### A message of hope & encouragement to the European WPUS family

Nov 8, 2021 - HDH

God bless you all in Europe. We're praying for you.

You must resist; this is terrible. This is worldwide political Satanism and Communism and if you do not resist you will be thrown in concentration camps. That's how it always happens historically with this economic lockdowns and bioterrorism across the world. There's never been a case with this type of worldwide economic crisis where there's not war. So people have to understand that this is not something that will go away. The bureaucracies do not go away People must resist this tyranny otherwise you will become slaves, 100% slaves.

In those nations there has to be courage, and you have to know that the Spirit of God is with you. These evil wicked satanists who are trying to rule over the entire world, they have to be resisted. As the Scripture says, *“Resist the devil and he will flee.”* It's very, very important.

We're praying for everybody but it is becoming more and more dangerous. The lockdowns and the mandates will only get worse; they will not get better, they will get worse. Now Bill Gates and these evil Satanists are saying that bioterrorism is next. So they're going to start blowing up stuff with chemical weapons and bioweapons; that's what they're planning. It's only getting worse, it's going to get worse. So people really have to pray together with the local communities and the Christian communities.

The Abel- type Christian realm is very receptive right now. it's time to preach, to preach the Gospel of the Kingdom of God, the CIG Constitution. It's time to preach that. Preach that! Preach that! Because there's so much receptivity. People's hearts are open and they can finally understand Father's value.

As you all probably see, in Newfoundland we're having just a new harvest of all these capable leaders and capable people becoming complete blessed families: 40-day separation, three-day ceremony, accepting True Father as Returning Jesus, etc, and I think you all are seeing the testimonies before your eyes. Every week new people are coming and coming; coming because they feel the signs of the times. It's the same in the other countries. The worse it gets, actually the more powerful the Gospel of the Kingdom of God is, especially the CIG Constitution which is the good news that the eternal Kingdom of God is one of liberty, not tyranny.

So we are praying for you all. Keep up the good fight and keep witnessing, keep evangelizing because, *“the harvest is plenty but the workers are few,”* as Scripture says. ‘

Have strength and courage. Know that God is with you. Do not give up and do not give in to the spirit of fear because He has given us, power, love and a sound mind.

*(2 Timothy 1:7: For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind.)*

Amen! Aju!
