No! No! They heard the news, *"Oh! Anak's sons are giants! Oh! They're made out of brass and bronze and iron and steel! They have teeth of stone!"* Nobody said, *"Are you sure about that? Moses, you're 80 years old; have you seen anything like that in your 80 years of living?"* The evil report came, and they just went, *"Aahhhhhh!"* They freaked out!

It's like they watched the report; Anderson Cooper and Cuomo came out, *"Yes! The gun-buyback program will begin and all Americans will comply, and you will be peaceably God-fearing and loving people and comply with your officials. Just hand them over, and we'll pay you a little bit, a couple of dollars; we'll give you a tax rebate."*

And it's like everybody says, *"Oh! Oh! Yes! Yes! Okay, Cuomo, he's a giant yes! CNN..."* You know what I'm talking about? That would be crazy! And nobody would say, *"Well, wait a minute! You have a history of lying to us, fool! You told us that Obama was not putting us on any watch list. You told us that coronavirus was the most dangerous thing since the Black Plague and the AIDS epidemic. You told us that wearing one mask, two masks, three masks, was good to help in reducing the spread of coronavirus; up to 74 percent if you wore two!!! Huh! Wait a minute! Why do I believe this fool?"* Why didn't they say anything like that?

You can see they got paralyzed with fear; paralyzed with fear! See, this is what people don't understand, and this is what Alexander Solzhenitsyn wrote so powerfully about in the Gulag Archipelago. He talked about the fact that tyrants look organized, and they look like they have everything together, and it looks like this monstrous beast you know like in Star Wars *the Empire strikes back*, or one of them- I wasn't a big Star Wars person but I have seen the old ones. Remember those big walkers that the bad guys, the Empire, would use? And I don't know why you would ever make a military vehicle like that, but they had very long legs, and if you saw it, folks, *"Oh my gosh! It's hundreds of feet tall! Oh! It walks around like a metal behemoth juggernaut mammoth! We'll never defeat that thing!"*

And some guy says, *"Hey! Let's get some wire and wrap it around the legs!" "Brilliant idea!" "Hey buddy, calm down! You should think a little bit; just get some paracord!"* So they went down to Lowe's and Home Depot, and bought a couple of wires, put on their rigs. They flew around and, *"throw the water out! Fly in circles around the legs,"* while they're trying to shoot at them, and the monsters are trying to hit these

guys! (*Sound effects*) I understand this is all fiction and fake; I understand that -and they start wrapping up the legs, (*and the monsters collapsed*). They just needed to go to Home Depot, or Lowe's and just calm down a little bit!

Satan's illusions

Because Satan operates on illusion, on the illusion of power, and fear multiplies that. If your enemy is fearful of you it multiplies his wild imagination, and it's a force multiplier if you can terrorize him. That's why the Islamists and the jihadis do it, right. They blow up things because they're trying to create terror through random acts of terror, so people would live in fear and become paralyzed. What happens with sheep and goats? Now, there are folks that are raising pack goats that go to the mountains and back for hunting and something like that. When lightning strikes, a horse will run back to the farm, if let's say there's terrible, terrible, terrible, lightning. But apparently the goats or the pack goats will get near you; they won't run away. They will actually go, "*oh my goodness!*" and they will go to the shepherd. Isn't that interesting?

Sheep sometimes will freeze; they'll freeze. But the natural tendency of the pack goats or for example the sheepdog -that's another pack animal that they use for shepherding - if there's a crisis and the sheep freeze, because they don't have natural weapons to fight the wolves right; they don't have teeth or they don't have claws, they just do "*baa!*" so they just stay still. It's like a doe or a baby deer when you see it and it just stays still; you can literally walk and pick it up, because it just tries to blend in and hide.

Sheep are dumber than that because they're colored white and they're trying to stay in green grass, so I don't know how effective that is! But the dogs will come and push them towards the shepherd if there's some danger or crisis, because the dog naturally wants to go to its owner and protect the owner.

So in that scenario with these guys, just like the Star Wars mammoth story, they could have not been paralyzed with fear. God called it the evil report which would cause terrible spirits to come in. The spirit of fear is a spirit that the book of Timothy talks about, "*For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind.*" That spirit of fear is a demonic spirit, and if it overtakes you it can spread like a cancer or a virus; it can spread to other people.

Satan operates on illusion, that is to say, that he always wants us to believe that he's more organized, more powerful and more potent than he actually is. In reality there's so much infighting, stabbing each other in the back. Why? There's no honor in a den of thieves! They're always trying to gain power, and they'll kill one another and step on each other's heads to get it! You see that? They don't have a moral cause; they don't have a unifying spiritual purpose! Their purpose is for power, and the benefits that it will bring materially! But how many other psychopaths want that too? Uh! You see what I'm saying?

You got a whole group of Intelligence psychopaths that want to work together, pretend they're buddies, pretend they can rule over the whole world; with the media talking about ghost guns phantom under your bed, in your closet. But every single one of them hates one another; every single one of them wants to stab this one in the back so they can get up above! Ah! See, they don't tell you about that! They don't want people to know that! And every single one of the people under them knows all the fighting and the infighting that's going on with their senior officers and the people in charge. Oh! Everybody knows! They just can't talk about it!

Look at how they rolled out the Chinese virus, the pandemic! They were talking about, *"we could have two million dead within the year in America alone; two million!"* They wanted a virus that was more potent than it actually was; they wanted a virus that would have a little bit of a higher death rate, not a 99.78 % survival rate. They were shaking their head, saying, *"dang on it! Why did we make this in China? Golly! Dang on it! It was made in China! (Laughing) "We should have had it more potent!"* You can see Hunter Biden smoking Parmesan cheese saying that, naked with ten prostitutes in the room or something like that! The guy's a nut! Come on! It's crazy folks; it's crazy!

They tried to roll out something that would have a kill rate of maybe three percent of the population; that would be devastating right! Well if you got three hundred thousand, that's less than one percent of three hundred million; but they would be happy if they got a couple million dead! Whoa! But those dang on people's immune systems that God gave them, they started working! People started drinking lemon juice and vitamin C and getting out and taking off the mask, (Ooh! don't do that!), getting the vitamin D. Oh my gosh! People actually started researching real science like zinc and how that helps the absorption of nutrients to the cells, etc.

Ooh! They had a problem! They couldn't get a two percent, or even one percent; a little less than one percent death rate! But they wished they could, didn't they? You see, the point is: what it shows you is that even with their best intentions, even though they have the top planning committees and all these secret operations teams all over in the planning phases, at the highest levels, and they can literally take down nations, but look how disorganized their worldwide plandemic plan was! You see? Tyrants always, always, always, overestimate their ability! They think they can handle all the moving parts and then centrally control them.

Mr. Boogeyman

So Satan uses illusion. Remember when you were a kid and you could have sworn the boogeyman was in your closet or under your bed? Oh boy! You know it's the middle of the night! Mom told you to turn off the dang lightsaber or whatever. You got to go take a peepee in the night; you put your foot down, you know the boogeyman is going to grab it. You know it; as soon as your foot goes down! Boogeyman's been waiting for eight hours quietly under your bed, when he could just come out and eat you.

Mr. Boogeyman, why is he wasting time? These are calories! You know what I'm saying? Why is he waiting eight hours under your bed until your foot comes down? Why can't he just come out and eat you right there? Have some salt and pepper and some grill, or whatever! He could eat you right there in the beginning of the night! No! But Mr. Boogeyman has to wait for you until 3 -4 in the morning.

And you could have sworn that as soon as you put your tippy- toe down, he's going to come, and he's going to grab it. And just like in the movies you're going to see yourself be dragged off the bed - *whoaaaaahh-* under, into this pit of darkness and then everything will go black!

That was power! See the Boogeyman only has power if you believe that it's there, because then you're freaking yourself out. The Boogeyman didn't do anything. He's some overpaid actor with cosmetics on, who spent 18 hours in a hair and makeup trailer, to shoot a five-minute clip of him eating you or eating somebody like you.

But then he gets out there, and he's like, *"Oh, my gosh! That was so traumatic! I got to go have Starbucks now!"* That's literally who the Boogeyman was in the movie! You're waiting for that fool to jump out of your bed, and you can swear he's waiting for you all night long until you have to put your foot down! Right!

How many people know what I'm talking about when you were a kid? It could have been Freddy Krueger, Jason, Boogeyman; it could have been the Poltergeist. Whatever it was, it waited till you had to go to the bathroom! He was so polite, he was so polite; he wanted to eat your head off, eat your heart, devour you, but it would just wait until you had to go peepee! Oh! Lord, have mercy! Come on!

The point is: illusion, illusion! If you make a child believe that there's this beast that he never can control or destroy, then he will be filled with fear and the fear will paralyze him; the fear will overtake him. The spirit of fear will start ruling him and that's what God calls the spirit of fear. We cannot be ruled by that! You see what happens when they start getting ruled by it!

2 And all the children of Israel murmured against Moses and against Aaron: and the whole congregation said unto them, Would God that we had died in the land of Egypt! or would God we had died in this wilderness!

3 And wherefore hath the LORD brought us unto this land, to fall by the sword, that our wives and our children should be a prey? were it not better for us to return into Egypt?

"Let's go back to slavery! Slavery is better than this! This crazy man Moses is trying to get us killed! How many are with me? I'm going back to Egypt! I'm going to be a dang slave; at least I got benefits there!" That's kind of what happened." *At least I got dental in Egypt!"* Lord! Crazy!

4 And they said one to another, Let us make a captain, and let us return into Egypt.

"Let's make a captain of the slaves and go back and be slaves! That sounds like a great idea!" See, that's what they did!

5 Then Moses and Aaron fell on their faces before all the assembly of the congregation of the children of Israel. 6 And Joshua the son of Nun, and Caleb the son of Jephunneh, which were of them that searched the land, rent their clothes: 7 And they spake unto all the company of the children of Israel, saying, The land, which we passed through to search it, is an exceeding good land. 8 If the LORD delight in us, then he will bring us into this land, and give it us; a land which floweth with milk and honey. 9 Only rebel not ye against the LORD, neither fear ye the people of the land; for they are bread for us:

See! The evil report said they were giants, but it turns out they're bread! You see! And then look, the spies, ten of them, saw the same crazy thing! They all saw the sons of Anak were huge, ginormous and were 200 feet tall and had biceps the size of pillars in a Roman Coliseum- or whatever it is! They all saw it! *"I swear I saw it! I saw the giants there!"*

But Joshua and Caleb said, *"No, no, no, no, no!"*

9 Only rebel not ye against the LORD, neither fear ye the people of the land;

"Don't fear them!" You see it's a problem of fear! They're terrified! They're petrified; petrified means you become stone. You're so scared you become stone! What's that monster that's turned into a stone by Medusa? It's not real, that's a fake deity, but Medusa is supposed to turn him into stone. In the movie *Clash of the Titans* Perseus shows the head of Medusa to the big Kraken - Sydney Powell Kraken that we're all expecting from - and the Kraken looks at the head of Medusa and turns into a stone. Remember that?

9 Only rebel not ye against the LORD, neither fear ye the people of the land; for they are bread for us:

Does bread come out and eat you and devour you and kill you? Okay if it's moldy or if it's poisonous or whatever; but that aside, if it's regular bread, does it come out and attack you? No, of course not! He's saying, *"No no, it's like bread! They're not giants! This is not Godzilla and Mothra playing in the sandbox and now they got all their friends coming to get us! No, no! It's not like that! Don't believe that; don't have fear! They're like bread!"*

9 Only rebel not ye against the LORD, neither fear ye the people of the land; for they are bread for us: their defence is departed from them, and the LORD is with us: fear them not. (Applause)

Wow! I think George Washington probably used this scripture to study, or at least to gain spiritual wisdom from; seriously, right! It's very powerful! It really identifies the way Satan uses illusion and fear to weaken and psychologically demoralize a population.

10 But all the congregation bade stone them with stones.

What does that mean? That means *"kill them!"* They didn't agree! They said, *"No no they're bread! God has broken their defenses, they're fighting amongst each other; they're not as strong as you think! They're definitely not 18 to 21 feet tall right!"* What did they say? *"Cancel culture, come in! Cancel culture come in! Stone them! Shut them up! Silence them! Unperson them! No First Amendment for you!"* Here are the

peaceful liberals coming to stone you; peaceful liberals, *"we just want to stone and kill you so you don't say things that upset us. That's it; what's so wrong with that!"*

10 But all the congregation bade stone them with stones. And the glory of the LORD appeared in the tabernacle of the congregation before all the children of Israel.

See! Now, now, now, **the glory of the Lord comes!** The glory of the Lord comes! The presence of God comes! So, they're so filled with fear, they're so terrified with fear, they're so petrified, they're like turned into stone, and they now want to kill anybody who actually saw the enemy and says, *"Hey! It's not as organized as you thought and they have a lot of problems!"*

There are a lot of good people that are saying that. There are a lot of Joshuas and Calebs; a lot of them who've been in that apparatus, that want to protect America! Amen!

10 And the glory of the LORD appeared in the tabernacle of the congregation before all the children of Israel.11 And the LORD said unto Moses, How long will this people provoke me? and how long will it be ere they believe me, for all the signs which I have shewed among them?12 I will smite them with the pestilence, and disinherit them, and will make of thee a greater nation and mightier than they.

13 And Moses said unto the LORD, Then the Egyptians shall hear it, (for thou broughtest up this people in thy might from among them;14 And they will tell it to the inhabitants of this land: for they have heard that thou LORD art among this people, that thou LORD art seen face to face, and that thy cloud standeth over them, and that thou goest before them, by day time in a pillar of a cloud, and in a pillar of fire by night.15 Now if thou shalt kill all this people as one man, then the nations which have heard the fame of thee will speak, saying,16 Because the LORD was not able to bring this people into the land which he sware unto them, therefore he hath slain them in the wilderness.

17 And now, I beseech thee, let the power of my lord be great, according as thou hast spoken, saying18 The LORD is longsuffering, and of great mercy, forgiving iniquity and transgression, and by no means clearing the guilty, visiting the iniquity of the fathers upon the children unto the third and fourth generation.19 Pardon, I beseech thee, the iniquity of this people according unto the greatness of thy mercy, and as thou hast forgiven this people, from Egypt even until now.

20 And the LORD said, I have pardoned according to thy word:

Oh! Boy! Now it's interesting because, even though all this is happening and the glory of the Lord comes and people are like, *"Whoa! Oh my gosh!"* they still murmur, they still murmur. In the upcoming chapter they're still murmuring. But Joshua, Caleb, and Moses are able to fight and start winning some victories despite the murmurs.

You see, remember at the time of the Revolutionary War as well, and that's where the whole three percent thing comes from, it was like divided up into thirds:

One third was supportive of the Founding Fathers,

One-third was supportive of the British saying, *"no, no! Don't do this";*

One-third was, *"Oh! I don't know! I don't know! I don't know! I don't know! You know, I'm in the middle!"*

And it's not like the one-third that supported the Founding Founders all stood with them on the battlefield; they didn't. They were operating businesses and something like that. It was three percent of them that went and fought, but they were funding them; they were sending money to them so they could continue to fight the war.

Vertical vs. horizontal split

That's why in a godly type of revolution, which America had centered on Judeo-Christian values, the whole country had to split. You can't have the elites stay as one group; the elites have to split. There has to be a godly side that's fighting against an evil side. In the middle class too, there has to be a godly side and an evil side, or basically the psychopathic class has to be split off from each of the classes.

What the psychopaths, through the Communist ideology, try to tell you is, *"No, no! Don't try to split us off! We want you to fight horizontally. So we want you to fight lower class versus high class; we want you to fight white versus black! Don't isolate the psychopaths and separate them!"* Because you'll find psychopaths in high class, middle class and lower class! Amen!

The point is for good people to gather together, isolate the psychopaths, and to keep them in check! That would be a vertical split; you're kind of splitting it from psychopathic people and the normal person who is not psychopathic; vertically, with the high, middle, and low. Every stratum is being split; but **vertically**. Then you can maintain the integrity of the cultural value system of that country, and not have it overturned.

Like in the French Revolution where you have all the masses that fought against the upper class; there was no split in the upper class. They took over, they became the new tyrants! You'll see that same process in Latin America as well. The populations rise up, take out the tyrant, put in a new tyrant, and the terrible cycle continues. Why? Because that's a horizontal revolution! That's what the Marxists want; they want a horizontal split. That's why they want to do rich versus poor, white versus black; they want to split that way. Whereas the real one is: good person or the **normal person versus the psychopath**, which is the hands and feet of Satan!

By the way, psychopaths can be very smart, very smart. They've done psychological analysis on many psychopaths; they have very high IQs! They're planning, they're preparing; they're doing all sorts of stuff before they do mass murder sprees or whatever. And a lot of those people wear suits, and they go into concentrations of power like? Government! But they hide it; they mask the psychopathic tendency because they're hiding in a suit. They speak nice, *"Oh! Hello, Mr. Toffee! How are you today?"* and behind the scene they're going to do every which matter of terrible thing to maintain and increase their power. No morals, no qualms about doing evil!

So the Holy Spirit in the American Revolution has to help the high, middle, low class split vertically; separate and identify the psychopaths as the enemy who would support the British crown. They would be the psychopaths that would want to sell out Americans to get in line with Britain. Those psychopaths we got to split them off with a high, middle or low class, and then we got to band together and stand together against them. See, then you can maintain the integrity of the societal value structure across all strata!

Now, why are we not learning this in class? We should be learning this; people should be empowered with this type of real history early on.

That's why the American Revolution was able to keep a moral high ground and to keep a spiritual value system intact from low, middle, high classes, all together standing for freedom on the same side against the psychopaths. Then it maintains a society, you see; then it has a higher probability of not being replaced with another tyrant. But that's what the Marxists, the communists, the socialists, the political Satanists want! They want a horizontal split; they want what's called a **horizontal revolution**.

You see why they called us a cult and all this; you know why we were brainwashing people? Because Father would tell us and teach us these things! That's why they called us dangerous too! We were on the New York Times' most dangerous watch list or whatever. Because it's the truth; it's just history; it's just reality! Father clearly identified Communism, Marxism, as political Satanism; Satanism, real Satanism, with the hands and feet in the ground like the body of Satan! Conversely, Christians have the body of Christ. But Satanists have the body of Satan, which is that.

Be strong & of good courage

So, we are at an incredible time, folks; we're facing a behemoth. But if there's anything you got from today I pray that the Devil doesn't have all his beings lined up all the time. Let's put it that way! He's much more broken, he's much more dysfunctional, he's much more immoral, he's much more scattered; he's much more delusional, arrogant, whatever the case may be.

But he has to have the illusion. It doesn't mean he's not dangerous; he's still dangerous, yes, and the political Satanist beast is dangerous. But it has to create the illusion of *"if you resist you all will die!"* That's what happened with Lenin and Stalin; they convinced the populations that it was the case, and so resistance was futile.

Whereas our American forbearers said what? *"Resistance to tyrants is obedience to God!"* (Applause) That's a different, different conclusion; that's a different conclusion! Because they had to put it all on the line; they had the risk their life, their fortune, their sacred honor; they had to risk it all. Threat of death, threat of treason, threat of being hung for sedition; all that! They had to go up against the largest military on the face of the earth, with colonies everywhere! We kind of forget that point! It was a nasty giant beast!

And the little band of merry men playing around, frolicking in the fields of America had to believe; they had to believe that their cause was led by God.

Because in the end that's what Satan wants you to kill; and think that it's futile. But if that's the case and America chooses that route, then it will be in the waste bin of history. It will be another Lenin, Stalin; it will be another Gulag Archipelago. There's no way around that, right, and this is becoming more and more abundantly clear.

It takes bravery and courage, as Joshua chapter 1 talks about, *"Be strong and of good courage! God is with you!"* It takes the glory of the Lord to come down and to remind us that *"Wait a minute! The fear that may entrap and captivate and paralyze us, just like the boogeyman under the bed, may not be the beast that is real."* Sure, the beast that is real is dangerous; sure, the beast that is real can have organized things. But it doesn't mean that it's a well-oiled machine that will run flawlessly!

Just look at the corona pandemic! They had all sorts of problems rolling out that thing and continue to have problems to this day. They believe that doing the gun control and the gun confiscation -which is the ultimate curse on America- is going to roll out fine and dandy, and, *"It will just be a couple of months, honey, and we'll be having coffee lattes just like it was in the past, but this time those crazy Trump supporters won't have guns; they'll be re-educated and we'll all be educated!"* That's what they think!

But depending on the nature of the people, the belief in a higher power and God's will to be done, the promise of America being offered to God by George Washington, before he was inaugurated he offered America to God. Because at the time the capital was New York, then he did it in New York. The Pilgrim Fathers when they first got here they offered this land to God! They didn't ask for this land just to be a rich land with all sorts of hedonism and licentiousness; they asked for it to be God's land! God answered that prayer and gave us this incredible land that we were able to live our lives in.

This is it now; the test is coming! Whether or not Americans will say, *"I've lived a good long life, and I'll just go quietly and leave Communism for my grandchildren."* Or whether or not, we will stand up and say, *"No! We have the right to say 'no', and we have the will to say 'no'! We have the means to say 'no!'"* And we know you're not as organized and as powerful as you think, because you don't have God and all you have is lust for power and all you have is jealousy and stabbing each other on the back.

But we have a higher cause; we are fighting for the gifts of liberty that God has granted humanity! We're not fighting for it and standing up for it just for us, so that we can drive Harley bikes for the next forty years! It's not for the purpose of the material freedom! It's for the principle, the desire of God to give that gift to humanity, to protect that inheritance that God has given us! And that's worth it; that's worth it big time, folks! *(Applause)*

"God hath not given us the spirit of fear; but of power, and of love, and of a sound mind."

Remember that! If you take anything from today remember that!

Pastor Sean's Prayer

Father God, we ask You in the name of Jesus! Thank You for this beautiful day that we can study Your Word; we can hear the story, and the details of what happened when You were giving Your promised land to Your people. And, dear God, all those murmurs, all those voices, all the fear, the terror, the petrification amidst the hearts of the people, we can see that! Wow! That must not only have been terrible to watch as their Father, but it must have broken Your heart to see Your people be so demoralized, to be so trained to be slaves!

God, we thank You today because You are awakening America again, and in the midst of this great danger that is physically at our doorstep, the time of harvest can be greater now than ever. More people now realize that they have to rely on You to get through these tribulations, and that in the end the promise of Your Kingdom, the Kingdom which protects the gifts of liberty and is safeguarded by the people to *"love God and love our neighbor, and be our brother's keeper"*; that this culture and that civilization will come and thrive!

Father God, we thank You, because You knew the plans for our lives before we were in our mother's womb. You knew and You had plans for us. And yes we had to cooperate with our five percent responsibility; we had to come in agreement with those things, and many times we've done stupid things and made bad choices. But God, You have been steadfast and You have led us till where we are now. Because if it wasn't for Your hand of grace, we would have been dead on drugs, alcohol, all sorts of problems, accidents; whatever the case may be.
(*Streaming interrupted*)and let them stand with Your people.

We pray for President Trump as well, Father. We pray for all the generals, all the good leaders around this country and around the world that You are raising up and moving right now, with the power of Your Holy Spirit!

For we know that Satan may think he can take over; he may think he can be organized. But he has never seen the movement of the Holy Spirit which can transcend all cancel culture, transcend all censorship culture; can transcend all algorithms and can move the hearts and minds of men to stand up for what God has given to them!

So we thank You, Father, and we ask You to guide us this time, to make us more loving to our neighbor.

Let us reach out to people at this critical time!

Let us pray for one another!

Let us put our past behind us!

Let us put our differences aside!

Let us together as patriots stand for the right things, and stand for America!

We thank You! We give You all the praise, glory and honor, with all the kingship lines gathered here today.

We report, and pray in Your precious name. Amen! Aju!

All right, folks! Let's all rise and give glory to God!
