

Pastor HJ Sean Moon

Our Hope is in Christ

February 10, 2022

Hello everyone! We had an amazing time last week studying Scripture and Jesus on a donkey. Incredible! Just a quick recap because I know folks in Pennsylvania did not hear that service. But remember, Christ, the King of Kings, he's Caesar's King and he was on a donkey, a dirty donkey with flies all over it. You can see the scripture that says they put down different grasses along the road. So it wasn't even like palm leaves only; it was other stuff that they just grabbed on the side. Now compare that to the pomp and circumstance of Caesar. When he rolls in, he's got the gold armor on, he's got the red jeep; he's got one hundred soldiers walking down.

And here's Jesus on a dirty donkey, but yet JESUS is Caesar's KING. Amen! Why? Because your kingship and your identity don't come from the Caesars, it doesn't come from the elites, it doesn't come from people; it comes from God. Jesus is totally one with the Father; he's Father God's substantial body on earth, God in the flesh. So he IS Caesar's King; he is pharaoh's King.

Everybody knows that when Jesus was a baby he moved to Egypt, when Herod was killing all the babies. Jesus lived in Egypt; he probably saw the Pyramids. You can see in the Scripture in Matthew chapter 2 that Jesus is in Egypt. His family goes to Egypt probably until King Herod dies in 4 AD, and then they come back. So they were probably living there a couple of years as he was still a young child. He definitely saw the Egyptian satanic cultures, and probably even saw the Pyramids. But people don't know that because they don't read their Bible. In Matthew chapter 2 and verse 19- 20 Jesus, Joseph and Mary had to flee and they went to Egypt.

Deuteronomy chapter 8

8 All the commandments which I command thee this day shall ye observe to do, that ye may live, and multiply, and go in and possess the land which the LORD sware unto your fathers.

2 And thou shalt remember all the way which the LORD thy God led thee these forty years in the wilderness, to humble thee, and to prove thee, to know what was in thine heart, whether thou wouldest keep his commandments, or no.

3 And he humbled thee, and suffered thee to hunger, and fed thee with manna, which thou knewest not, neither did thy fathers know; that he might make thee know that man doth not live by bread only, but by every word that proceedeth out of the mouth of the LORD doth man live.

4 Thy raiment waxed not old upon thee, neither did thy foot swell, these forty years.

5 Thou shalt also consider in thine heart, that, as a man chasteneth his son, so the LORD thy God chasteneth thee.

6 Therefore thou shalt keep the commandments of the LORD thy God, to walk in his ways, and to fear him.

7 For the LORD thy God bringeth thee into a good land, a land of brooks of water, of fountains and depths that spring out of valleys and hills;

8 A land of wheat, and barley, and vines, and fig trees, and pomegranates; a land of oil olive, and honey;

9 A land wherein thou shalt eat bread without scarceness, thou shalt not lack any thing in it; a land whose stones are iron, and out of whose hills thou mayest dig brass.

10 When thou hast eaten and art full, then thou shalt bless the LORD thy God for the good land which he hath given thee.

11 Beware that thou forget not the LORD thy God, in not keeping his commandments, and his judgments, and his statutes, which I command thee this day:

12 Lest when thou hast eaten and art full, and hast built goodly houses, and dwelt therein;

13 And when thy herds and thy flocks multiply, and thy silver and thy gold is multiplied, and all that thou hast is multiplied;

14 Then thine heart be lifted up, and thou forget the LORD thy God, which brought thee forth out of the land of Egypt, from the house of bondage;

15 Who led thee through that great and terrible wilderness, wherein were fiery serpents, and scorpions, and drought, where there was no water; who brought thee forth water out of the rock of flint;

16 Who fed thee in the wilderness with manna, which thy fathers knew not, that he might humble thee, and that he might prove thee, to do thee good at thy latter end;

17 And thou say in thine heart, My power and the might of mine hand hath gotten me this wealth.

18 But thou shalt remember the LORD thy God: for it is he that giveth thee power to get wealth, that he may establish his covenant which he sware unto thy fathers, as it is this day.

19 And it shall be, if thou do at all forget the LORD thy God, and walk after other gods, and serve them, and worship them, I testify against you this day that ye shall surely perish.

20 As the nations which the LORD destroyeth before your face, so shall ye perish; because ye would not be obedient unto the voice of the LORD your God.

We are in incredible times, folks! A shout out to all the folks up in Pennsylvania: King Kyle, Queen Karen, Queen Anastasia, Queen Roseanne! Y'all look so beautiful even though you have sub-zero temperatures up there in Pennsylvania.

Canada

But this is crazy, folks! Right next to Pennsylvania, bordering it, are the Great Lakes and right touching the Great Lakes is what? Canada and the dictatorship! Canada is now officially under martial law, just as we talked about many, many years ago explaining that the situation was only

going to get worse. There is temporary release with mass mandates in the UK and US- obviously for political reasons since the US midterms are coming up, etc.

But my point is: it's only a release. It's like an anaconda - we've talked about it many times over the years - anacondas and pythons, when they catch their prey they don't squeeze all at once. They squeeze and let their prey breathe; they let their prey breathe one breath, and as it breathes out it squeezes more. Are you with me, folks? And then what does the snake do? The snake does it again. It lets you breathe out and it squeezes even more. That's what's happening with the temporary mandates that have been lifted. We talked about this YEARS ago. Father, fifty plus years ago, was teaching us about the reality of political Satanism.

But the point is: We see all these things going on around the world, and we saw in Canada all the truckers going out there, but it's now become their January 6th; it's now become a showdown between freedom and tyranny. And in Canada they're already disarmed. So honestly speaking isn't it so tragic? It's so terribly sad to see!

Just look at Australia under the hands of the Nazi state-police model; European model not American model. The state-police model is very demonic very, very, satanic; it's always the model of socialism, communism, political Satanism. We saw that same police model in Australia, and we saw the Nazi-type cops going after people, saying what? *"We're just following orders; we're just following orders."* So they are following orders, and they are coercing people to wear a mask in the middle of the beach.

They're busy doing that and not catching criminals, not catching pedophiles; many of them are top leaders and in high echelon. By the way if you didn't know because you've been sleeping under a rock for the last couple of weeks, Jeffrey Epstein didn't kill himself, obviously. And remember when he "killed himself" in a federal prison all the cameras went out; isn't that interesting? All the millions of cameras they have in those federal prisons went out on the day that he apparently committed suicide. There is a list of people like Bill Gates, Prince Andrew, all these pedophiles, all these demons that were on the planes, on the Lolita Express to the pedophile island, and then all the cameras conveniently went out the same day Epstein committed suicide with bed sheets which are made to tear because the bed sheets themselves are made in federal prison so that you can't kill yourself. But he managed, and isn't it a coincidence?

Well, now, Epstein's right-hand man of France, Jean-Luke Brunel, who was one of the child traffickers with Epstein, was in the federal prison for pedophilia, and just a couple of days ago CONVENIENTLY died; he committed suicide in a federal prison! And guess what? None of the cameras were working! Isn't that funny? This isn't a game, folks! Do you realize this is a cabal of dangerous assassins, dangerous criminals, a pedophile network, the true hands and feet of Satan on earth! This is not a game; it's not a joke!

Father exposed the Beast

For fifty plus years they've been saying, *"The Moonies are crazy; the Moonies are loonies!"* The New York Times has been writing all the time that we are *"cult, cult, cult!"* Why? Because Father has been

EXPOSING the nature of the Beast, socialism, communism, political Satanism since the 1940s – that’s when he started. So they’ve had to demonize us; they’ve had to make us look like we were crazy. But Father was fighting it; pouring billions of dollars to establish a worldwide education program, because there was still an intellectual warfare at the time, trying to wake up young people so that they would not get ensnared.

Unbelievable folks! We are now of course living the fruition of the “cosmic sin” of the Han mother who betrayed Father. And the cosmic fall is having massive repercussions worldwide, just as we predicted, as Father’s heir and successor and Cain and Abel that were anointed by Father. World level communism is coming. We’ve never seen this type of world level lockdown, world level control, world level dictatorship. We’ve never witnessed anything on this gargantuan, titanic, behemoth scale, as we are now witnessing, folks!

So, Canada! It’s incredible; when we saw that, our hearts sank, our tears fell from our eyes, and we were just screaming out. But what happened? They already disarmed the Australian people twenty years ago, so when they pressed the button to roll out their totalitarian plans worldwide and they did it in Australia, they started arresting people- we saw it on Facebook posts- they started arresting pregnant women on the streets for not wearing a mask. All these draconian totalitarian actions were happening... That final line, the jackboot thugs can cross it any time and you can see it; it has been proven time and again, and now a lot of people have seen it over and over again.

Just because somebody wears a badge does not make them a saint or an angel. The state- police model is what America was based against, and that's why we had the sheriff's model which means people can fire the sheriff. But with the state -police model in all the cities what's happening? It’s the same in Canada, the same in Australia, the same in New Zealand; it's the same in Europe, same in France, same in the UK, because of the governors, the mayors, the commissioners, and the government BUREAUCRATS

But also what are they doing? They are HIRING the police chief! So now the people can be abused by that bottom arm of government, which is Law Enforcement especially under the state police model. In the more conservative areas, it's less but in the main leftist cities there is MASSIVE abuse, MASSIVE abusive of citizenship rights. We've seen that of course in New York City where they've arrested a woman with cerebral palsy, a handicap on a wheelchair trying to get in her car and from Olive Garden, an Italian chain restaurant, because she didn’t wear a mask and didn’t have a vaccine ID passport like a good little slave.

This is the REALITY that we’re living in, folks! And it’s so sad; it’s crippling to the heart. It’s so painful to see! It's like debilitating and it's demoralizing to see the people of Canada. They're good-hearted people, they're working hard, they're trucking all day long and they're patriots. They're standing for liberty, standing for freedom, and they're trying to say to these totalitarians, *“Lift all these terrible crippling effects upon our businesses and our families and high taxes and a skyrocketing gas price, and all that! Just lift it! Stop killing us!”* People are showing up protesting, and what’s happening? They're

being BEATEN! Some videos were posted online of them being beaten: an injured man being beaten with the butt of a gun and thrown to the ground. People being run over by state police horses that they were riding, like war horses. Lunatics looking like Roman soldiers with little fluorescent yellow vests, running over old ladies who are just holding a sign and saying, *"Please, please, please!"*

No "hopium"

Folks, it's PAINFUL to see that! We want it to go away. I want it to go away, you want it to go away; everyone wants it to go away, *"Please just stop!"* But of course it's not the nature of the Beast, so it will only get worse.

And this is the problem. It's so easy to want *hopium, hopium, hopium.*

"Give me hopium, give me hopium; I want the hopium! Just tell me it's going to be okay."

It's NOT going to be okay.

"Just tell me it's going to be alright!"

It's NOT going to be alright! I am not a drug dealer for *hopium!* I cannot give *hopium!*

Because our hope is in Christ; our hope is that the Kingdom of God is coming. But that doesn't mean tribulations are not going to be PAINFUL! There's going to be LOTS of pain, LOTS of pain!

And if you come here to get *hopium* and be told that it's going to go away and that we just have to pray; that it's a magical spell and that God has to listen to our spells! No! God is not beholden to us! We are the ones who let abortion kill 70 million plus in this country and Canada is the same! We are the ones that make the killing of children the biggest business on our planet! We are the ones that are so busy playing video games and living our lives, just doing whatever instead of fighting for freedom, that we let CRT and LGBT rule over and take over our school.

And as you saw the number four in Facebook who was in charge of the LGBT community outreach and advocacy was caught in a pedophile sting in Indianapolis. He was trying to rape a 13-year old boy, folks! These are the people they want in charge of your children and my grandchildren! That's the REALITY!

"Oh, there pastor, don't be down here!" I'm not being down, because my hope is in the Lord, my hope is in His Word; my hope is not in a man! If you look at men, and you see all the dictators and things that, and you have all these people that try to give *hopium*, they are CONSTANTLY wrong and they are constantly LYING! Just like Q was! They're trying to give false hope when our hope should not be in what they say. Our hope should be in the Word of God that tells us that there's going to be tribulation; there are going to be wars and rumors of wars.

Communism at your doorstep

What do you think is happening? They are trying to start thermal nuclear war with Russia! You don't think that's a problem? How do you think that's going to go away? These people are hell-bent on

getting control of Russia, on getting full control over it. China and the Russians already made contracts; as you know Xi Jinping has met Putin in the last two or three weeks, already agreeing on alliances. Which means that China has free hands if the US is tied up fighting with RUSSIA, who by the way has shot hypersonic missiles this week, threatening the entire world and telling NATO, *"You better not touch us or we're going to freaking nuke you!"* These are nuclear-capable hypersonic missiles that they just shot two days ago, folks! This is not a joke! We're living it! It's so ridiculous that we have a problem with seeing that this is what's happening! It's actual reality, folks!

So you have two choices:

We can say, *"Okay, the reality is this and I'm going to continue to go with Q. I'm going to continue to travel. I'm going to continue and somehow it's going to turn all the way around."* That's not how it happens; that's NOT how COMMUNISM works! That is a FOOLISH, FOOLISH idea coming from somebody who's never faced communism or who at least has not studied what Father was teaching us about communism! That's not how it rolls in, folks! Once the button is pushed, and the apparatus is put in place, it moves forward RUTHLESSLY! There is no limit to what they will do! You understand?

When Mao started the revolution in China, what did they do? They got hold of the apparatus. They started educating local leaders in the educational program systems so that all the citizens had to go and be educated by these people, and they had shame parties where they would shame you if you were against the revolution, and then what did they do? The whole purpose of this was to divide and conquer and educate the young people to hate their parents and make them believe that their parents were from a bygone era of medieval age of ethics and values and, *"doing the right thing! You know stupid stuff like that!"*

Instead they would teach the young people, *"You've got to have power! Have power! Do whatever you want. You have to be free from marriage, have sex with whomever and do whatever you want. You need to play and have parties in nightclubs,"* in the China apparatus state-sponsored brothels and prostitution houses just like the CIA is doing. Do you understand that, folks? Do you understand that? And they cut off the kids against their parents so that the kids wanted to KILL their parents; in many instances they were rewarded because they killed their parents since their parents were against the revolution. It's a totally domineering civilization of power. Do you understand?

This happened to Asian people fifty years ago! It's not some kind of fairy tale. This is REALITY, folks, and it's now here for the white world too. It's not just some long gone Vietnam or some China or some North Korea out there. NO! It's here on your DOORSTEP, white people! It's on your doorstep! And it's incredible; everybody wants to go to *hopium*; everyone wants to go to *hopium*! Of course it's not about being black, white or Asian; it's not about that.

But the point is: People in that part of the world, our families have been through this; we have been ravished. Our entire tribe has been eradicated, genocided. We have no more Moons in North Korea; they were ALL KILLED! Do you understand how it works? They kill you up to the fifth generation! This is not a joke; it's not some "far-away land." This craziness IS IN CANADA right now; it's your

NEIGHBOR if you're in the Northeast right now or across the North. The stuff that you would speak of in Asia is here!

Isn't it interesting that Justin Trudeau, that demonic devil, and his chief financier Chrystia Freeland, that they are on the board of what? The Davos group! And what? The World Economic Forum! She works directly for the Rothschilds and the Satanists, the White Horse Antichrist demon, and she's up there glaring and talking gleefully. This is somebody from the pit of hell, folks! And you think this is somehow going to evaporate; that this is going to go away? No, that's the sad reality; it doesn't just go away because we want it.

So, what's happening? In Canada more brazen power, more totalitarianism, more killing of the innocent will happen; more people will die. Is that in vain? Is that all for nothing? No, it's not. They gave up their freedom long ago; they didn't cling to their human rights. They let the government and the Beast system DICTATE what they would have and what they would not have. They went along with feminism, they went along with leftism; they went along with what the leftists dictated. They did that for four years, and now what happens? Even now the LEFTISTS are regretting what they have led the country into, because now you are discarded; now you have nothing and you have a TOTAL centralization of power with jackbooted thugs and Bilderberg Davos Rothschild agents sitting in the realms of power.

And of course that's why they've declared martial law. CANADA is now under martial law! You cannot leave the country, folks. It is now LOCKED DOWN! It is under martial law emergency powers. Trudeau is officially a DICTATOR. Demon Satan! I rebuke you! Go back to the pit of hell where you come from! That is the reality of what these evil wicked demons are doing! Look what they are doing: they now have complete control over that nation!

It's so sad because we saw the bravery of the truckers. We applaud them; we salute them. Oh, goodness! It's so sad; it brings tears to my eyes. I just want to cry when I think about it; it's so painful to look at this. It's TRAGIC! Because in every nation that dies there is something called the tipping point, and once that point has been crossed...!!!

See, people can't handle truth; they can't handle truth. It's just too painful. They just cannot handle the truth. Once the tipping point is passed folks, the Beast is unleashed; pain, death, suffering is what is in store. Once the tipping point is passed, it's guaranteed. It's a matter of time. That's how the political Satanic Beast moves.

Babylon is coming

And just as we said: as the weather gets a little better, spring is in the air, and people get hopeful; March is rolling in, what happens? More conflicts will arise; more demonstrations will arise. And it's not like we are against demonstrations of course.

But honestly this should have been handled at the 1/6 event with Trump, and he should have NEVER given up power! He should have used the emergency powers at the time. They should have shut down the country because they just stole it from a duly elected president by 80 million plus people in this country, and he had the right to be burning down, literally burning down cities. He had the right and legitimate power, but he was weak at that moment. I know it's hard to criticize him because he was against all these evil Beasts, this terrible monster with multiple heads and fangs that wants to kill you and destroy your grandchildren.

But that's why it was so important for Trump NOT to GIVE UP that office!

But what happens to providence when a bad decision is made from a key central figure? MASSIVE repercussion!

Do you think the people liked it when Jeremiah was saying, *"Babylon is coming!"*

There were other prophets at the time of the prophet Jeremiah who only prophesied, *"Don't worry! It's going to get better. Babylon is SCARED of Jerusalem. God has promised that our temple will never be destroyed."*

But Jeremiah said, *"No, our temple is going to be destroyed. Babylon is going to kill us all and we must LEAVE."* That's what he said.

They all said, *"You are crazy, fool! You're crazy!"* They hated him.

He was saying, *"God's temple is going to be burned down!"*

Everybody wanted *hopium*: *"God, He'd never betray a promise; our temple will be forever."* They never quoted a scripture that said that, but they wanted that.

But Jeremiah was saying, *"Hey! Babylon is going to destroy us. Even though all these other prophets are saying they're not, and they're trying to get your money and they're trying to do this and they're trying to build their churches, I'm telling you it's not going to get better."*

And they hated him; they HATED HIM! HATED!

"Why don't you give us hopium? You ecclesiastical body, you must give us hopium! If YOU don't give us hopium who will give us hopium?"

As ecclesiastical body, as ministers of the Gospel, our job is not to give *hopium*. Our job is what? Seek truth. Christ said he is *"the way the truth and the life."* He said, *"Take up your cross!"* He said, *"You will be hated, mocked and killed for my namesake."*

He didn't say, *"You're going to have an easy ride."* He never said that, folks!

Martyrdom in Canada

And for people who are new to the freedom train there's a new thing. People woke up in the last couple of years; they saw the tyranny increasing. They've always been on the fence kind of pushing us around and calling people who've been talking about this 'conspiracy theorists' and kind of cursing us et cetera, and they woke up in the last few years. Okay that's good. God bless them! Praise God! But they don't get it. They don't get how this apparatus has been built; they don't get the level of preparation. They don't get the millions of conferences and the scientists of the top-level PhDs with evil nefarious aims that have PREPARED these weapons to be unleashed.

One of the top Chinese world scientists who were exposing the Covid is now saying that China is potentially going to be releasing a hemorrhagic fever. What the heck are you going to do? What is America going to do if a hemorrhagic fever - that's like Ebola - is the next wave, and they call it a mutation of Covid-19? What are you going to DO? Do you understand, folks?

You're talking about hemorrhagic fever and new waves of new bioweapons being potentially unleashed; you're talking about nuclear war with freaking Russia! You're talking about key pedophile leaders committing suicide in their prisons with no cameras on! Do you understand folks? You know about the Durham probe which is showing conclusively that the Obama and Hillary government was spying on Trump, breaking federal law! Of course they're getting away with it!

And this is what's so painful and I don't want to give you *hopium*: because Canada has lost the ability to defend itself. All they can do is sacrifice themselves like Jesus. There's only one path now in Canada, only one. If you keep your guns there are two paths. If you have the rod of iron, there are two paths. You can go the way of resistance with actual resistance, or just showing up empty-handed while the other team has freaking AKs, ARs, and every manner of tank and MRAP.

Oh Gosh! There is only one way now for these brave patriots in Canada and that is just martyrdom, because they can't do anything else about it now. It's too late; the midnight oil is WAY too low. You can't turn around that apparatus that has now taken over the entire country of thirty-eight million people. I'm not just trying to be pessimistic. This is REALITY, folks! REALITY, REALITY, REALITY! It's not about being pessimistic; it's about being REALISTIC, scientific, mathematical, understanding history!

Now over the long run, as more people get martyred and as people get their faces kicked in by jackboot thugs and are shot in the face and killed, as children are being blown up and families will be SHOT in their home, the media will remain silent. You've seen how the media has covered all of these protests; they have basically shut it all down now. Nothing can be spread through the media. The propaganda mainstream media is pumping "*white supremacy*"; all these trucks in Canada: "*white supremacy! White supremacy! Swastika flag found in this truck, swastika flag found in that truck. Hitler! Hitler!*"

They're planting them, folks; those stupid government officials in Canada are planting them in there! Of course you're going to see the next step: they're going to plant weapons in there and say, "*Oh, these people are trying to kill different government officials. They're coming after us!*" Of course! Of course! They're going to blow up a daycare center and say, "*Oh, the truckers did it! These white supremacists, swastika flag wavers!*" Just like Trudeau said today to the Canadian MP who challenged him, "*Conservative Party members can stand with people who wave swastikas.*" That's what he said. No connection to reality!

He said that to a Jewish woman of Congress in Canada! She's Jewish and he told her that she stands with swastika holders! She's Jewish. You IMBECILE! Her ancestors were slaughtered by that Hitler!

What are you talking about? If anybody is connected to Hitler, it's your financier Christina Freeland who has direct connections to the Nazi Party- her grandfather has direct ties to Hitler. You can't make this up; it's so ridiculous, folks! It is this old generational guard of Nazis that was hidden and covered but now they're coming out. Klaus Schwab, Bill Gates, etc; these people are all NAZIS, white supremacy eugenicists!

Xi Jinping said, *"We have to have three or four children in China."* He's supporting people to have children. So the European Bilderberg group is getting angry at him, even though he's the one who propped them up. And Russia wants to have Christian values; they don't want LGBT to take over power, including education and have the number four on Facebook talk about "community building," and he's out there trying to rape a 13-year old in a HOTEL that he was LURED in and got caught in during a sting.

We're passed the tipping point

People are CRAZY! These are not normal people! You would not do this, folks, because you are normal. These people are psychopaths, demonic Satan's children! Do you understand? Of course you wouldn't do it! Of course you can't think like that because you're not of that. But they are. They get off on your suffering; they get off seeing you suffer, and they get off by getting away with illegal and bad, evil wicked licentious behavior. They feel the rush of going AGAINST God and spitting in His FACE! These are evil powers!

You see what's happened now in Canada; you've seen what has been happening in Australia. All these people, all these conservatives are saying, *"We still have good government officials in Canada. We still have good cops in Australia!"* REALLY? What happened to them when they rolled out and were beating pregnant women and arresting people on Facebook posts? Where were the good ones? You understand? They're in the apparatus; they're in the system of total domination and destruction. Okay, maybe one or two that resigned, but everybody else went along with it. And all the good ones, you KNOW have been pushed out of NYPD; you know that in the US all the good cops are leaving and all the psychopaths are coming in.

All these crazed LGBT people that are so angry that they want to kill any Christian because they feel judged by the Bible, they're now going to get military power! What do you think they're going to do? You think they're not going to push the damn button to send in drones while they play computer games and watch these drones kill and shoot up people and Christians with crosses and Bibles on their tables? You think they're not going to laugh at that, and lust and love it?

Oh! Gosh! Folks, I hate to be telling you this because our family went through this. Okay, we went through hell. They have the same operating program and the same operating system. It's here, and it's being rolled out right now. We don't have Trump in office right now. There is no riposte; there is nobody in office right now that is standing in the way. Nobody is blocking this even in America. I mean Canada is a joke, Australia is a joke; France is a joke. Do you understand? It's a joke, folks!

There is a tipping point and it has PASSED! This is what's so sad and frustrating to tell people, but of course they hate it when you say that; they hate it. They hate it because NOW every single action matters big time, now your whole life has to change; everything you do is NOW in survival mode. But it can't just be an emotional reactionary movement.

A couple of weeks ago we talked about the truck demonstration and occupation that was happening in Canada. Of course totally legitimate; we totally agree with it, totally understand it, we totally get it. But of course it was too late; they waited too long. This should have been handled decades ago; you should never have let the liberal feminazis come in and TAKE POWER! But Canada did that. Canada signed over to political correctness, to niceness, to being a nice tourist destination for homosexuals or whatever the case may be. Canada has been effectively stripped and castrated.

What do you think happened to people in those kinds of countries worldwide, folks?

What the heck do you think happened to PEOPLE in China?

What do you think happened to people in Cambodia?

What do you think happened to people in North Korea?

What do you think happened to people in Angola? In Venezuela?

WHAT DO YOU THINK HAPPENS when they have all the branches of power and they roll with it?

What do you think happens?

Just because it's happening in the First World, in this European continent; that doesn't mean ANYTHING! It's the same demonic program, folks. It's no longer the Third World. It's no longer the Congo or Uganda; it's no longer in North Korea or in poor Asian countries. It's on your doorstep!

So, don't get angry at me because we are warning you and telling you. I hate doing this; I wish I did not have to do this. It's frustrating; it's demoralizing and painful. I ask God every day to lift this burden from me, but all I can do is His Will. That's all I can seek; that's all I can pursue. NOWHERE does it say that tribulations will be easy; nowhere. The Bible shows you the real picture. It's going to be immensely tragic.

But the hope is in the Constitution; the hope is in the Kingdom. It does not mean that everybody who is alive now is going to be in it. I mean two years ago, who knew that the whole world would be shut down and millions would be dead with Chinese BIO-WEAPON funded and aided and abetted by the US CDC and FAUCHI and NIH? Oh, my Gosh! You can't even make this up; it's so ridiculous! But it's real and it's that time.

So there is a great danger now because Trump committed a dereliction of duty, and did not maintain his due and LEGITIMATE POWER as the elected president. While the cities were being burned down he didn't do his job at the final hour. He let it go to the Chicoms and the Chinese Communist operatives and usurpers. He gave the ENTIRE apparatus over. He gave them that power, and the military to weaponize the system and get ready.

Oh Gosh! I DON'T WANT to say this, folks! My life is IN DANGER, Kook-J-Hyung's life is IN DANGER; EVERYBODY's life is in danger! But it is what it is, and it's much harder, much harder, to institute that type of totalitarianism in America. Why? Because we still have the Second Amendment, and there are a lot of great PATRIOTS in this country. They may be purged from the military, from the state apparatus, but all you're doing is putting more into the civilian population of strong rugged alpha males who know and have been to battle in war who have taken down countries, who have taken down REGIMES across the world. All you're doing is purging them, and putting them aside, and they're realizing that you are their enemy even though they won't say it. Oh, they will keep their mouth shut; all they're doing is being busy making friends and having barbecues.

The anaconda will squeeze harder

So we are in a tremendous, tremendous time. Imagine during the Roman purges when Christians were being murdered and slaughtered throughout Rome, and the Greco-Roman world! And the different Christians- the Coptic Christians in Egypt or the different Christians in the desert- heard about all the Christians dying in the cities, being massacred, murdered in the stadium, fed to the lions! Imagine what they could do. The tipping point had passed. What could they do? For hundreds of years they just had to watch and hear these horror stories. All they could do was pray.

Wouldn't it have been great if Trump had stayed in office? If he'd shut down a ridiculous terrorist organization that was blowing up the cities, etc; if he'd gotten rid of the FBI and the CIA from the government; if he'd taken out China and punished the Wuhan lab! Boy that would've been great! And if he'd freed one billion folks in China and said, *"Hey, God has given you rights, GOD has given you freedom. So in your new constitution you have to have the right to bear arms, and the Rod of Iron!"* Oh my Gosh! He would have changed the entire world; it would have been a totally different landscape. And that would just have been the beginning.

The ethics of Christianity would have blossomed throughout China with the Divine Principle, and then the momentum would have shifted and Russia would have had to fall. It couldn't be trying to play these cards now; it would have had to fall. And America would be leading the way again. Boy! That would have been great! We were telling him that's what he had to do. Everybody was praying for him to do that; at least in our community we were praying DIRECTLY about that. Maybe not the half awake churches or the Body of Christ that knew something was wrong but didn't know all the details and the apparatus. But everybody in our community was praying for that.

But Trump had free will and he had to decide, and his terrible decision, TERRIBLE decision has plummeted the world into a massive crisis including on the verge of literally thermal nuclear war with Russia which we DON'T WANT to be FIGHTING! We don't want to be fighting with Russia, folks! Can anybody just give me an amen if you agree that we don't want to freaking fight with Russia in a thermal nuclear war right now? (*Amen!*) Lunatic! Crazy war mongers! CRAZY! Crazy!

So we're in deep trouble, folks! Deep trouble in the world? Yes! A lot of bad things happening? Yes! It's going to get worse? YES! Don't believe Q and all the fools that try to sell you *hopium*; don't believe

that, folks! It's not getting better. I'm not trying to be a pessimist. Any lifting of mass mandates – listen to this- is only temporary. The anaconda will squeeze harder. Why? Because they've already pulled the trigger, folks. You understand?

Look at what happened the last two years:
 They've already released the bio- weapon.
 They've already killed millions across the world.
 They've already covered it up.
 They've covered it up with China.
 They've covered it up with the mass media.
 They're covered it up with Hollywood.
 They've covered it up with Silicon Valley.

It's a million more killed by the vaccine, the death shot, the gene therapy that is now killing, and they're saying it's normal to have micro blood clots. These people are crazy! They're crazy! Do you understand, folks? They pulled the trigger. They committed TOO MANY CRIMES! They can't turn it around now. Too many human crimes have been committed! Too many international crimes have been committed! They know if it goes back to normal they're all DEAD!

What do you think cowardly demonic arrogant, DESPOTIC psychopaths do? They don't go to their own deaths happily. They try to go in the shadows; they try to do more evil. They try to dumb you down. They try to force despotism and totalitarianism even HARDER upon your throat! Oh, yes, while everybody's hoping for, *"oh, it's going to get better."*

No, no, folks! It's not reality. Just like we told you with Q! You remember that whole Q scandal? They were saying, *"Trump's going to take over in a few days; it's going to happen!"* It was a CIA operation and so many people FELL INTO IT! Why? Because they wanted to believe it. They wanted to have *hopium*; they wanted to have hope! But that's the problem: this Q was putting hope on these different people. No, you can't!

The Beast

We have to have hope in God's Kingdom. The hope that we have is what? God's Kingdom is COMING! It's coming! Satan is going to lose! God's Kingdom is coming! 100% guaranteed! But on the way to that kingdom there's going to be lots of pain. We don't know who will be alive; we don't know who's going to die. THAT's reality, folks! It's not, *"Oh, the Kingdom's coming and we're going to be PLAYING hedonism until it comes."* No, that's what has destroyed all these countries; they've just been playing.

You've been playing for forty or fifty years while these people have been building military apparatus, intelligence apparatus, and destroying your country, taking out all your leaders and killing all the opposition, and you think that because you show up at a RALLY after they've been fifty to one

hundred years in preparation, it's going to go away? It's crazy; it's totally insane! After fifty years of preparation that these military and intelligence agencies have done and all the plans and all the ruminations and all the statistics and all the mathematics and all the machinations, you don't just get to show up one day, and then it goes away and you can have your little cafe latte with a side of Biscotti. That's not how it happens, folks! When you let it go too far it becomes the Beast, which will not turn around.

It has been killing hundreds of millions of people which already happened in Germany, which happened in the Soviet Union, which happened in Cambodia, which happened in China, which happened in North Korea, which happened in Venezuela, which happened in Cuba. Come on, folks! COME ON! Get out of the DAZE! This is not a time to be dazed.

The Rod of Iron Kingdom

This is why more than EVER, the Second Amendment has to be strong in the US. This is why God has made us the Rod of Iron Kingdom. The Second Amendment community has to become stronger, more than EVER. It is now the mission of EVERY Christian in this nation to be armed, to have ARs, to have all the arms, because that is a spiritual DECLARATION of resistance and it is a spiritual display of consequence.

It's for every single one of us to get EVERYBODY activated, EVERYBODY trained, EVERYBODY exercising their God-given rights to literally being a PROTECTOR of liberty and freedom; to not go the way of Australia, not go the way of New Zealand, not go the way of France, not go the way of the UK; not go the way of CANADA!

We are the only ones that have a SHOT! Literally, that's how it is, folks.

And if you look at the Republican Party right now, how many are still, "*Oh, I don't want to mention that I have a gun!*" WHAT PLANET ARE YOU ON? We're under military attack from the Southern border. Canada our neighbors are under dictatorship. The entire world has been locked down by a bioweapon and nobody is able to go to work. And you worry about what your neighbor is going to think if you own a gun which is YOUR RIGHT??? It's like I want to take my head off; it's so crazy! It's so crazy because people want to just focus on what is in front of them, not seeing the whole picture.

We are THE ONLY CHANCE, folks; we are the only chance! And it doesn't mean going to DC all armed. No, because the Feds will do like 1/6 and they'll blow something up and say you did it. That's not the way!

The way is to become a king and a priest, have your kingdom, have your means of defense, and when the jackboot thugs come you don't let them come and go. You go resist like King Arthur; you go resist them like any of the superheroes that you grew up with: Superman or Spiderman. I don't care what it is. Right, that's what it takes. That's what the Second Amendment is about!

We've seen domino after domino fall across this world. Why? Because they don't have the Rod of Iron Kingdom! America is so far from being what it should be because the Left has taken over, but at least we have a vestige of it; at least we have the last line of defense.

--- (audio)

This is coming from a fool who just lost the war of Afghanistan which had no equipment, and no optics, no night vision, no nothing. The US in terms of the population, have night vision; we can own the night like the military. Civilian gun ownership is MASSIVE. We have optics, we have technology; we have communications. The Second Amendment community is so much STRONGER than in Afghanistan and they think they're going to roll over it! They're of course drunk with power. But in the meantime, they've learned their lesson that as crazy lunatic psychopaths they have to kill millions of people.

So more than at any time, we have to be helping people get activated, exercise their Second Amendment and understand their responsibility, understand the rules of conduct, understand the legal side of self-defense. To always be aware if your firearm is loaded; never pointing at other people. Never imagine that it has a lightsaber coming out of it and that you can touch anybody's legs with it, or you end up cutting people up. Never point it at anybody or anything that you don't want to destroy! Always check if it is loaded.

I had a very experienced gun trainer handing me a gun saying, "*Oh, it's unloaded.*" Guess what? I am trained to always check it, and guess what popped out? A bullet! He said, "*Oh my goodness!*" But if I had just trusted somebody's word on it ... which you never do in the gun world; you always have to confirm with your own eyes, or many times by touch as well.

It could be Jesus! If Jesus handed you a gun, you'd say, "*Thank You Lord,*" and you would check. This has nothing to do with Jesus. But it has everything to do with making sure that the Lord can trust you. He's just testing whether or not you would do and keep people safe. Do you understand, folks?

But more than ever; more than ever blacks, whites, Hispanics, Asians, more than ever, Americans have to come together. They will not come together around views on civil liberty, and create speech on that. There's only one thing that is able to create a real riposte that says "No!" and that is the Rod of Iron Kingdom!

So now more than ever, we have to be training. Now more than ever, you can't say, "*Oh, everything is so expensive!*" No, you can train without any ammo. You can do repetitions, you can do proper gun handling, gun safety; you can do dry-fire training which every professional shooter and every military Special Ops guy does; they do a lot of dry-firing.

And as God has put us at the helm of all that spiritually; at the helm of that, explaining that theologically, etc, we have to also be the examples. We're not perfect; we're not Special Ops guys. No! But we have a culture, we have a spirit and a place where people who already have that knowledge

are coming and, *"Oh yes, this guy may be a vet, and that guy may be a vet, and he may come from the CIA."* We know that; that's why everything we do is open. That's why we don't hide anything we do.

Because what we're pursuing is God's Kingdom where good people have the means of kingship, have the right of kingship; sovereignty, private property and the means to defend those things; respect between citizens, a love for your neighbor. Why? Not because you have to do this, but because God said, *"If you love me, you're going to love me with your whole heart, soul and mind, and you'll also love your neighbor."* And that means, just like you defend God, you also defend your neighbor if he and she needs it. And the further repercussion to that is that you're going to empower them, you're going to help train them and you're going to help ease them into that process. If they're scared you're going to help them overcome that fear, and you're going to empower them and help them become a shepherd. And God is going to use His hands and feet to give them power, because the only thing that's going to stop this worldwide craziness is God's Kingdom coming; that's it. God's Kingdom coming!

The Abel UN

That's why Father said that in the future Cheongpyeong would be the seat of the Abel UN in Korea. The Abel UN is what? It's where all the leaders of the world who are standing for liberty -like Bolsonaro, or like President Trump was- all the ones that actually want freedom for their people; those leaders of the world would come and they would talk, and none of the tyrants and dictators would be included. A place for the international cooperation of allies, helping one another and praying for one another in the spirit of love, unity, freedom and liberty AND of course understanding the Second Amendment, the right to bear arms for ALL those countries who are "free." But not really, because they don't have the means to defend their freedom of speech, their freedom of assembly, and you name it; they don't have it because they've been stripped of their Rod of Iron. The Abel UN would be that focal point where the whole world would be connected, where the whole world leaders would be brought in and supported.

And that's what is happening at Cheongpyeong, here. That's what Father is doing here. *"Oh! Why is the Second King down there now?"* Well, I move where the Spirit is going, folks, and with what Father wants me to do. And just in case things get REAL BAD, let's put it this way, you'll be thankful that you have a strong place to come to if you need. You'll be grateful that many hands have been bleeding and sweating, etc, to make this habitable if you need it.

Let's give it up for our K-team and J-team and all the folks that are here in the cold, no bathroom, no showers! *(Applause)*

Soon, spring is rolling in – we should have 66-67 degrees Fahrenheit here next week and some rain etc. Spring should be coming in June but it might be coming in March. It's unbelievable; I can't believe this is actually happening!

As the warmth is coming in now what will happen? We'll have flower gardens. Down here where your first enter, there are going to be all the different flower gardens that we're going to be creating. As you go to the top there near Swan Lake there's going to be a tree garden.

As you go further it's going to be the agricultural garden with all the fruiting trees and the two large greenhouses that we're going to create with all the different vegetables and fruits.

And above that that's where the Cheon Jeong Gung is going to be with the rock garden, the Spring of Gihon, and the giant waterfall. There are going to be a lot of fragrances: Korean lilacs will be planted there. Oriental tea olive trees will be planted there with massively fragrant peach-smelling flowers which are also edible.

Ground cover will be laid on all these places to prevent erosion and create beautiful displays, and they're not only beautiful but they are also edible. Father was always saying that in the future, the Abel world leaders would have to come and be educated in the Divine Principle and against political Satanism. World leaders would come and be strengthened, and send their young people to get trained and understand the right to the Second Amendment.

God's Kingdom & His righteousness

Now today we're going to christen the range right here after service, and we're going to have three targets set up at 20 yards. Everybody, let's give it up for our Rod of Iron range team who cleared out that whole jungle! *(Applause)* Right after service, we will walk 40 yards and shoot. It's the Kingdom, Baby! Train and shoot!

Husbands, become better protectors of your families and wives, become better protectors of your husbands and children! Working together; having beautiful, beautiful marriages! Look at all these young people investing in their marriage! Let's give it up for all the young people investing in their marriage at a young age! *(Applause)* Father said to have a beautiful absolute sex marriage and romance marriage. Beautiful! Making babies everywhere! Hallelujah!

When they're young they're investing their youth, not in fake degrees and signing up to the evil of the Bilderberg group and the Davos group; pretending that you're a big shot because you sat in a room with George Soros and Bill Gates! You're a loser, you're a monster; you're a demon! You're going to HELL if you follow those people!

No! They are investing in their marriages, they're investing in their faith; they're investing in their children giving their youth when they're young and strong to their children so when the children are 10 years old the mom's 30 and then she's 40 when the child is 20. They can do all their training together, and they can have an incredible Kingdom lifestyle. And have grandbabies by the time you're 40, having grandchildren when you're 40. You're still strong; you can still see them grow. You can still scare them! *(Laughing)*

The point is: it's so important, it's so critical for the Rod of Iron Kingdom to empower the Christian community, to empower the patriots, to empower people with an Abel-type heart; God is opening their hearts talking to them directly.

You can be in China, you can be in Europe, you can be in the middle of Siberia and

- *the Holy Spirit can talk to you and touch you DIRECTLY,
- *the Holy Spirit can guide you and tell you to resist this evil and resist this tyranny, and stand for God and His Kingdom,
- *the Holy Spirit can come in and turn your whole heart ALIVE again;
- *the Holy Spirit has that power BEYOND human ability,
- *the Holy Spirit has the power to touch you!

And if you are listening to this broadcast and this transmission, if you're listening to these words and something is touching you and you know that your purpose is not an aimless existence on a floating rocket out of space meaning nothing, but that you are born with a purpose, you are born with a mission, you are born with the calling for which God has you alive at this time, for the exact purpose that God has blessed you with.

And it's not an easy one! I'm not telling you it's easy. It's going to require lots of suffering, a lot of tribulation. A lot of people are going to come against you; you'll lose a lot of friends. People are going to hate you and call you cult and all that stuff. But in the end you transcend that; you go further. You rise up against them with the heroic quest and the heart of God within you, because you're not seeking your own glory, you're seeking HIS glory and *"HIS Kingdom and HIS righteousness and all these shall be added unto you,"* as the Scripture said.

Now people have got to understand the importance of the Rod of Iron Kingdom; they've got to understand how important sovereignty and private property are. And how important it is to all our Rod of Iron kings to have a king's mindset and to have a priest's mindset in order to rule your kingdom with justice and mercy as God does, and to lead your family and your queen and your children towards the Kingdom culture. That doesn't mean all of us are perfect. No! But that we are building and always working towards resembling God. Why? Because the Laws that God has given us are coming out of His nature, and as we reflect on those laws and His moral laws and reflect on His nature, then we also become like Him.

Let's hold on to that and reflect on Deuteronomy chapter 8! These are all Commandments here; they're talking about the Commandments that God is given them in the Promised Land. He gave them a warning, *"Look, I gave you the Promised Land with the fig trees, but in the land of milk and honey you must not forget me."* That's what He says. Read through it and you will see. He says that.

That's the same thing we are seeing in God's Kingdom; as the Kingdom comes we have to always be vigilant. Because that's fun and that's exciting and it's good to be a warrior soldier for God and have a purpose and a mission for your Father in Heaven. It's important and it's powerful to have and be connected to Christ and True Parents and brothers and sisters who are blessed under True Father's authority and have kingship tribes, and all those things. It's exciting, it's powerful and it's part of our history. It's part of our passion; it's part of our love for humanity and for our progeny, for our next generations.

So, everybody who's out there in Canada in the bitter cold, we pray for them. It's a terrible situation but let it be heard! Let's not what is happening in Canada be done here in America. The truckers are now organizing a big convoy in March 1st, and be sure, folks. They're going to be a lot of supply chain shortages with all this. So please prepare before that happens. There's going to be lots of gas price hikes and all that kind of stuff. We already warned you much months and months in advance so most of you are prepared. God bless you; praise God for that!

The point is: if you hear this for the first time, look as those supply chains are becoming worse. Prices went up; normal food supplies and other supplies are going to be harder to get. The more and more truckers are not out there, you understand what happens in reality, right folks? That's going to hit us harder.

So thank God that God has given us time many years in advance and given us the Word many years in advance, so we could prepare. But again, the reason why God helped us do that, is that we can be a blessing for people who didn't prepare, who didn't see this coming down the line. Amen!

So as we are in that position,

Let us do God's Will!

Let's do His Will!

Let's empower the people!

Let us help the normal beta Christian who down here still loves Jesus, and still does not want to see America die!

Let's help that beta Christian to become the alpha Christian that God the Father and Jesus Christ and True Parents want him to be, folks!

Let's help him get back to the ALPHA who is FATHER GOD, and STAND against the demonic force, STAND and put on the armor of God, and STAND as a warrior soldier in the army of God as Paul talked about! '

Let him stand and recognize himself in the Spirit of God, in the image of God, and know that God is moving him through the passage of time, through the celestial Gospels, so that he can do God's will, become Blessed, become a king and a priest, become a Blessed central family that not only protects himself and his family, but also civilization; as the hero, as the protector and as the one who is not doing it for his glory but always for the glory of God's Kingdom and of God the Father in Heaven! God is good, folks! God is good.

Let's pray!

Pastor Sean's Prayer

Dear Lord, dear Jesus, dear True Parents, dear God!

We thank You so much, Father, for the incredible time that we're living in. It's so painful; it's so tragic to see nation after nation fall into tyranny. Australia dying to tyranny, New Zealand falling to tyranny, France falling to tyranny; millions of people trying to protest with no avail! As the jackboot thugs and

the totalitarian Beast system only get stronger, only ramp-up more and more violence, and only ramp up more and more force, we are in for a mighty ride, dear God!

We know that You have prepared us for this time. We know that it's not going to be easy and that many people will be sacrificed across the world. We know that there are many people who are unprepared and are waking up now, but it may be too late in terms of what they desire to see.

But dear God, we don't keep our hope on the promises of these or those people. We keep our hope on the Word which COMMANDS us to *"Seek ye FIRST the kingdom of God, and his righteousness; and all these things shall be added unto you."*(Matthew 6: 33)

Dear God, we deeply take that to heart. We don't want to be the false *hopium* preachers, the false *hopium* evangelists, the false *hopium* drug dealers. No! We want to be people who are telling the truth like Jeremiah; we want to be people that try to live like Jesus Christ or that teach the truth like True Father. We want to be the people who are in Your image; who recognize that by the very position that we stand in, we WILL be hated, we WILL be mocked, we WILL be just scoffed at and in many instances we will be killed. But that our eternal place and our eternal rest are in You and in the Kingdom that You have promised.

Dear God, we know that You have already won the victory and that the Kingdom IS COMING. That is a great hope; that is a great joy. We wake up every single day excited, because every day the Kingdom is coming. Hallelujah! Praise God! We are EXCITED, but at the same time we know that there will be tribulation all the way.

But in the end we know that tribulation will be necessarily; that it will be worth it, and that it will have a purpose, because once and for all, all the vestiges of evil political Satanism, socialism, communism, and centralized powers must be eradicated. It must become so bad that every person on this planet recognizes the actual problem, the actual Lucifer, the actual danger, the actual Beast. And that every person cannot deny that they need You and every single person cannot deny that the things that they have trusted, the institutions that they have trusted, the governments that they have trusted are ALL LIARS! It is going to be required.

So, we pray for those in Canada who are now giving their lives. That's all they can do right now. We pray for them, as the government there is dramatically coming down on the truckers, not allowing them to buy food, not allowing them to buy water, not allowing them to buy gasoline to warm up, and letting them freeze at night in this cold. And it's only going to get worse. Father, we know that.

So let us do our part. What can we do? We know we can't control the world; we can't control the entire cosmos. But we know that You are making us Your hands and feet at this time. We know that our job is here.

We have to animate people,

We have to help people get power,

We have to help people become kings and priests,

We have to help people come into the Kingdom.

We have to help people understand the power and sovereignty of the kings and priests of the Rod of Iron Kingdom.

That THEY are responsible and are part of that and that together with You, we can overcome and destroy all those things because we are seeking God's Kingdom and not our own glory!

Let us be cognizant of that, dear God! Let us be Your hands and feet, and let us do Your Will for Your glory! We thank You, dear God. We want to pray for all the patriots and we want to pray for President Trump. Can You still use him? Yes!

We pray that all the machinations and all the evil wicked plans that the enemy and the 666-Beast and all the intelligence agencies and all the disruptive wicked people and pedophile groups that are taking a stronghold on our government, that all their plans may be destroyed, all their plans may come to fall, and there may be chaos and confusion in their camp, and that all the arrows that they have pointed at the patriots may be turned against them. But not in a *hopium* way! We know that You will lead us to that place; You will animate us and use us as Your hands and feet to affect that.

So, let's be brave this time!

Let's be honorable at this time!

Let us be just at this time!

Let us have love and romance with our spouse and build stronger marriages at this time!

Let us build stronger relationship with our children with one-on-one dates and invest in our children time, time, and time!

Let us do those things that will make us stronger together, because You said You want the entire families of Your children to come to the Kingdom, and not just individuals. You want Your family and grandchildren to come too.

So we will try to be the best stewards, we will try to be the best parents and have the best parenting, We will go the extra mile so we can raise them up to be empowered and also understand the signs of the time and also be wise as You have commanded.

Dear God, please bless all the people that are here, that are sacrificing to live in this place with no infrastructure in this winter time and all of the cold hands and the cold feet and all the cold nights and mornings and all those things. We pray that all these may be offered up to you, and we pray that these small sacrifices will be used for Your Kingdom to come.

Dear God, please be with all the patriots in the US and across the world, like Bolsonaro and all the leaders that are actually standing up to protect their people. Please be with them at this time. Please, Let us NOT go into thermal nuclear war as the evil wicked Satanists across the world are trying to put us into. No!

Let us resist that!

Let us stay out of that, and

Let us bring JUSTICE to this land by seeking Your Kingdom and Your righteousness first!
Let us build a relationship to You at this critical time,
Let us strengthen our networks at this time,
Let us build our community stronger at this time.
Let us pray together, play together,
Let us barbecue together,
Let us fellowship together, and
Let us be stronger in the Lord!

So when the enemy comes he sees a strong community, he sees a strong civilization, he sees strong Christians and a strong Body of Christ that is not threatenable by the wolves, and that is PREPARED to defend the precious Garden of Eden that You have sent.

We want to give You the praise, glory and honor this day as You have led us to this quagmire of danger and You've led us this far. We know that You are "*the lamp unto our feet, and the light unto our path,*" and we stand with You. We salute You and we GRAB on to Your heavenly garment as You lead us forward; into the storm, yes, but towards Your Kingdom everlasting.

We thank You again and pray with all the kingship lines that are gathered here today with your Three Generation Kingships, and we pray in Your precious name. Amen! Amen! And Aju!

God bless you all! Hug your neighbor! Let's give Him some praise!
