### The Epic Drama that Birthed the Star-Spangled Banner

May 9, 2021

People don't understand how this works! You understand? The 666 Beast is living, it's moving, it is not stagnant; it is alive and it is here. So it is a crazy, crazy time to be alive. But it's a time where, Patriots have to be ready;  
They have to be prepared,  
They have to be training,  
They have to be fellowshipping,  
They have to be studying the Word,  
And of course community, community, community is the key. Community, community, community, community is the key; community, community, community is the key!

#### **“If we had resisted!”**

Just read Alexander Solzhenitsyn. I know *The Gulag Archipelago* is a- thousand-page book, and it's hard to read through it; just read the ClipNotes or read something online or a synopsis of it if you want.

But the point is: there are some brilliant quotes in that work, and he's talking about - I showed you that quote a couple of weeks ago - if they had the courage when Stalin -he called it the cursed machine that Stalin was preparing - if they had the courage to stand up to these boots that were coming up the stairwell! In their apartments they could hear the boots coming up the stairwell, and they would be terrified; they would be waiting in their apartments and they'd be terrified waiting, saying, “*Oh my gosh! Oh my gosh! Whose door are they going to knock on? Whose door?*” and then like downstairs they'd hear bang, bang, bang, bang, and they'd be like, “*Oh! Oh my gosh! You're coming for us next!*” This is what they chose to do under Lenin, folks; they choose just to watch what's happening. And Alexander Solzhenitsyn wrote he said, “*look, if we had a little courage,*” yes, they were disarmed, but he was writing, “*if we went out into the hallways and grabbed a shovel or whatever we had, it doesn't matter; the fact that we would resist and that if hundreds and thousands, and millions resisted, you could have stopped the growth of the cursed machine.*”

But because they just waited in terror, every person that they snatched away, every person whose door got bang, bang, bang, banged on and you heard it, it's now just growing your fear bigger and bigger and one day it's going to come to you, see. That's what the pastors wrote about, under Hitler's

Germany, didn't they? They said, "Look, if you wait until this person is arrested, that person is arrested, and the patriots just keep watching this happen, by the time it gets to you there will be nobody to protect you, nobody!" You're either in this together or you all hang separate. Are you with me, folks?

### **Pastor Artur Pawlowski, a true hero in Christ**

This is from people under Lenin, under Stalin, under North Korea; you understand? It happens the same way every time; it's the same pattern, exact same pattern over and over again. It's a hellish thing to see this and to be awoken to this, because it's like this reoccurring slow motion accident nightmare that you have to see over and over as the 666 Beast rolls out, and starts imbibing and absorbing society. And that's where we're at now! Western civilization in Europe is basically dead.

Canada, as you can see, it's now Nazi Germany; arresting pastors for having church service!

(At the beginning of the service, Pastor Sean talked about Polish- Canadian Pastor Artur Pawlowski, from Alberta, CA, who was interviewed on the King's Report on Friday, and on Saturday was arrested by the police after church)

And it is not that far from America, which by the way is the last beachhead, folks. This is it! We are literally on the last frontier; that's it. You can't run away, you can't move somewhere else; there's no other country that you can run to. This is it; this is it, folks! Are you with me? So, it's an epic time, it's a crazy time; it's epic time, okay. Lord, have mercy!

In the midst of all the craziness there is still hope, and that's what God's Word gives us. It doesn't give us delusion okay, because God prepares us; He says, "*You know, be prepared to be mocked, scorned, hated and also killed for my namesake.*" The person who's in Christ is prepared to receive the hatred of the world.

### **The hero fights the epic quest**

We talked about it yesterday: Christianity's got to get back to living the epic life through Christ; the hero's quest through Christ: # epic life through Christ; # hero's quest through Christ. Amen!

We got to get back there because this watered- down Christianity, "*Oh, if you believe in Jesus you're going to make more money, become millionaire; oh yeah, if you believe in Jesus, you'll get your next promotion; if you believe in Jesus you'll get your parking lot; if you believe in Jesus you'll get your parking space at the grocery store!*" Come on folks! There's nothing epic about that! That's pathetic; you might as well be talking about the tooth fairy or something like that. There's nothing epic about that!

There's something in our soul that screams out because we know we're made in the image of God. He's a hero; God is a hero. Amen! We are made in the image of the Hero, of the Father who's a hero. He's come to save and beat back evil and bring His kingdom; He is a hero. Christ is a hero; so, people

who follow Christ, we are called to be heroes- not that we worship ourselves or we want people to applaud us or anything like that. No, no! Because we don't do it for the accolades and the trophies and all the stuff; we do it because it is good. The hero fights the epic quest!

He stands up because the Kraken is coming up - or whatever hero's quest it is - "*the Kraken is coming; hurry up Hercules, we need you!*" No, no, but Hercules is playing games or he's running around hunting or something like that. But Hercules has to go, "*oh man, I got to put all this stuff down; man, I love hunting, I love playing outside*"- whatever case may be- and now Hercules has got to fight the Kraken. I'm sure he feels a little trepidation, anticipation, a little hesitation; I'm sure he's thinking, "*Man, I got to give all this up. Look at these beautiful pastures, look at all my beautiful deer; I would not mind running around to catch them. Now I got to fight the Kraken; now everybody's at my door saying, 'Hercules, Hercules, zero to hero, zero to hero! Come on Hercules! We don't want to do it, but Hercules, come on! Get him, Superman!*"

Anyway, the point is: they had to put that stuff down, and then they got to go fight the big Kraken or the monster or the evil villains in Gotham city, or whatever.

All these modern sort of stories they're taking from the real epic quest, that is God trying to save a fallen humanity, God trying to save His children from the predator Satan, from the psychopath Satan, from the one that wants to rule over them, even though it's not his. And God is in on this epic quest; He's on this hero's quest to save His children, His family; to save His grandchildren, His lineage, His tribe. He's there to save them. And everybody who joins him in that task is in that epic quest together.

And it's not like it's going to be easy; you're going to be smacked and you're going to be whaled upon, you're going to be hated, you'll be reviled, you're going to be attacked. Everybody who stood up for freedom or liberty you've experienced that to some degree or another: you've lost friends, you've lost Facebook accounts, YouTube channels, like us etc, right; you've experienced all that kind of stuff.

Amen!

But God is calling us to the hero's quest, and I don't care whether you're a man or a woman; it doesn't matter. Something inside of you knows; something inside of you wants to live that epic life. You know it's hard; you know it's going to have a lot of uphill battles, you know there are going to be active enemies that come against you. But also something draws everybody, every human being; something draws us to that challenge and that difficulty, that striving towards that type of perfection. And that's the hole that can only be filled through Christ, because it's through Christ that we really become heroes. We help the protagonist of the epic cosmic drama; we stand with the protagonist, the main hero of the epic cosmic drama. We stand with Him! Amen! We stand with Him!

### ***The Lord of the Rings***

I'm not a big movie person but I think you know *The Lord of the Rings*. I can't remember who's who, but it was Frodo Baggins and then this Golem and there's like a thing in a cave, and there are all these weird trolls and orcs and then you got the elves, the guys with the pointy ears, and you got these woods people that float dressed in like bridal costumes in the woods and they shoot bows or

something like that. But they're all participating together all these little tribes, whether it be Hobbit or elf or human or whatever; they're working together to fight this big evil force, Sauron some mountain with a big eye or some kind of red eye or something like that; they're trying to fight this evil eye.

### **Nothing else can fill that vacuum**

Anyway, the point is: they're all participating in this hero's quest, and that's just a shadow of the real hero's quest between good and evil; that's just a shadow. But you can see even people, in the post-Christian world, even in a post-modern world that has reduced God and destroyed Him and spit on Him and thrown Him under the bus and put feces on Him and called it modern art, in the modern art museum exhibits - just over the top crazy, all the kind of crazy stuff they've done -but still nihilism and atheism cannot fill that vacuum; it can't. That's why they want to believe they're a hero by saying, *"Today I feel like a woman, and look at all these evil people attacking me. I'm so brave to say I'm a woman. Look at all you evil people, attacking me and telling me I have gender dysphoria and I've mental illness probably, and things like that. But I'm fighting; I'm so brave, I'm so courageous. I'm fighting the epic quest."*

This is what they're trying to do with the LGBTQ movement; they're trying to make it some kind of epic quest, *"Oh, you're coming out of your closet. Yeah, yeah, you're going to be hated. Oh, you came out, you're so brave; oh my gosh, you're such a hero!"* That's what they're trying to do, because atheism can't feel this void; atheism can't give people the hero's quest. Atheism, it's an empty vapid shell; it's a pathetic, pathetic, copycat; again in the shadow of the real epic hero who is God in Christ.

Because their motivation is true and it's pure and it's good. As the Creator of the universe He wants to have His children, humanity, succeed and thrive, and through free will choose the good, choose love, God's love, choose righteousness, choose to be in a relationship with Him, and also to effectuate His Kingdom.

### **Jediism, the Star Wars religion**

So, there is an epic quest, but again even in the modern world you see all these young people even trying to start for example the religion of Star Wars; apparently that's a new modern religion. Did you know that? I am not joking, man! You think I'm crazy, this is crazy; this is why it's so crazy. I'm telling you, they registered the Star Wars religion; I think it's called Jediism or something like that. They registered it as a religion -I'm not joking- and they are actual people. I don't know if they dress up as a Jedi; I think they dress up in costume, and they come in and have their service, and they read and study the words of Master Yoda, which is basically Buddhism light; that's what it is. It's a 501c3 tax exempt religion, apparently; I'm not joking folks! You understand how empty people are, that they have to rely on George Lucas and Star Wars to get their spiritual filling! That's certainly not the bread; that's not the bread that fills you with real life. Amen! Lord, have mercy!

### **Epic Christianity**

But you can see people are searching for the hero's quest. And Christianity's got to get back to that because it was once epic to be a Christian; it was once epic to believe in Christ, and to stand against the world. You know that picture where the hero has to stand and all the demons of the world are before him, and he has to stand there and he's ready to go and then when the movie starts he goes and he jumps into the crowd of demons. It once used to be epic like that! Once, you had to be really heroic to be a Christian and to profess Christ, because under the Roman Empire you'd be killed; it was an illegal religion, a prohibited faith.

Just like it is by the way in Finland! This past week in Finland, a congresswoman was charged on six different counts giving her a total up to 20-30 years in prison on hate speech. Why? Because she quoted the Bible against the LGBTQ movement; she went against their hate speech laws. So now it is criminal to quote the Bible in a western civilization country; in Finland you'll be put in prison. And this is a congresswoman, folks; she's not just a normal person or just a pastor. She's a congresswoman, and God bless her. God bless her! She said, *"I'm going to stand up for my convictions, this is totalitarianism!"* But she's facing years and years in prison; why? Because she just literally read the Bible: Leviticus 18 and different chapters that say, "No! That type of sexual lifestyle is an abomination. It displeases God; He hates that type of inversion of His design and His plan!"

Wasn't western- civilization Finland one of the most peaceful places? You never hear anything about Finland; they got a crime rate of like .01 or something like that. They literally have no societal problems; I'm sure they do, but you know we don't hear about it. But now they're putting people in prison, a congresswoman in prison, for reading the Bible! You understand folks?

And this is what is so crazy, because that type of censorship, surveillance, suppression, that we may have encountered in first or second century Rome under the Caesars, well that's here folks; it's here! Now at the time, joining Christianity was epic; it was a cult - that's what they called it - and then you joined, that was epic. Well it was a dangerous thing to do, right, because if you were caught under those civilizations and under the Caesars, you would be killed and you would be made an example of. You would be killed hung up on a stake, just like your Savior; in future centuries you could be fed to lions, because they had the gladiatorial races and the gladiatorial competitions etc, held in circus. You could be fed to the lions; you could be burned, thrown in the fire, for professing a belief, just a belief in Christ.

### **Political Satanists terrified of death**

That's how scared this Socialists, Communists, political Satanists are of these beliefs! Because the belief fundamentally is not faith in government or faith in the ruling class; it's faith in something greater than that, in God the Creator whom these people shall be accountable to, folks; they shall be accountable to. There is a judgment day for them, when they stand before the throne; there is going to be a day of reckoning for them. And they know that, see. That's why these Superclass and these secular atheists like Bill Gates or Zuckerberg, they're fanatic about life extension technology. You all know this? They're into transhumanism and living through Cyborgs and all this kind of stuff, creating

databases of your memory etc, and then transplanting that through different machines or whatever, thinking that they can run away from death. Because in the end they're terrified; they know where they're going - no air conditioning, it's hot, dark, a lot of chains, a lot of scorpions, okay. They know where they're going, so they're always trying to run, run, run, run, run.

### **Be healthy**

They want you to eat all the GMO poison but they can have the non-GMO food. Monsanto Bill Gates will produce GMO poison food which literally harms your DNA and your cell functions - just like the mRNA vaccine etc - but he won't eat any of Monsanto's products. It's good enough for you, but it's not good for him and his family and his friends. No, no, they will have organic farms, they will have fresh lettuce and spinach and arugula and ginseng, and they'll have all the herbs of the earth that are healthy for your body they'll have all organic and all non-synthesized etc. They'll be enjoying filet mignon while you're there saying, *"oh no, you have to stop eating meat because you're creating carbon gas through flatulation."* These people are crazy, man; they're crazy; they're totally off the top crazy. You understand? They're crazy! So you have to be happy now with eating insects and eating soy fake meat.

By the way, soy makes males lose testosterone because it's an estrogen mimicker and it makes men produce estrogen. Will that make you men, more alpha or more beta? (*More beta*) Yes exactly. Guess what? All the promotion of beer, *"all the manly men drink beer"*; guess what beer does folks? Do you know? Beer is also an estrogen mimicker; it produces estrogen in your body. Did you know this? This is pretty crazy, isn't it? It makes you develop breasts; isn't that crazy? But we're always taught to drink beer from a young age, watching big tough guys drinking big beer. But that's actually making you weaker; it's not making you stronger and more producing high level testosterone which is necessary and healthy for males to have.

They're not telling you to eat broccoli and eat clean meats, and they're not telling you to stay away from high glycemic carbohydrates, and drink lots of water. No, no, they're telling you to drink lots of beer, eat lots of soy, a lot of diet cokes with aspartame which is E. coli bacteria feces by the way; to eat that kind of stuff, *"yes, yes, oh eat, enjoy, yes, enjoy."* They're not telling you to eat your greens, eat your complex low glycemic carbohydrates, get your cruciferous, get your cauliflower, get your broccoli, get your bitter herbs in, eat the roots. You know what I'm saying? Eat good roots like dandelion. No, they're not telling you that!

But the point is: they don't tell people that you need to drink water. I'm always ragging on people, *"hey drink your water, man; drink your water."* You know when we're fighting in the dojo, in one training session, all the fighters, all the athletes, you should bring in a gallon of water and you drink it in two hours, a whole gallon; that's how much water you're losing. But the normal male, the normal 160-180 pound male, you need about a gallon of water a day to be functioning properly. If you have chronic dehydration it will affect your immune system, it will affect inflammation in your body, it will affect your heart function; it will affect your arteries. It's like trying to run a motorcycle without oil in it or

something like that. All the pistons are going to be raking each other, the mills will be wearing down; you're going to be killing your machine.

But something as simple as that! I am flabbergasted at how many Americans are living chronically dehydrated; it's unbelievable! They've done studies on water. It bonds to the sodium chloride, the salt in your food, and helps remove it from your body, which will help you with blood pressure, etc. I mean it's not supposed to be a science class or anatomy class or something like that. But the point is: I'm just saying, it's so crazy; they don't tell you to be healthy and be strong.

### **Be strong! Resist Political Satanism!**

They don't want you to be strong; they want to take away the AR and the Rod of Iron. Why? Because it's a great equalizer! You can be an 80- year old patriot, you can be an 80- year old patriot grandma, you could be "grandma do good" - I literally saw a lady's name on the Instagram, her name was "Granny do right," she's a patriot - but you know you could be 80- years old, but yet you are still capable of defeating somebody younger, more athletic, stronger, more powerful than you in every other facet; you can be able to defend yourself against those kind of criminals. So, imagine if everybody in society has that, well people who want to be authoritarians, totalitarians, Socialists, Communists, political Satanists, they cannot do their bidding; their will cannot succeed, flourish, without resistance.

They're not just talking about resistance, where people like in Korea very unfortunate but millions will show up in front of the Blue House - which is the White House there in South Korea - millions will show up and they'll do a protest, and literally the Commies in power are just in there laughing ha-ha-ha-ha, laughing at them; because they know they won't do anything, they can't do anything. They cannot resist; all they can do is just stand there and wave flags.

It's like Germany now; the German government is the same way, it's Nazism. We were just having an international meeting and our German church was reporting to us that in Germany they're starting up the vaccine passports. That's beginning, folks; in the west vaccine passports are beginning. That is, you will not have freedom to travel you will not be able to enter or leave the country without your vaccine! Now, now, now tell me: if I told you this five years ago, you would think I'm *plum loco*, right; you would think I am insane. But now you're seeing it folks; we are seeing it happen before our eyes. This is Germany, this is Germany; remember this is supposed to be a western free country. Vaccine passports! You understand? That is prohibiting the free travels of free people. What if you have to travel for business? What if you have to travel for leisure? Whatever the case may be, you have the right to travel as a free person and a child of God living in this world. That's now coming to an end; do you understand, folks?

That's why of course ATF (*Bureau of Alcohol, Tobacco, Firearms and Explosives*) for example is just releasing their new rules on 80% lowers, and they're trying to now make manufacturers put serial numbers on both the barrel and the frame and every single part of the rifle or gun etc. But it's always been an

American right to be able to make your own firearms! In fact when the Second Amendment was written you could own a cannon! You understand, folks? That was the highest military technology they had at the time. That's like owning a tank, it's like owning a plane, or whatever; it was the highest level of military power, and you could own that as an American. You could build one yourself if you wanted to, if you knew how to do it. It's always been an American heritage to be able to build your own guns; Americans have always been free to build their own guns.

Now imagine you want to change out the barrel of your AR, you want to go from a 16 to an 11- inch barrel, you want to make it a little shorter or something like that; now what kind of nightmare will you have to go through? You have to get the new barrel with the new stamp on it, and then you got to get this and that registered; it's going to be a ridiculous nightmare. You understand, folks? But the point of it is: it's to just make it harder and harder, to suffocate and strangulate the manufacturer, strangulate anybody who is a competitor.

### **They'll throw you under the bus**

Kook Jin Nim was telling us just before the service: it's funny because even the big gun manufacturers; they support these kinds of ridiculous laws! Can you believe that? Why would you support it? You're in the gun industry, why would you support this kind of stuff? You're infringing on the Second Amendment; why would you even support this in the gun industry? Why? How is that possible? You know why they do it? Because it doesn't hurt the big boys; it hurts the little guy. It hurts the little guy who makes his gun in his backyard; he's got this great idea, *"hey, I want to build this stuff,"* and he makes the next best thing. It prohibits that man from creating his product; now he's a felon. Uh-huh, and now the big boys can keep their monopoly, or they can work with Big Government to create a monopoly. This is a scary thing, even about the firearms industry! You have these people willing to acquiesce, willing to kill the Constitution, kill the Second Amendment so they can maintain a monopoly that will give them another 40- 50 years.

But this is the foolishness of it all: you think that by acquiescing to Stalin or Lenin, you'll be put in power! You think that by acquiescing to let America be invaded by foreign jihadis and Socialists and Communists from different countries, that by helping that happen and helping the radical Communists Left make that happen, you think that they're going to be thankful when they come! You think ISIS is going to be thankful to all these brainwashed suburban kids who have overpriced college tuition, and they have useless degrees because they started studied gender theory or something like that - you know what I'm saying, just crazy stuff - you think that jihadis are going to come and say, *"oh, oh, thank you so much for giving this country to us. You did such a wonderful job, we're going to now worship you; we're going to worship you, and now you can be the rulers and we will be your police force."* You think the jihadis are going to behave like that? Are you insane?

That's what they always do: they always try to get the people, *"come on, join the government; we will effect authoritarianism, Communism. Help us do it and we'll take care of you."* But of course they won't take care of you; you'll be the first ones thrown under the bus; you will be the first ones. Now they're

bringing BLM tied with the Muslim Brotherhood, which is radical Islam; that's Hamas. Under the FBI's own delineations that is a terrorist organization, now funding these radical protests, which will only of course be getting worse; as you see even places like Texas now are starting to look more like Portland.

So the point is: America has to realize the gravity of the situation, and because we talk about this, that's why we're banned and deleted; we're unpersoned on YouTube, we're deleted on Facebook, etc.

### **Christians, stand up!**

But every church should be talking about this, because in the end what is it going to profit the church going along with Socialism, Communism, political Satanism? You're going to be the same type of pastors that after Hitler did his genocides, is going to be complaining about what he did. But you helped it happen! Are you with me, folks? You weren't any one of the brave Christians of the Body of Christ that stood up and resisted it! You see what I'm saying? It doesn't profit the Body of Christ at all!

God raises us as the Chief Shepherd of 1 Peter, so that we can be His hands and feet that stand up against unrighteousness. The Bible says, *"Stand up against unrighteousness! Resist the devil and he will flee!"* The Christian is called to:

Stand up against wickedness;  
 Not to acquiesce to it,  
 Not to let it happen,  
 Not to let it take over,  
 Not to let it supplant Christianity. Are you with me, folks?

This is a crazy thing; we never thought it would happen in America; we never asked for this and we never thought it would happen to America. We got too arrogant, we got too full of ourselves, *"oh, this happens in other countries; that never can happen here."* Meanwhile they're infiltrating the local areas, meanwhile they're infiltrating the schools, meanwhile they're getting Common Core put in, meanwhile they're getting this and that put in, and we're just going along with our busy lives, *"hey! I got to do this; do that."*

But you're not going to be able to do this or that anymore when they take control; there won't be an ability to do this and that anymore. You'll have to get a license to travel from one town to the next town, as you do in North Korea. Hello! You're going to have to get a permit! Let's say I'm driving from Matamoros to Milford, I have to get a permit from Milford to travel there, or from Newfoundland, let's say we're going to Hawley, you have to get a permit from Hawley - government stamped - so you can travel from here, Newfoundland to Hawley! Americans don't understand; this is how millions of people are living in the world right now. You've been sheltered. I'm sorry I have to say you've been spoiled, totally oblivious to the reality of what the world is under, under Communism. And it's here, folks. Again that's not a condemnation on anyone of the folks here.

But the point is: as a culture we have lost our root, we have lost our spine; we've become jellyfish. We just acquiesce to everything the governor puts out; everything that the governor puts out, we just acquiesce,

*"Oh, yes sir, yes.*

*- Take off the mask!*

*Okay.*

*- Put it on!*

*Yes sir, okay.*

*- Take it off!*

*Okay, yes sir."*

I mean this is crazy land! It's totally unscientific, totally proven to create more bacteria in the face. They've done studies on the bacteria that are on your mask; it has fecal particles on it, because you've been in the bathroom, and in the bathroom fecal particles are transmitted through the air. If you ever see those dryers when you dry your hands, don't use that; just bring a handkerchief because the dryer is catching fecal particles that are floating in the air from people doing poopy in there, and you're catching those particles, and you're washing your hands and you're drying your hands and you're getting hit with fecal particles of people you don't know. I didn't want to share that for y'all at lunch okay, but I'm just telling you that they've done studies on it, and it's true.

Same with your mask okay, same with the mask, because people are not changing out their mask, and of course you can't stop a 0.6 micron virus with a blue mask thing that they wear; totally ridiculous! It's theater, folks; it's theater; it's conformity theater. When the North Korean authorities tell you to wear a mask you wear a mask; it's just fear. And here too: well Fauci said you could take off one mask, what about the second one? Did he give permission for that? Uh-huh! Totally over the top crazy, folks, crazy land! Everybody thought we were crazy talking about this five, six, seven years ago, but now that you actually experience it you're saying, *"oh whoa! How did this get here?"* Well, the Beast has been working; the 666 Beast has been operating.

### **About Isaiah Chapter 32**

Let's go to Isaiah Chapter 32. This is a powerful, powerful scripture. Now let's just give a little context: Isaiah is speaking out against the king in Jerusalem because this is the time when the Assyrians and then later on the Babylonians will come and take over Jerusalem and destroy it - which he prophesied. Then of course there will be the Babylonian captivity which will happen about seven years later and of course the eventual return.

But the point is: during the time of the prophet Isaiah we are talking about the Assyrians as the major power, and now that power base is changing from Assyria to Babylon. So there is a big dynamic power shift that's happening in the world at this time of the prophet Isaiah, and there is a big power transference that's happening between major civilizations; both of which of course are doing the practices of Baal and killing their children, both of which are doing sex trafficking of children and temple prostitution, both of which are doing all these Luciferian satanic practices. The cultures, despite the different names of the gods, etc, ethically they're doing the same Luciferian stuff, as the

first pedophile, sex trafficker and sex groomer, Lucifer in the beginning in Genesis chapter 3- which is the reason why all the Satanist cults are after our children and our grandchildren.

If you remember, a couple of years ago we did that interview with a former Satanist Zachary King who became Catholic - he should have become born again Christian, but anyway he became Catholic - and he admitted: number one he was brought into the Satanist cult through sex; they lure in young boys with hot girls who are Satanists and they have sexual rituals with them and big orgies. So when he was 14, 15, 16 years old that's how they got him into Satanism. He eventually became like a manager - I can't remember what they call it - and then he was overseeing certain cities and towns which had Planned Parenthood abortion genocide mills in them.

The Wickens and the Luciferians and the Satanists, they pretend like they're all different religions. The Wickens will say *"we don't identify with a satanic figure,"* and the Satanists will say, *"Well you know your view of Satanism is very non-nuanced, and you don't understand that we believe in psychology and we believe the power of Lucifer works within us."* They do all this kind of stuff, but basically the point that I'm making is: they try to make it seem that they're variegated and that they're different, but in the end they're doing the same stuff, folks; their final goal, their final principle is doing the same stuff.

And it's always connected of course to the government, it's always connected to Communism Socialism Leftism; it's always connected to the destruction of the family, the splitting of the husband and wife, and the predation of the children - which of course, unfortunately the Catholic Church has become part of. In Pennsylvania alone, I believe 50% of the priests were identified by the Pennsylvania state legislature as being pedophiles. In fact we had dinner with some of our friends here that lead VetStock, and they were saying, *"Yeah, we were married under that priest, and he died in prison as a pedophile!"* So, it's real in this area too; it's big.

### **The Four Horsemen of the Apocalypse**

The point is: all the satanic forces work together; you look at the **Four Horsemen of the Apocalypse** you see:

\***The White Horse** represented by the international banking Satanists, the Rothschild group, which is connected of course with the occult, the Freemasonry; they're connected with many, many, different forms of the occult, married into the British royal family etc. And then of course their traditional symbol was the crown and the bow and arrow. Isn't that interesting that the Bible refers to the Antichrist figure and his Beast that he rides on, as that symbol of the crown and the bow and arrow, which happened to be the traditional Rothschild crest? Isn't that a coincidence? That's kind of funny, isn't it? Written 2,000 years ago; you know just a little minor coincidence!

And then of course you have:

\***The Red Horse** which has a 100- million men army; it is the horse of war, the beast of war. The animal that the horseman is riding is a beast. It's not a normal horse, but it's a red horse; that's a

mythical beast that he's riding on, and it is a horse of war. You look at China now as the Red Horse, as the Red Dragon, as they refer to it, but it's really animated by the power of Satan and of course it is the million- men army. Your friendly leftist Canadian Justin Trudeau was allowing it to do special forces training with the Canadian special forces over eighteen times the last three years; unbeknownst to the Canadian public that their Canadian taxpaying money was being used to train the Chinese military eighteen times with the Canadian special forces in the last three years. See, you can't make this stuff up, folks; it's so ridiculous! But anyway the point is: these horsemen are big cabals and they work together.

You have:

**\*The Black Horse** that holds the scales of justice as if it's doing justice, but of course it is parts of the CIA, FBI, which are what we refer to colloquially as the Swamp; the intelligence agencies that have been taken over by Satanists, by totalitarians. They want to destroy the flag, they want to crush America, they want to ally with the Rothschilds and the international bankers like Soros, and they want to ally with the Chinese Communists - which they're doing. Hunter Biden is working directly for this Chinese spy chief. Hello! I mean this is ridiculous, folks; it's ridiculous. You understand?

So you have the Black Horse which is supposed to hold the scales of justice, but of course they're evil and they're just doing that as a show; they're holding the scales of justice, pretending that they're serving you but of course they're working with and allying with these other nasty cabals.

And then of course you have the horseman of death which is riding the Beast,

**\*The Pale Horse of death.** Of course every jihadi flag has the characteristic of green or black, and of course it is the religion of death. It brings death to the traditional Christian family, death to women, enslavement of women; it allows for prostitution to be legalized and completely sanctioned by God; it allows for multiple wives; it allows for taking sex slaves, as a theological culture.

And all these forces coincidentally work together with a false prophet who is widely renowned and acclaimed through Christianity; the Bible talks about him and he works with the White Horse, with the Antichrist Beast, which has turned out to be the widely renowned Catholic Church, the biggest church on the planet, and the pope is working in cahoots with the pedophile networks. All these institutions are tied together by pedophilia, folks.

-**Islam** allows for child bride marriage; that is pedophilia. You understand?

-**The Deep State:** Epstein is just the tip of the spear. Epstein and his sex clubs with the Clintons and the Obamas, etc; that is just the tip of the spear. That is again pedophilia; that's sex trafficking.

-**Open borders,** letting in the predators who are trafficking children.

-**China,** one of the biggest sex traffickers of the world, trafficking Asian women from Thailand, Philippines, etc; they are of course trafficking their own people as well.

-And you have the **Rothschild** group which is tied together to the **Freemasonry**, the occult and sex trafficking at the highest levels; Satanism basically at the highest level which involves satanic and child sacrifice.

Again these are not things that people think it's so over the top, but you understand, the Bible warned about these things two thousand years ago. It was in the Old Testament too, five thousand years ago. Deuteronomy is talking about it, "*Do not pass your children to the fires of Baal.*" Every major Old Testament prophet is saying, "*Do not acquiesce to Baal and Asherah.*" They will make you kill your children; they will make a culture where it's okay to do abortions - at that time they didn't have it, so it's infanticide; they will make a culture where it's allowed to prostitute your children, to sell your children for prostitution. That happened; we have record of that in the Carthaginian period; we have the record of that in all major ancient civilizations.

### **Ancient sexual practices vs. Judeo-Christian culture**

It's the God of the Bible that says, "*No! You cannot do that you cannot do temple prostitution and sell your children there; that is not allowed. You cannot put your children into the fire of Baal and kill them for your convenience; you may not do that.*" The God of the bible is the One that stopped that in the ancient world, that's why He's a very unique figure in the ancient world; that is the God Jehovah, Yahweh. He is a unique deity that is special and He's benevolent; He is saying, "*No, you cannot do these things.*" And by the way even in Leviticus, He even talks about protecting animals; you can't kill animals in certain ways etc. So God even talks about protecting animal life, as well as human life.

He was one of the unique gods in the ancient world that stood up against homosexuality, because homosexuality is widely practiced; the Greco-Roman period is based on homosexuality. Plato and all the other Greek philosophers they would go on soliloquies and write about how beautiful the love between the philosopher and his student is that would transmit from the mind but also to the body. So they were having sex with their disciples, male sex; this is homosexual sex. This is part of the mainstream culture, folks; in Japanese Buddhism you have Buddhist monks writing scriptures about the deflowering of their disciples. You understand, it's the Judeo-Christian culture that says, "*No, no, no, no! You cannot do that!*" Are you with me, folks?

And that's a big deal; that's a really big deal. Why? Because in the end, the Judeo-Christian culture desexualizes all relationships in normal society, other than the relationship with your spouse! So there's a place for sexuality, there's a place for love and intimacy and romance etc, but that is within marriage; that's where it blossoms and that's where it becomes fruitful and brings glory to God and joy to God etc. But anywhere out of that it becomes wicked and it starts degrading and disintegrating society.

It's not just like acquiescing to this stuff and then it'll just go away. No! It always will get worse. Remember the LGBTQ starts with homosexuality, but then it goes to transgenderism, then it now goes to the pedosexuals, and now we got to protect the rights of pedophiles, and now we have to universalize the Kinsey report and the Kinsey studies that were done in 1950s basically raping children by a convicted pedophile. Then we have to educate all our children to be psychologically trained under Freud who was a proponent of pedophilia, whose nephew was Edward Bernays, one of

the top marketing directors of propaganda for the government and major TV and media corporations like ABC and NBC, and of course whose descendant is Eric Rudolph who is the owner of Netflix.

So, I mean it's over the top insane, folks; it's just so crazy, it's so crazy! Sometimes I hear myself talking like this and I just think, "*it sounds nuts, man; it sounds so ridiculous!*" Because you couldn't write a sci-fi novel, you couldn't write 1984 like this; people wouldn't believe it. It's so ridiculous, it's so in your face, it's so obvious and it's so wicked. But they'll laugh and they say, "*You can't do anything about it. We stole the elections right from your face, and you patriots you think you're so brave, but you can't do anything. You won't do anything so we just take it away from you.*" That's the kind of spirit they have.

So let's get to Isaiah 32. The Lord is calling me to Isaiah 32. Let's read it together:

### **Isaiah 32: 1- 5**

*1 Behold, a king shall reign in righteousness, and princes shall rule in judgment. 2 And a man shall be as an hiding place from the wind, and a covert from the tempest; as rivers of water in a dry place, as the shadow of a great rock in a weary land. 3 And the eyes of them that see shall not be dim, and the ears of them that hear shall hearken. 4 The heart also of the rash shall understand knowledge, and the tongue of the stammerers shall be ready to speak plainly. 5 The vile person shall be no more called liberal,*

Now let's have compassion for the liberals; they're 64% mentally ill according to statistics. Do you know that? 64% of liberal democrats have a mental disease; isn't that crazy?

*5 The vile person shall be no more called liberal, nor the churl said to be bountiful. 6 For the vile person will speak villany, and his heart will work iniquity, to practise hypocrisy, and to utter error against the LORD, to make empty the soul of the hungry, and he will cause the drink of the thirsty to fail. 7 The instruments also of the churl are evil: he deviseth wicked devices to destroy the poor with lying words,*

Look at how they manslaughter and ravage and rape the poor communities! Brainwashing them that the government will be their savior, "*Take the welfare check, divorce your husband, split your family up, let your children grow up without a daddy, and you'll be fine; your government check will come in the mail.*" And even that, it doesn't, right!

### **Family SWAT team**

But you've lost all your key relationships, your force- multiplier relationships that God gives you: your husband and wife relationship, bam, that's the powerhouse right there, that's the engine; the husband and wife that's the engine! Then you got the children which should be in unity with the parents; they should be the best, tight like a SWAT team. Are you with me, folks? That's why the Kingdom, it's not a centralized police and military force; it's an armed citizenry "*love God, love your neighbor.*" Your children and you are training together with your neighbors, and collectively everybody's protecting one another. Just like, if you've gone to a big gun rally, it's the safest place to be.

No jihadis going to run up on that; if they do they're going to get some resistance, usually in a wall of lead, and they're most likely not leaving there alive. They're cowards and they want to bring the most amount of terror and they want to keep the body count as high as possible, so they want to go always to a 98.4 % gun-free zone. That's where all the mass shootings happen, because they want the maximum impact of their terror; because they're cowards.

Okay, let's get back to it! Let's jump to 10:

### **Isaiah 32: 10- 20**

*10 Many days and years shall ye be troubled, ye careless women: for the vintage shall fail, the gathering shall not come.11 Tremble, ye women that are at ease; be troubled, ye careless ones: strip you, and make you bare, and gird sackcloth upon your loins.12 They shall lament for the teats, for the pleasant fields, for the fruitful vine.*

*13 Upon the land of my people shall come up thorns and briers; yea, upon all the houses of joy in the joyous city:14 Because the palaces shall be forsaken; the multitude of the city shall be left; the forts and towers shall be for dens for ever, a joy of wild asses, a pasture of flocks;15 Until the spirit be poured upon us from on high, and the wilderness be a fruitful field, and the fruitful field be counted for a forest.16 Then judgment shall dwell in the wilderness, and righteousness remain in the fruitful field.17 And the work of righteousness shall be peace; and the effect of righteousness quietness and assurance for ever.*

*18 And my people shall dwell in a peaceable habitation, and in sure dwellings, and in quiet resting places;19 When it shall hail, coming down on the forest; and the city shall be low in a low place.20 Blessed are ye that sow beside all waters, that send forth thither the feet of the ox and the ass.*

So you can see, in the midst of this crazy Assyrian onslaught, Isaiah is now dealing with the kingdom of Jerusalem that has become so fallen, the people are killing their children; they're thinking, "oh you know, abortion is fine; it's a woman's right." It's the same kind of stuff that they're dealing with, but it's basically the practices of Satanism. We're just talking about Zucker King. He was saying that the Wickens, the Satanists and the Luciferians, they work at Planned Parenthood; he would get those Satanists into Planned Parenthood to work so they could get access to the fetuses. He told me that on live air! You understand, folks? And he was a manager in a Satanist group.

### **Free-sex culture, an impediment to God**

It's interesting, one of the top apologists who teaches at a college, Dr. Frank Turek, was asked by a young Christian, "What is the biggest impediment of young people to the Gospel, to Jesus, to the kingdom of God? What is the biggest impediment?" And Dr. Frank said this; he said, "Sex, sex! Next question." Right, that's the greatest impediment! The young people go to college, they're separated from the parents' morality, and they're being taught actively by atheist and Marxist professors that, "your parents have kept you prude and they've kept you believing in this ancient mythical morality, but you should be a free thinker and a free person. So you should just indulge in sexuality, because that's liberating, and it's freedom and it's expression and it's orientation and it's being you and it's your truth." How much of this have you heard?

They're separated from the parents, separated from the community; they're isolated with everybody else brainwashed into the same thing, and of course they're young people, they're in a basic

brainwashed situation and they're doing hedonism. They're having beer parties and beer drinking orgies every weekend, and that's their college life. Once in a while they have enough time to do a little study and tell mom to send a check. It's crazy; this is what's happening. It's a promotion of this type of free sex culture which is then what? It's teaching children how to have terrible habits in relationship. It's teaching them to objectify women, it's teaching them to see just people as pieces of meat that you can just have pleasure with; it's teaching them all the wrong things.

### **Love & respect**

You can't keep a long-term relationship without that love and respect that God talks about in Ephesians Chapter 6, where the husband loves the wife unconditionally, even though sometimes she's not lovable, and the woman respects her husband unconditionally, even though she feels he's not respectful at times. You got to have that "love and respect" dynamic and by that build the kingdom within the spousal relationship, and then it comes alive. There's power there and there's magnetism there and there's romance and there's love and there's intimacy; all that beauty. But there's a place for that, and it's beautiful and it's powerful and it transforms society and other people around.

### **One-on-one time**

But they don't want you to learn those things; they don't want you to know how to counsel your kids; they don't want you to know about all the studies that show that time as a group is less memorable than one-on-one time. That's why we always encourage all the young people, "*do your one-on-one training with your spouse! Do your one-on-one training with your kids! Take your kids one at a time!*" Not as a group! You have plenty of group time if you live in the same house okay, plenty, trust me; plenty of group time okay! Take them one at a time, one at a time, like a date with them okay, like a date with them.

Start when they're young; we started with our kids when Shin Pal was five years old, and Shin Man three; and we would just go down to the local 7-eleven and that was their day. But on that day, boy, they were in the Kingdom of Heaven! When they were small they used to hold daddy's hand and mommy's hand there and we would swing them down the road; they would love that. Their feet were going "Whoop! Whoop!" They're flying high; they are with their mommy and daddy. They feel so much love, individuated; it's not with other children whom they have to compete with. They just hang out with mommy and daddy, and then at the same time they're going to get amazing blessing.

When Isaac gave the blessing to Jacob he didn't mimick and say, "Ah!" He said it, he spoke it; he gave him the blessing: "*Your descendants will be blessed, the works that you do will be blessed; all your enemies shall be cursed under your foot!*" He blessed him. So on that day we would bless the child: mommy gave three blessings of gratitude, why she is grateful for Shin Pal, (*he's right here, I'm not using him as guinea pig*) So mommy would give her three blessings to Shin Pal, like why she's grateful to have Shin Pal. He was a baby; he was five years old. Then he has to now give three blessings to mommy: "*Mommy is so beautiful and Mommy is so wonderful and Mommy's so smart,*" whatever it is, okay. That's how it would begin and then he would do that for Daddy; he would give gratitude for Daddy and, "*Daddy's so*

*strong, Daddy's Superman," or whatever, you know. And then Daddy would say, "Oh son, you are this and that, you're smart, you're doing good work on this, good, good!"*

And you don't compare them with the other kids. On their day they forget about their siblings; they don't have to compete, they don't have to fight for Mommy's attention; they don't have to do any of that. It's their day, individual time, Mommy and Daddy and child having a wonderful, grateful, grateful, gratitude-filled experience together!

Why? Because the Communists want you to have bad experiences with your kids, folks! They want you to have negative memories, because they've done the behavioral studies and they know that the one-on-one time is the most memorable for your child. But they also know the studies that if you ask children, *"what are your memories with your parents?"* the one-on-one time is usually negative; like you're saying, *"why don't you do well in school? How come the teachers called me for this and that?"* You see that's your one-on-one time; you're getting mad at them for something. Are you with me, folks? *"I got this call from your principal, Richard, what are you doing? Come over here!"* Smack, smack- whatever the case may be. So then what the child remembers is a bad experience with Mommy and Daddy, *"oh, whatever I do, my mom, you know, I can never satisfy her; whatever I do she always disapproves of me."* It becomes like this.

And then guess what? That is ripe harvest for the psychologists and the Leftists and the atheists, because when they're in school the psychologist will sit there cross-legged, *"oh yes, yes, oh that's so terrible; I'm so sorry to hear that. Oh, you've been through so much!"* You understand? They will lure them in that way. Why? Because they know they can suck in the young children, make them feel like victims, *"oh yes, my parents were the enemy. Oh, you are my savior Mr. Psychologist - trying to brainwash me to being a leftist- yes, you are my savior!"* You see they want to gain their trust. So they want you to have bad one-on-one time with your children; they want your children have bad memories of you.

But what if you flipped that? What if you turned that around? What if, for the glory of God, you had it like a training, like serious training, *"I do this training because I'm not going to let the Devil take my kids,"* and you were consistent? And on the first week of the month your first baby gets their day, on the second week the second baby gets their day, third week etc. You see, now sibling rivalry goes away, now they're not competing for Mommy and Daddy; they know their day is coming.

When our kids were young, let's say it was Shin Pal's day, he could buy an extra snack; he could buy a small snack in 7-eleven, whatever he wanted. I know GMO is bad but on that day they can cheat a little okay, just a little bit, so you can have LifeSavers or whatever you want, and then also you can buy a bag of stuff, one bag of Doritos or whatever for your siblings. So on that day he comes back home, he's walking home in slow motion, baby; he's walking home in slow motion with the bag of Doritos, and all the other children, *"Whoo!"* Now, he's a hero!

He's a hero on his day:

He got gratitude blessings,

He shared blessings with Mommy and Daddy,

He got positive one-on-one time - the Communists are crying, Satan is crying- and,  
He comes home as a hero!

He comes home in slow motion, walking like a cowboy, like Clint Eastwood walking down that road;  
just like that!

And on the next kid's day, it's the same thing, they're excited, "*Hey, when you go, pick up the Cheetos, man; come on, hook us up with them Cheetos!*" (Laughter) And then on that day he's Hero-man! All his siblings love him; they're encouraging him, "*go; go on your day!*" I love it! No more sibling rivalry; the love is filled, the love is filled; the vacuum is filled.

### **The Devil's hands & feet**

For the psychologists, and the Communists and the Marxists who are trying to brainwash them and separate them from their parents, it's going to be much harder now, because now they have to deal with all those years of positive one-on-one time. They've got to deal with all those blessings that we've given one another; they've got to deal with all that in their mind, to break through and take control of this person.

See, but we don't understand it; we don't understand that the Devil would also use his hands and feet in this world. We saw the scripture that said, "*For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places.*" (Ephesians 6:12) We just thought it was purely spiritual; we didn't know. The Bible talks about the Body of Christ being the hands and feet of God; well Satan uses hands and feet too, folks. He used Hitler, he used Stalin; he used Mao. He uses the Leftist Communist party here in America, the Democrats and Neocons; he uses them to affect his kingdom, his will, his culture. And it's a culture of evil, right. You're degrading justice, you're degrading morality, you're degrading the family, degrading marriage, degrading the value of the life of a child; you're degrading everything. And then everything becomes okay, everything is your truth; everything is an expression of you. You become God; you'll be able to decide what is good and evil. There's no objective reality of goodness outside of you; you are God.

That is a hellish existence, because that's what Hitler believed, that's what Mao believed, that's what all the Communists believe; they all believe that they're God. They don't want to bow to an outside God and an external source, whom they have to be accountable to when they die, and that's why they fear death; they always try to run. But of course the good news is: you can't run forever, you can't run forever; you can make a lot of havoc along the way, but you can't run forever.

### **God has a pathway**

Isaiah 32 is reminding us that in the end, even amongst all this insanity, God still has a pathway; He still has a way. And even though it's hard, and even though it's seemingly insurmountable, with human beings it may be impossible, but with God nothing is impossible. God makes a way in the desert, rivers; when there's no stairway He makes a stairway. When it seems like it's the worst, it's actually when Satan is the weakest. Look how scared the Democrats are for example, of the highest

gun ownership in American history in the past year; they have the highest gun purchasing in one year ever and so much purchasing of ammo.

They're like, *"Dang! Didn't we buy all the ammo? Dang on it! What happened? How come all these people ..."* Even hardcore Democrats are saying, *"Oh, can I buy a gun? Oh my gosh, there's no background check on this? Where are the loopholes?"*

*"Excuse me Ma'am, you were brainwashed; you already got to take a background check."*

My God! Are you with me, folks?

### **The epic story of the "Star- Spangled Banner"**

But they are scared because they know it's at a tipping point; it's at a tipping point if America understands that it has something to fight for. Something is important about the founding of America, folks; it's about the Red, White and Blue, the Colors, the flag! When you see the flag, it's not just Team USA versus Team Britain or Japan. Did you know when Francis Scott Key wrote "the Star-Spangled Banner" at the battle of Fort McHenry; oh my goodness! Did you hear the story? Oh my Lord! What an amazing story!

So the British and the colonies, America, had been fighting and they've now acquired prisoners on both sides. The American prisoners were on the boats; they were about a thousand meters out of Fort McHenry. The fort had different prison cells, etc. Francis Scott Key who's a lawyer and an amateur poet, he's selected to go out to talk to the British admiral who's controlling the naval fleet that is about to decimate this fort. So he goes out there to negotiate with him. He's a young man, 35 years old, he's a lawyer and he's got a lot on his shoulder because now he's got to negotiate this well. He gets a deal: *"Okay, we'll trade one- to- one; you give us an American back, we'll give you a Brit back."* Are you with me, folks? They've already been fighting for a couple years now. Amen!

So then the admiral says, *"okay, you got your deal; you got your deal!"* and Francis goes back. He's so excited, *"Yes! We got our deal! Yeah! We got our deal! We're going to do it one-on-one trade, everybody; we got our deal!"*

By the way, while he was on the British ship - before he comes back to celebrate - they showed him downstairs where they had the American slaves, the American captives, the soldiers that were caught, and on the ship they're saying, *"hey, is the flag flying?"* Because Fort McHenry had a big 15- star flag, and they say, *"Hey, is it flying?"* That was the question they were asking; the prisoners on the ship were asking, *"Hey, is the flag flying?"* He's like, *"Yes, it's flying; it's flying! I'm going to get this negotiation done well; I'm going to get you out of here."* Then he goes back and he says, *"Yeah, we got it, we got it!"*

Now all of a sudden the British admiral has a change of mind, *"well, I pondered these things and yes, under my calculations I changed my mind."* (With British accent) The whole British naval force is there, and they tell Francis, *"We are going to decimate the entire fort with all the guns on that ship. You can avoid this; just put down that stupid flag, just put it down and put up the British flag. You'll be part of our nation; you'll be protected; just put it down. It's a stupid flag anyway; put it down!"*

*Gave proof through the night that our flag was still there:*

Remember those bodies! Remember those bodies!

*Oh, say! Does that Star - Spangled Banner yet wave*

*O'er the land of the free and the home of the brave?*

(*Applause*) Do you understand, folks? No, I didn't mean to do that, folks; I didn't plan that, okay. It's the spirit moving.

You understand? What we are fighting for, it's not a small thing. So we have to pray; we have to bless each and every patriot, because whether we're white, Black, Asians, it doesn't matter, it doesn't matter. Because we're standing for liberty, God's gifts against predators, Satanists and child molesters and demonic principalities and powers! And guess what, folks? This fight is worth it; it's worth it and if we lose, we will probably lose the world, but if we win, if we win in this epic context of liberty, we will be able to stand at a new age, an age where His Kingdom and His culture can become real.

### **Pastor Sean's Prayer**

God, Father God, we thank You for this day today. We thank You for so many great fallen heroes and the lives that have been spilled to protect this land, which very unfortunately Father, has become the last bastion of hope in this world; in the entire world, we are it.

It is such a crazy time, where there is so much fear, where there is growing danger and very dangerous groups that are allying together to snuff and wipe out the torch of liberty; the torch of liberty that once stood for the human rights of men and women given to them by their Creator, by You, God. But as we've lost and as we've fallen away from Your sacrifice, as we've fallen away from the blood of Jesus, as we've fallen away from repenting of sin and staying away from licentiousness and things that are so important for Your Kingdom, we've been taken over from the inside. And now we stand at a time in our country on the verge of an ideological civil war, with divided kingdoms, civilizations which cannot mutually exist.

So we pray dear God, we pray for President Trump, we pray for all the patriots in this land. We pray for all to recognize how important this tipping point time is, because the fate of the world literally depends on us. I know God, we are imperfect and we are scared and we are from so many failures and different things that have happened in our own lives, and we know that we are not adequate. But God, we know that You have used imperfect people for Your perfect Will. We know that You used Moses who was a stammerer and the murderer of an Egyptian. We know that You used Joseph who was sold into slavery by his own brothers, and we know You used all the prophets and those men of God who stood for You against opposition, hatred, mockery, isolation, scorn, even imprisonment.

George Washington said at that critical time, that the difference between an American Christian and others in the world is that the American Christian would rather die standing than live on his knees.

And dear God, we pray that You would give us the power of the Holy Spirit, so we would be brave and epic Christians, brave and epic followers of Christ, brave and epic men and women that will

stand for righteousness, that will know that America is worth fighting for, that the Stars and Stripes are just not colors on a canvas piece of material, but they represent the blood -soaked ground that has been paid. This liberty had been bought by the blood of Jesus and by like-minded individuals who fought for her and piled the bodies high to keep that flag up!

We thank You, God, for this day. We thank You for our fellowship. We know that we may, as the Body of Christ, fall into petty things and disagreements and scorns, but let us remember that we either stand together or hang separately; we either stand unified at this critical time, or the enemy will divide us and conquer us from within.

Let us have strength, wisdom, and discernment of power, at this critical time!

Animate each one of these hearts!

Fill them with Your spirit!

Pour out Your living water right now!

Heal us from the head all the way to the toes!

Animate us with the fires of liberty for this contest that You have called us for!

We believe in You! We believe in Your calling! We believe that You have reasons to call us out of the flock, to stand at this critical time, and we know that You always work with the microcosm that spreads to the macro.

So we bless You God; we bless You this day, and we ask that You would stand with America and her hour of darkness! Allow us to be the light, never so that we would be worshipped, but that we would be able to lead others to You and Your kingdom of freedom and responsibility.

We thank You; we give You all the praise, glory, honor with all the kinship lines gathered here today. We pray in Your precious name. Amen! Amen! Aju!

All right, folks, let's all rise, and give Him the glory, give Him the praise! Amen!
