**Blessing Prayer for Theo & Anastasia  
November 7, 2021 - PA, USA**

Father, we thank You for this beautiful and holy day.

Father, how much You have yearned in the 6,000 years of Biblical history, to see the restoration of the original ideal of creation; husband and wife, king and queen, to be Your heirs and to rule Your Kingdom with love, with respect, with forbearance and justice.

Dear God, we are so blessed to be in Your sanctuary today amidst the holy tabernacle of Your people. As Your Word says You have made us into living stones, and it is within this tabernacle that Your Holy Spirit dwells.

We are so grateful because today our brother Theo and sister Anastasia are rededicating their vows in holy matrimony before You as an eternal couple, and at the same time, receiving the coronation of kingship and ordination of Your royal priesthood.

As Your Word says in Ephesians 5, the husband as the king and the priest of the home is commanded to love his wife unconditionally; to uphold her and honor her as the queen of that kingdom, and to pray with her and stand with her in spiritual warfare against the forces of evil. We are so grateful that Brother Theo is the exemplar of such an honorable king, and we are so grateful that his love for his queen has been consistent and powerful, and that it has endured the test of time.

We are thankful for Your Word as You call the bride to unconditionally respect the husband and in their home to create an atmosphere of love and respect. We know that Anastasia will be a true blessed queen with great gifts of the Spirit and a great gift of sharing Your Word, the good news of the Gospel and the good news of Your Kingdom to so many.

We ask that You would anoint them this day and bless their union. That in this coronation a true king and true queen be birthed into the Kingdom of God; priest and evangelist standing with their children as the unit that binds the Kingdom of God together.

We thank You God, that You are calling all Your children and giving us the holy work of the clergy and the holy work of the priesthood now at the family level, so that our children can be protected by Your Word, can be raised up in an atmosphere of love and respect between their parents, and see through their parents their future kingship before their eyes.

We pray that You would bless them and bless the works of all that they do; the many people that they touch and lead and help, because we know there are so many that this couple reaches and serves. We pray that You would anoint that work and that ministry; that You would anoint that strong coalition

of friends that would also stand against the evil and wickedness of this day, and stand for Your principles of liberty and principles of freedom and responsibility.

We thank You, Father, that You are bringing them and leading them step by step. As Your Word says You are a lamp unto our feet and a light unto our path. We know that You have never forsaken our country and humanity, and we are standing as heavenly soldiers upon the battlefield against the wickedness and evil that confronts us and humanity on this day

But we must also realize that it is always the microcosm which moves the macrocosm; it was just twelve men that stood with Christ that changed the entire history of the world. We must understand that our numbers are much more than that, and that the microcosm always will lead the macrocosmic changes. Let us remain strong at this time together.

Dear God, use this family, use this couple for Your great work of revival and awakening people so they may return to the most precious culture and gifts that Christ has bestowed upon this world. That they will return and remember to become strong men and women, to become good protectors, that will become defenders of goodness and faith, and will be brave in righteousness; never in self-righteousness but in godly righteousness, to stand up against the wicked as they encroach and as they try to take over the civilizations of this world.

It all starts from the transformation of the human hearts and it all starts from the transformation of our spirit when You dwell within us and You lead us on the epic quest that You have called us to live.

We thank You.

We pray for Your great blessing and anointing upon them this day.

We thank You for this coronation and ordination;

We thank You that You will use them in great and mighty ways for Your namesake and for Your Kingdom.

May You get all the glory, praise and honor. With all the kingship lines that are gathered here today witnessing these things we pray in Your precious name. Amen! Aju!
